UNITED RENTALS, INC.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

1. Basis of Presentation

General

United Rentals, Inc., is principally a holding company ("Holdings" or the "Company") and conducts its operations primarily through its wholly owned subsidiary United Rentals (North America), Inc. ("URI") and subsidiaries of URI. Separate footnote information is not presented for the financial statements of URI and subsidiaries as that information is substantially

## Edgar Filing: UNITED RENTALS INC /DE - Form 10-Q/A

equivalent to that presented below. Earnings per share data is not provided for the operating results of URI and its subsidiaries as they are wholly owned subsidiaries of Holdings.

The Consolidated Financial Statements of the Company included herein are unaudited and, in the opinion of management, such financial statements reflect all adjustments, consisting only of normal recurring adjustments, necessary to present fairly the results of the interim periods presented. Interim financial statements do not require all disclosures normally presented in year-end financial statements, and, accordingly, certain disclosures have been omitted. Results of operations for the six and three month periods ended June 30, 2001 are not necessarily indicative of the results that may be expected for the year ending December 31, 2001. The Consolidated Financial Statements included herein should be read in conjunction with the Company's Consolidated Financial Statements and related Notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2000.

### Impact of Recently Issued Accounting Standards

In September 2000, the FASB issued SFAS No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities--a replacement of FASB Statement No. 125". This standard revises the standards for accounting for securitizations and other transfers of financial assets and collateral and requires certain disclosures. This standard is effective for transfers and servicing of financial assets and extinguishments of liabilities occurring after March 31, 2001 and for disclosures relating to securitization transactions and collateral for fiscal years ending after December 15, 2000. The adoption of SFAS No. 140 did not have a material effect on the Company's consolidated financial position or results of operations.

In June 2001, the FASB issued SFAS No. 141, "Business Combinations". This standard addresses financial accounting and reporting for business combinations and supersedes APB Opinion No. 16, "Business Combinations" and SFAS No. 38, "Accounting for Preacquisition Contingencies of Purchased Enterprises". All business combinations in the scope of this Statement are to be accounted for using one method, the purchase method. This standard is effective for all business combinations initiated after June 30, 2001.

In June 2001, the FASB issued SFAS No. 142, "Goodwill and Other Intangible Assets". This standard addresses financial accounting and reporting for acquired goodwill and other intangible assets and supersedes APB Opinion No. 17, "Intangible Assets". This standard is effective for fiscal years beginning after December 15, 2001. However, this standard is immediately effective in cases where goodwill and intangible assets are acquired after June 30, 2001. Under this standard, goodwill and intangible assets deemed to have indefinite lives will no longer be amortized but will be subject to annual impairment tests. The Company is currently evaluating the impact SFAS No. 142 will have on its financial statements and will perform a fair value analysis of its goodwill in connection with the adoption of this standard on January 1, 2002.

### Preferred Stock

The Company issued Series A Perpetual Convertible Preferred Stock ("Series A Preferred") and Series B Perpetual Convertible Preferred Stock ("Series B Preferred") in 1999 and included such preferred in stockholders' equity. In July 2001, the SEC issued guidance to all public companies as to when redeemable preferred stock may be classified as stockholders' equity. This guidance indicates that preferred stock that would

# Edgar Filing: UNITED RENTALS INC /DE - Form 10-Q/A

UNITED RENTALS, INC.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

be subject to redemption on the occurrence of an event outside the control of the issuer may not be classified as equity and that the probability of the event occurring is not a factor to be considered. Under this guidance, the Series A Preferred and Series B Preferred would not be included in stockholders' equity because this stock would be subject to mandatory redemption on a hostile change of control. On September 28, 2001, the Company entered into an agreement effecting the exchange of new Series C Perpetual Convertible Preferred Stock ("Series C Preferred") for the Series A Preferred and new Series D Perpetual Convertible Preferred Stock ("Series D Preferred") for the Series B Preferred (see note 11). The Series C Preferred and Series D Preferred stock is not subject to mandatory redemption on a hostile change of control, and will be classified as stockholders' equity under the recently issued SEC guidance.

