**Summary of 2015 Program for our Chief Executive Officer and
President and Chief Operating Officer**

Total compensation opportunities targeted at levels that are generally comparable to target total compensation levels for the average of the top two named executive officers of the Peer Group REITs (as defined below in the Compensation Discussion & Analysis under the heading "Process for Determining Compensation");

75% of ongoing long-term incentive allocated to Performance Share Units ("PSUs") and 25% to Restricted Stock Units ("RSUs");

PSUs earned based on rigorous performance hurdles and tiered payouts tied to the Company's three year TSR relative to the equity office REITs in the FTSE NAREIT Equity Office Index; and

One-time stock option grants to each executive of 200,000 time-vesting options with ratable vesting over three years and 200,000 performance-based options with vesting subject to the attainment of a \$25 stock price for thirty (30) consecutive trading days (or approximately a 44% increase from the share price at the time of grant).

2016 Program Updates

Adopted objective performance metrics for the determination of 2016 bonuses for the named executive officers;

Long-term incentive plan ("LTIP") awards for all executives, with the majority granted in the form of performance-based awards: 75% for the Chief Executive Officer, President and Chief Operating Officer and Chairman of Roseland, and 60% for other executives;

Performance-based LTIP awards granted under a new multi-year, performance-based outperformance plan (the "2016 OPP"), under which the full awards will only be earned if, over the three-year performance period, the Company achieves a fifty percent (50%) absolute TSR and if the Company is in the 75th percentile of performance versus the NAREIT Office Index. The Board of Directors designed the 2016 OPP to conform to the highest form of best compensation practices in the industry;

Time-Based LTIP awards cliff vest at the end of 3 years; and

Approved target 2016 total compensation packages for all executive officers at levels that are generally comparable to total annual compensation of executive officers performing similar functions at the Peer Group REITs (as defined below in the Compensation Discussion & Analysis under the heading "Process for Determining Compensation").

PROXY STATEMENT

General Information

This Proxy Statement is furnished to stockholders of Mack-Cali Realty Corporation, a Maryland corporation (the "Company"), in connection with the solicitation by the Board of Directors of the Company (the "Board of Directors") of proxies in the accompanying form for use in voting at the Annual Meeting of Stockholders of the Company (the "Annual Meeting") to be held on Wednesday, June 1, 2016 at the Hyatt Regency Jersey City on the Hudson, Harborside Financial Center, 2 Exchange Place, Jersey City, New Jersey 07302-3901, local time, at 2:00 p.m., and any adjournment or postponement thereof.

This Proxy Statement, the Notice of Annual Meeting of Stockholders and the accompanying proxy card are first being mailed to the Company's stockholders on or about May 2, 2016.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON JUNE 1, 2016.

This Proxy Statement, the Notice of Annual Meeting of Stockholders and Our Annual Report to Stockholders are available at http://www.mack-cali.com/investors/company_filings/

Solicitation and Voting Procedures

Solicitation. The solicitation of proxies will be conducted by mail, and the Company will bear all attendant costs. These costs will include the expense of preparing and mailing proxy materials for the Annual Meeting and reimbursements paid to brokerage firms and others for their expenses incurred in forwarding solicitation material regarding the Annual Meeting to beneficial owners of the Company's common stock, par value \$.01 per share (the "Common Stock"). The Company intends to use the services of MacKenzie Partners, Inc., 105 Madison Avenue, 14th Floor, New York, New York 10016, in soliciting proxies and, in such event, the Company expects to pay an amount not to exceed \$10,000, plus out-of-pocket expenses, for such services. The Company may conduct further solicitation personally, telephonically, electronically or by facsimile through its officers, directors and regular employees, none of whom would receive additional compensation for assisting with the solicitation.

Householding of Proxy Materials. In accordance with a notice sent previously to beneficial owners holding shares in street name (for example, through a bank, broker or other holder of record) who share a single address with other similar holders, only one Annual Report and Proxy Statement is being sent to that address unless contrary instructions were received from any stockholder at that address. This practice, known as "householding," is designed to reduce printing and postage costs. Any of such beneficial owners may discontinue householding by writing to the address or calling the telephone number provided for such purpose by their holder of record. Any such stockholder may also request prompt delivery of a copy of the Annual Report or Proxy Statement by contacting the Company at (732) 590-1000 or by writing to Gary T. Wagner, Chief Legal Officer and Secretary, Mack-Cali Realty Corporation, 343 Thornall Street, Edison, New Jersey 08837-2206. Other beneficial owners holding shares in street name may be able to initiate householding if their holder of record has chosen to offer such service, by following the instructions provided by the record holder.

Edgar Filing: MACK CALI REALTY CORP - Form DEF 14A

Voting. Stockholders of record may authorize the proxies named in the enclosed proxy card to vote their shares of Common Stock in the following manner:

by mail, by marking the enclosed proxy card, signing and dating it, and returning it in the postage-paid envelope provided;

by telephone, by dialing the toll-free telephone number indicated on the proxy card that you received in the mail with this proxy statement, within the United States or Canada, and following the instructions. Stockholders voting by telephone need not return the proxy card; and

through the internet, by accessing the World Wide Web site indicated on the proxy card that you received in the mail with this proxy statement. Stockholders voting by the internet need not return the proxy card.

Revocability of Proxies. Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is exercised in the same manner in which it was given or by delivering to Gary T. Wagner, Chief Legal Officer and Secretary, Mack-Cali Realty Corporation, 343 Thornall Street, Edison, New Jersey 08837-2206, a written notice of revocation or a properly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person.

Voting Procedure. The presence at the Annual Meeting of a majority of the outstanding shares of Common Stock, represented either in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. The close of business on April 5, 2016 has been fixed as the record date (the "Record Date") for determining the holders of shares of Common Stock entitled to notice of and to vote at the Annual Meeting. Each share of Common Stock outstanding on the Record Date is entitled to one vote on all matters, and there are no cumulative voting rights. As of the Record Date, there were 89,638,337 shares of Common Stock outstanding. Under Maryland law, stockholders will not have appraisal or similar rights in connection with any proposal set forth in this Proxy Statement.

Stockholder votes will be tabulated by the persons appointed by the Board of Directors to act as inspectors of election for the Annual Meeting. Shares represented by a properly executed and delivered proxy will be voted at the Annual Meeting and, when instructions have been given by the stockholder, will be voted in accordance with those instructions. If a properly executed and delivered proxy does not provide instructions, then the shares represented by that proxy will be voted FOR the election of each of the two nominees for director named below, FOR the advisory approval of executive compensation, FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm, and AGAINST the shareholder proposal requesting that the Company adopt a policy that, in the event of a change in control of the Company, would prohibit accelerated vesting of equity awards granted to senior executive officers of the Company, except for partial, pro rata vesting of awards in the event of a termination of employment after a change in control.

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record that you must follow in order to vote your shares. If your shares are not registered in your own name and you plan to vote your shares in person at the Annual Meeting, you should contact your broker or agent to obtain a broker's proxy card and bring it with you to the Annual Meeting in order to vote. Under New York Stock Exchange (the "NYSE") Rules, the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent auditors, as set forth in Proposal No. 3, is considered a "discretionary" item. This means that brokerage firms may vote in their discretion on Proposal No. 3 on behalf of beneficial owners who have not furnished a properly executed proxy card or delivered voting instructions to their broker at least ten days before the date of the Annual Meeting. In contrast, the election of directors as set forth in Proposal No. 1, the advisory vote to approve executive compensation as set forth in Proposal No. 2, and the shareholder proposal as set forth in Proposal No. 4 are considered non-discretionary items.

Edgar Filing: MACK CALI REALTY CORP - Form DEF 14A

This means that brokerage firms that have not received a properly executed proxy card or voting instructions from their clients may not vote on behalf of their clients with respect to Proposal Nos. 1, 2 and 4.

These so called "broker non-votes" will be included in the calculation of the number of votes considered to be present at the meeting for purposes of determining a quorum, but will not be included in the total of votes cast for the election of directors, the advisory vote for approval of executive compensation or the shareholder proposal. Abstentions will be counted as present for purposes of determining the presence of a quorum but will have no effect on the outcome of the matters covered by Proposal Nos. 1, 2 and 4.

**PROPOSAL NO. 1
ELECTION OF DIRECTORS**

The Company's articles of restatement divide the Company's Board of Directors into three classes which shall be as nearly equal in number as possible, with the members of each such class serving staggered three-year terms. In May 2014, the Company amended its articles of restatement (as so amended, the "Charter") and Bylaws to de-classify the Board of Directors over a three year period commencing at the annual meeting of stockholders held on May 11, 2015 (the "2015 Annual Meeting"), such that at each annual meeting of stockholders commencing with the 2015 Annual Meeting, the successors to the directors whose term expires at such annual meeting of stockholders will be elected to hold office until the next annual meeting of stockholders following their election, instead of the third-succeeding annual meeting, and until their successors are elected and qualify. The Board of Directors presently consists of ten members as follows: Class III directors, Alan S. Bernikow and Irvin D. Reid whose terms expire in 2016; Class I directors, Kenneth M. Duberstein, Jonathan Litt, Vincent Tese and Roy J. Zuckerberg, whose terms expire in 2016; and Class II directors, Nathan Gantcher, David S. Mack, William L. Mack and Alan G. Philibosian, whose terms expire in 2017.

On April 25, 2016, Mr. Zuckerberg notified the Company that he would not stand for re-election to the Board of Directors at the Annual Meeting and would retire from the Board of Directors at the conclusion of his current term at the Annual Meeting. Accordingly stockholders will elect five directors at the Annual Meeting. The directors who are elected at the Annual Meeting will serve until the annual meeting of stockholders to be held in 2017 and until such directors' respective successors are elected or appointed and qualify or until any such director's earlier resignation or removal. The Board of Directors, acting upon the unanimous recommendation of its Nominating and Corporate Governance Committee, has nominated Alan S. Bernikow and Irvin D. Reid, each a current Class III director, and Kenneth M. Duberstein, Jonathan Litt and Vincent Tese, each a current Class I director, for election as directors at the Annual Meeting, each of whom has agreed to serve if elected. In the event any nominee is unable or unwilling to serve as a director at the time of the Annual Meeting, the proxies may be voted for the balance of those nominees named and for any substitute nominee designated by the present Board of Directors or the proxy holders to fill such vacancy or for the balance of those nominees named without nomination of a substitute, or the size of the Board of Directors may be reduced in accordance with the bylaws of the Company.

It is expected that upon the retirement of Mr. Zuckerberg from the Board of Directors at the Annual Meeting, that the size of the Board of Directors will be reduced from ten to nine members. Accordingly, at the conclusion of the Annual Meeting, the Board of Directors will consist of nine members whose terms expire in 2017.

Alan S. Bernikow, a director nominee, has served as a member of the Board of Directors and as chairman of the Audit Committee of the Board of Directors since 2004 and was appointed as Lead Independent Director in March 2014. Previously, Mr. Bernikow served as the Deputy Chief Executive Officer at Deloitte & Touche LLP from 1998 to 2003, where he was responsible for assisting the firm on special projects such as firm mergers and acquisitions, partner affairs and litigation matters. Mr. Bernikow joined Touche Ross, the predecessor firm of Deloitte & Touche LLP, in 1977, prior to which Mr. Bernikow was the National Administrative Partner in Charge for the accounting firm of J.K. Lasser & Company. Mr. Bernikow serves on the board of several public companies. He is currently a member of the board of directors of Revlon, Inc. and Revlon Consumer Products Corporation and is chairman of the audit committee and compensation and stock plan committee of Revlon, Inc. currently serves as chairman of its audit committee, and has also served as a member of the boards of directors of investment funds managed by UBS, including Global High Income Dollar Fund Inc., Insured Municipal Income Fund Inc., Investment Grade Municipal Income Fund Inc., Managed High Yield Plus Fund Inc., and Strategic Global Income Fund, Inc. The foregoing directorships and committee memberships are the only public company or registered investment company directorships and committee memberships currently held by Mr. Bernikow or which Mr. Bernikow held at any time during the past five years. He is a former member of the board of directors and chairman of the audit committee of the FOJP Service Corporation and a member of the board of directors for the United Jewish Appeal Federation of Jewish Philanthropies of New York, Inc. Mr. Bernikow has a B.B.A. degree from Baruch College and is a member of the American Institute of Certified Public Accountants (AICPA) and the New York State Society of Certified Public Accountants (NYSSCPA). Based on Mr. Bernikow's significant financial and accounting background and thirty (30) years of experience in public accounting, his status as an audit committee financial expert, and his experience serving as a director and audit committee member of several public companies, the Nominating and Corporate Governance Committee of the Board of Directors concluded that Mr. Bernikow has the requisite experience, qualifications, attributes and skills necessary to serve as a member of the Board of Directors.

