PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

September 7, 2010

We are sending this proxy statement to shareholders of Tucows Inc., a Pennsylvania corporation, in connection with our board of directors' solicitation of proxies for use at our annual meeting of shareholders on September 7, 2010. We invite you to attend in person. We have also enclosed our 2009 annual report on Form 10-K (which does not form a part of the proxy solicitation material).

VOTING INFORMATION

Record date.

The record date for the annual meeting was July 20, 2010. You may vote all shares of our common stock that you owned as of the close of business on that date. On July 20, 2010, we had 57,362,611 shares of common stock outstanding. Each share of common stock is entitled to one vote on each matter to be voted at the annual meeting. We will begin mailing this proxy statement and the proxy card on or about August 10, 2010 to shareholders of record as of the close of business on the record date.

How to vote.

By mail. If you hold your shares through a securities broker (that is, in street name), you may complete and mail the voting instruction card forwarded to you by your broker. If you hold your shares in your name as a holder of record, you can vote your shares by proxy by completing, signing and dating the proxy card and returning it in the enclosed postage-paid envelope. A properly completed and returned proxy card will be voted as you instruct, unless you subsequently revoke your instructions.

By telephone. If you hold your shares through a securities broker, you may vote by telephone by following the instructions included with the voting instruction card forwarded to you by your broker. If you vote your shares via telephone, you may incur additional charges.

By Internet. If you hold your shares through a securities broker, you may vote your shares via the Internet by following the instructions included with the voting instruction card forwarded to you by your broker. If you vote your shares via the Internet, you may incur costs such as telephone and Internet access charges.

At the annual meeting. Submitting your vote by mail or via the Internet does not limit your right to vote in person at the annual meeting if you later decide to do so. If you hold your shares in street name and want to vote in person at the annual meeting, you must obtain a proxy from your broker and bring it to the annual meeting.

Revoking your proxy.

You can revoke your proxy at any time before your shares are voted at the annual meeting by:

sending a written notice of revocation to our secretary at our principal executive office (96 Mowat Avenue, Toronto, Ontario M6K 3M1, Canada);

submitting a properly executed proxy showing a later date to our secretary at our principal executive office; or

attending the annual meeting and voting in person. Merely attending the annual meeting will not revoke your proxy.

Returning your proxy without indicating your vote.

If you return a signed proxy card without indicating your vote and do not revoke your proxy, your shares will be voted according to the board of directors' recommendations.

Withholding your vote or voting to "abstain."

In the election of directors, you can withhold your vote for any of the nominees. Withheld votes will be excluded entirely from the vote and will have no effect on the outcome. On the other proposals, you can vote to "abstain." If you vote to "abstain," your shares will be excluded entirely from the vote and will have no effect on the outcome.

Votes required to hold the annual meeting.

On September 7, 2010, we need a majority of shares of common stock outstanding as of July 20, 2010, the record date, present, in person or by proxy, to have a quorum to be able to hold the annual meeting. Shares represented by a properly signed and returned proxy are considered present at the annual meeting for purposes of determining a quorum, regardless of whether the holder of such shares or proxy withholds his, her or its vote or abstains. Broker non-votes also count as shares present at the annual meeting for purposes of a quorum.

Votes required to elect directors.

A plurality of the votes cast is required for the election of directors. Accordingly, the nine nominees for election as directors who receive the highest number of votes actually cast will be elected.

Votes required to ratify the amendment and restatement of our 2006 Equity Compensation Plan

The affirmative vote of a majority of the votes cast by all holders of shares of common stock represented at the annual meeting, in person or by proxy, and entitled to vote is required to approve the amendment and restatement of our 2006 Equity Compensation.

Votes required to ratify the appointment of KPMG LLP.

The affirmative vote of a majority of the votes cast by all holders of shares of common stock represented at the annual meeting, in person or by proxy, and entitled to vote is required to ratify the appointment of KPMG LLP as our independent public accountant for the year ended December 31, 2010.

Street Name Shares and Broker Non-Votes.

If you hold your shares in "street name" through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Under the rules that govern brokers who are voting with respect to shares held in street name, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. Routine matters include the election of directors. Non-routine matters include matters such as the approval of stock plans. Therefore, if you do not give your broker or nominee specific instructions, your shares may not be voted on non-routine matters and will not be counted in the voting results. Shares represented by such "broker non-votes" will be counted in determining whether there is a quorum. Broker non-votes will not be counted toward a nominee's total of affirmative votes in the election of directors and will have no effect on the approval of the other proposals.

Postponement or adjournment of the annual meeting.

If the annual meeting is postponed or adjourned, your proxy will still be valid and may be voted at the rescheduled meeting. You will still be able to revoke your proxy until it is voted.

Affirmative Determinations Regarding Director Independence

In 2009, the Board of Directors determined that a majority of the Board of Directors met the independence requirements prescribed by the listing standards of NYSE Amex.

Meetings

Our Board of Directors met five times during Fiscal 2009. Our Board of Directors also took action by unanimous written consent on one occasion during Fiscal 2009. Policy regarding attendance

Directors are expected, but are not required, to attend board meetings, meetings of committees on which they serve, and shareholder meetings, and to spend the time needed and meet as frequently as necessary to discharge their responsibilities properly. Elliot Noss attended our 2009 annual meeting of shareholders in person while the remainder of the Board of Directors were available by teleconference.

Committees

Our Board of Directors has two committees, an audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and a corporate governance, nominating and compensation committee. The Board of Directors created the corporate governance, nominating and compensation committee and adopted a new charter in November 2007 in order to expand the responsibilities of our then existing compensation committee to include oversight of our corporate governance principles and our Board nomination process. Our committees generally meet in connection with regularly scheduled quarterly and annual meetings of the Board of Directors, with additional meetings held as often as its members deem necessary to perform its responsibilities. To prepare the report required by the rules of the SEC to be included in our annual Form 10-K.

Each of the members of our audit committee is an independent director and satisfies the independence standards specified in Section 121A of the NYSE Amex listing requirements and Rule 10A-3 under the Exchange Act and is able to read and understand fundamental financial statements, including balance sheets, income statements and cash flow statements. Additionally, the Board of Directors has determined that Mr. Schwartz qualifies as an "audit committee financial expert" as defined under Item 407(d)(v) of Regulation S-K. The Board of Directors has adopted a written charter for the audit committee, which the audit committee has reviewed and determined to be in compliance with the rules set forth in the NYSE Amex listing requirements and which is available at www.tucowsinc.com/investors/charter/php.

The corporate governance, nominating and compensation committee currently consists of Messrs. Stern (Chair), Schwartz, Karp and Dr. Morrisett, all of whom are independent directors as defined in Section 121A of the NYSE Amex listing standards.

