Notes

- (a) Only those members registered in the register of members of the Company at 5p.m. London time (12.00 noon Eastern Standard Time) on June 19, 2017 will be entitled to attend and vote at the AGM in respect of the number of ordinary shares registered in their name at the time. Changes to entries on the relevant register after that deadline will be disregarded in determining the rights of any person to attend and vote at the AGM. Should the AGM be adjourned to a time not more than 48 hours after the deadline, the same deadline will also apply for the purpose of determining the entitlement of members to attend and vote (and for the purpose of determining the number of votes they may cast) at the adjourned AGM. Should the AGM be adjourned for a longer period, then to be so entitled, members must be entered on the Register at the time which is 48 hours before the time fixed for the adjourned AGM or, if the Company gives notice of the adjourned AGM, at the time specified in the notice.
- (b) Any member may appoint a proxy to attend, speak and vote on his/her behalf. A member may appoint more than one proxy in relation to the AGM provided that each proxy is appointed to exercise the rights attached to a different share or shares of the member. A proxy need not be a member, but must attend the meeting in person. Proxy forms should be lodged with the Company's Registrar (Computershare) not later than 11a.m. London time (6a.m. Eastern Standard Time) on June 19, 2017. Completion and return of the appropriate proxy form does not prevent a member from attending and voting in person if he/she is entitled to do so and so wishes. The attached proxy statement explains proxy voting and the matters to be voted on in more detail. Please read the proxy statement carefully. For specific information regarding the voting of your ordinary shares, please refer to the proxy statement under the section entitled "*Questions and Answers About Voting.*"
- (c) Any corporation which is a member can appoint one or more corporate representatives who may exercise on its behalf all of its powers as a member provided that they do not do so in relation to the same shares.
- (d) In the case of joint holders, the vote of the senior who tenders the vote whether in person or by proxy will be accepted to the exclusion of the votes of any other joint holders. For these purposes, seniority shall be determined by the order in which the names stand in the Company's relevant register or members for the certificated or uncertificated shares of the Company (as the case may be) in respect of the joint holding.
- (e) CREST members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so for the AGM and any adjournments of it by using the procedures described in the CREST Manual. CREST personal members or other CREST sponsored members, and those CREST members who have appointed voting service providers, should refer to their sponsors or voting service providers, who will be able to take the appropriate action on their behalf. For a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a "**CREST Proxy Instruction**") must be properly authenticated in accordance with Euroclear's specifications and must contain the information required for those instructions as described in the CREST Manual (available via www.euroclear.com). The message, regardless of whether it relates to the appointment of a proxy or to an amendment to the instruction given to the previously appointed proxy, must, to be valid, be transmitted so as to be received by the Company's agent 3RA50 by the latest time for receipt of proxy appointments specified in the Notice. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which the Company's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time, any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.
-

CREST members and, where applicable, their CREST sponsors or voting service providers should note that Euroclear UK does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will, therefore, apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed voting service providers, to procure that its CREST sponsors or voting service providers take) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

(f)

As of April 26, 2017 (being the last practicable date before circulation of this Notice), the Company's issued ordinary share capital consisted of [] ordinary shares, carrying one vote each. Therefore, the total voting rights in the Company as of that date are [].

(g)

Under s527 Companies Act 2006, members meeting the threshold requirement set out in that section have the right to require the Company to publish on a website a statement setting out any matter relating to: (i) the audit of the Company's accounts (including the auditor's report and the conduct of the audit) that are to be laid before the AGM; or (ii) any circumstance connected with an auditor of the Company ceasing to hold office since the previous meeting at which annual accounts and reports were laid in accordance with s437 Companies Act 2006. The Company may not require the shareholders requesting any such website publication to pay its expenses in complying with ss527 or 528 Companies Act 2006. Where the Company is required to place a statement on a website under s527 Companies Act 2006, it must forward the statement to the Company's auditor not later than the time when it makes the statement available on the website. Except as set out in the notes to this Notice, any communication with the Company in relation to the AGM, including in relation to proxies, should be sent to the Company's Registrar, Computershare Investor Services PLC, The Pavilions, Bridgwater Road, Bristol, BS99 6ZY, England. No other means of communication will be accepted. In particular, you may not use any electronic address provided either in this notice or in any related documents to communicate with the Company for any purpose other than those expressly stated.

(i)

Copies of the service agreement for our executive director and of the letters of appointment for our non-executive directors will be available for inspection at the registered office of the Company during normal business hours on any week day (public holidays excepted) from the date of this Notice of AGM until the date of the AGM, and at the place of the AGM for one hour before the meeting and at the meeting itself.

In this mailing, we are also including our U.K. statutory annual accounts and reports for the year ended December 31, 2016 ("2016 U.K. Annual Report"). In addition, we have provided brokers, dealers, bankers, and their nominees, at our expense, with additional copies of our proxy materials and the 2016 U.K. Annual Report so that our record holders can supply these materials to the beneficial owners of our ordinary shares.

Whilst this document is being sent to our ordinary shareholders of record, this document will also be available to holders of American Depository Shares ("ADSs") and contains information relevant to holders of ADSs.

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to be Held on June 21, 2017

A member represented by a proxy at the Meeting will be counted towards the quorum requirement even where the proxy abstains from voting. If a form of proxy does not instruct the proxy how to vote, the proxy may vote as he or she sees fit or abstain in relation to any business of the Meeting, but the member represented by that proxy at the Meeting will be counted towards the quorum requirement. If there is no quorum, the Meeting will stand adjourned to such time, date and place as may be fixed by the chairperson of the Meeting (being not less than 10 days later), and, if a quorum is not present at the adjourned meeting, the Meeting will be dissolved.

