Summary of the Terms of the Exchange Offer

On May 27, 2008, K. Hovnanian completed a private offering of the outstanding notes.

General

In connection with the private offering of the outstanding notes, we entered into a registration rights agreement with the initial purchasers of the outstanding notes in which the Issuer and the guarantors agreed, among other things, to deliver this prospectus to you and to complete an exchange offer for the outstanding notes within the time period specified in the registration rights agreement. See "Exchange Offer; Registration Rights."

You are entitled to exchange in the exchange offer your outstanding notes for exchange notes, which are identical in all material respects to the outstanding notes except:

the exchange notes have been registered under the Securities Act of 1933, as amended, which we refer to as the "Securities Act";

the exchange notes are not entitled to certain registration rights which are applicable to the outstanding notes under the registration rights agreement; and

certain additional interest rate provisions are no longer applicable.

Outstanding Notes

Exchange Notes

\$600,000,000 aggregate principal amount of 11¹/₂% Senior Secured Notes due 2013, which we are offering in this exchange offer and which we refer to in this prospectus as the "exchange notes."

The Exchange Offer

We are offering to exchange up to \$600,000,000 aggregate principal amount of our exchange notes, which have been registered under the Securities Act, for a like aggregate principal amount of the outstanding notes. You may only exchange outstanding notes in denominations of \$2,000 and higher integral multiples of \$1,000.

Subject to the satisfaction or waiver of specified conditions, we will exchange the exchange notes for all outstanding notes that are validly tendered and not validly withdrawn prior to the expiration of the exchange offer. We will cause the exchange to be effected promptly after the expiration of the exchange offer.

Upon completion of the exchange offer, there may be no market for the outstanding notes and you may have difficulty selling them.

Resales

Based on interpretations by the staff of the Securities and Exchange Commission, or the "SEC," set forth in no-action

letters issued to third parties referred to below, we believe
that you may resell or otherwise transfer exchange notes
issued in the exchange offer without complying with the

registration and prospectus delivery requirements of the Securities Act, if:

- (1) you are not an "affiliate" of K. Hovnanian or any guarantor of the notes within the meaning of Rule 405 under the Securities Act;
- (2) you are not engaged in, do not intend to engage in, and have no arrangement or understanding with any person to participate in, a distribution of the exchange notes; and
- (3) you are acquiring the exchange notes in the ordinary course of your business.

If you are an affiliate of K. Hovnanian or the guarantors of the notes, or are engaging in, or intend to engage in, or have any arrangement or understanding with any person to participate in, a distribution of the exchange notes, or are not acquiring the exchange notes in the ordinary course of your business:

- (1) you cannot rely on the position of the staff of the SEC enunciated in *Morgan Stanley & Co., Inc.* (available June 5, 1991), *Exxon Capital Holdings Corporation* (available May 13, 1988), as interpreted in the SEC's letter to *Shearman & Sterling* (available July 2, 1993), or similar no-action letters; and
- (2) in the absence of an exception from the position of the SEC stated in (1) above, you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale or other transfer of the exchange notes.

If you are a broker-dealer and receive exchange notes for your own account in exchange for outstanding notes that you acquired as a result of market-making or other trading activities, you must acknowledge that you will deliver a prospectus, as required by law, in connection with any resale or other transfer of the exchange notes that you receive in the exchange offer. See "Plan of Distribution."

Expiration Date

The exchange offer will expire at 5:00 p.m., New York City time, on November 10, 2008 unless extended by us. We do not currently intend to extend the expiration date.

Withdrawal

You may withdraw the tender of your outstanding notes at any time prior to the expiration date. We will return to you any of your outstanding notes that are not accepted for any reason for exchange, without expense to you, promptly after the expiration or termination of the exchange offer.

Interest on the Exchange Notes and the Outstanding Notes

Each exchange note will bear interest at the rate per annum set forth on the cover page of this prospectus from the most recent date to which interest has been paid on the outstanding notes or, if no interest has been paid on the outstanding notes, from May 27, 2008. The interest will be payable semi-annually on each May 1 and November 1, beginning November 1, 2008. No interest will be paid on

outstanding notes following their acceptance for exchange.

If you hold outstanding notes through The Depository Trust Company, or "DTC," and wish to participate in the exchange offer, you must comply with the Automated Tender Offer Program procedures of DTC, by which you will agree to be bound by the letter of transmittal. By signing, or agreeing to be bound by, the letter of transmittal, you will represent to us that, among other things:</p> <ol style="list-style-type: none">(1) you are not an "affiliate" of K. Hovnanian or the guarantors of the notes within the meaning of Rule 405 under the Securities Act;(2) you are not engaged in, do not intend to engage in, and have no arrangement or understanding with any person to participate in, a distribution of the exchange notes;(3) you are acquiring the exchange notes in the ordinary course of your business; and(4) if you are a broker-dealer and receive exchange notes for your own account in exchange for outstanding notes that you acquired as a result of market-making or other trading activities, that you will deliver a prospectus, as required by law, in connection with any resale or other transfer of such exchange notes. <p>If you are an affiliate of K. Hovnanian or the guarantors of the notes or are engaging in, or intend to engage in, or have any arrangement or understanding with any person to participate in, a distribution of the exchange notes, or are not acquiring the exchange notes in the ordinary course of your business, you cannot rely on the applicable positions and interpretations of the staff of the SEC and you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale or other transfer of the exchange notes.</p>
Special Procedures for Beneficial Owners	<p>If you are a beneficial owner of outstanding notes that are held in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender those outstanding notes in the exchange offer, you should contact such person promptly and instruct such person to tender those outstanding notes on your behalf.</p>

Guaranteed Delivery Procedures	<p>If you wish to tender your outstanding notes and your outstanding notes are not immediately available or you cannot deliver your outstanding notes, the letter of transmittal and any other documents required by the letter of transmittal or you cannot comply with the DTC procedures for book-entry transfer prior to the expiration date, you must tender your outstanding notes according to the guaranteed delivery procedures set forth in this prospectus under "The Exchange Offer Guaranteed Delivery Procedures."</p>
Effect on Holders of Outstanding Notes	<p>In connection with the sale of the outstanding notes, we entered into a registration rights agreement with the initial purchasers of the outstanding notes, which grants the holders of outstanding notes registration rights. By making this exchange offer, we will have fulfilled most of our obligations under the registration rights agreement. Accordingly, we will not be obligated to pay additional interest as described in the registration rights agreement. If you do not tender your outstanding notes in the exchange offer, you will continue to be entitled to all the rights and limitations applicable to the outstanding notes as set forth in the indenture, except we will not have any further obligation to you to provide for the registration of the outstanding notes under the registration rights agreement and we will not be obligated to pay additional interest as described in the registration rights agreement, except in certain limited circumstances. See "Exchange Offer; Registration Rights."</p> <p>To the extent that outstanding notes are tendered and accepted in the exchange offer, the trading market for outstanding notes could be adversely affected.</p>
Consequences of Failure to Exchange	<p>All untendered outstanding notes will continue to be subject to the restrictions on transfer set forth in the outstanding notes and in the indenture. In general, the outstanding notes may not be offered or sold, unless registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We do not currently anticipate that we will register the outstanding notes under the Securities Act.</p>
Certain Income Tax Considerations	<p>The exchange of outstanding notes for exchange notes in the exchange offer will not be a taxable event for United States federal income tax purposes. See "United States Federal Income Tax Consequences of the Exchange Offer."</p>
Use of Proceeds	<p>We will not receive any cash proceeds from the issuance of exchange notes in the exchange offer.</p>

Summary of the Terms of the Exchange Notes

The terms of the exchange notes are identical in all material respects to the terms of the outstanding notes, except that the exchange notes will not contain terms with respect to transfer restrictions or additional interest upon a failure to fulfill certain of our obligations under the registration rights agreement. The exchange notes will evidence the same debt as the outstanding notes. The exchange notes will be governed by the same indenture under which the outstanding notes were issued and the exchange notes and the outstanding notes will constitute a single class and series of notes for all purposes under the indenture.

Issuer	K. Hovnanian Enterprises, Inc.
Notes Offered	We are offering \$600.0 million aggregate principal amount of 11 ¹ / ₂ % Senior Secured Notes due 2013.
Maturity Date	May 1, 2013.
Interest Payment Dates	Each May 1 and November 1, beginning November 1, 2008.
Optional Redemption	We may redeem some or all of the notes at any time on or after November 1, 2010, at the redemption prices specified under the section "Description of Notes Redemption" plus accrued and unpaid interest. In addition, we may redeem up to 35% of the aggregate principal amount of the notes before May 1, 2011 with the net cash proceeds from certain equity offerings at a price equal to 111.50% of the principal amount thereof plus accrued and unpaid interest.
Change of Control	Upon a Change of Control as described in the section "Description of Notes," you will have the right to require us to purchase some or all of the notes at 101% of the principal amount, plus accrued and unpaid interest, if any, to the date of purchase. We can give no assurance that, upon such an event, we will have sufficient funds to purchase any of the notes.
Guarantees	The guarantors are Hovnanian Enterprises, Inc., the parent corporation of the Issuer, and substantially all of the parent's existing and future restricted subsidiaries. If the Issuer cannot make payments on the notes when they are due, the guarantors must make the payments instead. As of the date of this prospectus, our home mortgage subsidiaries, our joint ventures and certain of our title insurance subsidiaries are not guarantors or restricted subsidiaries.
Ranking	The exchange notes will be the Issuer's and the guarantors' general senior secured obligations and will: rank senior in right of payment to the Issuer's and the guarantors' existing and future debt and other obligations that expressly provide for their subordination to the notes and the guarantees;

rank equally in right of payment to all of the Issuer's and the guarantors' existing and future unsubordinated debt and, together with indebtedness under our Revolving Credit Agreement and any other secured obligations, effectively senior in right of payment to all the Issuer's and the guarantors' existing and future unsecured debt to the extent of the value of the collateral;

be effectively junior to the Issuer's and the guarantors' debt that is secured by priority liens on the collateral, including indebtedness under our Revolving Credit Agreement to the extent of the value of the collateral; and

be structurally subordinated to all of the existing and future liabilities, including trade payables, of our subsidiaries that do not guarantee the Notes.

At July 31, 2008, the Issuer and the guarantors had:

approximately \$627.3 million of secured indebtedness outstanding, including the outstanding notes;

\$1.5 billion of senior unsecured notes;

\$0.4 billion of senior subordinated notes; and

an aggregate outstanding face amount of letters of credit under our Revolving Credit Agreement of approximately \$219.7 million and no outstanding revolving loans.

In addition, as of July 31, 2008, our non-guarantor subsidiaries had approximately \$89.1 million of liabilities, including trade payables, but excluding intercompany obligations.

See the section "Description of Notes Ranking."

Collateral

The exchange notes and the guarantees thereof will be secured by a second-priority lien on substantially all the assets owned by the Issuer and guarantors on May 27, 2008 or thereafter acquired to the extent such assets secure obligations under the Revolving Credit Agreement and certain other permitted indebtedness. The lenders under our Revolving Credit Agreement and certain other indebtedness will benefit from first-priority liens on the collateral.

The collateral will not include:

the pledge of stock of guarantors to the extent such pledge would result in separate financial statements of such guarantor being filed with the SEC;

personal property where the cost of obtaining a security interest or perfection thereof exceeds its benefits;

real property subject to a lien securing indebtedness incurred for the purpose of financing the acquisition

thereof;

8

real property located outside of the United States;

unentitled land;

real property which is leased or held for the purpose of leasing to unaffiliated third parties;

equity interests in subsidiaries other than restricted subsidiaries, subject to future grants under certain circumstances as required under the indenture;

any real property in a community under development with a dollar amount of investment as of the most recent month-end (determined in accordance with GAAP) of less than \$2.0 million or with less than 10 lots remaining;

up to \$50.0 million of assets received in certain asset dispositions or asset swaps or exchanges made in accordance with the indenture;

assets with respect to which any applicable law or contract prohibits the creation or perfection of security interests therein; and

any other assets excluded from the collateral securing the Revolving Credit Agreement and any other indebtedness or obligations secured by first-priority liens on the collateral.

In addition, the Issuer and the guarantors will not be required to provide control agreements with respect to certain deposit, checking or securities accounts with average balances below a certain dollar amount.

For more details, see the section "Description of Notes Security."

Intercreditor Agreement

Pursuant to an intercreditor agreement, the liens securing the notes will be second-priority liens that will be expressly junior in priority to the liens that secure (1) obligations under our Revolving Credit Agreement, (2) certain other future indebtedness permitted to be incurred under the indenture governing the notes and (3) certain obligations under our hedging arrangements. Pursuant to the intercreditor agreement, the liens securing the notes may not be enforced at any time when obligations secured by priority liens are outstanding, except for certain limited exceptions. Any release (except in connection with repayment in full of the priority lien obligations) of priority liens upon any collateral approved by holders of such priority liens will also release the liens securing the notes on the same collateral. The holders of the priority liens will receive all proceeds from any realization on the collateral or from the collateral or proceeds thereof in any insolvency or liquidation proceeding until the obligations secured by the priority liens are paid in full.

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

Sharing of Liens	<p>In certain circumstances, we may secure specified indebtedness permitted to be incurred under the indenture governing the notes by granting liens upon any or all of the collateral securing the notes, including on an equal basis with the first-priority liens securing the Revolving Credit Agreement or on a junior basis.</p>
Certain Covenants	<p>The exchange notes will be issued under the same indenture as the outstanding notes were issued. The indenture contains covenants that, among other things, restrict the Issuer's ability and the ability of the guarantors to:</p> <ul style="list-style-type: none">borrow money;pay dividends and distributions on our common and preferred stock;repurchase our senior and senior subordinated notes and our common and preferred stock;make investments in subsidiaries and joint ventures that are not restricted;sell certain assets;incur certain liens;merge with or into other companies; andenter into certain transactions with our affiliates. <p>For more details, see the section "Description of Notes - Certain covenants."</p>
Absence of a Public Market	<p>The exchange notes will generally be freely transferable (subject to certain restrictions discussed in "Exchange Offer; Registration Rights") but will be a new issue of securities for which there will not initially be a market. Accordingly, there can be no assurance as to the development or liquidity of any market for the exchange notes. The initial purchasers in the private offering of the outstanding notes have advised us that they currently intend to make a market for the exchange notes, as permitted by applicable laws and regulations. However, they are not obligated to do so and may discontinue any such market making activities at any time without notice. We do not intend to apply for a listing of the exchange notes on any securities exchange or automated dealer quotation system.</p>
Use of Proceeds	<p>We will not receive any cash proceeds from the issuance of the exchange notes in the exchange offer. For a description of the use of proceeds from the private offering of the outstanding notes, see "Use of Proceeds."</p>

Pre-tax (loss) income excluding land related charges and intangible impairments is not a financial measure calculated in accordance with generally accepted accounting principles (GAAP). The most directly comparable GAAP financial measure is (loss) income before income taxes. The reconciliation of pre-tax (loss) income excluding land related charges and intangible impairments to (loss) income before income taxes is presented below. Pre-tax (loss) income excluding land related charges and intangible impairments should be considered in addition to, but not as a substitute for, (loss) income before income taxes, net (loss) income and other measures of financial performance prepared in accordance with GAAP that are presented on the financial statements

and notes incorporated by reference herein. Additionally, our calculation of pre-tax (loss) income excluding land related charges and intangible impairments may be different than the calculation used by other companies, and, therefore, comparability may be affected. Management believes pre-tax (loss) income excluding land related charges to be relevant and useful information because it provides a better metric for our operating performance.

RISK FACTORS

In addition to the other information included in this prospectus and the documents incorporated by reference in this prospectus, you should carefully consider the following risk factors before you decide to participate in the exchange offer.

Risks Related to the Exchange Offer

If you choose not to exchange your outstanding notes in the exchange offer, the transfer restrictions currently applicable to your outstanding notes will remain in force and the market price of your outstanding notes could decline.

If you do not exchange your outstanding notes for exchange notes in the exchange offer, then you will continue to be subject to the transfer restrictions on the outstanding notes as set forth in the offering circular distributed in connection with the private offering of the outstanding notes. In general, the outstanding notes may not be offered or sold unless they are registered or exempt from registration under the Securities Act and applicable state securities laws. Except as required by the registration rights agreement, we do not intend to register resales of the outstanding notes under the Securities Act. You should refer to "Prospectus Summary Summary of the Terms of the Exchange Offer" and "The Exchange Offer" for information about how to tender your outstanding notes.

The tender of outstanding notes under the exchange offer will reduce the principal amount of the outstanding notes outstanding, which may have an adverse effect upon, and increase the volatility of, the market price of the outstanding notes due to reduction in liquidity.

You must follow the exchange offer procedures carefully in order to receive the exchange notes.

If you do not follow the procedures described herein, you will not receive any exchange notes. The exchange notes will be issued to you in exchange for outstanding notes only after timely receipt by the exchange agent of:

your outstanding notes and either:

a properly completed and executed letter of transmittal and all other required documents; or

a book-entry delivery by electronic transmittal of an agent's message through the Automated Tender Offer Program of DTC.

If you want to tender your outstanding notes in exchange for exchange notes, you should allow sufficient time to ensure timely delivery. No one is under any obligation to give you notification of defects or irregularities with respect to tenders of outstanding notes for exchange. For additional information, see the section captioned "The Exchange Offer" in this prospectus.

Risks Related to Our Business

The homebuilding industry is significantly affected by changes in general and local economic conditions, real estate markets and weather conditions, which could affect our ability to build homes at prices our customers are willing or able to pay, could reduce profits that may not be recaptured, could result in cancellation of sales contracts and could affect our liquidity.

The homebuilding industry is cyclical, has from time to time experienced significant difficulties and is significantly affected by changes in general and local economic conditions such as:

employment levels and job growth;

availability of financing for home buyers;

interest rates;

foreclosure rates;

inflation;

adverse changes in tax laws;

consumer confidence;

housing demand; and

population growth.

Turmoil in the financial markets could affect our liquidity. In addition, our cash balances are held at numerous financial institutions and may, at times, exceed insurable amounts. We believe we help to mitigate this risk by depositing our cash in major financial institutions and diversifying our investments. We also depend upon the lenders under our Revolving Credit Agreement to be able to perform under their commitments.

Weather conditions and natural disasters such as hurricanes, tornadoes, earthquakes, floods and fires can harm the local homebuilding business. Our business in Florida was adversely affected in late 2005 and into 2006 due to the impact of Hurricane Wilma on materials and labor availability and pricing.

The difficulties described above could cause us to take longer and incur more costs to build our homes. We may not be able to recapture increased costs by raising prices in many cases because we fix our prices up to twelve months in advance of delivery by signing home sales contracts. In addition, some home buyers may cancel or not honor their home sales contracts altogether.

The homebuilding industry is undergoing a significant and sustained downturn which has, and could continue to, materially and adversely affect our business, liquidity and results of operations.

The homebuilding industry is now experiencing a significant and sustained downturn. An industry-wide softening of demand for new homes has resulted from a lack of consumer confidence, decreased housing affordability, decreased availability of mortgage financing, and large supplies of resale and new home inventories. In addition, an oversupply of alternatives to new homes, such as rental properties and resale homes, has depressed prices and reduced margins for the sale of new homes. Industry conditions had a material adverse effect on our business and results of operations during fiscal year 2007 and are continuing to materially adversely affect our business and results of operations in fiscal 2008. For example, we are continuing to experience slower sales, reductions in our margins and higher cancellations which impact most of our markets. Further, we substantially increased our inventory in recent years, which required significant cash outlays and which has increased our price and margin exposure as we continue to work through this inventory. Continuation of this downturn would continue to have a material adverse effect on our business, liquidity and results of operations.

Leverage places burdens on our ability to comply with the terms of our indebtedness, may restrict our ability to operate, may prevent us from fulfilling our obligations and may adversely affect our financial condition.

We have a significant amount of debt:

our debt, as of July 31, 2008, including the debt of the subsidiaries that guarantee our debt, was \$2,515.0 million (\$2,505.5 million net of discount);

as of July 31, 2008, the aggregate outstanding face amount of letters of credit under our Revolving Credit Agreement was \$219.7 million and we had no outstanding revolving loans; and

our debt service payments for the 12-month period ended July 31, 2008, which include interest incurred and mandatory principal payments on our corporate debt under the terms of our indentures (but which do not include principal and interest on non-recourse secured debt and debt of our financial subsidiaries), were \$292.2 million (\$140.3 million of which relates to principal payments on our 10¹/₂% Senior Notes due 2007).

In addition, we had substantial contractual commitments and contingent obligations, including \$671.5 million of performance bonds as of July 31, 2008. See "Management's Discussion of Financial Condition and Results of Operations Contractual Obligations" in our Annual Report on Form 10-K for the year ended October 31, 2007 incorporated by reference herein.

Our significant amount of debt could have important consequences. For example, it could:

limit our ability to obtain future financing for working capital, capital expenditures, acquisitions, debt service requirements or other requirements;

require us to dedicate a substantial portion of our cash flow from operations to the payment of our debt and reduce our ability to use our cash flow for other purposes;

limit our flexibility in planning for, or reacting to, changes in our business; and

place us at a competitive disadvantage because we have more debt than some of our competitors; and make us more vulnerable to downturns in our business and general economic conditions.

Our ability to meet our debt service and other obligations will depend upon our future performance. We are engaged in businesses that are substantially affected by changes in economic cycles. Our revenues and earnings vary with the level of general economic activity in the markets we serve. Our businesses are also affected by customer sentiment and financial, political, business and other factors, many of which are beyond our control. The factors that affect our ability to generate cash can also affect our ability to raise additional funds for these purposes through the sale of equity securities, the refinancing of debt, or the sale of assets. Changes in prevailing interest rates may affect our ability to meet our debt service obligations, because borrowings under our Revolving Credit Agreement bear interest at floating rates. A higher interest rate on our debt service obligations could result in lower earnings.

Our business may not generate sufficient cash flow from operations and borrowings may not be available to us under our Revolving Credit Agreement in an amount sufficient to enable us to pay our indebtedness or to fund our other liquidity needs. Under the \$300 million Revolving Credit Agreement, the amount available for revolving loans is limited to \$100 million, with the remaining amounts available (subject to the borrowing base) for the issuance of letters of credit. We may need to refinance all or a portion of our debt on or before maturity, which we may not be able to do on favorable terms or at all.

Restrictive covenants in our debt instruments may restrict our ability to operate and if our financial performance worsens, we may not be able to maintain compliance with the financial covenants of our debt instruments.