This committee was formerly known as the compensation committee and, effective November 8, 2007, the Board expanded the committee's roles and responsibilities to include the corporate governance and nomination responsibilities. This committee adopted a formal charter, which is available on www.tucowsinc.com/investors/charter/php.

The corporate governance, nominating and compensation committee held three meetings during Fiscal 2009. This committee also took action by unanimous written consent on two occasions during the Fiscal 2009. The corporate governance, nominating and compensation committee's purposes are:

To recommending and review the compensation structure for the Company's senior executives, including the Chief Executive Officer;

To reviewing employee compensation and benefit programs;

To develop and recommend to the Board a set of corporate governance guidelines applicable to the Company and to periodically review the guidelines;

To oversee the Board's annual evaluation of its performance and the performance of the other Board committees;

To advise the Board regarding membership and operations of the Board; and

To identify individuals qualified to serve as members of the Board, to select, subject to ratification of the Board, the director nominees for the next annual meeting of shareholders and to recommend to the Board individuals to fill vacancies on the Board.

Director nomination process.

Our board of directors will consider any candidate proposed in good faith by one of our shareholders and has adopted a resolution that requires a shareholder to timely submit, to the attention of our Secretary at 96 Mowat Avenue, Toronto, Ontario M6K 3M1 Canada, the following:

the candidate's name and the information about the individual that would be required to be included in a proxy statement under the rules of the SEC;

information about the relationship between the candidate and the nominating shareholder;

the consent of the candidate to serve as a director; and

proof of the number of shares of our common stock that the nominating shareholder owns and the length of time the shares have been owned.

In order to be considered by the board of directors, a shareholder's nomination must be delivered to our secretary at least 120 days before the date on which we first mailed our proxy materials for our prior year's annual meeting of shareholders. Subject to compliance with statutory or regulatory requirements, our board of directors does not expect that candidates recommended by shareholders will be evaluated in a different manner than other candidates.

In considering candidates for nomination, our board of directors shall seek individuals who evidence strength of character, mature judgment and the ability to work collegially with others. Furthermore, it is the policy of our board of directors that it endeavor to have directors who collectively possess a broad range of skills, expertise, industry and other knowledge and business and other experience useful to the effective oversight of our business; therefore, in considering whether to nominate a person for election as a director, the independent directors and our board of directors will consider, among other factors, the contribution such person can make to the collective competencies of the board based on such person's background. In determining whether to nominate a current director for re-election, the board will take into account these same criteria as well as the director's past performance, including his or her participation in and contributions to the activities of the board.

Ethics policy for senior officers.

Our board of directors has adopted an ethics policy for our senior officers, including our Chief Executive Officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. A copy of the ethics policy for senior officers can be obtained from our Internet web site at <http://about.tucows.com>, without charge.

Communications with the board of directors.

We provide an informal process for shareholders to send communications to our board of directors. If you wish to communicate with our board of directors, you may send correspondence to the attention of our Secretary at 96 Mowat Avenue, Toronto, Ontario M6K 3M1 Canada. The Secretary will submit your correspondence to the chairman of the board of directors, the chairman of the appropriate committee, or the appropriate individual director, as applicable.

- (1) For the purpose of the table we assumed an annual base salary at the executive's level as of December 31, 2009
- (2) Severance for Mr. Noss is compensation for one year plus one month additional compensation for each completed year of service capped at 24 months. For Messrs. Cooperman and Woroch, severance compensation is for six months plus one month additional compensation for each completed year of service.
- (3) For the purpose of the table we assumed that the annual incentive bonus target as of December 31, 2009 had been achieved and that no overachievement bonus or special bonuses would be payable.
- (4) For purposes of the above table, we have assumed that if we terminate Mr. Noss without cause all his unvested options vest automatically and that for Messrs. Cooperman or Woroch, that their options continue to vest through any severance period. On a change in control we have assumed that all unvested options for Messrs. Noss or Cooperman vest automatically and that for Mr. Woroch, that his options continue to vest through and until the end of any severance period. Amounts disclosed in this table equal the closing market value of our common stock as of December 31, 2009, minus the exercise price, multiplied by the number of unvested shares of our common stock that would vest. The closing market value of our common stock on December 31, 2009 was \$0.68.
- (5) Pay for unused vacation, extended health, matching registered retirement savings plan benefit, life insurance and accidental death and dismemberment insurance are standard programs offered to all employees and are therefore not reported.

Employment Agreements Termination

Employment contracts are currently in place for each of the named executive officers, which contracts detail the severance payments that will be provided on termination of employment and the consequent obligations of non-competition and non-solicitation.

The following details the cash severance payment that will be paid to each of the named executive officers in the event of termination without cause or termination for good reason.

Upon termination without cause, Mr. Woroch is entitled to a severance payment in the amount of six months' compensation plus one months' compensation for each additional completed year of service. Severance payments can be made in equal monthly installments. Mr. Woroch is bound by a standard non-competition covenant for a period of twelve months following their termination.

Edgar Filing: TUCOWS INC /PA/ - Form DEF 14A

Messrs Noss and Cooperman's employment agreements are subject to early termination by us due to:

the death or disability of the executive;

for "cause;" or

without "cause."

If we terminate Mr. Noss without "cause," he is entitled to receive 12 months of compensation plus one month of compensation for each year of service, to a maximum of 24 months of compensation.

If we terminate Mr. Cooperman's employment without "cause," he is entitled to receive six months of compensation plus one month of compensation for each year of service.

For purposes of the employment agreements, "cause" is defined to mean the executive's conviction (or plea of guilty or nolo contendere) for committing an act of fraud, embezzlement, theft or other act constituting a felony or willful failure or an executive's refusal to perform the duties and responsibilities of his position, which failure or refusal is not cured within 30 days of receiving a written notice thereof from our Board of Directors.

Employment Agreements Change in Control

Under their employment agreements, both Messrs. Noss and Cooperman are also entitled to the change in control benefits described in the following paragraph if:

the executive resigns with or without "good reason" within the 30-day period immediately following the date that is six months after the effective date of the "change in control;" or

within 18 months after a "change in control" and executive's employment is terminated either:

without "cause;" or

by resignation for "good reason."

If an executive's employment is terminated following a change in control under the circumstances described in the preceding paragraph, the executive is entitled to receive a lump sum payment based upon the fair market value of the Company on the effective date of the "change in control" as determined by our Board of Directors in the exercise of good faith and reasonable judgment taking into account, among other things, the nature of the "change in control" and the amount and type of consideration, if any, paid in connection with the "change in control." Depending on the fair market value of the company, the lump sum payments range from \$375,000 to \$2 million in the case of Mr. Noss, and from \$187,500 to \$1 million in the case of Mr. Cooperman. In addition to the lump sum payments, all stock options held by the executive officers will be immediately and fully vested and exercisable as of the date of termination.

