INDEPENDENT AUDITORS' REPORT

The Board of Directors
Webster Bank:

We have audited the accompanying statements of net assets available for benefits of the Webster Bank Employee Investment Plan as of December 30, 2001 and 2000, and the related statements of changes in net assets available for benefits for each of the years in the three-year period ended December 30, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Webster Bank

Edgar Filing: WEBSTER FINANCIAL CORP - Form 11-K

Employee Investment Plan, as of December 30, 2001 and 2000, and the changes in net assets available for benefits for each of the years in the three-year period ended December 30, 2001 in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements, and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

WEBSTER BANK
EMPLOYEE INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following brief description of the Webster Bank Employee Investment Plan (the "Plan") is provided for general information purposes only. Participants should refer to the full Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a qualified profit-sharing and deferred compensation plan under Section 401(a) of the Internal Revenue Code of 1986. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended. The Plan was initially adopted by the Board of Directors of Webster Bank's predecessor, First Federal Bank, effective as of October 1, 1984. Subsequent to this date, the Plan has been amended on various dates for reasons that include: certain legislative and regulatory changes, employer name change, plan merger, plan name change and various acquisitions. The Plan is sponsored and administrated by Webster Bank, a subsidiary of Webster Financial Corporation. The Plan covers all eligible employees who are employed by Webster Bank and its subsidiaries, who are members of the controlled group. The Plan also covers certain subsidiaries of Webster Financial Corporation ("Webster" or the "Company") who are members of the controlled group. Webster D&P Holdings, Inc. ("Duff & Phelps"), a wholly-owned subsidiary of Webster, at December 2001 owned a 65% interest in Duff & Phelps, LLC, which maintains a separate 401(k) plan and does not participate in the Plan. To be eligible to participate in the Plan, an employee must have attained age 21 and have completed one year of service (at least 1,000 hours of service). An eligible employee may join the

Edgar Filing: WEBSTER FINANCIAL CORP - Form 11-K

Plan on the first day of any calendar quarter. Participants in the Plan may change their contribution amounts up to four times per year on specific dates and cease contribution at any time during the Plan year. All investments in the Plan are participant directed. Participation in the Plan is completely voluntary. Effective December 30, 1999, the Plan was amended to incorporate a change in the plan year. The amendment changed the plan year end to December 30 from December 31. The 1999 plan year was the short year, which commenced January 1 and ended December 30. Effective January 1, 2001, the record keeper for the Plan was changed to PFPC, Inc. from USI Consulting Group and the trustee changed to UBS PaineWebber Trust Company from Webster Bank.

On October 22, 2001, an amendment and restatement of the Plan incorporating "GUST" changes was adopted by the Board of Directors. The changes required under "GUST" were required to be adopted by the Plan by December 31, 2001. Subsequent to implementing the changes required under "GUST", the Plan was submitted to the IRS for a favorable determination letter. "GUST" is the acronym for a series of statutes that were enacted between 1994 and 2000 that affected the rules governing qualified retirement plans. The statutes include the General Agreement on Tariffs and Trade, the Uniform Service Employment and Reemployment Rights Act, the Small Business Job Protection Act and the Tax Reform Act of 1997.

Webster, through its subsidiaries, Webster Bank (the "Bank"), Damman Associates, Inc., which has been renamed Webster Insurance, Inc. ("Webster Insurance") in 2002, and Duff & Phelps, delivers financial services to individuals, families and businesses primarily in Connecticut and equipment financing and financial advisory services to public and private companies throughout the United States. Webster provides business and consumer banking, mortgage lending, trust and investment services and insurance services through 105 banking and other offices, over 210 ATM's and its Internet website (www.websteronline.com). Webster Bank was founded in 1935 and converted from a federal mutual to a federal stock institution in 1986.

(c) Vesting

All amounts contributed to the 401(k) Plan by the participant and employer, are fully vested and non-forfeitable at all times. The participant's vested balance is affected by any investment gains or losses that his account incurs.