The indentures governing our outstanding debt securities and our Revolving Credit Agreement impose restrictions on our operations and activities. The most significant restrictions relate to debt incurrence, sales of assets, cash distributions, including paying dividends on common and preferred stock, capital stock and debt repurchases, and investments by us and certain of our subsidiaries. The covenants in our Revolving Credit Agreement also include a borrowing base covenant and a covenant

requiring either a minimum operating cash flow coverage ratio or minimum liquidity as of the last day of each fiscal quarter but do not contain any other financial covenants. Our level of home deliveries, amount of impairments and other financial performance factors negatively impacted the borrowing base and financial covenants under the Revolving Credit Agreement prior to its amendment in May 2008 and there can be no assurance that we will not violate the financial or other covenants under our debt instruments in the future or that the amount available under our revolving credit line would not be reduced.

In addition, as a result of the restrictions in our indentures, which would require our fixed charge coverage ratio to be at least 2.0 to 1.0, we are currently restricted from paying dividends on our Series A Preferred Stock and will continue to be restricted during the remainder of fiscal 2008. If current market trends continue or worsen, we anticipate that we will continue to be restricted from paying dividends into fiscal 2009.

If we fail to comply with any of the restrictions or covenants of our debt instruments, and are unable to amend the instrument or obtain a waiver, or make timely payments on this debt and other material indebtedness, we could be precluded from incurring additional borrowings under our Revolving Credit Agreement and the trustees or the banks, as appropriate, could cause our debt to become due and payable prior to maturity. In such a situation, there can be no assurance that we would be able to obtain alternative financing. In addition, if we are in default of these agreements, we may be prohibited from drawing additional funds under the Revolving Credit Agreement, which could impair our ability to maintain sufficient working capital. Either situation could have a material adverse effect on the solvency of the Company.

The terms of our debt instruments allow us to incur additional indebtedness.

Under the terms of our indebtedness under our indentures and under the Revolving Credit Agreement, we have the ability, subject to our debt covenants, to incur additional amounts of debt. The incurrence of additional indebtedness could magnify the risks described above. In addition, certain obligations such as standby letters of credit and performance bonds issued in the ordinary course of business are not considered indebtedness under our indentures (and may be secured) and are therefore not subject to limits in our debt covenants.

We could be adversely affected by a negative change in our credit rating.

Our ability to access capital on favorable terms is a key factor in continuing to grow our business and operations in a profitable manner. Recently, Moody's and S&P lowered our credit ratings, which may make it more difficult and costly for us to access capital. A further downgrade by any of the principal credit agencies may exacerbate these difficulties.

Our business is seasonal in nature and our quarterly operating results can fluctuate.

Our quarterly operating results generally fluctuate by season. Historically, a large percentage of our agreements of sale have been entered into in the winter and spring. The construction of a customer's home typically begins after signing the agreement of sale and can take 12 months or more to complete. Weather-related problems, typically in the late winter and early spring, can delay starts or closings and increase costs and thus reduce profitability. In addition, delays in opening communities could have an adverse impact on our sales and revenues. Due to these factors, our quarterly operating results may continue to fluctuate.

Our success depends on the availability of suitable undeveloped land and improved lots at acceptable prices.

Our success in developing land and in building and selling homes depends in part upon the continued availability of suitable undeveloped land and improved lots at acceptable prices. The

availability of undeveloped land and improved lots for purchase at favorable prices depends on a number of factors outside of our control, including the risk of competitive over-bidding on land and lots and restrictive governmental regulation. Should suitable land opportunities become less available, the number of homes we may be able to build and sell would be reduced, which would reduce revenue and profits.

Raw material and labor shortages and price fluctuations could delay or increase the cost of home construction and adversely affect our operating results.

The homebuilding industry has from time to time experienced raw material and labor shortages. In particular, shortages and fluctuations in the price of lumber or in other important raw materials could result in delays in the start or completion of, or increase the cost of, developing one or more of our residential communities. In addition, we contract with subcontractors to construct our homes. Therefore, the timing and quality of our construction depends on the availability, skill and cost of our subcontractors. Delays or cost increases caused by shortages and price fluctuations could harm our operating results, the impact of which may be further affected depending on our ability to raise sales prices.

Changes in economic and market conditions could result in the sale of homes at a loss or holding land in inventory longer than planned, the cost of which can be significant.

Land inventory risk can be substantial for homebuilders. We must continuously seek and make acquisitions of land for expansion into new markets and for replacement and expansion of land inventory within our current markets. The market value of undeveloped land, buildable lots and housing inventories can fluctuate significantly as a result of changing economic and market conditions. In the event of significant changes in economic or market conditions, we may have to sell homes at a loss or hold land in inventory longer than planned. In the case of land options, we could choose not to exercise them, in which case we would write off the value of these options. Inventory carrying costs can be significant and can result in losses in a poorly performing project or market. For example, during 2007 and 2006 we decided not to exercise many option contracts and walked away from land option deposits and predevelopment costs, which resulted in land option write-offs of \$126.0 million and \$159.1 million, respectively. Also, in 2007 and 2006, as a result of the slowing market, we recorded inventory impairment losses on owned property of \$331.8 million and \$177.1 million, respectively. For the nine months ended July 31, 2008, we recorded inventory impairment losses on owned property of \$380.4 million and we further recorded \$66.6 million of land option write-offs.

Home prices and sales activities in the California, New Jersey, Texas, North Carolina, Virginia, Maryland, Florida and Arizona markets have a large impact on our profitability because we conduct a significant portion of our business in these markets.

We presently conduct a significant portion of our business in the California, New Jersey, Texas, North Carolina, Virginia, Maryland, Florida and Arizona markets. Home prices and sales activities in these markets, and in most of the other markets in which we operate, have declined from time to time, particularly as a result of slow economic growth. In particular, Arizona, California, Florida, New Jersey, Virginia and Maryland have continued to slow since the end of 2006. Furthermore, precarious economic and budget situations at the state government level may adversely affect the market for our homes in those affected areas. If home prices and sales activity decline in one or more of the markets in which we operate, our costs may not decline at all or at the same rate and profits may be reduced.

Because almost all of our customers require mortgage financing, increases in interest rates or the decreased availability of mortgage financing could impair the affordability of our homes, lower demand for our products, limit our marketing effectiveness, and limit our ability to fully realize our backlog.

Virtually all of our customers finance their acquisitions through lenders providing mortgage financing. Increases in interest rates or decreases in availability of mortgage financing could lower demand for new homes because of the increased monthly mortgage costs to potential home buyers. Even if potential customers do not need financing, changes in interest rates and mortgage availability could make it harder for them to sell their existing homes to potential buyers who need financing. This could prevent or limit our ability to attract new customers as well as our ability to fully realize our backlog because our sales contracts generally include a financing contingency. Financing contingencies permit the customer to cancel his obligation in the event mortgage financing at prevailing interest rates, including financing arranged or provided by us, is unobtainable within the period specified in the contract. This contingency period is typically four to eight weeks following the date of execution of the sales contract.

Over the last several quarters, many lenders have significantly tightened their underwriting standards, and many subprime and other alternative mortgage products are no longer being made available in the marketplace. If these trends continue and mortgage loans continue to be difficult to obtain, the ability and willingness of prospective buyers to finance home purchases or to sell their existing homes will be adversely affected, which will adversely affect our operating results.

In addition, we believe that the availability of FNMA, FHLMC, FHA and VA mortgage financing is an important factor in marketing many of our homes. Any limitations or restrictions on the availability of those types of financing could reduce our sales.

We conduct certain of our operations through unconsolidated joint ventures with independent third parties in which we do not have a controlling interest. These investments involve risks and are highly illiquid.

We currently operate through a number of unconsolidated homebuilding and land development joint ventures with independent third parties in which we do not have a controlling interest. At July 31, 2008, we had invested an aggregate of \$164.1 million in these joint ventures, which had borrowings outstanding of approximately \$335.8 million. In addition, as part of our strategy, we intend to continue to evaluate additional joint venture opportunities.

These investments involve risks and are highly illiquid. There are a limited number of sources willing to provide acquisition, development and construction financing to land development and homebuilding joint ventures, and as the use of joint venture arrangements by us and our competitors increases and as market conditions become more challenging, it may be difficult or impossible to obtain financing for our joint ventures on commercially reasonable terms. In addition, we lack a controlling interest in these joint ventures and therefore are usually unable to require that our joint ventures sell assets or return invested capital, make additional capital contributions or take any other action without the vote of at least one of our venture partners. Therefore, absent partner agreement, we will be unable to liquidate our joint venture investments to generate cash.

Homebuilders are subject to a number of federal, local, state and foreign laws and regulations concerning the development of land, the home building, sales and customer financing processes and protection of the environment, which can cause us to incur delays and costs associated with compliance and which can prohibit or restrict our activity in some regions or areas.

We are subject to extensive and complex regulations that affect the development and home building, sales and customer financing processes, including zoning, density, building standards and mortgage financing. These regulations often provide broad discretion to the administering governmental authorities. This can delay or increase the cost of development or homebuilding. In addition, some

state and local governments in markets where we operate have approved, and others may approve, slow growth or no growth initiatives that could negatively impact the availability of land and building opportunities within those areas. Approval of these initiatives could adversely affect our ability to build and sell homes in the affected markets and/or could require the satisfaction of additional administrative and regulatory requirements, which could result in slowing the progress or increasing the costs of our homebuilding operations in these markets. Any such delays or costs could have a negative effect on our future revenues and earnings.

We also are subject to a variety of local, state, federal and foreign laws and regulations concerning protection of health and the environment. The particular environmental laws which apply to any given community vary greatly according to the community site, the site's environmental conditions and the present and former uses of the site. These environmental laws may result in delays, may cause us to incur substantial compliance, remediation, and/or other costs, and can prohibit or severely restrict development and homebuilding activity in certain environmentally sensitive regions or areas.

For example, during 2005, we received requests for information from the Environmental Protection Agency (the "EPA") pursuant to provisions of the Clean Water Act. These requests sought information concerning storm water discharge practices in connection with completed, ongoing and planned homebuilding projects in the states and district that comprise EPA Region 3. We provided the EPA with information in response to its requests. The Department of Justice ("DOJ") subsequently also has become involved in the review of our storm water discharge practices and enforcement with respect to them. We have subsequently received a notification with respect to another development from the EPA alleging violations of storm water discharge practices and requesting related information. We cannot predict the outcome of the review of these practices or estimate the costs that may be involved in resolving the matter. To the extent that the EPA or the DOJ asserts violations of regulatory requirements and request injunctive relief or penalties, we will defend and attempt to resolve such asserted violations.

It can be anticipated that increasingly stringent requirements will be imposed on developers and homebuilders in the future. Although we cannot predict the effect of these requirements, they could result in time-consuming and expensive compliance programs and in substantial expenditures, which could cause delays and increase our cost of operations. In addition, the continued effectiveness of permits already granted or approvals already obtained is dependent upon many factors, some of which are beyond our control, such as changes in policies, rules and regulations and their interpretation and application.

Product liability litigation and warranty claims that arise in the ordinary course of business may be costly.

As a homebuilder, we are subject to construction defect and home warranty claims arising in the ordinary course of business. Such claims are common in the homebuilding industry and can be costly. In addition, the amount and scope of coverage offered by insurance companies is currently limited and this coverage may be further restricted and become more costly. If we are not able to obtain adequate insurance against such claims, we may experience losses that could hurt our financial results. Our financial results could also be adversely affected if we were to experience an unusually high number of claims or unusually severe claims.

We compete on several levels with homebuilders that may have greater sales and financial resources, which could hurt future earnings.

We compete not only for home buyers but also for desirable properties, financing, raw materials and skilled labor often within larger subdivisions designed, planned and developed by other homebuilders. Our competitors include other local, regional and national homebuilders, some of which have greater sales and financial resources.

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

The competitive conditions in the homebuilding industry together with current market conditions have, and could continue to, result in:

difficulty in acquiring suitable land at acceptable prices;

increased selling incentives;

lower sales; or

delays in construction.

Any of these problems could increase costs and/or lower profit margins.

We may have difficulty in obtaining the additional financing required to operate and develop our business.

Our operations require significant amounts of cash, and we may be required to seek additional capital, whether from sales of equity or borrowing additional money, for the future growth and development of our business. The terms or availability of additional capital is uncertain. Moreover, the indentures for our outstanding debt securities and our Revolving Credit Agreement contain provisions that restrict the debt we may incur and the equity we may issue in the future. If we are not successful in obtaining sufficient capital, it could reduce our sales and may hinder our future growth and results of operations. In addition, pledging substantially all of our assets to support the Revolving Credit Agreement and the notes may make it more difficult to raise additional financing in the future.

Our future growth may include additional acquisitions of companies that may not be successfully integrated and may not achieve expected benefits.

Acquisitions of companies have contributed to our growth and are a component of our growth strategy. In March 2005, we acquired Cambridge Homes and Town & Country Homes; in August 2005, we acquired Oster Homes and First Home Builders of Florida and in April 2006, we acquired Craftbuilt Homes. In the future, we may acquire other businesses, some of which may be significant. As a result of acquisitions of companies, we may need to seek additional financing and integrate product lines, dispersed operations and distinct corporate cultures. These integration efforts may not succeed or may distract our management from operating our existing business. Additionally, we may not be able to enhance our earnings as a result of acquisitions. Our failure to successfully identify and manage future acquisitions could harm our operating results.

Our controlling stockholders are able to exercise significant influence over us.

Kevork S. Hovnanian, the Chairman of our Board of Directors, and Ara K. Hovnanian, our President and Chief Executive Officer, have voting control, through personal holdings and family-owned entities, of Class A and Class B common stock that enables them to cast approximately 71.6% of the votes that may be cast by the holders of our outstanding Class A and Class B common stock combined. Their combined stock ownership enables them to exert significant control over us, including power to control the election of our Board of Directors and to approve matters presented to our stockholders. This concentration of ownership may also make some transactions, including mergers or other changes in control, more difficult or impossible without their support. Also, because of their combined voting power, circumstances may occur in which their interests could be in conflict with the interests of other stakeholders.

Our net operating loss carryforwards could be substantially limited if we experience an ownership change as defined in the Internal Revenue Code.

Based on recent impairments and our current financial performance, we expect to generate net operating loss carryforwards for the year ending October 31, 2008, and possibly future years.

Section 382 of the Internal Revenue Code contains rules that limit the ability of a company that undergoes an ownership change, which is generally any change in ownership of more than 50% of its stock over a three-year period, to utilize its net operating loss carryforwards and certain built in losses recognized in years after the ownership change. These rules generally operate by focusing on ownership changes among stockholders owning directly or indirectly 5% or more of the stock of a company or any change in ownership arising from a new issuance of stock by the company.

If we undergo an ownership change for purposes of Section 382 as a result of future transactions involving our common stock, including purchases or sales of stock between 5% shareholders, our ability to use our net operating loss carryforwards and recognize certain built in losses would be subject to the limitations of Section 382. Depending on the resulting limitation, a significant portion of our net operating loss carryforwards could expire before we would be able to use them. Our inability to utilize our net operating loss carryforwards could have a negative impact on our financial position and results of operations.

Utility shortages and outages or rate fluctuations could have an adverse effect on our operations.

In prior years, the areas in which we operate in California have experienced power shortages, including periods without electrical power, as well as significant fluctuations in utility costs. We may incur additional costs and may not be able to complete construction on a timely basis if such power shortages/outages and utility rate fluctuations continue. Furthermore, power shortages and outages, such as the blackout that occurred in 2003 in the Northeast, and rate fluctuations may adversely affect the regional economies in which we operate, which may reduce demand for our homes. Our operations may be adversely affected if further rate fluctuations and/or power shortages and outages occur in California, the Northeast or in our other markets.

Geopolitical risks and market disruption could adversely affect our operating results and financial condition.

Geopolitical events, such as the aftermath of the war with Iraq and the continuing involvement in Iraq, may have a substantial impact on the economy and the housing market. The terrorist attacks on the World Trade Center and the Pentagon on September 11, 2001 had an impact on our business and the occurrence of similar events in the future cannot be ruled out. The war and the continuing involvement in Iraq, terrorism and related geopolitical risks have created many economic and political uncertainties, some of which may have additional material adverse effects on the U.S. economy, and our customers and, in turn, our results of operations and financial condition.

Risks Related to the Notes

After completion of the offering, we will have a significant amount of indebtedness and we may incur additional indebtedness.

At July 31, 2008, the Issuer and the guarantors had approximately \$2,515.0 million of debt (including the outstanding notes) outstanding. We and our subsidiaries may incur additional indebtedness in the future. Subject to certain conditions, the terms of the indenture under which the outstanding notes were, and the exchange notes will be, issued and our other existing debt instruments do not prohibit us or our subsidiaries from incurring additional indebtedness. If indebtedness is added to our current debt levels, the risks related to the notes and our indebtedness generally that we and our subsidiaries now face could intensify.

The notes will be structurally junior to indebtedness of our non-guarantor subsidiaries and joint ventures.

You will not have any claim as a creditor against any of our non-guarantor subsidiaries and joint ventures, and indebtedness and other liabilities, including trade payables, of those subsidiaries and joint ventures will effectively be senior to your claims against those subsidiaries and joint ventures. At

July 31, 2008, our non-guarantor subsidiaries and joint ventures had \$89.1 million and \$395.4 million, respectively, of outstanding liabilities, including trade payables. In addition, the indenture under which the outstanding notes were, and the exchange notes will be, issued will, subject to certain limitations, permit these subsidiaries and joint ventures to incur additional indebtedness and will not contain any limitation on the amount of other liabilities, such as trade payables, that may be incurred by these subsidiaries.

Certain of our subsidiaries and all of our joint venture operations are not subject to the restrictive covenants in the indenture under which the outstanding notes were, and the exchange notes will be, issued.

Certain of our subsidiaries and all of our joint venture operations are not subject to the restrictive covenants in the indenture under which the outstanding notes were, and the exchange notes will be, issued. This means that these entities will be able to engage in many of the activities that we and our restricted subsidiaries are prohibited or limited from doing under the terms of such indenture, such as incurring additional debt, securing assets in priority to the claims of the holders of the notes, paying dividends, making investments, selling assets and entering into mergers or other business combinations. These actions could be detrimental to our ability to make payments of principal and interest when due and to comply with our other obligations under the notes, and could reduce the amount of our assets that would be available to satisfy your claims should we default on the notes.

All obligations under our Revolving Credit Agreement are secured by first-priority liens on collateral that also secure the notes. As a result, the notes will be effectively junior to all such obligations, to the extent of the value of such collateral.

All obligations under our Revolving Credit Agreement are secured by first-priority liens on collateral that also secure the notes, which are secured by a second-priority lien on such collateral. As a result, the notes will be effectively junior to all of the obligations under the Revolving Credit Agreement to the extent of the value of such collateral. The effect of this subordination is that upon a default in payment on, or the acceleration of, any obligations under our Revolving Credit Agreement, or in the event of our, or our subsidiary guarantors', bankruptcy, insolvency, liquidation, dissolution, reorganization or similar proceeding, the proceeds from the sale of the assets that secure our Revolving Credit Agreement will be available to pay obligations on the notes only after all obligations under our Revolving Credit Agreement have been paid in full.

The notes will be secured only to the extent of the value of the assets that have been granted as security for the notes and in the event that the security is enforced against the collateral, the holders of the notes will receive proceeds from the collateral only after the lenders under our Revolving Credit Agreement and certain holders of additional secured debt.

Substantially all the assets owned by us and the guarantors on the date of the indenture or thereafter acquired, and all proceeds therefrom, will be subject to first-priority liens in favor of the lenders under our Revolving Credit Agreement. The holders of the notes will have second-priority liens on such assets, excluding pledges of stock of subsidiaries to the extent they would result in the filing of separate financial statements in SEC filings. Because obligations under our Revolving Credit Agreement are secured on a first-priority basis, our failure to comply with the terms of that agreement would entitle those lenders to declare all funds borrowed under it to be immediately due and payable. If we were unable to service the indebtedness under the Revolving Credit Agreement, the lenders could foreclose on our assets that serve as collateral. As a result, upon any distribution to our creditors, liquidation, reorganization or similar proceedings, or following acceleration of any of our indebtedness or an event of default under our indebtedness and enforcement of the collateral, the lenders under our Revolving Credit Agreement will be entitled to be repaid in full from the proceeds of all the pledged

assets owned by the Issuer and guarantors on the date of the indenture or thereafter acquired securing the indebtedness to them before any payment is made to you from the proceeds of that collateral.

In addition, the collateral securing the notes will be subject to liens permitted under the terms of the indenture governing the notes and the intercreditor agreement, whether arising on or after the date the notes are issued. The existence of any permitted liens could adversely affect the value of the collateral securing the notes as well as the ability of the collateral agent to realize or foreclose on such collateral.

Furthermore, all of the collateral has not been appraised in connection with this offering of exchange notes. As of July 31, 2008 the aggregate book value of the real property collateral was approximately \$2.0 billion, which does not include the impact of inventory investments, home deliveries or impairments thereafter. The fair market value of this collateral is subject to fluctuations based on factors that include, among others, the condition of the homebuilding industry, our ability to implement our business strategy, the ability to sell the collateral in an orderly sale, general economic conditions, the availability of buyers and similar factors. The amount to be received upon a sale of the collateral would be dependent on numerous factors, including but not limited to the actual fair market value of the collateral at such time and the timing and the manner of the sale. By its nature, some or all of the collateral may be illiquid and may have no readily ascertainable market value. In the event that a bankruptcy case is commenced by or against us, if the value of the collateral is less than the amount of principal and accrued and unpaid interest on the notes and all other senior secured obligations, interest may cease to accrue on the notes from and after the date the bankruptcy petition is filed. In the event of a foreclosure, liquidation, bankruptcy or similar proceeding, we cannot assure you that the proceeds from any sale or liquidation of the collateral will be sufficient to pay our obligations under the notes.

In addition, not all of our assets secure the notes. See "Description of Notes Security." For example, the collateral will not include:

pledges of stock of guarantors to the extent they would result in the filing of separate financial statements in SEC filings;

personal property where the cost of obtaining a security interest or perfection thereof exceeds its benefits;

real property subject to a lien securing indebtedness incurred for the purpose of financing the acquisition thereof;

real property located outside of the United States;

unentitled land;

real property which is leased or held for the purpose of leasing to unaffiliated third parties;

equity interests in subsidiaries other than restricted subsidiaries, subject to future grants under certain circumstances as required under the indenture;

any real property in a community under development with a dollar amount of investment as of the most recent month-end (determined in accordance with GAAP) of less than \$2.0 million or with less than 10 lots remaining;

up to \$50.0 million of assets received in certain asset dispositions or asset swaps or exchanges made in accordance with the indenture;

assets with respect to which any applicable law or contract prohibits the creation or perfection of security interests therein; and

any other assets excluded from the collateral securing the Revolving Credit Agreement and any other indebtedness or obligations secured by first-priority liens on the collateral.

