PROXY STATEMENT
FOR ANNUAL MEETING OF SHAREHOLDERS
ON TUESDAY, JUNE 15, 2004

Edgar Filing: US ENERGY CORP - Form DEF 14A

The Annual Report to Shareholders for the fiscal year ended December 31, 2003, is mailed to shareholders together with these proxy materials on or about May 21, 2004. The proxy materials consist of this proxy statement and notice of annual meeting, the Annual Report, and the Audit Committee Certification, and the Nominating Committee Charter.

This proxy statement is provided in connection with a solicitation of proxies by the board of directors of U.S. Energy Corp. for use at the annual meeting of shareholders (the "meeting") to be held on Tuesday, June 15, 2004 and at any adjournments of the meeting.

WHO CAN VOTE

If you held any shares of common stock on the record date (April 16, 2004), then you will be entitled to vote at the meeting. If you held stock in your own name, you may vote directly. If you owned stock beneficially but in the record name (street name) of an institution, you may instruct the record holder how to vote when the record holder contacts you about voting and gives you the proxy materials.

COMMON STOCK OUTSTANDING ON THE RECORD DATE: 13,658,645 SHARES

QUORUM AND VOTING RIGHTS

A quorum for the meeting will exist if a majority of the voting power of the shareholders is present at the meeting, in person or represented by properly executed proxy delivered to us prior to the meeting. Shares of common stock present at the meeting that abstain from voting, or that are the subject of broker non-votes, will be counted as present for determining a quorum. A broker non-vote occurs when a nominee holding stock in street name or otherwise for a beneficial owner does not vote on a particular matter because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

You are entitled to one vote for each share of U.S. Energy Corp. common stock you hold, except that in the election of directors you may cumulate your votes. Cumulative voting generally allows each holder of shares of common stock to multiply the number of shares owned by the number of directors being elected, and to distribute the resulting number of votes among nominees in any proportion that the holder chooses. Nominees in number equal to the seats to be filled, who receive a plurality of votes cast, are elected. If you abstain from voting, your shares will not be counted for or against any director.

The proposal to amend the 2001 Incentive Stock Option Plan, and the proposal to ratify management's appointment of independent auditors, each will be approved if the number of votes cast in favor exceed the number of votes opposed for each proposal, in accordance with Wyoming law.

Any other matter which properly comes before the meeting would be approved if the number of votes cast in favor exceed the number of votes opposed, unless Wyoming law requires a different approval ratio.

Abstentions and broker non-votes will have no effect on the election of directors. Abstentions as to all other matters which properly may come before the meeting will be counted as votes against those matters. Broker non-votes as to all other matters will not be counted as votes for or against, and will not be included in calculating the number of votes necessary for approval of these matters.

Edgar Filing: US ENERGY CORP - Form DEF 14A

HOW YOUR PROXY WILL BE VOTED; RECOMMENDATION OF THE BOARD

The board of directors is soliciting a proxy in the enclosed form to provide you with the opportunity to vote on all matters scheduled to come before the meeting, whether or not you attend in person.

The board of directors recommends you vote in favor of the nominees for directors, in favor of amending the 2001 Incentive Stock Option Plan, and in favor of ratifying management's re-appointment of the audit firm.

GRANTING YOUR PROXY

If you sign properly and return the enclosed form of proxy, your shares will be voted as you specify. If you make no specifications, your proxy will be voted in favor of all proposals.

We expect no matters to be presented for action at the meeting other than the items described in this proxy statement. However, as permitted by SEC rule 14a-4(c), the enclosed proxy will confer discretionary authority with respect to any other matter that may properly come before the meeting, including any matter of which we did not have notice at least 45 days before the date of mailing proxy materials for last year's meeting. The persons named as proxies intend to vote in accordance with their judgment on any matters that may properly come before the meeting.

REVOKING YOUR PROXY

If you submit a proxy, you may revoke it later or submit a revised proxy at any time before it is voted. You also may attend the meeting in person and vote by ballot, which would cancel any proxy you previously submitted.