The effect of the foregoing is that the Company's perpetual convertible preferred stock will be classified as stockholders' equity as of September 28, 2001 and thereafter, but will be classified outside of stockholders' equity for earlier dates. Accordingly, the Company has restated the accompanying balance sheets to show its \$430.8 million of perpetual convertible preferred stock under "Series A and B Preferred Stock" rather than under "Stockholders' Equity." The Company has also made a corresponding change to the related Consolidated Statements of Stockholders' Equity. In all other respects, the financial statements remain unchanged, including total assets and liabilities, revenues, operating income, net income and earnings per share. The Company's balance sheets for dates after September 28, 2001, will include the perpetual convertible preferred stock in stockholders' equity.

The pro forma amounts on the accompanying balance sheet gives effect to the above-referenced exchange, as if it had occurred on June 30, 2001.

## Reclassifications

Certain prior year balances have been reclassified to conform to the 2001 presentation.

## 2. Acquisitions

During the six months ended June 30, 2001 and the year ended December 31, 2000, the Company completed two acquisitions and 53 acquisitions, respectively, that were accounted for as purchases. The results of operations of the businesses acquired in these acquisitions have been included in the Company's results of operations from their respective acquisition dates.

The purchase prices for such acquisitions have been allocated to the assets acquired and liabilities assumed based on their respective fair values at their respective acquisition dates. However, the Company has not completed its valuation of all of its purchases and, accordingly, the purchase price allocations are subject to change when additional information concerning asset and liability valuations are completed. The preliminary purchase price allocations that are subject to change primarily consists of rental and non-rental equipment valuations. These allocations are finalized within 12 months of the acquisition date and are not expected to result in significant differences between the preliminary and final allocations.

The following table summarizes, on an unaudited pro forma basis, the results of operations of the Company for the six months ended June 30, 2000 as though each acquisition which was consummated during the period January 1, 2000 to

Since the acquisitions made during the six months ended June 30, 2001 had an insignificant impact on the Company's pro forma results of operations, the pro forma results of operations for the six months ended June 30, 2001 are not shown.

The unaudited pro forma results are based upon certain assumptions and estimates, which are subject to change. These results are not necessarily indicative of the actual results of operations that might have occurred, nor are they necessarily indicative of expected results in the future.

3. Restructuring Charge

During the second quarter of 2001, the Company recorded a restructuring charge of approximately \$28.9 million. The charge primarily relates to the closure or consolidation of underperforming branches and administrative offices, a reduction in the Company's workforce, and certain information technology project costs. Approximately \$10.9 million of the charge is non-cash. Approximately \$3.2 million has been paid during the second quarter of 2001. Of the remaining \$14.8 million of this charge, approximately \$8.6 million will be paid by December 31, 2001 and approximately \$6.2 million will be paid in future periods.

Components of the restructuring charge are as follows:

	Restructuring Charge	Activity in 2001	Balance June 30, 2001
	-----	-----	-----
Costs to vacate facilities.....	\$18,291	\$ 9,779	\$ 8,512
Workforce reduction costs.....	5,666	1,296	4,370

	-----	-----	-----
	\$28,922	\$14,117	\$14,805
	=====	=====	=====

Under the restructuring plan, 31 underperforming branches and five administrative offices will be closed or consolidated, the Company's workforce will be reduced by 489 through the termination of branch and administrative

personnel (including 437 terminated as of June 30, 2001), and certain information technology hardware and software will no longer be used. The employee termination costs primarily represent severance. The costs to vacate facilities primarily represent the payment of obligations under leases offset by estimated sublease opportunities (\$9.9 million), the write-off of capital improvements made to such facilities (\$2.8 million) and the write-off of related goodwill (\$5.6 million). As of June 30, 2001, 18 of the 31 underperforming branches have been closed or consolidated and the remaining 13 underperforming branches will be closed or consolidated by December 31, 2001. The information technology costs represent the abandonment of certain information technology projects (\$2.5 million) and the payment of obligations under equipment leases relating to such projects (\$2.5 million).

#### 4. Refinancing of Debt

In April 2001, URI issued \$450.0 million aggregate principal amount of 10 3/4% senior notes. Concurrent with the issuance of the senior notes, URI entered into a new senior secured credit facility. The new credit facility is comprised of a \$750.0 million term loan and a \$750.0 million revolving credit facility. The proceeds from the new senior notes and new senior secured credit facility were used to refinance outstanding secured indebtedness of approximately \$1,664.5 million and obligations under a synthetic lease of \$31.2 million. As a result of the refinancing, the Company recorded an extraordinary charge of approximately \$18.1 million (\$11.3 million, net of tax), primarily related to the write-off of financing fees, and a charge of approximately \$7.8 million recorded in other (income) expense, net related to refinancing costs of the synthetic lease.

