PROXY STATEMENT

Annual Meeting and Proxy Solicitation Information.

This Proxy Statement is furnished by our Board of Directors for the solicitation of proxies from the holders of our common stock in connection with the annual meeting of shareholders to be held at our offices located at 345 Bobwhite Court, Suite 200 Boise, Idaho 83706, on Thursday, August 27, 2009, at 10:00 a.m. MDT, and at any recess or adjournment thereof. It is expected that the Notice of Annual Meeting of Shareholders, our Annual Report on Form 10K of the Securities and Exchange Commission for fiscal year ended March 31, 2009, this Proxy Statement, and the accompanying Proxy card will be mailed to shareholders starting on or about July 31, 2009.

Voting Procedures.

The presence in person or by proxy of a majority of the voting power at the Annual Meeting is required to constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be considered represented at the Annual Meeting for the purpose of determining a quorum. The shares represented by each proxy will be voted in accordance with the instructions given therein. Where no instructions are indicated, the proxy will be voted in favor of all matters to be voted on as set forth in the proxy and, at the discretion of the persons named in the proxy, on any other business that may properly come before the Annual Meeting. Each stockholder will be entitled to one vote for each share of common stock held and will not be entitled to cumulate votes in the election of directors. Shares that are authorized but not yet issued will not be entitled to vote at the Annual Meeting.

Shareholders can ensure that their shares are voted at the annual meeting by signing, dating, and returning the accompanying Proxy card in the self-addressed, stamped envelope provided. The submission of a signed Proxy will not affect a shareholder's right to attend the annual meeting and vote in person. Shareholders who execute proxies retain the right to revoke them at any time before they are voted by filing with the Secretary of the Company a written revocation or a Proxy bearing a later date at the corporate address. The presence at the annual meeting of a shareholder who has signed a proxy does not, by itself, revoke that Proxy unless the shareholder attending the annual meeting files a written notice of revocation of the Proxy with the Secretary of the Company at any time prior to the voting of the Proxy at the meeting.

Proxies will be voted as specified by the shareholders. Where specific choices are not indicated, proxies will be voted FOR the election of each item so presented.

The Board of Directors knows of no other matters to be presented for shareholder action at the annual meeting. If any other matters properly come before the annual meeting, the persons named as proxies will vote on such matters in their discretion.

4 of 69 pages

The expense of printing and mailing Proxy materials, including expenses involved in forwarding Proxy materials to beneficial owners of common stock held in the name of another person, will be paid by us. No solicitation, other than by mail, is currently planned.

Only shareholders of record at the close of business on Wednesday, July 15, 2009 (this date is referred to as the record date), are entitled to receive notice of and to vote the shares of common stock registered in their name at the annual meeting. As of the record date, we had approximately 38,018,078 shares of our common stock outstanding. Each share of common stock entitles its holder to cast one vote on each matter to be voted upon at the annual meeting.

Under Idaho law, the Idaho Business Corporation Act requires the presence of a quorum to conduct business at the annual meeting. A quorum is defined as the presence, either in person or by proxy, of a majority of the outstanding shares of common stock entitled to vote at the annual meeting. The shares represented at the annual meeting by Proxies that are marked withhold authority will be counted as shares present for the purpose of determining whether a quorum is present. Broker non-votes (i.e., Proxies from brokers or nominees indicating that such persons have not received instructions from beneficial owners to vote shares as to a matter with respect to which the brokers or nominees do not have discretionary power to vote) will also be counted as shares present for purposes of determining a quorum.

Directors are elected by the affirmative vote of a plurality of the shares of common stock present, either in person or by proxy, at the annual meeting and entitled to vote. For this purpose, plurality means that the individuals receiving the largest number of votes are elected as directors, up to the maximum number of directors to be chosen at the election. In the election of directors, votes may be cast in favor or withheld. Votes that are withheld and broker non-votes will have no effect on the outcome of the election of directors.

A majority of the outstanding shares of the Company entitled to vote, represented in person or by proxy, constitute a quorum at the Annual Meeting of shareholders. Broker non-votes will have no effect on the outcome of the shareholder vote on Proposal No. 3.

Effective Dates.

The election of directors, if approved by the shareholders, will be effective immediately following the annual meeting.

Anthony A. Maher. Mr. Maher was recruited to PCS at our inception as Chairman of the Board, President and Chief Executive Officer and structured our purchase of PCS Schools, Inc. and PCS LabMentors, LTD. Since then, Mr. Maher has overseen the development of our curriculum from four core areas to over sixty (60); the development of our distance developer database and the creation of our web-based publishing expertise. From 1982 to 1989, he was founder and Chairman of the Board of National Manufacturing Company, Inc. and its subsidiary, National Medical Industries, Inc. From 1979 to 1982, Mr. Maher was Executive Vice President for Littletree Inns, a hotel company based in Boise, Idaho, with properties throughout the Northwest. Mr. Maher graduated from Boise State University in

1970 with a Bachelor of Arts degree in Political Science.

Donald J. Farley. Mr. Farley is the Secretary of the Company and acted as our Company's legal counsel from 1994 until 2005. Mr. Farley is a founding partner of the law firm of Hall, Farley, Oberrecht & Blanton, P.A. His legal practice emphasizes litigation and representation of closely held businesses. He has been in private practice since 1975, after serving a two-year judicial clerkship with former United States District Judge J. Blaine Anderson. Trial lawyers of America. Mr. Farley graduated from the University of Idaho in 1970 with a Bachelor of Arts degree in Economics and from the University of Idaho College of Law in 1973.

Cecil D. Andrus. Governor Andrus joined the PCS Board of Directors in November 1995. Following his retirement from public service in January 1995, Mr. Andrus founded and now directs the Andrus Center for Public Policy at Boise State University. Governor Andrus is the first person in the history of Idaho to be elected Governor four different times (1970, 1974, 1986, and 1990). When he retired from public office, he was the senior governor in the United States in length of service. Mr. Andrus resigned as governor in 1977 to become the Secretary of the Interior in the Carter Administration, the first Idahoan to serve in a Presidential Cabinet. Governor Andrus is a former Director of Albertsons and KeyCorp, and a current Director of The Coeur D Alene Company and Rentrak Corp. He also serves Of Counsel to the Gallatin Group, a public affairs and corporate analysis company, and the Andrus Center for Public Policy at Boise State University.

Dehryl A. Dennis, PhD. Dr. Dennis has had a 36-year career that took him from teaching in small public schools in southwest Idaho to Puerto Rico and Illinois, and then returning to his native state as a district administrator in Boise, Idaho. During his entire professional career, Dr. Dennis was an outspoken advocate for programs that emphasized applied learning. Because of his strong belief that most people learn by doing rather than thinking about doing, he supported and helped implement off-school site classrooms in malls and hospitals, partnerships with trade unions, small business, and industry, and cooperative agreements with institutions of higher learning. The success of these programs culminated in the construction of the Dehryl A. Dennis Professional Technical Center, which opened in 1999 and presently serves approximately 900 students from sixteen (16) area high schools. Appointed in 1976 as Director of Personnel, he later served as Assistant Superintendent and then Deputy Superintendent until he was appointed District Superintendent in 1994. He remained as Superintendent until his retirement in July 1999.

Michael K. McMurray. Mr. McMurray returned to the PCS Board in 2004 after having served on the Board from 1989 through 1994. He retired as a financial executive from Boise Cascade Corporation in 2001. Since retiring, Mike has served on a number of company and not-for-profit boards. Mike is currently on the PCS Edventures Inc. Board and Advisory Boards for start-up companies Tenxsys Inc. and Paksense Inc. Mike has worked as a consultant primarily engaged in financing growth for a broad range of companies including the Titcomb Family Trust and SITO A Corporation. Community boards include past Board Chairman of Idaho Housing and Finance Association and Board Chairman of the Idaho Housing Company. He is a past board member of Farmers and Merchants Bank, the Downtown Boise Association, Hillcrest Country Club and the Boise Family YMCA. He is currently serving on the board of Regence Blue Shield of Idaho and the Idaho Community Foundation Finance Committee. Mike is a graduate of the University of Idaho with a finance degree and the Harvard Business School Executive MBA program.

Committees.

Audit Committee: We chartered an audit committee in 2001 for the purpose of engaging accounting firm(s). The audit committee currently consists of Board members, Michael K. McMurray and Cecil D. Andrus. Mr. McMurray is considered an audit committee financial expert based on his

previous work experience and the definition contained in Reg. 228.401 Instructions to paragraph (e)(1) of Item 401 of the Sarbanes-Oxley Act. The audit committee continued to implement the formal policy regarding the scope, responsibilities and length of service for the audit committee adopted fiscal year 2005. The audit committee held no formal meetings during fiscal year 2009. However, the audit committee did discuss auditing issues via telephone conference and during regularly scheduled board meetings, after which time the conversations were incorporated into the Company's minutes.