A "change in control" is generally defined as:

the acquisition of 50% or more of our common stock;

a change in the majority of our Board of Directors unless approved by the incumbent directors (other than as a result of a contested election); and

Edgar Filing: TUCOWS INC /PA/ - Form DEF 14A

certain reorganizations, mergers, consolidations, liquidations, or dissolutions, unless certain requirements are met regarding continuing ownership of our outstanding common stock.

Edgar Filing: TUCOWS INC /PA/ - Form DEF 14A

"Good reason" is defined to include the occurrence of one or more of the following:

the executive's position, management responsibilities or working conditions are diminished from those in effect immediately prior to the change in control, or he is assigned duties inconsistent with his position;

the executive is required to be based at a location in excess of 30 miles from his principal job location or office immediately prior to the change in control;

the executive's base compensation is reduced, or the executive's compensation and benefits taken as a whole are materially reduced, from those in effect immediately prior to the change in control; or

we fail to obtain a satisfactory agreement from any successor to assume and agree to perform our obligations to the executive under his employment agreement.

PROPOSAL NO. 2
APPROVAL OF PROPOSED AMENDMENT AND RESTATEMENT OF THE
2006 EQUITY COMPENSATION PLAN

General

At the Annual Meeting, shareholders will be asked to consider and approve a proposal to amend and restate our 2006 Equity Compensation Plan (the "2006 Plan"). The 2006 Plan, as amended and restated (the "Amended and Restated 2006 Plan") will effect the following changes:

increase the maximum number of shares of our common stock reserved for issuance over the term of this compensation plan by an additional 1,900,000 shares (*i.e.*, from 5,000,000 shares under the 2006 Plan to 6,900,000 shares under the Amended and Restated 2006 Plan, representing approximately 8.7% and 12.0% of the number of shares of common stock outstanding as of July 20, 2010, respectively);

extend the term of this compensation plan to September 6, 2020; and

increase the maximum number of shares of our common stock which may be issued pursuant to options intended to be incentive stock options for U.S. federal tax purposes by 1,900,000 shares (*i.e.*, from 5,000,000 shares under the 2006 Plan to 6,900,000 shares under the Amended and Restated 2006 Plan).

The 2006 Plan was adopted by our board of directors on August 8, 2006 and approved by the shareholders on November 22, 2006. Under the 2006 Plan, the Company is authorized to grant equity-based awards to its employees, officers, directors and consultants. The 2006 Plan is scheduled to terminate on November 21, 2010. 5,000,000 shares of our common stock are currently authorized to be issued under the 2006 Plan. As of July 20, 2010, there were 4,029,200 shares subject to outstanding awards under the 2006 Plan, which includes (i) 4,017,750 options to purchase shares of our common stock (4,017,750 common shares would represent approximately 7.0% of the number of shares of common stock outstanding as of July 20, 2010), and (ii) 11,450 shares of unvested restricted stock (11,450 common shares represents approximately 0.02% of the number of shares of common stock outstanding as of July 20, 2010) and 970,800 shares remain available for future awards.

The 2006 Plan serves as a successor to the 1996 Equity Compensation Plan (the "1996 Plan") previously approved by the shareholders, pursuant to which 11,150,000 shares of our common stock were reserved for issuance. The 1996 Plan terminated on February 25, 2006. As of the termination date, 10,492,700 options to purchase our common stock had been issued under the 1996 Plan, of which 3,820,543 options had been exercised and 6,672,157 options remained outstanding (10,492,700 common shares would represent approximately 18.3% of the number of shares of common stock outstanding as of July 20, 2010), and as of July 20, 2010 outstanding awards for 4,206,333 shares remained unexercised and continue to be governed by the terms of the 1996 Plan (4,206,333 common shares would represent approximately 7.3% of the number of shares of common stock outstanding as of July 20, 2010). No additional awards have been or will be made under the 1996 Plan.

On July 29, 2010, our corporate governance, nominating and compensation committee recommended, and our Board adopted, subject to shareholder approval, an amendment and restatement of the 2006 Plan as described above. The Amended and Restated 2006 Plan also reflects the formula equity grant program for our non-employee Board members under the Company's director compensation plan as in effect since 2008.

Reasons for the Amendment and Restatement of the 2006 Plan

The corporate governance, nominating and compensation committee believes that equity-based incentives have played a pivotal role in our efforts to attract and retain key personnel essential to our

long-term growth and financial success. For that reason, the Amended and Restated 2006 Plan will provide us with the continued ability to implement a comprehensive compensation strategy, which is designed to use appropriate and competitive incentives that reward value creation to align our short-term and long-term goals and resulting performance with the interest of our shareholders. We continue to believe that incentive awards are vital to our ability to attract and retain outstanding and highly skilled individuals in the competitive labor markets in which we must compete.

To accomplish these goals, the Amended and Restated 2006 Plan will permit the granting of stock options; stock appreciation rights; stock awards; restricted stock units; performance units; dividend equivalent rights; or other stock-based awards, some of which may require the satisfaction of performance-based criteria in order to be payable to the grantees. In order to facilitate approval of this proposal and assuage any shareholder concerns regarding the number of equity awards that can be granted, it is our intention to ensure that, after the formula option grants to directors, our burn rate with respect to the number of equity awards granted will not exceed 1.25% per annum. The burn rate will be calculated as (i) the number of shares granted in each fiscal year by the corporate governance, nominating and compensation committee of the Board of Directors and reported in our periodic reports filed with the SEC, including (a) stock options, (b) stock appreciation rights; (c) stock awards; (d) restricted stock units; (e) performance units; (f) dividend equivalent rights; (g) other stock-based awards and (h) after excluding the formula option awards to directors divided by (ii) the fiscal year end basic shares outstanding.

Description of the Amended and Restated 2006 Plan.

The principal terms and provisions of the Amended and Restated 2006 Plan are summarized below. The summary, however, is not intended to be a complete description of all the terms of the Amended and Restated 2006 Plan and is qualified in its entirety by reference to the complete text of the Amended and Restated 2006 Plan which is attached as Exhibit A to this proxy statement.

General. The Amended and Restated 2006 Plan provides for grants of options, stock awards, restricted stock units, stock appreciation rights, performance units and dividend equivalent rights to officers, including officers who are also directors, of Tucows or our subsidiaries, other employees of Tucows or our subsidiaries and eligible consultants and advisors. Non-employee directors of Tucows are also entitled to receive formula stock option grants under the Amended and Restated 2006 Plan.

