PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
MAY 15, 2007
GENERAL INFORMATION

This proxy statement is being furnished to the stockholders of Atrion Corporation (the Company) in connection with the solicitation of proxies by the Board of Directors of the Company to be voted at the annual meeting of stockholders to be held at the Company's offices, One Allentown Parkway, Allen, Texas on May 15, 2007 at 10:00 a.m., Central Time, and at any adjournment of such meeting. This Proxy Statement and the accompanying proxy card are being first sent or given to stockholders on or about April 9, 2007. The Company's 2006 Annual Report is being mailed to stockholders with this Proxy Statement.

Purpose of the Meeting

At the annual meeting, the Company's stockholders will consider and vote upon the following matters: (i) the election of two Class III directors and (ii) a proposal to ratify the appointment of Grant Thornton LLP as independent accountants to audit the Company's financial statements for the year 2007.

Voting Securities and Record Date

Stockholders of record at the close of business on April 2, 2007 (the Record Date) will be entitled to notice of, and to vote at, the annual meeting and at any adjournment thereof. At the close of business on the Record Date, the Company had outstanding and entitled to vote 1,883,107 shares of common stock, the only voting securities of the Company. Holders of record of shares of common stock outstanding on the Record Date will be entitled to one vote for each share held of record on that date upon each matter presented to the stockholders to be voted upon at the meeting.

If the enclosed proxy card is properly executed and received in time for the annual meeting, unless previously revoked, shares of common stock represented thereby will be voted at the annual meeting as specified by the stockholder on the proxy. If no such specification is made, shares represented by such proxy will be voted FOR the election as directors of the nominees of the Board of Directors named herein and FOR ratification of the appointment of Grant Thornton LLP as independent accountants to audit the Company's financial statements for the year 2007. In addition, in their discretion the persons designated in the proxy card will vote upon such other business as may properly come before the meeting, including voting for any adjournment of the meeting proposed by the Board of Directors. A proxy may be revoked at any time before it is voted at the meeting by delivering to the Company a later-dated proxy, by voting by ballot at the meeting or by filing with the Inspectors of Election an instrument of revocation.

Required Vote

The presence, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the Record Date is necessary to constitute a quorum at the annual meeting. Abstentions and broker non-votes will be counted as present and represented at the annual meeting for purposes of determining a quorum. Directors will be elected at the annual meeting by a plurality of the votes cast by the stockholders present in person or by proxy and entitled to vote. Ratification of the appointment of Grant Thornton LLP requires the affirmative vote of a majority of the shares present, in person or by proxy, at the meeting. Abstentions and broker non-votes will have no effect on the outcome of the election of directors and will have the same effect as a negative vote on the proposal to ratify the appointment of Grant Thornton LLP.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR ELECTION OF ITS NOMINEES, ROGER F. STEBBING AND JOHN P. STUPP, JR.

Information Regarding Board of Directors and Committees

Director Independence. The Company's Board of Directors has determined that the following directors are independent within the meaning of The Nasdaq Stock Market (Nasdaq) listing standards: Hugh J. Morgan, Jr., Ronald N. Spaulding, Roger F. Stebbing and John P. Stupp, Jr., and that Emile A. Battat is not independent. The Company's Board of Directors had previously determined that Richard O. Jacobson, whose term as a director expired at the Company's 2006 annual meeting of stockholders, was independent within the meaning of Nasdaq listing standards.

Meetings. The Board of Directors held four meetings during 2006. Each director attended at least 75% of the aggregate of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings of all committees on which he served held in 2006 during the time he served as a director or as a member of such committees.

Nominating Process. Because of the small number of directors, the Board of Directors has determined, and has adopted a resolution providing, that nominees for election to the Board of Directors will be selected by a majority vote

of the directors meeting the Nasdaq independence requirements (Messrs. Morgan, Spaulding, Stebbing and Stupp). Accordingly, the Board of Directors does not have a separate nominating committee or a nominating committee charter. In accordance with resolutions adopted by the Board of Directors, in selecting nominees for election as directors, the Board of Directors, with the assistance of the Corporate Governance Committee, will review and evaluate candidates submitted by directors and management and by the Company's stockholders pursuant to the procedures set forth in the Company's Bylaws and described in STOCKHOLDER PROPOSALS Stockholder Nominations for Directors below. The Board of Directors, in considering possible nominees, will take into account the following: (a) each director should be an individual of the highest character and integrity; (b) each director should have substantial experience that is relevant to the Company; (c) each director should have sufficient time available to devote to the affairs of the Company; and (d) each director should represent the best interest of all stockholders. All

Table of Contents

possible nominees are to be reviewed in the same manner, regardless of whether they have been submitted by stockholders, directors or management.