The audit committee is currently responsible for (i) appointing or replacing our auditing firm, (ii) reviewing the scope, reports, costs, and other items related to the quarterly reviews and annual audit conducted by our auditors, (iii) reviewing the qualifications, expertise, and suitability of our auditors, (iv) speaking with and approving all actions to be undertaken by our auditors, and (v) reviewing and providing feedback for our internal control reports.

Nominating or Governance Committee: PCS does not have a standing nominating or governance committee or a charter with respect to the process for nominations to our Board of Directors. Currently, our directors submit nominations for election to fill vacancies on the Board to the entire Board for its consideration.

Our Bylaws do not contain any provision addressing the process by which a stockholder may nominate an individual to stand for election to the Board of Directors, and we do not have any formal policy concerning stockholder recommendations to the Board of Directors. To date, we have not received any recommendations from non-affiliate stockholders requesting that the Board consider a candidate for election to the Board. However, the absence of such a policy does not mean that the Board of Directors would not consider any such recommendation, if one is received. The Board would consider any candidate proposed in good faith by a stockholder. To do so, a stockholder should send the candidate's name, credentials, contact information and his or her consent to be considered as a candidate to the Chairman of the Board, Anthony A. Maher. The proposing stockholder should also include his or her contact information and a statement of his or her share ownership in the Company (how many shares owned and for how long).

In evaluating potential directors, Mr. Maher and the Board consider the following factors:

.
the appropriate size of our Board of Directors;

.
our needs with respect to the particular talents and experience of our directors;

.
the knowledge, skills and experience of nominees, including experience in finance, administration, or public service, in light of prevailing business conditions and the knowledge, skills and experience already possessed by other

members of the Board;

.

familiarity with the educational industry;

.

experience with accounting rules and practices; and

.

the desire to balance the benefit of continuity with the periodic injection of the fresh perspective provided by new Board members.

Our goal is to assemble a Board of Directors that brings together a variety of perspectives and skills derived from high quality business and professional experience. In doing so, Mr. Maher and the Board will also consider candidates with appropriate non-business backgrounds.

9 of 69 pages

Other than the foregoing, there are no stated minimum criteria for director nominees, although Mr. Maher and the Board of Directors may also consider such other factors as they may believe are in the best interests of PCS and its shareholders.

Mr. Maher and the Board of Directors identify nominees by first evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to our business and who are willing to continue in service are considered for re-election. If any member of the Board does not wish to continue in service or if we decide not to re-nominate a member for re-election, we then identify the desired skills and experience of a new nominee in light of the criteria above. Current members of the Board of Directors are polled for suggestions as to individuals meeting the criteria described above. The Board may also engage in research to identify qualified individuals. To date, we have not engaged third parties to identify or evaluate or assist in identifying potential nominees, although we reserve the right in the future to retain a third party search firm, if necessary.

Our Board of Directors does not have a formal process for security holders to send communications to the Board. However, our directors take great interests in the concerns of stockholders. In addition, our directors review and give careful consideration to any and all stockholder communications. Security holder communications may be sent to: Board of Directors, PCS Edventures!.com, Inc., 345 Bobwhite Court, Suite 200, Boise, Idaho 83706. Communications may also be sent to any individual director at our address.

Compensation Committee Interlocks and Insider Participation.

Compensation Committee: We adopted a compensation committee during fiscal year 2004 for the purpose of regulating management's compensation, as well as any incentive plans proposed by the Company. The compensation committee currently consists of Board Members, Cecil D. Andrus and Donald J. Farley. Neither member of the committee is now or was previously an officer or employee of the Company or any of its subsidiaries. Compensation for each member of the compensation committee is included in the table titled Director Compensation for fiscal year 2009.

Compensation Committee Report.

This report is being submitted by the compensation committee members, Mr. Farley and Mr. Andrus. This report addresses what the compensation committee is responsible for and how the Company currently decides on compensation of its executive officers.

The compensation committee is currently responsible for (i) reviewing and monitoring the appropriateness of the Company's executive compensation procedures, (ii) reviewing and approving, where necessary, compensation and benefits to executives, (iii) evaluating the performance of the executive officers, (iv) monitoring the benefit plan(s) offered to employees of the Company, and (v) evaluating and making recommendations for the stock option plan(s).

The compensation committee did not hold any meetings during fiscal year 2009. However, any discussions related to compensation were discussed during regularly scheduled board meetings, after

10 of 69 pages

which time the conversations were incorporated into the Company's minutes. Within these discussions, the compensation committee discussed Compensation Discussion and Analysis including, but not limited to compensation awarded to, earned by, or paid to the executive officers of the Company; current and long-term compensation for executive officers; and proposed incentive compensation plans. The compensation committee sets all levels of compensation for the executive officers. For executive officers other than the CEO, the committee reviews, analyzes, and makes a determination of compensation based on recommendations from the CEO. The CEO's compensation is determined by the compensation committee each year after open discussions with other board members, excluding the Chairman, who is the CEO. The key components of our compensation strategy is to link performance and shareholder value to salaries, stock bonus awards, and stock option awards to recognize the contribution of each individual executive officer, as well as to recognize the business results as demonstrated by the executive officers as a whole.

Director Compensation For Fiscal Year 2009.

Each fiscal year, the Board of Directors sets the dollar amount for the compensation of outside directors for their services. For the FY 2009, PCS has accrued approximately \$60,000 of director fees. Said compensation shall be converted into the form of freely tradable PCS common stock at its then bid price, or in the form of stock options to purchase PCS common stock at its then current bid price. It is the current practice of the Company to issue this compensation in the form of options that vest immediately upon execution of each agreement to purchase Rule 144 stock. The current CEO is excluded from receiving additional compensation as a Board member beginning the second fiscal quarter of 2006 at his own request and by unanimous consent of the Board.

The Option Awards (\$) listed below are valued utilizing the Black-Scholes Model. At the time of the grant, the Company utilizes the weekly Friday risk-free rate of return for a treasury bill for the date closest thereto. The Company calculates the volatility related to each issuance based upon the standard deviation of the Company's stock price at the end of each month for the number of periods in arrears equal to the number of periods expiration of the option agreement.

Edgar Filing: PCS EDVENTURES COM INC - Form DEF 14A

The following table shows awards and payments to members of our board as compensation in accordance with the board approved director compensation. The table excludes our Chairman, who is also an executive officer. The Chairman's compensation is fully reflected in the Summary Compensation Table.

The Board of Directors recommends that shareholders vote FOR Proposal No. 1

to Re-Elect All Members of the Company's Board of Directors.

Proposal No. 2

Approval of the PCS 2009 Equity Incentive Plan

On July 13, 2009, the Board of Directors (Board) of PCS Edventures!.com, Inc. (the Company) approved the PCS 2009 Equity Incentive Plan (the Plan), subject to shareholder approval. Four Million (4,000,000) shares of common stock are reserved for use in the Plan. As of July 13, 2009, there were approximately 29 employees, three (3) officers, five (5) directors and three (3) consultants of the Company and all subsidiaries of the Company who were eligible to participate in the Plan. On July 10, 2009, the closing price of the Company's common stock was \$0.75. The PCS 2009 Equity Incentive Plan replaces the PCS 2004 Non-Qualified Stock Option Plan, as Amended, which reserved 10,000,000 shares of common stock. Upon adoption of the new plan, the 10,000,000 shares of common stock will be returned to the Company as treasury stock, less 324,733 shares that were outstanding as of July 12, 2009.

A summary of the Plan is set forth below. This summary is qualified in its entirety by the full text of the Plan, which is attached to this Proxy Statement as Appendix A. Any capitalized terms not otherwise defined in this summary shall have the meaning ascribed to such term in the Plan.

Purpose.

The purpose of the Plan is to (i) align the interests of employees, officers, directors, and consultants of the Company or any subsidiary of the Company with the interests of the Company's stockholders; (ii) provide employees, officers, directors and consultants with an incentive for outstanding performance; and (iii) enhance the Company's ability to motivate, attract, and retain the services of employees, officers, directors, and consultants upon whose judgment, interest, and effort the successful conduct of the Company's business is dependent.

Participants.

Participants in the Plan are the employees, officers, directors and consultants of the Company and any subsidiary of the Company.

Permissible Awards.