PROXY SOLICITATION

We will pay all expenses of soliciting proxies for the meeting. In addition to solicitations by mail, arrangements have been made for brokers and nominees to send proxy materials to their principals, and we will reimburse them for their reasonable expenses. We have not hired a solicitation firm for the meeting. Our employees and directors will solicit proxies by telephone or other means, if necessary; these people will not be paid for these services.

REQUIREMENT AND DEADLINES FOR SHAREHOLDERS TO SUBMIT PROXY PROPOSALS

Generally, we hold the annual meeting on the first Friday of each June. Under the rules of the SEC, if a shareholder wants us to include a proposal in our proxy statement and form of proxy for presentation at our Annual Meeting of Shareholders to be held in June 2005, the proposal must be received by us in writing at least 150 calendar days in advance of the meeting date (which would be approximately 120 days in advance of the mailing date), at U.S. Energy Corp., 877 North 8th West, Riverton, Wyoming 82501; Attention: Daniel P. Svilar, Secretary.

CORPORATE GOVERNANCE, AUDIT COMMITTEE, COMPENSATION COMMITTEE, AND NOMINATING COMMITTEE

MEETINGS OF THE BOARD. The board of directors, which held eleven formal meetings in 2003, has primary responsibility for directing management of the

Edgar Filing: US ENERGY CORP - Form DEF 14A

business. The board currently consists of seven members. All members attended at least nine of the meetings. The board conferred informally on several other occasions during the fiscal year. From time to time the directors also approve various matters by consent minutes without conducting formal meetings.

ATTENDANCE BY DIRECTORS AT ANNUAL MEETINGS. Although most of the directors attend annual meetings of shareholders, we do not require such attendance. One director attended the annual meeting in June 2003, but five members were available by telephone. The directors attended the regular meeting of the board of directors following the 2003 annual meeting.

COMMUNICATIONS FROM SECURITY HOLDERS TO THE BOARD OF DIRECTORS. Security holders may send communications to the board of directors, by addressing their communications to Keith G. Larsen, President and a director, or John L. Larsen, Chief Executive Office and a director, at 877 N. 8th W., Riverton, Wyoming 82501. The independent directors have established a process for collecting and organizing communications from security holders. Pursuant to this process, Keith and John Larsen will determine which of the communications address matters of substance and which should be considered by all directors, and will send those communications to all the directors for their consideration.

AUDIT COMMITTEE. To provide effective direction and review of fiscal matters, the board has established an audit committee. The audit committee has the responsibility of reviewing our financial statements, exercising general oversight of the integrity and reliability of our accounting and financial reporting practices, and monitoring the effectiveness of our internal control systems. The audit committee also recommends selection of an auditing firm and exercises general oversight of the activities of our independent auditors, principal financial and accounting officers and employees and related matters. The members of the audit committee are Don Anderson, H. Russell Fraser, and Mike Anderson, all of whom are independent directors under criteria established by rule 4200(a)(15) adopted by the National Association of Securities Dealers, Inc. ("NASD"). Mike Anderson was appointed to the audit committee in April 2003, replacing Nick Bebout who resigned from the audit committee.

The board of directors has determined that Mike Anderson is an audit committee financial expert as defined in rule 401(h) of the SEC's regulation S-K.

The audit committee has reviewed our financial statements for the twelve months ended December 31, 2003 and discussed them with management. The committee also discussed with the independent audit firm the various matters required to be so discussed in SAS 63 (Codification of Statements on Auditing Standards, AU 380). The committee received the written disclosure and the letter from the independent audit firm as required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committee), and the committee discussed with the audit firm their independence. Based on the foregoing, the audit committee recommended to the board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the twelve months ended December 31, 2003, which was filed with the Securities and Exchange Commission on March 30, 2004.

The audit committee has adopted a written charter, a copy of which was included in the proxy statement for the June 2003 Annual Meeting (a copy will be next included with proxy materials for the 2006 Annual Meeting).

