PROXY STATEMENT

The Board of Directors (the "Board") of NRG Energy, Inc. ("NRG" or the "Company") is soliciting proxies for the Annual Meeting of Stockholders (the "Annual Meeting"). You are receiving a Proxy Statement because you own shares of NRG's Common Stock, par value \$.01 per share (the "Common Stock" or "Common Shares") that entitle you to vote at the meeting. By use of a proxy, you can vote whether or not you attend the meeting. The Proxy Statement describes the matters we would like you to vote on and provides information on those matters.

Purpose of the Annual Meeting

The purpose of the Annual Meeting is to: (i) elect directors, (ii) ratify the appointment of KPMG LLP as NRG's independent registered public accounting firm, (iii) hold an advisory vote on executive compensation (the "say on pay vote"), (iv) hold an advisory vote on the frequency of the say on pay vote, and (v) conduct such other business as may properly come before the Annual Meeting. Other than the proposals described in this Proxy Statement, the Board is not aware of any other matters to be presented for a vote at the Annual Meeting. If you grant a proxy, either of the persons named as proxy holders David Crane and Tanuja M. Dehne will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting.

Annual Meeting Admission

Stockholders of NRG may attend the Annual Meeting. However, only stockholders who owned Common Stock at the close of business on March 1, 2011, the record date, or their duly appointed proxies, are entitled to vote at the meeting. Proof of ownership of NRG stock, along with personal identification (such as a driver's license or passport), must be presented in order to be admitted to the Annual Meeting. If your shares are held in the name of a bank, broker or other holder of record and you plan to attend the Annual Meeting in person, you must bring a brokerage statement, the proxy card mailed to you by your bank or broker or other proof of ownership (or the equivalent proof of ownership as of the close of business on the record date of the stockholder who granted you the proxy) with you to the Annual Meeting. Registration will begin at 3:00 p.m., Central Time. Please allow ample time for check-in.

No cameras, recording equipment, electronic devices, large bags, briefcases, or packages will be permitted in the Annual Meeting.

Quorum

A quorum is the minimum number of shares required to hold a meeting. Under NRG's Bylaws, to have a quorum, a majority of the outstanding shares of stock entitled to vote at a meeting must be represented in person or by proxy at the meeting. Both abstentions and broker nonvotes, if any, are counted as present for determining the presence of a quorum. Generally, broker nonvotes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (a) the broker has not received voting instructions from the beneficial owner, and (b) the broker lacks discretionary voting power to vote such shares. Brokers who do not receive instructions are entitled to vote on the ratification of the appointment of the independent auditors (Proposal 2), but not on the election of directors, the say on pay vote, or the advisory vote on the frequency of the say on pay vote.

Stockholders Entitled to Vote

Only stockholders of record at the close of business on March 1, 2011, are entitled to vote at the Annual Meeting. As of the record date, 247,304,807 shares of Common Stock were issued and outstanding. Each holder of NRG Common Stock is entitled to one vote per share.

Table of Contents

Many NRG stockholders hold their shares through a stockbroker, bank, trustee, or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially:

Stockholder of Record If your shares are registered directly in your name with NRG's transfer agent, The Bank of New York Mellon, you are considered the stockholder of record of those shares. As the stockholder of record, you have the right to vote by mail as described in "Voting Methods" below.

Beneficial Owner If your shares are held in a stock brokerage account, or by a bank, trustee, or other nominee, you are considered the beneficial owner of shares held in street name. As the beneficial owner, you have the right to direct your broker, trustee or nominee on how to vote and are also invited to attend the meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the meeting. Your broker, trustee, or nominee is obligated to provide you with a voting instruction card for you to use. Please note that the rules that determine how your broker can vote your shares changed last year. Please see "Required Vote" below.

Required Vote

Election of Directors The nominees for election as directors at the Annual Meeting will be elected by a majority of the votes cast at the Annual Meeting at which a quorum is present. A majority of the votes cast means that the number of shares voted "FOR" a director must exceed the number of votes cast "AGAINST" that director. Abstentions will not be considered votes properly cast and therefore will not have any effect on the election of directors. If you are a beneficial owner of shares held in street name, brokers are no longer entitled to vote on the election of directors in the absence of your specific instructions as to how to vote. You must provide your broker with voting instructions so that your vote will be counted. Broker non-votes will have no effect on the outcome of the vote on this proposal.