Committees. The Board of Directors has three standing committees: the Corporate Governance Committee, the Compensation Committee and the Audit Committee. The Corporate Governance Committee, which is currently comprised of Hugh J. Morgan, Jr. and Roger F. Stebbing, is to assist in the evaluation of possible nominees for election to the Board of Directors as requested by the Board of Directors, review annually and advise the Board of Directors with respect to the compensation of directors and recommend to the Board of Directors (a) the number of directors to be fixed in connection with each annual meeting of stockholders, (b) the directors to be appointed to each of the committees of the Board, (c) corporate governance guidelines and (d) proposed changes to the charter of the Corporate Governance Committee. In making recommendations to the Board of Directors as to director compensation, the Corporate Governance Committee considers the directors' responsibilities and time devoted by them in fulfilling their duties as directors, the skills required and market data on director compensation and takes into account recommendations made by Mr. Battat. The Corporate Governance Committee met one time in 2006. The Compensation Committee, which is currently comprised of Hugh J. Morgan, Jr., Ronald N. Spaulding and John P. Stupp, Jr., makes recommendations to the Board of Directors as to the remuneration of all executive officers of the Company, administers the Atrion Corporation 1997 Stock Incentive Plan (the "1997 Stock Incentive Plan") and the Atrion Corporation 2006 Equity Incentive Plan (the "2006 Equity Incentive Plan") and reviews and makes recommendations regarding the Company's other incentive compensation plans. The primary processes and procedures for the consideration and determination of executive compensation, the role of executive officers in determining or recommending the amount and form of executive officer compensation, the extent of delegation of authority and the role of compensation consultants in determining or recommending executive officer compensation are set forth in the section of this proxy statement entitled "Compensation Discussion and Analysis." The Board of Directors has adopted a written charter for the Compensation Committee, a copy of which is available on the Company's website at www.atrioncorp.com. The Compensation Committee met two times in 2006. The Audit Committee, the current members of which are Hugh J. Morgan, Jr., Roger F. Stebbing and John P. Stupp, Jr., appoints, determines the appropriate compensation for and oversees the work of the Company's independent auditors, and assists the Board of Directors in its oversight of the Company's accounting and financial reporting principles and policies and internal audit controls and procedures and oversees related party transactions. The Board of Directors has adopted a written charter for the Audit Committee, a copy of which is available on the Company's website at www.atrioncorp.com. The Audit Committee reviews, at least annually, the Audit Committee Charter and is to recommend any changes to the Audit Committee Charter to the Board of Directors. The Board of Directors has determined that each member of the Audit Committee is independent within the meaning of the Nasdaq listing standards and is financially literate, and that Mr. Stupp qualifies as an audit committee financial expert. The Audit Committee met seven times in 2006.

Board Compensation. Each outside director is paid a fee of \$24,000 per year. In addition, the Chairmen of the Corporate Governance Committee and the Compensation Committee are each paid a fee of \$6,000 per year, and the Chairman of the Audit Committee is paid a fee of \$12,000 per year. The Company reimburses each director for travel and out-of-pocket expenses incurred in connection with attending meetings of the Board of Directors.

Stockholder Communications to the Board of Directors. Any stockholder wishing to communicate with the Board of Directors about any matter should send the communication, in written form, to Emile A. Battat, Chairman and President, at the Company's principal office in Allen, Texas. Mr. Battat will promptly send the communication to the other members of the Board of Directors.

Attendance at Stockholder Meetings. The Board of Directors has adopted a policy encouraging each director to attend, if practicable, annual meetings of stockholders of the Company. The 2006 annual meeting was attended by five directors of the Company.

Code of Ethics. The Board of Directors has adopted a Code of Ethics that applies to the Company's employees, including the Company's executive officers.

The Chairman has the authority to review and approve permissible services up to \$10,000 per service, provided that the aggregate amount of such services does not exceed \$25,000 in any calendar year. The Audit Committee Chairman must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting. During the year ended December 31, 2006, no services were provided by Grant Thornton LLP other than in accordance with the pre-approval policies and procedures then in place.