Kenneth M. Duberstein, a director nominee, has served as a member of the Board of Directors since 2005 and has served as a member of the Executive Compensation and Option Committee of the Board of Directors since March 2006. He also served in the White House as Deputy Chief of Staff in 1987, as well as both the Assistant and the Deputy Assistant to the President for Legislative Affairs from 1981 to 1983. Mr. Duberstein previously served as a member of the board of directors of Collegiate Funding Services, Inc. from 2004 to 2006, and was Chairman of its audit committee and a member of its compensation and nominating and governance committees. The foregoing directorships and committee memberships are the only public company or registered investment company directorships and committee memberships currently held by Mr. Duberstein or which Mr. Duberstein held at any time during the past five years. Mr. Duberstein earned a B.A. degree from Franklin and Marshall College and an M.A. degree from American University. Based on Mr. Duberstein's strategic planning and consulting background, his experience serving as a director of several public companies, and his extensive government, business expertise and NASD experience, the Nominating and Corporate Governance Committee of the Board of Directors concluded that Mr. Duberstein has the requisite experience, qualifications, attributes and skills necessary to serve as a member of the Board of Directors.

Jonathan Litt, a director nominee, has served as a member of the Board of Directors since March 2014 and as a member of the Audit Committee since July 2014. Mr. Mack previously served as a member of the Board of Directors and as Vice Chairman of the New York Metropolitan Transportation Authority and on the Board of Directors and as a Commissioner of the Port Authority of New York and New Jersey. In addition, Mr. Mack served for fourteen years as a Deputy Superintendent (Colonel) of the New York State Police. Mr. Mack received his B.A. degree in Business Administration from Hofstra University. Mr. Mack serves as a member of the Board of Directors pursuant to an agreement with the Company entered into at the time of the Company's combination with The Mack Company in December 1997.

See "Certain Relationships and Related Transactions Mack Agreement." Mr. Mack is the brother of William L. Mack. Based on Mr. Mack's years of experience with The Mack Company and his extensive knowledge and expertise of commercial real estate markets and office REIT operations, the Nominating and Corporate Governance Committee of the Board of Directors concluded that Mr. Mack has the requisite experience, qualifications, attributes and skills necessary to serve as a member of the Board of Directors.

Alan G. Philibosian has served as a member of the Board of Directors since 1997 and as a member of the Nominating and Corporate Governance Committee of the Board of Directors since 2000. In addition, Mr. Philibosian has served as a member of the Executive Compensation and Option Committee of the Board of Directors since 1997, and has served as the chairman of said Committee since 2004. Mr. Philibosian is counsel with the law firm of Harwood Lloyd LLC in Hackensack, New Jersey. Mr. Philibosian served as a commissioner of The Port Authority of New York and New Jersey from January 1995 through January 2003. While Commissioner, he served as chairman of the audit and construction committees and vice-chairman of the finance committee. Mr. Philibosian previously served on the board of directors of NorCrown Bank, Livingston, New Jersey, prior to its acquisition by Valley National Bancorp of New Jersey in 2005. Mr. Philibosian graduated Phi Beta Kappa from Rutgers College, and received his J.D. degree from Boston College Law School and his LL.M. degree in taxation from New York University. Based on Mr. Philibosian's familiarity with the Company as a long-standing member of the Company's Board of Directors and his significant legal and financial background, and his experience as a director and his roles on various committees of the Board of Directors, together with his legal and financial background, the Nominating and Corporate Governance Committee of the Board of Directors concluded that Mr. Philibosian has the requisite experience, qualifications, attributes and skills necessary to serve as a member of the Board of Directors.

Certain Relationships and Related Transactions

Mack Agreement. In connection with the Company's combination with The Mack Company in December 1997, William L. Mack, Mitchell E. Hersh and Earle I. Mack were appointed to the Company's Board of Directors. Pursuant to an agreement (the "Mack Agreement") entered into between the Company and members of the Mack Group (as defined below) in connection with the Company's combination with The Mack Company, if any of Messrs. W. Mack, D. Mack or Hersh shall withdraw from the Board of Directors for any reason during their terms, the members of the Mack Group are entitled to designate their successors. The "Mack Group" includes William L. Mack, chairman of the Board of Directors, David S. Mack, director, Earle I. Mack, a former director of the Company, and Frederic Mack, a member of the Advisory Board of the Company. Effective January 15, 2004, Earle I. Mack resigned from the Board of Directors. Pursuant to the terms of the Mack Agreement, the Mack Group designated David S. Mack as the successor to Earle I. Mack's seat on the Board of Directors, and effective January 15, 2004, David S. Mack was appointed by the Board of Directors to fill Earle I. Mack's seat on the Board of Directors for the remainder of its term and was re-elected to the Board of Directors both at the 2005 Annual Meeting, the 2008 Annual Meeting, the 2011 Annual Meeting and the 2014 Annual Meeting. In addition, for as long as members of the Mack Group maintain at least the "Mack Significant Interest" (as defined below), the Mack Group has the right to re-nominate, and the Company will support, Messrs. W. Mack and D. Mack (or their successors) for re-election to the Board of Directors for successive terms upon the expiration of each term. The Mack Group has not yet determined whether in future years it will seek to nominate someone for the third board seat to which it is entitled that was vacated in 2015 by Mr. Hersh in connection with his separation from the Company. The Mack Group elected not to exercise this right in connection with the Annual Meeting. "Mack Significant Interest" means legal and beneficial ownership, in the aggregate, of not less than 3,174,603 shares of Common Stock and/or Units by Earle I. Mack, David S. Mack, Frederic Mack and William L. Mack, subject to certain restrictions and to adjustment for stock splits and other customary and similar stock dilutions.

Tax Protection Agreements. The Company may not dispose of or distribute certain of its properties, currently comprised of seven properties with an aggregate net book value of approximately \$57.1 million, which were originally contributed by certain unrelated common unitholders of the Operating Partnership, without the express written consent of such common unitholders except in a manner which does not result in recognition of any built-in-gain (which may result in an income tax liability) or which reimburses the appropriate specific common unitholders for the tax consequences of the recognition of such built-in-gains (collectively, the "Property Lock-Ups"). The aforementioned restrictions do not apply in the event that the Company sells all of its properties or in connection with a sale transaction which the Company's Board of Directors determines is reasonably necessary to satisfy a material monetary default on any unsecured debt, judgment or liability of the Company or to cure any material monetary default on any mortgage secured by a property. The Property Lock-Ups expire periodically through 2016.

Upon the expiration of the Property Lock-Ups, the Company is generally required to use commercially reasonable efforts to prevent any sale, transfer or other disposition of the subject properties from resulting in the recognition of built-in gain to the specific common unitholders, which include members of the Mack Group (which includes William L. Mack, Chairman of the Company's Board of Directors; David S. Mack, director; and Earle I. Mack, a former director), the Robert Martin Group (which includes Robert F. Weinberg, a former director and current member of the Company's Advisory Board), and the Cali Group (which includes John R. Cali, a former director and current member of the Company's Advisory Board). As of December 31, 2015, 110 of the Company's properties, with an aggregate net book value of approximately \$1.3 billion, have lapsed restrictions and are subject to these conditions.

Acquisitions and Other Transactions. Certain directors and executive officers of the Company (or members of their immediate families or related trusts) and persons who hold more than 5% of the outstanding shares of Common Stock (or Units in the Operating Partnership) had direct or indirect interests in certain transactions involving the Company, the Operating Partnership or their affiliates in the last fiscal year as follows:

William L. Mack, Chairman of the Board of Directors, David S. Mack, a director of the Company, and Earle I. Mack, a former director of the Company, are the executive officers, directors and stockholders of a corporation that leases approximately 7,034 square feet at one of the Company's office properties, which is scheduled to expire in May 2018, subject to two, three-year renewal options.. The Company recognized \$204,000 in revenue under this lease for the year ended December 31, 2015, and had no accounts receivable from the corporation as of December 31, 2015.

In 2015, William L. Mack, Nathan Gantcher, David S. Mack, Alan G. Philibosian, Irvin D. Reid, Vincent Tese, and Roy J. Zuckerberg earned deemed stock dividends, calculated based upon the number of deferred stock units owned by each director as of the record date for each quarterly dividend earned in 2015, in the amounts of 533.250, 859.197, 652.673, 507.934, 728.372, 1,035.998 and 859.197 units, respectively, pursuant to the Director's Deferred Compensation Plan, whereby each non-employee director is entitled to defer all or a specified portion of the annual compensation to be paid to such director. See "Compensation of Directors Directors' Deferred Compensation Plan" herein below.

Policies and Procedures. The Company has a written policy with respect to the review, approval and ratification of related person transactions. This policy applies to any transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness), or any series of similar transactions, arrangements or relationships, in which (i) the Company is a participant and (ii) any "related person" (defined as an employee, director, director nominee, an executive officer or someone who owns more than 5% of our common shares, or an immediate family member of any of the

foregoing persons, with certain exceptions) has or will have a direct or indirect interest. Under the policy, the Company's Chief Executive Officer will determine whether a transaction meets the definition of a related person transaction that will require review by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee will review all related person transactions referred to them and, based on the relevant facts and circumstances, will decide whether or not to approve such transactions. Only those transactions that are in, or are not inconsistent with, the best interests of the Company and its stockholders will be approved. If the Company becomes aware of an existing related person transaction that was not approved under this policy, the matter will be referred to the Nominating and Corporate Governance Committee and it will evaluate all options available, including ratification, amendment or termination of the transaction.

The Company has determined that, under the policy, the following types of transactions will be deemed to be pre-approved: (i) employment of an executive officer if the related compensation is required to be reported in the Company's proxy statement; (ii) employment of an executive officer if he or she is not an immediate family member of another executive officer or director of the Company, the related compensation would have been reported in the Company's proxy statement if he or she was a "named executive officer" and the Company's Executive Compensation and Option Committee approved (or recommended that the Board approve) such compensation; (iii) compensation paid to a director if the compensation is required to be reported in the Company's proxy statement; (iv) any transaction where the related person's interest arises solely from the ownership of the Company's Common Stock and all holders of the Company's Common Stock received the same benefit on a *pro rata* basis; (v) any transaction in which the rates or charges incurred are subject to governmental regulation; and (vi) any transaction involving bank depositary of funds, transfer agent, registrar, trustee under a trust indenture or similar services.

Under the policy, the Chief Executive Officer's determination of whether a transaction meets the definition of a related person transaction is based upon his assessment of the transaction under Item 404 of Regulation S-K without regard to the amounts involved. The Company's policy provides that any related person transaction referred to the Nominating and Corporate Governance Committee for consideration is evaluated based on all of the relevant facts and circumstances available, including (if applicable) but not limited to: (i) the benefits to the Company; (ii) the impact on a director's independence in the event the related person is a director, an immediate family member of a director or an entity in which a director is a partner, shareholder or executive officer; (iii) the availability of other sources for comparable products or services; (iv) the terms of the transaction; and (v) the terms available to unrelated third parties or to employees generally.

The policy prohibits a director from participating in any review, consideration or approval of any related person transaction with respect to which the director or any of his or her immediate family members is the related person. The policy also provides that the only transactions that may be approved are those transactions that are in, or are not inconsistent with, the best interests of the Company and its stockholders.

Independence of the Board of Directors

The Board of Directors has adopted the NYSE's standards for determining the independence of its members and believes that it interprets these requirements conservatively. In applying these standards, the Board of Directors considers commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, among others, in assessing the independence of directors, and must disclose any basis for determining that a relationship is not material. The Board of Directors has determined that eight of ten of its current members, namely Alan S. Bernikow, Nathan Gantcher, Kenneth M. Duberstein, Jonathan Litt, Alan G. Philibosian, Irvin D. Reid, Vincent Tese and Roy J. Zuckerberg, are independent directors within the meaning of such NYSE independence standards in terms of independence from management. In making this determination, the Board of Directors did not exclude from consideration as immaterial any relationship potentially compromising the independence of any of the above directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, requires the Company's executive officers, directors and persons who beneficially own more than 10% of the Company's Common Stock to file initial reports of ownership and reports of changes of ownership (Forms 3, 4 and 5) of the Common Stock with the SEC and the NYSE. Executive officers, directors and greater than 10% holders are required by SEC regulations to furnish the Company with copies of such forms that they file.