COMPENSATION COMMITTEE. The Company has a compensation committee, whose

Edgar Filing: US ENERGY CORP - Form DEF 14A

members were Nick Bebout, Harold F. Herron, and H. Russell Fraser. Recently, Mr. Herron resigned so that this committee would be comprised of directors who are independent under criteria established by the NASD. This committee met formally on one occasion during the twelve months ended December 31, 2003, and discussed compensation matters informally several times throughout the fiscal year.

The compensation committee reviews and recommends to the board of directors compensation packages for the officers of U.S. Energy Corp. and subsidiaries (but not Crested Corp. which has its own compensation committee). The committee takes into account the need for different types of executives (administrative, financial, engineering, etc.), and the pay arrangements which corporations of similar size have adopted in our industry on both the national and local levels. Items considered include the experience of and contribution made (or to be made for new hires or promotions) by each person, and the methods of paying them (principally salary and stock options). In addition, the compensation committee reviews and recommends to the board of directors the granting of stock options to non-executive employees.

Compensation packages for the executive officers are approved by vote of the independent directors.

EXECUTIVE COMMITTEE. The executive committee members are Keith G. Larsen, John L. Larsen, Harold F. Herron, Nick Bebout and H. Russell Fraser. This committee helps implement the board of directors' overall directives as necessary. This committee usually does not conduct formal meetings (none were held in 2003).

NOMINATING COMMITTEE AND NOMINATING PROCESS. When needed as determined by the board of directors, the nominating committee considers and recommends to the board of directors individuals who may be suitable to be nominated to serve as directors. H. Russell Fraser and Don Anderson are the nominating committee members; they are independent under criteria established by the NASD.

The nominating committee has adopted a written charter regarding the Company's director nomination process. This charter is not available on the company's website, but is included with this proxy statement. Copies also are available on request (without charge) addressed to Daniel P. Svilar, Secretary, U.S. Energy Corp., 877 North 8th West, Riverton, Wyoming 82501.

Pursuant to its charter, the nominating committee has adopted a policy for consideration of any director candidates recommended by security holders, and may (or may not) recommend to the board of directors that candidate(s) be put on an Annual Meeting election slate and identified in the Company's proxy statement, if:

- * At least 150 calendar days before the meeting date, the security holder requests in writing that the nominating committee consider an individual for inclusion as a director nominee in the next proxy statement for an Annual Meeting. The security holder must identify the individual and provide background information about the individual sufficient for the committee to evaluate the suggested nominee's credentials. Such requests should be addressed to Keith G. Larsen, President, or John L. Larsen, Chief Executive Officer, who will forward the requests to the nominating committee.

- * The candidate meets certain specific minimum qualifications:
Substantial experience in top or mid-level management (or serving as a director) of public mineral exploration companies, with particular emphasis on understanding and evaluating mineral properties for either financing, exploration and development, or joint venturing with industry partners; contacts with mining or oil and gas industry companies to develop strategic partnerships or investments with the

Company; and the ability to understand and analyze complex financial statements. A security holder-recommended candidate also will have to possess a good business and personal background, which the nominating committee will independently verify. These same categories of qualifications will be used by the nominating committee in considering any nominee candidate, whether recommended by a security holder, an officer, or another director.

* Although all security holder-recommended candidates, and all candidates recommended by another director or by an officer, will be evaluated by the nominating committee in good faith, the full board of directors, by majority vote, will make the final decision whether to include an individual on an Annual Meeting election slate and identified in the proxy statement for that Annual Meeting.

* For the 2004 Annual Meeting, or for the next Annual Meeting, the nominating committee has not received a request from any security holder for consideration of a nominee candidate.

Both of the current director nominees for election at the 2004 Annual Meeting are incumbent directors standing for re-election, except for Mike Anderson, who was appointed by the board of directors in April 2003 to fill a vacancy.