Administration of the Amended and Restated 2006 Plan. The corporate governance, nominating, and compensation committee of our board of directors will have the exclusive authority to administer the Amended and Restated 2006 Plan with respect to awards made to our executive officers and will also have the authority to make awards to all other eligible individuals. However, our board of directors may at any time appoint a secondary committee of one or more board members to have separate but concurrent authority with the corporate governance, nominating and compensation committee to make awards to individuals other than executive officers, or our board of directors may retain the power to make awards to such individuals. The board or committee may delegate to one or more officers the authority to administer awards to eligible individuals other than officers and directors within specified guidelines. The plan administrator may determine the persons to whom awards are made, the type, size and other terms and conditions of each award and the other terms and conditions, including vesting schedules and the acceleration of vesting and any other matters arising under the Amended and Restated 2006 Plan. The members of the corporate governance, nominating and compensation committee are Stanley Stern, Lloyd Morrisett, Allen Karp and Jeffrey Schwartz.

The term "plan administrator," as used in this summary, will mean our board, our corporate governance, nominating and compensation committee and any secondary committee, to the extent each such entity is acting within the scope of its administrative authority under the Amended and Restated 2006 Plan.

Grants. Grants, awards and issuances under the Amended and Restated 2006 Plan may consist of:

options intended to qualify as incentive stock options ("ISOs") under Internal Revenue Code Section 422;

non-qualified stock options that are not intended to qualify as ISOs;

stock appreciation rights;

stock awards;

restricted stock units;

performance units;

dividend equivalent rights; or

other stock-based awards.

Eligibility for participation. Officers and employees, non-employee members of our board, as well as eligible consultants and advisors in our employ or service or in the employ or service of our subsidiaries (whether now existing or subsequently established) will be eligible to receive discretionary awards under the Amended and Restated 2006 Plan. The non-employee members of our board of directors will also be eligible to receive non-qualified stock options awarded in connection with the formula stock option provisions described below. As of July 20, 2010, approximately 160 persons, including five officers, eight non-employee board members and three of our consultants and advisors are eligible to receive awards under the Amended and Restated 2006 Plan.

Securities subject to the Amended and Restated 2006 Plan. If the Amended and Restated 2006 Plan is approved by our shareholders, 6,900,000 shares of our common stock will be reserved for issuance over the term of the Amended and Restated 2006 Plan, including the 1,900,000 share increase subject to approval under this proposal. This share reserve represents approximately 12.0% of the number of shares of our common stock outstanding as at the date hereof.

The shares of common stock issuable under the Amended and Restated 2006 Plan may be drawn from shares of our authorized but unissued common stock or from shares of our common stock that we acquire, including shares purchased on the open market or in private transactions.

The maximum number of shares of our common stock that may be issued pursuant to options intended to qualify as ISOs may not exceed 6,900,000 subject to approval of this proposal. In the absence of such approval, the maximum number of shares that may be issued pursuant to options intended to qualify as ISOs will be limited to 5,000,000 shares.

Shares subject to any outstanding options or other awards under the Amended and Restated 2006 Plan that expire or otherwise terminate prior to the issuance of the shares subject to those options or awards or that are paid in cash will be available for subsequent issuance under the Amended and Restated 2006 Plan. Any unvested shares issued under the Amended and Restated 2006 Plan that are subsequently forfeited or that we repurchase, at a price not greater than the original issue price paid per share (subject to compliance with applicable securities legislation), pursuant to our repurchase rights under the Amended and Restated 2006 Plan will be added back to the number of shares reserved for issuance under the Amended and Restated 2006 Plan and will accordingly be available for subsequent issuance.

Edgar Filing: TUCOWS INC /PA/ - Form DEF 14A

In addition, the following net share counting provisions will be in effect under the Amended and Restated 2006 Plan:

Should the exercise price of a stock option be paid in shares of our common stock, then the number of shares reserved for issuance under the Amended and Restated 2006 Plan will be reduced by the net number of shares for which that option is exercised.

Should shares of common stock otherwise issuable under the Amended and Restated 2006 Plan be withheld by us in satisfaction of the withholding taxes incurred in connection with the issuance, exercise or vesting of an award, then the number of shares of common stock available for issuance under the Amended and Restated 2006 Plan will be reduced by only by the net number of shares issued with respect to that award.

Upon the exercise of any stock appreciation right granted under the Amended and Restated 2006 Plan, the share reserve will be reduced by the net number of shares actually issued upon the exercise of such stock appreciation right.

Limitations on grants to participants. No participant in the Amended and Restated 2006 Plan may receive option grants, stock awards, restricted stock units, performance units, stock appreciation rights, dividend equivalents or other stock-based awards for more than 500,000 shares of our common stock in the aggregate, in any single calendar year, subject to adjustment for subsequent stock splits, stock dividends and similar transactions (500,000 common shares represents approximately 0.9% of the number of shares of common stock outstanding as of July 20, 2010). Shareholder re-approval of this proposal will also constitute approval of that 500,000 share limitation for purposes of Internal Revenue Code Section 162(m). This limitation will assure that any deductions to which we would otherwise be entitled upon the exercise of stock options or stock appreciation rights granted under the Amended and Restated 2006 Plan will not be subject to the \$1 million limitation on the income tax deductibility of compensation paid per executive officer imposed under Section 162(m).

The maximum number of shares of our common stock that may be issued under the Amended and Restated 2006 Plan (together with all of our other stock-based compensation arrangements, if any) to "insiders" (as such term is defined in the rules of the Toronto Stock Exchange), within any one-year period, and that may be issuable to "insiders", at any time, may not, in either case, exceed 10% of the number of shares of our common stock outstanding.

Description of Awards.

Options. The Amended and Restated 2006 Plan allows the plan administrator to grant options to purchase shares of our common stock to eligible participants. The plan administrator will have complete discretion to determine which eligible participants are to receive option grants, the time or times when those options are to be granted, the number of shares subject to each such grant, the vesting schedule (if any) to be in effect for the grant, the maximum term for which the granted option is to remain outstanding and the status of any granted option as either an incentive stock option or a non-statutory option under the U.S. federal tax laws.

Each granted option will have an exercise price per share determined by the plan administrator which shall be equal to or greater than the fair market value of a share of our common stock on the date of the option grant. The term of a granted option will not exceed seven years.

Each option will become exercisable as determined by the plan administrator, generally in one or more installments over a specified period of service measured from the grant date. However, one or more options may be structured so that they will be immediately exercisable for any or all of the option shares. The shares acquired under such immediately exercisable options may be subject to repurchase by us if the optionee ceases service prior to vesting in those shares. The plan administrator may accelerate the exercisability of any options or the vesting of any shares at any time.