To the Company's knowledge, based solely on the Company's review of the copies of such reports received by the Company, the Company believes that for the fiscal year 2015, its executive officers, directors and greater than 10% beneficial owners complied with all Section 16(a) filing requirements applicable to such persons.

Board of Directors Governance Matters

During 2015, the entire Board of Directors met six times. In 2015, no director attended fewer than 75% of the total number of meetings of the Board of Directors and all committees of the Board of Directors on which he served. The Company does not have a formal policy regarding attendance by members of the Board of Directors at the annual meetings of stockholders, but the Company strongly encourages all members of the Board of Directors to attend its annual meetings and expects such attendance except in the event of exigent circumstances. All of the members of the Board of Directors at the time of the 2015 annual meeting of stockholders (the "2015 Annual Meeting") were in attendance at the 2015 Annual Meeting.

Currently, the Company has separated the roles of Chief Executive Officer and Chairman of the Board. The Company believes that at this time the separation of these roles permits the Chairman of the Board to focus on oversight of the Company's long-term corporate development goals while the Chief Executive Officer focuses on the strategic direction of the Company and oversees the day to day performance of the other executive officers in executing the Company's business plan. In addition, on March 11, 2014, the Board of Directors appointed Alan S. Bernikow as its Lead Independent Director. The Lead Independent Director acts as a liaison between the Chairman of the Board and the independent directors and advises the Chairman of the Board with respect to the quality, quantity and timeliness of the flow of information from management as necessary for the independent directors to perform their duties effectively and responsibly, including requesting that certain material be included in materials prepared for the Board of Directors, approving agendas for meetings of the Board of Directors, and ensuring that there is sufficient time for discussion of all agenda items at meetings of the Board of Directors. Stockholders may contact the Lead Independent Director as further described below under the heading "Stockholder Communications," and if requested by significant stockholders, the Lead Independent Director shall be available for consultation. The Board of Directors believes that its Lead Independent Director structure, including the duties and responsibilities described above, provides the same independent leadership, oversight, and benefits for the company and the Board of Directors that would be provided by an independent Chairman of the Board.

The Lead Independent Director also shall preside at all meeting of the Board of Directors at which the Chairman of the Board is not present and all Executive Sessions of the Board of Directors consisting only of non-management directors. Such Executive Sessions will be held at least once per year, periodically as determined by the non-management directors, and will typically occur immediately following the regularly scheduled quarterly meetings of the Board of Directors, or at any other time and place as the Lead Independent Director or non-management directors may determine. Interested parties may submit matters for consideration to the non-management directors by utilizing the procedures identified under "Stockholder Communications" in this Proxy Statement. During 2015, the non-management directors met in Executive Session four times.

Pursuant to authority vested in the Audit Committee of the Board of Directors pursuant to its charter, the Audit Committee is responsible for overseeing the Company's financial risk exposure and the Company's risk assessment and risk management policies and procedures. The Audit Committee discharges its risk oversight responsibilities as part of its quarterly reviews of the Company's quarterly and annual financial statements by discussing with management, the Company's independent auditors and outside legal counsel the Company's risk profile, its financial risk exposure and its risk mitigation policies and procedures. In addition, the Executive Compensation and Option Committee, in consultation with the independent compensation consultant to the Executive Compensation and Option Committee, conducted an annual risk assessment of the Company's compensation programs as described under "Compensation Risk Assessment" in this Proxy Statement. The Company does not believe that the performance of these oversight functions by these committees has any effect on the leadership structure of the Board of Directors.

In December 2009, the Board of Directors adopted equity ownership guidelines that require each non-employee director to own an aggregate of \$200,000 of shares of Common Stock of the Company, units of limited partnership interest of Mack-Cali Realty, L.P. redeemable for shares of Common Stock of the Company or units under the Company's Deferred Compensation Plan for Directors as of and from the later to occur of (i) January 1, 2013, or (ii) to the extent a director was not a director as of the date the equity ownership guidelines were adopted, the three year anniversary of the date the director is elected to the Board of Directors. In March 2016, the Board of Directors increased the equity ownership guidelines to five (5) times the annual cash retainer paid to directors, currently \$300,000. All directors of the Company are in compliance with the equity ownership guidelines for directors.

In March 2012, the Board of Directors, on the recommendation of its Nominating and Corporate Governance Committee, adopted a retirement policy for directors. Pursuant to this policy, the Board of Directors has amended the Company's Corporate Governance Principles to provide that a director may neither stand nor be nominated for re-election to the Board of Directors after attaining the age of 80. The Board of Directors proactively considers the overall size and composition of the Board of Directors and reviews and monitors management development and succession planning activities. The Chief Executive Officer and President and Chief Operating Officer regularly presents management's perspective on business objectives and discusses their perspective on the Company's deep pool of talented employees and succession planning for the Company. Most recently, this process resulted in the designation as executive officers of the Company of Marshall Tycher as President of Roseland in September 2015 and Chairman of Roseland in March 2016, Ricardo Cardoso as Executive Vice President and Chief Investment Officer in September 2015, Robert Andrew Marshall as President of Roseland in March 2016, and Christopher DeLorenzo as Executive Vice President, Leasing in March 2016.

The Board of Directors believes that continued growth of stockholder value in a socially responsible manner is consistent with the Company's overall strategy to continue to enhance the Company's reputation as a property manager of choice and promotes an environmental strategy that supports "green" building initiatives. The Environmental Protection Agency (the "EPA") encourages companies to reduce greenhouse gas emissions and conserve energy through what is now a voluntary program, Energy Star. In 1999, the EPA introduced its national energy performance rating systems for buildings. The program provides assessment tools to help building managers achieve greater energy efficiency and realize associated cost savings. The Company has been an Energy Star partner since the inception of the program in 1999. As such, the Company is required to, among other things, further track and benchmark its energy performance and broaden its plan to reduce energy intensity across its properties by following the energy management strategy available through Energy Star. In the last three years, fifteen Company properties received Energy Star awards, four properties received Leadership in

Edgar Filing: MACK CALI REALTY CORP - Form DEF 14A

Energy and Environmental Design (LEEDs) certifications and eleven properties received environmental awards from the Building Owners and Managers Association (BOMA).

The Board of Directors also has adopted a policy that provides that executive officers, employees, and directors may not acquire securities issued by the Company or any of its affiliates using borrowed funds, may not use margin in respect of securities issued by the Company or any of its affiliates, may not pledge securities issued by the Company or any of its affiliates as collateral, and may not engage in hedging or other transactions with respect to their ownership of securities issued by the Company or its affiliates, each of which the Board of Directors believes would be inconsistent with the purposes and intent of the stock ownership guidelines applicable to directors, the Chief Executive Officer and the President and Chief Operating Officer.

Meetings of Committees of the Board of Directors

The Board of Directors has three committees: the Audit Committee, the Executive Compensation and Option Committee, and the Nominating and Corporate Governance Committee. The Board of Directors dissolved its Executive Committee in March 2016.

Audit Committee. The Company has an Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee consists of Alan S. Bernikow, chairman, Nathan Gantcher, Jonathan Litt, Irvin D. Reid and Roy J. Zuckerberg. The Audit Committee authorizes and approves the engagement of the Company's independent registered public accountants, reviews with the Company's independent registered public accountants the scope and results of the audit engagement, approves or establishes pre-approval policies for all professional audit and permissible non-audit services provided by the Company's independent registered public accountants, considers the range of audit and non-audit fees, and reviews the adequacy of the Company's internal control over financial reporting, disclosure controls and procedures and internal audit function. The Audit Committee also assists the Board of Directors in overseeing (1) the integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the quarterly evaluation of the performance of the internal audit functions performed by the Company's internal auditors, (4) the Company's independent registered public accounting firm's qualifications and independence, and (5) the performance of the Company's independent registered public accountants. See "Report of the Audit Committee of the Board of Directors" below. The Board of Directors has determined that each of the members of the Audit Committee is an "independent" director within the meaning of the NYSE Independence Standards and Rule 10A-3 promulgated by the SEC under the Exchange Act. The Board of Directors also has determined that each of Alan S. Bernikow, Nathan Gantcher, Jonathan Litt, Irvin D. Reid and Roy J. Zuckerberg satisfies applicable financial literacy standards of the NYSE, and that Alan S. Bernikow qualifies as an Audit Committee Financial Expert under applicable SEC Rules. In addition to serving on the Audit Committee, Mr. Bernikow currently serves as a member of the audit committee of three other public companies. The Board of Directors has determined that Mr. Bernikow's simultaneous service on the audit committees of these other public companies will not impair his ability to effectively serve on the Company's Audit Committee and fulfill his duties as its chairman. The Audit Committee met four times during 2015.

Executive Compensation and Option Committee. The Executive Compensation and Option Committee consists of Alan G. Philibosian, chairman, Kenneth M. Duberstein and Vincent Tese. The Executive Compensation and Option Committee is responsible for implementing the Company's compensation philosophies and objectives, establishing remuneration levels for executive officers of the Company and implementing the Company's incentive programs, including the Company's stock option and incentive plans. The Board of Directors has determined that each of the members of the Executive Compensation and Option Committee is an "independent" director within the meaning of the NYSE Independence Standards, Rule 10C-1 promulgated by the SEC under the Exchange Act, and meets the

Edgar Filing: MACK CALI REALTY CORP - Form DEF 14A

"outside director" requirements of Section 162(m) of the Internal Revenue Code, as amended (the "Code"), and is a "non-employee" director under Rule 16b-3 under Section 16 of the Exchange Act. The Executive Compensation and Option Committee met nine times in 2015.

Pursuant to its charter, the primary purposes of the Executive Compensation and Option Committee are (i) to assist the Board of Directors in discharging its responsibilities in respect of compensation of the Company's executive officers; and (ii) to review and administer the Company's compensation and benefit programs. In addition, pursuant to its charter, the Executive Compensation and Option Committee is responsible for establishing and reviewing annual and long term corporate goals and objectives relevant to compensation of the Company's executive officers in light of performance goals and objectives. The Executive Compensation and Option Committee has sole authority to determine and approve the compensation levels of the executive officers. Except for the delegation of authority to the Chief Executive Officer and President and Chief Operating Officer to grant certain de minimis equity compensation awards to non-executive employees of the Company, the Executive Compensation and Option Committee has not delegated, and does not delegate, any of its responsibilities to any other person. The manner in which the committee discharges its responsibilities is described under the heading "Compensation Discussion & Analysis" below.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee consists of Vincent Tese, chairman, Nathan Gantcher and Alan G. Philibosian. The Board of Directors has determined that each of the members of the Nominating and Corporate Governance Committee is an "independent" director within the meaning of the NYSE Independence Standards. The Nominating and Corporate Governance Committee met two times in 2015.

The Nominating and Corporate Governance Committee identifies individuals qualified to become members of the Board of Directors and recommends to the Board of Directors the slate of directors to be nominated at the Annual Meeting. The Nominating and Corporate Governance Committee will consider recommendations for nominees for directorships submitted by stockholders, provided that the Nominating and Corporate Governance Committee will not entertain stockholder nominations from stockholders who do not meet the eligibility criteria for submission of stockholder proposals under SEC Rule 14a-8 of Regulation 14A under the Exchange Act. Stockholders may submit written recommendations for Nominating and Corporate Governance Committee appointments or recommendations for nominees to the Board of Directors, together with appropriate biographical information and qualifications of such nominees, to the Company's Chief Legal Officer following the same procedures as described in "Stockholder Communications" in this Proxy Statement. In order for the Nominating and Corporate Governance Committee to consider a nominee for directorship submitted by a stockholder, such recommendation must be received by the Chief Legal Officer by the time period set forth in the Company's most recent proxy statement for the submission of stockholder proposals under SEC Rule 14a-8 of Regulation 14A under the Exchange Act. The Chief Legal Officer shall then deliver any such communications to the Chairman of the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee analyzes, on an annual basis, Board member skills and attributes, and recommends to the Board of Directors appropriate individuals for nomination as Board members. Based on the Company's strategic plan, the Nominating and Corporate Governance Committee developed a skills matrix to assist it in considering the appropriate balance of experience, skills and attributes required of a director and to be represented on the Board as a whole. The skills matrix is periodically reviewed and updated by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee evaluates potential Board candidates against the skills matrix.