EXECUTIVE COMPENSATION**Compensation Discussion and Analysis**

Our compensation program is intended to attract, retain and motivate executive officers and other key personnel in order to further our interests and enhance stockholder value. The program is designed to reward high level corporate performance as reflected by increases in our operating income and earnings per share. Elements of the program are also intended to reward key personnel based on the performance of our operating units and to reward for individual performance.

The principal elements of our compensation program are: (i) base salary; (ii) cash bonuses; and (iii) long term incentives in the form of equity awards. Additional elements are retirement benefits under our Cash Balance Plan and our Section 401(k) plan, or our retirement benefits, and our health insurance plan and other perquisites. We utilize these elements because they are necessary or helpful in achieving the objectives of our compensation program. For example, base salaries are designed to attract and retain executive officers and key personnel and are intended to be at a competitive level. Cash bonuses and equity awards are intended to reward executive officers and key personnel and provide incentives for superior results by us or one of our operating units and for individual performance. Equity awards also are intended to align the interests of our executive officers and key personnel with the interests of our

stockholders. Our retirement benefits are intended to retain employees, and the combination of all of these elements is designed to compensate employees fairly for the services they provide on a regular basis.

Our Compensation Committee establishes the overall compensation program for our executive officers and makes recommendations for their base salaries, salary increases, and bonuses. In addition, the Compensation Committee administers our equity incentive program. From time to time directors who are not members of the Compensation Committee attend meetings of the Compensation Committee, and Mr. Battat attends some meetings or parts of meetings. The Compensation Committee does not delegate the authority to make equity awards. Our executive officers are responsible for the salaries, salary increases, and bonuses of key personnel in our operating units, and they administer separate incentive plans for those units. In considering the base salary for Mr. Strickland, the Compensation Committee takes into account the recommendation of Mr. Battat. Mr. Battat also assisted in the

Table of Contents

development of an annual bonus plan for Mr. Strickland that was effective during 2006 and is assisting the Committee in developing a new bonus plan for Mr. Strickland, modeled after the bonus plan applicable to Mr. Battat, to be effective for 2007 and subsequent years. Mr. Battat is the only executive officer or key employee with an employment agreement, which is described below. Prior to January 1, 2007, the effective date of Mr. Battat's amended employment agreement, our Compensation Committee would make a recommendation to our Board of Directors as to whether Mr. Battat's annual bonus should be equal to or exceed the minimum amount set forth in his employment agreement and, if in excess of the minimum amount, how much that excess should be. In those instances when the Compensation Committee recommended that the bonus exceed the minimum amount set forth in the employment agreement, Mr. Battat requested that he be paid only the minimum amount.

In structuring the compensation program, we start with the base salary and build on that element. We believe that base salary is the most crucial element of the program in terms of attracting and retaining key employees. Our retirement benefits, along with certain benefits such as health insurance, are adjuncts to base salary and necessary components of the program insofar as attracting and retaining employees. We consider long term incentives in the form of equity awards as very important in aligning the interests of our executive officers and key personnel with the interests of our stockholders. We do not have a specific policy of awarding options as opposed to restricted stock and from time to time our equity awards are in the form of restricted stock. However, most of our equity awards have been in the form of stock options because we believe that options provide a greater incentive to employees in that they have to be in the money for the employees to realize any benefit from the award.

We endeavor to structure our compensation program so that our currently-paid-out compensation is adequate to attract and retain key personnel and we have sufficient long-term compensation that motivates our executive officers and other key personnel to focus on our performance over the longer term.

We review the costs and benefits to us from the various forms of long-term compensation, recognizing that stock options will have little or no value if we do not have increased profitability and that restricted stock may continue to have value, though possibly reduced, if our profitability declines.

In the past, we have made equity awards from time to time at scheduled meetings of our Compensation Committee. However, in the latter part of 2006 we adopted a policy providing that, if we are going to make equity awards other than in connection with new hires or unusual circumstances, those awards will be made at the meeting of our Compensation Committee held in conjunction with our annual stockholders meetings, which generally occur in May each year.