Edgar Filing: TUCOWS INC /PA/ - Form DEF 14A

Except as otherwise determined by the plan administrator, upon cessation of an optionee's employment or service, as the case may be, for any reason (whether or not for cause), other than as a result of the optionee's death or disability, all of the optionee's options which have vested and are exercisable as of the date of resignation or termination of active employment or service (a "Termination Date"), shall be exercisable until the earlier of the expiry date(s) of the options and the date that is three months following such Termination Date.

Except as otherwise determined by the plan administrator, in the event of the termination of an optionee's employment or service as a result of the optionee's death or disability, all of the optionee's options which have vested and are exercisable as at the date of death or disability (such date, also the "Termination Date") shall be exercisable under the earlier of the expiry date(s) of the options and the date that is one year following the Termination Date.

Except as otherwise determined by the plan administrator, in the event of the termination of an optionee's employment or service, all of the optionee's options which have not vested on or before the applicable Termination Date shall expire and be of no further force and effect as of such date.

An optionee may pay the exercise price of his or her option (i) in cash, (ii) with the approval of the plan administrator and subject to compliance with applicable law, by delivery of shares of common stock owned by the optionee and having a fair market value on the date of exercise equal to the exercise price or by attestation to ownership of Tucows common stock having an aggregate fair market value on the date of exercise equal to the exercise price; or (iii) by such other method as approved by the plan administrator.

Stock appreciation rights. The Amended and Restated 2006 Plan allows the plan administrator to grant stock appreciation rights alone or in tandem with any stock option granted under the Amended and Restated 2006 Plan:

Tandem stock appreciation rights are granted in connection with a stock option and may be granted either at the time of grant of the related option or, in the case of a non-qualified stock option, at any time thereafter while the option remains outstanding and will have a base price per share equal to the per share exercise price of the related option. Tandem stock appreciation rights provide the holders with the right to surrender their options to us and receive in exchange a payment from us in an amount equal to the excess of (i) the fair market value on the exercise date of the vested shares of our common stock subject to the surrendered option over (ii) the aggregate exercise price payable for those shares.

Stand-alone stock appreciation rights are not associated with any options and may be granted at any time with a base price equal to at least the fair market value per share of our common stock on the date of grant of the right. Upon exercise of a stand-alone stock appreciation right, the holder will be entitled to receive from us a payment in an amount equal to the excess of (i) the fair market value on the date of exercise of the shares of common stock as to which those rights are exercised over (ii) the aggregate base price in effect for those shares.

No stock appreciation right will have a term in excess of 7 years. The amount payable by us upon exercise of a stock appreciation right will be paid in cash, shares of our common stock or a combination thereof at the plan administrator's discretion. The plan administrator has complete discretion to determine any vesting requirements associated with the grant of stock appreciation rights and the treatment of stock appreciation rights in the event of the cessation of a holder's employment or service with us.

Stock awards. The 2010 Plan allows the plan administrator to issue shares of our common stock for cash consideration, or for no cash consideration, in the plan administrator's sole discretion. The plan administrator will have complete discretion to determine which eligible participants are to receive such stock awards, the time or times when those awards are to be made, the number of shares subject

to each such award, the vesting schedule (if any) to be in effect for the award and the cash consideration (if any) payable per share. The shares issued may be fully and immediately vested upon issuance or may vest upon the completion of a designated service period or achievement of specified performance goals. The plan administrator will have complete discretion to determine under what circumstances a participant may retain shares of unvested stock following termination of participant's cessation of employment or service and the circumstances under which unvested stock may be forfeited.

Restricted stock units. The Amended and Restated 2006 Plan allows the plan administrator to grant restricted stock units to participants. Each restricted stock unit represents the right of a participant to receive one share of our common stock, or an amount based on the value of one share of our common stock, upon vesting of the restricted stock unit.

Each restricted stock unit will vest in one or more installments based on the achievement of performance goals or satisfaction of a specified term of service measured from the grant date, as determined by the plan administrator. Restricted stock units may be paid at the end of a specified vesting or performance period, or payment may be deferred to a date authorized by the plan administrator. Payment will be made in cash, in shares of our common stock or in a combination of cash and stock, as determined by the plan administrator.

The plan administrator will have complete discretion to determine under what circumstances a participant may retain restricted stock units following termination of participant's cessation of employment or service and the circumstances under which restricted stock units may be forfeited.

Performance units. The Amended and Restated 2006 Plan allows the plan administrator to grant performance units to participants contingent upon the attainment of written performance goals established prior to a particular performance period. Each performance unit allows the participant to receive an amount equal to the value of the unit, which is to be determined by the plan administrator at the time of grant.

At the time of grant, the plan administrator will establish a performance period during which the participant's performance will be measured and will establish in writing performance goals for Tucows and its various operating units. The plan administrator, in its sole discretion, will establish the performance goals which may include, but are not limited to, the following criteria: earnings per share, net earnings, operating earnings, unit volume, net sales, market share, balance sheet measurements, cash return on assets, shareholder return or return on capital.

Each performance unit will have a maximum dollar value established by the plan administrator at the time of grant. Payment will be contingent upon the achievement of the pre-established goals by the end of the performance period. The value of a unit may, in the plan administrator's discretion, be equal to the fair market value of our common stock.

In determining the number of performance units to be granted to a participant, the plan administrator will consider such participant's responsibility level, performance, potential, cash compensation level, other incentive awards and such other considerations it deems appropriate.

Upon completion of the performance period, a participant will be entitled to receive payment of an amount, not exceeding the maximum value of his or her performance units, based on the achievement of the performance goals as determined by the plan administrator. Payment will be made in cash or, in the plan administrator's sole discretion, in shares of our common stock when such performance units are measured using our common stock. Such payments will be made in a lump sum or in installments and will be subject to other terms and conditions as determined by the plan administrator.

Dividend equivalent rights. When the plan administrator makes an award under the Amended and Restated 2006 Plan, the plan administrator may grant dividend equivalent rights in connection with such award. Dividend equivalent rights may be payable based on the achievement of specific performance goals.

Dividend equivalent rights may be paid to participants currently or may be deferred in the plan administrator's discretion. In the event they are deferred, such dividend equivalent rights will be credited to bookkeeping accounts on our records for purposes of the Amended and Restated 2006 Plan. Dividend equivalent rights may be accrued as a cash obligation or may be converted into restricted stock units for the participant. Deferred dividend equivalent rights may accrue interest in the plan administrator's discretion.

Dividend equivalent rights may be payable in cash, in shares of our common stock or in a combination of cash and stock, as determined by the plan administrator.