MANAGEMENT COST APPORTIONMENT COMMITTEE, established by USE and Crested in 1982, reviews the apportionment of costs between USE and Crested. John L. Larsen and Robert Scott Lorimer are members of this committee.

PRINCIPAL HOLDERS OF VOTING SECURITIES OF THE COMPANY

The following is a list of all record holders who, as of the record date for this Annual Meeting, beneficially owned more than 5% of the outstanding shares of common stock, and the outstanding common stock beneficially held by each director and nominee, and by all officers and directors as a group, as reported in filings with the SEC, or as otherwise known to us. This list includes shares held by Mark J. Larsen, an officer and director of a subsidiary, but not an officer or director of the Company. Except as otherwise noted, each holder exercises the sole voting and dispositive powers over the shares listed opposite the holder's name, excluding the shares subject to forfeiture and those held in ESOP accounts established for the employee's benefit. Dispositive powers over the forfeitable shares held by employees who are not officers and a non-employee director ("Forfeitable Shares") are shared by the Company's board of directors. Voting and dispositive powers over forfeitable shares held by the Company's five executive officers ("Officers' Forfeitable Shares") are shared by the Company's non-employee directors (Messrs. Don Anderson, Mike Anderson, Bebout and Fraser). The ESOP Trustees (John L. Larsen and Harold F. Herron) exercise voting powers over non-allocated ESOP shares and dispositive powers over all ESOP shares. It should be noted that voting and dispositive powers over certain shares are shared by one or more of the listed holders. Such securities are reported opposite each holder having a shared interest therein.

Substantially all the work efforts of the officers of USE and Crested are devoted to the business of both companies.

All USECC personnel are employees of USE, in order to utilize the Company's ESOP as an employee benefit mechanism. The Company charges USECC for the direct and indirect costs of its employees for time spent on USECC matters, and USECC charges one-half of that amount to Crested and the Company.

The following table sets forth the compensation paid to the USE Chief Executive Officer, and the four USE executive officers, and Mark J. Larsen, President of RMG, in 2001, 2002 (and the seven months ended December 31, 2002), and 2003. EXECUTIVE COMPENSATION PLANS AND EMPLOYMENT AGREEMENTS

The Company has adopted a plan to pay the dependants of Messrs. J. Larsen and Svilar amounts equivalent to the salaries they are receiving at the time of their death, for a period of one year after death, and reduced amounts for up to five years thereafter. The amounts to be paid in such subsequent years have not yet been established, but would be established by the boards of directors of the Company and Crested.

Edgar Filing: US ENERGY CORP - Form DEF 14A

Mr. Svilar has an employment agreement with the Company and Crested, which provides for an annual salary in excess of \$100,000, with the condition that Mr. Svilar pay an unspecified amount of expenses incurred by him on behalf of the Company and its affiliates. In the event Mr. Svilar's employment is involuntarily terminated, he is to receive an amount equal to the salary he was being paid at termination, for a year. If he should voluntarily terminate his employment, the Company and Crested will pay him that salary for nine months thereafter. The foregoing is in addition to Mr. Svilar's Executive Severance and Non-Compete Agreement with the Company (see below).

In fiscal 1992, the Company signed Executive Severance and Non-Compete Agreements with Messrs. John L. Larsen, Svilar and Lorimer, providing for payment to such person upon termination of his employment with the Company, occurring within three years after a change in control of the Company, of an amount equal to (i) severance pay in an amount equal to three times the average annual compensation over the prior five taxable years ending before change in control, (ii) legal fees and expenses incurred by such persons as a result of termination, and (iii) the difference between market value of securities issuable on exercise of vested options to purchase securities in USE, and the options' exercise price. These Agreements also provide that for the three years following termination, the terminated individual will not compete with USE in most of the western United States in regards to exploration and development activities for uranium, molybdenum, silver or gold. During fiscal 2001, the Company signed similar Agreements with Keith Larsen, Mark Larsen, Richard Larsen, and Harold Herron. For such non-compete covenant, such persons will be paid monthly over a three year period an agreed amount for the value of such covenants. These Agreements are intended to benefit the Company's shareholders, by enabling such persons to negotiate with a hostile takeover offeror and assist the board of directors concerning the fairness of a takeover, without the distraction of possible tenure insecurity following a change in control. As of this proxy statement, the Company is unaware of any proposed hostile takeover.