Edgar Filing: MACK CALI REALTY CORP - Form DEF 14A

The skills matrix has two sections a list of core criteria that every member of the Board should meet and a list of skills and attributes desired to be represented collectively on the Board. The skills matrix reflects the following core director criteria that should be satisfied by each director or nominee:

Service on no more than six other public company boards;

High integrity and ethical standards;

Standing and reputation in the individual's field;

Risk oversight ability with respect to the particular skills of the individual director;

Understanding of and experience with complex public companies or like organizations; and

Ability to work collegially and collaboratively with other directors and management.

The skills matrix reflects the following skills and attributes desired to be represented collectively on the Board as a whole:

Independence under the Company's Standards for Director Independence and NYSE listing requirements, subject to waiver based on the Nominating and Corporate Governance Committee's business judgment;

Corporate governance expertise;

Financial expertise;

Commercial real estate industry expertise;

Diversity;

Legal expertise;

Capital markets expertise;

Political/land use/environmental policy expertise; and

Technology/business process expertise.

Our Nominating and Corporate Governance Committee strives to maintain a balance of tenure on the Board of Directors. Long-serving directors bring valuable experience with our company and familiarity with the challenges it has faced over the years, while newer directors bring fresh perspective and new ideas.

Although the Nominating and Corporate Governance Committee does not have a formal diversity policy, it endeavors to comprise the Board of Directors and its committees of members with a broad mix of professional and personal backgrounds. Thus, the Nominating and

Edgar Filing: MACK CALI REALTY CORP - Form DEF 14A

Corporate Governance Committee accords some weight to the individual professional background and experience of each director. Further, in considering nominations, the Nominating and Corporate Governance Committee takes into account how a candidate's professional background would fit into the mix of experiences represented by the then-current Board of Directors. When evaluating a nominee's overall qualifications, the Nominating and Corporate Governance Committee does not assign specific weights to particular criteria, and no particular criterion is necessarily required of all prospective nominees. In addition to the aforementioned criteria, when evaluating a director for re-nomination to the Board of Directors, the Nominating and Corporate Governance Committee will also consider the director's history of attendance at board and committee meetings, the director's preparation for and participation in such meetings, and the director's tenure as a member of the Board of Directors.

The Board of Directors has determined that enhancing the diversity of the Board of Directors is a priority governance initiative for 2016. The Nominating and Corporate Governance Committee is

Edgar Filing: MACK CALI REALTY CORP - Form DEF 14A

considering expanding the size of the Board of Directors and is conducting a search for a diversity candidate to recommend to the Board of Directors. In addition, the Nominating and Corporate Governance Committee is assessing whether to rotate the memberships and chair positions of the Audit, Executive Compensation and Option, and Nominating and Corporate Governance Committees to enhance the diversity of experience on these committees. The goal of the Nominating and Corporate Governance Committee and the Board of Directors is to complete these efforts in 2016, but that will likely not take place before the Annual Meeting.

Policies Relating to the Election of Directors

Elections of the Board of Directors are conducted in accordance with the Company's Charter, Bylaws and the laws of the state of Maryland and provide that directors are to be elected at a meeting of the Company's stockholders by a plurality of the votes cast. Under the Company's Bylaws and Corporate Governance Principles, if in any uncontested election of directors, a director nominee has a greater number of votes "withheld" from his or her election than votes cast "for" his or her election, such director nominee shall promptly tender his or her resignation for consideration by the Nominating and Corporate Governance Committee. A vote will be considered "withheld" from a director nominee if a stockholder withholds authority to vote for such director nominee in any proxy granted by such stockholder in accordance with instructions contained in the proxy statement or accompanying proxy card circulated for the meeting of stockholders at which the election of directors is to be held. The Nominating and Corporate Governance Committee will then promptly evaluate all relevant factors relating to the election results, including, but not limited to: (i) the underlying reasons why a majority of affirmative votes was not received (if ascertainable); (ii) the director's background, experience and qualifications; (iii) the director's length of service on the Board of Directors and contributions to the Company; and (iv) whether the director's service on the Board of Directors is consistent with applicable regulatory requirements, listing standards, the Company's Corporate Governance Principles and the corporate governance guidelines of independent voting advisory services such as Institutional Shareholder Services.

Subject to any applicable legal or regulatory requirements, the Nominating and Corporate Governance Committee shall, within ninety (90) days from the date of the stockholder vote, decide whether to accept the resignation, reject the resignation or, if appropriate, conditionally reject the resignation and retain the director in office only if the underlying causes of the withheld votes can be promptly and completely cured. A full explanation of the Nominating and Corporate Governance Committee's decision will be promptly publicly disclosed in a periodic or current report filed with the Securities and Exchange Commission. Any director who tenders his or her resignation pursuant to this principle and any non-independent director will not participate in the deliberations and decisions made hereunder. In addition, a director shall tender his or her resignation for consideration by the Nominating and Corporate Governance Committee if such director's principal occupation or business association changes substantially during his or her tenure as a director.

COMPENSATION DISCUSSION AND ANALYSIS

Management Team Reorganization

In 2015, the Company completed the most significant transition to its senior management team in its twenty-one (21) year history as a public company. The reorganization of the Company's management team, which occurred over the past three years, included:

Hired a new Chief Executive Officer, Mitchell E. Rudin, and a new President and Chief Operating Officer, Michael J. DeMarco;

Appointed Anthony Krug to Chief Financial Officer and Gary T. Wagner to Chief Legal Officer, both executive officers.

Designated Ricardo Cardoso, Executive Vice President and Chief Investment Officer, and Christopher DeLorenzo, Executive Vice President, Leasing, as executive officers of the Company;

Created Roseland Residential Trust, a wholly-owned subsidiary of the Company to hold all of the Company's multi-family residential assets ("Roseland"); and

Designated the Chairman of Roseland, Marshall B. Tycher, and the President and Chief Operating Officer of Roseland, Robert Andrew Marshall, as executive officers of the Company.

Our Strategic Transformation

In September 2015, the Company announced a comprehensive three-year strategic initiative entitled 20/15 (the "20/15 Strategic Plan"), the name of which is intended to communicate primary milestone objectives of growing the office portfolio to 20 million square feet and growing the multi-family portfolio to 15,000 units. Key strategic objectives related to the 20/15 Strategic Plan include the following:

Reduce expenses;

Exit non-core assets;

Transition a portion of the Company's property portfolio from almost exclusively commercial office properties to a mix of commercial office properties and multi-family residential properties; and

Develop and acquire multi-family residential properties in core areas for the Company, including but not limited to the Jersey City Gold Coast waterfront area.

The Company's 20/15 Strategic Plan represents a major step in the transformation of the Company's portfolio. The Company believes that the opportunity to invest in multi-family development properties at higher returns on cost will position the Company to potentially produce higher levels of net operating income than if the Company were to purchase only stabilized multi-family properties at market returns. However, the Company anticipates that it will be some years before most of its multi-family development projects are income-producing.

2015 Business Highlights

Our performance in 2015 demonstrates progress along our transformation plan, as illustrated by the following accomplishments:

Investment Officer and the designation of the Chairman of Roseland as an executive officer of the Company;

The Company's total stockholder return ("TSR") in 2015 was 26.5%, and the Company's TSR since the appointment of the new management team in June 2015 was above the 80th percentile of the equity office REITs in the FTSE NAREIT Equity Office Index;

The adoption of the 20/15 Strategic Plan described above;

The Company demonstrated improved operating fundamentals, highlighted by leasing and tenant occupancy performance within the consolidated portfolio of stabilized operating commercial properties being approximately 86.2% leased as of December 31, 2015, as compared to 84.2% as of December 31, 2014;

Quarterly disclosure of the Company's Roseland assets was enhanced by furnishing investors with a new quarterly supplemental package specific to the Roseland assets and operations;

The new management team conducted extensive stockholder outreach, including hosting an investor day in September 2015; and

Roseland was reorganized into a new subsidiary.

Significant 2015 Stockholder Engagement

In evaluating the design of our executive compensation programs, the Executive Compensation and Options Committee (the "Compensation Committee") considers stockholder input. In 2015, our Chairman of the Board, Compensation Committee Chairman, and Lead Independent Director communicated with approximately twenty (20) of the Company's largest institutional stockholders to seek feedback on the Company's executive compensation program and last year's shareholder proposal relating to the treatment of equity compensation awards in a change of control transaction.

Stockholder Feedback Through the course of this dialogue between stockholders and our directors, stockholders advised the Company that executive compensation should be more closely linked to performance to align executive's interests with stockholders' interests and that executive compensation should be tied to specific performance criteria or formulas.

Changes to our Executive Compensation Program as a Result of Stockholder Engagement In response to this feedback from stockholders and the negative say-on-pay vote at the 2015 annual meeting of stockholders, the Compensation Committee, with the assistance of F.W. Cook & Co., Inc., the Compensation Committee's independent compensation consultant ("F.W. Cook" or the "Compensation Consultant") took the following actions:

Established compensation structures more in line with incentive programs and governance policies of the Company's peers and consistent with recognized "best practices" in compensation governance;

Structured new employment agreements with Messrs. Rudin and DeMarco to reflect these enhanced compensation structures, with reasonable and conservative target pay opportunities;

In 2015, granted 75% of long-term incentive equity compensation subject to rigorous performance hurdles for Messrs. Rudin and DeMarco;

Adopted an objective, more quantitative cash bonus program for 2016 and beyond, where earned bonuses will be tied to pre-determined, objective performance criteria designed to support our short-term business goals;

In 2016, continued to grant the majority of long-term incentive equity compensation subject to rigorous performance hurdles, with 75% of Messrs. Rudin, DeMarco, and Tycher's grants

Edgar Filing: MACK CALI REALTY CORP - Form DEF 14A

performance-based, and approximately 60% of Messrs. Krug and Wagner's grants performance-based; and

Executed new employment or severance agreements that require "double triggers" for severance payments and equity compensation vesting after a change in control.

General market pay and governance practices;

Attracting and retaining key talent;

Tying compensation to the achievement of key short- and long-term objectives, including the 20/15 Strategic Plan;

Aligning of management's interests with those of stockholders; and

Mitigating compensation risk.

Summary of 2015 Program for our Chief Executive Officer and President and Chief Operating Officer

Total compensation opportunities targeted at levels that are generally comparable to target total compensation levels for the average of the top two named executive officers of the Peer Group REITs (as defined below under the heading "Process for Determining Compensation");

75% of ongoing long-term incentive allocated to Performance Share Units ("PSUs") and 25% to Restricted Stock Units ("RSUs");

PSUs earned based on rigorous performance hurdles and tiered payouts tied to the Company's three year TSR relative to the equity office REITs in the FTSE NAREIT Equity Office Index; and

One-time stock option grants to each executive of 200,000 time-vesting options with ratable vesting over three years and 200,000 performance-based options with vesting subject to the attainment of a \$25 stock price for thirty (30) consecutive trading days (or approximately a 44% increase from the share price at the time of grant).

2016 Program Updates

Adopted objective performance metrics for the determination of 2016 bonuses for the named executive officers;

Long-term incentive plan ("LTIP") awards for all executives, with the majority granted in the form of performance-based awards: 75% for the Chief Executive Officer, President and Chief Operating Officer and Chairman of Roseland, and 60% for other executives;

Performance-based LTIP awards granted under a new multi-year, performance-based outperformance plan (the "2016 OPP"), under which the full awards will only be earned if, over the three-year performance period, the Company achieves a fifty percent (50%) absolute TSR and if the Company is in the 75th percentile of performance versus the NAREIT Office Index. The Board of Directors designed the 2016 OPP to conform to the highest form of best compensation practices in the industry;

Time-Based LTIP awards cliff vest at the end of 3 years; and

Approved target 2016 total compensation packages for all executive officers at levels that are generally comparable to total annual compensation of executive officers performing similar functions at the Peer Group REITs (as defined below under the heading "Process for Determining Compensation").

In addition, the Compensation Committee and the Board of Directors have committed to adopt, promptly upon effectiveness of final SEC and NYSE rules under Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, a clawback policy for executive officers.