10 3/4% Senior Notes. On April 20, 2001, URI sold \$450 million aggregate principal amount of 10 3/4% Senior Notes Due 2008. The net proceeds from the sale of the notes were approximately \$439.9 million (after deducting the initial purchasers' discount and offering expenses). The notes mature on April 15, 2008. The notes are unsecured and are guaranteed by Holdings and by URI's domestic subsidiaries. URI may, at its option, redeem the notes on or after April 15, 2005, at specified redemption prices which range from 105.375% in 2005 to 100.0% in 2007 and thereafter. In addition, on or prior to April 15, 2004, URI may, at its option, use the proceeds of a public equity offering to redeem up to 35% of the outstanding notes, at a redemption price of 110.75%. The indenture governing the notes contains certain restrictive covenants, including limitations on (i) additional indebtedness, (ii) restricted payments, (iii) liens, (iv) dividends and other payments, (v) preferred stock of certain subsidiaries, (vi) transactions with affiliates, (vii) the disposition of proceeds of asset sales and (viii) the Company's ability to consolidate, merge or sell all or substantially all of its assets.

New Revolving Credit Facility. The revolving credit facility enables URI to borrow up to \$750 million on a revolving basis and enables one of its Canadian subsidiaries to borrow up to \$40 million (provided that the aggregate borrowings of URI and the Canadian subsidiary may not exceed \$750 million). Up to \$100 million of the revolving credit facility is available in the form of letters of credit. The revolving credit facility will mature and terminate on October 20, 2006.

Borrowings under the revolving credit facility will until October 20, 2001,

## Edgar Filing: UNITED RENTALS INC /DE - Form 10-Q/A

accrue interest, at our option, at either (A) the ABR Rate (which is equal to the greater of (i) the Federal Funds Rate plus 0.5% or (ii) the Chase Manhattan Bank's prime rate) plus a margin of 1.00% or (B) an adjusted LIBOR rate plus a margin of 2.0%. From and after October 20, 2001, the above interest rate margins will be adjusted quarterly based on our financial leverage ratio, up to maximum margins of 1.75% and 2.75%, for revolving loans based on the ABR rate and the adjusted LIBOR rate, respectively, and down to minimum margins of 0.75% and 1.75%, for revolving loans based on the ABR rate and the adjusted LIBOR rate, respectively.

Borrowings by the Canadian subsidiary under the revolving credit facility will until October 20, 2001, accrue interest, at such subsidiary's option, at either (X) the Prime rate (which is equal to the Chase Manhattan Bank of Canada's prime rate) plus a margin of 1.00% or (Y) the B/A rate (which is equal to the Chase Manhattan Bank of Canada's B/A rate) plus a margin of 2.0%. From and after October 20, 2001, the above interest rate margins will be adjusted quarterly based on our financial leverage ratio, up to maximum margins of 1.75% and 2.75%, for revolving loans based on the Prime rate and the B/A rate, respectively, and down to minimum margins of 0.75% and 1.75%, for revolving loans based on the Prime rate and the B/A rate, respectively.

If at any time an event of default exists, the interest rate applicable to each loan will increase by 2% per annum.

The Company is also required to pay the lenders a commitment fee equal to 0.5% per annum in respect of undrawn commitments under the revolving credit facility.

New Term Loan. On April 20, 2001, URI obtained a \$750 million term loan. Amounts repaid in respect of the term loan may not be reborrowed. URI must repay the principal of the term loan in installments, over six and one-half years, as follows: (i) on June 30, 2001 and on the last day of each calendar quarter thereafter up to and including September 30, 2006, URI must repay \$1.9 million and (ii) on the last day of each calendar quarter thereafter up to and including September 30, 2007, URI must repay \$177.2 million.

Borrowings under the term loan accrue interest, at our option, at either (a) the ABR rate (which is equal to the greater of (i) the Federal Funds Rate plus 0.5% or (ii) the Chase Manhattan Bank's prime rate) plus a margin of 2.0%, or (b) an adjusted LIBOR rate plus a margin of 3.0%.

