or developments that management expects or anticipates will or may occur in the future, including statements related to distributor channels, volume growth, revenues, profitability, new products, acquisitions, adequacy of funds from operations, statements expressing general optimism about future operating results and non-historical information, are forward-looking statements. In particular, the words "BELIEVE," "EXPECT," "INTEND," "ANTICIPATE," "ESTIMATE," "MAY," "WILL," variations of such words, and similar expressions identify forward-looking statements, but are not the exclusive means of identifying such statements and their absence does not mean that the statement is not forward-looking. These forward-looking statements are subject to certain risks and uncertainties, including those discussed below. Our actual results, performance or achievements could differ materially from historical results as well as those expressed in, anticipated or implied by these forward-looking statements. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Readers should not place undue reliance on these forward-looking statements, which are based on management's current expectations and projections about future events, are not guarantees of future performance, are subject to risks, uncertainties and assumptions (including those described below) and apply only as of the date of this Report. Our actual results, performance or achievements could differ materially from the results expressed in, or implied by, these forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to, those discussed below "Management's Discussion and Analysis and Plan of Operation," as well as those discussed elsewhere in this Report, and the risks discussed in our most recently filed Annual Report on Form 10-KSB and in the press releases and other communications to shareholders issued by us from time to time which attempt to advise interested parties of the risks and factors that may affect our business.

ACUNETX, INC. (F/K/A EYE DYNAMICS, INC)

NOTES TO INTERIM UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS  
March 31, 2006

NOTE 1 - NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business: AcuNetx, Inc. (the "Company" or "AcuNetx", formerly known as Eye Dynamics, Inc. or "EDI") designs, develops, produces and markets diagnostic equipment that measures, tracks and records human eye movements, utilizing the Company's proprietary technology and computer software. The products perform separate, but related, functions and target two separate markets. First, the Company markets a neurological diagnostic product that tracks and measures eye movements during a series of standardized tests, as an aid in diagnosing problems of the vestibular (balance) system and other balance disorders. Second, the Company's impairment detection devices target the corporate and criminal justice markets and are designed to test individuals for impaired performance resulting from the influences of alcohol, drugs, illness, stress and other factors that affect eye and pupil performance. The Company is a Nevada corporation formed in 1989 and qualified to do business in California in 1992.

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

On December 23, 2005, the Company completed the merger with OrthoNetx, Inc. ("OrthoNetx" or "ONX"), a Colorado-based provider of medical devices for osteoplastic surgery. The acquisition was completed as a stock transaction in which ONX shareholders received the number of shares equal to the number of EDI's outstanding shares at the closing date.

Following the merger, the Company changed its name to AcuNetx, Inc. and shifted its headquarters to Superior, Colorado. The President and CEO of ONX assumed the position of President and CEO of the merged company.

A summary of significant accounting policies follows:

**Presentation of Interim Information:** The financial information at March 31, 2006 and for the three months ended March 31, 2006 and 2005 is unaudited but includes all adjustments (consisting only of normal recurring adjustments) that the Company considers necessary for a fair presentation of the financial information set forth herein, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") for interim financial information, and with the instructions to Form 10-QSB. Accordingly, such information does not include all of the information and footnotes required by U.S. GAAP for annual financial statements. For further information refer to the Consolidated Financial Statements and footnotes thereto included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2005.

The results for the three months ended March 31, 2006 may not be indicative of results for the year ending December 31, 2006 or any future periods.

**Reclassification:** Certain prior period balances have been reclassified to conform to the current period presentation.

**Principle of Consolidation and Presentation:** The accompanying financial statements include the accounts of AcuNetx, Inc. and its divisions after elimination of all intercompany accounts and transactions. Certain prior period balances have been reclassified to conform to the current period presentation.

**Use of estimates:** The preparation of the accompanying consolidated financial statements in conformity with accounting principles generally accepted in the United States (U.S. GAAP) requires management to make certain estimates and assumptions that directly affect the results of reported assets, liabilities, revenue, and expenses. Actual results may differ from these estimates.

