Item 9.01 Financial Statements and Exhibits

(a) Financial Statements of the Business Acquired.

On November 1, 2004, through our subsidiary, Sonterra Energy Corporation, we entered into an Asset Purchase and Sale Agreement with Oneok Propane Distribution Company, a division of ONEOK Propane Company, a Delaware corporation. We purchased the assets of this division for Two Million (\$2,000,000) with the effective date of October 1, 2004. The assets consist of propane distribution systems, including gas mains, yard lines, meters and storage tanks including all propane inventories contained therein, serving various residential subdivisions in the Austin, Texas area.

The following are the consolidated audited financial statements for the year ending December 31, 2003 and the reviewed financial statements for the nine months ended September 30, 2004, for Oneok Propane Distribution Company.

REPORT OF INDEPENDENT ACCOUNTANTS

To the Board of Directors and Shareholder
ONEOK Propane Distribution Co.
Corpus Christi, Texas

We have audited the balance sheet of ONEOK Propane Distribution Co. (the Company), a division of ONEOK Propane Company, itself wholly-owned by ONEOK Inc. as of December 31, 2003 and the accompanying statements of operations, division equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of ONEOK Propane Distribution Co. as of December 31, 2003 and the results of its operations and its cash flows for

Edgar Filing: TIDELANDS OIL & GAS CORP/WA - Form 8-K/A

the year then ended, in conformity with U.S. generally accepted accounting principles.

We have reviewed the accompanying balance sheet of ONEOK Propane Distribution Co. as of September 30, 2004, and the related statements of operations, division equity, and cash flows for the period of nine months then ended, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of the management of ONEOK Propane Distribution Co.

A review consists principally of inquiries of Company personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with U. S. generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying 2004 financial statements in order for them to be in conformity with U. S. generally accepted accounting principles.

ONEOK Propane Distribution Co.
Notes to Financial Statements
September 30, 2004 (Reviewed) and December 31, 2003 (Audited)

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization: ONEOK Propane Distribution Co. (the Division) was a division of ONEOK Propane Company, itself wholly-owned by ONEOK, Inc. (the Parent), headquartered in Tulsa, Oklahoma, through September 30, 2004. See Note B. The Division provides propane to approximately 950 retail customers located primarily in northwest Travis County (northwest Austin), Texas.

The Division generally places a propane storage tank near the neighborhood it serves, then runs transmission lines underground to each customer's (home) location. Each customer has a meter on their location and is billed monthly for the actual amount of propane used.

Cyclical Operation: The Company's gross revenues are significantly higher in the winter months. Most customers use propane for their heating source, but use electricity for air conditioning. Accordingly, the 'average' billings are generally highest from December through March and lowest from June through September.

Edgar Filing: TIDELANDS OIL & GAS CORP/WA - Form 8-K/A

Revenue and Cost Recognition: Customers are billed monthly based on actual usage of propane. Cost of propane is the actual quantities used by customers, with cost determined on a first-in, first-out basis, plus shrinkage. Revenues and costs are estimated from the customers billing date to period end and reported as "unbilled" in the balance sheet.

Cash and Cash Equivalents: Cash and cash equivalents consist of demand deposits held by financial institutions. The Division generally maintains a \$ -0- cash balance, with any cash requirements being borrowed daily from the Parent, and any cash excess being transferred to the Parent.

Accounts Receivable: Accounts receivable are reported at outstanding principal net of an allowance for doubtful accounts of \$41,318 at September 30, 2004 and \$58,203 at December 31, 2003. The Division does not charge interest on past due accounts. The allowance for doubtful accounts is generally determined based on an account-by-account review. Accounts are charged off when collection efforts have failed and the account is deemed uncollectible.

Property and Equipment: Property and equipment are stated on the basis of cost. Major renewals and betterments are charged to the property accounts while replacements, maintenance and repairs which do not improve or extend the lives of the respective assets are expensed. Depreciation is provided at amounts calculated to amortize the cost of the assets over their estimated useful economic lives (generally three to seven years for furniture, fixtures and equipment, and 30 to 40 years for buildings) using the straight-line and accelerated methods of depreciation. Management periodically reviews for impairment, and during the period ended September 30, 2004 an impairment charge of \$313,000 was taken as a result of the proposed sale of assets. See note B.

