The text, table and related notes appearing in the prospectus, dated August 17, 2004, under the heading "Selling Stockholders" is superseded by the following text, table and related notes:

### SELLING STOCKHOLDERS

On January 23, 2004, we issued a secured convertible debenture, in the principal amount of \$500,000, and warrant to the Carpenter 1983 Family Trust UA (the "Carpenter Trust"). The warrant (the "Carpenter Warrant") is exercisable on or after July 26, 2004 for up to 82,129 shares of our common stock at an exercise price of \$3.044 per share, and expires on January 23, 2008.

On March 11, 2004, we entered into a Purchase Agreement (the "Purchase Agreement") with Xmark Fund, L.P., Xmark Fund, Ltd., and the other investors set forth on Schedule I, Schedule II and Schedule III to the Purchase Agreement (collectively, the "Investors"). Pursuant to the Purchase Agreement, we issued 1,142,094 shares of Series A-1 Convertible Preferred Stock (the "Preferred Stock") to the Investors (the "Financing"). The Preferred Stock is convertible for up to 11,420,940 shares of common stock at a conversion price of \$3.00 per share. In addition to the Preferred Stock, the Company issued the Investors warrants to purchase up to 11,249,390 shares of common stock at an exercise price of \$3.25 per share (the "Warrants"). Each holder of Preferred Stock is entitled to cumulative dividends at a rate of \$1.80 per share of Preferred Stock per annum, payable quarterly out of legally available funds or in common stock.

As part of the Financing, SF Capital Partners, Ltd. ("SF Capital") and the Carpenter Trust agreed to exchange the outstanding debentures previously issued to them for an aggregate of 52,232 shares of Preferred Stock. SF Capital also received a warrant to purchase up to 350,770 shares of our common stock at an exercise price of \$3.25 per share in connection with its debt exchange.

The terms of the Preferred Stock and Warrants preclude each Investor from converting Preferred Stock or exercising Warrants if the conversion or exercise would result in the Investor and/or its affiliates beneficially owning in excess of 4.99% of the Company's outstanding common stock following the conversion or exercise. Each Investor can waive this provision with respect to the Preferred Stock or Warrants it holds by providing 61 days' advance written notice to the Company. In addition, no warrant issued to SF Capital can be exercised if it would result in SF Capital and/or its affiliates beneficially owning more than 9.999% of our outstanding common stock. This provision cannot be waived.

We intend to issue a total of 361,638 shares of common stock as dividends on the Preferred Stock payable on April 1, 2004, July 1, 2004 and October 1, 2004. If we continue to elect to pay the quarterly dividend due on the Preferred Stock with shares of common stock, the actual number of common shares issuable in satisfaction of such quarterly dividends will vary with the fair market value of the Company's common stock at the end of each calendar quarter. As it is impossible to predict the fair market value of the Company's common stock in the future, it is impossible to accurately predict how many shares of common stock will be issued to satisfy any one quarterly dividend obligation in the future. Furthermore, it is impossible to predict when or if some or all of the Preferred Stock will convert into common stock, which would terminate the dividend obligation as to such converted shares. Based on our current cash resources, we expect to continue to pay the Preferred Stock dividend in common stock, and our good faith estimate of the number of shares that we will issue to satisfy the dividend over a two-to-three year period is 1,500,000 shares.

An additional 50,000 shares of common stock are also being offered hereunder, consisting of shares of common stock issued to CA-Shoreline Technology Park Limited Partnership ("CA-Shoreline") pursuant to that certain Second Amendment to the Lease Agreement by and between the Company and CA-Shoreline (the "Second Amendment"), dated as of March 9, 2004. The Company agreed to register such additional shares pursuant to registration rights we had granted to CA-Shoreline in connection with the Second Amendment.

The shares being offered hereunder include: (i) the 11,420,940 shares of common stock issuable upon conversion of the Preferred Stock, (ii) the 11,249,390 shares of common stock issuable upon

exercise of the Warrants, (iii) the 1,500,000 shares of common stock estimated to be payable as dividends on the Preferred Stock, (iv) the 82,129 shares of common stock issuable upon exercise of the Carpenter Warrant and (v) the 50,000 shares of common stock issued to CA-Shoreline.

We are registering the above-referenced shares to permit each of the selling stockholders and their pledgees, donees, transferees or other successors-in-interest that receive their shares from each selling stockholder as a gift, partnership distribution or other non-sale related transfer after the date of this prospectus to resell the shares.

The following table sets forth the name of each selling stockholder, the number of shares owned by each of the respective selling stockholders as of September 30, 2004, the number of shares that may be offered under this prospectus and the number of shares of our common stock owned by the selling stockholders after this offering is completed. Except as otherwise disclosed below, none of the selling stockholders has, or within the past three years has had, any position, office or other material relationship with us. The number of shares in the column "Number of Shares Being Offered" represents all of the shares that a selling stockholder may offer under this prospectus, and assumes the exercise of all the warrants for common stock. This number also includes an estimate of the shares of common stock to be issued as quarterly dividends on the Preferred Stock held by the selling stockholders in the amounts included in the footnotes below. These estimates are based on a pro rata allocation among the holders of Preferred Stock of the shares reserved for the quarterly dividend and assume that none of the selling stockholders transfer any of their shares of Preferred Stock or convert any of their shares of Preferred Stock to common stock.

The selling stockholders may sell some, all or none of their shares. We do not know how long the selling stockholders will hold the shares before selling them, and we currently have no agreements, arrangements or understandings with the selling stockholders regarding the sale of any of the shares. The shares offered by this prospectus may be offered from time to time by the selling stockholders.

Our Chief Executive Officer and Chairman of our Board of Directors, Jane E. Shaw, and her husband, Peter Carpenter, are co-trustees of the Carpenter Trust.

Beneficial ownership is determined in accordance with Rule 13d-3(d) promulgated by the SEC under the Securities Exchange Act of 1934. Unless otherwise noted, none of the share amounts set forth below represents more than 1% of our outstanding stock as of September 30, 2004, calculated as required by rules promulgated by the SEC. The percentages of shares beneficially owned prior to the offering are based on 4,884,829 shares of our common stock outstanding as of September 30, 2004 (including 100,056 of the 127,906 shares of common stock issuable as quarterly dividend payments on the Preferred Stock for the quarters ended March 31 and June 30, 2004), plus the shares of common stock beneficially owned by the respective selling stockholder, as set forth in the following table and more fully described in footnote 2, below. The percentages of shares beneficially owned after the offering are based on 4,884,829 shares of common stock outstanding as of September 30, 2004, plus 24,152,403 shares of common stock that are being registered in this offering and that are not currently outstanding.

Each stockholder may waive the 4.99% limitation only upon 61 days' written notice to the Company. The share numbers in this column represent the maximum number of shares of common stock that each selling stockholder subject to the 4.99% limitation could hold upon conversion of its Preferred Stock or exercise of its Warrants, based on 4,884,829 shares of common stock outstanding, and accounting for the shares resulting from the conversion or exercise.