Our Compensation Committee considers the following corporate factors in establishing compensation policies and making compensation decisions:

- increase in earnings per share

- increase in operating income

- total stockholder return

- safety

- efficiency of operations

Prior to 2007, we had an incentive compensation plan for our chief financial officer, Mr. Strickland, that provided for an annual cash bonus if an earnings per share target was achieved or exceeded each year. Over the past several years, performance goals in Mr. Strickland's plan were achieved, so there has not been an occasion to exercise discretion to award compensation or to reduce an award when a performance goal was not achieved. Our employment agreement with Mr. Battat, as amended effective January 1, 2007, provides for cash incentive compensation based on increases in our operating income. Our Compensation Committee has the authority to exercise discretion to adjust any increase in operating income to disregard one-time, nonrecurring extraordinary items and is to make such equitable adjustments as are required to give effect to acquisitions, divestitures or similar corporate transactions. The Compensation Committee also may recommend an increase in the size of an award or payment under both Mr. Battat's

employment agreement, as amended, and could have taken similar action under Mr. Strickland's incentive compensation plan that was in effect until 2007 or to award compensation if the performance goals are not attained. We believe that this discretionary authority may be useful in that there may be circumstances that would support

Table of Contents

awards being made in the absence of attainment of the performance goals.

The base salaries of our executive officers can be adjusted upwards and downwards, except in the case of Mr. Battat, and discretionary bonuses can be awarded based on the individual performance of the executives. Additionally, we can make equity awards to reward individual performance. We have not had to adjust or restate performance measures upon which awards have been made and, accordingly, have not made any decisions nor adopted any policy with respect to adjusting or reducing awards as a result of any such adjustment or restatement. However, we would expect to reduce or adjust awards if such events were to occur.

We believe that our compensation programs are designed to retain and motivate our executive officers and key personnel to provide superior performance. We recognize, however, that there may be circumstances where their individual performance or our corporate performance is so exceptional that a material increase in compensation would be appropriate. Likewise, we recognize that there could be a material downturn in our corporate performance, in which event we would consider reducing and, if appropriate, materially reduce compensation levels where permitted. In addition, we recognize that it may be necessary to materially increase compensation to retain personnel who may have attractive offers from other companies. However, this has not been a practice that we have engaged in regularly, though we have taken this action on occasions in the past.

In making equity awards or considering adjustments to base salaries or cash incentives, our Compensation Committee takes into account the other elements of the compensation packages of our executive officers, including the number of unexercised options held and restricted shares held, as well as the potential benefits they may realize upon the sale of the stock underlying these awards.

We have structured our arrangements with our executives so that a change in control alone does not trigger any payments under Mr. Battat's employment agreement or Mr. Strickland's severance plan and, with respect to their equity awards, results only in acceleration of vesting.

We have reviewed the impact of the recent changes in the accounting treatment for options and have reduced somewhat the use of options in our compensation program. Although we expect to continue to grant options where appropriate to provide longer term incentives to our executive officers and other key personnel, we are continually weighing the benefit we expect to receive from that element of our compensation program against the impact that type of award will have on our corporate earnings under the recent accounting change.

We have not adopted any guidelines and have no specific requirements respecting the ownership of our securities by our executive officers and other key personnel. However, through our equity awards to our executive officers and other key personnel we encourage ownership of our securities. We also have a policy that discourages hedging the risk of ownership of our securities.

During 2006, we reviewed the compensation packages of our executive officers, taking into account their individual roles and how their particular services compared with services provided by other executive officers in other companies. Our outside compensation consultant, Mercer Human Resource Consulting, reviewed the compensation of chief executive officers and chief financial officers in companies with annual revenues of less than \$250 million and annual median revenues ranging from \$75 million to \$125 million. This survey provided us with information regarding base salary, target bonus, target total annual compensation, long term incentives, and total direct compensation. This information was used by our Compensation Committee in formulating its recommendations to our Board of Directors regarding the compensation structure and levels of our executive officers. In addition, the Compensation Committee reviews compensation surveys that include a broad range of companies.

December 31, 2006 as determined pursuant to FAS 123(R). The assumptions used to calculate the value of these stock and option awards are set forth under Note 8 of the Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006 filed with the Commission on March 9, 2007.

- (2) The amount shown does not reflect compensation actually received by Mr. Strickland. Instead, the amount shown is the compensation cost recognized by the Company for the year ended December 31, 2006 as determined pursuant to FAS 123(R). This compensation cost reflects option awards

granted prior to 2006. The Company estimated the fair value of the option awards using the Black-Scholes option-pricing formula and a single option award approach. To arrive at the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year ended December 31, 2006, the Company used the following assumptions, which were determined at the time of the grant in 2002: risk-free interest rate (4.08%), dividend yield (0%), volatility factor (43.8%) and expected life (4 years).