The Compensation Committee believes that the Company's overall executive compensation program incorporates many compensation elements that are considered best practices, including:

All of the Company's equity compensation plans prohibit the repricing of underwater options and do not contain any evergreen features;

No current equity compensation agreements or awards for any executive officers provide for tax gross-up payments;

Executive perquisites are limited to only a few, de minimis items;

There are no minimum or guaranteed bonus amounts for any executive officers;

All severance arrangements with the Company's current executive officers provide reasonable severance benefits, and require a double-trigger for payouts of severance and acceleration of equity in the event of a change of control;

Employees, officers and directors are prohibited from engaging in any margin, hedging, or pledging activities in respect of the Company's securities; and

Equity ownership guidelines for the Chief Executive Officer and President and Chief Operating Officer require that they own any combination of an aggregate of 250,000 equity securities of the Company or its subsidiaries, which each of them currently satisfies.

Edgar Filing: MACK CALI REALTY CORP - Form DEF 14A

The total annual compensation of Messrs. Rudin, DeMarco, Krug and Wagner for 2015 was set at amounts comparable to the total annual compensation for the executive officers of the Peer Group REITs performing similar functions. Mr. Tycher was designated an executive officer of the Company in 2015 and his compensation will be assessed relative to the Peer Group REITs beginning in 2016.

Compensation Consultant

Role of the Compensation Consultant. In 2014, and again in 2015, the Compensation Committee retained F.W. Cook as its independent Compensation Consultant. The Compensation Committee retains its compensation consultant to assist with structuring the Company's various compensation programs and determining appropriate levels of salary, bonus and other compensatory awards payable to the Company's executive officers and key employees. In 2015, the Compensation Committee retained F.W. Cook to assist on all relevant matters, including assisting with respect to: (i) assessing the Company's and management's performance relative to the Peer Group REITs; (ii) market ranges for salaries, bonuses and incentive compensation payments; (iii) compensation and governance practices relative to ISS and Glass Lewis policy guidelines; (iv) structuring the compensation packages for Messrs. Rudin and DeMarco in connection with their becoming executive officers of the Company in June 2015; (v) structuring annual and long-term incentive compensation plans for management; and (vi) structuring a new employment agreement for Robert Andrew Marshall.

Determination of Compensation Consultant's Objectivity. The Compensation Committee recognizes that it is essential to receive objective advice from its outside compensation consultant. F.W. Cook was engaged by the Compensation Committee to act as an independent outside consultant to the Compensation Committee. The Compensation Committee closely examines the safeguards and steps that F.W. Cook takes to ensure that its executive compensation consulting services are objective. The Compensation Committee takes into consideration that:

The Compensation Committee hired and has the authority to terminate the engagement of its consultants for executive compensation related services;

A compensation consultant is engaged by and reports directly to the Compensation Committee for all executive compensation services; and

A compensation consultant has direct access to members of the Compensation Committee during and between meetings.

F.W. Cook performed only executive, board and other compensation-related services for the Compensation Committee, and did not perform, directly or indirectly through an affiliate, any other services for the Company in 2015. Based on a consideration of factors deemed relevant to the Compensation Committee regarding F.W. Cook, including without limitation the independence factors specified in Section 303A.05 of the NYSE Listed Company Manual, including the nature of the services provided, the amount of the compensation consultant's fees, its policies and procedures to prevent conflicts of interest, its business or personal relationships with our directors and executive officers, and its stock ownership in us, the Compensation Committee concluded that F.W. Cook is independent and that the work that they perform for the Compensation Committee has not raised any conflict of interest.

Process for Determining Compensation

Competitive Compensation Analysis in 2015 to Evaluate 2016 Pay Opportunities. F.W. Cook reviewed the peer group used in the prior year's analysis and determined that no changes to the group were necessary or appropriate. The 2015 peer group consisted of the following fifteen office and diversified REITs: Alexandria Real Estate Equities, Inc., BioMed Realty Trust, Brandywine Realty Trust, Columbia Property Trust, Corporate Office Properties Trust, Inc., Cousins Properties, Digital

Edgar Filing: MACK CALI REALTY CORP - Form DEF 14A

Realty Trust, Douglas Emmett, Inc., Highwoods Properties, Inc., Hudson Pacific Properties, Kilroy Realty Corporation, Liberty Property Trust, Parkway Properties, Inc., Piedmont Office Realty Trust, and Washington REIT (collectively, the "Peer Group REITs"). The Compensation Committee used this competitive analysis to evaluate the competitiveness of annual bonuses for 2015 and set 2016 target total compensation opportunities for the named executive officers, including the assessment of individual components of compensation.

Determining Bonuses for 2015 Performance. The performance of the Company's named executive officers are evaluated at the end of each fiscal year (in the first quarter of the following fiscal year once all the financial information relative to the prior year has been determined) by the Compensation Committee with assistance from the Compensation Consultant. The Chief Executive Officer and President and Chief Operating Officer are responsible for the strategic direction and long-term planning for the Company and oversee the day to day performance of the other named executive officers. As such, the Compensation Committee believes that the input of the Chief Executive Officer and President and Chief Operating Officer is necessary information for it to evaluate the performance of the other named executive officers and make recommendations for their compensation packages.

Following such performance analysis, the Compensation Committee, with assistance from the Compensation Consultant, and based upon the recommendations of the Chief Executive Officer and President and Chief Operating Officer with respect to the other named executive officers, determines the appropriate combination of cash and stock-based compensation to pay to the Company's executives in light of its primary objectives with respect to executive compensation. In determining the appropriate mix of such compensation and the appropriate amounts of any discretionary components, the Compensation Committee considers the Compensation Consultants' competitive analyses of the Company's overall compensation arrangements. The Chief Executive Officer and President and Chief Operating Officer do not participate in the Compensation Committee's discussions of their own compensation.

In light of the reorganization of the management team in 2015 and because the development of the Company's 2015 Strategic Plan could not be completed until late in 2015 (due in large part because the Chief Executive Officer and President and Chief Operating Officer were not hired until June 2015), the Compensation Committee could not realistically implement specific, performance metrics for bonuses for the named executive officers in 2015. The Compensation Committee has adopted objective, quantifiable performance measures and goals linked to the 2015 Strategic Plan for its named executive officers for 2016 as further discussed below under the heading "Components of Compensation in 2015 Annual Cash Bonus Compensation."

Accordingly, the Compensation Committee determined 2015 bonuses for the named executive officers using a subjective assessment of performance. In evaluating the performance of the named executive officers in 2015, the Compensation Committee did not utilize specific, rigid performance benchmarks or fixed performance targets, but considered a number of factors, including: (i) the Company's overall performance, including those accomplishments described above under the heading "2015 Business Highlights;" (ii) the named executive officer's responsibilities within the Company and role in achieving the Company's business objectives; and (iii) dynamic market conditions and unforeseen and non-ordinary course events, which in 2015 consisted of the significant management transitions taking place and the adoption of the Company's 2015 Strategic Plan.

Components of Compensation in 2015

For 2015, the Company's executive compensation program consisted of the following elements: annual base salary, annual cash bonus, awards of restricted stock or RSUs (Messrs. Rudin, DeMarco), awards of performance share units (Messrs. Rudin and DeMarco) and stock option awards (Messrs. Rudin and DeMarco).

Edgar Filing: MACK CALI REALTY CORP - Form DEF 14A

The allocation of each component of compensation was determined by the Compensation Committee, based upon its review of the Peer Group REIT data compiled by its Compensation Consultant and input from the Chief Executive Officer and President and Chief Operating Officer with respect to the other named executive officers. Pursuant to the authority vested in the Compensation Committee set forth in its charter, it has complete discretion with respect to the compensation of the named executive officers.

Base Salaries. Base salaries are the fixed component of total compensation, and are established at levels the Compensation Committee deems appropriate for the function each executive officer performs. Base salaries are reviewed annually and with assistance from the Compensation Consultant and may be adjusted upward by the Compensation Committee from time to time. The table below sets forth the base salaries for the named executive officers continuing in office in 2015 and the 2016 base salaries approved by the Compensation Committee in March 2016:

Executive Officer	2015 Base Salary	2016 Base Salary
Mitchell E. Rudin	\$ 700,000	\$ 750,000
Michael J. DeMarco	\$ 700,000	\$ 750,000
Marshall B. Tycher	\$ 400,000	\$ 750,000
Anthony Krug	\$ 385,000	\$ 500,000
Gary T. Wagner	\$ 325,000	\$ 400,000

The base salaries for Messrs. Rudin and DeMarco were increased in 2016 in recognition of significant progress in 2015 in developing and commencing the implementation of the 2015 Strategic Plan and TSR performance since June 2015, when they were hired. Mr. Tycher's base salary, which was based on his legacy employment agreement, was increased for 2016 to create parity of his compensation relative to Messrs. Rudin and DeMarco in recognition of the increasingly important strategic contribution of the Roseland multi-family platform to the Company. The base salaries of Messrs. Krug and Wagner were increased for 2016 to provide for proper internal hierarchy within senior management and in recognition of the experience they have gained and their demonstrated performance in the roles they assumed in early 2014.

Annual Cash Bonus Compensation. The Company's policy of awarding annual cash bonuses is designed to specifically relate executive pay to Company and individual performance and to provide financial rewards for the achievement of substantive Company objectives.

In determining annual bonuses for 2015 for Messrs. Rudin, DeMarco, Tycher, Krug and Wagner, the Compensation Committee considered the factors described above under the heading "Process for Determining Compensation Determining Bonuses for 2015 Performance," including the Company's overall performance and accomplishments described above under the heading "2015 Business Highlights" and the named executive officer's responsibilities within the Company and role in achieving the Company's business objectives.

The table below sets forth the 2015 annual bonuses for the named executive officers continuing in office in 2015:

Executive Officer	2015 Bonus
Mitchell E. Rudin	\$ 900,000
Michael J. DeMarco	\$ 900,000
Marshall B. Tycher	\$ 2,000,000
Anthony Krug	\$ 300,000
Gary T. Wagner	\$ 150,000

Edgar Filing: MACK CALI REALTY CORP - Form DEF 14A

The bonus awards for the named executive officers were based on the same criteria considered by the Compensation Committee in determining base salary increases for 2016. In addition, the Compensation Committee considered the development of the 2015 Strategic Plan in setting the 2015 bonuses for Messrs. Rudin and DeMarco, which were pro-rated based on their approximate service period with the Company in 2015. The Compensation Committee also considered Mr. Tycher's development of a senior management team at Roseland that will position Roseland for the long-term and the fact that he did not receive any equity awards in 2015 in determining his 2015 bonus. The 2015 bonuses for Messrs. Krug and Wagner were determined in part taking into account the significant increases in base salaries set for them for 2016.

2016 Executive Officer Annual Bonus Program

In March 2016, the Compensation Committee adopted and the Board of Directors approved a more structured annual bonus program for the named executive officers for 2016, which was designed to directly support the Company's short-term goals in furtherance of the 2015 Strategic Plan.

The Compensation Committee established bonus opportunities for each continuing named executive officer, as follows:

Executive	Threshold	Target	Maximum
Mitchell E. Rudin	50%	100%	200%
Michael J. DeMarco	50%	100%	200%
Marshall B. Tycher	50%	100%	200%
Anthony Krug	20%	40%	80%
Gary T. Wagner	20%	40%	80%

The determination of 2016 bonuses for Messrs. Rudin and DeMarco will be based 90% on Company performance measures and 10% on the Compensation Committee's assessment of individual performance. The determinations of 2016 bonuses for other executive officers of the Company who are not part of the Roseland management team, including Messrs. Krug and Wagner, will be based 75% on Company performance measures and 25% on the Compensation Committee's assessment of individual performance. The 2016 Company performance measures approved by the Compensation Committee and ratified and adopted by the Board of Directors are:

Metric	Weight	Threshold	Target	Maximum
Core FFO (Funds From Operations) per Share	65%	\$ 2.00	\$ 2.04	\$ 2.10
Year-end Percent Leased Office	25%	88.0%	89.0%	90.0%
Disposition Volume(1)	10%	\$ 400,000,000	\$ 500,000,000	\$ 600,000,000

- (1) Relates to the total sale price of office properties to be disposed of pursuant to the Company's three year strategic plan announced in September 2015 that are completed in 2016.

Performance between threshold and maximum will be determined based on linear interpolation.

The determination of 2016 bonuses for the Roseland management team, including Mr. Tycher, will be based 75% on Roseland performance measures and 25% on the Compensation Committee's

Edgar Filing: MACK CALI REALTY CORP - Form DEF 14A

assessment of individual performance. The 2016 Roseland performance measures approved by the Compensation Committee and ratified and adopted by the Board of Directors are:

Metric	Weight	Threshold	Target	Maximum
Multi-Family Development Volume	60%	600 units	675 units	800 units
Year-end Occupancy Multi-Family(1)	20%	93.0%	94.0%	95.0%
Roseland Equity Raise(2)	20%	\$ 100,000,000	\$ 200,000,000	\$ 300,000,000

(1)

Excludes non-stabilized buildings and units taken out of service for repositioning.