What are the implications of being an "emerging growth company"?

We are an "emerging growth company" as that term is used in the Jumpstart Our Business Startups Act of 2012 and, as such, have elected to comply with certain reduced public company reporting requirements. As a result of this election we are providing in this 2017 Proxy Statement the scaled disclosure permitted for emerging growth companies, including the scaled executive compensation disclosure. In addition, we are not required to conduct votes seeking approval, on an advisory basis, of the compensation of our Named Executive Officers (as defined herein) or the frequency with which such votes must be conducted. We will remain an emerging growth company until the earlier of (1) the last day of the fiscal year (a) following May 11, 2020, the fifth anniversary of the completion of our initial public offering, (b) in which we have total annual gross revenue of at least \$1.0 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our ordinary shares that are held by non-affiliates exceeds \$700 million as of the prior June 30th, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt during the prior three-year period.

ELECTION OF DIRECTORS

Our Board of Directors currently consists of nine directors.

Our Articles of Association require that those directors who were appointed since our 2016 Annual General Meeting must retire from office and offer themselves for re-election. Accordingly, Ms. Barbara Duncan, Mr. Giles Kerr and Dr. Tal Zaks, will retire from office and offer themselves for re-election by our shareholders at the 2017 AGM.

Additionally, our Articles of Association require one-third (or such number nearest to but not exceeding one-third) of our remaining directors who are subject to retirement by rotation to retire from office at each annual general meeting effective from the 2016 Annual General Meeting, commencing with the longest-serving directors. In the case of equal tenure, retirement is by agreement. Of the six directors subject to retirement by rotation, Dr. Ali Behbahani and Dr. Peter Thompson, will, on this occasion, retire from office and stand for re-election by our shareholders.

Having carried out an evaluation of the individual performance of each of Ms. Duncan, Mr. Kerr, Dr. Zaks, Dr. Behbahani and Dr. Thompson, with the support of the Corporate Governance and Nominating Committee, the Board is satisfied that their performance continues to be effective and that they continue to demonstrate commitment to their roles. The Board considers that it is entirely appropriate for each of Ms. Duncan, Mr. Kerr, Dr. Zaks, Dr. Behbahani and Dr. Thompson, to seek re-election at the AGM.

Each of the above directors has been nominated for re-election and no other nominees for directors have been presented. Therefore, it is anticipated that following the AGM, if all of the above directors are re-elected, the Board of Directors will be comprised of nine members.

In connection with proposals 1 through 5, we set forth the biographical information for the nominees to our Board of Directors. For biographical information for the other directors see *Board of Directors and Corporate Governance*.

BACKGROUND TO PROPOSALS 10 AND 11

Pursuant to the U.K. Companies Act 2006, our Board of Directors may only allot ordinary shares or grant rights over ordinary shares if authorized to do so by our shareholders. If so authorized, the U.K. Companies Act 2006 requires us, where the allotment is for cash, to offer them in the first instance to our existing ordinary shareholders in proportion to their holdings, unless the shareholders have sanctioned the disapplication of their statutory rights of pre-emption in respect of such allotment or grant of rights.

Our Board of Directors anticipates that there may be occasions when they need flexibility to finance business opportunities and growth, or otherwise act in the best interests of the Company, by the issuance of ordinary shares or rights over ordinary shares without a pre-emptive offer to existing shareholders. To ensure our continued ability to respond to market conditions and address business needs, our Board of Directors considers it appropriate that they be granted additional authority to allot ordinary shares or grant rights over ordinary shares up to an aggregate nominal amount of £140,000.00 on a non-preemptive basis. These authorities will replace all of the existing authorities granted by our shareholders.

These proposals are fully compliant with U.K. company law, consistent with U.S. capital markets practice and governance standards, and if approved, will keep us on an equal footing with our peer companies who are incorporated in the U.S.A. We are asking you to approve these proposals to allow us to continue to execute on our business and growth strategy in a timely and competitive manner.

The full details of the proposals are set forth below.

Table of Contents

PROPOSAL 10 AUTHORIZATION OF ALLOTMENT OF SHARES

Under the U.K. Companies Act 2006, our Board of Directors cannot allot shares in the Company (other than pursuant to an employee share scheme) unless they are authorised to do so by the Company in general meeting. The Directors currently have an existing authority to allot shares in the Company and to grant rights to subscribe for or convert securities into shares in the Company. This authority was granted to the Directors on December 17, 2015 and was in respect of a maximum aggregate nominal amount of £150,000.00, which represented approximately 35% of the then issued ordinary share capital of the Company, and it remains unexercised in respect of approximately 1.32% of the Company's issued ordinary share capital. Resolution 10 is an ordinary resolution to seek a new authority, which will replace the existing authority.

Resolution 10 proposes that the Directors are granted authority to allot new shares or to grant rights to subscribe for or to convert any security into shares in the Company up to a maximum aggregate nominal amount of £140,000.00. This amount represents approximately []% of the issued ordinary share capital of the Company as of April 26, 2017. If approved by shareholders, this authority will run for five years and will expire on June 20, 2022.

The Directors have no present intention of exercising this authority, except in relation to the Company's share incentive schemes, but believe it is in the interests of shareholders for the Directors to have this flexibility to allot shares otherwise than just in relation to the Company's share incentive schemes should circumstances and their intentions change.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE
FOR THE APPROVAL OF PROPOSAL 10**

PROPOSAL 11 DISAPPLICATION OF PRE-EMPTION RIGHTS

This Resolution seeks a disapplication of pre-emption rights for cash issues of up to a certain proportion of the Company's issued ordinary share capital. Our Board of Directors currently has a power to allot shares as if the rights of pre-emption applicable under the U.K. Companies Act did not apply for cash issues. This power was granted to the Directors pursuant to shareholder resolutions passed on December 17, 2015 and was in respect of a maximum aggregate nominal amount of £150,000.00, which represented approximately 35% of the then issued ordinary share capital of the Company, and it remains unexercised in respect of approximately 1.32% of the Company's issued ordinary share capital.