In a contested election, each nominee for election as director at the Annual Meeting will be elected by the vote of a plurality of the shares represented in person or by proxy at the Annual Meeting and entitled to vote on the election of directors. This means that the director nominees who receive the most votes will be elected to fill the available seats on your Board. Votes withheld from a director nominee will have no effect on the election of the director from whom votes are withheld. Broker non-votes will have no effect on the outcome of the vote on this proposal.

Approval of the Ratification of the Appointment of the Independent Auditors Under applicable law, this proposal requires the affirmative "FOR" vote of a majority of those shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal. Abstentions will be counted toward the tabulation of votes cast on this proposal and will have the same effect as a vote against this proposal. Broker non-votes, if any, will have no effect on the outcome of the vote on this proposal.

Advisory Vote on Executive Compensation Under applicable law, this proposal requires the affirmative "FOR" vote of a majority of those shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal. Abstentions will be counted toward the tabulation of votes cast on this proposal and will have the same effect as a vote against this proposal. If you are a beneficial owner of shares held in street name, brokers are not entitled to vote on the matters related to executive compensation, including this say on pay vote, in the absence of your specific instructions as to how to vote. You must provide your broker with voting instructions so that your vote will be counted. Broker non-votes will have no effect on the outcome of the vote on this proposal. This vote is advisory and therefore is not binding on the Company. However, the Board and the Compensation Committee value the opinions of shareholders and to the extent there is a significant

Table of Contents

number of votes against the named executive officer compensation as disclosed in this Proxy Statement, shareholders' concerns will be considered and the Board and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Advisory Vote on the Frequency of the Advisory Vote on Executive Compensation Under applicable law, this proposal requires the affirmative vote of a majority of those shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal for one of the frequency options (one, two or three years). Abstentions will be counted toward the tabulation of votes cast on this proposal but will not count as an affirmative vote for any of the frequency options. If none of the frequency options receive the affirmative vote of a majority of those shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal, the frequency option that receives the highest number of votes cast will be considered to be the frequency selected by the shareholders. If you are a beneficial owner of shares held in street name, brokers are not entitled to vote on the matters related to executive compensation, including this advisory vote on the frequency of the say on pay vote, in the absence of your specific instructions as to how to vote. You must provide your broker with voting instructions so that your vote will be counted. Broker non-votes will have no effect on the outcome of the vote on this proposal. Although this vote is advisory and therefore not binding on the Company, the Board and the Compensation Committee value the opinions of the shareholders and will consider the outcome of this advisory vote.

Voting Methods

In addition to delivering printed versions of this Proxy Statement and proxy card to certain stockholders by mail, the Proxy Statement and proxy card are available on the Internet. Pursuant to the Securities and Exchange Commission ("SEC") rules, NRG has furnished the Company's proxy materials over the Internet to the Company's stockholders and delivered a Notice of Internet Availability of Proxy Materials ("Notice") in the mail to certain beneficial stockholders. You have the ability to access the proxy materials, including the Company's Proxy Statement and annual report, at the website provided on the Notice or to request a printed or email set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to receive a printed set may be found in the Notice. Stockholders who receive a printed set of proxy materials will not receive the Notice, but may still access the Company's proxy materials over the Internet at

http://www.edocumentview.com/NRG_MTG.

If you hold shares directly as the stockholder of record, you may vote by granting a proxy or, if you hold shares beneficially in street name, by submitting voting instructions to your broker, trustee, or nominee. Beneficial owners will be able to do this over the Internet, by telephone or, if you have received or requested a paper copy of the proxy materials, by mail. Please refer to the summary instructions below and those included on your proxy card or, for shares held in street name, the voting instruction card included by your broker, trustee, or nominee.

* *Vote By Internet:* If you have Internet access and hold shares beneficially in street name, you may submit your proxy from any location in the world 24 hours a day, 7 days a week, up until 11:59 P.M. Eastern Time on April 25, 2011 by visiting the website provided on the Notice or voting instruction card. Have your Notice or voting instruction card in hand when you access the website. If you vote by using the Internet, you do not need to return your proxy card or voting instruction card.

* *Vote By Telephone:* If you live in the United States and hold shares beneficially in street name, you may use any touch-tone telephone to vote your proxy toll-free 24 hours a day, 7 days a week up until 11:59 P.M. Eastern Time on April 25, 2011. The telephone number is printed on your Notice or

Table of Contents

voting instruction card, which you should have in hand when you call. If you vote by telephone, you do not need to return your proxy card or voting instruction card.