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

In addition, the Issuer and the guarantors will not be required to provide control agreements with respect to certain deposit, checking or securities accounts with average balances below a certain dollar amount.

In the future, the obligation to grant additional security over assets, or a particular type or class of assets, whether as a result of the acquisition or creation of future assets or subsidiaries, the designation of a previously unrestricted subsidiary as a restricted subsidiary or otherwise, is subject to the provisions of the intercreditor agreement. The intercreditor agreement sets out a number of limitations on the rights of the holders of the notes to require security in certain circumstances, which may result in, among other things, the amount recoverable under any security provided by any subsidiary being limited and/or security not being granted over a particular type or class of assets. Accordingly, this may affect the value of the security provided by us and our subsidiaries.

To the extent that the claims of the holders of the notes exceed the value of the assets securing those notes and other liabilities, those claims will rank equally with the claims of the holders of our outstanding unsecured senior notes and any other indebtedness ranking pari passu with those unsecured notes. As a result, if the value of the assets pledged as security for the notes is less than the value of the claims of the holders of the notes, those claims may not be satisfied in full before the claims of our unsecured creditors are paid. Furthermore, upon enforcement against any collateral or in insolvency, under the terms of the intercreditor agreement the claims of the holders of the notes to the proceeds of such enforcement will rank behind the claims of the holders of obligations under our Revolving Credit Agreement, which are first-priority obligations, and holders of additional secured indebtedness (to the extent permitted to have priority by the indenture).

In addition, the security interest of the collateral agent will be subject to practical problems generally associated with the realization of security interests in collateral. For example, the collateral agent may need to obtain the consent of a third party to obtain or enforce a security interest in a contract. We cannot assure you that the collateral agent will be able to obtain any such consent. We also cannot assure you that the consents of any third parties will be given when required to facilitate a foreclosure on such assets. Accordingly, the collateral agent may not have the ability to foreclose upon those assets and the value of the collateral may significantly decrease.

The rights of holders of notes to the collateral will be governed, and materially limited, by the intercreditor agreement.

The rights of holders of notes to the collateral will be governed, and materially limited, by the intercreditor agreement. The holders of indebtedness under our Revolving Credit Agreement, which is secured on a first-priority basis, will control substantially all matters related to the collateral securing such indebtedness and the notes pursuant to the terms of the intercreditor agreement. Under the intercreditor agreement, at any time that the indebtedness secured on a first- priority basis remains outstanding, any actions that may be taken in respect of the collateral, including the ability to commence enforcement proceedings against the collateral and to control the conduct of such proceedings, and the approval of amendments to, releases of collateral from the lien of, and waivers of past defaults under, the collateral documents, will be at the direction of the holders of such indebtedness, and the trustee on behalf of the holders of the notes, with limited exceptions, will not have the ability to control or direct such actions, even if the rights of the holders of the notes are adversely affected. Any release (unless the release is in connection with termination of the Revolving Credit Agreement) of all first-priority liens upon any collateral approved by the holders of first-priority liens will also release the second-priority liens securing the notes on the same collateral. See "Description of Notes Security Release of Liens"

Because the lenders under the Revolving Credit Agreement will control the disposition of the collateral securing the Revolving Credit Agreement and the notes, if there were an event of default

under the notes, the lenders could decide not to proceed against the collateral, regardless of whether or not there is a default under the Revolving Credit Agreement. In such event, the only remedy available to the holders of the notes would be to sue for payment on the notes and the guarantees. By virtue of the direction of the administration of the pledges and security interests and the release of collateral, actions may be taken under the collateral documents that may be adverse to you.

Your rights in the collateral may be adversely affected by the failure to perfect security interests in collateral.

Applicable law requires that a security interest in certain tangible and intangible assets can only be properly perfected and its priority retained through certain actions undertaken by the secured party. The liens in the collateral securing the notes may not be perfected with respect to the claims of the notes if the collateral agent is not able to take the actions necessary to perfect any of these liens on or prior to the date of the indenture governing the notes. In addition, applicable law requires that certain property and rights acquired after the grant of a general security interest, such as real property, can only be perfected at the time such property and rights are acquired and identified. We and the guarantors have limited obligations to perfect the security interest of the holders of the notes in specified collateral. There can be no assurance that the trustee or the collateral agent for the notes will monitor, or that we will inform such trustee or collateral agent of, the future acquisition of property and rights that constitute collateral, and that the necessary action will be taken to properly perfect the security interest in such after-acquired collateral. The collateral agent for the notes has no obligation to monitor the acquisition of additional property or rights that constitute collateral or the perfection of any security interest. Such failure may result in the loss of the security interest in the collateral or the priority of the security interest in favor of the notes against third parties.

In the event of our bankruptcy, the ability of the holders of the notes to realize upon the collateral will be subject to certain bankruptcy law limitations and limitations under the intercreditor agreement.

The ability of holders of the notes to realize upon the collateral will be subject to certain bankruptcy law limitations in the event of our bankruptcy. Under federal bankruptcy law, secured creditors are prohibited from repossessing their security from a debtor in a bankruptcy case, or from disposing of security repossessed from such a debtor, without bankruptcy court approval, which may not be given. Moreover, applicable federal bankruptcy laws generally permit the debtor to continue to use and expend collateral, including cash collateral, and to provide liens senior to the collateral agent for the notes' liens to secure indebtedness incurred after the commencement of a bankruptcy case, provided that the secured creditor either consents or is given "adequate protection." "Adequate protection" could include cash payments or the granting of additional security, if and at such times as the presiding court in its discretion determines, for any diminution in the value of the collateral as a result of the stay of repossession or disposition of the collateral during the pendency of the bankruptcy case, the use of collateral (including cash collateral) and the incurrence of such senior indebtedness. However, pursuant to the terms of the intercreditor agreement, the holders of the notes will agree not to seek or accept "adequate protection" consisting of cash payments and will not object to the incurrence of additional indebtedness secured by liens senior to the collateral agent for the notes' liens in an aggregate principal amount, together with the aggregate principal amount of first-priority lien obligations, of up to \$400 million. In view of the lack of a precise definition of the term "adequate protection" and the broad discretionary powers of a U.S. bankruptcy court, we cannot predict whether or when the collateral agent under the indenture for the notes could foreclose upon or sell the collateral, and as a result of the limitations under the intercreditor agreement, the holders of the notes will not be compensated for any delay in payment or loss of value of the collateral through the provision of "adequate protection," except to the extent of any grant of additional liens that are junior to the first-priority obligations.

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

In addition to the waiver with respect to adequate protection set forth above, under the terms of the intercreditor agreement, the holders of the notes will also waive certain other important rights that secured creditors may be entitled to in a bankruptcy proceeding, as described in "Description of Notes Security Intercreditor Agreement." These waivers could adversely impact the ability of the holders to recover amounts owed to them in a bankruptcy proceeding.

The collateral securing the notes may be diluted under certain circumstances.

The collateral that secures the notes also secures obligations under the \$300.0 million Revolving Credit Agreement. In addition, the collateral securing the notes will secure obligations under interest rate and currency agreements with lenders or their affiliates as permitted by the terms of the Revolving Credit Agreement. This collateral may secure additional senior indebtedness that the Company or certain of its subsidiaries incurs in the future, subject to restrictions on their ability to incur debt and liens under the Revolving Credit Agreement and the indenture governing the notes. Your rights to the collateral would be diluted by any increase in the indebtedness secured by this collateral.

Any future grant of collateral might be avoidable by a trustee in bankruptcy.

Any future grant of collateral in favor of the collateral agent for the benefit of the trustee might be avoidable by the grantor (as debtor in possession) or by its trustee in bankruptcy if certain events or circumstances exist or occur, including, among others, if the grantor is insolvent at the time of the grant, the grant permits the holders of the notes to receive a greater recovery than if the grant had not been given and a bankruptcy proceeding in respect of the grantor is commenced within 90 days following the grant or, in certain circumstances, a longer period. A substantial portion of the collateral will constitute inventory of real estate. As the inventory is sold and new inventory is acquired, the granting of liens on the new inventory will trigger a new 90 day "preference" period. It is possible, particularly during a time when our inventory is turning over quickly, that liens on a substantial portion of the collateral at any time may have been granted during the preceding 90 day period.

Corporate benefit laws and other limitations on the guarantees and security may adversely affect the validity and enforceability of the guarantees of the notes and security granted by the guarantors.

The guarantees of the notes by the guarantors and security granted by such guarantors provide the holders of the notes with a direct claim against the assets of the guarantors. Each of the guarantees and the amount recoverable under the security documents, however, will be limited to the maximum amount that can be guaranteed or secured by a particular guarantor without rendering the guarantee or security, as it relates to that guarantor, voidable or otherwise ineffective under applicable law. In addition, enforcement of any of these guarantees or security against any guarantor will be subject to certain defenses available to guarantors and security providers generally. These laws and defenses include those that relate to fraudulent conveyance or transfer, voidable preference, corporate purpose or benefit, preservation of share capital, thin capitalization and regulations or defenses affecting the rights of creditors generally. If one or more of these laws and defenses are applicable, a guarantor may have no liability or decreased liability under its guarantee or the security documents to which it is a party.

Federal and state laws allow courts, under specific circumstances, to void guarantees and grants of security and to require you to return payments received from guarantors.

Under U.S. federal bankruptcy law or comparable provisions of state fraudulent transfer laws, future creditors of any guarantor could void the issuance of the guarantees and the grant of security by

the guarantors or subordinate such obligations or liens to all of their other debts and liabilities if they were successful in establishing that:

the guarantee or grant of security was incurred with fraudulent intent; or

the guarantor did not receive fair consideration or reasonably equivalent value for issuing its guarantee or grant of security and

was insolvent at the time of the guarantee or grant;

was rendered insolvent by reason of the guarantee or grant;

was engaged in a business or transaction for which its assets constituted unreasonably small capital to carry on its business; or

intended to incur, or believed that it would incur, debt beyond its ability to pay such debt as it matured.

The measures of insolvency for purposes of determining whether a fraudulent conveyance occurred vary depending upon the laws of the relevant jurisdiction and upon the valuation assumptions and methodology applied by the court. Generally, however, a company would be considered insolvent for purposes of the foregoing if:

the sum of the company's debts, including contingent, unliquidated and unmatured liabilities, is greater than all of such company's property at a fair valuation, or

if the present fair saleable value of the company's assets is less than the amount that will be required to pay the probable liability on its existing debts as they become absolute and matured.

We cannot assure you as to what standard a court would apply in order to determine whether a guarantor was "insolvent" as of the date its guarantee or grant was issued, and we cannot assure you that, regardless of the method of valuation, a court would not determine that any guarantors were insolvent on that date. The subsidiary guarantees could be subject to the claim that, since the guarantees and grant of security were incurred for the benefit of Hovnanian and the Issuer, and only indirectly for the benefit of the other guarantors, the obligations of the guarantors thereunder were incurred for less than reasonably equivalent value or fair consideration.

Federal and state environmental laws may decrease the value of the collateral securing the notes and may result in you being liable for environmental cleanup costs at our facilities.

The notes and guarantees are secured by liens on real property that may be subject to both known and unforeseen environmental risks, and these risks may reduce or eliminate the value of the real property pledged as collateral for the notes or adversely affect the ability of the debtor to repay the notes. See "Homebuilders are subject to a number of federal, local, state and foreign laws and regulations concerning the development of land, the home building, sales and customer financing processes and protection of the environment, which can cause us to incur delays and costs associated with compliance and which can prohibit or restrict our activity in some regions or areas" and "Business Regulation and Environmental Matters" in our Annual Report on Form 10-K for the year ended October 31, 2007, which is incorporated by reference herein.

Moreover, under some federal and state environmental laws, a secured lender may in some situations become subject to its debtor's environmental liabilities, including liabilities arising out of contamination at or from the debtor's properties. Such liability can arise before foreclosure, if the secured lender becomes sufficiently involved in the management of the affected facility. Similarly, when a secured lender forecloses and takes title to a contaminated facility or property, the lender could become subject to such liabilities, depending on the circumstances. Before taking some actions, the collateral agent for the notes may request that you provide for its reimbursement for any of its costs,

expenses and liabilities. Cleanup costs could become a liability of the collateral agent for the notes, and, if you agreed to provide for the collateral agent's costs, expenses and liabilities, you could be required to help repay those costs. You may agree to indemnify the collateral agent for the notes for its costs, expenses and liabilities before you or the collateral agent knows what those amounts ultimately will be. If you agreed to this indemnification without sufficient limitations, you could be required to pay the collateral agent an amount that is greater than the amount you paid for the notes. In addition, rather than acting through the collateral agent, you may in some circumstances act directly to pursue a remedy under the indenture. If you exercise that right, you could be considered to be a lender and be subject to the risks discussed above.

Exercise of Change of Control Rights *We may not have the ability to raise funds necessary to finance any change of control offer required by the indenture.*

If a change of control occurs as described in the section "Description of Notes - Certain covenants" we would be required to offer to purchase your notes at 101% of their principal amount together with all accrued and unpaid interest, if any, to the date of purchase. If a purchase offer obligation arises under the indenture governing your notes, a change of control will have also occurred under the indentures governing our other debt. Our Revolving Credit Agreement provides that certain change of control events will constitute a default and could result in the acceleration of the indebtedness outstanding thereunder. Any of our future debt agreements may contain similar restrictions and provisions. If a purchase offer were required under the indentures for our debt, we may not have sufficient funds to pay the purchase price for all debt that we are required to repurchase or repay. We do not currently have sufficient funds available to purchase all of such outstanding debt.

An active trading market may not develop for the exchange notes.

We are offering the exchange notes to the holders of the outstanding notes. The exchange notes are a new issue of securities. There is no active public trading market for the exchange notes. We do not intend to apply for listing of the exchange notes on a security exchange. The initial purchasers of the outstanding notes have informed us that they intend to make a market in the exchange notes. However, the initial purchasers may cease their market-making at any time. We cannot assure you that an active trading market will develop for the exchange notes or that the exchange notes will trade as one class with the outstanding notes. In addition, the liquidity of the trading market in the exchange notes and the market prices quoted for the exchange notes may be adversely affected by changes in the overall market for this type of security and by changes in our financial performance or prospects or in the prospects for companies in our industry generally. As a consequence, an active trading market may not develop for your exchange notes, you may not be able to sell your exchange notes, or, even if you can sell your exchange notes, you may not be able to sell them at an acceptable price.

RATIO OF EARNINGS TO FIXED CHARGES

For purposes of computing the ratio of earnings to fixed charges, earnings consist of earnings from continuing operations before income taxes and income or loss from equity investees, plus fixed charges and distributed income of equity investees, less interest capitalized. Fixed charges consist of all interest incurred plus the amortization of debt issuance costs and bond discounts.

The following table sets forth the ratio of earnings to fixed charges for Hovnanian for each of the periods indicated.

	Nine Months Ended July 31, 2008	Year Ended October 31,				
	2007	2006	2005	2004	2003	
Ratio of earnings to fixed charges	(a)	(a)	2.0	7.8	6.3	6.7

(a)

Earnings for the nine months ended July 31, 2008 and the year ended October 31, 2007 were insufficient to cover fixed charges for such period by \$724.5 million and \$667.5 million, respectively.

USE OF PROCEEDS

The exchange offer is intended to satisfy our obligations under the registration rights agreement that we entered into in connection with the private offering of the outstanding notes. We will not receive any cash proceeds from the issuance of the exchange notes in the exchange offer. As consideration for issuing the exchange notes as contemplated in this prospectus, we will receive in exchange a like principal amount of outstanding notes, the terms of which are identical in all material respects to the exchange notes, except that the exchange notes will be registered under the Securities Act and will not contain terms with respect to transfer restrictions or additional interest upon a failure to fulfill certain of our obligations under the registration rights agreement. The outstanding notes that are surrendered in exchange for the exchange notes will be retired and cancelled and cannot be reissued. As a result, the issuance of the exchange notes will not result in any increase or decrease in our capitalization.

We offered the outstanding notes as part of a refinancing in which we (1) used a portion of the net proceeds from the private offering of the outstanding notes to repay amounts outstanding under our revolving credit facility and (2) entered into an amendment to our revolving credit agreement and decreased commitments thereunder from \$900 million to \$300 million. We used the remainder of the net proceeds from the private offering of the outstanding notes for general corporate purposes. Availability under our revolving credit facility equals the lesser of \$300 million or the amount available pursuant to our borrowing base and our sub-limit for revolving loans is \$100 million. Amounts available under the revolving credit facility may be borrowed, repaid and reborrowed, and letters of credit may be issued until the maturity of our revolving credit facility on May 31, 2011 and may be used for general corporate purposes and working capital.

terms, provisions and conditions of the Rights Plan, if the Preferred Stock Purchase Rights become exercisable, each Preferred Stock Purchase Right would initially represent the right to purchase from Hovnanian one ten-thousandth of a share of Series B Junior Preferred Stock for a purchase price of \$35.00. However, prior to exercise, a Preferred Stock Purchase Right does not give its holder any rights as a stockholder, including without limitation, any dividend, voting or liquidation rights.

SELECTED HISTORICAL CONSOLIDATED FINANCIAL DATA

The following selected historical consolidated financial data for each of the fiscal years ended October 31, 2007, 2006, 2005, 2004 and 2003 have been derived from the audited consolidated financial statements of Hovnanian Enterprises, Inc.

THE EXCHANGE OFFER

General

K. Hovnanian hereby offers to exchange a like principal amount of exchange notes for any or all outstanding notes on the terms and subject to the conditions set forth in this prospectus and accompanying letter of transmittal. We refer to this offer as the "exchange offer." You may tender some or all of your outstanding notes pursuant to the exchange offer.

As of the date of this prospectus, \$600,000,000 aggregate principal amount of the outstanding notes is outstanding. This prospectus, together with the letter of transmittal, is first being sent to all holders of outstanding notes known to us on or about October 10, 2008. K. Hovnanian's obligation to accept outstanding notes for exchange pursuant to the exchange offer is subject to certain conditions set forth under "Conditions to the Exchange Offer" below. K. Hovnanian currently expects that each of the conditions will be satisfied and that no waivers will be necessary.

Purpose and Effect of the Exchange Offer

We entered into a registration rights agreement with the initial purchasers of the outstanding notes in which we agreed, under certain circumstances, to file a registration statement relating to an offer to exchange the outstanding notes for exchange notes by September 24, 2008. We also agreed to use our reasonable best efforts to cause such offer to be consummated on or prior to 30 business days after the registration statement has become effective but in no event later than 40 business days thereafter. The exchange notes will have terms substantially identical to the terms of the outstanding notes, except that the exchange notes will not contain terms with respect to transfer restrictions or additional interest upon a failure to fulfill certain of our obligations under the registration rights agreement. The outstanding notes were issued on May 27, 2008.

Under the circumstances set forth below, we will use our reasonable best efforts to cause the Securities and Exchange Commission, or the SEC, to declare effective a shelf registration statement with respect to the resale of the outstanding notes within the time periods specified in the registration rights agreement and to keep the shelf registration statement effective at least one year after the effective date of the shelf registration statement or such shorter period as will terminate when all securities covered by such shelf registration statement have been sold pursuant thereto. These circumstances include:

if applicable law or interpretations of the staff of the SEC do not permit K. Hovnanian and the guarantors to effect this exchange offer after we have sought a no-action letter or other favorable decision from the SEC and after we have taken all such other actions as may be requested by the SEC or otherwise required in connection with such decision; and

if any holder of the outstanding notes notifies us within 20 business days following the consummation deadline of the exchange offer that:

based on an opinion of counsel, such holder was prohibited by law or SEC policy from participating in the exchange offer; or

such holder is a broker-dealer and holds the outstanding notes acquired directly from us or our affiliates.

If we fail to comply with certain obligations under the registration rights agreement, we will be required to pay additional interest to holders of the outstanding notes and the exchange notes required to be registered on a shelf registration statement. Please read the section "Exchange Offer; Registration Rights" for more details regarding the registration rights agreement.

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

Each holder of outstanding notes that wishes to exchange their outstanding notes for exchange notes in the exchange offer will be required to make the following written representations:

such holder is not an affiliate of K. Hovnanian or the guarantors within the meaning of Rule 144 of the Securities Act, or, if it is an affiliate, it will comply with all applicable registration and prospectus delivery requirements of the Securities Act;

such holder is not engaged in, does not intend to engage in, and has no arrangement or understanding with any person to participate in, a distribution (within the meaning of the Securities Act) of the exchange notes in violation of the provisions of the Securities Act; and

such holder is acquiring the exchange notes in the ordinary course of its business.

Each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes, where the broker-dealer acquired the outstanding notes as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. See "Plan of Distribution."

Resale of Exchange Notes

Based on interpretations by the staff of the SEC set forth in no-action letters issued to third parties referred to below, we believe that you may resell or otherwise transfer exchange notes issued in the exchange offer without complying with the registration and prospectus delivery provisions of the Securities Act, if:

you are acquiring the exchange notes in your ordinary course of business;

you do not have an arrangement or understanding with any person to participate in a distribution of the exchange notes;

you are not an affiliate of K. Hovnanian or any guarantor as defined by Rule 405 of the Securities Act; and

you are not engaged in, and do not intend to engage in, a distribution of the exchange notes.

If you are an affiliate of K. Hovnanian or any guarantor, or are engaged in, or intend to engage in, or have any arrangement or understanding with any person to participate in, a distribution of the exchange notes, or are not acquiring the exchange notes in the ordinary course of your business:

you cannot rely on the position of the staff of the SEC enunciated in *Morgan Stanley & Co., Inc.* (available June 5, 1991), *Exxon Capital Holdings Corporation* (available May 13, 1988), as interpreted in the SEC's letter to *Shearman & Sterling* (available July 2, 1993), or similar no-action letters; and

in the absence of an exception from the position stated immediately above, you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the exchange notes.

This prospectus may be used for an offer to resell, for resale or for other retransfer of exchange notes only as specifically set forth in this prospectus. With regard to broker-dealers, only broker-dealers that acquired the outstanding notes as a result of market-making activities or other trading activities may participate in the exchange offer. Each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes, where such outstanding notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes. Please read "Plan of Distribution" for more details regarding the transfer of exchange notes.

Terms of the Exchange Offer

On the terms and subject to the conditions set forth in this prospectus and in the accompanying letter of transmittal, we will accept for exchange in the exchange offer outstanding notes that are validly tendered and not validly withdrawn prior to the expiration date. Outstanding notes may only be tendered in denominations of \$2,000 and higher integral multiples of \$1,000. We will issue \$2,000 principal amount of exchange notes in exchange for each \$2,000 principal amount of outstanding notes surrendered in the exchange offer.