12

Covenants. The agreements governing the new senior secured credit facility contain certain covenants that requires the Company to, among other things, satisfy certain financial tests relating to: (a) the ratio of senior debt to cash flow, (b) minimum interest coverage ratio, (c) the ratio of funded debt to cash flow, and (d) the ratio of senior debt to tangible assets. These agreements also contain various other covenants that restrict the Company's ability to, among other things, (i) incur additional indebtedness, (ii) permit liens to attach to its assets, (iii) pay dividends or make other restricted payments on its common stock and certain other securities and (iv) make acquisitions unless certain financial conditions are satisfied.

Security and Guarantees. URI's obligations under the new senior secured facility are, subject to limited exceptions, (i) guaranteed by Holdings and

URI's United States subsidiaries and (ii) secured by substantially all of URI's assets, the stock of URI and the stock of Holding's other United States subsidiaries and a portion of the stock of Holding's Canadian subsidiaries. The obligations of the Canadian subsidiary that may borrow under the revolving credit facility are guaranteed by our other Canadian subsidiaries and secured by substantially all of the assets of this Canadian subsidiary and the stock of its subsidiaries.

### 5. Receivables Securitization

During the quarter ended June 30, 2001, the Company obtained an additional \$112.0 million in cash through the securitization of certain of its accounts receivable through its existing \$250.0 million receivable securitization facility. In the securitization transactions, the Company transferred accounts receivable to a special purpose vehicle (the "SPV"), which in turn pledged those receivables to secure borrowings that the SPV incurred to finance its acquisition of those receivables. The borrowings generally accrue interest at the blended commercial paper rate for commercial paper issued by Gramercy Capital Corporation to fund such borrowings plus a margin of 0.75% per annum. The SPV's borrowings are an obligation of the SPV and not of the Company or URI, and the lenders' recourse in respect of the borrowings is generally limited to collections that the SPV receives on the receivables. Collections on the receivables are used to service the borrowings. From time to time prior to June 2002, subject to certain conditions, collections from the receivables may be reinvested by the SPV in additional accounts receivable originated by the Company. Subject to certain conditions, the term of the receivables securitization may be extended until December 2003. As of June 30, 2001, approximately \$212.0 million of borrowings was outstanding under the receivables securitization facility.

7. Stock Plans

2001 Senior Stock Plan. In June 2001, the Company's shareholders approved the adoption of the 2001 Senior Stock Plan. This plan provides for the awarding of common stock and other equity-linked awards to our officers and directors. The maximum number of shares of common stock that can be issued under the plan is 4,000,000. The Company records each share that is awarded under this plan at an amount no less than 100% of the fair market value per share at the date of the award. No shares may be awarded under this plan after June 5, 2011. As of June 30, 2001, 2,015,000 shares had been awarded under this plan. Determinations concerning the persons to receive awards, the form, amount and timing of such awards and terms and provisions of such awards are made by the Board of Directors (or a committee appointed by the Board of Directors).

2001 Stock Plan. In March 2001, the Company adopted the 2001 Stock Plan. This plan provides for the awarding of common stock and other equity-linked awards to certain employees (other than officers and directors) and others who render services to the Company. The maximum number of shares of common stock that can be issued under the plan is 2,000,000. The Company records each share that is awarded under this plan at an amount no less than 100% of the fair market value per share at the date of the award. No shares may be awarded under this plan after March 23, 2011. As of June 30, 2001, 752,041 shares had been awarded under this plan. Determinations concerning the persons to receive awards, the form, amount and timing of such awards and

terms and provisions of such awards are made by the Board of Directors (or a committee appointed by the Board of Directors).

The Company records the issuance of restricted shares at the quoted market price on the date of the grants. Amortization of deferred compensation is then recognized on a straight-line basis over the related vesting period.

8. Comprehensive Income

The following table sets forth the Company's comprehensive income (in thousands):

9. Derivative Financial Instruments

The FASB issued, and subsequently amended, SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities", which became effective for the Company on January 1, 2001. Under SFAS No. 133, all derivatives are required to be recorded as assets or liabilities and measured at fair value. Gains or losses resulting from changes in the values of derivatives are recognized immediately or deferred, depending on the use of the derivative and whether or not it qualifies as a hedge.