Other stock-based awards. The plan administrator may grant other awards not described above that are based on or measured by our common stock on such terms and conditions as the plan administrator deems appropriate. Such awards may be granted subject to performance goals or other conditions and may be payable in cash or shares of our common stock, or a combination of cash and stock as determined by the plan administrator.

Formula Option Grants to Directors

Non-employee members of our board of directors will receive grants of non-qualified stock options pursuant to the formula option grant provisions of the Amended and Restated 2006 Plan in connection with their service on the board or a committee of the board. All options granted under the formula option grant provisions will have an exercise price per share equal to the fair market value of the option shares on the date of grant and have a five-year term, subject to earlier termination following the director's cessation of board service. The option will be immediately exercisable for all of the option shares.

Each individual who first becomes a non-employee board member will receive an automatic grant to purchase 25,000 shares of our common stock on the date he or she becomes a member of our board of directors. Each individual who becomes an audit committee member will receive an automatic grant to purchase 20,000 shares of our common stock on the date he or she becomes a member of the audit committee. Each individual who becomes a corporate governance, nominating and compensation committee member will receive an automatic grant to purchase 15,000 shares of our common stock on the date he or she becomes a member of the audit committee.

In addition, on the date of each annual shareholders meeting, beginning with the 2008 annual meeting, each individual serving as a non-employee board member at that time will automatically be granted an option to purchase 20,000 shares of our common stock, provided such individual is a board member both immediately before and after the annual election of directors at such annual meeting. Each individual who is an audit committee member in office on the date of each annual shareholders meeting, beginning with the 2008 annual meeting, will automatically be granted an option to purchase 10,000 shares of our common stock, provided such individual is an audit committee member both immediately before and after the annual election of directors. Each individual who is a corporate governance, nominating and compensation committee member in office on the date of each annual shareholders meeting, beginning with the 2008 annual meeting, will automatically be granted an option to purchase 7,500 shares of our common, provided such individual is a member of such committee both immediately before and after the annual election of directors.

General Provisions.

Amendment and termination of the Amended and Restated 2006 Plan. Our board of directors may amend or modify the Amended and Restated 2006 Plan at any time, subject to any shareholder approval requirements under applicable law or regulation or pursuant to the listing standards of the NYSE Amex stock exchange on which our shares of common stock are at the time primarily traded. Our board of directors may make such amendments to the plan as it deems desirable or necessary, without the approval of the shareholders (including amendments of a housekeeping nature, amendments in response to a change in applicable law or regulation, amendments to the vesting provisions granted pursuant to the plan, and amendments to the other terms and conditions of any previously issued grant under the plan), provided however that our board may not amend the Amended and Restated 2006 Plan without shareholder approval to:

change the maximum number of shares of our common stock that may be issued under the Amended and Restated 2006 Plan, whether as a fixed number of shares or as a fixed percentage of the number of shares outstanding from time to time (other than to reflect an adjustment for subsequent stock splits, stock dividends or other transactions as described below);

materially increase benefits to the participants of the Amended and Restated 2006 Plan, including any change to permit a repricing or decrease the exercise price of an option;

reduce the exercise price or purchase price or extend the term of any award which would benefit one of our insiders;

materially expand the class of participants eligible to participate in the Amended and Restated 2006 Plan;

expand the types of awards provided under the Amended and Restated 2006 Plan; or

amend the insider participation limit or the amending provision of the Amended and Restated 2006 Plan.

Subject to shareholder approval of this proposal, the Amended and Restated 2006 Plan will terminate on September 6, 2020, unless sooner terminated by our board of directors or extended by the board of directors with the approval of the shareholders.

Adjustment provisions. In the event of any stock dividend, spinoff, extraordinary distribution (whether in cash, securities or other property), recapitalization, reclassification, stock split, combination of shares, exchange of shares or other change in corporate structure effected without our receipt of consideration, equitable adjustments will be made to: (i) the maximum number and/or class of securities issuable under the Amended and Restated 2006 Plan; (ii) the maximum aggregate number of shares which may be issued pursuant to incentive stock options; (iii) the maximum aggregate number and/or class of securities for which any one person may be granted per calendar year; (iv) the number and/or class of securities and for which option grants are subsequently made to non-employee directors under the formula option grant provisions; and (v) the number and/or class of securities subject to each outstanding option grant, restricted stock award, restricted stock unit, performance unit, stock appreciation right, dividend equivalent right or other stock-based award and the issue price (if any) payable per share. Such adjustments will be designed to preclude any dilution or enlargement of benefits under the Amended and Restated 2006 Plan or the outstanding awards thereunder.

Change of control of Tucows. In the event of a change of control of Tucows (as defined under the Amended and Restated 2006 Plan), the plan administrator may take any one or more of the following actions with respect to all awards outstanding under the Amended and Restated 2006 Plan: (i) determine that outstanding awards will become fully vested on the date of the change of control or at such other time as the plan administrator determines; (ii) require participants to surrender outstanding options and stock appreciation rights in exchange for one or more payments by Tucows;

(iii) terminate any or all unexercised options and stock appreciation rights at such time as the plan administrator deems appropriate; (iv) with respect to participants holding awards other than options or stock appreciation rights, determine that such participants will receive one or more payments in settlement of such awards; (v) terminate all unvested awards and require the surrender of any unvested shares subject to those awards; or (vi) determine that awards that remain outstanding after the change of control shall be assumed by the successor corporation or otherwise continued in effect.

Any such acceleration, surrender, termination, settlement or assumption will take place as of the date of the change of control or such other date as the plan administrator may specify.

Withholding taxes. The plan administrator may provide a holder of awards with the right to have a portion of the shares otherwise issuable to such holder withheld in satisfaction of the withholding taxes to which they become subject in connection with the taxation of those awards. Alternatively, the plan administrator may, to the extent permitted by law, deduct the amount of any withholding tax liability from other wages paid to the holder by Tucows.

Shareholder rights and transferability. No optionee will have any shareholder rights with respect to his or her option shares until such optionee has exercised the option and paid the exercise price for the purchased shares. The holder of a stock appreciation right will not have any shareholder rights with respect to the shares subject to that right unless and until such holder exercises the right and becomes the holder of record of the shares of our common stock distributed upon such exercise, if any.

A participant will have full shareholder rights with respect to any shares of common stock issued to him or her under the Amended and Restated 2006 Plan, whether or not his or her interest in those shares is vested. A participant will not have any shareholder rights with respect to the shares of common stock subject to a restricted stock unit or other share right award until that unit or award vests and the shares of common stock are issued to such participant. However, dividend-equivalent rights may be paid or credited, either in cash or in shares of common stock, on outstanding restricted stock units or other share-right awards, subject to such terms and conditions as the plan administrator may deem appropriate.