The form and terms of the exchange notes will be substantially identical to the form and terms of the outstanding notes, except that the exchange notes will be registered under the Securities Act and will not contain terms with respect to transfer restrictions or additional interest upon a failure to fulfill certain of our obligations under the registration rights agreement. The exchange notes will evidence the same debt as the outstanding notes. The exchange notes will be issued under and entitled to the benefits of the same indenture under which the outstanding notes were issued and the exchange notes and the outstanding notes will constitute a single class and series of notes for all purposes under the indenture. For a description of the indenture, see "Description of Notes."

The exchange offer is not conditioned upon any minimum aggregate principal amount of outstanding notes being tendered for exchange.

As of the date of this prospectus, \$600,000,000 aggregate principal amount of the outstanding notes is outstanding. This prospectus and a letter of transmittal are being sent to all registered holders of outstanding notes. There will be no fixed record date for determining registered holders of outstanding notes entitled to participate in the exchange offer.

We intend to conduct the exchange offer in accordance with the provisions of the registration rights agreement, the applicable requirements of the Securities Act and the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the rules and regulations of the SEC. Outstanding notes that are not tendered for exchange in the exchange offer will remain outstanding and continue to accrue interest and will be entitled to the rights and benefits that such holders have under the indenture relating to such holders' outstanding notes, except for any rights under the registration rights agreement that by their terms terminate upon the consummation of the exchange offer.

We will be deemed to have accepted for exchange properly tendered outstanding notes when we have given notice of the acceptance to the exchange agent. The exchange agent will act as agent for the tendering holders for the purposes of receiving the exchange notes from us and delivering exchange notes to holders. Subject to the terms of the registration rights agreement, we expressly reserve the right to amend or terminate the exchange offer and to refuse to accept outstanding notes not previously accepted upon the occurrence of any of the conditions specified below under " Conditions to the Exchange Offer."

Holders who tender outstanding notes in the exchange offer will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the exchange of outstanding notes. We will pay all charges and expenses, other than certain applicable taxes described below, in connection with the exchange offer. It is important that you read " Fees and Expenses" below for more details regarding fees and expenses incurred in the exchange offer.

Expiration Date; Extensions, Amendments

As used in this prospectus, the term "expiration date" means 5:00 p.m., New York City time, on November 10, 2008. However, if we, in our sole discretion, extend the period of time for which the exchange offer is open, the term "expiration date" will mean the latest time and date to which we shall have extended the expiration of the exchange offer.

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

To extend the period of time during which the exchange offer is open, we will notify the exchange agent of any extension, followed by notification to the registered holders of the outstanding notes no later than 9:00 a.m., New York City time, on the business day after the previously scheduled expiration date.

We reserve the right, in our sole discretion:

to delay accepting for exchange any outstanding notes;

to extend the exchange offer or to terminate the exchange offer and to refuse to accept outstanding notes not previously accepted if any of the conditions set forth below under " Conditions to the Exchange Offer" have not been satisfied, by giving notice of such delay, extension or termination to the exchange agent; and

subject to the terms of the registration rights agreement, to amend the terms of the exchange offer in any manner.

Any delay in acceptance, extension, termination or amendment will be followed as promptly as practicable by notice to the registered holders of the outstanding notes. If we amend the exchange offer in a manner that we determine to constitute a material change, we will promptly disclose the amendment in a manner reasonably calculated to inform the holders of outstanding notes of that amendment.

Conditions to the Exchange Offer

Despite any other term of the exchange offer, we will not be required to accept for exchange, or to issue exchange notes in exchange for, any outstanding notes, and we may terminate or amend the exchange offer as provided in this prospectus before accepting any outstanding notes for exchange if:

the exchange offer, or the making of any exchange by a holder of outstanding notes, violates any applicable law or interpretation of the staff of the SEC;

any action or proceeding shall have been instituted or threatened in any court or by any governmental agency which might materially impair our ability to proceed with the exchange offer, and any material adverse development shall have occurred in any existing action or proceeding with respect to us; or

all governmental approvals shall not have been obtained, which approvals we deem necessary for the consummation of the exchange offer.

In addition, we will not be obligated to accept for exchange the outstanding notes of any holder that has not made to us:

the representations described under " Purpose and Effect of the Exchange Offer" and " Procedures for Tendering"; and

any other representations as may be reasonably necessary under applicable SEC rules, regulations, or interpretations to make available to us an appropriate form for registration of the exchange notes under the Securities Act.

We expressly reserve the right at any time or at various times to extend the period of time during which the exchange offer is open. Consequently, we may delay acceptance of any outstanding notes by giving notice of such extension to their holders. During any such extensions, all outstanding notes previously tendered will remain subject to the exchange offer and we may accept them for exchange. We will return any outstanding notes that we do not accept for exchange for any reason without expense to their tendering holders as promptly as practicable after the expiration or termination of the exchange offer.

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

We expressly reserve the right to amend or terminate the exchange offer and to reject for exchange any outstanding notes not previously accepted for exchange upon the occurrence of any of the conditions of the exchange offer specified above. We will give notice of any extension, amendment, non-acceptance or termination to the holders of the outstanding notes as promptly as practicable. In the case of any extension, such notice will be issued no later than 9:00 a.m., New York City time, on the business day after the previously scheduled expiration date.

These conditions are for our sole benefit, and we may assert them regardless of the circumstances that may give rise to them or waive them in whole or in part at any or at various times in our sole discretion. If we fail at any time to exercise any of the foregoing rights, this failure will not constitute a waiver of such right. Each such right will be deemed an ongoing right that we may assert at any time or at various times.

Procedures for Tendering

Only a holder of outstanding notes may tender their outstanding notes in the exchange offer. To tender in the exchange offer, a holder must comply with either of the following:

complete, sign and date the letter of transmittal, or a facsimile of the letter of transmittal, have the signature on the letter of transmittal guaranteed if required by the letter of transmittal and mail or deliver such letter of transmittal or facsimile to the exchange agent prior to the expiration date; or

comply with DTC's Automated Tender Offer Program procedures described below.

In addition, either:

the exchange agent must receive outstanding notes along with the letter of transmittal; or

prior to the expiration date, the exchange agent must receive a timely confirmation of book-entry transfer of outstanding notes into the exchange agent's account at DTC according to the procedure for book-entry transfer described below or a properly transmitted agent's message; or

the holder must comply with the guaranteed delivery procedures described below.

To be tendered effectively, the exchange agent must receive any physical delivery of the letter of transmittal and other required documents at the address set forth below under " Exchange Agent" prior to the expiration date.

A tender to us that is not withdrawn prior to the expiration date constitutes an agreement between us and the tendering holder upon the terms and subject to the conditions described in this prospectus and in the letter of transmittal.

The method of delivery of outstanding notes, letter of transmittal, and all other required documents to the exchange agent is at the holder's election and risk. Rather than mail these items, we recommend that holders use an overnight or hand delivery service. In all cases, holders should allow sufficient time to assure timely delivery to the exchange agent before the expiration date. Holders should not send letters of transmittal or certificates representing outstanding notes to us. Holders may request that their respective brokers, dealers, commercial banks, trust companies or other nominees effect the above transactions for them.

If you are a beneficial owner whose outstanding notes are held in the name of a broker, dealer, commercial bank, trust company, or other nominee and you wish to participate in the exchange offer, you should promptly contact such party and instruct such person to tender outstanding notes on your behalf.

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

You must make these arrangements or follow these procedures before completing and executing the letter of transmittal and delivering your outstanding notes.

Signatures on the letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed by a member firm of a registered national securities exchange or of the NASD, a commercial bank or trust company having an office or correspondent in the United States or another "Eligible Guarantor Institution" within the meaning of Rule 17Ad-15 under the Exchange Act unless the outstanding notes surrendered for exchange are tendered:

by a registered holder of the outstanding notes who has not completed the box entitled "Special Registration Instructions" or "Special Delivery Instructions" on the letter of transmittal; or

for the account of an Eligible Guarantor Institution.

If the letter of transmittal is signed by a person other than the registered holder of any outstanding notes listed on the outstanding notes, such outstanding notes must be endorsed or accompanied by a properly completed bond power. The bond power must be signed by the registered holder as the registered holder's name appears on the outstanding notes and an Eligible Guarantor Institution must guarantee the signature on the bond power.

If the letter of transmittal or any certificates representing outstanding notes, or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations, or others acting in a fiduciary or representative capacity, those persons should also indicate when signing and, unless waived by us, they should also submit evidence satisfactory to us of their authority to so act.

Book-Entry Delivery Procedures

Promptly after the date of this prospectus, the exchange agent will establish an account with respect to the outstanding notes at DTC for purposes of the exchange offer. Any financial institution that is a participant in DTC's systems may make book-entry delivery of the outstanding notes by causing DTC to transfer those outstanding notes into the exchange agent's account at DTC in accordance with DTC's procedures for such transfer. To be timely, book-entry delivery of outstanding notes requires receipt of a confirmation of a book-entry transfer, a "book-entry confirmation," prior to the expiration date. In addition, although delivery of outstanding notes may be effected through book-entry transfer into the exchange agent's account at DTC, the letter of transmittal or a manually signed facsimile thereof, together with any required signature guarantees and any other required documents, or an "agent's message," as defined below, in connection with a book-entry transfer, must, in any case, be delivered or transmitted to and received by the exchange agent at its address set forth on the cover page of the letter of transmittal prior to the expiration date to receive exchange notes for tendered outstanding notes, or the guaranteed delivery procedure described below must be complied with. Tender will not be deemed made until such documents are received by the exchange agent. Delivery of documents to DTC does not constitute delivery to the exchange agent. Holders of outstanding notes who are unable to deliver confirmation of the book-entry tender of their outstanding notes into the exchange agent's account at DTC or all other documents required by the letter of transmittal to the exchange agent on or prior to the expiration date must tender their outstanding notes according to the guaranteed delivery procedures described below.

Tender of Outstanding Notes Held Through The Depository Trust Company

The exchange agent and DTC have confirmed that any financial institution that is a participant in DTC's system may use DTC's Automated Tender Offer Program to tender. Participants in the program may, instead of physically completing and signing the letter of transmittal and delivering it to the exchange agent, electronically transmit their acceptance of the exchange offer by causing DTC to transfer the outstanding notes to the exchange agent in accordance with DTC's Automated Tender

Offer Program procedures for transfer. DTC will then send an agent's message to the exchange agent. The term "agent's message" means a message transmitted by DTC, received by the exchange agent and forming part of the book-entry confirmation, which states that:

DTC has received an express acknowledgment from a participant in its Automated Tender Offer Program that it is tendering outstanding notes that are the subject of the book-entry confirmation;

the participant has received and agrees to be bound by the terms of the letter of transmittal, or, in the case of an agent's message relating to guaranteed delivery, that such participant has received and agrees to be bound by the applicable notice of guaranteed delivery; and

we may enforce that agreement against such participant.

Acceptance of Exchange Notes

In all cases, we will issue exchange notes for outstanding notes that we have accepted for exchange under the exchange offer only after the exchange agent timely receives:

outstanding notes or a timely book-entry confirmation of such outstanding notes into the exchange agent's account at DTC; and

a properly completed and duly executed letter of transmittal and all other required documents or a properly transmitted agent's message.

By tendering outstanding notes pursuant to the exchange offer, each holder will represent to us that, among other things:

the holder is not an affiliate of K. Hovnanian or the guarantors within the meaning of Rule 405 of the Securities Act;

the holder is not engaged in, does not intend to engage in, and has no arrangement or understanding with any person to participate in, a distribution of the exchange notes; and

the holder is acquiring the exchange notes in the ordinary course of its business.

If the holder is an affiliate of K. Hovnanian or any guarantor, or is engaging in, or intends to engage in, or has any arrangement or understanding with any person to participate in, a distribution of the exchange notes, or is not acquiring the exchange notes in the ordinary course of its business:

the holder cannot rely on the position of the staff of the SEC enunciated in *Morgan Stanley & Co., Inc.* (available June 5, 1991), *Exxon Capital Holdings Corporation* (available May 13, 1988), as interpreted in the SEC's letter to *Shearman & Sterling* (available July 2, 1993), or similar no-action letters; and

in the absence of an exception from the position stated immediately above, the holder must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the exchange notes.

In addition, each broker-dealer that is to receive exchange notes for its own account in exchange for outstanding notes must represent that such outstanding notes were acquired by that broker-dealer as a result of market-making activities or other trading activities and must

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

acknowledge that it will deliver a prospectus that meets the requirements of the Securities Act in connection with any resale of the exchange notes. The letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. See "Plan of Distribution."

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

We will interpret the terms and conditions of the exchange offer, including the letter of transmittal and the instructions to the letter of transmittal, and will resolve all questions as to the validity, form, eligibility, including time of receipt, and acceptance of outstanding notes tendered for exchange. Our determinations in this regard will be final and binding on all parties. We reserve the absolute right to reject any and all tenders of any particular outstanding notes not properly tendered or to not accept any particular outstanding notes if the acceptance might, in our or our counsel's judgment, be unlawful. We also reserve the absolute right to waive any defects or irregularities or conditions of the exchange offer as to any particular outstanding notes either before or after the expiration date, including the right to waive the ineligibility of any holder who seeks to tender outstanding notes in the exchange offer.

Unless waived, any defects or irregularities in connection with tenders of outstanding notes for exchange must be cured within a reasonable period of time as we determine. Neither we, the exchange agent, nor any other person will be under any duty to give notification of any defect or irregularity with respect to any tender of outstanding notes for exchange, nor will any of them incur any liability for any failure to give notification. Any outstanding notes received by the exchange agent that are not properly tendered and as to which the irregularities have not been cured or waived will be returned by the exchange agent to the tendering holder, without cost to the holder, unless otherwise provided in the letter of transmittal, as soon as practicable after the expiration date.

Guaranteed Delivery Procedures

Holders wishing to tender their outstanding notes but whose outstanding notes are not immediately available or who cannot deliver their outstanding notes, the letter of transmittal or any other required documents to the exchange agent or comply with the applicable procedures under DTC's Automatic Tender Offer Program prior to the expiration date may still tender if:

the tender is made through an Eligible Guarantor Institution;

prior to the expiration date, the exchange agent receives from such Eligible Guarantor Institution either (i) a properly completed and duly executed notice of guaranteed delivery by facsimile transmission, mail or hand delivery or (ii) a properly transmitted agent's message and notice of guaranteed delivery:

setting forth the name and address of the holder, the registered number(s) of such outstanding notes and the principal amount of outstanding notes tendered;

stating that the tender is being made thereby; and

guaranteeing that, within three New York Stock Exchange trading days after the expiration date, the letter of transmittal, or facsimile thereof, together with the outstanding notes or a book-entry confirmation, and any other documents required by the letter of transmittal, will be deposited by the Eligible Guarantor Institution with the exchange agent; and

the exchange agent receives the properly completed and executed letter of transmittal or facsimile thereof, as well as certificate(s) representing all tendered outstanding notes in proper form for transfer or a book-entry confirmation of transfer of the outstanding notes into the exchange agent's account at DTC, and all other documents required by the letter of transmittal within three New York Stock Exchange trading days after the expiration date.

Withdrawal Rights

Except as otherwise provided in this prospectus, holders of outstanding notes may withdraw their tender of outstanding notes at any time prior to 5:00 p.m., New York City time, on the expiration date.

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

For a withdrawal to be effective:

the exchange agent must receive a written notice, which may be by telegram, telex, facsimile or letter, of withdrawal at one of the addresses set forth below under " Exchange Agent"; or

holders must comply with the appropriate procedures of DTC's Automated Tender Offer Program system.

Any notice of withdrawal must:

specify the name of the person who tendered the outstanding notes to be withdrawn;

identify the outstanding notes to be withdrawn, including the principal amount of the outstanding notes; and

where certificates for outstanding notes have been transmitted, specify the name in which such outstanding notes were registered, if different from that of the withdrawing holder.

If certificates for outstanding notes have been delivered or otherwise identified to the exchange agent, then, prior to the release of such certificates, the withdrawing holder must also submit:

the serial numbers of the particular certificates to be withdrawn; and

a signed notice of withdrawal with signatures guaranteed by an Eligible Guarantor Institution unless such holder is an Eligible Guarantor Institution.

If outstanding notes have been tendered pursuant to the procedures for book-entry transfer described above, any notice of withdrawal must specify the name and number of the account at DTC to be credited with the withdrawn outstanding notes and otherwise comply with the procedures of the facility. We will determine all questions as to the validity, form, and eligibility, including time of receipt, of notices of withdrawal, and our determination will be final and binding on all parties. Any outstanding notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offer. Any outstanding notes that have been tendered for exchange but that are not exchanged for any reason will be returned to their holder, without cost to the holder or, in the case of book-entry transfer, will be credited to an account maintained with DTC, as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn outstanding notes may be retendered by following the procedures described under " Procedures for Tendering" above at any time on or prior to the expiration date.

Wilmington Trust Company has been appointed as the exchange agent for the exchange offer. Wilmington Trust Company also acts as trustee under the indenture governing the outstanding notes, which is the same indenture that will govern the exchange notes. Fees and Expenses

We will bear the expenses of soliciting tenders. The principal solicitation is being made by mail by the exchange agent. We may make additional solicitations by facsimile, telephone or in person by our officers and regular employees and our affiliates.

We have not retained any dealer-manager in connection with the exchange offer and will not make any payment to broker-dealers or others for soliciting acceptances of the exchange offer. We will, however, pay the exchange agent reasonable and customary fees for its services and reimburse it for its related, reasonable out-of-pocket expenses.

We will pay the estimated cash expenses to be incurred in connection with the exchange offer. The expenses are estimated in the aggregate to be approximately \$190,000. They include:

SEC registration fees;

fees and expenses of the exchange agent and trustee;

accounting and legal fees and printing costs; and

related fees and expenses.

Accounting Treatment

We will record the exchange notes in our accounting records at the same carrying value as the outstanding notes, which is the aggregate principal amount as reflected in our accounting records on the date of exchange. Accordingly, we will not recognize any gain or loss for accounting purposes upon the consummation of the exchange offer. We will capitalize the expenses of the exchange offer and amortize them over the life of the notes.

Transfer Taxes

We will pay all transfer taxes, if any, applicable to the exchange of outstanding notes under the exchange offer. The tendering holder, however, will be required to pay any transfer taxes, whether imposed on the registered holder or any other person, if:

certificates representing outstanding notes for principal amounts not tendered or accepted for exchange are to be delivered to, or are to be issued in the name of, any person other than the registered holder of outstanding notes tendered;

tendered outstanding notes are registered in the name of any person other than the person signing the letter of transmittal; or

a transfer tax is imposed for any reason other than the exchange of outstanding notes under the exchange offer.

If satisfactory evidence of payment of such taxes is not submitted with the letter of transmittal, the amount of such transfer taxes will be billed to that tendering holder.

Holders who tender their outstanding notes for exchange will not be required to pay any transfer taxes. However, holders who instruct us to register exchange notes in the name of, or request that outstanding notes not tendered or not accepted in the exchange offer be returned to, a person other than the registered tendering holder will be required to pay any applicable transfer tax.

Consequences of Failure to Exchange

Holders of outstanding notes who do not exchange their outstanding notes for exchange notes under the exchange offer will remain subject to the restrictions on transfer of such outstanding notes:

as set forth in the legend printed on the notes as a consequence of the issuance of the outstanding notes pursuant to the exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws; and

otherwise set forth in the offering circular distributed in connection with the private offering of the outstanding notes.

In general, you may not offer or sell the outstanding notes unless they are registered under the Securities Act or if the offer or sale is exempt from registration under the Securities Act and applicable state securities laws. Except as required by the registration rights agreement, we do not intend to register resales of the outstanding notes under the Securities Act. Based on interpretations of the staff of the SEC, exchange notes issued pursuant to the exchange offer may be offered for resale, resold or otherwise transferred by their holders without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that:

the holder is not an affiliate of K. Hovnanian or any guarantor within the meaning of Rule 405 of the Securities Act;

the holder is not engaged in, does not intend to engage in, and does not have an arrangement or understanding with any person to participate in, a distribution of the exchange notes; and

the holder is acquiring the exchange notes in the ordinary course of its business.

Any holder who tenders outstanding notes in the exchange offer for the purpose of participating in a distribution of the exchange notes:

cannot rely on the position of the staff of the SEC enunciated in *Morgan Stanley & Co., Inc.* (available June 5, 1991), *Exxon Capital Holdings Corporation* (available May 13, 1988), as

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

interpreted in the SEC's letter to *Shearman & Sterling* (available July 2, 1993), or similar no-action letters; and

in the absence of an exception from the position stated immediately above, must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the exchange notes.

Other

Participating in the exchange offer is voluntary, and you should carefully consider whether to accept. You are urged to consult your financial and tax advisors in making your own decision on what action to take.

We may in the future seek to acquire untendered outstanding notes in open market or privately negotiated transactions, through subsequent exchange offers or otherwise. We have no present plans to acquire any outstanding notes that are not tendered in the exchange offer or to file a registration statement to permit resales of any untendered outstanding notes.

DESCRIPTION OF NOTES

*In this section, references to the "**Company**" mean Hovnanian Enterprises, Inc., a Delaware corporation, and do not include K. Hovnanian Enterprises, Inc. or any of its other subsidiaries, and references to the "**Issuer**," "**us**," "**we**" or "**our**" mean K. Hovnanian Enterprises, Inc., a California corporation. References to "**Notes**" in this section are references to the outstanding 11¹/₂% Senior Secured Notes due 2013 and the exchange 11¹/₂% Senior Secured Notes due 2013 offered hereby, collectively.*

The Issuer issued the outstanding notes, and will issue the exchange notes described in this prospectus, under an indenture (the "**Indenture**"), dated as of May 27, 2008, among the Issuer, the Guarantors and Wilmington Trust Company a Delaware banking corporation (as successor trustee to Deutsche Bank National Trust Company, a national banking association), as trustee (the "**Trustee**"). The following is a summary of the material terms and provisions of the Notes. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the "**Trust Indenture Act**"), as in effect on the date of the Indenture. The Notes are subject to all such terms, and prospective participants in the exchange offer should refer to the Indenture and the Trust Indenture Act for a statement of such terms. The form and terms of the exchange notes and the outstanding notes are identical in all material respects, except that the exchange notes are registered under the Securities Act and do not contain terms with respect to transfer restrictions or additional interest upon a failure to fulfill certain of our obligations under the registration rights agreement.