The Directors have decided to seek to renew the disapplication of pre-emption rights for cash issues to replace the existing power. This Resolution will, if passed, give the Directors power, pursuant to the authority to allot granted by Resolution 10, to allot equity securities for cash without first offering them to existing shareholders in proportion to their existing holdings (a) in relation to pre-emptive offers and offers to holders of other equity securities if required by the rights of those securities or, subject to those rights, as the Directors otherwise consider necessary and (b) in any other case, up to an aggregate maximum nominal amount of £140,000.00 which represents approximately []% of the Company's issued ordinary share capital as of April 26, 2017.

This Resolution will be required to be passed as a special resolution and, if passed, this power will expire at the end of the AGM of the Company to be held in 2019.

The Directors have no present intention of exercising this power, except in relation to the Company's share incentive schemes, but believe it is in the interests of shareholders for the Directors to have this flexibility to allot shares for cash otherwise than just in relation to the Company's share incentive schemes should circumstances and their intentions change.

CORPORATE GOVERNANCE

Structure of our Board of Directors

The leadership structure of our current Board of Directors separates the positions of Chief Executive Officer and Chairman of the Board in order to ensure independent leadership of the Board. Our Board believes that this separation is appropriate for the Company at this time because it allows for a division of responsibilities, with our CEO focused on leading the Company while the Chairman can focus on leading the Board in overseeing management, and for a sharing of ideas between individuals having different perspectives.

Table of Contents

Independence of our Board of Directors

Our Board of Directors has determined that all of our directors, other than James Noble, qualify as "independent" directors in accordance with the independence requirements under the applicable listing standards of The NASDAQ Global Market as well as applicable rules promulgated by the SEC. Mr. Noble is not considered independent because he is an employee of the Company.

Our Board of Directors has made a subjective determination as to each independent director that no relationships exist that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our Board of Directors reviewed and discussed information provided by the directors and us with regard to each director's business and personal activities and relationships as they may relate to us and our management. There are no family relationships among any of our directors or executive officers.

Our independent directors meet in regularly scheduled executive sessions at which only independent directors are present. All of the committees of our Board of Directors are comprised entirely of directors determined by the Board of Directors to be independent.

Committees of our Board of Directors

Our Board of Directors has three standing committees: the Audit Committee; the Remuneration Committee; and the Corporate Governance and Nominating Committee. The charters for each of these committees can be found on our website at <http://www.adaptimmune.com>

Audit Committee

Our Audit Committee is currently composed of Mr. Alleva, Ms. Duncan and Mr. Kerr, with Mr. Alleva serving as chairman of the committee. Our Board of Directors has determined that each member of the Audit Committee meets the independence requirements of Rule 10A-3 under the Exchange Act and the applicable listing standards of The NASDAQ Global Market. Our Board of Directors has determined that each of Mr. Alleva, Ms. Duncan and Mr. Kerr is an "audit committee financial expert" within the meaning of SEC regulations and the applicable listing standards of The NASDAQ Global Market. The Audit Committee held eight meetings during 2016. The Audit Committee's responsibilities include:

overseeing and reviewing our internal controls, accounting policies and financial reporting and provide a forum through which our independent registered public accounting firm reports;

meeting at least once a year with our independent registered public accounting firm without executive Board members present;

maintaining oversight over related person transactions to ensure that they are appropriately disclosed and to make recommendations to the Board of Directors regarding authorization, and for considering noteworthy questions of possible conflicts of interest involving directors.

Remuneration Committee

Our Remuneration Committee is currently composed of Mr. Mott, Dr. Thompson and Dr. Zaks, with Mr. Mott serving as chairman of the committee. Our Board of Directors has determined that each member of the Remuneration Committee is "independent" as defined under the applicable listing standards of The NASDAQ Global Market. The Remuneration Committee held five meetings during 2016. The Remuneration Committee's responsibilities include:

appointing, compensating and overseeing the work of any compensation consultant or other advisor retained by the Remuneration Committee;

reviewing the performance of our senior executive officers and our Chief Executive Officer who is our sole executive director;

making recommendations to the Board of Directors with respect to the compensation of the Chief Executive Officer and the Non-Executive Directors;

determining the allocation of awards under our share option schemes to our senior executive officers, making recommendations to the Board of Directors with respect to the allocation of option awards to our Chief Executive Officer and setting the overall allocation of option awards to our employees and consultants;

No individual will participate in discussion or decisions concerning his or her own remuneration. None of the members of our Remuneration Committee has at any time during the prior three years been one of our officers or employees. None of our executive officers currently serves, or in the past fiscal year has served, as a member of our Remuneration Committee or the remuneration committee of any entity that has one or more executive officers serving on our Board of Directors.

As noted above, our Board of Directors has delegated to the Remuneration Committee the authority to determine the remuneration for our executive officers with the exception of our Chief

Executive Officer who is also our sole executive director. Executive and non-executive director remuneration is recommended by our Remuneration Committee to the Board of Directors for approval. Our Chief Executive Officer may participate in general discussions with our Remuneration Committee and Board of Directors about these remuneration matters but he does not participate in discussions during which his individual remuneration is being considered and approved.