6

**Intellectual Property:** The Company capitalizes intellectual property costs as incurred, excluding costs associated with Company personnel, relating to patenting its technology. As of March 31, 2006, the capitalized costs, the majority of which represent legal fees, are related to a patent application. If the Company elects to stop pursuing a particular patent application or determines that a patent application is not likely to be awarded or elects to discontinue payment of required maintenance fees for a particular patent, the Company, at that time, records as expense the capitalized amount of such patent application or patent. Awarded patents will be amortized over the shorter of the economic or legal life of the patent.

**Goodwill:** Goodwill represents the excess of the purchase price in the merger with OrthoNetx (see Note 9 to interim unaudited consolidated financial statements) over the fair value of net tangible and intangible assets acquired

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

in the merger. Goodwill amounts are not amortized, but rather are tested for impairment at least annually. There was no impairment of goodwill for three months ended March 31, 2006. The Company had no goodwill in 2005

**Investment:** The Company held 20% of the issued and outstanding common stock of a Colorado privately-held company. The Company accounts for the investment using the equity method of accounting. Under the equity method, the carrying amount of the investment is increased for its proportionate share of the investee's earning or decreased for its proportionate share of the investee's loss. During the three month period ended March 31, 2006, the Company recorded losses of \$17,886 as its pro rata share of net losses in this privately-held company. The Company had no equity method investment in 2005.

The Company monitors the investment for impairment and makes appropriate reductions in carrying value if the Company determines that an impairment charge is required based primarily on the financial condition and near-term prospects of this company.

**Income (Loss) Per Common Share:** Basic net income (loss) per share includes no dilution and is computed by dividing net income (loss) available to common stockholders by the weighted average number of common stock outstanding for the period. Diluted earnings per share is computed by dividing net income by the weighted average number of shares outstanding and, when, diluted, potential shares from options and warrants to purchase common stock using the treasury stock method. Diluted net loss per common share does not differ from basic net loss per common share since potential shares of common stock are anti-dilutive for all periods presented.

**Stock-based Compensation:** Prior to January 1, 2006, the Company's stock option plans were accounted for under the recognition and measurement provisions of APB Opinion No. 25 (Opinion 25), "Accounting for Stock Issued to Employees," and related Interpretations, as permitted by FASB Statement No. 123, "Accounting for Stock-Based Compensation" (as amended by SFAS No. 148, "Accounting for Stock-Based Compensation Transition and Disclosure") (collectively SFAS 123). No stock-based employee compensation cost was recognized in the Company's consolidated statements of operations through December 31, 2005, as all options granted under the plans had an exercise price equal to the market value of the underlying common stock on the date of grant. Effective January 1, 2006, the Company adopted the fair value recognition provisions of FASB Statement No. 123(R), "Share-Based Payment" (SFAS 123R), using the modified-prospective-transition method. Under that transition method, compensation cost recognized in 2006 includes: (a) compensation cost for all share-based payments granted prior to, but not yet vested as of January 1, 2006 based on the grant date fair value calculated in accordance with the original provisions of SFAS 123, and (b) compensation cost for all share-based payments granted subsequent to December 31, 2005, based on the grant-date fair value estimated in accordance with the provisions of SFAS 123(R).

7

### NOTE 1 - NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

As a result of adopting SFAS 123(R) on January 1, 2006, the Company recognized pre-tax compensation expense related to stock options of \$108,030. The following table illustrates the effect on net loss and net loss per share if the Company had applied the fair value recognition provisions of SFAS 123 to options granted under the Company's stock option plan for the three months ended March 31, 2005.

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

For purposes of this pro forma disclosure, the value of the options is estimated using the Black-Scholes option-pricing model and is being amortized to expense over the options' vesting periods.

Net loss, as reported	\$ (75,460)	
Deduct: Total stock-based employee compensation expense determined under the fair value of awards, net of tax related effects	39,600	-----
Pro forma net loss	\$ (115,060)	=====
Reported net loss per share-basic and diluted	\$ (0.00)	=====
Pro forma net loss per share-basic and diluted	\$ (0.01)	=====

The Company accounts for stock issued to non-employees in accordance with the provisions of SFAS No. 123 and the EITF Issue No. 00-18, "Accounting for Equity Instruments That Are Issued to Other Than Employees for Acquiring, or in Conjunction with Selling, Goods or Services." SFAS No. 123 states that equity instruments that are issued in exchange for the receipt of goods or services should be measured at the fair value of the consideration received or the fair value of the equity instruments issued, whichever is more reliably measurable. Under the guidance in Issue 00-18, the measurement date occurs as of the earlier of (a) the date at which a performance commitment is reached or (b) absent a performance commitment, the date at which the performance necessary to earn the equity instruments is complete (that is, the vesting date).