(2)

As part of the Company's three year strategic plan announced in September 2015, the Company will seek to raise capital through the sale of equity interests in Roseland in a private placement to institutional investors or joint venture partners.

Performance between threshold and maximum will be determined based on linear interpolation.

Long-Term Incentives. The Company utilizes long-term incentive compensation in the form of service-based and performance-based equity awards to focus executives on the long-term performance of the Company, to align their interests with those of our stockholders, and to promote the success and enhance the value of the Company. The Compensation Committee, together with the Compensation Consultant, and in response to the negative say-on-pay shareholder vote last year, designed the long-term incentives for the Chief Executive Officer and President and Chief Operating Officer to be more strongly tied to objective, quantifiable long-term performance metrics more in line with current trends and recognized corporate governance "best practices."

2015 Equity Awards

In connection with the new employment agreements with Messrs. Rudin and DeMarco, the Company granted 2015 long-term incentive awards under the Company's stockholder-approved 2013 Incentive Stock Plan (the "2015 LTIP Awards") to each of Messrs. Rudin and DeMarco with a target "face" value (i.e., target shares granted times share price at grant) of \$1,300,000. Twenty-five percent (25%) of the target shares were in the form of RSUs subject to time-based vesting over three years, and seventy-five percent (75%) of the target shares were in the form of PSUs which will vest from 0% to 150% of the target number of PSUs granted based on the Company's TSR relative to equity office REITs in the FTSE NAREIT Equity Office Index. In order for Messrs. Rudin and DeMarco to earn 100% of the target number of shares, the Company's TSR must be at the 60th percentile of the peer group, which is higher than the typical 50th percentile target that most of the Peer Group REITs use for a 100% payout. No shares will be earned if the Company's TSR is below the 40th percentile. The full payout schedule for these PSUs is summarized in the table below:

Performance Level	CLI 3-Year TSR Percentile Rank	Payout (% of target PSUs)
< Threshold	< 40th percentile	0%
Threshold	40th percentile	50%
Target	60th percentile	100%
Maximum	>= 80th percentile	150%

Payout for performance between threshold and maximum will be linearly interpolated. In addition, notwithstanding the Company's TSR relative to the peer group, the payout of the PSUs will be limited to 100% if the Company's absolute TSR is negative. Messrs. Rudin and DeMarco are entitled to dividend equivalent payments on their respective RSUs and PSUs, but such dividend equivalents shall only vest and become payable to the extent that the underlying RSUs and PSUs vest. The Compensation Committee determined to award a significant portion of the 2015 equity awards in the form of performance-based awards to better align executive and stockholder interests by tying executive performance to TSR.

Pursuant to the employment agreements for Messrs. Rudin and DeMarco, they were each granted options to purchase 400,000 shares of the Company's common stock, exercisable for a period of ten years with an exercise price equal to the closing price of the Company's common stock on the NYSE on the June 5, 2015 grant date (which price was \$17.31 per share), with 200,000 of such options vesting in three equal annual installments commencing on the first anniversary of the grant date, and 200,000 of such options vesting if the Company's common stock trades at or above \$25.00 per share, or approximately a 44% increase from the share price at the time of grant, for thirty consecutive trading days while the executive is employed, or on or before June 30, 2019 if the executive is employed for the entire term of his employment agreement through December 31, 2018 (except if the executive's employment has been terminated by the Company for cause following expiration of the employment term).

The RSUs, PSUs and stock options awarded to Messrs. Rudin and DeMarco pursuant to their employment agreements were the only equity compensation awards to the named executive officers in 2015.

2016 Equity Awards

In March 2016, the Compensation Committee adopted and the Board of Directors approved the grant of long-term incentive awards to the management teams of the Company and Roseland, including all of the Company's executive officers (the "2016 LTIP Awards"). The design of the program was similar to the design of the RSUs and PSUs granted to Messrs. Rudin and DeMarco in 2015, except participation was expanded to more executives, and the performance-based component was enhanced to measure both absolute and relative performance. All of the 2016 LTIP Awards were in the form of Units in the Operating Partnership ("LTIP Units") and were made under the Company's stockholder approved 2013 Stock Incentive Plan.

For Messrs. Rudin, DeMarco and Tycher, approximately seventy-five percent (75%) of the target 2016 LTIP Award was a performance-based award under the new 2016 OPP (the "2016 PBV LTIP Units"). The remaining approximately twenty-five percent (25%) of the target 2016 LTIP Award for Messrs. Rudin, DeMarco and Tycher was in the form of a time-based award that will vest after three years on March 8, 2019 (the "2016 TBV LTIP Units"). For all other executive officers, approximately sixty percent (60%) of the target 2016 LTIP Award was in the form of 2016 PBV LTIP Units and approximately forty percent (40%) of the target 2016 LTIP Award was in the form of 2016 TBV LTIP Units. As with the 2015 equity awards, the Compensation Committee determined to award a significant portion of the 2016 LTIP Awards in the form of performance-based awards to better align executive and stockholder interests by tying executive performance to TSR.

The 2016 OPP is designed to align the interests of senior management to relative and absolute performance of the Company over a three-year performance period from March 8, 2016 through March 7, 2019. The senior management team that received 2016 LTIP Awards includes all eight of the Company's current executive officers, including all of the named executive officers, and twelve additional senior vice presidents of the Company and Roseland. Participants in the 2016 OPP will only earn the full awards if, over the three-year performance period, the Company achieves a fifty percent (50%) absolute total stockholder return ("TSR") and if the Company is in the 75th percentile of performance versus the NAREIT Office Index. The Board of Directors designed the 2016 OPP to conform to the highest form of best compensation practices in the industry.

Participants in the 2016 OPP, including the Company's executive officers and the management teams of the Company and Roseland, have the opportunity to vest in 2016 PBV LTIP Units that

Edgar Filing: MACK CALI REALTY CORP - Form DEF 14A

ultimately may be settled in common stock of the Company according to the following schedules, with linear interpolation for performance between levels:

Performance Level	Absolute TSR (50% of total 2016 PBV LTIP Units)		Relative TSR (50% of total 2016 PBV LTIP Units)	
	Company Absolute 3-Year TSR	Payout as % of Maximum LTIP Units	CLI 3-Year TSR Percentile Rank	Payout as % of Maximum LTIP Units
< Threshold	< 21%	0%	< 45 th Percentile	0%
Threshold	21%	25%	45 th Percentile	25%
Target	35.5%	62.5%	60 th Percentile	62.5%
Maximum	50%	100%	75 th Percentile	100%

If the designated performance objectives are achieved, 2016 PBV LTIP Units are also subject to time-based vesting requirements, with 50% of vested 2016 PBV LTIP Units vesting at the end of the performance period on March 7, 2019, and the remaining 50% of vested 2016 PBV LTIP Units vesting 25% each on March 7, 2020 and March 7, 2021.

The named executive officers of the Company received the following 2016 LTIP Awards:

Executive Officer	2016 TBV LTIP Units(1)	Maximum 2016 PBV LTIP Units(2)
Mitchell E. Rudin	23,041	118,989
Michael J. DeMarco	23,041	118,989
Marshall B. Tycher	23,041	118,989
Anthony Krug	7,373	11,899
Gary T. Wagner	3,687	5,949

- (1) Calculated based on the grant date fair value of \$21.70, the closing price of the Company's common stock as reported on the New York Stock Exchange on March 7, 2016.
- (2) Calculated based on the maximum number of LTIP Units that may be vested and the average closing price of the Company's common stock as reported on the New York Stock Exchange from January 1, 2016 through March 7, 2016 of \$20.17.

LTIP Units were issued on March 8, 2016, but will remain subject to forfeiture depending on the extent that the 2016 LTIP Awards vest. The number of LTIP Units to be issued initially to recipients of the 2016 PBV LTIP Awards is the maximum number of LTIP Units that may be earned under the awards. The number of LTIP Units that actually vest for each award recipient will be determined at the end of the performance measurement period. TSR for the Company and for the Index over the three-year measurement period and other circumstances will determine how many LTIP Units vest for each recipient; if they are fewer than the number issued initially, the balance will be forfeited as of the performance measurement date.

Prior to vesting, recipients of LTIP Units will be entitled to receive per unit distributions equal to one-tenth (10%) of the regular quarterly distributions payable on a common unit of limited partnership interest in the Operating Partnership (a "Common Unit"), but will not be entitled to receive any special distributions. Distributions with respect to the other nine-tenths (90%) of regular quarterly distributions payable on a Common Unit will accrue but shall only become payable upon vesting of the LTIP Unit. After vesting of the 2016 TBV LTIP Units or the end of the measurement period for the 2016 PBV LTIP Units, the number of LTIP Units, both vested and unvested, will be entitled to receive distributions in an amount per unit equal to distributions, both regular and special, payable on a Common Unit.

LTIP Units are designed to qualify as "profits interests" in the Operating Partnership for federal income tax purposes. As a general matter, the profits interests characteristics of the LTIP Units mean that initially they will not be economically equivalent in value to a Common Unit. If and when events specified by applicable tax regulations occur, LTIP Units can over time increase in value up to the point where they are equivalent to Common Units on a one-for-one basis. After LTIP Units are fully vested, and to the extent the special tax rules applicable to profits interests have allowed them to become equivalent in value to Common Units, LTIP Units may be converted on a one-for-one basis into Common Units. Common Units in turn have a one-for-one relationship in value with shares of the Company's common stock, and are redeemable on a one-for-one basis for cash or, at the election of the Company, shares of the Company's common stock.

The 2016 LTIP Awards to Messrs. Rudin and DeMarco are in lieu of, and shall supersede and replace, the long-term incentive plan awards for calendar year 2016 contemplated by paragraph 4(b) of each of their employment agreements with the Company dated June 3, 2015.

Severance and Change-in-Control Payments. We have entered into employment or severance agreements with each of our named executive officers. These benefits are commonly offered among peer companies, and therefore enable us to attract, retain, and motivate key talent. In particular, they ensure the retention of our named executive officers when considering potential transactions which may create uncertainty as to their continued employment. The employment agreements of Messrs. Rudin and DeMarco, and the severance agreements of Messrs. Krug and Wagner, provide for severance payments in the event of involuntary termination without cause or constructive termination for good reason and double trigger severance benefits in the event of a change in control that are generally 1.5 times the sum of annual base salary and target bonus for Messrs. Rudin and DeMarco and Krug and 1.0 times the sum of annual base salary and target bonus for Mr. Wagner. The employment agreement for Mr. Tycher provides for a lump sum severance payment in the amount of \$1,000,000 plus his salary through the end of the then applicable employment term in the event of involuntary termination without cause or constructive termination for good reason or a termination following a change in control. See "Executive Compensation Employment Contracts; Potential Payments Upon Termination or Change in Control" for a summary of the terms and conditions of the severance provisions in the employment agreements of Messrs. Rudin, DeMarco and Tycher and the severance agreements of Messrs. Krug and Wagner.

Benefits and Other Compensation

401(k) Savings Plan. The Company maintains a tax-qualified defined contribution plan for the benefit of all its eligible employees, including the named executive officers. The provisions and features of the plan apply to all participants in the plan, including the named executive officers. Eligible employees may elect to defer from one percent up to 60 percent of their annual compensation on a pre-tax basis to the 401(k) Plan, subject to certain limitations imposed by federal law. The amounts contributed by employees are immediately vested and non-forfeitable. The Company may make discretionary matching or profit sharing contributions to the 401(k) Plan on behalf of eligible participants in any plan year. Participants are always 100 percent vested in their pre-tax contributions and will begin vesting in any matching or profit sharing contributions made on their behalf after two years of service with the Company at a rate of 20 percent per year, becoming 100 percent vested after a total of six years of service with the Company. All contributions are allocated as a percentage of compensation of the eligible participants for the Plan year. The assets of the 401(k) Plan are held in trust and a separate account is established for each participant. A participant may receive a distribution of his or her vested account balance in the 401(k) Plan in a single sum or in installment payments upon his or her termination of service with the Company. In 2015, there were \$970,000 in discretionary matching or profit sharing contributions made by the Company to the plan on behalf of all employees, including \$39,750 on behalf of the named executive officers.