The Company and Crested provide all of their employees with certain forms of insurance coverage, including life and health insurance, with the exception of Messrs. John L. Larsen and Daniel P. Svilar. The Company and Crested reimburse Messrs. John Larsen and Svilar for their medicare supplement premiums.

17

The health insurance plan does not discriminate in favor of executive employees; life insurance of \$200,000 is provided to each member of upper management (which includes all persons in the compensation table), \$100,000 of such coverage is provided to middle-management employees, and \$90,000 of such coverage is provided to other employees.

EMPLOYEE STOCK OWNERSHIP PLAN ("ESOP"). An ESOP has been adopted to encourage ownership of the common stock by employees, and to provide a source of retirement income to them. The ESOP is a combination stock bonus plan and money purchase pension plan. It is expected that the ESOP will continue to invest primarily in the common stock. Messrs. J. Larsen and Herron are the trustees of the ESOP.

Contributions to the stock bonus plan portion of the ESOP are discretionary and are limited to a maximum of 15% of the covered employees' compensation for each accounting year. Contributions to the money purchase pension portion of the ESOP are mandatory (fixed at ten percent of the compensation of covered employees for each year), are not dependent upon profits or the presence of accumulated earnings, and may be made in cash or shares of company's common stock.

Edgar Filing: US ENERGY CORP - Form DEF 14A

The Company made a contribution of 76,794 shares to the ESOP for the twelve months ended December 31, 2003, all of which were contributed under the money purchase pension plan. At the time the shares were contributed, the market price was \$3.10 per share, for a total contribution with a market value of \$236,400 (which has been funded by the Company). The Company and Crested each are responsible for one-half of that amount. 37,204 of the shares were allocated to the ESOP accounts of the executive officers of the Company and the president of Rocky Mountain Gas, Inc. Additionally, 5,166 shares were allocated to the ESOP accounts of these same individuals from ESOP shares forfeited by terminated employees who were not fully vested.

Employee interests in the ESOP are earned pursuant to a seven year vesting schedule; after three years of service, the employee is vested to 20% of the ESOP account, and thereafter at 20% per year. Any portion which is not vested is forfeited upon termination of employment, other than by retirement, disability, or death.

The maximum loan outstanding during the twelve months ended December 31, 2003 under a loan arrangement between the Company and the ESOP was \$927,013 at December 31, 2003. Interest owed by the ESOP was not booked by the Company. Crested pays one-half of the amounts contributed to the ESOP by the Company. Because the loans are expected to be repaid by contributions to the ESOP, Crested may be considered to indirectly owe one-half of the loan amounts to the Company.

401(K) PLAN. In first quarter 2004, the Company established a traditional qualified 401(k) plan for employees, by which the Company will match \$0.50 for each \$1.00 contributed by participating employees, up to an annual \$3,000 per employee maximum contribution by the Company. Through March 31, 2004, the Company has contributed \$3,382 to this plan. Plan eligibility and vesting rules are uniform for all employees, including executive officers of the Company.

1998 INCENTIVE STOCK OPTION PLAN. The Company's 1998 Incentive Stock Option Plan ("1998 ISOP") reserved an aggregate of 2,750,000 shares of common stock for issuance upon exercise of options granted thereunder.

Options expire no later than ten years from the date of grant, and upon termination of employment for cause. Subject to the ten year maximum period, upon termination, unless terminated for cause, options are exercisable for three months or in the case of retirement, disability or death, for one year.

18

Options on 1,494,146 shares are outstanding. No more options will be issued under the 1998 ISOP.