New Accounting Pronouncements: The Financial Accounting Standards Board (FASB) has issued Statements of Financial Accounting Standards No. 155, "Accounting for Certain Hybrid Financial Instruments—an amendment of FASB Statements No. 133 and 140" and SFAS No. 156, "Accounting for Servicing of Financial Assets—an amendment of FASB Statement No. 140" but they will not have a relationship to the operations of the Company. Therefore a description and its impact for each on the Company's operations and financial position have not been disclosed.

### NOTE 4 - INCOME TAXES (CONTINUED)

The components of the deferred net tax assets are as follows:

At March 31,	2006	2005
-----		
Net Operating Loss Carryforwards	\$ 1,175,968	\$ 220,993
Property and equipment	(1,306)	(199)

Valuation Allowance	(956,044)	-
	-----	-----
Net deferred tax assets	\$ 220,635	\$ 219,233
-----		

The Company had removed the valuation allowance as of December 31, 2003 because it believed it was more likely than not that all deferred tax assets would be realized in the foreseeable future and was reflected as a credit to operations. However, as of December 31, 2005, the Company's ability to utilize its federal net operating loss carryforwards is uncertain due to the net loss of the year and the merger with OrthoNetx which has net operating loss carryforwards approximately of \$1.7 million as of that date, and thus a valuation reserve has been provided against the Company's net deferred tax assets.

As of December 31, 2005, the Company has net operating loss carryforwards of approximately, \$3,200,000 and \$833,000 to reduce future federal and state taxable income, respectively. To the extent not utilized, the federal net operating loss carryforwards will begin to expire in fiscal 2009 and the state net operating loss carryforwards will begin to expire in fiscal 2012.

### NOTE 5 - STOCKHOLDERS' EQUITY

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

### Private Placement Offering

In September 2005, OrthoNetx commenced a private placement offering ("Offering") of equity securities to raise on a best efforts basis a maximum of \$1,500,000 in conjunction with the planned merger with Eye Dynamics discussed in Note 3. There is no minimum amount required to be raised with the Offering. The Offering consists of units priced at \$50,000 per unit. Each unit consists of (a) shares of the OrthoNetx's common stock at a price equal to the lesser of \$.22 per share or 90% of the average closing price of Eye Dynamics common stock over the 30 days prior to the closing of the merger with Eye Dynamics and (b) warrants to purchase additional shares of the OrthoNetx's common stock equal to 50% of the number of shares of common stock purchased in the Offering, exercisable for two years at \$.33 per share. Total proceeds from this offering were \$650,000; the Company received net proceeds of \$602,779 after offering expenses. Additional offering expenses of \$81,250 were paid, of which \$15,000 was paid in cash in 2005; \$16,250 was paid in cash in 2006; and the balance of \$50,000 was paid in 277,778 shares of AcuNetx's common stock. All cash proceeds were received in January 2006 and total of 3,888,892 shares of AcuNetx's common stock, including the 277,778 shares, were issued.

In March 2006, a Subscription Agreement from the 2005 Private Placement Memorandum was fulfilled in the amount of \$500,000, resulting in \$450,000 net proceeds after offering expenses. Galen Capital Group, the former financial advisor, is the investor and received 2,777,778 shares of common stock of the Company for their investment.

### Exercising of stock warrants

During the first three months of 2006, there were stock warrants exercised. The Company received total proceeds of \$20,000. No stock warrants were exercised in 2005.