(d) Payment of Benefits

Under the Plan, a participant's "normal retirement date" is the date age 59 1/2 is attained. Payment options under the Plan are either a single lump sum payment or a series of equal periodic payments in the form of an annuity. If the participant's vested account balance is no more than \$5,000, the balance will be paid in a single lump sum payment within 90 days after the end of the plan year in which the participant becomes eligible to receive the payment. If the participant's vested account balance is more than \$5,000, the payout will be in the form of an annuity unless the annuity option is waived. The participant may also elect to have the vested account balance directly rolled over to another qualified plan. If the participant is married, a joint and survivor annuity will provide monthly payments for as long as the participant and the spouse live. In

Edgar Filing: WEBSTER FINANCIAL CORP - Form 11-K

the event of a participant's death, the vested account balance will be paid to the participant's designated beneficiary or beneficiaries. If the participant dies before his spouse, the monthly annuity payment to a spouse will be 50% of the payments that would have been received prior to the participant's death. If the participant does not want an annuity payout, the participant may choose another type of payment, such as a single lump sum or installment payments over a set period. In the event of a participant's total and permanent disability, a participant would receive their vested account balance as if normal retirement had occurred. All benefit payments to participants are recorded upon distribution.

8

WEBSTER BANK
EMPLOYEE INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(e) Loans

Employees have the ability to borrow up to 50% of their account balances, not to exceed \$50,000. Interest is paid by Plan participants to their account at prevailing interest rates through payroll deductions. Loans must generally be repaid within five years or, if earlier, by normal retirement date of the borrower.

(f) Rollovers

Under the Plan, transfers from other tax-qualified retirement plans are permitted even if the employee is not currently participating in the Plan. Rollovers must be deposited to the Plan trust fund within 60 days of receipt. All rollovers will be invested and distributed in accordance with the rules of the Plan.

(g) Withdrawals

Hardship withdrawals are permitted under the Plan for specific reasons when the participant has met conditions required by the Plan.

The Plan administrator may be required by law to recognize obligations the participant incurs as a result of court-ordered support or alimony payments. The Plan administrator must honor a qualified domestic relations order ("QDRO"). If a QDRO is received by the Plan administrator, all or a portion of the Plan participant's account balance may be used to satisfy the obligation.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

(a) Basis of Accounting

The accompanying financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America.

(b) Purchases and Sales Transactions

Transactions are recorded on a trade-date basis.

(c) Valuation of Assets

Investments are stated at current market values based upon quoted values. Loans to participants are stated at amortized cost, which approximates their market values.

(d) Accounting Pronouncements

In June 1998, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards ("SFAS") No. 133, "Accounting for Derivative Instruments and Hedging Activities". SFAS No. 133 establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities.

9

WEBSTER BANK
EMPLOYEE INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

SFAS No. 133, as amended by SFAS Nos. 137 and 138, was effective for fiscal year beginning after June 15, 2000. Pursuant to SFAS No. 137, the Plan adopted SFAS No. 133 effective January 1, 2001 which had no impact on the Plan's financial statements.

(e) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Administrative Expenses

Administrative fees of the Plan are, in part, paid by the Bank. Total administrative fees for the 2001 plan year were \$82,832 of which \$76,912 was paid by the Bank and \$5,920 was paid by the Plan. The \$5,920 amount paid by the Plan represents loan administration costs charged directly to the Plan's investment funds. Total administrative fees paid for the 2000 plan year were

Edgar Filing: WEBSTER FINANCIAL CORP - Form 11-K

\$152,392 of which \$148,157 was paid by the Bank and \$4,235 was paid by the Plan. Total administrative fees paid for the 1999 plan year were \$123,525 of which \$97,693 was paid by the Bank and \$25,832 was paid by the Plan.

The decrease in total administrative fees for the 2001 plan year is primarily due to a change in the record keeper for the Plan that was effective January 1, 2001. The increase in total administrative fees for the 2000 plan year was primarily due to a higher level of net assets in the Plan due to acquisitions completed during 2000 and 1999. Refer to Item 1(a) for further information on acquisitions.

Plan participants have the ability to direct and allocate their account balances among the mutual funds available under the Plan or Webster common stock. Refer to Item 1(b) within this report for investment options that were available for the 2001 plan year.