The Company occasionally uses derivative financial instruments to manage its risk associated with fluctuations in interest rates on its debt. As of June 30, 2001, the Company had outstanding interest rate swap agreements that converts a portion, or \$200.0 million, of its variable rate term loan to a fixed rate instrument through 2003. These swap agreements are designated as cash flow hedges and changes in fair value of the hedges are recorded in other comprehensive income and reclassified into earnings in the same periods during which the hedged transaction affects earnings. There is no ineffectiveness related to these hedges.

10. Condensed Consolidating Financial Information of Guarantor Subsidiaries

Certain indebtedness of URI, a wholly-owned subsidiary of Holdings (the "Parent"), is guaranteed by URI's United States subsidiaries (the "guarantor subsidiaries") and, in certain cases, also by Parent. However, this indebtedness is not guaranteed by URI's foreign subsidiaries (the "non-guarantor subsidiaries"). The guarantor subsidiaries are all wholly owned and the guarantees are made on a joint and several basis and are full and unconditional (subject to subordination provisions and subject to a standard limitation which provides that the maximum amount guaranteed by each guarantor will not exceed the maximum amount that can be guaranteed without making the guarantee void under fraudulent conveyance laws). Separate consolidated financial statements of the guarantor subsidiaries have not been presented

because management believes such information would not be material to investors. However, condensed consolidating financial information as of June 30, 2001 and December 31, 2000 and for the six and three months ended June 30, 2001 and 2000, are presented. NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

11. Subsequent Events

New Preferred Stock. On September 28, 2001, the Company entered into an agreement effecting an exchange of the Company's outstanding Series A

## Edgar Filing: UNITED RENTALS INC /DE - Form 10-Q/A

Preferred for an equal number of shares of Series C Preferred and the exchange of the Company's Series B Preferred for an equal number of shares of Series D Preferred. Except as described below, the material terms of the new Series C Preferred are the same as the old Series A Preferred and the material terms of the new Series D Preferred are the same as the old Series B Preferred.

The certificates of designation for the Series A Preferred and Series B Preferred (the "Prior Preferred") provide that, upon the occurrence of a Change of Control (as defined in these certificates of designation), the Company is required to redeem the Prior Preferred. The term "Change of Control," as defined in these certificates of designation, would have included certain transactions that were disapproved by the Company's board. The certificates of designation for Series C Preferred and Series D Preferred (the "New Preferred") change these provisions by excluding from the definition of "Change of Control" transactions that are defined as "Non-Approved Changes of Control." In general, a Non-Approved Change of Control transaction is a change of control transaction that the board has disapproved and which the board has not facilitated by such actions as weakening or eliminating the Company's Stockholder Rights Plan.

If a Non-Approved Change of Control occurs, the holders of the New Preferred obtain the following additional rights, but only if, prior to the transaction, the board does not elect to offer the holders of the New Preferred essentially the same redemption rights that apply to an approved Change of Control transaction:

- . The holders of the Series C Preferred would elect a majority of the board for a specified period and, during such period, the unanimous vote of the board would be required to approve any optional redemption of the New Preferred or to declare, pay, or change the accrual rate of, any dividends on the New Preferred.
- . Upon liquidation, the holders of the New Preferred would receive, in addition to the liquidation preference and accrued dividends, an amount equal to 6.25% of the liquidation preference, compounded annually from the date the Series A Preferred was issued, in the case of the Series C Preferred, or the date the Series B was issued, in the case of the Series D Preferred, and ending on the date of the Non Approved Change of Control. In addition, after holders of the Common Stock have received the equivalent amount, the holders of the New Preferred would participate with the holders of the Common Stock in any remaining amounts available for distribution (based upon the number of shares of Common Stock into which such Preferred shares would then be convertible).
- . Dividends would begin to accrue on the New Preferred. Accrued dividends would not be payable until liquidation or sale of the Company, unless the board by unanimous vote approves earlier payment. The dividend rate would be 10% per annum of the liquidation preference, compounded annually. If these dividends are not paid quarterly, additional dividends would accrue at the rate of 8% per annum of the liquidation preference, compounded annually. Any regular or additional dividends that are not paid quarterly would be added to the liquidation preference.

Stockholders Rights Plan. The Company adopted a Stockholders Rights Plan on September 28, 2001 (with a record date of October 19, 2001). This plan and other provisions of the Company's charter and bylaws may have the effect of deterring hostile takeovers or delaying or preventing changes in control or management of the Company, including transactions in which the shareholders of the Company might otherwise receive a premium for their shares over then current market prices. The rights expire on September 27, 2011.