11

### NOTE 5 - STOCKHOLDERS' EQUITY (CONTINUED)

#### Non-Executive Directors' Stock Plan

On February 27, 2006 the Board of Directors agreed to provide 300,000 shares of restricted stock to each of the four nonemployee directors as compensation for 2006 services pursuant to the 2006 Non-Executive Stock Plan established on March 27, 2006. The shares were valued at \$0.25 which was the closing market price on the date of grant. The total compensation of \$300,000 was amortized on a straight line basis over a twelve month period. During the three months ended March 31, 2006, the Company recognized directors' compensation of \$75,000. The Plan shall be in effect until December 31, 2006. Share certificates are in process of being issued.

#### Increase of Authorized Shares

In March 2006, the Board of Directors approved to increase the number of authorized common stocks to 200 million. The amendment to its article of incorporation will be filed in second quarter of 2006.

### NOTE 6 - STANDBY EQUITY DISTRIBUTION AGREEMENT

On January 31, 2006, the Company entered into a Standby Equity Distribution Agreement (SEDA) with Cornell Capital Partners, LP ("Cornell"), to finance the

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

continued development of its products. Under the agreement, Cornell has committed to provide up to \$12 million of equity financing to be drawn down over a 24-month period at the Company's discretion. The financing will become available after the Company has filed a Registration Statement covering the securities with the Securities and Exchange Commission (the "SEC"), and the SEC has declared the Registration Statement effective. The maximum amount of each drawdown is \$500,000, and there must be at least five trading days between drawdowns.

Under the Standby Equity Distribution Agreement, each drawdown is actually a sale by the Company to Cornell of newly-issued shares of common stock, in the amount necessary to equate to the desired cash proceeds. Cornell will pay the Company 98% of, or a 2% discount to, the lowest closing bid price of the Company's common stock during the five consecutive trading day period immediately following the date the Company notifies Cornell that the Company desires to access the Standby Equity Distribution Agreement. Under the agreement, the Company may not issue Cornell a number of shares of common stock such that it would beneficially own greater than 9.99% of the Company's outstanding shares of common stock.

In addition, Cornell Capital Partners will retain 5% of each cash payment under the Standby Equity Distribution Agreement as a commitment fee. The Company also issued 1,450,000 shares of common stock to Cornell Capital Partners as a one-time commitment fee. The 2% discount, the 5% commitment fee and the shares of common stock are considered to be underwriting discounts payable to Cornell Capital Partners. The Company also paid \$5,000 as a due diligence fee to Cornell Capital Partners.

The Company also agreed to pay Yorkville Advisors, LLC, an affiliate of Cornell Capital Partners, a structuring fee of \$10,000 upon the earlier to occur of (i) the first drawdown under the Standby Equity Distribution Agreement, or (ii) April 21, 2006, as well as a fee of \$500 per advance made.

Under the agreement, the Company shall issue three warrants to purchase the Company's common stock to Cornell. The first is a one-year warrant for 250,000 shares, with an exercise price of \$0.50 per share. The second is a two-year warrant for 250,000 shares, with an exercise price of \$1.00 per share. The third is a three year warrant for 500,000 shares, with an exercise price of \$2.00 per share.

### NOTE 6 - STANDBY EQUITY DISTRIBUTION AGREEMENT (CONTINUED)

The Company agreed to register for resale, on Form SB-2, the shares of common stock which the Company sell to Cornell Capital Partners under the Standby Equity Distribution Agreement, as well shares issuable upon exercise of the warrants and the shares issued as a commitment fee.

The Company engaged Monitor Capital, Inc., a registered broker-dealer, to act as placement agent in connection with the Standby Equity Distribution Agreement, pursuant to a Placement Agent Agreement dated as of January 31, 2006. The Company shall pay Monitor Capital, Inc. 50,000 shares of Common Stock as a fee under the Placement Agent Agreement.

### NOTE 7 - STOCK OPTIONS

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

On March 27, 2006 the Board of Directors approved and adopted the 2006 Stock Incentive Plan to provide for the issuance of incentive stock options and/or nonstatutory options to all employees and nonstatutory options to consultants and other service providers. Generally, all options granted to employees and consultants expire ten and three years, respectively, from the date of grant. All options have an exercise price higher than the fair market value of the Company's stock on the date the options were granted. It is the policy of the Company to issue new shares for stock option exercised and restricted stock, rather than issue treasury shares. Options generally vest over three years. The plan reserves 14 million shares of common stock under the Plan and shall be effective through December 31, 2015. On January 3, 2005, the Board of Directors approved to issue stock options to directors in the amount of 20,000 shares for each of the years from 1999 through 2004. The total options for each of directors shall be 120,000 shares. The options are vesting immediately and exercisable at \$0.15 per share through January 3, 2007.