The Plan authorizes the grant of award in any of the following forms:

Stock options to purchase shares of common stock, which may be nonstatutory stock options or incentive stock options under the U.S. Internal Revenue Code, as amended (the **Code**). The

exercise price of an option granted under the Plan may not be less than the fair market value of the Company's common stock on the date of grant. The vesting and exercise of the stock option may be

18 of 69 pages

conditioned upon such events, or compliance with such criteria, or both, as the Board may determine. The Board may waive any vesting or exercise provision at any time in whole or in part based upon factors as the Board may determine in its sole discretion. Stock options granted under the Plan will have a term of no more than ten years. Incentive stock options may be granted only to eligible employees of the Company or any subsidiary of the Company but nonstatutory stock options may be granted to all participants. The maximum fair market value of common stock, as determined on the grant date, that may be granted under the Plan for incentive stock options to any one person during any one calendar year is \$100,000.

Stock appreciation rights, which give the holder the right to receive the excess, if any, of the fair market value of one or more shares of common stock on the date of exercise, over the base price of the stock appreciation right. The vesting and exercise of the stock appreciation rights may be conditioned upon such events, or compliance with such criteria, or both, as the Board may determine. Stock appreciation rights shall not entitle the holder to voting rights or any other rights of a shareholder.

Phantom stock, which give the holder the right to receive payment of the entire fair market value of one or more shares of common stock at a future date. The vesting and exercise of the phantom stock may be conditioned upon such events, or compliance with such criteria, or both, as the Board may determine. Phantom stock shall not entitle the holder to voting rights or any other rights of a shareholder.

Performance shares are units valued by reference to a designated number of shares of common stock. The value of the units are paid upon the attainment of stated vesting or performance goals set by the Board.

Restricted stock, which is subject to restrictions on transferability and subject to forfeiture based on the failure to attain stated vesting or performance goals set by the Board.

Restricted stock units, which represent the right to receive shares of common stock (or an equivalent value in cash or other property) in the future, which is subject to restrictions on transferability and subject to forfeiture based on the failure to attain stated vesting or performance goals set by the Board.

Deferred stock units, which represent the right to receive shares of common stock (or an equivalent value in cash or other property) in the future, on such terms and conditions as the Board may determine.

Dividend equivalents, which entitle the participant to payments calculated by reference to the amount of dividends paid on the shares of stock underlying an award during a specified period of time on such terms and conditions as the Board may determine.

Stock purchase incentives, which entitle the participant to purchase from the Company shares of the Company's common stock, generally at a discount. The incentive price per share shall not be less than 85% of the fair market value of the common stock on the date of grant or the date of exercise, whichever is lower. Stock purchase incentives granted are intended to

comply with provisions of the Code applicable to employee stock purchase plans. No employee shall be granted a share purchase incentive if such employee after the grant owns five percent or more of the total voting power or value of all classes of Company stock or permits the employee's rights to purchase common stock at a rate which exceeds \$25,000 for the calendar year.

Other stock-based awards in the discretion of the Board, including unrestricted stock grants.

All awards will be evidenced by a written award agreement between the Company and the participant, which will include such provisions as may be specified by the Board. Awards granted under the Plan may, in the discretion of the Board, be granted either alone, in addition to, or in tandem with, any other award granted under the Plan.

Deductibility under Section 162(m).

The Plan is designed to comply with Code Section 162(m) so that grants of market priced options and stock appreciation rights under the Plan, and other awards that are conditioned on performance goals as described below, will be excluded from the calculation of annual compensation for purposes of Code Section 162(m) and will be fully deductible. While the Board believes it is important to preserve the deductibility of compensation under Code Section 162(m) generally, the Board reserves the right to grant or approve awards or compensation that is non-deductible.

Performance Goals.

The Board may designate any award as a qualified performance-based award in order to make the award fully deductible without regard to the limitation on deductibility imposed by Code Section 162(m). If an award is so designated, the Board shall establish objectively determinable performance goals for the award. Performance goals for such awards shall be based on one or more of the following business criteria:

Earnings, including per share (whether growth or target), operating or other methods of measuring earnings;

Return on investment, including return on equity, on assets, on investment, on capital; and other methods of measuring the return on the investment;

.

Income, including gross, net; operating, etc.;

.

Revenue, including operating and non-operating revenue;

.

Operations, including net and gross margin, compliance and other methods to measure operations;

.

Customer, customer service and customer statistics;

·
Employee recruitment, compensation, retention, training, development and leadership;

·
Shareholder relations;

·
Company culture;

·
Creativity, including improving Company products and processes, solving customer issues, imagination, and artistic and intellectual inventiveness;

·
Community involvement;

·
Strategy, including developing, updating and implementing strategic plans;

·
Growth, geographical growth, market share growth, facility growth and acquisitions; and

·
Goals consistent with the participant's specific employee and officer duties and responsibilities, designed to further the financial, operational and other business interests of the Company.

A performance goal award shall be earned, vested and payable (as applicable) only upon the achievement of (i) performance goals established by the Board and derived from one or more of the business criteria set forth above; and (ii) any other conditions that the Board may determine with respect to the business criteria set forth above. The Board may provide, in its sole and absolute discretion, in connection with the grant of or amendment of a performance award, that achievement of the performance goals will be waived upon death, disability, change in control, or acceleration of vesting for any other reason as set forth in the Plan.

The Board may determine that any evaluation of performance will include, exclude or otherwise equitably adjust for unusual and non-recurring financial events such as asset write-downs or impairment charges; litigation or claim judgments or settlements; the effect of changes in tax laws or accounting principles affecting reported results; accruals for reorganization and restructuring programs; extraordinary nonrecurring items meriting special accounting treatment, as determined under generally accepted accounting principles or as set forth in financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year; acquisitions or divestitures; and foreign exchange gains and losses. However, in order to meet the requirements of Section 162(m), in the event the Board determines to include or exclude such unusual and nonrecurring events when measuring actual results, it must do so in a prescribed form and within the time as may be required or permitted under applicable tax regulations. Any payment of an award granted with performance goals will be conditioned on the written certification of the Board in each case that the performance goals and any other material conditions were satisfied.

Limitations on Transfer: Beneficiaries.

No right or interest of a participant in any unexercised or restricted award may be pledged, encumbered, or hypothecated to or in favor of any party other than the Company or a subsidiary of the Company, or shall be subject to any lien, obligation, or liability of such participant to any other party other than the Company or a subsidiary of the Company. No unexercised or restricted award will be assignable or transferable by a participant other than by will or the laws of descent and distribution or (except in the case of an incentive stock option) pursuant to a qualified domestic relations order. The Board may permit other transfers where the Board concludes that such transferability does not result in accelerated taxation, does not cause any option intended to be an incentive stock option to fail to qualify as such, and is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, any state or federal tax or securities laws or regulations applicable to transferable awards. A participant may, in the manner determined by the Board, designate a beneficiary to exercise the rights of the participant and to receive any distribution with respect to any award upon the participant's death.

Acceleration Upon Certain Events.

Unless otherwise provided in an award grant or other governing document, if a participant's service terminates by reason of death or disability, all of such participant's outstanding options, stock appreciation rights and other awards in the nature of rights that may be exercised will become fully vested and exercisable, all time-based vesting restrictions on outstanding awards will lapse, all outstanding performance-based awards will be fully earned based upon an assumed achievement of all relevant performance goals at target levels and there will be a pro-rata payout of such performance awards based upon the length of time within the performance period that has elapsed prior to the termination of service.

Unless otherwise provided in an award grant or other governing document, upon the occurrence of a Change in Control of the Company, all outstanding options, stock appreciation rights and other awards in the nature of rights that may be exercised will become fully exercisable, all time-based vesting restrictions on outstanding awards will lapse, all outstanding performance-based awards will be fully earned based upon an assumed achievement of all relevant performance goals at target levels and there will be a pro-rata payout of such performance awards based upon the length of time within the performance period that has elapsed prior to the change in control.

In addition, the Board may in its discretion accelerate awards for any other reason; however, the Board shall not exercise such discretion with respect to restricted stock or restricted stock units that in the aggregate exceed 5% of the shares available for issuance under the Plan (excluding from this calculation restricted shares or restricted stock units granted to non-employee directors or accelerations of vesting upon a change in control or other corporate transaction or restructuring, or a participant's termination of employment or separation from service resulting from death or disability or for the convenience or in the best interests of the Company). The Board may discriminate among participants or among awards in exercising such discretion.

Shares Available for Awards.

Subject to adjustment as provided in the Plan, the aggregate number of shares of common stock reserved and available for issuance pursuant to awards granted under the Plan is 4,000,000. Each share issued and outstanding pursuant to an award shall be subtracted from the total number of shares reserved under the Plan, and awards satisfied in cash or property shall not result in decreasing the total number of shares reserved under the Plan. Except for the reservation of a sufficient number of authorized shares to the extent required by law to meet the requirements of the Plan, the Company shall not be required to establish any special or separate fund or to make any other segregation of assets to assure payment of any grant or award under the Plan.

Exercise Consideration.