2001 INCENTIVE STOCK OPTION PLAN ("2001 ISOP"). The 2001 ISOP was approved at the 2001 Annual Meeting of Shareholders meeting, and provides for the issuance of options to purchase up to 3.0 million shares of common stock; the options are intended to qualify under section 422 of the Internal Revenue Code. Options are issued at exercise prices equal to (or for holders of 10% or more of the outstanding stock at the time, 110% of) market price on grant dates, and would vest (become exercisable) at various times as determined by the executive committee and approved by the board of directors. All options are exercisable for cash, or through other means as determined by the executive committee and approved by the board of directors, in accordance with similar plans of public companies.

Edgar Filing: US ENERGY CORP - Form DEF 14A

For information about options, please see the consolidated Financial Statements in the Annual Report for the twelve months ended December 31, 2003. In 2003, no options were granted, and previously granted options on 275,621 shares were exercised.

The board of directors has approved (subject to approval by shareholders) an increase in the number of shares of common stock to be covered by the 2001 ISOP. See Proposal 2.

1996 STOCK AWARD PROGRAM. The Company had an annual incentive compensation arrangement for the issuance of up to 67,000 shares of common stock each year (from 1997 through 2002) to executive officers of the Company, in amounts determined each year based on earnings of the Company for the prior fiscal. A total of 392,536 shares were issued under this plan. The compensation committee did not award any shares under this plan during the seven months ended December 31, 2002; 43,378 shares were issued in 2003 to close out the program.

One-half of the compensation expense under the Program was the responsibility of Crested.

Each allocation of shares was issued in the name of the officer, and is earned out (vested) over 5 years, at the rate of 20% as of May 31 of each year following the date of issue. However, none of the vested shares become available to or come under the control of the officer until termination of employment by retirement, death or disability. Upon termination, the share certificates will be released to the officer; until termination, the certificates are held by the Treasurer of the Company. Voting rights are exercised over the shares by the non-employee directors of the Company; dividends or other distributions with respect to the shares will be held by the Treasurer for the benefit of the officers.

The number of shares awarded each year out of such 67,000 shares aggregate limit was determined by the compensation committee.

Edgar Filing: US ENERGY CORP - Form DEF 14A

2001 STOCK COMPENSATION PLAN. The shareholders approved the 2001 Stock Compensation Plan (the "plan") at the 2001 Annual Shareholders Meeting.

The plan has an initial term of seven years, with up to 10,000 shares of common stock to be issued in January of each year to six individuals (five officers of U.S. Energy Corp: John L. Larsen, Keith G. Larsen, Robert Scott Lorimer, Harold F. Herron, Daniel P. Svilar, and Mark J. Larsen, president and a director of Rocky Mountain Gas, Inc.). The number of shares to be issued in any year is determined by the compensation committee and approved by the independent directors, taking into account our public stock prices at the date of grant and during the prior calendar year, the Company's financial condition and business prospects, and other factors deemed appropriate. The Company pays the income taxes owed by recipients as a result of receipt of the stock.

The stock recipients will agree not to sell or transfer such shares during their employment with the Company. As of December 31, 2003, 100,000 shares had been granted under the Plan (20,000 shares each

21

to John L. Larsen, Keith G. Larsen, Robert Scott Lorimer, Harold F. Herron, and Daniel P. Svilar). No shares were issued under the Plan in 2001 or 2002. Mark J. Larsen will be first eligible to receive shares under the Plan in 2005.

The 2001 Stock Compensation Plan is now the sole mechanism for compensating management with stock, however options may be granted to management and others under the 2001 ISOP. This plan is designed to reward executives with equity, and encourage them to increase their ownership of the Company and not sell their shares in the market.

DIRECTORS' FEES AND OTHER COMPENSATION

The Company pays non-employee directors a fee of \$150 per meeting attended. All directors are reimbursed for expenses incurred with attending meetings.