A summary of the status of stock options issued by the Company as of March 31, 2006 and 2005 is presented in the following table.

	2006		2005	
	Number of Shares	Weghted Average Exercise Price	Number of Shares	Weght Avera Exerci Pric
Outstanding at beginning of year	415,000	\$ 0.15	-	\$
Granted	6,765,000	0.21	360,000	0.
Exercised/Expired/Cancelled	-	-	-	
	-----		-----	
Outstanding at end of period	7,180,000	\$ 0.20	360,000	\$ 0.
	=====		=====	
Exercisable at end of period	1,150,000	\$ 0.18	360,000	\$ 0.
	=====		=====	

The fair value of each stock option granted is estimated on the date of grant using the Binominal Lattice option valuation model for 2006 and the Black-Scholes Merton option valuation model for 2005. Both models use the assumptions listed in the table below. Expected volatilities are based on the historical volatility of the Company's stock. The risk-free rate for periods within the expected life of the option is based on the U.S. Treasury yield curve in effect at the time of grant.

Expected volatility	162.13%	163.36%

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

As of March 31, 2006, there was \$1,016,311 of total unrecognized compensation cost related to nonvested share-based compensation arrangements granted under the various plans. That cost is expected to be recognized over a weighted average period of 2.7 years.

### NOTE 8 - NET LOSS PER SHARE

The following table sets forth the computation of basic and diluted net loss per share for three months ended March 31st:

	2006	2005
-----		
Numerator:		
Net loss	\$ (842,530)	\$ (75,460)
Denominator:		
Weighted average of common shares	53,860,247	17,949,748
Net loss per share - basic and diluted	\$ (0.02)	\$ (0.00)

As the Company incurred net loss for the three months ended March 31, 2006, the effect of dilutive securities totalling 693,276 equivalent shares have been excluded from the calculation of diluted loss per share because their effect was anti-dilutive.

As the Company incurred net loss for the three months ended March 31, 2005, the effect of dilutive securities totalling 4,064,299 equivalent shares have been excluded from the calculation of diluted loss per share because their effect was anti-dilutive.

### NOTE 9 - MERGERS AND ACQUISITIONS

Pursuant to the Agreement and Plan of Merger ("ONX Agreement") with OrthoNetx, Inc., a privately-held company in Colorado, dated September 1, 2005, the Company acquired 100% of the issued and outstanding common stock of OrthoNetx. The acquisition was completed on December 23, 2005.

OrthoNetx, Inc., which was formed in 1996, develops, manufactures, markets and supports proprietary medical devices for distraction osteogenesis (mechanically induced growth of new bone and adjacent soft tissues) to treat human bone-related tissue deficiencies and deformities, both congenital and acquired. OrthoNetx has patented and developed its GENEROS(TM) family of distraction osteogenesis devices for infants, children and adults with: (a) craniofacial deformities and mandibular, maxillary and/or alveo (dental) bone loss, and (b) deficiencies and malformations of the upper and lower limbs, and in the bones of hands and feet.

### NOTE 9 - MERGERS AND ACQUISITIONS (CONTINUED)

Under the terms of the ONX Agreement, the shareholders of ONX will receive the number of shares equal to the number of outstanding shares of EDI's common stock, including stock options and stock warrants at the closing date. As a result, each outstanding share of ONX's common stock was converted into approximately 0.805 shares of AcuNetx's common stock. Immediately upon the

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

completion of the merger, ONX's CEO became the CEO of AcuNetx.