Jeffery Strickland	N/A	\$0	\$48,750	\$119,925							

- (1) Because the Strickland Incentive Plan did not provide for a threshold amount if performance

targets were not met, the amount shown in column (c) is \$0. The target amount shown in column (d) represents 25% of Mr. Strickland's base salary for 2006. The maximum amount shown in column (e) represents 61.5% of Mr. Strickland's base salary for 2006, the highest percentage of base salary historically awarded pursuant to the Strickland Incentive Plan. See Certain Agreements, Plans and Transactions below.

- (2) The values of the stock award and the option award, each of which was granted under the 2006 Equity Incentive Plan, are based on the fair value as of the grant date of the award determined pursuant to FAS 123(R). The exercise price for the option

awarded to Mr. Battat is 100% of the fair market value of the shares on the grant date. The option exercise price has not been deducted from the amount indicated above. Regardless of the value placed on a stock option on the grant date, the actual value of the option will depend on the market value of the Company's common stock on such date in the future when the option is exercised. The proceeds to be paid to Mr. Battat following such exercise will not include the option exercise price.

Base Salary

Mr. Battat's base salary is fixed by his employment agreement. Mr. Strickland's base salary is reviewed annually, and adjustments are generally made on the basis of the Company's performance as measured by certain financial and non-financial criteria, various survey information respecting compensation of executive officers, compensation levels for executive officers in a broad range of companies, cost-of-living information and Mr. Strickland's individual performance. The Compensation Committee has not assigned relative weights or values to any of such criteria. With respect to the financial performance of the Company, the Compensation Committee generally takes into consideration the Company's operating income, earnings per share and total stockholder return.

Incentive Compensation

Subject to the terms of any employment agreement or incentive compensation plan, executive officers of the Company are eligible for discretionary bonuses as determined by the Compensation Committee. At the recommendation of the Compensation Committee, the Company and its subsidiaries have implemented cash

Table of Contents

incentive plans covering certain key employees. These plans are intended to foster a corporate culture focused on bottom line results by providing key employees with a substantial stake in reducing costs and increasing sales and productivity while conserving capital resources.

Certain Agreements, Plans and Transactions

In 2002, the Company entered into an employment agreement with Mr. Battat which, as amended that same year, provided for his employment for an initial term that expired on December 31, 2006 (as amended, the Original Agreement). The Original Agreement provided for base salary for each calendar year of \$500,000. In addition, Mr. Battat was entitled to receive a cash bonus each year of not less than \$100,000. If Mr. Battat's employment was terminated during the term by the Company for other than just cause or by Mr. Battat for good reason (as those terms were defined in the Original Agreement) or upon Mr. Battat's death or disability, Mr. Battat was to receive (1) a cash payment equal to the sum of (i) all cash compensation accrued but not paid and (ii) the base salary and the annual bonus for the remainder of the term, (2) immediate vesting of all stock options or equity granted to him, and (3) continued participation in the Company's health benefit plans for the remainder of the term. In addition, the Company was to reimburse Mr. Battat for excise taxes imposed on him in the event payments or benefits received by him result in parachute payments under the Internal Revenue Code and for income taxes on such reimbursement.

On August 7, 2006, the Board of Directors approved an Amended and Restated Employment Agreement with Mr. Battat (the Amended Agreement) which became effective on January 1, 2007. The Amended Agreement provides for an initial term that expires on December 31, 2012. The Amended Agreement provides for the same base salary for each calendar year as provided for in the Original Agreement. The material changes made in the Amended Agreement are as follows:

The Amended Agreement provides for a cash bonus each year equal to a percentage of the increase in operating income for such calendar year over operating income for the prior calendar year, subject to equitable adjustments in the discretion of the Compensation Committee. The Original Agreement provided for a cash bonus of not less than \$100,000 per year. If the Amended Agreement is terminated by the Company without just cause or by Mr. Battat with good reason (as those terms are defined in the Amended Agreement), Mr. Battat will be entitled to receive one year's base salary plus the average annual bonus received by Mr. Battat with respect to the three years prior to the year in which the termination occurs (the Severance Payment). In addition, all stock options or other equity granted to Mr. Battat will fully vest and become exercisable on the termination date, and the Company will continue to provide Mr. Battat and his spouse and dependents with group health plan benefits for one year. If a termination without just cause or for good reason occurs in contemplation of or within two years following a change in control (as that term is defined in the Amended Agreement), Mr. Battat will be entitled to receive a cash lump sum amount equal to two times the Severance Payment, and will be entitled to accelerated vesting of equity awards and health benefits as described above.