Edgar Filing: MACK CALI REALTY CORP - Form DEF 14A

Other Compensation. The Company offers limited perquisites to certain of its executive officers, such as travel and transportation allowances. See note 9 under "Executive Compensation Summary Compensation Table." The Company does not offer qualified or non-qualified defined benefit plans to its executive officers or employees, nor does it offer non-qualified defined contribution plans.

Equity Ownership Guidelines

The Company has Equity Ownership Guidelines for the Chief Executive Officer and President and Chief Operating Officer. The Compensation Committee believes the Equity Ownership Guidelines further align the interests of the Chief Executive Officer and President and Chief Operating Officer with stockholder value and requires each executive to own an aggregate of 250,000 shares of the Company's Common Stock ("Shares") or any derivatives that may be settled in shares of the Company's common stock ("Derivatives"), in any combination of Shares or Derivatives as determined in the sole discretion of the executive. Each of the Chief Executive Officer and President and Chief Operating Officer currently satisfies these ownership guidelines.

Anti-Hedging/Anti-Pledging Policy

The Board of Directors has adopted a policy that provides that executive officers, employees, and directors may not acquire securities issued by the Company or any of its affiliates using borrowed funds, may not use margin in respect of securities issued by the Company or any of its affiliates, may not pledge securities issued by the Company or any of its affiliates as collateral, and may not engage in hedging or other transactions with respect to their ownership of securities issued by the Company or its affiliates, each of which the Board of Directors believes would be inconsistent with the purposes and intent of the stock ownership guidelines applicable to directors, the Chief Executive Officer and the President and Chief Operating Officer.

Compensation of Former President and Chief Executive Officer

On November 4, 2014, the Company entered into a Separation and General Release Agreement with its former President and Chief Executive Officer, Mitchell E. Hersh (the "Separation Agreement"). Mr. Hersh resigned as a Director on May 11, 2015 at the 2015 annual meeting of stockholders and as President and Chief Executive Officer of the Company on June 3, 2015 in accordance with the terms and conditions of the Separation Agreement. For transition purposes, Mr. Hersh's salary was continued through June 30, 2015 when his employment with the Company terminated. Pursuant to the Separation Agreement, Mr. Hersh was entitled to receive his base salary of \$1,050,000 in 2015, prorated to \$553,269 for his period of service through the June 30, 2015 effective date of his termination.

Beginning in 2014, the Compensation Committee adopted a formulaic bonus program for Mr. Hersh, based on pre-determined performance metrics for annual cash and stock bonus awards. Mr. Hersh's Separation Agreement provided that Mr. Hersh would be entitled to receive a pro-rated annual bonus for the period of time he served as President and Chief Executive Officer in 2015 based on the pre-determined performance metrics established in 2014 that would continue to apply in 2015 as set forth in the tables below.

TOTAL:	100%	\$ 1,313,000	\$ 1,838,000	\$ 2,363,000

(1) Discretionary in the determination of the Compensation Committee.

Following Mr. Hersh's departure from the Company, in July 2015 the Compensation Committee assessed the performance of the Company for the first half of 2015 and determined that on an annualized basis, Mr. Hersh would have been entitled to a pro-rated 2015 bonus of \$448,000 payable in 2016. The Compensation Committee determined it was in the best interests of the Company and its stockholders to pay a lump sum cash amount to Mr. Hersh contemporaneously with his termination of service with the Company in lieu of any pro-rated 2015 bonus he may have been entitled to receive at year end. This determination was made primarily as a result of a negotiation with Mr. Hersh and at his request. Accordingly, the Compensation Committee authorized and the Company paid to Mr. Hersh in July 2015 \$250,000 in cash in full satisfaction of any 2015 bonus Mr. Hersh would otherwise have been entitled to receive at year end.

Employment Contracts; Potential Payments Upon Termination or Change in Control

The following discussion includes descriptions of the material terms of employment and severance agreements between the Company and Messrs. Rudin, DeMarco, Tycher, Krug and Wagner.

Mitchell E. Rudin and Michael J. DeMarco Employment Agreements. On June 5, 2015, the Company entered into identical employment agreements with Messrs. Rudin and DeMarco (the "Rudin and DeMarco Employment Agreements") which provide for certain severance payments to Messrs. Rudin or DeMarco, or their respective beneficiaries upon death, disability, termination by the Company without cause, termination by the executive for good reason during the term of his employment or within two years of a change in control.

Under the Rudin and DeMarco Employment Agreements:

- (i)
 - "cause" is defined as:
 - (a) willful and continued failure to use best efforts to substantially perform his duties to the Company (other than any such failure resulting from incapacity due to physical or mental illness) for a period of thirty (30) days after written demand for substantial performance is delivered by the Company specifically identifying the manner in which the Company believes the executive has not substantially performed his duties;

- (ii)
 - "disability" is defined as the inability of executive, as a result of any medically determinable physical or mental disease, injury, or congenital condition, to substantially perform his principal duties to the Company, with or without reasonable accommodation, for a continuous period of one hundred and eighty (180) days, or periods aggregating two hundred and seventy (270) days in any twelve (12) month period.
- (iii)
 - "good reason" is defined to mean the occurrence of any of the following circumstances without the express written consent of the executive:

- (v) "change in control period" means the period commencing on the earlier of (i) the date that a Change in Control occurs or (ii) the date that the Company enters into a definitive agreement with respect to a transaction, the consummation of which would constitute a Change in Control (provided it is actually consummated), and in either case ending on the second anniversary of the Change in Control.

Marshall B. Tycher Employment. Mr. Tycher has served as President of Roseland Residential Services, L.P. since it was acquired by the Company in October 2012 pursuant to his employment agreement with Roseland's predecessor organization dated October 23, 2012 (the "Tycher Employment Agreement"). In connection with the reorganization of Roseland at the end of 2015 and the creation of Roseland Residential Trust, in March 2016 Mr. Tycher was appointed Chairman of Roseland. COMPENSATION OF DIRECTORS

Directors' Fees. In 2015, each non-employee director was paid an annual fee of \$60,000, plus \$1,500 for attendance at, or telephonic participation in, any board or committee meeting. The Chairmen of each of the Audit Committee, the Executive Committee, the Nominating and Corporate Governance Committee and the Compensation Committee were paid an additional annual fee of \$15,000 in 2015, and the Lead Independent Director was paid an additional annual fee of \$20,000 in 2015. The Company does not pay director fees to employee directors, who in fiscal 2015 consisted of Mitchell E. Hersh. Each director also was reimbursed for expenses incurred in attending board and committee meetings. For fiscal year 2015, the Company's non-employee directors received directors' fees or fee equivalents (see "Compensation of Directors Directors' Deferred Compensation Plan" below) in the amounts set forth in the table below.

Directors' Deferred Compensation Plan. Pursuant to the Amended and Restated Directors' Deferred Compensation Plan, originally effective as of January 1, 1999 (the "Directors' Deferred Compensation Plan"), each non-employee director is entitled to defer all or a specified portion of the annual fee to be paid to such director. The account of a director who elects to defer such compensation under the Directors' Deferred Compensation Plan is credited with the hypothetical number of stock units, calculated to the nearest thousandths of a unit, determined by dividing the amount of cash compensation deferred on the quarterly deferral date by the closing market price of the Common Stock on such quarterly deferral date. Any stock dividend declared by the Company on Common Stock results in a proportionate increase in units in the director's account as if such director held shares of Common Stock equal to the number of units in such director's account. Payment of a director's account may only be made in a lump sum in shares of Common Stock equal to the number of units in a director's account after either the director's service on the Board of Directors has terminated or there has been a change in control of the Company. In 2015, Nathan Gantcher, David S. Mack, Alan G. Philibosian, Vincent Tese and Roy J. Zuckerberg elected to receive a portion of their cash fees earned in 2015 in the form of deferred stock units. On December 9, 2008, the Directors' Deferred Compensation Plan was amended and restated to conform to the requirements of Section 409A of the Code.

Directors' Stock Incentive Plans. The Company has one equity compensation plan pursuant to which equity compensation awards to non-employee members of the Board of Directors may be made: the 2013 Plan. For services rendered in 2015, each non-employee member of the Board of Directors was granted shares of restricted Common Stock with an approximate grant-date fair value of \$80,000 under the 2013 Plan. These restricted shares will vest on January 1, 2017.

Compensation Risk Assessment

In setting compensation, the Compensation Committee considers the risks to our stockholders and to achievement of our goals that may be inherent in our compensation programs. At the direction of the Compensation Committee, we conducted a risk assessment of our compensation programs, including our executive compensation programs. The Compensation Committee and its Compensation Consultant reviewed and discussed the findings of this assessment and concluded that our compensation programs are designed with the appropriate balance of risk and reward in relation to our overall business strategy and do not incent employees to take unnecessary or excessive risks. Although a significant portion of our executive's compensation is performance-based and "at-risk," we believe our executive compensation plans are appropriately structured and are not reasonably likely to result in a material adverse effect on the Company. We considered the following elements of our executive compensation plans and policies when evaluating whether such plans and policies encourage our executives to take unreasonable risks:

We set performance criteria that we believe are reasonable in light of past performance and market conditions, and we use a variety of performance metrics (including, without limitation, TSR, Core FFO, Year-end percent leased of office properties, disposition volume of office properties, multi-family residential development volume and occupancy, and capital raising levels at Roseland) that we believe correlate to long-term creation of stockholder value and that are affected by management decisions;

Our executive compensation program includes an appropriate balance of fixed versus variable pay, cash versus equity, and short-term versus long-term incentive compensation elements.

We provide a significant portion of long-term incentive compensation in the form of PSUs in 2015 and LTIP Units under our 2016 OPP. The amounts ultimately earned under the awards are tied to how we perform over a three year measurement period based on attainment of absolute and relative TSR performance, which focuses management on sustaining our long-term performance;

Assuming achievement of at least a minimum level of performance, payouts under our performance-based awards have a range of payout opportunity and may result in some compensation at levels below full target achievement, rather than an "all-or-nothing" approach; and

The Compensation Committee considers non-financial and other qualitative performance factors in determining actual compensation payouts.

In sum, we believe our executive compensation program is structured so that (i) we maintain a conservative risk profile that maintains the Company's low leverage and aims to achieve strong stockholder returns and long-term results; (ii) we avoid the type of disproportionately large short-term incentives that could encourage executives to take risks that may not be in our long-term interests; (iii) we provide incentives to manage for long-term performance; and (iv) a considerable amount of wealth of our executives is tied to our long-term success. We believe this combination of factors encourages our executives to manage the Company in a prudent manner. The Compensation Committee specifically considered compensation risk implications during its deliberations on the 2015 bonuses and 2016 performance metrics for all executive officers.

PROPOSAL NO. 2
NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

The following proposal gives our stockholders the opportunity to vote to approve or not approve, on an advisory basis, the compensation of our named executive officers as disclosed in the "Compensation Discussion and Analysis" and "Executive Compensation" sections of this proxy statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and our compensation philosophy, policies and practices with respect to our named executive officers. We are providing this vote as required by Section 14A of the Exchange Act, which was added to the Exchange Act by Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010. We provide this vote annually based on an election may by our stockholders at our 2011 annual meeting of stockholders, and we will ask our stockholders to vote on the frequency of this advisory vote again at our 2017 annual meeting of stockholders. The Board of Directors believes that the overall design and function of the Company's executive compensation program is appropriate and effective in aligning the interests of management and the Company's stockholders and that management is properly incentivized to manage the Company in a prudent manner. Accordingly, we are asking our stockholders to vote "FOR" the adoption of the following resolution:

"RESOLVED, that the stockholders advise that they approve the compensation of the named executive officers of the Company, as disclosed in the "Compensation Discussion and Analysis" and "Executive Compensation" sections of this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission (which disclosure shall include the Compensation Discussion and Analysis, the compensation tables, and any related material)."

Although the vote is non-binding, the Board of Directors and the Compensation Committee will review the voting results in connection with their ongoing evaluation of the Company's executive compensation program. Broker non-votes (as described under the "*Solicitation and Voting Procedures* *Voting Procedure*" section on page 3 of this proxy statement) are not entitled to vote on these proposals and will not be counted in evaluating the results of such vote.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* ADVISORY APPROVAL OF THE RESOLUTION SET FORTH ABOVE.