The acquisition was accounted for as a business combination, and accordingly, the tangible assets acquired were recorded at their fair value at December 23, 2005. The results of operations of OrthoNetx have been included in the Company's consolidated financial statements subsequent to that date. The total purchase price is \$4,705,699, and is comprised of:

Stocks issued to acquire the outstanding common	
stock of OrthoNetx (22,494,953 shares at \$0.18 per share)	\$ 4,049,092
Acquisition related transaction costs (3,647,818 shares at \$0.18 per share)	656,607
	-----
Total purchase price	\$ 4,705,699
	=====

The fair value of the purchase price was valued at \$0.18 per share, which represented the closing price of the Company's stock at December 23, 2005. Acquisition related transaction costs include 3,647,818 shares issued to a financial advisor of ONX. The allocation of the purchase price to assets acquired and liabilities assumed is presented in the table that follows:

Tangible assets acquired	\$ 136,169
Property and equipment	29,772
Intangible assets	89,621
Goodwill	4,823,138
Other non-current assets	187,233
Liabilities assumed	(560,234)
	-----
Total purchase price	\$ 4,705,699
	=====

The following summary, prepared on an unaudited pro forma basis, reflects the condensed consolidated results of operations for the three months ended March 31, 2005 assuming OrthoNetx had been acquired at the beginning of the periods presented:

	2005
	-----
Net revenue	\$ 320,909
Net loss	\$ (320,795)
Basic and diluted net loss per share	\$ (0.01)

PrivaComp, Inc.

On May 27, 2005, OrthoNetx, Inc. entered into an Agreement and Plan of Merger ("PrivaComp Agreement") with PrivaComp, Inc., a Delaware corporation that is in the business of developing technologies to provide patients with secure access to their medical records and control over their medical privacy. PrivaComp is considered a development stage company. The majority shareholder and CEO of PrivaComp is also the CEO and a shareholder/director of OrthoNetx. Under the terms of the PrivaComp Agreement, all of the issued and outstanding shares of PrivaComp stock were cancelled and converted into 1,000,000 shares of OrthoNetx's common stock. OrthoNetx is the surviving corporation and assumed all assets and liabilities of PrivaComp, consisting primarily of developed software, a pending patent application and accounts payable. The merger was effective June 30, 2005.

### NOTE 9 - MERGERS AND ACQUISITIONS (CONTINUED)

PrivaComp and OrthoNetx are related through common ownership. Accordingly, the assets and liabilities of PrivaComp have been recorded by OrthoNetx at historical cost at June 30, 2005 as follows:

Assets:	
Intellectual Property	\$ 54,567
Liabilities:	
Accounts Payable	(62,669)
	-----
Net liabilities assumed	\$ (8,102)
	=====

PrivaComp had no activity during the three months ended March 31, 2005; therefore, no pro forma information has been presented.

### NOTE 10 - MAJOR CUSTOMERS

During the three months ended March 31, 2006, two major customers accounted for \$266,423 or 94% of IntelliNetx division revenues.

National distributor	\$199,250 or 70.3%
Foreign distributor	\$67,173 or 23.7%

During the three months ended March 31, 2005, the national distributor accounted for \$254,752 or 80.49% of IntelliNetx division revenues.

### NOTE 11 - SEGMENT INFORMATION

The Company evaluates its reporting segments in accordance with SFAS No. 131, "Disclosures about Segments of an Enterprise and Related Information." The Chief Executive Officer has been identified as the Chief Operating Decision Maker as defined by SFAS No. 131. The Chief Executive Officer allocates resources to each segment based on their business prospects, competitive factors, net sales and operating results.

In 2006, the Company changed the structure of its internally organization to develop three market-oriented operating divisions: (i) IntelliNetx (INX) division, (ii) OrthoNetx (ONX) division, and (iii) VisioNetx (VNX) division. The IntelliNetx division markets patented medical devices that assist in the diagnosis of dizziness and vertigo, and rehabilitate those in danger of falling as a result of balance disorders. The OrthoNetx division markets patented medical devices that mechanically induce new bone formation in patients with skeletal deformities of the face, skull, jaws, extremities and dentition. The VisioNetx division markets patented products that track and analyze human eye movements. The Company also has other subsidiaries that do not meet the quantitative thresholds of a reportable segment.

The Company reviews the operating companies' income to evaluate segment performance and allocate resources. Operating companies' income for the reportable segments excludes income taxes and amortization of goodwill. Provision for income taxes is centrally managed at the corporate level and, accordingly, such items are not presented by segment. The segments' accounting policies are the same as those described in the summary of significant accounting policies.