If on December 31, 2006 the Company had terminated the Amended Agreement without just cause, or if the Amended Agreement had been terminated by Mr. Battat with good reason, Mr. Battat would have received \$600,000. If on December 31, 2006 the Company had terminated the Amended Agreement without just cause, or if the Amended Agreement had been terminated by Mr. Battat with good reason, in contemplation of or within two years following a change in control, Mr. Battat would have received a cash lump sum amount of \$1,200,000. As of December 31, 2006, the fair value of all unvested equity awards held by Mr. Battat that would have vested in any such event was \$730,050, after subtracting the exercise price for stock options held by Mr. Battat.

The Strickland Incentive Plan that was in effect through 2006 provided that, during the first quarter of each calendar year, the Compensation Committee would set a target for earnings per basic share (EPS) for the Company. If the target EPS were achieved, Mr. Strickland would have been entitled to receive incentive compensation equal to 25% of his base salary for that year. If the target were exceeded, then for each 1% in excess in actual EPS over the target EPS, Mr. Strickland would have been entitled to an additional bonus equal to 0.75% of his base salary. Mr. Strickland was awarded a bonus of \$59,603 for 2006 pursuant to the Strickland Incentive Plan. The Compensation Committee, with the assistance of Mr. Battat, is developing a new bonus plan for Mr. Strickland, modeled after Mr. Battat's plan, that will be effective for 2007 and subsequent years.

Table of Contents

The Company has a severance plan (the Strickland Severance Plan) pursuant to which Mr. Strickland will be entitled to severance compensation if (i) there is a change in control of the Company and Mr. Strickland's employment is terminated by the Company without cause or by Mr. Strickland with good reason (as those terms are defined in the Strickland Severance Plan) prior to the occurrence of one of the following: (a) Mr. Strickland's death; (b) Mr. Strickland's attainment of age 65; or (c) the expiration of two years following the change in control, or if (ii) the Company is dissolved. The severance pay is to be equal to Mr. Strickland's annual base salary for the 12 months preceding the termination of employment or dissolution of the Company. If Mr. Strickland had been entitled to severance compensation as of December 31, 2006, he would have received a payment of \$195,000.

Equity-Based Awards

Stock Options. The Compensation Committee may grant stock options to eligible persons under the 2006 Equity Incentive Plan. Each option granted pursuant to the 2006 Equity Incentive Plan is designated at the time of grant as either an option intended to qualify as an incentive stock option under Section 422 of the Code or as an option that is not intended to so qualify, referred to as a nonqualified stock option. Nonqualified stock options may be granted to all eligible persons, but incentive stock options may be granted only to employees of the Company and its subsidiaries. The Compensation Committee may set the exercise price of stock options, provided that the exercise price per share is not less than the par value of a share of common stock and is not less than the fair market value of the underlying common stock on the date of grant. Stock options will vest and become exercisable in such a manner and on such date or dates as are determined by the Compensation Committee. Any incentive stock options granted pursuant to the 2006 Equity Incentive Plan will expire after a period not exceeding ten years from the date of grant, as determined by the Compensation Committee, subject to earlier termination in the event that the participant's employment or service with the Company or a subsidiary ceases before the end of the option period. If an incentive stock option is granted to a key employee who owns or is deemed to own more than 10% of the combined voting power of all classes of the Company's stock, the option period may not exceed five years and the exercise price may not be less than 110% of the fair market value of the underlying common stock on the date of grant. The exercise price for any option is generally payable in cash or, in certain circumstances, by the surrender, at the fair market value on the date on which the option is exercised, of shares of the Company's common stock having a value equal to the exercise price. The 2006 Equity Incentive Plan permits optionholders to exercise their options prior to the date on which the options will vest, subject to Compensation Committee action. In such case, the optionholder will, upon payment for the shares, receive restricted stock having vesting terms that are identical to the vesting terms under the original option and subject to repurchase by the Company while the restrictions on vesting are in effect. Each stock option is to be evidenced by an award agreement containing such provisions, consistent with the 2006 Equity Incentive Plan, as are determined by the Compensation Committee.