In 2016, the Committee retained Willis Towers Watson, a remuneration consultant, to assist the Committee in ensuring that our remuneration arrangements for the Executive Director and senior executives are competitive for the calendar year commencing January 1, 2017. Willis Towers Watson provided data from comparable publicly traded biopharmaceutical companies and otherwise assisted the Committee in its design of competitive remuneration for our senior executives. The Committee expects to continue to use remuneration consultants to assist the Committee in determining competitive levels of executive remuneration and specific design elements of our remuneration program. After review and consultation with Willis Towers Watson, the Committee determined that Willis Towers Watson is independent and that there is no conflict of interest resulting from retaining Willis Towers Watson currently or in 2017. In reaching these conclusions, our Remuneration Committee considered the factors set forth in the SEC rules and the applicable listing standards of The NASDAQ Global Market.

The Committee also retained Radford, an Aon Hewitt company, to conduct market research and analysis and to advise the Committee concerning compensation for our Non-Executive Directors. As anticipated in our U.K. Directors' Report on Remuneration for the period ended December 31, 2015, we revised our remuneration arrangements for Non-Executive Directors during 2016 to comprise an award of a fixed number of share options, plus an additional number of share options or cash payment at the director's election. The option awards and cash payments were established at competitive levels taking into account peer data from comparable companies provided in a benchmarking survey undertaken by Radford. After review and consultation with Radford, the Remuneration Committee determined that Radford is independent and that there is no conflict of interest resulting from retaining Radford currently or in 2017. In reaching these conclusions, our Remuneration Committee considered the factors set forth in the SEC rules and the applicable listing standards of The NASDAQ Global Market.

Corporate Governance and Nominating Committee

Our Corporate Governance and Nominating Committee is composed of Mr. Mott, Dr. Behbahani, Mr. Kerr and Dr. Sigal, with Mr. Mott serving as chairman of the committee. Our Board of Directors has determined that each member of the Corporate Governance and Nominating Committee is "independent" as defined under the applicable listing standards of The NASDAQ Global Market. The Corporate Governance and Nominating Committee held four meetings during 2016. The Nominating and Corporate Governance Committee's responsibilities include:

reviewing the structure, size and composition of the Board of Directors;

recommending to our Board of Directors individuals to be nominated for election as directors and to each of the committees of our Board;

supervising the selection and appointment process of directors;

making recommendations to the Board of Directors with regard to any changes and using an external search consultant if considered appropriate;

appointing, compensating and overseeing the work of any search firm or other advisor retained by the Committee;

making final recommendations to the Board of Directors with respect to new appointments, which includes meeting the candidate prior to approving the appointment;

overseeing the induction of new directors and providing appropriate training to the Board of Directors during the course of the year in order to ensure that they have the knowledge and skills necessary to operate effectively; and

evaluating the performance of the Board of Directors, both on an individual basis and for the Board of Directors as a whole, taking into account such factors as attendance record, contribution during board meetings and the amount of time that has been dedicated to board matters during the course of the year.

Board Oversight of Risk Management

Our management is primarily responsible for assessing and managing risk, while our Board of Directors is responsible for overseeing management's execution of its responsibilities. Our Board of Directors is supported by its committees in fulfillment of this responsibility. For example, our Audit Committee focuses on our overall financial risk by evaluating our internal controls and disclosure policies as well as ensuring the integrity of our financial statements and periodic reports. Our Remuneration Committee strives to create incentives that encourage an appropriate level of risk-taking consistent with our business strategy. Finally, our Corporate Governance and Nominating Committee ensures that our governance policies and procedures are appropriate in light of the risks we face. Our Chief Executive Officer, Mr. Noble, serves on our Board of Directors; however, he does not serve as Chairman of the Board of Directors. Mr. Mott serves as Chairman of the Board of Directors.

Director Nomination Process

The Corporate Governance and Nominating Committee of the Board of Directors reviews possible candidates for the Board and recommends the nominees for Directors to the Board for approval. The criteria that the Corporate Governance and Nominating and Committee and the Board of Directors look for in determining candidates for election to the Board, include, among others:

the highest personal and professional ethics, integrity and values;

commitment to representing the long-term interests of the Company's shareholders;

independence under the standards promulgated by The NASDAQ Global Market; and

ability to dedicate the time and resources sufficient to ensure the diligent performance of his or her duties on our behalf, including attending all Board of Directors and applicable committee meetings.

Although we do not have a standalone diversity policy, diversity is among the critical factors that the Board of Directors considers when evaluating its composition. It is the Corporate Governance and Nominating Committee's policy that the composition of the Board of Directors reflect a range of talents, ages, skills, character, diversity and expertise, particularly in the areas of accounting and finance, management, domestic and international markets, leadership, corporate governance, and biotechnology and related industries, sufficient to provide sound and prudent guidance with respect to the operations and interests of the Company. The independent directors of our Board of Directors believe that the current members of the Board of Directors reflect an appropriate diversity of gender, age, race, geographical background and experience but are committed to continuing to consider diversity issues in evaluating the composition of the Board of Directors.

The Nominating and Corporate Governance Committee's policy does not contemplate any disparate treatment of management nominees versus those put forth by our shareholders. To date, the Committee has worked with Egon Zehnder, an independent global board and executive search firm, to assist in identifying and evaluating potential nominees against role specifications.

Shareholder Recommendations and Nominees

It is the policy of our Board of Directors that the Nominating and Corporate Governance Committee consider both recommendations and nominations for candidates to the Board from shareholders so long as such recommendations and nominations comply with our Articles of Association and applicable laws, including the rules and regulations of the SEC. Shareholders may recommend director nominees for consideration by the Corporate Governance and Nominating Committee by writing to our Company Secretary at the address below, or the Company's registered office address from time to time, and providing evidence of the shareholder's ownership of our ordinary shares and/or ADSs, the nominee's name, home and business address and other contact information, as well as the nominee's detailed biographical data and qualifications for board membership, and information regarding any relationships between the recommended candidate and the Company within the last three fiscal years.