* *Vote By Mail:* If you received or requested a paper copy of the materials, you may submit your proxy by signing your proxy card or, for shares held in street name, the voting instruction card included by your broker, trustee, or nominee, and mailing it in the enclosed, postage-paid, addressed envelope. If you provide specific voting instructions, your shares will be voted as you instruct. If you sign, but do not provide instructions, your shares will be voted as the Board recommends. Mark, sign, and date your proxy card and return it in the postage-paid envelope provided as soon as possible so that it is received by April 26, 2011, the Annual Meeting date.

All shares that have been properly voted and not revoked will be voted at the Annual Meeting.

Changing Your Vote

You may change your proxy instructions or revoke your proxy at any time prior to the vote at the Annual Meeting. For shares held directly in your name, you may accomplish this by: (i) delivering a written notice of revocation bearing a later date than the proxy being revoked, (ii) duly executing and delivering a later dated written proxy relating to the same shares, or (iii) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). For shares held beneficially by you, you may change your vote by submitting new voting instructions to your broker, trustee, or nominee.

Counting the Vote

For Proposals 1, 2 and 3, you may vote "FOR," "AGAINST," or "ABSTAIN." For Proposal 4, you may vote "ONE YEAR," "TWO YEARS," "THREE YEARS" or "ABSTAIN". For the election of directors (Proposal 1), abstentions will not be considered votes properly cast and therefore will not have any effect on the election of directors. For Proposals 2 and 3, abstentions have the same effect as a vote "AGAINST." For Proposal 4, abstentions will be counted toward the tabulation of votes cast but will not count as an affirmative vote for any of the frequency options. If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board.

List of Stockholders

The names of stockholders of record entitled to vote at the Annual Meeting will be available at the Annual Meeting and for 10 days prior to the meeting for any purpose germane to the meeting, between the hours of 8:45 a.m. and 4:30 p.m. (Eastern Time), at our principal executive offices at 211 Carnegie Center, Princeton, New Jersey 08540, by contacting the Corporate Secretary.

Cost of Proxy Solicitation

NRG will pay for the cost of preparing, assembling, printing, mailing and distributing these proxy materials. You will need to obtain your own Internet access if you choose to access the proxy materials and/or vote over the Internet. In addition to mailing these proxy materials, the solicitation of proxies or votes may be made in person, by telephone, or by electronic communication by the Company's directors, officers and employees, who do not receive any additional compensation for these solicitation activities. The Company has retained Georgeson Inc. to assist it in soliciting your proxy for an estimated fee of \$20,000, plus reasonable out-of-pocket expenses. The Company will also reimburse brokerage houses and other custodians, nominees, and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and other solicitation materials to beneficial owners of stock. Representatives of Georgeson Inc. will tabulate the votes and act as the inspectors of election.

GOVERNANCE OF THE COMPANY

Corporate Governance Guidelines and Charters

The Board has adopted Corporate Governance Guidelines (the "Guidelines") that, along with the Amended and Restated Certificate of Incorporation, the Bylaws and the charters of the Board Committees, provide the framework for the governance of the Company. The Board's Governance and Nominating Committee is responsible for periodically reviewing the Guidelines and recommending any proposed changes to the Board for approval. The Guidelines are available on the Company's website at <http://www.nrgenergy.com/investor/corpgov.htm>, along with the charters of all the Committees of the Board and the Code of Conduct. The Guidelines, the charters of all of the Company's Board Committees and the Code of Conduct are available in print to any stockholder who requests them.