The Board may determine the consideration, including method of payment, to be paid upon exercise of an award. The form of consideration may include, in whole or in part, cash, check, promissory note, shares, a cashless exercise, reduction in any liability owed to the Company and such other forms and methods for payment of shares to the extent permitted by the Company and applicable law.

Adjustments.

In the event of a corporate event or transaction involving the Company (including, without limitation, any stock dividend, stock split, reverse stock-split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares), the share authorization limits under the Plan will automatically be adjusted proportionately, the shares then subject to each award will automatically be adjusted proportionately without any change in the aggregate purchase price for such award, and the Board may adjust outstanding awards to preserve the benefits or potential benefits of the awards.

Administration.

The Plan will be administered by the Board. The Board may appoint a committee and empower the committee to act on behalf of the Board, including, without limitation, the authority up to and including to act in full substitution for the Board. The Board will have the authority to designate participants; determine the type or types of awards to be granted to each participant and the number, terms and conditions thereof; the payment of an award, including cash, stock, property or other awards; establish, adopt or revise any rules and regulations as it may deem advisable to administer the Plan; and make all other decisions and determinations that may be required under the Plan.

The Board may not make discretionary grants to non-employee directors. Awards granted to the Company's non-employee directors will be made only in accordance with the parameters of the Company's director compensation plan, or any successor program for the compensation of non-employee directors as in effect from time to time.

23 of 69 pages

Adoption, Duration, Termination and Amendment.

The Plan was approved by the Board in July, 2009, and the Company's shareholders must approve the Plan within twelve (12) months after Board approval. The Plan has a term of ten years, unless earlier terminated by the Board. The Board may, at any time and from time to time, terminate or amend the Plan, but if an amendment to the Plan would in the reasonable opinion of the Board materially increase the number of shares of stock issuable under the Plan, expand the types of awards provided under the Plan, materially expand the class of participants eligible to participate in the Plan, materially extend the term of the Plan or otherwise constitute a material change requiring shareholder approval under applicable listing requirements, laws, policies or regulations, then such amendment will be subject to shareholder approval. The Board may amend or terminate outstanding awards without approval of the participant, as long as the amendment or termination does not reduce or diminish the value of such award or adversely affect any award previously granted under the Plan.

Prohibition on Extension and Repricing.

The original term of a stock option may not be extended without the prior approval of the Company stockholders. Except as indicated above under Adjustments, the exercise price of a stock option may not be reduced, directly or indirectly, without the prior approval of the Company stockholders.

Certain Federal Tax Effects.

The following discussion is limited to a summary of the U.S. federal income tax provisions relating to the grant, exercise and vesting of awards under the Plan and the subsequent sale of common stock acquired under the Plan. The tax consequences of awards vary depending upon the participant. Also, the tax consequences of the grant, exercise or vesting of awards vary depending upon the particular circumstances, and applicable law. The income tax laws, regulations and interpretations thereof change frequently. Participants are solely responsible for all federal, state and other income, transfer, estate and other taxes, interest, penalties and related charges arising from or related to the awards. Participants should rely upon their own tax advisors for advice concerning the specific tax consequences applicable to them, including the applicability and effect of state, local, and foreign tax laws. The Company does not offer or render any tax advice relating to the awards

Nonstatutory Stock Options There will be no federal income tax consequences to the optionee or to the Company upon the grant of a nonstatutory stock option at fair market value under the Plan. When the optionee exercises a nonstatutory option, however, he or she will recognize ordinary income in an amount equal to the excess of the fair market value of the common stock received upon exercise of the option at the time of exercise over the exercise price, and the Company will be allowed a corresponding deduction. In the event that the stock received is restricted stock, the optionee does not recognize ordinary income when the option is exercised, but recognizes ordinary income at the time the restrictions lapse. Any gain that the optionee realizes when the optionee later sells or disposes of the option shares will be short-term or long-term capital gain, depending on how long the shares were held.

24 of 69 pages

Incentive Stock Options There typically will be no federal income tax consequences to the optionee or to the Company upon the grant or exercise of an incentive stock option. If the optionee holds the option shares for the required holding period of at least two years after the date the option was granted and one year after exercise, the difference between the exercise price and the amount realized upon sale or disposition of the option shares will be long-term capital gain or loss, and the Company will not be entitled to a federal income tax deduction. If the optionee disposes of the option shares in a sale, exchange, or other disqualifying disposition before the required holding period ends, the optionee will recognize taxable ordinary income in an amount equal to the excess of the fair market value of the option shares at the time of exercise over the exercise price, and the Company will be allowed a federal income tax deduction equal to such amount. While the exercise of an incentive stock option does not result in current taxable income, the excess of the fair market value of the option shares at the time of exercise over the exercise price will be an item of adjustment for purposes of determining the optionee's alternative minimum taxable income.

Stock Appreciation Rights A participant receiving a stock appreciation right will not recognize income, and the Company will not be allowed a tax deduction, at the time the award is granted. When the participant exercises the stock appreciation right, the amount of cash and the fair market value of any shares of common stock received will be ordinary income to the participant and the Company will be allowed a corresponding federal income tax deduction at that time.

Phantom Stock A participant generally will not recognize income, and the Company will not be allowed a tax deduction, at the time phantom stock is granted. When the participant receives settlement of the award, the fair market value of the shares of stock (or cash payment) and any dividends and liquidation or redemption proceeds applicable to the phantom stock will be ordinary income to the participant, and the Company will be allowed a corresponding federal income tax deduction at that time.

Restricted Stock If a restricted stock award is subject to restrictions on transfer and substantial risk of forfeiture, then the participant will not recognize income and the Company will not be allowed a tax deduction at the time the restricted stock award is granted, unless the participant makes an election to accelerate recognition of the income to the date of grant as described below. When the restrictions lapse, the participant will recognize ordinary income equal to the fair market value of the common stock as of that date (less any amount the participant paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m). If the participant files an election under Code Section 83(b) within 30 days after the date of grant of the restricted stock, the participant will recognize ordinary income as of the date of grant equal to the fair market value of the stock as of that date (less any amount paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m). Any future appreciation in the stock will be taxable to the participant at capital gains rates. However, if the stock is later forfeited, the participant will not be able to recover the tax previously paid pursuant to the Code Section 83(b) election.

Restricted Stock Units A participant will not recognize income, and the Company will not be

allowed a tax deduction, at the time a restricted stock unit award is granted. Upon issuance of shares of common stock in settlement of a restricted stock unit award, a participant will recognize ordinary income equal to the fair market value of the common stock as of that date (less any amount the participant paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

Deferred Stock Units A participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a deferred stock unit award is granted. Upon issuance of shares of common stock in settlement of a deferred stock unit award, a participant will recognize ordinary income equal to the fair market value of the common stock as of that date (less any amount the participant paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

Performance Shares A participant generally will not recognize income, and the Company will not be allowed a tax deduction, at the time performance shares are granted. When the participant receives settlement of the award, the fair market value of the shares of stock (or cash payment) will be ordinary income to the participant, and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

Dividend Equivalents A participant generally will not recognize income, and the Company will not be allowed a tax deduction, at the time the dividend equivalents are granted. When the participant receives dividend payments, the payments will be ordinary income to the participant, and the Company will be allowed a corresponding federal income tax deduction at that time.

Stock Purchase Incentives There will be no federal income tax consequences to the optionee or to the Company upon the grant or exercise of a stock purchase incentive under the Plan. If the optionee holds the stock purchase incentive shares for the required holding period of at least two years after the date the option was granted and one year after exercise, the difference between the exercise price and the amount realized upon sale or disposition of the stock purchase incentive shares will be long-term capital gain or loss, and the Company will not be entitled to a federal income tax deduction. If the optionee disposes of the stock purchase incentive shares in a sale, exchange, or other disqualifying disposition before the required holding period ends, the optionee will recognize taxable ordinary income in an amount equal to the excess of the fair market value of the stock purchase incentive shares at the time of exercise over the exercise price, and the Company will be allowed a federal income tax deduction equal to such amount.

Code Section 409A The Plan permits the grant of various types of incentive awards, which may or may not be exempt from Code Section 409A. If an award is subject to Section 409A, and if the requirements of Section 409A are not met, the taxable events as described above could apply earlier than described, and could result in the imposition of additional taxes and penalties. Restricted stock awards, stock options and stock appreciation rights that comply with the terms of the Plan are designed to be exempt from the application of Code Section 409A. Restricted stock units, deferred stock units and performance shares granted under the Plan would be subject to Section 409A unless

26 of 69 pages

they are designated to satisfy the short-term deferral exemption from such law. If not exempt, such awards must be specially designed to meet the requirements of Section 409A in order to avoid early taxation and penalties.

Benefits to Officers and Directors.

Officers and directors of the Company are eligible to participate in the Plan. Eligibility of officers and directors to participate in one of more types of awards shall be determined by the Board. To the extent the Board determines an officer or director is eligible to participate in one of more types of awards, such individuals will personally benefit from the Plan.