Following verification of the shareholder status of the person submitting the recommendation, all properly submitted recommendations will be promptly brought to the attention of the Corporate Governance and Nominating Committee. Shareholders who desire to nominate persons directly for election to the Board at an annual general meeting of shareholders must meet the deadlines and other requirements set forth under "Additional Information Shareholder Proposals for 2018 Annual General Meeting." Any vacancies on the Board of Directors occurring between our annual general meetings of shareholders may be filled by persons selected by a majority of the directors then in office, in which case any director so elected will serve until the next annual general meeting of shareholders when such director will offer himself/herself for re-election, or by persons elected by an ordinary resolution of the shareholders of the Company.

Narrative Disclosure to Summary Compensation Table

The primary elements of compensation for our NEOs are base salary, annual cash bonuses and long-term, equity-based compensation awards. Our NEOs also participate in employee benefit plans and programs that we offer to our other full-time employees on the same basis and have from time to time received relocation or other expense reimbursements from us.

Base Salary. Our NEOs receive base salary to compensate them for the satisfactory performance of duties to our company. The base salary payable to each NEO is intended to provide a fixed component of compensation reflecting the executive's skill set, experience, role and responsibilities.

Our Remuneration Committee periodically reviews NEO base salaries in consultation with management and Willis Towers Watson, an independent compensation consultant, to determine whether any adjustments are necessary or appropriate. The following table shows the annual base salaries of our NEOs for 2016 and 2017. All annual base salary increases were effective January 1 of the given year.

Name	2016 Annual Base Salary (\$)	2017 Annual Base Salary (\$)
James Noble(1)	388,395	502,854
Adrian Rawcliffe	435,000	443,700
Rafael Amado	430,000	442,900

- (1) Compensation paid to Mr. Noble is denominated in pounds sterling. For purposes of this table, 2016 and 2017 amounts for Mr. Noble in the table above have been converted based on the pound sterling/U.S. dollar exchange rate in effect as of December 31, 2016 (£1/\$1.233).

Annual Cash Bonuses. Our NEOs have the opportunity to earn annual performance bonuses based on the achievement of short-term performance goals, and which are expressed as a percentage of base salary.

Our Remuneration Committee generally determines annual bonuses for our NEOs, and the Board determines the annual bonus for our CEO, subject to: (i) objective criteria set forth by the Board of Directors or an authorized delegate thereof on an annual basis; and (ii) the overall performance of the Company and the Group. The initial target annual bonus with effect from January 1, 2017 for Mr. Noble is fifty percent (50%) of his base salary and for each of Mr. Rawcliffe and Dr. Amado is forty-five percent (45%) of his base salary.

Equity-Based Compensation. We have historically offered share options to our employees, including our NEOs, as the long-term incentive component of our compensation program. We typically grant options to employees as soon as practicable after they commence employment with us and may thereafter grant additional options in the discretion of our Board of Directors or Remuneration Committee. Our share options allow employees to purchase our ordinary shares at a price equal to the fair market value of our ordinary shares on the date prior to the grant date. Our share options typically vest as to 25% of the shares subject to the option on the first anniversary of the grant date and in monthly installments during the three-year period thereafter, subject to the holder's continued service

with us. From time to time, our Board of Directors or Remuneration Committee may also construct alternate vesting schedules as it determines in its sole discretion.

We awarded share options to our NEOs during 2016 in the following amounts and subject to vesting in accordance with our standard time-based vesting schedule described above:

Named Executive Officer	2016 Options Granted (#)
James Noble	1,968,016
Adrian Rawcliffe	939,948
Rafael Amado	939,948

Retirement, Health, Welfare and Additional Benefits. Our NEOs are eligible to participate in our employee benefit plans and programs, including medical and dental benefits and life insurance, to the same extent as our other full-time employees, subject to the terms and eligibility requirements of those plans. We also sponsor a 401(k) defined contribution plan in which our NEOs based in the United States may participate, subject to limits imposed by the Internal Revenue Code, to the same extent as all of our other full-time employees. During 2016, we made discretionary employer matching contributions equal to 50% of the first 4% of the elective contributions made by participants in the 401(k) plan. These matching contributions are subject to a vesting schedule. In addition, we made a 3% discretionary Safe Harbor match which is fully vested as of the date on which the contribution is made. We believe that providing a vehicle for tax-deferred retirement savings through our 401(k) plan adds to the overall desirability of our executive compensation package and further incentivizes our employees, including our NEOs, in accordance with our compensation policies. We do not typically provide any perquisites or special personal benefits to our NEOs, but have from time to time reimbursed amounts associated with relocation and other expenses for our NEOs.

Retirement Plans

401(k) Plan

We maintain a tax-qualified retirement plan for our U.S.-based employees that provides eligible employees with an opportunity to save for retirement on a tax-advantaged basis. We make discretionary employer matching contributions equal to 50% of the first 4% of the elective contributions made by participants in the 401(k) plan. These company matching contributions are subject to a vesting schedule. In addition, we make a 3% discretionary Safe Harbor matching contribution, which is fully vested as of the date of the contribution. Pre-tax contributions are allocated to each participant's individual account and are then invested in selected investment alternatives according to the participant's directions. The 401(k) plan is intended to qualify under Sections 401(a) and 501(a) of the

Table of Contents

Internal Revenue Code. As a tax-qualified retirement plan, contributions to the 401(k) plan and earnings on those contributions are not taxable to the employees until distributed from the 401(k) plan.