Director Independence

The Board is made up of a majority of independent directors. An "independent" director is a director who meets the criteria for independence as required by the applicable law and the New York Stock Exchange ("NYSE") listing standards and is affirmatively determined to be "independent" by the Board. The Board has determined that each of the current directors is independent under the listing standards of the NYSE, with the exception of David Crane, President and Chief Executive Officer, Gerald Luterman, during his service as Interim Chief Financial Officer, which ended on May 10, 2010, and Paul Hobby, whose sister-in-law is a current partner at KPMG LLP, the Company's independent registered public accounting firm. Thomas Weidemeyer serves as a director of Waste Management, Inc., a service provider to the Company in the ordinary course of business, and a Reliant Energy electricity customer. Kirbyjon Caldwell serves as a director of Continental Airlines and Stephen Cropper serves as a director of Sunoco Logistics Partners L.P., both companies of which are also Reliant Energy electricity customers. Kathleen McGinty serves as Senior Vice President and Managing Director of Weston Solutions, Inc., which provided approximately \$68,000 of services for toxicity and water testing in the Company's West Region. The Board has evaluated the business relationships between the Company and each of these companies and has concluded that each business relationship is immaterial and does not interfere with Mr. Weidemeyer's, Mr. Caldwell's, Mr. Cropper's or Ms. McGinty's exercise of independent judgment on the Board. Each of the Audit, Compensation, and Governance and Nominating Committees is made up solely of independent directors. In accordance with the Company's Guidelines (available on the Company's website) and NYSE listing standards, all members of the Audit Committee meet additional independence standards applicable to audit committee members.

Board Structure

The Board is set at 14 directors. The Board is divided into three classes serving staggered three-year terms. Classes I and II each has five members while Class III has four members.

During 2010, the Board held five regularly scheduled meetings and five special meetings. During 2010, no director attended less than 75% of the total of the Board meetings and the meetings of the committees on which he or she served. In calendar year 2011, the Board has held one meeting through March 1, 2011.

The Company's Guidelines provide that nonmanagement directors meet in executive session regularly following Board meetings. The Company's nonexecutive Chairman, Howard Cosgrove, presides at these sessions. Also, pursuant to the Company's Bylaws, Mr. Cosgrove has been designated as an "alternate member" of all Committees to replace any absent or disqualified members of a Committee.

Directors are encouraged to attend the Annual Meetings of Stockholders. All of the directors attended the 2010 Annual Meeting of Stockholders.

Table of Contents

Governance Practices

The Board takes a proactive approach in applying leading governance practices, which is evidenced by the Board's recommendation, and our stockholders' subsequent approval, of the majority voting standard for the election of directors at the 2009 Annual Meeting of Stockholders. Furthermore, as described in the Guidelines, the Board follows a series of governance practices that they believe foster effective Board oversight and accountability to the Company's stockholders. These practices include:

Executive and director stock ownership guidelines to align interests with our stockholders;

Ongoing succession planning for the Chief Executive Officer and other senior management;

Annual performance evaluations of the Board and each of its standing Committees, as well as periodic peer review for individual directors;

Robust director orientation and continuing education program, including Company site visits and information sessions with Company management at relevant sites, such as plants, commercial operations trading floors and Reliant call centers; and

Access to and engagement of outside advisors and consultants to assist in their performance of their duties, as appropriate.

Board Leadership

Since the Company's emergence from bankruptcy in December 2003, the Company's governance structure has been led by a separate Chief Executive Officer and Chairman of the Board ("Chairman"). Irrespective of the Company's current practice, the Board believes that effective board leadership structure can be highly dependent on the experience, skills and personal interaction between persons in leadership roles. As stated in the Company's Guidelines, the Board believes that it is in the best interest of the Company for the Board to make a determination regarding whether or not to separate the roles of Chairman and Chief Executive Officer based upon the present circumstances.

Currently, the Chief Executive Officer, Mr. Crane, and the Chairman, Mr. Cosgrove, work closely together in complementary roles. Mr. Crane focuses on the day-to-day developments of the Company and establishes the Company's various growth initiatives and strategic plan. Mr. Cosgrove leads the Board's responsibilities of review, approval and monitoring of fundamental financial and business strategies and major corporate actions, assessment of major risks facing the Company and management, oversight of succession planning, most notably at the Chief Executive Officer level and presides over the Board and its committees as they perform their broad and varied oversight functions. The Board believes that these complementary roles provide the appropriate governance structure for the Company at this time.

Risk Oversight

While the Company's management is responsible for the day-to-day management of the risks that the Company faces, the Board, as a whole and through its Committees, has responsibility for overall risk oversight of the Company. A fundamental aspect of risk oversight includes not only understanding the material risks to the business and what steps management is taking or should be taking to manage those risks, but also understanding and determining the appropriate risk appetite for the Company. The Board's role in reviewing and approving matters such as the Company's annual business plan, budget and long-term plan, strategic initiatives, individual development projects, acquisitions and divestitures, and capital allocation plan, represents the primary means by which the Board defines for management what constitutes an appropriate level of risk for the Company.