Except as otherwise provided by the plan administrator, awards under the Amended and Restated 2006 Plan are not assignable or transferable other than by will or the laws of inheritance following the holder's death, and during the holder's lifetime, the award may only be exercised by the holder. Notwithstanding this, subject to applicable legislation, the plan administrator may provide, as part of the grant terms, that a participant may transfer nonqualified stock options to family members, or one or more trusts or other entities for the benefit of or owned by family members, provided the participant receives no consideration for the transfer of such options.

Valuation. For the purposes of the Amended and Restated 2006 Plan, "fair market value" means: (i) if our common stock is traded on a securities exchange, the last reported sale price of the shares of our common stock on such exchange or market determined by the plan administrator to be the primary market for our common stock, at the close of regular trading hours on the relevant date; (ii) if our common stock is not traded on any such exchange or market, the mean between the last reported "bid" and "asked" prices of our common stock at the close of regular trading hours on the relevant date, as reported on the American Stock Exchange or, if not so reported, as reported by the National Daily Quotation Bureau, Inc. or as reported in a customary financial reporting service, as applicable and as the plan administrator determines, or (iii) if our common stock is not publicly traded or, if publicly traded, is not subject to reported transactions or "bid" or "asked" quotations as set forth above, the fair market value shall be as determined by the plan administrator. On July 20, 2010, the fair market value per share of our common stock based on the last reported sale price of our common stock at the close of regular trading hours on such date on the NYSE Amex was \$0.59.

New Plan Benefits.		

No stock options or other awards have been made under the Amended and Restated 2006 Plan based on the share increase subject to approval under this proposal. Because grants are made by the plan administrator to those persons whom the plan administrator determines in its discretion should receive grants, the benefits and amounts that may be received in the future by persons eligible to participate in the Amended and Restated 2006 Plan are not determinable now, except for formula

grants described below. However, our non-employee directors will receive formula grants on the date of the Annual Meeting of the Shareholders as follows:

Summary of Federal Income Tax Consequences.

The following is a summary of the U.S. Federal income taxation treatment applicable to us and the participants who receive awards under the Amended and Restated 2006 Plan.

Option grants. Options granted under the Amended and Restated 2006 Plan may be either incentive stock options which satisfy the requirements of Section 422 of the Internal Revenue Code or non-statutory options which are not intended to meet such requirements. The Federal income tax treatment for the two types of options differs as follows:

Incentive options. No taxable income is recognized by the optionee at the time of the option grant, and no taxable income is recognized for regular tax purposes at the time the option is exercised, although taxable income may arise at that time for alternative minimum tax purposes. The optionee

will recognize taxable income in the year in which the purchased shares are sold or otherwise made the subject of certain other dispositions. For Federal tax purposes, dispositions are divided into two categories: (i) qualifying and (ii) disqualifying. A qualifying disposition occurs if the sale or other disposition is made more than two (2) years after the date the option for the shares involved in such sale or disposition is granted and more than one (1) year after the date the option is exercised for those shares. If the sale or disposition occurs before these two periods are satisfied, then a disqualifying disposition will result.

Upon a qualifying disposition, the optionee will recognize long-term capital gain in an amount equal to the excess of (i) the amount realized upon the sale or other disposition of the purchased shares over (ii) the exercise price paid for the shares. If there is a disqualifying disposition of the shares, then the excess of (i) the fair market value of those shares on the exercise date or (if less) the amount realized upon such sale or disposition over (ii) the exercise price paid for the shares will be taxable as ordinary income to the optionee. Any additional gain recognized upon the disposition will be a capital gain.

If the optionee makes a disqualifying disposition of the purchased shares, then we will be entitled to an income tax deduction, for the taxable year in which such disposition occurs, equal to the amount of ordinary income recognized by the optionee as a result of the disposition. We will not be entitled to any income tax deduction if the optionee makes a qualifying disposition of the shares.

Non-statutory options. No taxable income is recognized by an optionee upon the grant of a non-statutory option. The optionee will in general recognize ordinary income, in the year in which the option is exercised, equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares, and we will be required to collect the withholding taxes applicable to such income from the optionee.

If the shares acquired upon exercise of the non-statutory option are unvested and subject to repurchase by us in the event of the optionee's termination of service prior to vesting in those shares, then the optionee will not recognize any taxable income at the time of exercise but will have to report as ordinary income, as and when our repurchase right lapses, an amount equal to the excess of (i) the fair market value of the shares on the date the repurchase right lapses over (ii) the exercise price paid for the shares. The optionee may, however, elect under Section 83(b) of the Internal Revenue Code to include as ordinary income in the year of exercise of the option an amount equal to the excess of (i) the fair market value of the purchased shares on the exercise date over (ii) the exercise price paid for such shares. If the Section 83(b) election is made, the optionee will not recognize any additional income as and when the repurchase right lapses. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the optionee with respect to the exercised non-statutory option. The deduction will in general be allowed for our taxable year in which such ordinary income is recognized by the optionee.

Stock appreciation rights. No taxable income is recognized upon receipt of a stock appreciation right. The holder will recognize ordinary income in the year in which the stock appreciation right is exercised, in an amount equal to the excess of the fair market value of the underlying shares of common stock on the exercise date over the base price in effect for the exercised right, and we will be required to collect the withholding taxes applicable to such income from the holder. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder in connection with the exercise of the stock appreciation right. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

Stock awards. The tax principles applicable to stock awards under the Amended and Restated 2006 Plan will be substantially the same as those summarized above for the exercise of non-statutory option grants.

Restricted stock units. No taxable income is recognized upon receipt of a restricted stock unit. The holder will recognize ordinary income in the year in which a payment with respect to the unit, in shares or cash, is made to the holder. The amount of that income will be equal to the amount of the cash payment or the fair market value of any shares issued on the date of issuance, and we will be required to collect the withholding taxes applicable to such income from the holder. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

Performance units, dividend equivalent rights and other stock-based awards. No taxable income is recognized upon receipt of a performance unit, dividend equivalent right or other stock-based award. The holder will recognize ordinary income in the year in which a payment with respect to that award is made to the holder. The amount of that income will be equal to the amount of the cash payment or the fair market value of any shares issued on the date of issuance, and we will be required to collect the withholding taxes applicable to such income from the holder. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder at the time of the payment. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

Deductibility of executive compensation. We anticipate that any compensation deemed paid by us in connection with the disqualifying disposition of incentive stock option shares or the exercise of non-statutory options or stock appreciation rights will qualify as performance-based compensation for purposes of Internal Revenue Code Section 162(m) and will not have to be taken into account for purposes of the \$1 million limitation per covered individual on the deductibility of the compensation paid to certain of our executive officers. Accordingly, the compensation deemed paid with respect to options and stock appreciation rights granted under the Amended and Restated 2006 Plan will remain deductible by us without limitation under Section 162(m). However, any compensation deemed paid by us in connection with shares issued pursuant to other awards under the Amended and Restated 2006 Plan will be subject to the \$1 million limitation.