Vote Required.

Approval of the Plan will require the affirmative vote of the holders of a majority of the shares of common stock that are represented in person or by proxy at the 2009 Annual Meeting. If the Plan is approved by the shareholders, it will be effective as July 13, 2009, which was the date the Plan was approved by the Board. If shareholders do not approve the Plan, it will not become effective.

The Board of Directors recommends voting FOR approval of the PCS 2009 Equity Incentive Plan.

The Board may establish performance goals for Performance Shares. The performance goals for all Eligible Participants who (i) are 162(m) Employees shall be established in compliance with, and shall comply with, the Qualified Performance Based Award as set forth in Section 11.5; and (ii) are not 162(m) Employees may be based on any criteria selected by the Board. Such performance goals for non-162(m) Employees (i) may be described in terms of objectives that relate to the performance of the Participant, the entire PCS, a Subsidiary, or a division, region, department or function within PCS or any Subsidiary; (ii) may be modified by the Board, in whole or in part, as the Board deems appropriate if the Board determines that a change in the business, operations, corporate structure or capital structure of PCS or the manner in which PCS or any Subsidiary conducts its business, or other events or circumstances render performance goals to be unsuitable; and (iii) may be modified by the Board, if the Board determines that the performance goals or performance period are no longer appropriate because a Participant is promoted, demoted or transferred to a different business unit or function during a performance period. A modification of a performance goal for a Participant who is not a 162(m) Employee may (i) adjust, change or eliminate the performance goals or the applicable performance period as the Board deems appropriate to make such goals and period comparable to the initial goals and period; or (ii) make a cash payment to the Participant in amount determined by the Board.

5.4

Right to Payment

The grant of a Performance Share to a Participant will entitle the Participant to receive, at a specified later time, a specified number of Shares, or the equivalent value in cash or other property, if the performance goals established by the Board are achieved and the other terms and conditions are satisfied. The Board shall set performance goals and other terms or conditions for payment of the Performance Shares in its discretion, which will determine the number of the Performance Shares that will be earned by the Participant if the performance goals are met.

5.5

Payment and Other Terms

Performance Shares may be payable in cash, Shares, or other property, and have such other terms and conditions, as determined by the Board and reflected in the Award Agreement. In the event a grant of Performance Shares results in a deferral of compensation within the meaning of Code Section 409A, such grant of Performance Shares shall comply with Code Section 409A.

A **Stock Purchase Incentive** means an employee stock purchase plan as defined in Code Section 423, and grants employees with the option to purchase Shares. If decided by the Board, each year during the term of the Plan PCS will make one or more offerings in which options to purchase Shares (**Share Purchase Options**) will be granted to employees of PCS and its Subsidiaries pursuant to the Plan. An Award Agreement shall evidence a grant of Share Purchase Options.

9.3

Terms and Conditions of Share Purchase Options

9.3.1

Share Purchase Option Price

An option price per Share for each offering shall be determined by the Board on or prior to the date of grant of the Share Purchase Option. The option price per share shall not be less than (i) 85% of Fair Market Value of a Share on the date the Share Purchase Option is granted; or (ii) 85% of Fair Market Value of a Share on the date the Share Purchase Option is Exercised, whichever is lower.

9.3.3

Amount of Share Purchase Options

Each Share Purchase Option shall entitle the employee to purchase up to: (i) the maximum number of Shares that can be purchased at the option price as the Board shall determine for each offering (but not to exceed the amount specified in Code Section 423(b)); (ii) the maximum dollar amount that can be used to purchase Shares as the Board shall determine for each offering (but not to exceed the amount specified in Code Section 423(b)); or (iii) a limit based on both the maximum number of Shares and maximum dollar amount as determined by the Board. Each employee may elect to participate for less than the maximum number of Shares or maximum dollar amount. The Board shall determine prior to or on the date of grant of the Share Purchase Options the consequences of an employee's election to participate for less than the maximum.

9.3.4

Term

The term of each offering shall consist of the three periods identified in this Section 9.3.4. The Board shall determine (i) the beginning and ending dates of each Enrollment Period and Payroll Deduction Period; and (ii) the date of each Exercise Day.

(b)

Payroll Deduction

A **Payroll Deduction Period** is the period that payroll deductions shall be made and credited to each employee's payroll deduction account.

(c)

Each eligible employee who desires to participate in an offering shall elect to do so by completing and delivering by the end of the Enrollment Period to a person designated by the Plan Administrator a payroll deduction authorization in the form (including without limitation paper and electronic mail) prescribed by the Board authorizing payroll deductions during the Payroll Deduction Period. Unless otherwise determined by the Board, such election and payroll deduction authorization shall constitute an election and payroll deduction authorization to participate in the current offering and all subsequent offerings under the Plan until the Employee provides a cancellation of such authorization during a subsequent Enrollment Period.

9.3.6

Employee Payroll Deduction Accounts

PCS shall maintain or arrange for the maintenance of payroll deduction accounts for all Participants. No interest shall be paid on money held in the payroll deduction account.

9.3.7

Exercise of Share Purchase Option

On the Exercise Day, the Share Purchase Options of each Participant shall be automatically Exercised in full without the need for the Participant to take any action. If the aggregate number of Shares that employees seek to purchase exceeds the number of Shares available, then the available Shares will be allocated pro rata based on the number of Shares each employee seeks to purchase compared to the number of Shares available.

48 of 69 pages

9.3.8

Payment Procedure

Upon Exercise of a Share Purchase Option, the Shares shall be paid in full by transfer of the purchase price from the employee's payroll deduction account to PCS's account. Any balance in the employee's payroll deduction account shall be applied to subsequent offerings unless prior to the start of the next offering the employee requests that the balance be paid to the employee in cash.

9.3.9

Termination of Payroll Deduction

The Board may allow Participants to cancel or reduce, or both, their payroll deduction authorizations. The Board shall determine the consequences of such cancellations or reductions on the Participants' enrollment in subsequent offerings.

9.3.10

Termination of Employment

The Board shall determine on or prior to the date of grant of Share Purchase Options the consequences of the termination of employment of a Participant for any reason, including death, during the term of an offering.

9.3.11

Restrictions on Transfer and Exercise of Share Purchase Options

A Share Purchase Option granted under the Plan (i) may not be transferred except by will or the laws of descent and distribution and (ii) may be Exercised only for the benefit of the Participant to whom granted during the lifetime of such Participant.

9.3.12

Restrictions on Amount of Share Purchase Options

No employee shall be granted an Share Purchase Option (i) if such employee, immediately after the Share Purchase Option is granted, owns stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of PCS, calculated pursuant to Code Section 423(b)(3); or (ii) that permits the employee's rights to purchase common stock under all Stock Purchase Incentives of PCS to accrue at a rate which exceeds \$25,000 (or such other maximum as may be prescribed from time to time by the Code) of Fair Market Value of such common stock (determined at the date of grant) for each calendar year in which such Share Purchase Option is outstanding at any time pursuant to Code Section 423(b)(8).

9.4

Compliance with Code Section 423

This Stock Purchase Incentive is intended to comply with Code Section 423. In the event that the Board determines that this Stock Purchase Incentive does not comply with Code Section 423, or if an adjustment to this Stock Purchase Incentive is advisable or reasonable to improve compliance with Code Section 423, then the Board has the authority to amend, modify and revise this Stock Purchase Incentive for that purpose.

To be eligible to receive an Award under the Plan, the Participant must (i) sign an Award Agreement; and (ii) return the signed Award Agreement to PCS within 60 days from the date PCS provides the Participant with the Award Agreement. No unexercised or restricted Award shall be assignable or transferable by a Participant other than by will or the laws of descent and distribution or, except in the case of an Incentive Stock Option, pursuant to a domestic relations order that would satisfy Code Section 414(p)(1)(A) if such Section applied to an Award under the Plan. The Board may (but need not) permit other transfers when the Board concludes that such transferability (i) does not result in accelerated taxation; (ii) does not cause any Stock Option intended to be an Incentive Stock Option to fail to be described in Code Section 422(b); and (iii) is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, state or federal tax or securities laws applicable to transferable Awards.

11.7

Beneficiaries

Notwithstanding Section 11.6, a Participant may, in the manner determined by the Board, designate a beneficiary to Exercise the rights of the Participant and to receive any distribution with respect to any Award upon the Participant's death. If any such deferral election is required or permitted, the Board shall, in its sole discretion, establish rules and procedures for such payment deferrals. Any Awards shall thereafter continue or lapse in accordance with the other provisions of the Plan and the Awards Agreement. To the extent that this Section 12.2 causes Incentive Stock Options to exceed the dollar limitation set forth in Section 2.9.7, the excess Incentive Stock Options shall be

deemed to be Nonstatutory Stock Options.

this Section 12.2.2. If the determination of Disability relates to an Incentive Stock Option, or a Stock Appreciation Right issued in tandem with an Incentive Stock Option, Disability means permanent and total disability as defined in Code Section 22(e)(3).