U.K. Defined Contribution Plan

In the U.K., we maintain a defined contribution plan that provides employees with an opportunity to contribute a portion of their monthly salary into the plan. If an employee elects to participate in the plan, there is a minimum employee contribution of 5% of monthly salary; there is no maximum limit to the employee contribution. The employee contribution to this plan is matched by us up to a maximum of 5% of monthly salary. All U.K. employees are eligible to participate in this plan. The method by which our U.K. employees participate is through a so-called "salary exchange" pursuant to which employees agree to a reduction in monthly salary in an amount equal to the defined contribution plan election. The amount of the reduction, together with the tax and national insurance savings to the employee and us as a result of the salary reduction, are contributed into the plan in addition to the 5% matching contribution described above.

Equity Compensation Plan Information

The following table provides information on our equity compensation plans as of December 31, 2016.

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options	Weighted Average Exercise Price of Outstanding Options \$	Number of Securities Available for Future Issuance Under Equity Compensation Plans(1)
Equity compensation plans	49,237,290	0.72	33,128,439
Total	49,237,290	0.72	33,128,439

For purposes of this table, the Weighted Average Exercise Price of Outstanding Options has been converted from £0.58 based on the pound sterling/U.S. dollar exchange rate in effect as of December 31, 2016 (£1/\$1.233).

The Company grants options over ordinary shares in Adaptimmune Therapeutics plc under the following option plans: (i) the Adaptimmune Therapeutics plc Employee Share Option Scheme (adopted 14 January 2016), (ii) the Adaptimmune Therapeutics plc 2015 Share Option Scheme and (adopted March 16, 2015) (ii) the Adaptimmune Therapeutics plc Company Share Option Plan (adopted March 16, 2015). The maximum aggregate number of options which may be granted under these plans and any incentive plans adopted by the Company cannot exceed a scheme limit that equates to 8% of the initial fully diluted share capital of the Company immediately following our IPO plus an automatic annual increase of an amount equivalent to 4% of the issued share capital on each 30 June (or such lower number as the Board, or an appropriate committee of the Board, may determine). The automatic increase is effective from July 1, 2016.

Prior to December 31, 2014, the Company granted options to purchase ordinary shares in Adaptimmune Limited under three option schemes: (i) the Adaptimmune Limited Share Option Scheme (adopted May 30, 2008), (ii) the Adaptimmune Limited 2014 Share Option Scheme (adopted April 11, 2014 and (iii) the Adaptimmune Limited Company Share Option Plan (adopted December 16, 2014). As part of the corporate reorganization in connection with our IPO, the holders of options granted under these schemes over ordinary shares of Adaptimmune Limited were granted equivalent options on substantially the same terms over ordinary shares of Adaptimmune Therapeutics plc ("Replacement Options") in exchange for the release of these options. The Company does not intend to grant any further options under these schemes. Further details of our option plans are set forth in Note 10 titled "Share based compensation" in our audited consolidated financial statements in our Form 10-K.

TRANSACTIONS WITH RELATED PERSONS

Certain Relationships and Related Party Transactions

Related Person Transactions Policy

We have adopted a policy with respect to the review, approval and ratification of related party transactions. Under the policy, our Audit Committee will be responsible for reviewing and approving related person transactions. In the course of its review and approval of related person transactions, our Audit Committee will consider the relevant facts and circumstances to decide whether to approve such transactions. In particular, our policy will require our Audit Committee to consider, among other factors it deems appropriate:

the related person's relationship to us and interest in the transaction;

the interests, direct or indirect, of any related person in the transaction in sufficient detail so as to enable the Audit Committee to assess such interests;

the material facts of the proposed related-person transaction, including the proposed aggregate value of such transaction, or, in the case of indebtedness, that amount of principal that would be involved;

the benefits to us of the proposed transaction;

an assessment of whether the proposed transaction is on terms that are comparable to the terms available to an unrelated third party or to employees generally; and

management's recommendation with respect to the proposed related-person transaction.

The Audit Committee may only approve those transactions that are in, or are not inconsistent with, our best interests and those of our shareholders, as the Audit Committee determines in good faith. If Audit Committee review and approval would be inappropriate, the relevant related party transaction will be referred to another independent body of our Board for review, consideration, approval or ratification.

Certain Related Person Transactions

We refer to these as "related person transactions." The information below excludes compensation arrangements with directors and executive officers, which are described above elsewhere in this proxy statement under "Director Remuneration" and "Executive Compensation."

On September 12, 2016, we entered into a letter agreement with Immunocore Limited ("Immunocore") that became effective November 8, 2016, recording our mutual agreement to terminate the target collaboration agreement with the termination effective on March 1, 2017.

AUDIT COMMITTEE REPORT

Review of the Company's Audited Financial Statements for the Year ended December 31, 2016

Our Audit Committee has reviewed and discussed with management our audited consolidated financial statements for the year ended December 31, 2016. Our Audit Committee has also received the written disclosures and the letter from KPMG LLP required by the applicable requirements of the PCAOB regarding communications with the audit committee concerning independence, and our Audit Committee has discussed with KPMG LLP its independence from management and the Company.

Based on our Audit Committee's review and discussions with management and the independent auditors, and subject to the limitations of the Audit Committee's role and responsibilities referred to above and in the Audit Committee charter, our Audit Committee recommended to the Board of Directors that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2016 for filing with the SEC.

The foregoing report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such acts.

The Audit Committee approves KPMG LLP's and its affiliates audit and non-audit services in advance as required under Sarbanes-Oxley and SEC rules. Before the commencement of each fiscal year, the Audit Committee appoints the independent auditor to perform audit services that we expect to be performed for the fiscal year and appoints the auditor to perform audit-related, tax and other permitted non-audit services. In addition, our Audit Committee approves the terms of the engagement letter to be entered into by us with the independent auditor. The Audit Committee has also delegated to its chairman the authority, from time to time, to pre-approve audit-related and non-audit services not prohibited by law to be performed by our independent auditors and associated fees, provided that the chairman shall report any decisions to pre-approve such audit-related and non-audit services and fees to our full Audit Committee at its next regular meeting.