Accounting Treatment.

Pursuant to the accounting standards established under the FASB Accounting Standards Codification Topic 718, we will be required to expense all share-based payments, including grants of stock options, stock appreciation rights, restricted stock units and all other awards under the Amended and Restated 2006 Plan. Accordingly, stock options and stock appreciation rights that are granted to our employees and non-employee Board members will have to be valued at fair value as of the grant date under an appropriate valuation formula, and that value will then have to be charged as a direct compensation expense against our reported earnings over the designated vesting period of the award. For shares issuable upon the vesting of restricted stock units awarded under the Amended and Restated 2006 Plan, we will be required to amortize over the vesting period a compensation cost equal to the fair market value of the underlying shares on the date of the award. If any other shares are unvested at the time of their direct issuance, then the fair market value of those shares at that time will be charged to our reported earnings ratably over the vesting period. Such accounting treatment for restricted stock units and direct stock issuances will be applicable whether vesting is tied to service periods or performance goals. The issuance of a fully-vested stock bonus will result in an immediate charge to our earnings equal to the fair market value of the bonus shares on the issuance date.

For performance units awarded under the Amended and Restated 2006 Plan and payable in stock, we will be required to amortize, over the applicable performance period and any subsequent service vesting period, a compensation cost equal to the fair market value of the underlying shares on the date of the award. For performance units awarded under the Amended and Restated 2006 Plan and payable in cash, we will amortize the potential cash expense over the applicable performance period and any subsequent service vesting period. Dividends or dividend equivalents paid on the portion of an award

that vests will be charged against our retained earnings. However, if the award holder is not required to return the dividends or dividend equivalents if they forfeit their awards, such dividends or dividend equivalents paid on instruments that do not vest will be recognized by us as additional compensation cost.

The compensation expense accruable for performance-based awards under the Amended and Restated 2006 Plan will, in general, be subject to adjustment to reflect the actual outcome of the applicable performance goals, and any expenses accrued for such performance-based awards will be reversed if the performance goals are not met, unless those performance goals are deemed to constitute market conditions (i.e., because they are tied to the price of our common stock) under FASB Accounting Standards Codification Topic 718.

Required Vote and Board Recommendation.

The affirmative vote of the holders of a majority of the shares present, in person or represented by proxy, and actually cast on Proposal No. 2 is required for approval of the Amended and Restated 2006 Plan, provided that such affirmative vote also represents at least majority of the voting power required to constitute a quorum at the annual meeting, is required for approval of the Amended and Restated 2006 Plan. Should such approval not be obtained, then the share reserve will not be increased and the Amended and Restated 2006 Plan term will not be extended, however the formula grants to directors and committee members described above shall be automatically issued under the existing terms of the 2006 Plan and discretionary awards will continue to be granted from the remaining share reserve until the expiration of the 2006 Plan on November 21, 2010.

Recommendation of the Board of Directors.

The Board believes that Proposal No. 2 is in our best interests and in the best interests of our shareholders and recommends a vote FOR the adoption of the Amendment and Restatement of the 2006 Equity Compensation Plan.

AUDIT COMMITTEE REPORT

The audit committee operates pursuant to a formal written charter that was most recently reviewed, approved and adopted by the audit committee in August 2009.

In accordance with that charter and the independence criteria prescribed by applicable law and the rules and regulations of the SEC for audit committee membership, each of the members of the audit committee is an independent director and meets the NYSE Amex's financial sophistication requirements. Mr. Schwartz has been designated by our board of directors as an "audit committee financial expert" pursuant to Item 407(d)(v) of Regulation S-K.

The purposes of the audit committee are described on page 9 of this proxy statement under the caption "Corporate Governance Committees" and in the charter of the audit committee. In particular, it is the audit committee's duty to review the accounting and financial reporting processes of the company on behalf of the board. In fulfilling our responsibilities, the audit committee has reviewed and discussed the audited consolidated financial statements to be contained in our annual report on Form 10-K for the fiscal year ended December 31, 2009, as amended, with our management and also with KPMG LLP, our independent auditors. Management is responsible for the financial statements and the reporting process, including the system of internal controls, and has represented to the audit committee that such financial statements were prepared in accordance with generally accepted accounting principles. The independent auditors are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States.

The audit committee has also discussed with KPMG LLP the matters that are required to be discussed by the auditors with the audit committee under Statement on Auditing Standards No. 61 (*Codification of Statements on Auditing Standards, AU § 380*), as may be modified or supplemented. Furthermore, the audit committee discussed with KPMG LLP their independence from management and the company and KPMG LLP provided the audit committee with the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence.

Based on the reviews and discussions referred to above, the audit committee has recommended to our board of directors that our audited consolidated financial statements be included in our annual report on Form 10-K for the fiscal year ended December 31, 2009 as filed with the SEC.

In performing all of these functions, the audit committee acts in an oversight capacity. The audit committee reviews our earnings releases before issuance and the annual report on Form 10-K, as amended, prior to filing with the SEC. In its oversight role, the audit committee relies on the work and assurances of our management, which has the primary responsibility for financial statements and reports, and of the independent auditors, who, in their report, express an opinion on the conformity of our annual financial statements to accounting principles generally accepted in the United States.

Under this policy, the audit committee pre-approves all audit and certain permissible accounting and non-audit services performed by the independent auditors. These permissible services are set forth on an attachment to the policy that is updated at least annually and may include audit services, audit-related services, tax services and other services. For audit services, the independent auditor provides the audit committee with an audit plan including proposed fees in advance of the annual audit. The audit committee approves the plan and fees for the audit.

With respect to non-audit and accounting services of our independent auditors that are not pre-approved under the policy, the employee making the request must submit the request to our chief financial officer. The request must include a description of the services, the estimated fee, a statement that the services are not prohibited services under the policy and the reason why the employee is requesting our independent auditors to perform the services. If the aggregate fees for such services are estimated to be less than or equal to \$25,000, our chief financial officer will submit the request to the chairman of the audit committee for consideration and approval, and the engagement may commence

If the aggregate fees for such services are estimated to be greater than \$25,000, our chief financial officer will submit the request to the full audit committee for consideration and approval, generally at its next meeting or special meeting called for the purpose of approving such services.