This description of the Notes contains definitions of terms, including those defined under the caption " Definitions of certain terms used in the Indenture." Capitalized terms that are used but not otherwise defined herein have the meanings assigned to them in the Indenture.

Any outstanding notes that remain outstanding after consummation of this exchange offer and the exchange notes will constitute a single series of debt securities under the Indenture. Holders of outstanding notes who do not exchange their notes in this exchange offer will vote together with the holders of exchange notes for all relevant purposes under the Indenture. Accordingly, when determining whether the required holders have given notice, consent or waiver or taken any other action permitted under the Indenture, any outstanding notes that are not exchanged pursuant to the exchange offer will be aggregated with the exchange notes. All references herein to specified percentages in aggregate principal amount of Notes outstanding shall be deemed to mean, at any time after this exchange offer is consummated, percentages in aggregate principal amount of outstanding notes and exchange notes outstanding.

General

The Notes will bear interest from the most recent date to which interest has been paid or, if no interest has been paid, from May 27, 2008 at the rate *per annum* shown on the cover page of this prospectus. Interest is payable semi-annually on May 1 and November 1 of each year, commencing November 1, 2008, to Holders of record at the close of business on April 15 or October 15, as the case may be, immediately preceding each such interest payment date. The Notes will mature on May 1, 2013, and will be issued in denominations of \$2,000 and higher integral multiples of \$1,000. Interest will be computed on the basis of a 360-day year consisting of twelve 30-day months.

The Indenture limits the principal amount of securities that the Issuer may issue thereunder to the amount offered hereby.

The outstanding notes are, and the exchange notes will be, guaranteed by the Company and each of the Guarantors (together, the "**Guarantors**") pursuant to the Guarantees (the "**Guarantees**") described below.

Ranking

The outstanding notes are, and the exchange notes will be, general secured obligations of the Issuer and rank senior in right of payment to all existing and future Indebtedness of the Issuer that is, by its terms, expressly subordinated in right of payment to the Notes and *pari passu* in right of payment with all existing and future Indebtedness of the Issuer that is not so subordinated, effectively senior to all unsecured Indebtedness to the extent of the value of the Collateral referred to below and effectively junior to any obligations of the Issuer that are either (i) secured by a Lien on the Collateral (as defined below) that is senior or prior to the second-priority Liens securing the Notes, including the first-priority Liens securing obligations under the Revolving Credit Agreement referred to below, and potentially any Permitted Liens, or (ii) secured by assets that are not part of the Collateral securing the Notes, in each case to the extent of the value of the assets securing such obligations. Under specified circumstances, the Issuer may be released from its obligations under the Notes and the Indenture. See "Condition for Release of the Issuer." The Guarantees of the outstanding notes are, and of the exchange notes will be, general secured obligations of the Guarantors and will rank senior in right of payment to all existing and future Indebtedness of the Guarantors that is, by its terms, expressly subordinated in right of payment to the Guarantees and *pari passu* in right of payment with all existing and future Indebtedness of the Guarantors that is not so subordinated, effectively senior to all unsecured Indebtedness of the Guarantors to the extent of the value of the Collateral and effectively junior to any obligations of any Guarantor that are either (i) secured by a Lien on the Collateral that is senior or prior to the second-priority Liens securing the Guarantees, including the first-priority Liens securing obligations of the guarantors under the Revolving Credit Agreement, and potentially any Permitted Liens, or (ii) secured by assets that are not part of the Collateral securing the Notes, in each case, to the extent of the value of the assets securing such Indebtedness.

At July 31, 2008, the Issuer and the Guarantors had approximately \$627.3 million of secured Indebtedness outstanding, including the outstanding notes, \$1,515.0 million of senior unsecured notes and \$400.0 million senior subordinated notes. In addition, at July 31, 2008 the aggregate outstanding face amount of letters of credit under the Revolving Credit Agreement was \$219.7 million and there were no outstanding revolving loans.

Security

General

The Notes will be secured by second-priority Liens (the "**Second-Priority Liens**") granted by the Issuer, the existing Guarantors and any future Guarantor on substantially all of assets of the Issuer and the Guarantors (whether now owned or hereafter arising or acquired) to the extent such assets secure obligations under the Revolving Credit Agreement or other First-Priority Lien Obligations and subject to certain Permitted Liens and encumbrances described in the Security Documents (collectively, the "**Collateral**").

The Collateral will not include (collectively, the "**Excluded Property**") (a) any pledges of stock of a Guarantor to the extent that Rule 3-16 of Regulation S-X under the Securities Act requires or would require (or is replaced with another rule or regulation, or any other law, rule or regulation is adopted, that would require) the filing with the SEC of separate financial statements of such Guarantor that are not otherwise required to be filed, but only to the extent necessary to not be subject to such requirement, (b) up to \$50.0 million of assets received in connection with Asset Dispositions and asset swaps or exchanges as permitted by paragraph (3) of the definition of "Permitted Investments," (c) personal property where the cost of obtaining a security interest or perfection thereof exceeds its benefits, (d) real property subject to a Lien securing Indebtedness incurred for the purpose of financing the acquisition thereof, (e) real property located outside the United States, (f) unentitled land, (g) real property that is leased or held for the purpose of leasing to unaffiliated third parties, (h) equity

interests in Unrestricted Subsidiaries (subject to future grants under the terms of the Indenture), (i) any real property in a community under development with a dollar amount of investment as of the most recent month-end (as determined in accordance with GAAP) of less than \$2.0 million or with less than 10 lots remaining), (j) assets, with respect to which any applicable law or contract prohibits the creation or perfection of security interests therein and (k) any other assets excluded from the Collateral securing the First-Priority Lien Obligations, if any. In addition, under the terms of the Security Documents, the Issuer and the Guarantors will not be required to provide control agreements with respect to certain deposit, checking or securities accounts with average balances below a certain dollar amount.

If property (other than Excluded Property) is acquired by the Issuer or a Guarantor that is not automatically subject to a perfected security interest under the Security Documents or a Restricted Subsidiary becomes a Guarantor, then the Issuer or Guarantor will, as soon as practical after such property's acquisition or it no longer being Excluded Property, provide security over such property (or, in the case of a new Guarantor, all of its assets except Excluded Property) in favor of the Administrative Agent and the Collateral Agent and deliver certain certificates and opinions in respect thereof as required by the Indenture or the Security Documents.

In addition, the obligations under our Revolving Credit Agreement, and the guarantees thereof by each of the Guarantors will be secured by a First-Priority Lien on the Collateral. As set out in more detail below, upon an enforcement event or insolvency proceeding, proceeds from the Collateral will be applied first to satisfy such other obligations and then to satisfy obligations on the Notes. In addition, the Indenture will permit the Issuer and the Guarantors to create additional Liens under specified circumstances, including certain additional senior Liens on the Collateral. See the definition of "Permitted Liens."

The Collateral will be pledged to (1) the administrative agent under the Revolving Credit Agreement (together with any successor, the "**Administrative Agent**"), on a first-priority basis, for the benefit of the "**Secured Parties**" (as defined in the security documents relating to the Revolving Credit Agreement) and (2) Wilmington Trust Company, as collateral agent (together with any successor, the "**Collateral Agent**"), on a second-priority basis, for the benefit of the Trustee and the Holders of the Notes. The Second-Priority Lien Obligations will constitute claims separate and apart from (and of a different class from) the First-Priority Lien Obligations and will be junior to the First-Priority Liens. In certain states, mortgages will be granted solely to a single collateral agent, which will hold such mortgages for the benefit of the holders of the First-Priority Liens and the Second-Priority Liens.

Control Over Collateral and Enforcement of Liens

The Security Documents provide that, while any First-Priority Lien Obligations (or any commitments or letters of credit in respect thereof) are outstanding, the holders of the First-Priority Liens will control at all times all remedies and other actions related to the Collateral and the Second-Priority Liens will not entitle the Collateral Agent, the Trustee or the holders of any Notes to take any action whatsoever (other than limited actions to preserve and protect the Second-Priority Liens that do not impair the First-Priority Liens) with respect to the Collateral. As a result, while any First-Priority Lien Obligations (or any commitments or letters of credit in respect thereof) are outstanding, none of the Collateral Agent, the Trustee or the Holders of the Notes will be able to force a sale of the Collateral or otherwise exercise remedies normally available to secured creditors without the concurrence of the holders of the First-Priority Liens or challenge any decisions in respect thereof by the holders of the First-Priority Liens.

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

Proceeds realized by the Administrative Agent or the Collateral Agent from the Collateral or in an insolvency proceeding will be applied:

first, to amounts owing to the holders of the First-Priority Liens in accordance with the terms of the First-Priority Lien Obligations until they are paid in full (which term includes a requirement that letters of credit be cash collateralized at 105% of the face amount thereof);

second, to amounts owing to the Collateral Agent in its capacity as such in accordance with the terms of the Security Documents;

third, to amounts owing to the Trustee in its capacity as such in accordance with the terms of the Indenture and to the representatives of any other holders of debt, in their capacity as such, secured on a second-priority basis;

fourth, ratably to amounts owing to the Holders of the Notes in accordance with the terms of the Indenture;

fifth, ratably to amounts owing to the holders of any obligations secured by third-priority Liens on the Collateral; and

sixth, to the Company and/or other persons entitled thereto.

All of the Collateral has not been appraised in connection with the offering of the Notes. The consolidated book value of the real property Collateral as of July 31, 2008 was approximately \$2.0 billion, which does not include the impact of inventory investments, home deliveries or impairments thereafter. The fair market value of the Collateral is subject to fluctuations based on factors that include, among others, the condition of the homebuilding industry, our ability to implement our business strategy, the ability to sell the Collateral in an orderly sale, general economic conditions, the availability of buyers and similar factors. The amount to be received upon a sale of the Collateral would be dependent on numerous factors, including but not limited to the actual fair market value of the Collateral at such time and the timing and the manner of the sale. By its nature, portions of the Collateral may be illiquid and may have no readily ascertainable market value. Likewise, there can be no assurance that the Collateral will be saleable, or, if saleable, that there will not be substantial delays in its liquidation. In the event of a foreclosure, liquidation, bankruptcy or similar proceeding, we cannot assure you that the proceeds from any sale or liquidation of the Collateral will be sufficient to pay our obligations under the Notes. In addition, the fact that the lenders under the Revolving Credit Agreement will receive proceeds from enforcement of the Collateral before Holders of the Notes, and that other Persons may have first-priority Liens in respect of assets subject to Permitted Liens could have a material adverse effect on the amount that would be realized upon a liquidation of the Collateral. Accordingly, there can be no assurance that proceeds of any sale of the Collateral pursuant to the Indenture and the related Security Documents following an Event of Default would be sufficient to satisfy, or would not be substantially less than, amounts due under the Notes.

If the proceeds of any of the Collateral were not sufficient to repay all amounts due on the Notes, the Holders of the Notes (to the extent not repaid from the proceeds of the sale of the Collateral) would have only an unsecured claim against the remaining assets of the Issuer and the Guarantors. By its nature, some or all of the Collateral will be illiquid and may have no readily ascertainable market value. Likewise, there can be no assurance that the Collateral will be saleable, or, if saleable, that there will not be substantial delays in its liquidation. To the extent that Liens (including Permitted Liens), rights or easements granted to third parties encumber assets located on property owned by the Issuer or the Guarantors, including the Collateral, such third parties may exercise rights and remedies with respect to the property subject to such Liens that could adversely affect the value of the Collateral and the ability of the Collateral Agent, the Trustee or the Holders of the Notes to realize or foreclose on Collateral.

Release of Liens

The Security Documents provide that, to the extent that the holders of the First-Priority Liens release their First-Priority Liens (including with respect to the disposition of Collateral) on all or any portion of the Collateral, the Second-Priority Liens on such Collateral will likewise be released.

However, if the First-Priority Liens are released in connection with the repayment (or cash collateralization of letters of credit) of the First-Priority Lien Obligations and termination of the commitments thereunder, the Second-Priority Liens on the Collateral will not be released, except to the extent the Collateral or any portion thereof was disposed of in order to repay the First-Priority Lien Obligations secured by the Collateral, and thereafter, the Trustee (acting at the direction of the holders of a majority of outstanding principal amount of Notes) will have the right to direct the Collateral Agent to exercise remedies and to take other actions with respect to the Collateral.

If, after the Second-Priority Liens on any Collateral are released as contemplated above, the First-Priority Lien Obligations (or any portion thereof) are thereafter secured by assets (other than assets of the type referred to under clauses (a) or (b) of Excluded Property), the Notes will then be secured by a Second-Priority Lien on such assets, to the same extent as they were prior to such release, as provided pursuant to the Security Documents. If the Issuer subsequently incurs obligations under a new Credit Facility or other First-Priority Lien Obligations that are secured by Liens on assets of the Issuer and the Guarantors of the type constituting Collateral, then the Notes will be secured at such time by a Second-Priority Lien on the collateral securing such obligations under the new Credit Facility or First-Priority Lien Obligations to the same extent provided by the Security Documents on the terms and conditions of the security documents relating to the new Credit Facility or such other First-Priority Lien Obligations, with the Second-Priority Liens held either by the Administrative Agent under such new Credit Facility or by a collateral agent designated by the Issuer to hold the Second-Priority Liens for the benefit of the holders of Second-Priority Lien Obligations and subject to an intercreditor agreement that provides the Administrative Agent under such new Credit Facility substantially the same rights and powers as afforded under the Security Documents.

The Security Documents and the Indenture also provide that the Second-Priority Liens securing the Guarantee of any Guarantor will be automatically released when such Guarantor's Guarantee is released in accordance with the terms of the Indenture. In addition, the Second-Priority Liens securing the Notes will be released (a) upon discharge or defeasance of the Notes as set forth below under " Discharge and defeasance of Indenture," (b) upon payment in full of principal, interest and all other Obligations on the Notes issued under the Indenture, (c) with the consent of the requisite Holders of the Notes in accordance with the provisions under " Amendment, supplement and waiver," including, without limitation, consents obtained in connection with a tender offer or exchange offer for, or purchase of, Notes and (d) in connection with any disposition of Collateral to any Person other than the Company, the Issuer or any of the Restricted Subsidiaries (but excluding any transaction subject to "Certain covenants Limitations on mergers, consolidations and sales of assets" where the recipient is required to become the obligor on the Notes or a Guarantee) that is permitted by the Indenture (with respect to the Lien on such Collateral).

To the extent applicable, the Issuer will comply with Section 313(b) of the TIA, relating to reports, and Section 314(d) of the TIA, relating to the release of property and to the substitution therefor of any property to be pledged as Collateral for the Notes. Any certificate or opinion required by Section 314(d) of the TIA may be made by an Officer of the Issuer except in cases where Section 314(d) requires that such certificate or opinion be made by an independent engineer, appraiser or other expert, who shall be reasonably satisfactory to the Trustee. Notwithstanding anything to the contrary herein, the Issuer and the Guarantors will not be required to comply with all or any portion of Section 314(d) of the TIA if they determine, in good faith based on advice of counsel (which may be internal counsel), that under the terms of that section and/or any interpretation or guidance as to the

meaning thereof of the SEC and its staff, including "no action" letters or exemptive orders, all or any portion of Section 314(d) of the TIA is inapplicable to the released Collateral. Without limiting the generality of the foregoing, certain no-action letters issued by the SEC have permitted an indenture qualified under the TIA to contain provisions permitting the release of collateral from Liens under such indenture in the ordinary course of the issuer's business without requiring the issuer to provide certificates and other documents under Section 314(d) of the TIA. In addition, under interpretations provided by the SEC, to the extent that a release of a Lien is made without the need for consent by the Holders or the Trustee, the provisions of Section 314(d) may be inapplicable to the release.

Amendments to Security Documents

So long as the First-Priority Lien Obligations (or any commitments or letters of credit in respect thereof) are outstanding, the holders of the First-Priority Liens may change, waive, modify or vary the security documents of such holders and the Intercreditor Agreement and such changes will automatically apply to the Security Documents; *provided* that any such change, waiver, modification or variance that is prejudicial to the rights of the Collateral Agent, the Trustee and the Holders of the Notes and does not affect the holders of the First-Priority Liens in a like or similar manner shall not apply to the Security Documents without the consent of the Collateral Agent and the Trustee (acting at the direction of the Holders of a majority of the aggregate principal amount of the applicable noteholder claims); *provided, further*, however, that notwithstanding the foregoing, the holders of the First-Priority Liens may agree to modify the security documents of such holders and the Intercreditor Agreement, without the consent of the Holders of the Second-Priority Liens, to secure additional extensions of credit and add additional secured creditors so long as such modifications do not expressly violate the provisions of the Indenture, including that after so securing any such additional extensions of credit and additional secured creditors, the amount of First-Priority Lien Obligations does not exceed the amount set forth under clause 9(b) of the definition of "Permitted Liens". In any case, notice of such amendment, waiver or consent shall be given to the Trustee.

Intercreditor Agreement

The Issuer, the Guarantors, the Trustee (including in its capacity as Collateral Agent) and the Administrative Agent under the Revolving Credit Agreement (including in its capacity as collateral agent for the First-Priority Lien Obligations) and Wilmington Trust Company (as collateral agent with respect to Liens in certain states, for the First-Priority Lien Obligations and the Second-Priority Lien Obligations with respect to such Liens) will enter into the Intercreditor Agreement which will establish the second priority status of the Second-Priority Liens. In addition to the provisions described above with respect to control of remedies, release of Collateral and amendments to the Security Documents, the Intercreditor Agreement also imposes certain other customary restrictions and agreements, including the restrictions and agreements described below.

Pursuant to the Intercreditor Agreement, the Trustee and the Holders of the Notes agree that the Administrative Agent and the lenders under the Revolving Credit Agreement have no fiduciary duties to them in respect of the maintenance or preservation of the Collateral (other than, in the case of the Administrative Agent, a duty to hold certain possessory collateral as bailee of the Trustee and the Holders of the Notes for purposes of perfecting the Second-Priority Liens thereon). In addition, the Trustee and the Holders of the Notes waive, to the fullest extent permitted by law, any claim against the Administrative Agent and the lenders under the Revolving Credit Agreement in connection with any actions they may take under the Revolving Credit Agreement or with respect to the Collateral. They further waive, to the fullest extent permitted by law, any right to assert, or request the benefit of, any marshalling or similar rights that may otherwise be available to them.

Pursuant to the Intercreditor Agreement, the Collateral Agent and the Trustee, for itself and on behalf of the Holders of the Notes, irrevocably constitute and appoint the Administrative Agent and any officer or agent of the Administrative Agent, with full power of substitution, as its true and lawful attorney-in-fact with full irrevocable power and authority in the place of the Trustee or Holder of the Notes or in the Administrative Agent's own name, from time to time in the Administrative Agent's discretion, for the purpose of carrying out the terms of certain sections of the Intercreditor Agreement (including those relating to the release of the Second-Priority Liens as permitted thereby, including releases upon sales due to enforcement of remedies), to take any and all appropriate action and to execute any and all releases, documents and instruments which may be necessary or desirable to accomplish the purposes of such section of the Intercreditor Agreement, including any financing statements, mortgage releases, intellectual property releases, endorsements or other instruments or transfer or release of such liens.

So long as the First-Priority Lien Obligations are outstanding, the Issuer and the Guarantors will agree that if the Collateral Agent and/or the Trustee holds any Lien on any assets of the Issuer or any Guarantor securing any Second-Priority Lien Obligations that are not also subject to First-Priority Liens, the Trustee, at the request of the Administrative Agent or the Issuer, will assign such Lien to the Administrative Agent as security for the First-Priority Lien Obligations (in which case the Trustee will retain a Second-Priority Lien on such assets subject to the terms of the Intercreditor Agreement).

The Trustee and the Holders agree that (i) in certain circumstances the holders under the Revolving Credit Agreement are required by the terms thereof to be repaid with proceeds of dispositions prior to repayment of the Indenture and (ii) they will not accept payments from such dispositions until applied to repayment of the Revolving Credit Agreement as so required.

The Trustee and the Holders generally agree that if they receive payments from the Collateral in contravention of the Intercreditor Agreement, they will turn such payments over to First Lien Obligation holders.

The Trustee and the Holders of the Notes will consent to the creation of third-priority Liens to the extent permitted under the Indenture so long as such Liens are junior to the Second-Priority Liens on substantially similar terms to that set out in the Intercreditor Agreement with respect to the Second-Priority Liens in relation to the First-Priority Liens.

In addition, if the Issuer or any Guarantor is subject to any insolvency or liquidation proceeding, the Trustee and the Holders agree that:

they will consent to the Issuer's use of cash collateral if the First-Priority Lien Obligation holders consent to such usage and the Second-Priority Lien Obligation holders receive adequate protection as set out below;

they shall not seek or require the Issuer to provide any adequate protection, or accept any such adequate protection, for Second-Priority Lien Obligations except replacement or additional Liens that are fully junior and subordinate to the Liens securing the First-Priority Lien Obligations, and except for the foregoing, will not seek or accept any payments pursuant to Section 362(d)(3)(B) of Title 11 of the United States Code;

if the First-Priority Lien Obligation holders consent to a debtor-in-possession ("DIP") financing that provides for priming of the First-Priority Lien Obligations, the Trustee and the holders of the Second-Priority Lien Obligations will be deemed to have consented to priming of their Liens and will not object to the DIP financing (provided that the aggregate principal amount of the DIP financing, plus the aggregate principal amount of First-Priority Lien Obligations, do not exceed \$400.0 million) or any adequate protection provided to the First-Priority Lien Obligation holders, except that if the lenders under the Revolving Credit Agreement and the Administrative

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

Agent are granted adequate protection in the form of additional collateral, the Trustee may seek or request adequate protection in the form of a replacement Lien on such additional collateral, which Lien is fully junior and subordinate to the Lien granted to the lenders under the Revolving Credit Agreement and the Administrative Agent and the DIP financing providers;

without the consent of the Administrative Agent and the required lenders under the Revolving Credit Agreement, they will not seek relief from the automatic stay so long as any amounts are outstanding under the Revolving Credit Agreement or any other first-lien indebtedness;

they will not oppose any sale or other disposition of the Collateral consented to by the First-Priority Lien Obligation holders; and

they will not vote in favor of any plan of reorganization unless (1) such plan provides for the payment in full in cash on the effective date of such plan of reorganization of all claims of the Administrative Agent and the lenders under the Revolving Credit Agreement and the cash collateralization at 105% of the face amount thereof of the letters of credit issued under the Revolving Credit Agreement, (2) such plan provides for treatment of such claims of the Administrative Agent and the holders of the First-Priority Liens in a manner that would result in such claims having relative Lien (or, if the obligations, property or assets to be distributed in respect of such clauses under such plan are unsecured, other) priority over the claims of the Trustee and the Holders of the Notes to at least the same extent as the First-Priority Liens have priority over the Second-Priority Liens, whether or not such obligations, property or assets are, in fact secured by any Liens, or (3) such plan is approved by the Administrative Agent and the required lenders under the Revolving Credit Agreement.