The table below sets forth the fees paid to KPMG LLP over the past two years in connection with its work for us, including our subsidiary, Adaptimmune LLC. All such audit, audit-related and tax services were pre-approved by the Audit Committee, which concluded that the provision of such services by KPMG LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

The U.K. Companies Act 2006 generally requires the directors to call a general meeting once we have received requests to do so from shareholders representing at least 5% of our paid-up shares entitled to vote at a general meeting. The U.K. Companies Act 2006 generally prohibits shareholders of a U.K. public limited company from passing written resolutions. However, significant shareholders would, in any case, still have the power to call a general meeting and propose resolutions. These provisions are mandatory under the U.K. Companies Act 2006 and cannot be waived by our shareholders.

Shareholder Proposals for 2018 Annual General Meeting

In order to be considered for inclusion in our proxy statement for our 2018 annual general meeting of shareholders, shareholder proposals must be received by the Company at the Office of the Company Secretary, 101 Park Drive, Milton Park, Abingdon, Oxfordshire OX14 4RY no later than 120 days before the anniversary of the date on which we sent our proxy materials for the Meeting, or December [], 2017. Shareholder proposals submitted for consideration at our 2018 annual general meeting of shareholders, but not submitted for inclusion in our proxy statement for our 2018 annual general meeting of shareholders, must be received by the Company at the Office of the Company Secretary, 101 Park Drive, Milton Park, Abingdon, Oxfordshire OX14 4RY no later than 45 days before the anniversary of the date on which we sent our proxy materials for the Meeting, or March [•], 2018. If a shareholder does not timely provide notice as described above, proxies solicited on behalf of our management for the 2018 annual general meeting will confer discretionary authority to vote with respect to any such matter, as permitted by the proxy rules of the SEC.

Under section 338 of the U.K. Companies Act (2006), shareholders representing at least 5% of holders entitled to vote on a resolution at an annual general meeting may require the Company to include such resolution in its notice of an annual general meeting. Provided the applicable thresholds

ANNEX A TO PROXY STATEMENT

Directors' Remuneration Report

Remuneration Committee Chairman's Statement

On behalf of the Board of Directors of Adaptimmune Therapeutics plc, I am pleased to present the Directors' Remuneration Report for the year ended 31 December 2016. Shareholders will be invited to approve the Report on Remuneration (which will be a non-binding advisory vote) at the Annual General Meeting of shareholders to be held on 21 June 2017.

Period Covered by the Directors' Remuneration Report

The Directors' Remuneration Report that follows is for the full year period from 1 January 2016 to 31 December 2016 except where otherwise stated.

The Remuneration Committee

The Committee is responsible for reviewing and establishing our executive remuneration policy and philosophy, including making recommendations regarding the remuneration of our Chief Executive Officer ("CEO") to the Board for its approval, and determining and approving the remuneration of other senior executive officers. While the Board sets the remuneration of our CEO, who is our sole Executive Director, the Committee makes recommendations on such matters to the Board.

Philosophy

We seek to attract and retain outstanding employees who have the potential to support the growth of the Group and to attract and retain Non-Executive Directors who can substantially contribute to our success as an innovative, clinical-stage biopharmaceutical company. As the Group has operations in the United Kingdom and the United States, our senior executives and our Non-Executive Directors live and work in the U.K. and the U.S., and we are listed on a U.S. stock exchange, we assess the competitiveness of our policies against both European and U.S. benchmarks and practices, with an increasing focus on U.S. benchmarks and practices.

Business Strategy during 2016

Our primary goal in 2016 was to progress the development of the Group including executing on key elements of our pipeline development programmes, progressing our clinical trials programmes and opening additional INDs, as well as delivering new alliances from business development activities and continuing toward establishing the manufacturing and laboratory facilities required for the next development phase.

Activities and major decisions

The Committee's activities during the year included a benchmarking review of executive compensation, which was undertaken to ensure that remuneration for the senior executive team remains competitive for the retention and engagement of key talent. The Committee engaged Willis Towers Watson as independent advisors to benchmark executive compensation against a selected peer group consisting of comparable U.S.-listed and U.K. and European-listed biopharmaceutical companies, and to provide recommendations for base salaries, equity based awards and the structure of bonus incentive awards for 2017.

As a result of this benchmarking exercise, our CEO and senior executive officers received increased base salary awards at levels that remain compliant with the last approved Directors'

Edgar Filing: Adaptimmune Therapeutics PLC - Form PRE 14A

Table of Contents

Remuneration Policy and are aligned with the 50th percentile of peer group comparator data. For our CEO, this resulted in a base salary award of £407,830 effective from 1 January 2017.

In January 2017 the Committee also considered the extent of achievement of 2016 calendar year objectives by the executive team and determined the level of bonus incentive awards payable in respect of the 2016 calendar year. The awards made to our CEO and senior executive officers recognised that some of our corporate objectives for 2016 had been achieved, with our CEO receiving a bonus award at 50% of the potential target bonus amount.

At the same time, the Committee approved the objectives to be achieved by the executive team during 2017. These are considered to be commercially sensitive and will not be disclosed in detail, but are linked to our business strategies which include:

the advancement of our clinical trials for our AFP, MAGE-A10 and MAGE-A4 SPEAR T-cells, as well as of our clinical studies with our NY-ESO SPEAR T-cell beyond the setting of synovial sarcoma where preliminary evidence of efficacy and safety is established;

continuing to use our SPEAR T-cell platform to generate SPEAR T-cells for cancers where existing therapeutic approaches are limited;

continuing to understand, further enhance and improve the effectiveness and persistence of our SPEAR T-cell therapies;

the optimisation and expansion of our process development and manufacturing capabilities to maintain our leadership position in the TCR space; and

the continued expansion of our intellectual property portfolio.