The Board performs its risk oversight function in several ways. The Board monitors, reviews and reacts to strategic and corporate risks through reports by management, including the Enterprise Risk

Table of Contents

Management team, and through Committees of the Board. The Board does not have a separate risk committee, but instead believes that the entire Board is responsible for overseeing the Company's risk management with the assistance of management and the Board Committees. The Chairs of each of the Board's Committees regularly report to the Board on all matters reviewed by their respective Committees, thereby providing the full Board with the opportunity to identify and discuss any risk related issues or request additional information from management or the Committees that may assist the Board in its risk oversight role. To this end, risk-related issues presented to the Finance, Nuclear Oversight and Governance and Nominating Committees are routinely presented to the full Board to ensure proper oversight and, with respect to the Finance Committee in particular, matters are previewed by the full Board prior to delegation to the Finance Committee.

With the full Board providing the top level of risk oversight, the Audit, Commercial Operations Oversight, and Compensation Committees have a more specific risk oversight role for matters that fall under their purview. The Audit Committee focuses on financial risks, including reviewing the effectiveness of our internal controls, conducting a detailed review of the financial portions of the Company's SEC reports, approving the independent auditor and the annual audit plan, and receiving periodic reports from the Company's independent auditor, the Company's internal auditor and the Company's corporate compliance officer. The Commercial Operations Oversight Committee (the "COOC") provides risk oversight with respect to the Company's trading of fuel, transportation, energy and related products and services, regulatory compliance, and its management of the risks associated with such activities. The Company's Financial Risk Management Committee, a Committee comprised of senior management and key personnel in and around the commercial operations function, reports to the COOC and Audit Committee on a regular basis.

The Compensation Committee monitors the risks related to our compensation policies and practices, with input from management and the Compensation Committee's independent outside compensation consultant, Frederic W. Cook & Co., Inc. The Compensation Committee has reviewed the Company's compensation policies and practices to determine whether they subject the Company to unnecessary risk or could potentially motivate employees to take excessive risk. To assist the Compensation Committee in its assessment, the Company's Enterprise Risk Management team conducted a review of the compensation policies and practices and reported to the Compensation Committee their findings as follows:

the base salaries are a sufficient component of total compensation to discourage risk taking;

the earnings goals under the Company's Annual Incentive Plan ("AIP") are based upon its audited financial statements and the Company believes are attainable without the need to take inappropriate risks or make material changes to the Company's business or strategy;

the fact that named executive officers who receive payment under the AIP may be required to reimburse the Company for all or a portion of the payment (commonly referred to as a clawback) if the Company is required to prepare an accounting restatement because it is in material noncompliance with any financial reporting requirements, discourages risk taking;

awards under the Amended and Restated Long-Term Incentive Plan (the "LTIP") are typically based upon total stockholder return and return on equity over three-year periods, which mitigates against the taking of short-term risks;

because incentive compensation has a large stock component to it, the value is best realized through long-term appreciation of stockholder value, especially when coupled with the stock ownership guidelines, which expose the Company's named executive officers to the loss of the value of the retained equity if stock appreciation is jeopardized; and

the use of incentive compensation components that are paid or vest over an extended period also mitigates against unnecessary or excessive risk taking.

Table of Contents

As a result of the review, management and the Compensation Committee have concluded that the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

The Governance and Nominating Committee is responsible for identifying individuals that the Committee believes are qualified to become Board members in accordance with criteria set forth in the Company's Guidelines. These criteria include an individual's business experience and skills, independence, judgment, integrity, and ability to commit sufficient time and attention to the activities of the Board. The Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all Board members. While the Company does not have a formal diversity policy, the Guidelines, since their adoption in 2004, provide that the Committee will consider these criteria in the context of the perceived needs of the Board as a whole and seek to achieve a diversity of backgrounds and perspectives on the Board. The composition of the current Board reflects diversity in business and professional experience, skills, gender and race.

The Governance and Nominating Committee's process for identifying and evaluating director nominees also includes consultation with all directors, solicitation of proposed nominees from all directors, the engagement of one or more professional search firms, if deemed appropriate, interviews with prospective nominees by the Committee (and other directors, if deemed appropriate) and recommendations regarding qualified candidates to the full Board.