No Impairment of the Security Interests

Neither the Issuer nor any of the Guarantors will be permitted to take any action, or knowingly or negligently omit to take any action, which action or omission might or would have the result of materially impairing the security interest with respect to the Collateral for the benefit of the Trustee and the Holders of the Notes.

The Indenture will provide that any release of Collateral in accordance with the provisions of the Indenture and the Security Documents will not be deemed to impair the security under the Indenture, and that any engineer, appraiser or other expert may rely on such provision in delivering a certificate requesting release so long as all other provisions of the Indenture with respect to such release have been complied with.

The Guarantees

The Company and each of the Guarantors will (so long, in the case of a Restricted Subsidiary, as it remains a Restricted Subsidiary) unconditionally guarantee on a joint and several basis all of our obligations under the Notes, including our obligations to pay principal, premium, if any, and interest with respect to the Notes. The obligations of each Guarantor other than the Company are limited to the maximum amount which, after giving effect to all other contingent and fixed liabilities of such Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Guarantor in respect of the obligations of such other Guarantor under its Guarantee or pursuant to its contribution obligations under the Indenture, will result in the obligations of such Guarantor under its Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law. Each Guarantor other than the Company that makes a payment or distribution under a Guarantee shall be entitled to a contribution from each other Guarantor in an amount *pro rata*, based on the net assets of each Guarantor, determined in accordance with GAAP. Except as provided in " Certain covenants" below, the Company is not restricted from selling or otherwise disposing of any of the Guarantors.

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

The Indenture requires that each existing and future Restricted Subsidiary of the Company (other than the Issuer (for so long as it remains the Issuer) and K. Hovnanian Poland, sp.zo.o.) be a Guarantor. The Company is permitted to cause any Unrestricted Subsidiary to be a Guarantor.

The Indenture will provide that if all or substantially all of the assets of any Guarantor other than the Company or all of the Capital Stock of any Guarantor other than the Company is sold (including by consolidation, merger, issuance or otherwise) or disposed of (including by liquidation, dissolution or otherwise) by the Company or any of its Subsidiaries, or, unless the Company elects otherwise, if any Guarantor other than the Company is designated an Unrestricted Subsidiary in accordance with the terms of the Indenture, then such Guarantor (in the event of a sale or other disposition of all of the Capital Stock of such Guarantor or a designation as an Unrestricted Subsidiary) or the Person acquiring such assets (in the event of a sale or other disposition of all or substantially all of the assets of such Guarantor) shall be deemed automatically and unconditionally released and discharged from any of its obligations under the Indenture without any further action on the part of the Trustee or any Holder of the Notes.

An Unrestricted Subsidiary that is a Guarantor shall be deemed automatically and unconditionally released and discharged from all obligations under its Guarantee upon notice from the Company to the Trustee to such effect, without any further action required on the part of the Trustee or any Holder.

A sale of assets or Capital Stock of a Guarantor may constitute an Asset Disposition subject to the "Limitations on dispositions of assets" covenant.

Redemption

Except as set forth in the next two paragraphs, the Notes are not redeemable at the option of the Issuer.

At any time and from time to time on or after November 1, 2010, the Issuer may redeem the Notes, in whole or in part, at a redemption price equal to the percentage of principal amount set forth below plus accrued and unpaid interest to the redemption date.

Period commencing	Percentage
November 1, 2010	102%
May 1, 2011	101%
May 1, 2012	100%

At any time and from time to time prior to May 1, 2011, the Issuer may redeem Notes with the net cash proceeds received by the Issuer from any Equity Offering of the Company at a redemption price equal to 111.50% of the principal amount plus accrued and unpaid interest to the redemption date, in an aggregate principal amount for all such redemptions not to exceed 35% of the original aggregate principal amount of the Notes, *provided that*:

- (1) in each case the redemption takes place not later than 60 days after the closing of the related Equity Offering, and
- (2) not less than 65% of the original aggregate principal amount of the Notes remains outstanding immediately thereafter.

There is no sinking fund for, or mandatory redemption of, the Notes.

Selection and notice

If less than all of the Notes are to be redeemed at any time, the Trustee will select Notes for redemption on a pro rata basis, by lot or by such other method as the Trustee in its sole discretion shall deem appropriate and fair.

No Notes of \$2,000 in original principal amount or less shall be redeemed in part. Notices of redemption may not be conditional.

If any Note is to be redeemed in part only, the notice of redemption that relates to that Note shall state the portion of the principal amount thereof to be redeemed. A new Note in principal amount equal to the unredeemed portion of the original Note will be issued in the name of the Holder thereof upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Notes or portions of them called for redemption.

Certain covenants

The following is a summary of certain covenants that are contained in the Indenture. Such covenants are applicable (unless waived or amended as permitted by the Indenture) so long as any of the Notes are outstanding or until the Notes are defeased pursuant to provisions described under " Discharge and defeasance of Indenture."

Repurchase of Notes upon change of control.

In the event that there shall occur a Change of Control, each Holder of Notes shall have the right, at such Holder's option, to require the Issuer to purchase all or any part of such Holder's Notes on a date (the "**Repurchase Date**") that is no later than 90 days after notice of the Change of Control, at 101% of the principal amount thereof plus accrued and unpaid interest, if any, to the Repurchase Date.

On or before the thirtieth day after any Change of Control, the Issuer is obligated to mail or cause to be mailed, to all Holders of record of Notes, a notice regarding the Change of Control and the repurchase right. The notice shall state the Repurchase Date, the date by which the repurchase right must be exercised, the price for the Notes and the procedure which the Holder must follow to exercise such right. Substantially simultaneously with mailing of the notice, the Issuer shall cause a copy of such notice to be published in a newspaper of general circulation in the Borough of Manhattan, The City of New York. To exercise such right, the Holder of such Note must deliver, at least ten days prior to the Repurchase Date, written notice to the Issuer (or an agent designated by the Issuer for such purpose) of the Holder's exercise of such right, together with the Note with respect to which the right is being exercised, duly endorsed for transfer; *provided, however*, that if mandated by applicable law, a Holder may be permitted to deliver such written notice nearer to the Repurchase Date than may be specified by the Issuer.

The Issuer will comply with applicable law, including Section 14(e) of the Securities Exchange Act of 1934 (the "**Exchange Act**") and Rule 14e-1 thereunder, if applicable, if the Issuer is required to give a notice of a right of repurchase as a result of a Change of Control.

With respect to any disposition of assets, the phrase "all or substantially all" as used in the Indenture (including as set forth under " Certain covenants Limitations on mergers, consolidations and sales of assets" below) varies according to the facts and circumstances of the subject transaction, has no clearly established meaning under New York law (which governs the Indenture) and is subject to judicial interpretation. Accordingly, in certain circumstances there may be a degree of uncertainty in ascertaining whether a particular transaction would involve a disposition of "all or substantially all" of the assets of the Company, and therefore it may be unclear as to whether a Change of Control has occurred and whether the Holders have the right to require the Issuer to repurchase Notes.

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

None of the provisions relating to a repurchase upon a Change of Control is waivable by the Board of Directors of the Issuer or the Company. The Company could, in the future, enter into certain transactions, including certain recapitalizations of the Company, that would not result in a Change of Control, but would increase the amount of Indebtedness outstanding at such time.

The Indenture will require the payment of money for Notes or portions thereof validly tendered to, and accepted for payment by, the Issuer pursuant to a Change of Control offer. In the event that a Change of Control has occurred under the Indenture, a change of control will also have occurred under the indentures governing the Issuer's other outstanding notes and under the Issuer's Revolving Credit Agreement. If a Change of Control were to occur, there can be no assurance that the Issuer would have sufficient funds to pay the purchase price for all Notes and amounts due under other Indebtedness that the Company may be required to repurchase or repay or that the Company or the other Guarantors would be able to make such payments. In the event that the Issuer were required to purchase outstanding Notes pursuant to a Change of Control offer, the Company expects that it would need to seek third-party financing to the extent it does not have available funds to enable the Issuer to meet its purchase obligations. However, there can be no assurance that the Company would be able to obtain such financing.

Failure by the Issuer to purchase the Notes when required upon a Change of Control will result in an Event of Default with respect to the Notes.

These provisions could have the effect of deterring hostile or friendly acquisitions of the Company where the Person attempting the acquisition views itself as unable to finance the purchase of the principal amount of Notes which may be tendered to the Issuer upon the occurrence of a Change of Control.

Limitations on indebtedness.

The Indenture will provide that the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary, directly or indirectly, to create, incur, assume, become liable for or guarantee the payment of (collectively, an "**incurrence**") any Indebtedness (including Acquired Indebtedness) unless, after giving effect thereto and the application of the proceeds therefrom, the Consolidated Fixed Charge Coverage Ratio on the date thereof would be at least 2.0 to 1.0.

Notwithstanding the foregoing, the provisions of the Indenture will not prevent the incurrence of:

- (1) Permitted Indebtedness,
- (2) Refinancing Indebtedness,
- (3) Non-Recourse Indebtedness,
- (4) any Guarantee of Indebtedness represented by the Notes, and
- (5) any guarantee of Indebtedness incurred under Credit Facilities in compliance with the Indenture.

For purposes of determining compliance with this covenant, in the event that an item of Indebtedness may be incurred through the first paragraph of this covenant or by meeting the criteria of one or more of the types of Indebtedness described in the second paragraph of this covenant (or the definitions of the terms used therein), the Company, in its sole discretion,

- (1) may classify such item of Indebtedness under and comply with either of such paragraphs (or any of such definitions), as applicable,
- (2) may classify and divide such item of Indebtedness into more than one of such paragraphs (or definitions), as applicable, and

(3)

may elect to comply with such paragraphs (or definitions), as applicable, in any order.

The Company and the Issuer will not, and will not cause or permit any Guarantor to, directly or indirectly, in any event incur any Indebtedness that purports to be by its terms (or by the terms of any agreement governing such Indebtedness) subordinated to any other Indebtedness of the Company or of such Guarantor, as the case may be, unless such Indebtedness is also by its terms (or by the terms of any agreement governing such Indebtedness) made expressly subordinated to the Notes or the Guarantee of such Guarantor, as the case may be, to the same extent and in the same manner as such Indebtedness is subordinated to such other Indebtedness of the Company or such Guarantor, as the case may be.

Limitations on restricted payments.

The Indenture will provide that the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary to, directly or indirectly, make any Restricted Payment unless:

(1)

no Default or Event of Default shall have occurred and be continuing at the time of or immediately after giving effect to such Restricted Payment;

(2)

immediately after giving effect to such Restricted Payment, the Company could incur at least \$1.00 of Indebtedness pursuant to the first paragraph of the "Limitations on indebtedness" covenant; and

(3)

immediately after giving effect to such Restricted Payment, the aggregate amount of all Restricted Payments (including the Fair Market Value of any non-cash Restricted Payment) declared or made on or after the Issue Date does not exceed the sum of:

(a)

50% of the Consolidated Net Income of the Company on a cumulative basis during the period (taken as one accounting period) from and including May 1, 2008 and ending on the last day of the Company's fiscal quarter immediately preceding the date of such Restricted Payment (or in the event such Consolidated Net Income shall be a deficit, *minus* 100% of such deficit), *plus*

(b)

100% of the aggregate net cash proceeds of and the Fair Market Value of Property received by the Company from (1) any capital contribution to the Company after the Issue Date or any issue or sale after the Issue Date of Qualified Stock (other than (i) to any Subsidiary of the Company or (ii) any Excluded Contribution) and (2) the issue or sale after the Issue Date of any Indebtedness or other securities of the Company convertible into or exercisable for Qualified Stock of the Company that have been so converted or exercised, as the case may be, *plus*

(c)

in the case of the disposition or repayment of any Investment constituting a Restricted Payment (or if the Investment was made prior to the Issue Date, that would have constituted a Restricted Payment if made after the Issue Date, if such disposition or repayment results in cash received by the Company, the Issuer or any Restricted Subsidiary), an amount (to the extent not included in the calculation of Consolidated Net Income referred to in (a)) equal to the lesser of (x) the return of capital with respect to such Investment (including by dividend, distribution or sale of Capital Stock) and (y) the amount of such Investment that was treated (or would have been treated when made) as a Restricted Payment, in either case, less the cost of the disposition or repayment of such Investment (to the extent not included in the calculation of Consolidated Net Income referred to in (a)), *plus*

(d)

with respect to any Unrestricted Subsidiary that is redesignated as a Restricted Subsidiary after the Issue Date, in accordance with the definition of "Unrestricted Subsidiary" (so

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

long as the designation of such Subsidiary as an Unrestricted Subsidiary was treated as a Restricted Payment made after the Issue Date, and only to the extent not included in the calculation of Consolidated Net Income referred to in (a)), an amount equal to the lesser of (x) the proportionate interest of the Company or a Restricted Subsidiary in an amount equal to the excess of (I) the total assets of such Subsidiary, valued on an aggregate basis at the lesser of book value and Fair Market Value thereof, over (II) the total liabilities of such Subsidiary, determined in accordance with GAAP, and (y) the Designation Amount at the time of such Subsidiary's designation as an Unrestricted Subsidiary

The foregoing clauses (2) and (3) will not prohibit:

- (A) the payment of any dividend within 60 days of its declaration if such dividend could have been made on the date of its declaration without violation of the provisions of the Indenture;
- (B) the purchase, repayment, repurchase, redemption, defeasance or other acquisition or retirement of any Subordinated Indebtedness of the Issuer, the Company or any Restricted Subsidiary or shares of Capital Stock of the Company in exchange for, or out of the net proceeds of the substantially concurrent sale (other than to a Subsidiary of the Company or constituting an Excluded Contribution) of, other shares of Qualified Stock;
- (C)
 - (i) the purchase, repayment, redemption, repurchase, defeasance or other acquisition or retirement for value of Subordinated Indebtedness of the Issuer, the Company or any Restricted Subsidiary in exchange for, or out of proceeds of, Refinancing Indebtedness;
 - (ii) the purchase, repayment, redemption, repurchase, defeasance or other acquisition or retirement for value of Subordinated Indebtedness of the Issuer, the Company or any Restricted Subsidiary or the making of Restricted Investments in joint ventures:
 - (a) in an aggregate amount not to exceed \$50.0 million (after giving effect to all subsequent reductions in the amount of any Restricted Investment in a joint venture made pursuant to this clause (a) as a result of the repayment or disposition thereof for cash, not to exceed the amount of such Restricted Investment previously made pursuant to this clause (a)); or
 - (b) in an aggregate amount made under this clause (ii)(b) not to exceed Excluded Contributions (after giving effect to all subsequent reductions in the amount of any Restricted Investment in a joint venture made pursuant to this clause (b) as a result of the repayment or disposition thereof for cash, not to exceed the amount of such Restricted Investment previously made pursuant to this clause (b)); and
 - (iii) following receipt of a Qualified Collateral Appraisal (as defined below), the purchase, repayment, redemption, repurchase, defeasance or other acquisition or retirement for value of Subordinated Indebtedness of the Issuer, the Company or any Restricted Subsidiary or the making of Restricted Investments in joint ventures (after giving effect to all subsequent reductions in the amount of any Restricted Investment in a joint venture made pursuant to this clause (iii) as a result of the repayment or disposition thereof for cash, not to exceed the amount of such Restricted Investment previously made pursuant to this clause (iii)), in an aggregate amount not to exceed \$400.0 million less the aggregate amount of Restricted Payments previously made under clause (C)(ii)(a) above; *provided that*, on a pro forma basis after giving effect to any such Restricted Payment, the aggregate fair market value of the Collateral (as determined in good faith by the Company's chief financial officer) is equal to at least 200% of the aggregate principal amount of Collateralized Debt as of such date (or, in the case of a Restricted Investment in a joint venture, on the date the Company determines to make such Investment, so long as the Investment is completed within 120 days of such determination date), such fair

market value to be determined by the most recent appraisal of the Collateral required to be provided under the Revolving Credit Agreement;

(D)

the payment of dividends on Preferred Stock and Disqualified Stock up to an aggregate amount of \$10 million in any fiscal year; *provided* that immediately after giving effect to any declaration of such dividend, the Company could incur at least \$1.00 of Indebtedness pursuant to the first paragraph under the "Limitations on indebtedness" covenant; and

(E)

the purchase, redemption or other acquisition, cancellation or retirement for value of Capital Stock, or options, warrants, equity appreciation rights or other rights to purchase or acquire Capital Stock, of the Company or any Subsidiary held by officers or employees or former officers or employees of the Company or any Subsidiary (or their estates or beneficiaries under their estates) not to exceed \$10 million in the aggregate since the Issue Date;

provided, however, that each Restricted Payment described in clauses (A) and (B) of this sentence shall be taken into account for purposes of computing the aggregate amount of all Restricted Payments pursuant to clause (3) of the immediately preceding paragraph.

For purposes of determining the aggregate and permitted amounts of Restricted Payments made, the amount of any guarantee of any Investment in any Person that was initially treated as a Restricted Payment and which was subsequently terminated or expired, net of any amounts paid by the Company or any Restricted Subsidiary in respect of such guarantee, shall be deducted.

In determining the "Fair Market Value of Property" for purposes of clause (3) of the first paragraph of this covenant, Property other than cash, Cash Equivalents and Marketable Securities shall be deemed to be equal in value to the "equity value" of the Capital Stock or other securities issued in exchange therefor. The equity value of such Capital Stock or other securities shall be equal to (i) the number of shares of Common Equity issued in the transaction (or issuable upon conversion or exercise of the Capital Stock or other securities issued in the transaction) multiplied by the closing sale price of the Common Equity on its principal market on the date of the transaction (less, in the case of Capital Stock or other securities which require the payment of consideration at the time of conversion or exercise, the aggregate consideration payable thereupon) or (ii) if the Common Equity is not then traded on the New York Stock Exchange, American Stock Exchange or Nasdaq Stock Market, or if the Capital Stock or other securities issued in the transaction do not consist of Common Equity (or Capital Stock or other securities convertible into or exercisable for Common Equity), the value (if more than \$10 million) of such Capital Stock or other securities as determined by a nationally recognized investment banking firm retained by the Board of Directors of the Company.

Solely for the purpose of permitting Restricted Payments under clause (C)(iii) above, the Indenture will provide that, as soon as commercially reasonable, but in no event later than 180 days from Issue Date, the Company will be required to have received appraisals from an independent appraiser. Such appraisal must establish that the Collateral includes at least \$1.8 billion of market value of Collateral (an appraisal establishing such value, a "**Qualified Collateral Appraisal**"). If the initial Qualified Collateral Appraisal does not establish such market value but the Company determines, at its option, to obtain additional appraisals from an independent appraiser at a later date that do establish such valuation, then from and after receipt of such new appraisals (which shall be deemed Qualified Collateral Appraisals), the Company shall be permitted to utilize clause (C)(iii) above.

Limitations on transactions with affiliates.

The Indenture will provide that the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary to, make any loan, advance, guarantee or capital contribution to, or for the benefit of, or sell, lease, transfer or otherwise dispose of any property or assets to or for the benefit of, or purchase or lease any property or assets from, or enter into or amend any contract, agreement or

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

understanding with, or for the benefit of, any Affiliate of the Company or any Affiliate of any of the Company's Subsidiaries or any holder of 10% or more of the Common Equity of the Company (including any Affiliates of such holders), in a single transaction or series of related transactions (each, an "**Affiliate Transaction**"), except for any Affiliate Transaction the terms of which are at least as favorable as the terms which could be obtained by the Company, the Issuer or such Restricted Subsidiary, as the case may be, in a comparable transaction made on an arm's-length basis with Persons who are not such a holder, an Affiliate of such a holder or an Affiliate of the Company or any of the Company's Subsidiaries.

In addition, the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary to, enter into an Affiliate Transaction unless:

- (1) with respect to any such Affiliate Transaction involving or having a value of more than \$1 million, the Company shall have (x) obtained the approval of a majority of the Board of Directors of the Company and (y) either obtained the approval of a majority of the Company's disinterested directors or obtained an opinion of a qualified independent financial advisor to the effect that such Affiliate Transaction is fair to the Company, the Issuer or such Restricted Subsidiary, as the case may be, from a financial point of view, and
- (2) with respect to any such Affiliate Transaction involving or having a value of more than \$10 million, the Company shall have (x) obtained the approval of a majority of the Board of Directors of the Company and (y) delivered to the Trustee an opinion of a qualified independent financial advisor to the effect that such Affiliate Transaction is fair to the Company, the Issuer or such Restricted Subsidiary, as the case may be, from a financial point of view.

The Indenture will also provide that notwithstanding the foregoing, an Affiliate Transaction will not include:

- (1) any contract, agreement or understanding with, or for the benefit of, or plan for the benefit of, employees of the Company or its Subsidiaries generally (in their capacities as such) that has been approved by the Board of Directors of the Company,
- (2) Capital Stock issuances to directors, officers and employees of the Company or its Subsidiaries pursuant to plans approved by the stockholders of the Company,
- (3) any Restricted Payment otherwise permitted under the "Limitations on restricted payments" covenant,
- (4) any transaction between or among the Company and one or more Restricted Subsidiaries or between or among Restricted Subsidiaries (*provided, however*, no such transaction shall involve any other Affiliate of the Company (other than an Unrestricted Subsidiary to the extent the applicable amount constitutes a Restricted Payment permitted by the Indenture)),
- (5) any transaction between one or more Restricted Subsidiaries and one or more Unrestricted Subsidiaries where all of the payments to, or other benefits conferred upon, such Unrestricted Subsidiaries are substantially contemporaneously divided, or otherwise distributed or transferred without charge, to the Company or a Restricted Subsidiary,
- (6) issuances, sales or other transfers or dispositions of mortgages and collateralized mortgage obligations in the ordinary course of business between Restricted Subsidiaries and Unrestricted Subsidiaries of the Company, and
- (7) the payment of reasonable and customary fees to, and indemnity provided on behalf of, officers, directors, employees or consultants of the Company, the Issuer or any Restricted Subsidiary.

Limitations on dispositions of assets.

The Indenture will provide that the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary to, make any Asset Disposition unless:

- (a) the Company (or such Restricted Subsidiary, as the case may be) receives consideration at the time of such Asset Disposition at least equal to the Fair Market Value thereof, and
- (b) not less than 70% of the consideration received by the Company (or such Restricted Subsidiary, as the case may be) is in the form of cash, Cash Equivalents and Marketable Securities (which must be pledged as Collateral if the assets disposed of constituted Collateral).