In addition, non-employee directors are compensated for services at \$400 per month, payable each year by the issue of shares of USE common stock based on the closing stock market price as of January 15. In 2003, the Company issued 3,891 shares to the non-employee directors on that date (1,297 shares each to Don Anderson, H. Russell Fraser, and Nick Bebout), at \$3.70 per share (market price on January 15, 2003).

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

DEBT OWED BY A DIRECTOR. In the early 1990s, Harold F. Herron, an officer and director, had been living in and caring for a house owned by the Company. In fiscal 1995, Mr. Herron purchased the house for \$260,000 (equal to appraised value), and was reimbursed by the Company for \$22,830 of leasehold improvements he had made to the property. The Company accepted a promissory note for \$112,170 of the purchase price, with 7% annual interest; a payment schedule was entered into and Mr. Herron is current in his payments on the note. This note was a nonrecourse note secured by 30,000 shares of the Company's common stock owned by Mr. Herron. At December 31, 2003, he owed \$90,300 on the note. During 2003, he gave up 5,000 shares of the collateral to reduce the debt. The collateral now consists of 10,000 shares of the Company.

FAMILY EMPLOYMENT. Three of John L. Larsen's sons, one former son-in-law (Harold F. Herron), and one grandson are employed by the Company or

Edgar Filing: US ENERGY CORP - Form DEF 14A

subsidiaries. Collectively, Mr. Larsen and these family members received \$1,217,600 in total compensation for services during the twelve months ended December 31, 2003. Not included is 2003 compensation paid to two sons-in-law who ceased working for the Company or its subsidiaries ((including Peter Schoonmaker, who is now employed by Pinnacle Gas Resources, Inc., a minority-owned subsidiary).

TRANSACTIONS INVOLVING USECC AND CRESTED. The Company and Crested conduct most activities through their equally-owned joint venture USECC. From time to time the Company and Crested advance funds to or make payments on behalf of USECC, which create intercompany debt. The party extending funds is subsequently reimbursed by the other venturer. Crested owed the Company \$9,403,300 at December 31, 2003.

PROPOSAL 2. AMEND THE 2001 INCENTIVE STOCK OPTION PLAN

The 2001 Incentive Stock Option Plan presently has 3,000,000 shares of common stock authorized for issuance upon exercise of options. Options on 1,409,000 shares now are outstanding.

22

The board of directors is proposing to increase the number of shares authorized for issue on exercise of options to always be a number equal to 20% of the issued and outstanding shares of common stock, and recommends that shareholders vote in favor of this proposal.

Approval of this proposal by shareholders at the Annual Meeting will eliminate the need to further amend the 2001 ISOP, or adopt a new incentive stock option plan, at such time as the authorized number of shares is exhausted (or nearly exhausted) by issuance of options in the future.

If this proposal is approved by shareholders, the number of shares available for the 2001 ISOP always will be sufficient. By way of example, at such time as there are 16,000,000 shares of common stock issued and outstanding, the number of shares available for the 2001 ISOP shares would be increased automatically to 3,520,000 shares (a 20% increase). The number of shares available for purchase on exercise of the options outstanding when an increase is made, and all the other terms of outstanding options, would not be changed. Approval of the 20% ceiling increase mechanism will not limit the number of options which can be issued under the 2001 ISOP in any one year, or the number of shares underlying options held by any employee of the Company.

PROPOSAL 3: RATIFICATION OF THE APPOINTMENT OF INDEPENDENT AUDITORS

The board of directors seeks shareholder ratification of the board's appointment of Grant Thornton LLP, certified public accountants, to act as the auditors of our financial statements for the fiscal year ending December 31, 2004. The audit committee has recommended that the board retain this auditing firm for 2004. Grant Thornton audited our financial statements for the fiscal years ended May 31, 2002 and 2001, the seven month period ended December 31, 2002, and the calendar year ended December 31, 2003. The board has not determined what action, if any, would be taken should the appointment of Grant Thornton not be ratified at the meeting.