12.2.3 Continuous Status as a Participant

The **Continuous Status as a Participant** means the absence of any interruption or termination of service as an employee, officer, director, or consultant of PCS or any Subsidiary, as applicable. For purposes of an Incentive Stock Option, or a Stock Appreciation Right issued in tandem with an Incentive Stock Option, Continuous Status as a Participant means the absence of any interruption or termination of service as an employee of PCS or any Subsidiary, as applicable, pursuant to applicable tax regulations. Continuous Status as a Participant shall continue to the extent provided in a written severance or employment agreement during any period that severance compensation payments are made to an employee, officer, director, or consultant and shall not be considered interrupted in the case of any leave of absence authorized in writing by PCS prior to its commencement. For purposes of Incentive Stock Options, no such leave may exceed 90 days, unless reemployment upon expiration of such leave is guaranteed by statute or contract. If reemployment upon expiration of a leave of absence approved by PCS is not so guaranteed, on the 91st day of such leave any Incentive Stock Option held by the Participant shall cease to be treated as an Incentive Stock Option and shall be treated for tax purposes as a Nonstatutory Stock Option.

12.3

Acceleration of Vesting upon a Change in Control

12.3.1

Acceleration

Except as otherwise provided in the Award Agreement or any special Plan document governing an Award, upon the occurrence of a Change in Control: (i) all of the Participant's outstanding Stock Options, Stock Appreciation Rights, and other Awards in the nature of rights that may be Exercised shall become fully Exercisable; (ii) all time-based Vesting restrictions on the Participant's outstanding Awards shall lapse; (iii) the target payout opportunities attainable under all of the Participant's outstanding performance-based Awards shall be deemed to have been fully earned as of the date of the Change in Control based upon an assumed achievement of all relevant performance goals at the target level; and (iv) there shall be a prorata payout to the Participant or the Participant's estate within thirty (30) days following the date of the Change in Control based upon the length of time within the performance period that has elapsed prior to the date of the Change in Control. To the extent that this Section 12.3 causes Incentive Stock Options to exceed the dollar limitation set forth in Section 2.9.7, the excess Incentive Stock Options shall be deemed to be Nonstatutory Stock Options.

12.3.2

Change in Control

A **Change in Control** means the occurrence of both (i) one or more of the Change in Control events as set forth in Section 12.3.2(a), plus (ii) one or more of the Separation from Service events set forth in Section 12.3.2(b). If a Change in Control event as described in Section 12.3.2(a) occurs without a Separation from Service event as described in Section 12.3.2(b), then a Change in Control does not occur and the acceleration of Vesting described in this Section 12.3

58 of 69 pages

does not occur. The interpretation of what constitutes Change in Control, as defined in this Section 12.3.2, shall be in accordance Treasury Regulation Section 1.409A-3(i)(5), as amended.

(a)

Change in Control Events

The Change in Control events are as follows:

(i)

Change in Ownership of Stock

. A change in ownership of the Shares. This change occurs on the first date that one person, or more than one person acting as a group, acquires ownership of Shares that, when combined with the Shares already held by such person or group, constitute more than 50% of either the total fair market value or total voting power of the Shares.

(ii)

Change in Effective Control

. A change in effective control of PCS. This change occurs on the first date during any 12 month period that (i) one person, or more than one person acting as a group, acquires ownership of Shares possessing 35% or more of the total voting power of the Shares, or (ii) a majority of members of PCS's board of directors is replaced by directors whose appointment or election was not endorsed by such majority of PCS's directors.

(iii)

Change in Ownership of Assets

. Except for related party transfers (defined below), a change in the ownership of a substantial portion of PCS's assets occurs on the date that any one person, or more than one person acting as a group, acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) assets from PCS that have a total gross fair market value equal to or more than 40 percent of the total gross fair market value of all of the assets of PCS immediately prior to such acquisition or acquisitions. The phrase "gross fair market value" means the value of the assets of PCS, or the value of the assets being disposed of, determined without regard to any liabilities associated with such assets. The phrase "related party transfers" means a transfer of assets to: (i) a shareholder of PCS (immediately before the asset transfer) in exchange for or with respect to PCS's Shares; (ii) an entity, 50 percent or more of the total value or voting power of which is owned, directly or indirectly, by PCS; (iii) a person, or more than one person acting as a group, that owns, directly or indirectly, 50 percent or more of the total value or voting power of all the outstanding stock of PCS; or (iv) an entity, at least 50 percent of the total value or voting power of which is owned, directly or indirectly, by a person described in item (iii) of this Section 12.3.2(a)(iii).

(b)

Separation from Service Events

A Separation from Service for purposes of Change in Control means (i) if Code Section 409A does not apply, then one or more of the events set forth in Section 12.3.2(b)(i), or (ii) if Code Section 409A shall apply, then one or more of the events set forth in Section 12.3.2(b)(ii).

59 of 69 pages

(i)

Standard Rules for Separation from Service

. A **Separation from Service** for purposes of a Change in Control means (i) the involuntary termination without cause of the Participant's employment with PCS or its successor; (ii) a reduction in the Participant's authorities, duties, responsibilities, and status (including titles and reporting requirements); (iii) a change in Participant's regular work location of more than fifty (50) miles as measured by a straight line, except for necessary travel on PCS's business; (iv) any reduction in the Participant's base salary as measured by comparing Participant's actual salary for the four (4) month period prior to the Change in Control with the Participant's anticipated salary for the six (6) months after the Change in Control; (v) a substantial reduction in the employee benefit or retirement plans in which Participant is eligible and that are provided generally to other employees of PCS or its successor; or (vi) the failure of PCS or its successor to assume and agree to substantially perform any written employment agreement between the Participant and PCS. The time for determining the Separation from Service is the period that begins four (4) months before and ends six (6) months after the date of the occurrence of the Change in Control event as described in Section 12.3.2(a).

(ii)

Special Rules for Separation from Service

. In the event Code Section 409A applies, then the standard rules relating to the events constituting Separation from Service set forth in Section 12.3.2(b)(i) do not apply, and the special rules relating to the events constituting Separation from Service set forth in this Section 12.3.2(b)(ii) do apply. In the event Code Section 409A applies, then **Separation from Service** for purposes of a Change in Control means (i) the involuntary termination without cause of the Participant's employment with PCS or its successor; (ii) the Participant voluntarily terminates employment with PCS; or (iii) the Participant retires. The time for determining the Separation from Service is the period that begins four (4) months before and ends six (6) months after the date of the occurrence of the Change in Control event as described in Section 12.3.2(a).

12.4

Acceleration of Vesting for Any Other Reason

Regardless of whether an event has occurred as described in Sections 12.3 or 12.2, and subject to Section 11.5 as to Qualified Performance-Based Awards, the Board may, in its sole discretion and at any time, for retirement or any other reason, determine that (i) all or a portion of a Participant's Stock Options, Stock Appreciation Rights, and other Awards in the nature of rights that may be Exercised shall become fully or partially Exercisable; (ii) all or a part of the time-based Vesting restrictions on all or a portion of the outstanding Awards shall lapse; and (iii) any performance-based criteria with respect to any Awards shall be deemed to be wholly or partially satisfied, in each case, as of such date as the Board may, in its sole discretion, declare. The Board shall not exercise such discretion with respect to Awards comprised of Shares of Restricted Stock or Restricted Stock Units that, in the aggregate, exceed five percent (5%) of the aggregate number of Shares reserved and available for issuance pursuant to Awards granted under the Plan. When calculating whether the five percent (5%) maximum has been reached, the Board shall not count or consider any Shares of Restricted Stock or Restricted Stock Units (i) granted to directors who are not

employees of PCS or Subsidiary; or (ii) regarding which the Board accelerated Vesting rights, waived restrictions or determined performance-based criteria had been satisfied (a) resulting from an event described in Sections 12.3, 12.2, and 13.4; or (b)

60 of 69 pages

by a Participant's termination of employment or separation from service resulting from death, Disability, or for the convenience or in the best interests of PCS. The Board's actions under this Section 12.4 (i) shall comply with Code Section 409A; and (ii) may discriminate among Participants and among Awards granted to a Participant.