The amount of (i) any Indebtedness (other than any Subordinated Indebtedness) of the Company or any Restricted Subsidiary that is actually assumed by the transferee in such Asset Disposition and (ii) the fair market value (as determined in good faith by the Board of Directors of the Company) of any property or assets (including Capital Stock of any Person that will be a Restricted Subsidiary following receipt thereof) received that are used or useful in a Real Estate Business (*provided* that (except as permitted by clause (3) under the definition of "Permitted Investment") to the extent that the assets disposed of in such Asset Disposition were Collateral, such property or assets are pledged as Collateral under the Security Documents substantially simultaneously with such sale, with the Lien on such Collateral securing the Notes being of the same priority with respect to the Notes as the Lien on the assets disposed of), shall be deemed to be consideration required by clause (b) above for purposes of determining the percentage of such consideration received by the Company or the Restricted Subsidiaries.

The Net Cash Proceeds of an Asset Disposition shall, within one year, at the Company's election, (a) be used by the Company or a Restricted Subsidiary to invest in assets (including Capital Stock of any Person that is or will be a Restricted Subsidiary following investment therein) used or useful in the business of the construction and sale of homes conducted by the Company and the Restricted Subsidiaries (*provided* that (except as permitted by clause (3) under the definition of "Permitted Investment") to the extent that the assets disposed of in such Asset Disposition were Collateral, such assets are pledged as Collateral under the Security Documents with the Lien on such Collateral securing the Notes being of the same priority with respect to the Notes as the Lien on the assets disposed of), (b) be used to permanently prepay or permanently repay any (1) Indebtedness (or cash collateralize letters of credit) constituting First-Priority Lien Obligations, (2) Indebtedness which had been secured by the assets sold in the relevant Asset Disposition, to the extent the assets sold were not Collateral or (3) Indebtedness of a Restricted Subsidiary that is not a Guarantor, to the extent the assets sold were not Collateral, or (c) be applied to make an Offer to Purchase Notes and, if the Company or a Restricted Subsidiary elects or is required to do so and the assets disposed of were not Collateral repay, purchase or redeem any other unsubordinated Indebtedness (on a *pro rata* basis if the amount available for such repayment, purchase or redemption is less than the aggregate amount of (i) the principal amount of the Notes tendered in such Offer to Purchase and (ii) the lesser of the principal amount, or accreted value, of such other unsubordinated Indebtedness, plus, in each case accrued interest to the date of repayment, purchase or redemption) at 100% of the principal amount or accreted value thereof, as the case may be, plus accrued and unpaid interest, if any, to the date of repurchase or repayment. Pending any such application under this paragraph, Net Cash Proceeds may be used to temporarily reduce Indebtedness or otherwise be invested in any manner not prohibited by the Indenture.

Notwithstanding the foregoing, (A) the Company will not be required to apply such Net Cash Proceeds in accordance with clauses (b) or (c) of the preceding sentence except to the extent that such Net Cash Proceeds, together with the aggregate Net Cash Proceeds of prior Asset Dispositions (other than those so used) which have not been applied in accordance with this provision and as to which no

prior prepayments or repayments shall have been made and no Offer to Purchase shall have been made, exceed \$25 million and (B) in connection with an Asset Disposition, the Company and the Restricted Subsidiaries will not be required to comply with the requirements of clause (b) of the first sentence of the first paragraph of this covenant to the extent that the non-cash consideration received in connection with such Asset Disposition, together with the sum of all non-cash consideration received in connection with all prior Asset Dispositions that has not yet been converted into cash, Cash Equivalents or Marketable Securities, does not exceed \$25 million; *provided, however*, that when any non-cash consideration is converted into cash, Cash Equivalents or Marketable Securities, such cash shall constitute Net Cash Proceeds and be subject to the preceding sentence.

Limitations on liens.

The Indenture will provide that the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary to, create, incur, assume or suffer to exist any Liens, other than Permitted Liens, on any of its Property, or on any shares of Capital Stock or Indebtedness of any Restricted Subsidiary.

Limitations on restrictions affecting restricted subsidiaries.

The Indenture will provide that the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary to, create, assume or otherwise cause or suffer to exist or become effective any consensual encumbrance or restriction (other than encumbrances or restrictions imposed by law or by judicial or regulatory action or by provisions of agreements that restrict the assignability thereof) on the ability of any Restricted Subsidiary to:

- (1) pay dividends or make any other distributions on its Capital Stock or any other interest or participation in, or measured by, its profits, owned by the Company or any other Restricted Subsidiary, or pay interest on or principal of any Indebtedness owed to the Company or any other Restricted Subsidiary,
- (2) make loans or advances to the Company or any other Restricted Subsidiary, or
- (3) transfer any of its property or assets to the Company or any other Restricted Subsidiary, except for:
 - (a) encumbrances or restrictions existing under or by reason of applicable law,
 - (b) contractual encumbrances or restrictions in effect at or entered into on the Issue Date and any amendments, modifications, restatements, renewals, supplements, refundings, replacements or refinancings thereof, *provided* that such amendments, modifications, restatements, renewals, supplements, refundings, replacements or refinancings are no more restrictive, taken as a whole, with respect to such dividend and other payment restrictions than those contained in such contractual encumbrances or restrictions, as in effect at or entered into on the Issue Date,
 - (c) any restrictions or encumbrances arising under Acquired Indebtedness; *provided*, that such encumbrance or restriction applies only to either the assets that were subject to the restriction or encumbrance at the time of the acquisition or the obligor on such Indebtedness and its Subsidiaries prior to such acquisition,
 - (d) any restrictions or encumbrances arising in connection with Refinancing Indebtedness; *provided, however*, that any restrictions and encumbrances of the type described in this clause (d) that arise under such Refinancing Indebtedness shall not be materially more restrictive or apply to additional assets than those under the agreement creating or evidencing the Indebtedness being refunded, refinanced, replaced or extended,

- (o) any encumbrance or restrictions of the type referred to in clauses (1), (2) or (3) of this covenant imposed by any amendments, modifications, restatements, renewals, supplements, refinancings, replacements or refinancings of the contracts, instruments or obligations referred to in clauses (a) through (n) of this paragraph, *provided*, that such amendments, modifications, restatements, renewals, supplements, refundings, replacements or refinancings are, in the good faith judgment of the Company's Board of Directors, no more restrictive with respect to such dividend and other payment restrictions than those contained in the dividend or other payment restrictions prior to such amendment, modification, restatement, renewal, supplement, refunding, replacement or refinancing.

Limitations on mergers, consolidations and sales of assets.

The Indenture will provide that neither the Issuer nor any Guarantor will consolidate or merge with or into, or sell, lease, convey or otherwise dispose of all or substantially all of its assets (including, without limitation, by way of liquidation or dissolution), or assign any of its obligations under the Notes, the Guarantees or the Indenture (as an entirety or substantially as an entirety in one transaction or in a series of related transactions), to any Person (in each case other than in a transaction in which the Company, the Issuer or a Restricted Subsidiary is the survivor of a consolidation or merger, or the transferee in a sale, lease, conveyance or other disposition) unless:

- (1)

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

the Person formed by or surviving such consolidation or merger (if other than the Company, the Issuer or the Guarantor, as the case may be), or to which such sale, lease, conveyance or other disposition or assignment will be made (collectively, the "**Successor**"), is a corporation

or other legal entity organized and existing under the laws of the United States or any state thereof or the District of Columbia, and the Successor assumes by supplemental indenture in a form reasonably satisfactory to the Trustee all of the obligations of the Company, the Issuer or the Guarantor, as the case may be, under the Notes or a Guarantee, as the case may be, and the Indenture and the Security Documents,

- (2) immediately after giving effect to such transaction, no Default or Event of Default has occurred and is continuing, and
- (3) immediately after giving effect to such transaction, the Company (or its Successor) could incur at least \$1.00 of Indebtedness pursuant to the first paragraph of the "Limitations on indebtedness" covenant.

The foregoing provisions shall not apply to:

- (a) a transaction involving the sale or disposition of Capital Stock of a Guarantor, or the consolidation or merger of a Guarantor, or the sale, lease, conveyance or other disposition of all or substantially all of the assets of a Guarantor, that in any such case results in such Guarantor being released from its Guarantee as provided under " The Guarantees" above, or
- (b) a transaction the purpose of which is to change the state of incorporation of the Company, the Issuer or any Guarantor.

Reports to holders of Notes.

The Company shall file with the Commission the annual reports and the information, documents and other reports required to be filed pursuant to Section 13 or 15(d) of the Exchange Act. The Company shall file with the Trustee and mail to each Holder of record of Notes such reports, information and documents within 15 days after it files them with the Commission. In the event that the Company is no longer subject to these periodic requirements of the Exchange Act, it will nonetheless continue to file reports with the Commission and the Trustee and mail such reports to each Holder of Notes as if it were subject to such reporting requirements. Regardless of whether the Company is required to furnish such reports to its stockholders pursuant to the Exchange Act, the Company will cause its consolidated financial statements and a "Management's Discussion and Analysis of Results of Operations and Financial Condition" written report, similar to those that would have been required to appear in annual or quarterly reports, to be delivered to Holders of Notes.

Condition for Release of the Issuer

The Indenture provides that the Issuer may be released from its obligations under the Indenture and the Notes, without the consent of the Holders of the Notes, if (1) the Company or any successor to the Company has assumed the obligations of the Issuer under the Indenture and the Notes, (2) the Company delivers an opinion of counsel to the Trustee to the effect that Holders will not recognize income, gain or loss for federal income tax purposes as a result of the release and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case otherwise and (3) the Issuer becomes a Guarantor of the Notes at such time, until such time, if any, as such Guarantee may be released as described above under the caption " The Guarantees."

Events of default

The following are Events of Default under the Indenture:

- (1) the failure by the Company, the Issuer and the Guarantors to pay interest on any Note when the same becomes due and payable and the continuance of any such failure for a period of 30 days;
- (2) the failure by the Company, the Issuer and the Guarantors to pay the principal or premium of any Note when the same becomes due and payable at maturity, upon acceleration or otherwise;
- (3) the failure by the Company, the Issuer or any Restricted Subsidiary to comply with any of its agreements or covenants in, or provisions of, the Notes, the Guarantees or the Indenture and such failure continues for the period and after the notice specified below (except in the case of a default under covenants described under "Certain covenants Repurchase of Notes upon change of control" and "Certain covenants Limitations on mergers, consolidations and sales of assets," which will constitute Events of Default with notice but without passage of time);
- (4) the acceleration of any Indebtedness (other than Non-Recourse Indebtedness) of the Company, the Issuer or any Restricted Subsidiary that has an outstanding principal amount of \$10 million or more, individually or in the aggregate, and such acceleration does not cease to exist, or such Indebtedness is not satisfied, in either case within 30 days after such acceleration;
- (5) the failure by the Company, the Issuer or any Restricted Subsidiary to make any principal or interest payment in an amount of \$10 million or more, individually or in the aggregate, in respect of Indebtedness (other than Non-Recourse Indebtedness) of the Company or any Restricted Subsidiary within 30 days of such principal or interest becoming due and payable (after giving effect to any applicable grace period set forth in the documents governing such Indebtedness);
- (6) a final judgment or judgments that exceed \$10 million or more, individually or in the aggregate, for the payment of money having been entered by a court or courts of competent jurisdiction against the Company, the Issuer or any of its Restricted Subsidiaries and such judgment or judgments is not satisfied, stayed, annulled or rescinded within 60 days of being entered;
- (7) the Company, the Issuer or any Restricted Subsidiary that is a Significant Subsidiary pursuant to or within the meaning of any Bankruptcy Law:
 - (a) commences a voluntary case,
 - (b) consents to the entry of an order for relief against it in an involuntary case,
 - (c) consents to the appointment of a Custodian of it or for all or substantially all of its property, or
 - (d) makes a general assignment for the benefit of its creditors;
- (8) a court of competent jurisdiction enters an order or decree under any Bankruptcy Law that:
 - (a) is for relief against the Company, the Issuer or any Restricted Subsidiary that is a Significant Subsidiary as debtor in an involuntary case,

(b)

appoints a Custodian of the Company, the Issuer or any Restricted Subsidiary that is a Significant Subsidiary or a Custodian for all or substantially all of the property of the Company or any Restricted Subsidiary that is a Significant Subsidiary, or

Table of Contents

- (c) orders the liquidation of the Company, the Issuer or any Restricted Subsidiary that is a Significant Subsidiary, and the order or decree remains unstayed and in effect for 60 days;
- (9) any Guarantee of a Guarantor which is a Significant Subsidiary ceases to be in full force and effect (other than in accordance with the terms of such Guarantee and the Indenture) or is declared null and void and unenforceable or found to be invalid or any Guarantor denies its liability under its Guarantee (other than by reason of release of a Guarantor from its Guarantee in accordance with the terms of the Indenture and the Guarantee); or
- (10) the Liens created by the Security Documents shall at any time not constitute a valid and perfected Lien on any material portion of the Collateral intended to be covered thereby (to the extent perfection by filing, registration, recordation or possession is required by the Indenture or the Security Documents) other than in accordance with the terms of the relevant Security Document and the Indenture and other than the satisfaction in full of all Obligations under the Indenture or the release or amendment of any such Lien in accordance with the terms of the Indenture or the Security Documents, or, except for expiration in accordance with its terms or amendment, modification, waiver, termination or release in accordance with the terms of the Indenture and the relevant Security Document, any of the Security Documents shall for whatever reason be terminated or cease to be in full force and effect, if in either case, such default continues for 30 days after notice, or the enforceability thereof shall be contested by the Issuer or any Guarantor.

A Default as described in subclause (3) above will not be deemed an Event of Default until the Trustee notifies the Company, or the Holders of at least 25 percent in principal amount of the then outstanding Notes notify the Company and the Trustee, of the Default and (except in the case of a default with respect to covenants described under "Certain covenants Repurchase of Notes upon change of control" and "Certain covenants Limitations on mergers, consolidations and sales of assets") the Company does not cure the Default within 60 days after receipt of the notice. The notice must specify the Default, demand that it be remedied and state that the notice is a "Notice of Default." If such a Default is cured within such time period, it ceases.

If an Event of Default (other than an Event of Default with respect to the Company or the Issuer resulting from subclauses (7) or (8) above), shall have occurred and be continuing under the Indenture, the Trustee by notice to the Company, or the Holders of at least 25 percent in principal amount of the Notes then outstanding by notice to the Company and the Trustee, may declare all Notes to be due and payable immediately. Upon such declaration of acceleration, the amounts due and payable on the Notes will be due and payable immediately. If an Event of Default with respect to the Company or the Issuer specified in subclauses (7) or (8) above occurs, such an amount will *ipso facto* become and be immediately due and payable without any declaration, notice or other act on the part of the Trustee and the Company or any Holder.

The Holders of a majority in principal amount of the Notes then outstanding by written notice to the Trustee and the Company may waive any Default or Event of Default (other than any Default or Event of Default in payment of principal or interest) on the Notes under the Indenture. Holders of a majority in principal amount of the then outstanding Notes may rescind an acceleration and its consequence (except an acceleration due to nonpayment of principal or interest on the Notes) if the rescission would not conflict with any judgment or decree and if all existing Events of Default (other than the non-payment of accelerated principal) have been cured or waived.

The Holders may not enforce the provisions of the Indenture, the Notes or the Guarantees except as provided in the Indenture. Subject to certain limitations, Holders of a majority in principal amount of the Notes then outstanding may direct the Trustee in its exercise of any trust or power, *provided*,

Table of Contents

however, that such direction does not conflict with the terms of the Indenture. The Trustee may withhold from the Holders notice of any continuing Default or Event of Default (except any Default or Event of Default in payment of principal or interest on the Notes or that resulted from the failure to comply with the covenant entitled "Repurchase of Notes upon change of control") if the Trustee determines that withholding such notice is in the Holders' interest.

The Company is required to deliver to the Trustee an annual statement regarding compliance with the Indenture and include in such statement if any officer of the Company is aware of any Default or Event of Default, a statement specifying such Default or Event of Default and what action the Company is taking or proposes to take with respect thereto. In addition, the Company is required to deliver to the Trustee prompt written notice of the occurrence of any Default or Event of Default.

Discharge and defeasance of Indenture

The Company, the Issuer and the Guarantors may discharge their obligations under the Notes, the Guarantees, the Indenture and the Security Documents and cause the release of all Liens on the Collateral granted under the Security Documents by irrevocably depositing in trust with the Trustee money or U.S. Government Obligations sufficient to pay principal of, premium and interest on the Notes to maturity or redemption and the Notes mature or are to be called for redemption within one year, subject to meeting certain other conditions.

The Indenture will permit the Company, the Issuer and the Guarantors to terminate all of their respective obligations under the Indenture with respect to the Notes and the Guarantees and under the Security Documents and cause the release of all Liens on the Collateral granted under the Security Documents, other than the obligation to pay interest on and the principal of the Notes and certain other obligations ("**legal defeasance**"), at any time by:

- (1) depositing in trust with the Trustee, under an irrevocable trust agreement, money or U.S. government obligations in an amount sufficient to pay principal of and premium and interest on the Notes to their maturity or redemption, as the case may be, and
- (2) complying with certain other conditions, including delivery to the Trustee of an opinion of counsel or a ruling received from the Internal Revenue Service, to the effect that Holders will not recognize income, gain or loss for federal income tax purposes as a result of the Company's exercise of such right and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case otherwise, which opinion of counsel is based upon a change in the applicable federal tax law since the Issue Date.

In addition, the Indenture will permit the Company, the Issuer and the Guarantors to terminate all of their obligations under the Indenture with respect to certain covenants and Events of Default specified in the Indenture, and the Guarantors and the Liens on the Collateral granted under the Security Documents will be released ("**covenant defeasance**"), at any time by:

- (1) depositing in trust with the Trustee, under an irrevocable trust agreement, money or U.S. government obligations in an amount sufficient to pay principal of, premium and interest on the Notes to their maturity or redemption, as the case may be, and
- (2) complying with certain other conditions, including delivery to the Trustee of an opinion of counsel or a ruling received from the Internal Revenue Service, to the effect that Holders will not recognize income, gain or loss for federal income tax purposes as a result of the Company's exercise of such right and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case otherwise.

Table of Contents

Notwithstanding the foregoing, no discharge, legal defeasance or covenant defeasance described above will affect the following obligations to, or rights of, the Holders of the Notes:

rights of registration of transfer and exchange of Notes;

rights of substitution of mutilated, defaced, destroyed, lost or stolen Notes;

rights of Holders of the Notes to receive payments of principal thereof, premium, if any, and interest thereon, upon the original due dates therefor, but not upon acceleration;

rights, obligations, duties and immunities of the Trustee;

rights of Holders of Notes that are beneficiaries with respect to property so deposited with the Trustee payable to all or any of them; and

obligations of the Company, the Issuer or the Guarantors to maintain an office or agency in respect of the Notes.

The Company, the Issuer or the Guarantors may exercise the legal defeasance option with respect to the Notes notwithstanding the prior exercise of the covenant defeasance option with respect to the Notes. If the Company, the Issuer or the Guarantors exercise the legal defeasance option with respect to the Notes, payment of the Notes may not be accelerated due to an Event of Default with respect to the Notes. If the Company, the Issuer or the Guarantors exercise the covenant defeasance option with respect to the Notes, payment of the Notes may not be accelerated due to an Event of Default with respect to the covenants to which such covenant defeasance is applicable. However, if acceleration were to occur by reason of another Event of Default, the realizable value at the acceleration date of the cash and U.S. Government Obligations in the defeasance trust could be less than the principal of, premium, if any, and interest then due on the Notes, in that the required deposit in the defeasance trust is based upon scheduled cash flow rather than market value, which will vary depending upon interest rates and other factors.

Transfer and exchange

A Holder may transfer or exchange Notes only in accordance with the provisions of the Indenture. The Trustee may require a Holder, among other things, to furnish appropriate endorsements and transfer documents and to pay any taxes and fees required by law or permitted by the Indenture.

Amendment, supplement and waiver

Subject to certain exceptions, the Indenture, the Notes, the Guarantees or the Security Documents may be amended or supplemented with the consent (which may include written consents obtained in connection with a tender offer or exchange offer for Notes) of the Holders of at least a majority in principal amount of the Notes then outstanding, and future compliance with any provision of the Indenture, the Notes or the Security Documents may be waived (other than any continuing Default or Event of Default in the payment of interest on or the principal of the Notes) with the consent (which may include waivers obtained in connection with a tender offer or exchange offer for Notes) of the Holders of a majority in principal amount of the Notes then outstanding. Without the consent of, or notice to, any Holder, the Company, the Issuer, the Guarantors, the Trustee, the Collateral Agent, Administrative Agent and Wilmington Trust Company may amend or supplement the Indenture, the Notes, the Guarantees or the Security Documents to cure any ambiguity, defect or inconsistency; to comply with the "Limitations on mergers, consolidations and sales of assets" covenant set forth in the Indenture; to comply with any requirements of the Commission in connection with the qualification of the Indenture under the Trust Indenture Act; to evidence and provide for the acceptance of appointment under the Indenture by a successor or replacement Trustee or under the Security Documents of a successor or replacement Collateral Agent; to provide for uncertificated Notes in

addition to or in place of certificated Notes; to provide for any Guarantee of the Notes; to add security to or for the benefit of the Notes and, in the case of the Security Documents, to or for the benefit of the other secured parties named therein or to confirm and evidence the release, termination or discharge of any Guarantee of or Lien securing the Notes when such release, termination or discharge is permitted by the Indenture and the Security Documents; to make any change that does not adversely affect the legal rights of any Holder; to evidence the assumption by the Company (or its successor entity) or a successor entity of the Issuer of the obligations of the Issuer under the Indenture and the Notes; to add covenants or new events of default for the protection of the Holders of the Notes; or to conform any provision of the Indenture, the Notes, the Guarantees or the Security Documents to this "Description of Notes" to the extent that this "Description of Notes" was intended to be a verbatim recitation of a provision in the Indenture, the Notes, the Guarantees or the Security Documents. In addition, the Collateral Agent, the Administrative Agent, Wilmington Trust Company and the Trustee will be authorized to amend the Security Documents to add additional secured parties to the extent Liens securing Obligations held by such parties are permitted under the Indenture and that after so securing any such additional secured parties, the amount of First-Priority Lien Obligations does not exceed the amount set forth under clause 9(b) of the definition of "Permitted Liens".