Federal Income Taxes: The Division includes its operations in that of its parent for federal tax purposes. Federal income taxes have been estimated at the division level as if it were a separately reporting company.

Concentrations of Credit Risk: Financial instruments that potentially subject the Division to concentrations of credit risk consist principally of temporary cash investments and trade accounts receivables. The Division places its temporary cash investments with financial institutions and limits the amount of credit exposure to any one financial institution. On occasion, deposits may exceed the FDIC insured amount. Concentrations of credit risk with respect to trade receivables are limited due to the Division generally having a large number of smaller balances.

Advertising: Advertising costs are expensed as incurred, and were not significant in 2004 or 2003.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B - ACQUISITIONS

Prior to 2003, the Division (previously known as Southern Union Company Propane) was owned and operated by Southern Union Company, headquartered in Austin, Texas. Effective January 1, 2003, ONEOK, Inc. purchased substantially all Texas assets of Southern Union Company, which included the propane assets in the Division. The Division being reported was renamed ONEOK Propane Distribution Co., and through September 30, 2004 was operated as a division of ONEOK Propane Company, a wholly-owned subsidiary of ONEOK, Inc. The purchase price from Southern Union Company by ONEOK, Inc. allocated to the Division assets acquired totaled \$2,240,375, with \$2,058,725 being allocated to property and equipment based on an independent 3rd party appraisal of such assets obtained by ONEOK, Inc. as of January 1, 2003.

Tidelands Oil & Gas Corporation, through its wholly owned subsidiary Sonterra Energy Corporation, purchased the assets of ONEOK Propane Distribution Co. from ONEOK Propane Company, a wholly-owned subsidiary of ONEOK, Inc. This transaction closed on November 1, 2004 with an effective date of October 1, 2004. It is anticipated the Division will retain substantially all of its current operations and seek growth in similar markets in Travis and surrounding counties in Texas.

NOTE C - PARENT COMPANY TRANSACTIONS

The Division has transactions with its Parent on a daily basis. Most of these transactions are related to the transfer of cash between the Division and the Parent, as the Division's operating cash is generally maintained at a \$ -0-level. 100% of the Division's propane sales are with 3rd parties, and a substantial portion of other revenues are with 3rd parties.

The balance in "Due to Parent" at period end represents the net of these cash transfers, together with any amount due to or from the Parent for the current income tax impact related to the Division.

NOTE D - FEDERAL INCOME TAXES

A reconciliation of expected federal income taxes to actual total federal tax expense is as follows:

	Nine Months Ended September 30, 2004	Year Ended December 31, 2003

NOTE E - CONTINGENCIES

The Company is involved in certain litigation and disputes which management asserts are in the ordinary course of business. Tidelands Oil & Gas Corporation and Sonterra Energy Corporation have been indemnified against loss from this

Edgar Filing: TIDELANDS OIL & GAS CORP/WA - Form 8-K/A

litigation and disputes through its acquisition agreement with ONEOK, Inc. Accordingly, no amounts have been accrued in these financial statements for any such litigation or disputes.

Management is not aware of any litigation or disputes arising since the effective date of the acquisition with respect to the operations of ONEOK Propane Distribution Co.

(b) Pro Forma Financial Information.

The following unaudited proforma combined financial statements includes Tideland's financial information and proforma adjustments. The balance sheet has been presented as of September 30, 2004, reflects the acquisition of inventory and equipment assets of Oneok Propane Distribution Company.

The proforma financial statements have been prepared utilizing the historical financial statements of Oneok Propane Distribution Company and Tidelands Oil and Gas Corporation and should be read in conjunction with the separate historical periods present. The unaudited proforma balance sheet has been presented as of September 30, 2004. The unaudited proforma statements of operations have been presented for December 31, 2003, and September 30, 2004.

The proforma financial information is based on the purchase method of accounting. The proforma combined statements of operation assume the acquisition of inventory and equipment assets of Oneok Propane Distribution Company had occurred at the beginning of the period presented in the statements. All inter-company accounts and transactions have been eliminated.

The proforma combined financial statements do not purport to be indicative of the financial positions and results of operations which actually would have been obtained if the acquisition had occurred on the date indicated or the results which may be obtained in the future. The purpose of the proforma financial statements is to report the effect of the subsequent acquisitions and the effect upon the reporting history of the registrant. The proforma financial statement should be read in conjunction with audited financial statements and related notes for the companies.