PROPOSAL NO. 3
RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM

PricewaterhouseCoopers LLP served as the Company's independent registered public accountants for the fiscal year ended December 31, 2015, and has been appointed by the Audit Committee to continue as the Company's independent registered public accountants for the fiscal year ending December 31, 2016. In the event that ratification of this appointment of the Company's independent registered public accountants is not approved by the affirmative vote of a majority of votes cast on the matter, then the appointment of the Company's independent registered public accountants will be reconsidered by the Audit Committee. Unless marked to the contrary, proxies received will be voted for ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accountants for the fiscal year ending December 31, 2016.

A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting. The representative will have an opportunity to make a statement and will be able to respond to appropriate questions.

Your ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accountants for the fiscal year ending December 31, 2016 does not preclude the Board of Directors from terminating its engagement of PricewaterhouseCoopers LLP and retaining a new independent registered public accounting firm if it determines that such an action would be in the best interests of the Company. If the Company elects to retain a new independent registered public accounting firm, such independent registered public accountants will be another "Big 4" accounting firm.

The Company was billed for professional services rendered in 2015 by PricewaterhouseCoopers LLP, the details of which are disclosed below.

Pre-Approval Policies and Procedures

Pursuant to its charter, the Audit Committee has the sole authority to appoint or replace the Company's independent registered public accountants (subject, if applicable, to stockholder ratification). The Audit Committee is directly responsible for the compensation and oversight of the work of the Company's independent registered public accountants (including resolution of disagreements between management and the Company's independent registered public accountants regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. The Company's independent registered public accountants are engaged by, and report directly to, the Audit Committee.

The Audit Committee pre-approves all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent registered public accountants, subject to the *de minimis* exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act and SEC Rule 2-01(c)(7)(i)(C) of Regulation S-X, all of which are approved by the Audit Committee prior to the completion of the audit. In the event pre-approval for such auditing services and permitted non-audit services cannot be obtained as a result of inherent time constraints in the matter for which such services are required, the Chairman of the Audit Committee has been granted the authority to pre-approve such services, provided that the estimated cost of such services on each such occasion does not exceed \$125,000, and the Chairman of the Audit Committee reports for ratification such pre-approval to the Audit Committee at its next scheduled meeting. The Audit Committee has complied with the procedures set forth above, and has otherwise complied with the provisions of its charter.

Audit Fees

The aggregate fees and expenses incurred by the Company and its consolidated subsidiaries for fiscal years ended December 31, 2015 and 2014 for professional services rendered by PricewaterhouseCoopers LLP in connection with (i) the audit of the Company's annual financial statements; (ii) the review of the financial statements included in the Company's Quarterly Reports on Form 10-Q for the quarters ended March 31, June 30, and September 30; (iii) consents and comfort letters issued in connection with debt and equity offerings and registration statements; and (iv) services provided in connection with statutory and regulatory filings or engagements, including attestation services required by Section 404 of the Sarbanes-Oxley Act of 2002, were \$1,198,600 and \$1,414,140, respectively.

Audit-Related Fees

For the fiscal years ended December 31, 2015 and 2014, the Company did not incur any audit-related fees by PricewaterhouseCoopers LLP.

Tax Fees

The aggregate fees incurred by the Company for fiscal years ended December 31, 2015 and 2014 for professional services rendered by PricewaterhouseCoopers LLP for tax compliance, tax advice and tax planning were \$212,000 and \$224,666, respectively. These services consisted of reviewing the Company's tax returns.

All Other Fees

There were no fees or expenses incurred by the Company for fiscal years ended December 31, 2015 and 2014 for other services rendered by PricewaterhouseCoopers LLP.

Vote Required and Board of Directors' Recommendation

Assuming a quorum is present, the affirmative vote of a majority of the votes cast at the Annual Meeting, either in person or by proxy, is required for approval of this proposal. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2016.

PROPOSAL NO. 4
SHAREHOLDER PROPOSAL

Graphic Communications Conferences IBT Benevolent Trust Fund U.S. (the "Proponent"), 25 Louisiana Ave., N.W., Washington D.C. 20001-2198, owner of 405 shares of the Company's Common Stock, has notified the Company of its intention to introduce the following proposal at the Annual Meeting. The proposal and the Proponent's supporting statement, for which the Board of Directors and the Company accept no responsibility, appear below in italics.

THE BOARD OF DIRECTORS OF THE COMPANY OPPOSES ADOPTION OF THE PROPOSAL AND ASKS STOCKHOLDERS TO REVIEW THE BOARD OF DIRECTORS' RESPONSE, WHICH FOLLOWS THE PROPOSAL AND THE PROPONENT'S SUPPORTING STATEMENT.

"RESOLVED, The shareholders ask the board of directors of Mack-Cali Realty to adopt a policy that in the event of change in control (as defined under any applicable employment agreement, equity incentive plan or other plan), there shall be no acceleration of vesting of any equity award granted to any senior executive officer, provided, however, that the board's Compensation Committee may provide in an applicable grant or purchase agreement that any unvested award will vest on a partial, pro rata basis up to the time of the senior executive officer's termination, with such qualifications for an award as the Committee may determine.

For purposes of this Policy, "equity award" means an award granted under an equity incentive plan as defined in Item 402 of the SEC's Regulation S-K, which addresses elements of executive compensation to be disclosed to shareholders. This resolution shall be implemented so as not to affect any contractual rights in existence on the date this proposal is adopted, and it shall apply only to equity awards made under equity incentive plans or plan amendments that shareholders approve after the date of the 2016 annual meeting."

Supporting Statement

A similar proposal received a vote in favor of 45.2 percent at last year's annual meeting.

Mack-Cali Realty ("Company") allows senior executives to receive an accelerated award of unearned equity under certain conditions after a change of control of the Company. We do not question that some form of severance payments may be appropriate in that situation. We are concerned, however, that current practices at the Company may permit windfall awards that have nothing to do with an executive's performance.

According to last year's proxy statement, the former President and CEO Mitchell E. Hersh received a severance package of nearly \$16 million that included more than \$5 million in accelerated vesting. In addition, two other executives would be entitled to an additional \$1.78 million in accelerated vesting had a termination and change in control occurred on December 31, 2014.

We are unpersuaded by the argument that executives somehow "deserve" to receive unvested awards. To accelerate the vesting of unearned equity on the theory that an executive was denied the opportunity to earn those shares seems inconsistent with a "pay for performance" philosophy worthy of the name.

We do believe, however, that an affected executive should be eligible to receive an accelerated vesting of equity awards, on a pro rata basis as of his or her termination date, with the details of any pro rata award to be determined by the Compensation Committee.

Other major corporations, including: Apple, Chevron, ExxonMobil, IBM, Intel, Microsoft, and Occidental Petroleum, have limitations on accelerated vesting of unearned equity, such as providing pro rata awards or simply forfeiting unearned awards. Research from James Reda & Associates found that over one third of the largest 200 companies now pro rate, forfeit, or only partially vest performance shares upon a change of control.

We urge you to vote FOR this proposal.

Mack-Cali Realty Corporation's Response to Shareholder Proposal

We recommend that you vote "AGAINST" Proposal No. 4. The Board is committed to a thoughtful and disciplined application of all elements of the Company's executive compensation program. Consistent with this commitment, the Board of Directors has determined for many years that these objectives are best-implemented in regard to unvested equity compensation awards and a potential change in control by providing for the acceleration of vesting of outstanding equity compensation awards upon a change in control. Accordingly, the Board of Directors recommends that you vote AGAINST Proposal No. 4 for the reasons discussed below.

The Proposal Would Limit the Company's Ability to Attract and Retain Executive Talent

Many public companies do not prohibit accelerated vesting of equity awards in connection with a change in control. Accordingly, restricting the judgment of the Board of Directors and the Compensation Committee and adopting the Proponent's one-size-fits-all policy required by Proposal No. 4 could place us at a competitive disadvantage in attracting and retaining key executives, particularly if a change in control transaction is pending or contemplated, thereby jeopardizing our long-term performance. Retaining key executives while a change in control transaction is pending can be particularly important, since the loss of such executives could adversely affect the Company's business or operations if the transaction is not completed.

An Independent Compensation Committee Should be Permitted to Properly Exercise its Fiduciary Duties

The Board of Directors believes that the Compensation Committee, which is composed entirely of independent directors, should have the autonomy to develop the details of an executive compensation program that the Committee members, in the exercise of their fiduciary duties, feel is in the best interests of the Company and its stockholders. The inflexible policy that would be imposed by the proposal should not displace the careful and well-informed business judgment of a Compensation Committee that is deeply familiar with calibrating the consistent application of the Company's executive compensation philosophies across the various components of the Company's executive compensation program.

Stockholder and Employee Interests Should Be Aligned

The Board of Directors is concerned that pro-rata vesting might bias employees against an otherwise beneficial change in control transaction by forcing the employees to face the prospect of losing their previously granted equity compensation awards. In contrast, preventing the loss of an executive's incentive compensation where awards are not assumed or continued, or where the employee is terminated without cause upon a change in control aligns the interests of employees and stockholders by providing employees an equitable opportunity to realize along with the shareholders a portion of the enterprise value created prior to and in connection with the change in control transaction. That value is primarily attributable to the talents and dedicated efforts of the Company's employees, and the Board of Directors strongly disagrees with the assertion in the proposal that the sharing of a portion of this value would somehow be a "windfall" to Company employees who hold unvested equity compensation. The terms and conditions of the employment, severance and equity compensation award agreements for our current executive officers require a "double trigger" for vesting in the event of a change-in-control, meaning that awards are accelerated only if a change-in-control occurs *and*, within twenty-four months, an executive officer's employment is terminated by the Company for a reason other than death, disability or cause. This is in contrast to a "single trigger" provision that would accelerate equity awards only upon a change-in-control event. The Board believes that our current

practice of double trigger acceleration of awards in these circumstances correctly aligns the interests of our executives with the interests of our stockholders in the context of a change-in-control.

Stockholders Benefit from Employees Having a Strong Incentive to Remain with the Company in Uncertain Times

It is the view of the Board of Directors that retaining key employees during the uncertainty of a pending change in control transaction is particularly important. If the transaction is to continue to completion, then their efforts are needed to maintain stability and the Company's financial performance so that the potential transaction can advance in a manner that will serve the best interests of the Company's stockholders. If the proposed transaction is not completed, then the efforts of these key employees will be critical in helping the Company return its focus to ordinary business operations and its strategic growth plan. Executives who fear that they will lose all or a portion of their awards in connection with a change in control would have less incentive to remain with the Company during such period of uncertainty, which would reduce the value of the Company to a potential acquirer. The Board of Directors believes that providing some form of accelerated vesting upon a change in control is important in attracting and retaining key employees, which in turn is critical to preserving and maximizing shareholder value.

The Company Believes the Proposal is Not Consistent with Market Practices

Because Proposal No. 4 is inconsistent with general market practices, implementation of the proposal would hinder the Company's ability to attract and retain qualified executives and create misalignment between executives' interests and those of stockholders. Therefore, Proposal No. 4 is not in the best interests of the stockholders. Equity compensation practices are constantly changing, and maintaining flexibility with respect to evolving executive compensation practices among the Company's peer REITs is essential for the Company to attract and retain executives and other key personnel.

The Company's Stockholders Voted Against This Same Proposal at the 2015 Annual Meeting of Stockholders

The Company received substantially the same proposal from the proponent at its 2015 annual meeting of stockholders and approximately 54.8% of votes cast at the 2015 annual meeting were voted against the proposal. The Company conducted a stockholder outreach program in 2015. As a result, the Board of Directors and Compensation Committee determined that single trigger change in control payout provisions under the employment agreements from 1999 and 2001 of the Company's former management team that left the Company in 2014 and 2015 were disfavored. As noted above, all of the agreements with the Company's current executive officers, all of which have been entered into in 2015, are subject to double-trigger vesting in the event of a change in control in conformity with what the Board of Directors believes to be best market practices and consistent with the discussions with stockholders as part of the 2015 outreach.

Summary

In conclusion, the Board of Directors firmly believes that having the flexibility to provide for the vesting of equity compensation awards upon a change in control accurately aligns stockholder and employee interests and provides employees with a strong incentive consistent with market practice to remain with the Company while the Company is considering a change in control transaction. The Board of Directors also asks that stockholders be appropriately respectful of the independent directors' business judgment in determining the details of the Company's executive compensation program.

Vote Required and Board of Directors' Recommendation

Assuming a quorum is present, the affirmative vote of a majority of the votes cast on this proposal at the Annual Meeting is required for approval of this Proposal No. 4. Abstentions and broker non-votes will have no effect on the outcome of this proposal.