The Governance and Nominating Committee will consider nominations by stockholders who recommend candidates for election to the Board. A stockholder seeking to recommend a prospective candidate for the Committee's consideration may do so by writing to the Corporate Secretary, NRG Energy, Inc., 211 Carnegie Center, Princeton, New Jersey 08540. Recommendations submitted for consideration by the Committee in preparation for the 2012 Annual Meeting of Stockholders must be received no later than the close of business on November 15, 2011, which is the 120th day prior to the first anniversary of the date on which this Proxy Statement was first released to our stockholders in connection with the 2011 Annual Meeting. If we change the date of the 2012 Annual Meeting of Stockholders by more than 30 days from the anniversary of this year's annual meeting, recommendations of director candidates must be received a reasonable time before we begin to print and mail the proxy materials for the 2012 Annual Meeting. The Governance and Nominating Committee will follow the process described above in considering nominees proposed by stockholders in accordance with the foregoing requirements.

The Policy operates in conjunction with NRG's Code of Conduct and is applicable to all transactions, arrangements or relationships in which: (a) the aggregate amount involved will or may be expected to exceed \$50,000 in any calendar year; (b) the Company is a participant; and (c) any Related Person (as that term is defined in Item 404 under Regulation S-K of the Securities Act of 1933, as amended) has or will have a direct or indirect interest (a "Related Person Transaction").

A Related Person Transaction is subject to review and approval or ratification by the Governance and Nominating Committee. If the aggregate amount involved is expected to be less than \$500,000, the transaction may be approved or ratified by the Chair of the Committee. As part of its review of each Related Person Transaction, the Governance and Nominating Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than the terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the Related Person's interest in the transaction. Transactions involving ongoing relationships with a Related Person will be reviewed and assessed at least annually by the Committee to ensure that such Related Person Transactions remain appropriate and in compliance with the Committee's guidelines. PROPOSAL NO. 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Under Section 14A of the Securities Exchange Act of 1934, the shareholders of NRG are entitled to vote at this year's annual meeting to approve the compensation of the Company's named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K.

As described more fully in the Compensation Discussion and Analysis (the "CD&A") section of this Proxy Statement, NRG's executive compensation program is designed to attract, retain and reward top executive talent. The program in 2010 sought to align executive compensation with shareholder value on an annual and long-term basis through a combination of base salary, annual incentives, long-term incentives, benefits, discretionary payments and severance and change-in-control benefits.

Below is a summary of the primary components of our executive compensation program for 2010, which is more fully discussed in the CD&A on pages 37-49.

Fiscal 2010 Total Direct Annual Compensation

Annual Compensation Component	Key Features	Purpose	Fiscal 2010 Actions
Base Salary (further discussion on page 39)	Fixed annual cash amount Base pay increases considered annually based on merit and to align with market competitiveness (as described on page 39 of the CD&A)	To provide a competitive fixed amount of cash compensation to attract and retain highly qualified executives	NEOs received merit-based increases in base salary
Annual Incentive Plan (Cash Incentive Award) (further discussion on pages 40-46)	Committee determines funding level of AIP award pool, by evaluating Company performance against pre-established, short-term financial goals (Consolidated Adjusted EBITDA and Consolidated Adjusted Free Cash Flow) Individual performance evaluated against key business priorities and performance of respective business units. Annual incentives awarded as a percentage of base salary	To motivate and reward achieving or exceeding company, organization and individual performance goals, reinforcing pay-for-performance To focus the entire organization on key business objectives and motivate the executive officers to lead their organizations to achieve short-term financial goals	The Company's performance exceeded the target metric Individual performance metrics resulted in an average of 93% performance goals being met across all NEOs