12.5

Effect of Acceleration

If an Award is accelerated under Sections 12.3, 12.2 or 12.4, the Board may, in its sole discretion, provide (i) that the Award will expire after a designated period of time after such acceleration to the extent not then Exercised; (ii) that the Award will be settled in cash rather than Shares; (iii) that the Award will be assumed by another party to a transaction giving rise to the acceleration or otherwise be equitably converted or substituted in connection with such transaction; (iv) that the Award may be settled by payment in cash or cash equivalents equal to the excess of the Fair Market Value of the underlying Shares, as of a specified date associated with the transaction, over the Exercise price of the Award; or (v) any combination of the foregoing. The Board's determination need not be uniform and may be different for different Participants whether or not such Participants are similarly situated. To the extent that such acceleration causes Incentive Stock Options to exceed the dollar limitation set forth in Section 2.9.7, the excess Incentive Stock Options shall be deemed to be Nonstatutory Stock Options.

Article 13 PCS SHARES SUBJECT TO THE PLAN

13.1

Calculation of Reserved Shares

The number of Shares reserved under the Plan shall be calculated as follows:

13.1.1 Issued and Outstanding Shares

Shares that are issued and outstanding pursuant to an Award shall be subtracted from the total number of Shares reserved under the Plan.

13.1.2

Shares in Terminated Awards

To the extent that an Award cancels, terminates, expires, is forfeited or lapses for any reason, any unissued Shares subject to the Award will not be subtracted from the total number of Shares reserved under the Plan and will again be available for issuance pursuant to Awards granted under the Plan.

13.1.3 Award Shares Settled for Cash

Shares subject to Awards settled in cash will not be subtracted from the total number of Shares reserved under the Plan and will again be available for issuance pursuant to Awards granted under the Plan.

61 of 69 pages

13.1.4 Payment in Shares

If the Exercise price of a Stock Option is satisfied by delivering Shares to PCS (by either actual delivery or attestation), only the number of Shares issued in excess of the delivery or attestation (less any Shares delivered by the Participant to satisfy an applicable tax withholding obligation) shall be subtracted from the total number of Shares reserved under the Plan.

13.1.5 Cashless Exercise

To the extent that the full number of Shares subject to a Stock Option is not issued upon Exercise of the Stock Option for any reason, only the number of Shares issued and delivered upon Exercise of the Stock Option shall be subtracted from the total number of Shares reserved under the Plan. Nothing in this Section 13.1.5 shall imply that any particular type of cashless Exercise of a Stock Option is permitted under the Plan. The decision to allow cashless Exercise shall be made by the Board or allowed by other provisions of the Plan.

13.2

Stock Distributed

Any Shares distributed pursuant to an Award may consist, in whole or in part, of authorized and unissued Shares, Treasury Shares or Shares purchased on the open market.

13.3

Fractional Shares

No fractional Shares shall be issued. The Board shall determine, in its discretion, whether cash shall be given in lieu of fractional Shares or whether rounding up or down shall eliminate such fractional Shares.

13.4

Changes in Capital Structure

In the event of a corporate event or transaction involving PCS (including, without limitation, any stock dividend, stock split, reverse stock-split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares): (i) the number of Shares reserved pursuant to Section 1.5 shall

automatically be adjusted proportionately without further action; (ii) the number of Shares then subject to each Award shall automatically be adjusted proportionately without any change in the aggregate purchase price therefore; and (iii) the Board may adjust the Plan and Awards to preserve the benefits or potential benefits of the Awards. Action by the Board may include: (i) adjustment of the number and kind of Shares which may be delivered under the Plan; (ii) adjustment of the number and kind of Shares subject to outstanding Awards; (iii) adjustment of the Exercise price of outstanding Awards; (iv) adjustment in the measure to be used to determine the amount of the benefit payable on an Award; and (v) any other adjustments that the Board determines to be equitable. In addition, the Board may, in its sole discretion, provide (i) that Awards will be settled in cash or other property rather than Shares; (ii) that Awards will become immediately Vested and Exercisable and will expire after a designated period of time to the extent not then Exercised; (iii) that Awards will be assumed by another party to a transaction

62 of 69 pages

or otherwise be equitably converted or substituted in connection with such transaction; (iv) that outstanding Awards may be settled by payment in cash or cash equivalents equal to the excess of the Fair Market Value of the underlying Shares, as of a specified date associated with the transaction, over the Exercise price of the Award; (v) that applicable performance targets and performance periods for Awards will be modified, consistent with Code Section 162(m) where applicable; or (vi) any combination of the foregoing. The Board's determination need not be uniform and may be different for different Participants whether or not such Participants are similarly situated. To the extent that any adjustments made pursuant to this Section 13.4 cause Incentive Stock Options to cease to qualify as Incentive Stock Options, such Incentive Stock Options shall be deemed to be Nonstatutory Stock Options.

13.5

Securities Laws Compliance

13.5.1 Plan Exemption

The dollar value and number of Shares granted and awarded under this Plan are limited pursuant to the rules and regulations promulgated by the Securities and Exchange Commission which provides an exemption of the Plan from the registration requirements under the 1933 Act. The guidelines adopted pursuant to this Plan shall comply with the rules and regulations promulgated by the Securities and Exchange Commission.

13.5.2

Compliance as Condition of Share Issuance

Shares shall not be issued pursuant to the Exercise of an Award unless the Exercise of the Award and the issuance and delivery of the Shares shall comply with all relevant provisions of applicable laws, including, without limitation, the Securities Act of 1933 (**1933 Act**), the 1934 Act, the rules and regulations promulgated there under, and the requirements of any stock exchange or national market system upon which the Shares may then be listed, and shall be further subject to the approval of counsel for PCS with respect to such compliance.

13.5.3

Securities Registration

Notwithstanding any other provision of the Plan, if at any time the Board shall determine that the registration, listing or qualification of the Shares covered by an Award upon any stock exchange or under any foreign, federal, state or local law or practice, or the consent or approval of any governmental regulatory body, is necessary or desirable as a

condition of, or in connection with, the granting of such Award or the purchase or receipt of Shares under the Plan, no Shares may be purchased, delivered or received pursuant to such Award unless and until such registration, listing, qualification, consent or approval shall have been effected or obtained free of any condition not acceptable to the Board. Any Participant receiving or purchasing Shares pursuant to an Award shall make such representations and agreements and furnish such information as the Board may request to assure compliance with the foregoing and any other applicable legal requirements. PCS shall not be required to issue or deliver any certificate or certificates for Shares under the Plan prior to the Board's determination that all related requirements have been fulfilled. PCS is not obligated to register any securities pursuant to the 1933 Act or applicable state or foreign law or to take any other action in order to cause the issuance and delivery of such certificates to comply with any such law, regulation or

63 of 69 pages

requirement.

13.5.4

Investment Representations

As a condition to the exercise of an Award, PCS may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for PCS, such a representation may be required by applicable law.

13.5.5

Inability to Obtain Authority

The inability of PCS to obtain authority from any regulatory body having jurisdiction, which authority is deemed by PCS's counsel to be necessary for the lawful issuance and sale of any Shares, shall relieve PCS of any liability in respect of the failure to issue or sell such Shares.

13.5.6

Compliance as Condition of Share Resale

Notwithstanding any other provision of the Plan, during any period of time that a Participant is an employee of PCS or Subsidiary (within the meaning of the rules and regulations of the Securities and Exchange Commission under the 1933 Act), such Participant who acquires Shares pursuant to the Plan shall not sell such Shares, unless such offer and sale is made (i) pursuant to an effective registration statement under the 1933 Act, which is current and includes the Shares to be sold; or (ii) pursuant to an appropriate exemption from the registration requirement of the 1933 Act, such as that set forth in Rule 144 promulgated under the 1933 Act.

13.6

Stock Certificates

Stock certificates for all Shares shall be issued as soon as practicable. All Shares shall be issued in the name of the Participant as set forth on PCS's books, or as designated by the Participant, or as required by law. All Shares are subject to any stop-transfer orders and other restrictions as the Board deems necessary or advisable to comply with

federal or state securities laws, rules and regulations and the rules of any national securities exchange or automated quotation system on which the Shares are listed, quoted, or traded. The Board may place legends on any stock certificate or issue instructions to the transfer agent to reference restrictions applicable to the Shares.

Article 14
ADMINISTRATION

14.1

Administration of the Plan

The Board shall administer the Plan. The Board may appoint a committee (the **Committee**) to provide recommendations to the Board regarding actions to be taken under the Plan. To the extent any action of the Board under the Plan conflicts with actions taken or recommendations given by the Committee, the actions of the Board shall control. All decisions, determinations and interpretations of the Board, whether made on appeal from the Committee or *de novo* by the Board, are final, binding, and conclusive on all parties and their successors and assigns.

64 of 69 pages

14.2

Role of the Committee.

Additionally, the Board may empower the Committee to act on behalf of the Board with such authority as the Board deems appropriate, including (without limitation) the authority up to and including to act in full substitution for the Board and to fully administer the Plan without further action of the Board. Consistent with the scope of the Board's delegation of power to the Committee, all powers granted to the Board under this Plan are granted to any Committee.