Restricted Common Stock. The Compensation Committee may award restricted common stock to key employees and consultants under the 2006 Equity Incentive Plan. The participant's rights to the restricted common stock are subject to certain transferability and forfeiture restrictions during a restricted period which commences on the date of grant of the restricted common stock and expires from time to time in accordance with a schedule established by the Compensation Committee. While the restrictions are in place, the participant generally has the rights and privileges of a stockholder as to the restricted common stock, including the right to vote the restricted common stock and to receive dividends thereon. Upon the expiration of the restricted period, the restrictions are of no further force or effect with respect to the restricted common stock. Each restricted common stock award is to be evidenced by an award agreement between the Company and the participant setting forth the applicable restrictions.

Restricted Stock Units and Deferred Stock Units. The Compensation Committee may award restricted stock units and deferred stock units to key employees and consultants under the 2006 Equity Incentive Plan, each for the duration that it determines in its discretion. Each restricted stock unit and each deferred stock unit is equivalent in value to one share of common stock and entitles the participant receiving the award to receive one share of common stock for each restricted stock unit at the end of the vesting period applicable to such restricted stock unit and for each deferred stock unit at the end of the deferral period. Participants are not required to pay any additional consideration in connection with the settlement of restricted stock units or deferred stock units. A holder of restricted stock units or deferred stock units has no voting rights, right to receive cash distributions or other rights as a stockholder until shares of common

stock are issued to the holder in settlement of the stock units. However, participants holding restricted stock units or deferred stock units are entitled to receive dividend equivalents with

15

Table of Contents

respect to any payment of cash dividends on an equivalent number of shares of common stock. Such dividend equivalents are credited in the form of additional stock units.

Stock Appreciation Rights. The Compensation Committee may award stock appreciation rights to key employees and consultants, alone or in tandem with stock options, pursuant to the 2006 Equity Incentive Plan. SARs are awards that give the participant the right to receive an amount equal to (1) the number of shares exercised under the right, multiplied by (2) the amount by which the Company's stock price exceeds the exercise price. Payment may be in cash, in shares of the Company's common stock with equivalent value, or in some combination, as determined by the Compensation Committee. The Compensation Committee will determine the exercise price, vesting schedule and other terms and conditions of stock appreciation rights; however, SARs expire under the same rules that apply to stock options.

Performance Units. The Compensation Committee is authorized to establish performance programs and may award performance units to key employees and consultants in accordance with such programs under the 2006 Equity Incentive Plan. Holders of performance units will be entitled to receive payment in cash or shares of our common stock (or in some combination of cash and shares) if the performance goals established by the Compensation Committee are achieved or the awards otherwise vest. Each performance unit will have an initial value established by the Compensation Committee. The Compensation Committee will set performance objectives, and such performance objectives may be based upon the achievement of Company-wide, subsidiary or individual goals.

Cash Balance Plan

The Company maintains the Cash Balance Plan, which includes all full-time active employees of the Company and its subsidiaries, other than Quest Medical, Inc., that were hired prior to May 1, 2005. Each participant has an account balance which represents his or her benefit under the Cash Balance Plan. The Cash Balance Plan provides for the Company to make annual allocations to a participant's cash balance account in an amount equal to 3% of the participant's eligible compensation up to the Social Security wage base and 6% in excess thereof and for an interest credit each plan year equal to the rate on 30 year U.S. Treasury bonds during November of the preceding plan year. For the 2006 plan year, the interest rate was 4.73%. Eligible compensation is, for the Named Executive Officers, the salary as included in the Summary Compensation Table above, subject to an annual limitation imposed by law which for 2006 was \$220,000 and is \$225,000 in 2007. Generally, each participant becomes fully vested in the benefits under such plan after five years of employment. Benefits may be paid, subject to certain limitations under the Internal Revenue Code of 1986, as amended, upon termination of employment, retirement or death. The Cash Balance Plan specifies various options that participants may select for the distribution of their accrued balance, including forms of annuity payments and lump sum distributions. Both of the Named Executive Officers participate in the Cash Balance Plan.

David A. Battat is the President of Halkey-Roberts Corporation, a Company subsidiary. During 2006, he was paid \$148,173 base salary and \$33,750 bonus compensation for services provided in 2005. On January 1, 2007, Mr. David Battat's base salary was increased to \$165,000. In February 2007, Mr. David Battat was paid \$86,250 bonus compensation, \$75,000 of which is attributable to services provided in 2006 and \$11,250 of which is attributable to services provided in 2005. Mr. David Battat will be entitled to a bonus of \$25,000 in February 2008 for services provided in 2006 if he is still an employee of Halkey-Roberts Corporation at that time.