Intersegment transactions: Intersegment transactions are recorded at cost.

### NOTE 12 - SALES INCENTIVE AGREEMENTS

In April 2005, the Company entered into two individual agreements with the national distributor and a special instrument dealer. The agreements provide that the Company will issue restricted common stock to the distributor and dealer as a sale incentive if certain conditions are reached pursuant to the agreements. As of March 31, 2006, none of these conditions are reached and the Company issued no shares.

### NOTE 13 - GUARANTEES AND PRODUCT WARRANTIES

The Company from time to time enters into certain types of contracts that contingently require the Company to indemnify parties against third party claims. These contracts primarily relate to: (i) divestiture agreements, under which the Company may provide customary indemnifications to purchasers of the Company's businesses or assets; (ii) certain real estate leases, under which the Company may be required to indemnify property owners for environmental and other liabilities, and other claims arising from the Company's use of the applicable premises; and (iii) certain agreements with the Company's officers, directors and employees, under which the Company may be required to indemnify such persons for liabilities arising out of their employment relationship.

The terms of such obligations vary. Generally, a maximum obligation is not explicitly stated. Because the obligated amounts of these types of agreements often are not explicitly stated, the overall maximum amount of the obligations cannot be reasonably estimated. Historically, the Company has not been obligated to make significant payments for these obligations, and no liabilities have been recorded for these obligations on its balance sheet as of March 31, 2006.

In general, the Company offers a one-year warranty for most of the products it sold. To date, the Company has not incurred any material costs associated with these warranties. The Company provides reserves for the estimated costs of product warranties based on its historical experience of known product failure rates, use of materials to repair or replace defective products and service delivery costs incurred in correcting product failures. In addition, from time to time, specific warranty accruals may be made if unforeseen technical problems arise with specific products. The Company periodically assesses the adequacy of its recorded warranty liabilities and adjusts the amounts as necessary.

The following table presents the changes in the Company's warranty reserve during the first quarter of 2006 and 2005:

	2006	2005
Balance as of beginning of period	\$ 8,462	\$ 8,884
Provision for warranty	802	759
Utilization of reserve	(802)	(3,094)

### NOTE 14 - SUBSEQUENT EVENTS

#### Manufacturing, Sales, Licensing, and Software Agreement

The Company is still negotiating to reconfigure its relationship with its national distributor including terms of the Manufacturing, Sales, Licensing, and Software Agreement with the national distributor.

#### Departure and Election of Chairman of the Board of Directors

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

On May 2, 2006, Stephen D. Moses resigned from the Board of Directors of Registrant and as Chairman of the Board of Directors. The resignation arose out of disagreements about the management and direction of the Company. The remaining Directors of the Company disagree with the assertions of Mr. Moses.

On May 3, 2006, Charles Phillips, the Company's co-founder in 1988 and currently a Director, was elected as the Chairman of the Board of Directors of the Company.

18

### ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

#### BUSINESS OVERVIEW

AcuNetx is organized around three separate divisions: (i) a medical division with neurological diagnostic equipment, (ii) a medical division with devices that create new bone, and (iii) a division with products for occupational safety and law enforcement. For all its devices, AcuNetx is integrating an information technology (IT) platform that allows the device to capture data about the physiological condition of a human being. Our IT platform is designed to gather data and connect the device-related data with users and support persons. Its products include the following:

- o Neurological diagnostic equipment that measures, tracks and records human eye movements, utilizing our proprietary technology and computer software, as a method to diagnose problems of the vestibular (balance) system and other balance disorders.
- o Devices designed to test individuals for impaired performance resulting from the influences of alcohol, drugs, illness, stress and other factors that affect eye and pupil performance. These products target the occupational safety and law enforcement markets.
- o Orthopedic and craniomaxillofacial (skull and jaw) surgery products, which generate new bone through the process of distraction osteogenesis.
- o A proprietary information technology system called SmartDevice-Connect(TM) ("SDC") that establishes product registry to individual patients and tracks device behavior for post-market surveillance, adverse event and outcomes reporting, and creates "smart devices" that gather and transmit physiological data concerning the device and its interaction with the patient.