Without the consent of each Holder affected, the Company, the Issuer, the Guarantors, the Trustee, the Collateral Agent, the Administrative Agent and Wilmington Trust Company may not:

- (1) reduce the amount of Notes whose Holders must consent to an amendment, supplement or waiver,
- (2) reduce the rate of or extend the time for payment of interest, including default interest, on any Note,
- (3) reduce the principal of or change the fixed maturity of any Note or alter the provisions (including related definitions) with respect to redemptions described under " Redemption" or with respect to mandatory offers to repurchase Notes described under " Certain covenants Limitations on dispositions of assets" or " Certain covenants Repurchase of Notes upon change of control,"
- (4) make any Note payable in money other than that stated in the Note,
- (5) make any change in the "Waiver of Defaults by Majority of Holders" or the "Proceedings by Holders" sections set forth in the Indenture,
- (6) modify the ranking or priority of the Notes or any Guarantee,
- (7) release any Guarantor from any of its obligations under its Guarantee or the Indenture otherwise than in accordance with the Indenture,
- (8) waive a continuing Default or Event of Default in the payment of principal of or interest on the Notes, or
- (9) effect a release of all or substantially all of the Collateral other than pursuant to the terms of the Security Documents or as otherwise permitted by the Indenture.

The right of any Holder to participate in any consent required or sought pursuant to any provision of the Indenture (and our obligation to obtain any such consent otherwise required from such Holder) may be subject to the requirement that such Holder shall have been the Holder of record of any Notes with respect to which such consent is required or sought as of a date identified by the Trustee in a notice furnished to Holders in accordance with the terms of the Indenture.

"Change of Control" means

- (1) any sale, lease or other transfer (in one transaction or a series of transactions) of all or substantially all of the consolidated assets of the Company and its Restricted Subsidiaries to any Person (other than a Restricted Subsidiary); *provided, however*, that a transaction where the holders of all classes of Common Equity of the Company immediately prior to such transaction own, directly or indirectly, more than 50% of all classes of Common Equity of such Person immediately after such transaction shall not be a Change of Control;
- (2) a "person" or "group" (within the meaning of Section 13(d) of the Exchange Act (other than (x) the Company or (y) the Permitted Hovnanian Holders)) becomes the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act) of Common Equity of the Company representing more than 50% of the voting power of the Common Equity of the Company;
- (3) Continuing Directors cease to constitute at least a majority of the Board of Directors of the Company;
- (4) the stockholders of the Company approve any plan or proposal for the liquidation or dissolution of the Company; *provided, however*, that a liquidation or dissolution of the Company which is part of a transaction that does not constitute a Change of Control under the proviso contained in clause (1) above shall not constitute a Change of Control; or

"Collateralized Debt" means (i) the aggregate principal amount of all Indebtedness and all letters of credit secured by Liens on the Collateral and (ii) the aggregate amount of all unfunded commitments under all credit facilities or lines of credit secured by Liens on the Collateral but excluding Indebtedness, letters of credit and unfunded commitments secured by Liens on the Collateral that rank junior to the Liens on the Collateral securing the Notes.

For purposes of this definition, "**Consolidated Cash Flow Available for Fixed Charges**" and "**Consolidated Interest Incurred**" shall be calculated after giving effect on a *pro forma* basis for the period of such calculation to:

- (1) the incurrence or the repayment, repurchase, defeasance or other discharge or the assumption by another Person that is not an Affiliate (collectively, "**repayment**") of any Indebtedness of the Company, the Issuer or any Restricted Subsidiary (and the application of the proceeds thereof) giving rise to the need to make such calculation, and any incurrence or repayment of other Indebtedness (and the application of the proceeds thereof), at any time on or after the first day of the Four Quarter Period and on or prior to the Transaction Date, as if such incurrence or repayment, as the case may be (and the application of the proceeds thereof), occurred on the first day of the Four Quarter Period, except that Indebtedness under revolving credit facilities shall be deemed to be the average daily balance of such Indebtedness during the Four Quarter Period (as reduced on such *pro forma* basis by the application of any proceeds of the incurrence of Indebtedness giving rise to the need to make such calculation);
- (2) any Asset Disposition or Asset Acquisition (including, without limitation, any Asset Acquisition giving rise to the need to make such calculation as a result of the Company, the Issuer or any Restricted Subsidiary (including any Person that becomes a Restricted Subsidiary as a result of any such Asset Acquisition) incurring Acquired Indebtedness at any time on or after the first day of the Four Quarter Period and on or prior to the Transaction Date), as if such Asset Disposition or Asset Acquisition (including the incurrence or repayment of any such Indebtedness) and the inclusion, notwithstanding clause (2) of the definition of "Consolidated Net Income," of any Consolidated Cash Flow Available for Fixed Charges associated with such Asset Acquisition as if it occurred on the first day of the Four Quarter Period; *provided, however*, that the Consolidated Cash Flow Available for Fixed Charges associated with any Asset Acquisition shall not be included to the extent the net income so associated would be excluded pursuant to the definition of "Consolidated Net Income," other than clause (2) thereof, as if it applied to the Person or assets involved before they were acquired; and
- (3) the Consolidated Cash Flow Available for Fixed Charges and the Consolidated Interest Incurred attributable to discontinued operations, as determined in accordance with GAAP, shall be excluded.

Furthermore, in calculating "Consolidated Cash Flow Available for Fixed Charges" for purposes of determining the denominator (but not the numerator) of this "Consolidated Fixed Charge Coverage Ratio,"

- (a) interest on Indebtedness in respect of which a *pro forma* calculation is required that is determined on a fluctuating basis as of the Transaction Date (including Indebtedness actually incurred on the Transaction Date) and which will continue to be so determined thereafter shall be deemed to have accrued at a fixed rate per annum equal to the rate of interest on such Indebtedness in effect on the Transaction Date, and
- (b) notwithstanding clause (a) above, interest on such Indebtedness determined on a fluctuating basis, to the extent such interest is covered by agreements relating to Interest Protection Agreements, shall be deemed to accrue at the rate *per annum* resulting after giving effect to the operation of such agreements.

the extent such Indebtedness is a guarantee by such Subsidiary of Indebtedness of the Company, the Issuer or a Restricted Subsidiary and (b) no holder of any Indebtedness of such Subsidiary shall have a right to declare a default on such Indebtedness or cause the payment thereof to be accelerated or payable prior to its stated maturity as a result of a default on any Indebtedness of the Company, the Issuer or any Restricted Subsidiary. In accordance with the foregoing, and not in limitation thereof, Investments made by any Person in any Subsidiary of such Person prior to such Person's merger with the Company or any Restricted Subsidiary (but not in contemplation or anticipation of such merger) shall not be counted as an Investment by the Company or such Restricted Subsidiary if such Subsidiary of such Person is designated as an Unrestricted Subsidiary.

The Board of Directors of the Company or a duly authorized committee thereof may also redesignate an Unrestricted Subsidiary to be a Restricted Subsidiary; *provided, however*, that (1) the Indebtedness of such Unrestricted Subsidiary as of the date of such redesignation could then be incurred under the "Limitations on indebtedness" covenant and (2) immediately after giving effect to such redesignation and the incurrence of any such additional Indebtedness, the Company and the Restricted Subsidiaries could incur \$1.00 of additional Indebtedness under the first paragraph of the "Limitations on indebtedness" covenant. "Weighted Average Life to Maturity" means, when applied to any Indebtedness or portion thereof at any date, the number of years obtained by dividing (i) the sum of the products obtained by multiplying (a) the amount of each then remaining installment, sinking fund, serial maturity or other required payment of principal, including, without limitation, payment at final maturity, in respect thereof, by (b) the number of years (calculated to the nearest one-twelfth) that will elapse between such date and the making of such payment by (ii) the sum of all such payments described in clause (i)(a) above.

Concerning the Trustee

The Indenture contains certain limitations on the rights of the Trustee, should it become a creditor of the Company, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest during the continuance of any Default, it must, so long as such Default has not been cured or duly waived, eliminate that conflicting interest within 90 days, apply to the Commission for permission to continue or resign.

The holders of a majority in principal amount of the Notes then outstanding will have the right to direct the Trustee, subject to certain exceptions. The Indenture provides that in case an Event of Default shall occur (which shall not be cured), the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any holder of Notes, unless that holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

EXCHANGE OFFER; REGISTRATION RIGHTS

The Issuer, the Company, the other guarantors party thereto and the initial purchasers of the outstanding notes entered into a registration rights agreement on May 27, 2008, which we refer to as the "**Registration Rights Agreement**." Pursuant to the Registration Rights Agreement, the Issuer, the Company and the other guarantors party thereto agreed to file with the SEC the Exchange Offer Registration Statement on the appropriate form under the Securities Act with respect to the exchange offer. Upon the effectiveness of the Exchange Offer Registration Statement and pursuant to the exchange offer, the Issuer will offer to the holders of Transfer Restricted Securities (as defined below) who are able to make certain representations the opportunity to exchange their Transfer Restricted Securities for exchange notes. Capitalized terms used in this section but not otherwise defined have the meanings given to them in the Registration Rights Agreement.

Under the Registration Rights Agreement:

- (1) the Issuer, the Company and the other guarantors agreed to file an Exchange Offer Registration Statement with the SEC on or prior to 120 days after May 27, 2008;
- (2) the Issuer, the Company and the other guarantors agreed to use their reasonable best efforts to have the Exchange Offer Registration Statement declared effective by the SEC on or prior to 180 days after May 27, 2008;
- (3) unless the exchange offer would not be permitted by applicable law or SEC policy, the Issuer, the Company and the other guarantors agreed to commence the exchange offer, keep the exchange offer open for a period of not less than 20 business days and use their reasonable best efforts to issue, on or prior to 30 business days after the date on which the Exchange Offer Registration Statement was declared effective by the SEC, but in no event later than 40 business days thereafter, exchange notes in exchange for all outstanding notes tendered prior thereto in the exchange offer; and
- (4) if obligated to file the Shelf Registration Statement, the Issuer, the Company and the other guarantors will file the Shelf Registration Statement with the SEC on or prior to 30 days after that filing obligation arises and use their reasonable best efforts to cause the Shelf Registration Statement to be declared effective by the SEC on or prior to 90 days after that obligation arises.

In the event that:

- (1) the Issuer is not permitted to file the Exchange Offer Registration Statement or permitted to consummate the exchange offer because the exchange offer is not permitted by applicable law or SEC policy; or
- (2) any holder of Transfer Restricted Securities notifies the Issuer in writing prior to the 20th business day following consummation of the exchange offer that:
 - (a) based on an opinion of counsel, it is prohibited by law or SEC policy from participating in the exchange offer; or
 - (b) it is a broker-dealer and owns notes acquired directly from the Issuer,

then, the Issuer, the Company and the other guarantors have agreed to file with the SEC a Shelf Registration Statement to cover resales of the notes by the holders thereof who satisfy certain conditions relating to the provisions of information in connection with the Shelf Registration Statement.

The Company, the Issuer and the other guarantors have agreed to use their reasonable best efforts to cause the applicable registration statement to be declared effective as promptly as possible by the SEC.

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

For purposes of the preceding, "**Transfer Restricted Securities**" means:

- (1) each outstanding note, until the earliest to occur of:
 - (a) the date on which that outstanding note is exchanged in the exchange offer for an exchange note which is entitled to be resold to the public by the holder thereof without complying with the prospectus delivery requirements of the Securities Act;
 - (b) the date on which that outstanding note has been disposed of in accordance with a Shelf Registration Statement (and purchasers thereof have been issued new exchange notes); or
 - (c) the date on which the outstanding note is distributed to the public pursuant to Rule 144 or Regulation S under the Securities Act (and purchasers thereof have been issued new exchange notes); and
- (2) new exchange notes issued to a broker-dealer until the date on which those exchange notes are disposed of by that broker-dealer pursuant to the "Plan of Distribution" contemplated by the Exchange Offer Registration Statement (including the delivery of the prospectus contained therein).

The Issuer, the Company and other guarantors have agreed to pay additional interest to each holder of Transfer Restricted Securities upon the occurrence of any of the following:

- (1) the Issuer, the Company and the other guarantors fail to file any of the Registration Statements required by the Registration Rights Agreement on or before the date specified for that filing;
- (2) any of such Registration Statements is not declared effective by the SEC on or prior to the date specified for that effectiveness, which we refer to as the "**Effectiveness Target Date**";
- (3) the Issuer, the Company and the other guarantors fail to consummate the exchange offer within 40 business days of the Effectiveness Target Date with respect to the Exchange Offer Registration Statement; or
- (4) the Shelf Registration Statement or the Exchange Offer Registration Statement is declared effective but thereafter ceases to be effective or usable (without being succeeded immediately by a post-effective amendment to such Registration Statement) in connection with resales of Transfer Restricted Securities during the periods specified in the Registration Rights Agreement.

We refer to each event referred to in clauses (1) through (4) above as a "**Registration Default**."

Such additional interest shall be:

- (1) with respect to the first 90-day period immediately following the occurrence of the first Registration Default, an amount equal to \$.05 per week per \$1,000 principal amount of Transfer Restricted Securities held by that holder; and
- (2) an additional \$.05 per week per \$1,000 principal amount of Transfer Restricted Securities held by that holder with respect to each subsequent 90-day period until all Registration Defaults have been cured, up to a maximum amount of additional interest for all Registration Defaults of \$.25 per week per \$1,000 principal amount of Transfer Restricted Securities.

All accrued additional interest will be paid on each Interest Payment Date at the same time and in the same manner as interest. Following the cure of all Registration Defaults, the accrual of additional interest will cease. Additional interest will only be payable in respect of one Registration Default at any time.

Edgar Filing: HOVNANIAN ENTERPRISES INC - Form 424B3

Holders of Transfer Restricted Securities will be required to make certain representations to the Issuer, the Company and the other guarantors (as described in the Registration Rights Agreement) in order to participate in the Exchange Offer and will be required to deliver certain information to be used in connection with the Shelf Registration Statement and to provide comments on the Shelf Registration Statement within the time periods set forth in the Registration Rights Agreement in order to have their notes included in the Shelf Registration Statement and to benefit from the provisions regarding additional interest set forth above with respect to the Shelf Registration Statement.

The outstanding notes and the exchange notes will constitute a single series of debt securities under the Indenture. If an Exchange Offer is consummated, holders of outstanding notes who do not exchange their outstanding notes in that Exchange Offer will vote together with the holders of the exchange notes for all relevant purposes under the Indenture. Accordingly, when determining whether the required holders have given notice, consent or waiver or taken any other action permitted under the Indenture, any outstanding notes that remain outstanding after the Exchange Offer will be aggregated with the exchange notes. All references herein to specified percentages in aggregate principal amount of notes outstanding shall be deemed to mean, at any time after the Exchange Offer is consummated, percentages in aggregate principal amount of outstanding notes and exchange notes outstanding.

BOOK-ENTRY, DELIVERY AND FORM

Book-Entry Procedures for the Global Notes

The exchange notes will initially be represented in the form of one or more global notes in fully-registered book-entry form without interest coupons that will be deposited upon issuance with the trustee under the indenture, Wilmington Trust Company, as custodian for The Depository Trust Company, or "DTC," and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant as described below.

Except as set forth below, the global notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the global notes may not be exchanged for notes in certificated form except in the limited circumstances described below. See "Exchange of Global Notes for Certificated Notes." In addition, transfer of beneficial interests in the global notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants, which may change from time to time. The notes may be presented for registration of transfer and exchange at the Corporate Trust Office of the trustee.

Depository Procedures

DTC has advised the Issuer that it is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the "**Participants**") and to facilitate the clearance and settlement of transactions in those securities between Participants through electronic book-entry changes in accounts of Participants. The Participants include securities brokers and dealers (including the initial purchasers of the outstanding notes), banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the "**Indirect Participants**"). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interest and transfer of ownership interest of each actual purchaser of each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised the Issuer that, pursuant to procedures established by it,

- (1) upon deposit of the global notes, DTC will credit the accounts of Participants with an interest in the global notes; and
- (2) ownership of such interests in the global notes will be shown on, and the transfer of ownership thereof, will be effected only through, records maintained by DTC (with respect to Participants) or by Participants and the Indirect Participants (with respect to other owners of beneficial interests in the global notes).

The laws of some states require that certain persons take physical delivery in definitive form of securities they own. Consequently, the ability to transfer beneficial interest in a global note to such persons may be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants and certain banks, the ability of a person having a beneficial interest in a global note to pledge such interest to persons or entities that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of physical certificate evidencing such interests. For certain other restrictions on the transferability of the notes, see "Exchange of Global Notes for Certificated Notes."

Except as described below, owners of interests in the global notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or holders thereof under the indenture for any purpose.

Payments in respect of the principal and premium and additional interest, if any, and interest on a global note registered in the name of DTC or its nominee will be payable by the trustee to DTC or its

nominee in its capacity as the registered holder under the indenture. Under the terms of the indenture, the indenture and the trustee will treat the persons in whose names the notes, including the global notes, are registered as the owners thereof for the purpose of receiving such payments and for any and all other purposes whatsoever.

Consequently, none of the Issuer, the trustee nor any agent of the Issuer or the trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interests in the global notes, or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the global notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised the Issuer that its current practice, upon receipt of any payment in respect of securities such as the exchange notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe that it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by Participants and the Indirect Participants to the beneficial owners of exchange notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or the Issuer. Neither the Issuer nor the trustee will be liable for any delay by DTC or any of its Participants in identifying the beneficial owners of the exchange notes, and the Issuer and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Except for trades involving only Euroclear and Clearstream participants, interests in the global notes will trade in DTC's Same-Day Funds Settlement System and secondary market trading activity in such interests will therefore settle in immediately available funds, subject in all cases to the rules and procedures of DTC and its participants.

Transfers between Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds. Transfers between participants in Euroclear and Clearstream will be effected in the ordinary way in accordance with their respective rules and operating procedures.

Subject to compliance with the transfer restrictions applicable to the notes described herein, crossmarket transfers between Participants in DTC, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depositary; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depositary to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant global note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear and Clearstream participants may not deliver instructions directly to the depositaries for Euroclear or Clearstream.

Because of time zone differences, the securities accounts of a Euroclear or Clearstream Participant purchasing an interest in a note from a Participant in DTC will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream Participant, during the securities settlement processing day (which must be a business day for Euroclear or Clearstream) immediately following the settlement date of DTC. Cash received in Euroclear or Clearstream as a result of sales of interests in

an exchange note by or through a Euroclear or Clearstream Participant to a Participant in DTC will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date. DTC has advised the Issuer that it will take any action permitted to be taken by a holder of exchange notes only at the direction of one or more Participants to whose account DTC interests in the global notes are credited and only in respect of such portion of the aggregate principal amount of the notes as to which such Participant or Participants has or have given direction. However, if there is an Event of Default under the notes, DTC reserves the right to exchange global notes for legended exchange notes in certificated form, and to distribute such exchange notes to its Participants.

The information in this section concerning DTC, Euroclear and Clearstream and their book-entry systems has been obtained from sources that the Issuer believes to be reliable, but the Issuer takes no responsibility for the accuracy thereof.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the global notes among Participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the initial purchasers of the outstanding notes or the trustee will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective Participants or Indirect Participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A global note is exchangeable for a certificated exchange note if:

- (1) DTC (a) notifies the Issuer that it is unwilling or unable to continue as depository for the global notes and the Issuer thereupon fails to appoint a successor depository within 90 days or (b) has ceased to be a clearing agency registered under the Exchange Act;
- (2) the Issuer, at its option, notifies the trustee in writing that it elects to cause the issuance of the notes in certificated form (provided that the Issuer understands that under current industry practices, DTC would notify Participants of the Issuer's determination in this clause (2), but would only withdraw beneficial interests from a global note at the request of Participants); or
- (3) there shall have occurred and be continuing to occur a default or an event of default with respect to the notes.

In addition, beneficial interests in a global note may be exchanged for certificated exchange notes upon request but only upon at least 20 days' prior written notice given to the trustee by or on behalf of DTC in accordance with customary procedures. In all cases, certificated exchange notes delivered in exchange for any global note or beneficial interest therein will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures).

Same Day Settlement And Payment

The indenture requires that payments in respect of notes represented by the global notes (including principal, premium, if any, interest and additional interest, if any) be made by wire transfer of immediately available funds to the accounts specified by DTC or its nominee. With respect to certificated notes, we will make all payments of principal, premium, if any, interest and additional interest, if any, by wire transfer of immediately available funds to the accounts specified by the holders thereof or, if no such account is specified, by mailing a check to each such holder's registered address. The notes represented by the global notes are expected to be eligible to trade in PORTAL and to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such notes will, therefore, be required by DTC to be settled in immediately available funds. We expect that secondary trading in any certificated notes will also be settled in immediately available funds.

**UNITED STATES FEDERAL INCOME TAX CONSEQUENCES
OF THE EXCHANGE OFFER**

The exchange of outstanding notes for exchange notes in the exchange offer will not constitute a taxable event to holders for United States federal income tax purposes. Consequently, no gain or loss will be recognized by a holder upon receipt of an exchange note, the holding period of the exchange note will include the holding period of the outstanding note exchanged therefor, and the basis of the exchange note will be the same as the basis of the outstanding note immediately before the exchange.

In any event, persons considering the exchange of outstanding notes for exchange notes should consult their own tax advisors concerning the United States federal income tax consequences in light of their particular situations as well as any consequences arising under the laws of any other taxing jurisdiction.

PLAN OF DISTRIBUTION

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for outstanding notes where the outstanding notes were acquired as a result of market-making activities or other trading activities. To the extent that any such broker-dealer participates in the exchange offer and so notifies us, or causes us to be so notified in writing, we have agreed that for a period of up to 180 days after the consummation of this offer to use our best efforts to make this prospectus, as amended or supplemented, available to such broker-dealer for use in connection with any such resale and will deliver as many additional copies of this prospectus and each amendment or supplement to this prospectus and any documents incorporated by reference in this prospectus as such broker-dealer may reasonably request.

We will not receive any proceeds from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers for their own accounts pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of these methods of resale at market prices prevailing at the time of resale, at prices related to the prevailing market prices or at negotiated prices. Any resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any broker-dealer or the purchasers of any exchange notes. Any broker-dealer that resells exchange notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of the exchange notes may be deemed to be an "underwriter" within the meaning of the Securities Act and any profit on any resale of exchange notes and any commissions or concessions received by these persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

We have also agreed to pay all expenses incident to the exchange offer, including the expenses of one counsel for the holders of all of the sellers of the outstanding notes, and will indemnify the holders of the outstanding notes, including any broker-dealers, against certain liabilities under the Securities Act.

LEGAL MATTERS

The validity of the exchange notes offered hereby will be passed upon for us by Simpson Thacher & Bartlett LLP, New York, New York.