14.3

The members of the Committee shall be appointed by, and may be changed from time to time in the discretion of, the Board. The Committee shall consist of at least two directors. At least two of the directors appointed to serve on the Committee shall be non-employee directors (within the meaning of Rule 16b-3 promulgated under the 1934 Act and outside directors (within the meaning of Code Section 162(m)). Any member of the Committee who does not qualify as a non-employee director or outside director shall abstain from participating in any decision to make or administer Awards that are made to Eligible Participants who at the time of consideration for such Award (i) are persons subject to the short-swing profit rules of Section 16 of the 1934 Act; or (ii) are reasonably anticipated to become 162(m) Employees during the term of the Award. However, the mere fact that a Committee member shall fail to qualify under either of the foregoing requirements or shall fail to abstain from such action shall not invalidate any Award made by the Committee, which Award is otherwise validly made under the Plan.

14.4

Action and Interpretations by the Board

For purposes of administering the Plan, the Board may from time to time (i) adopt rules, regulations, guidelines and procedures for executing the provisions and purposes of the Plan and (ii) make such other decisions as the Board may deem appropriate. Each member of the Board and Committee is entitled to, in good faith, rely or act upon any report or other information furnished to that member by any officer or other employee of PCS or any Subsidiary, PCS's or a Subsidiary's counsel, independent certified public accountants, compensation consultant, or other professionals retained by PCS to assist in the administration of the Plan.

**Article 15
TERM, AMENDMENT AND TERMINATION
OF PLAN AND AWARDS**

15.1

Effective Date

The Plan shall be effective on the date that the Plan is approved by the Board (the **Effective Date**), upon the condition that the shareholders of PCS approve the Plan within twelve (12) months before or after the Effective Date. Shareholder approval shall be obtained in compliance with applicable law and the rules of any stock exchange upon which the Shares are listed. All Awards issued under the Plan shall become void in the event such approval is not obtained.

15.2

Termination, Amendment and Modification of Plan

The Plan shall terminate on the tenth anniversary of the Effective Date unless earlier terminated as provided in this Section 15.2. The termination of the Plan shall not affect the validity of any Award outstanding on the date of termination. The Board may, at any time and

from time to time, amend, modify or terminate the Plan without stockholder approval. However, if an amendment to the Plan would, in the reasonable opinion of the Board, either (i) materially increase the number of Shares available under the Plan; (ii) expand the types of awards under the Plan; (iii) materially expand the class of Eligible Participants; (iv) materially extend the term of the Plan; or (v) otherwise constitute a material change requiring stockholder approval under applicable laws, policies or regulations or the applicable listing or other requirements of an exchange that lists PCS's Shares, then such amendment shall be subject to stockholder approval. The Board may condition any other amendment or modification on the approval of stockholders of PCS for any reason, including by reason of such approval being necessary or deemed advisable to (i) permit Awards to be exempt from liability under Section 16(b) of the 1934 Act; (ii) to comply with requirements of an exchange that lists PCS's Shares; or (iii) to satisfy any other tax, securities, or other applicable laws, policies or regulations.

15.3

Termination, Amendment and Modification of Awards

At any time the Board may amend, modify or terminate any outstanding Award without approval of the Participant. The Board's power to amend, modify or terminate an award is subject to the following provisions:

15.3.1

Preservation of Value of Award

Subject to the terms of the applicable Award Agreement, such amendment, modification or termination shall not, without the Participant's consent, reduce or diminish the value of such Award determined as if the Award had been Exercised, Vested, cashed in or otherwise settled on the date of such amendment or termination (with the per-share value of an Stock Option or Stock Appreciation Right for this purpose being calculated as the excess, if any, of the Fair Market Value as of the date of such amendment or termination over the Exercise or base price of such Award).

15.3.2

Preservation of Award

No termination, amendment, or modification of the Plan shall adversely affect any Award previously granted under the Plan, without the written consent of the affected Participant. An outstanding Award shall not be deemed to be adversely affected by a Plan amendment if such amendment would not reduce or diminish the value of such Award determined as if the Award had been Exercised, Vested, cashed in or otherwise settled on the date of such amendment (with the per-share value of an Stock Option or Stock Appreciation Right for this purpose being calculated as the excess, if any, of the Fair Market Value as of the date of such amendment over the Exercise or base price of such Award).

15.3.3

The original term of a Stock Option may not be extended without the prior approval of the stockholders of PCS.

68 of 69 pages

15.3.4

15.3.5

Compliance with Code Section 409A

If an Award is or becomes subject to Code Section 409A, then any amendment, modification or termination of the Award shall comply with Code Section 409A and the regulations promulgated under Code Section 409A. If any provision of any Award is interpreted, amended, or modified to violate Code Section 409A, then the Board may amend, modify or terminate the Award pursuant to this Article 15.

Article 16 RIGHTS OF PARTICIPANTS

16.1

No Rights to Awards and Non-Uniform Determinations

No Participant or any Eligible Participant shall have any claim to be granted any Award under the Plan. PCS, its Subsidiaries, the Board and the Committee are not obligated to treat Participants or Eligible Participants uniformly.

Determinations made under the Plan may be made by the Board selectively among Eligible Participants who receive, or are eligible to receive, Awards (whether or not such Eligible Participants are similarly situated).

16.2

No Shareholder Rights

No Award gives a Participant any of the rights of a shareholder of PCS unless and until Shares are in fact issued to such person in connection with such Award. Until the issuance (as evidenced by the appropriate entry on the books of PCS or of a duly authorized transfer agent of PCS) of the stock certificate(s) evidencing the Shares, no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to any Award. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is actually issued, except as provided in Section 13.4 of the Plan.

16.3

No Right to Employment or Service

Nothing in the Plan, any Award Agreement, or any other document or statement made with respect to the Plan or Award, shall interfere with or limit in any way the right of PCS or any Subsidiary to terminate any Participant's employment or status as an officer, director, or consultant at any time, with or without cause, nor confer upon any Participant any right to continue as an employee, officer, director, or consultant of PCS or any Subsidiary, whether for the duration of a Participant's Award or otherwise.

16.4

Termination of Employment

Whether military, government or other service or other leave of absence shall constitute a termination of employment shall be determined in each case by the Board at its discretion. Any

69 of 69 pages

determination of termination of employment by the Board shall be final and conclusive. A Participant's Continuous Status as a Participant shall not be deemed to terminate (i) in a circumstance in which a Participant transfers from PCS to a Subsidiary, transfers from a Subsidiary to PCS, or transfers from one Subsidiary to another Subsidiary; or (ii) in the discretion of the Board as specified at or prior to such occurrence, in the case of a spin-off, sale or disposition of the Participant's employer from PCS or any Subsidiary. To the extent that this Section 16.4 causes Incentive Stock Options to extend beyond three months from the date a Participant is deemed to be an employee of PCS, a Parent or Subsidiary for purposes of Code Sections 424(e) and 424(f), the Stock Options held by such Participant shall be deemed to be Nonstatutory Stock Options.

16.5

Substitute Awards

The Board may grant Awards under the Plan in substitution for stock and stock-based awards held by employees of another entity who become employees of PCS or a Subsidiary as a result of a merger or consolidation of the former employing entity with PCS or a Subsidiary or the acquisition by PCS or a Subsidiary of property or stock of the former employing entity. The Board may grant the substitute awards on such terms and conditions as the Board considers appropriate in the circumstances.

Article 17 TAXES

17.1

Participant's Tax Responsibility

The Participant is solely responsible for all federal, state and other income, transfer, estate and other taxes, interest, penalties and related charges arising from or related to the Awards, including but not limited to granting, Vesting, Exercising, selling, or otherwise transferring any Award. PCS is not responsible for taxes incurred by or assessed on the Participant.

17.2

Section 83(b) Election

The Participant is solely responsible for complying with Code Section 83(b) and timely making any elections required or permitted by Section 83(b). PCS does not offer or render any tax advice relating to the Awards. A Participant making a federal income tax election under Section 83(b) shall provide PCS with a copy of the election filed with the Internal Revenue Service within five days of filing such election.

17.3

Participant s Tax Withholding Obligations

17.3.1

Satisfaction of Withholding

The grant of any Award shall not in any way affect the right or power of PCS to make adjustments, reclassifications or changes in its capital or business structure or to merge, consolidate, dissolve, liquidate, sell or transfer all or any part of its business or assets. The Plan shall not restrict the authority of PCS to draft or assume awards, other than under the Plan, to or with respect to any person. The right of indemnification set forth in this Section 18.5 is not exclusive of any other rights of indemnification to which such persons may be entitled under PCS's Articles of Incorporation or Bylaws, as a matter of law, or otherwise, or any other power that PCS may have to indemnify, defend or hold harmless the person.