#### RESULTS OF OPERATIONS

THREE MONTHS ENDING MARCH 31, 2006 COMPARED TO THREE MONTHS ENDED MARCH 31, 2005.

The first quarter of 2006 represents the first period of combined AcuNetx, Inc. operations, comprised of the former AcuNetx, Inc. and the former OrthoNetx, Inc. This discussion compares the combined 2006 first quarter results with the first quarter of 2005, which consists solely of the former Eye Dynamics, Inc.

Revenues during the first quarter of 2006 were \$283,575, compared to \$316,909 for the corresponding period in 2005. Cost of sales stayed relatively

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

static as a percentage of sales. Total operating expenses increased by \$740,491, from \$240,774 in the first quarter of 2005 to \$981,265 in the first quarter of 2006. The decreased revenues and increased selling, general and administrative expenses resulted in a loss of \$842,530 for the current period, compared to a loss of \$75,460 for the same period in the previous year.

19

Sales have stabilized after trending downward in prior quarters. The Medicare reimbursement issue mentioned in previous discussions has, for the most part, been resolved, and is no longer hindering sales. Our domestic distributor and sub-distributors believe that this will further open sales opportunities, and are making plans to address those opportunities. We are also expanding our offshore marketing. We are working with all of our marketing channels to formulate a consistent message to highlight our product and company strengths.

Operating expenses were inflated by the legal and financial requirements of the acquisition of OrthoNetx, which included necessary legal filings, audit consolidation and filing, stock distribution, and accounting work. In addition, we commenced work on the information technology aspects of the combined companies, as well as the work necessary to produce a consistent, up to date public image for the Company. We instituted work on intellectual property protection to cover or extend coverage for key Company assets. Design work for the entire project that will bring our Safety and Law Enforcement products to market was also started in earnest, with appropriate expenditures. Standard selling, general and administrative expenses for both AcuNetx and OrthoNetx did not increase significantly, but the OrthoNetx expenses make up a portion of the year to year growth.

### LIQUIDITY AND CAPITAL RESOURCES

Cash and cash equivalents as of March 31, 2006 of \$787,313 allows for payment of all outstanding invoices on a current basis. The Company is in the process of repaying a loan from the founder of OrthoNetx, and is current on those payments.

Inventory as of March 31, 2006 was \$346,607, compared to \$263,381 at March 31, 2005. Purchasing for all VNG products has been adjusted to a level consistent with lower sales. OrthoNetx products, both the GenerOs CF and GenerOs SB, account for the overall increase year to year. Accounts receivable as of March 31, 2006 were \$116,117. While this represents a larger than usual balance, there were two invoices outstanding at the end of the period while corrections were made, and both have since been collected.

Accounts payable as of March 31, 2006 were \$225,309, compared to \$21,352 at March 31, 2005. The growth was primarily due to increased activity in the combined companies' selling, general and administrative expense, and all accounts are current. OrthoNetx had previously acquired a private firm, and has been carrying accounts payable at full value until a settlement, currently under discussion, is resolved.

Sales prospects for the balance of 2006 appear strong, as we expect our entire range of products to be refreshed, and new products to enter the marketplace. In early April we announced that our VNG products have been approved by the U. S. Government Services Administration to be listed on the Federal Supply Schedule, which permits access to all military and VA hospitals around the world. Budgets for product development and refinement have been increased, and the results of that work should be in the market later this year.

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

We plan to continue to use trade shows, print and electronic media, and distributors to carry our message to our customers and support organizations.

### ITEM 3. CONTROLS AND PROCEDURES.

At the end of the period covered by this Form 10-QSB, the Company's management, including the Chief Executive and Chief Financial Officers, conducted an evaluation of the effectiveness of the Company's disclosure controls and procedures. Based on this evaluation, the Chief Executive and Chief Financial Officers have determined that such controls and procedures are effective to ensure that information relating to the Company required to be disclosed in reports that it files or submits under the Securities Exchange Act

20

of 1934 is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission. There have been no changes in the Company's internal controls over financial reporting that were identified during the evaluation that occurred during the Company's last fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.