Fiscal 2010 Total Direct Annual Compensation

Annual Compensation Component	Key Features	Purpose	Fiscal 2010 Actions
Long-Term Incentive Compensation (further discussion on pages 46-48)	Award a mix of NQSOs (33%), PUs (34%) and RSUs (33%) based on percentage of base salary	To provide a balanced distribution of equity awards that strengthen the alignment with shareholder interests and promote the Company's growth strategies	Moved to a balanced blend of equity awards to reduce dilution while still maintaining a strong performance-based program
	NQSOs vest equally over three-year service period with a term of 10 years	NQSOs support the Company's growth strategy, provide a link between executives' compensation and stock price, and serve as a retention tool.	New grants of NQSOs have a ten-year term, instead of a six-year term, to be more in line with competitive practice
	PUs vest after three years of service assuming a threshold stock price is achieved	Importantly, stock options will not provide any value to participants unless the stock price moves above the price on the date of grant, further linking our executive's compensation to the performance of our shareholder returns.	PUs granted on January 4, 2010 held a threshold price of \$31.97 per share, a target price of \$34.69 per share, and a maximum price of \$40.57 per share
	RSUs vest after three years of service	PUs support long-term goals and significant increases in shareholder value over a three-year time horizon	
Other Features (further discussion on pages 49-50)	Executive Stock Ownership Guidelines	To ensure executive management interests are aligned with shareholder interests	Added clawback provision to the Long-Term Incentive Plan
	Clawback provisions under the Annual Incentive Plan and Long-Term Incentive Plan	To prevent executive officers from receiving annual or long-term incentive awards where there has been an accounting restatement	Instituted a balanced equity mix under the Long-Term Incentive Plan to reduce dilution rates
	Maintain market prevailing dilution rates of less than 15%, as well as a three-year average run rate at or below 2%.	To balance both the interests of stockholders in controlling dilution and NRG's business need to attract, motivate, and retain the level of executive talent required to execute its business strategy	

Table of Contents

In the end, the intent of NRG's compensation program is to reward the achievement of the Company's annual goals and objectives while supporting the Company's long-term business strategy.

This proposal, commonly known as a "say on pay" proposal, gives shareholders the opportunity to express their views on NRG's named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the named executive officers as described in this Proxy Statement. Accordingly, the Board recommends that shareholders vote in favor of the following resolution:

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED."

The say on pay vote is advisory and therefore not binding on the Company, the Board or the Compensation Committee. However, the Board and the Compensation Committee value the opinions of the shareholders and to the extent there is a significant number of votes against the named executive officer compensation as disclosed in this Proxy Statement, shareholders' concerns will be considered and the Board and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

The Board recommends a vote "FOR" the approval of the compensation of the named executive officers as disclosed in this Proxy Statement. Proxies solicited by the Board will be voted "FOR" the approval of the compensation of the named executive officers unless a contrary vote is specified.

PROPOSAL NO. 4

ADVISORY VOTE ON THE FREQUENCY OF THE ADVISORY VOTE ON EXECUTIVE COMPENSATION

As described in Proposal No. 3, the Company's shareholders are being provided the opportunity to cast an advisory vote to approve the compensation of the Company's named executive officers, that is, the say on pay vote. Section 14A of the Securities Exchange Act of 1934 also affords shareholders the opportunity to cast an advisory vote on how often the Company should include the say on pay vote in its proxy materials for future annual shareholder meetings (or other meetings of shareholders at which directors will be elected). Under this Proposal No. 4, shareholders may vote to have the say on pay vote every year, two years, or three years, or abstain from the vote.

Although the vote is non-binding, the Board and the Compensation Committee value the opinions of the shareholders and will consider the outcome of the vote when determining the frequency of the say on pay vote.

The Board has determined that an annual say on pay vote is the best approach for the Company and its shareholders because the Board believes that a one-year frequency provides the highest level of accountability and communication by and between the Board and the shareholders. An annual say on pay vote enables shareholders to approve the compensation of the named executive officers with the most recent executive compensation information presented in the proxy statement for the annual meeting of stockholders. In addition, the Board recognizes the importance of receiving regular, direct input from shareholders on important issues such as the Company's compensation philosophy, policies and practices as disclosed in the proxy statement every year. An annual vote is consistent with Company policies of annually seeking input from, and engaging in discussions with, the shareholders on corporate governance matters and executive compensation philosophy, policies and practices.

For the reasons stated above, the Board recommends a vote for a "one year" frequency for the say on pay vote. Please note that shareholders are not voting to approve or disapprove the best approach determined by the Board with respect to this proposal noted above. Rather, shareholders may cast their vote on their preferred voting frequency by choosing the option of one year, two years, or three years, or abstain from the vote.

This proposal requires the affirmative vote of a majority of those shares present in person or represented by proxy and entitled to vote on this proposal. If none of the frequency options receive a majority vote, the option that receives the highest number of votes cast will be considered to be the frequency selected by shareholders. However, because this is only an advisory vote, the Board may decide that it is in the best interests of the shareholders and the Company to hold the say on pay vote more or less frequently than the option selected by the shareholders.

The Board recommends a vote for the frequency of "ONE YEAR" for the advisory vote on executive compensation beginning with the 2011 Annual Meeting of Stockholders. Proxies solicited by the Board will be voted for the frequency of "ONE YEAR" unless a contrary vote is specified.