Generally, the remuneration arrangements adopted in 2017 recognise the greater demands placed on our CEO and senior executive team to deliver on our strategy and create value for our shareholders.

Finally, under the last approved Directors' Remuneration policy, the Board has discretion to pay Non-Executive Directors in the form of a mixture of cash and equity. As anticipated in the Remuneration Report for the period ended 31 December 2015, we implemented revised remuneration arrangements for Non-Executive Directors during 2016 so that such remuneration now comprises an award of a fixed number of share options, plus an additional number of share options or cash payment at the Director's election. The option awards and cash payments were established at competitive levels based on peer group data from comparable companies provided in a benchmarking survey undertaken by Radford consultants.

Single Total Figure of Remuneration for each Director

The following table shows the remuneration received by the Directors for the year ended 31 December 2016.

For reference only, the table also shows the remuneration received by the Directors for the six months ended 31 December 2015, which information was included in the Company's annual report and financial statements for the period ended 31 December 2015 and approved by shareholders at the Annual General Meeting held on 16 June 2016. The annual bonus amount is shown for the 12 months ended 31 December 2015.

- (1) The majority of the remuneration was set and paid in pounds sterling (£). For the purpose of this table, the fees paid in U.S. dollars to Dr Tal Zaks have been translated into pounds sterling based on the U.S. dollar/pound sterling exchange rate at 31 December 2016 (\$1.233 to £1).
- (2) The base salary levels of our CEO and all other employees of the Group are reviewed and, to the extent deemed necessary, adjusted to be effective from 1 January in each year. The salary amount paid to Mr Noble for the six months ended 31 December 2015, shown in the table, represents 50% of his annual salary of £300,000 (effective from 1 January 2015) for the year ended 31 December 2015.
- (3) Taxable benefits comprise medical and life insurance. Generally, Mr Noble participates in the same benefits as we offer to all our employees in the United Kingdom where Mr Noble resides.
- (4) The annual bonus amount shown for the year ended 31 December 2016 represents the total bonus payment that related to performance in 2016. The annual bonus amount shown for the six months ended 31 December 2015 represents the total bonus payment that related to performance in the 12 months ended 31 December 2015.
- (5) The pension allowance for the year ended 31 December 2016 represents an amount equating to 5% of the base salary for that period. The pension contributions for the six months ended 31 December 2015 represent 50% of the total contributions for 2015 into a money purchase plan at the rate of 5% of base salary. 5% is the maximum employer matching contribution to each employee's participation in the basic defined contribution pension scheme.

- (6) The valuation of equity-based awards is based on the market value of underlying shares given at the time that performance conditions were met, less the applicable exercise price. In the year ended 31 December 2016, the valuation of all options granted was nil because it was based on the market value of the underlying shares. There were no performance obligations linked to the equity-based awards other than service obligations and therefore, for the purposes of this valuation, all performance conditions are considered to be met at the award date. No equity-based awards were made to Directors during the six months ended 31 December 2015.

Annual Bonus

The annual bonus for the year ended 31 December 2016 shown in the table above for Mr Noble, our CEO, was based on the achievement of objectives primarily linked to progression with the development of the Group including executing on key elements of our pipeline development

programmes, progressing our clinical trials programmes and opening additional INDs, delivering new alliances from business development activities and continuing toward establishing manufacturing and laboratory facilities required for the next development phase.

The Board has considered whether it would be in the best interests of the Company and its shareholders to disclose the precise targets agreed for the performance measures in 2016. As the specific objectives for a single year are based on the Group's long-term strategies, the Board has concluded that disclosing such targets would necessarily involve divulging competitively sensitive information that we believe would be detrimental to our commercial performance going forward and, therefore, we are providing the categories of objectives, rather than the precise targets.

Payments for Loss of Office

During the year ended 31 December 2016, we made no payments with respect to a Director's loss of office.

Policy on Payments for Loss of Office

Our approach to payments in the event of termination of an Executive Director is to take account of the individual circumstances including the reason for termination, individual performance, contractual obligations and the terms of the long-term incentive plans in which the Executive Director participates.

During March 2017, the Company entered into an amended service agreement with our Executive Director and adopted an executive severance policy that is applicable to our Executive Director and senior executive officers. The amended service agreement and executive severance policy are compliant with our last approved Directors' Remuneration Policy. In particular, all employment arrangements for any Executive Director(s) will continue to include a notice provision and continuing payment obligations for not more than a maximum period of one year following our termination of an Executive Director. Payment obligations would include base salary, target bonus and benefits. In addition, the Board has discretion under our option scheme rules to allow some or all of the options held by our Executive Director and senior executives to vest in the event of a change of control or otherwise.

We will comply with applicable disclosure and reporting requirements of the Securities and Exchange Commission with respect to remuneration arrangements with a departing Executive Director.

The information provided in this part of the Directors' Remuneration Report is not subject to audit.

The following graph compares the cumulative total shareholder return on our ADSs, each representing six Ordinary shares, with that of the Nasdaq Biotech Index for the period that our shares were publicly traded. We selected the Nasdaq Biotech Index because our ADSs trade on The NASDAQ Global Select Market and we believe this indicates our relative performance against a group consisting of more similarly situated companies.

Table of Contents***The Remuneration Committee***

Prior to 31 December 2016, the Remuneration Committee was comprised of Mr David Mott (Chairman), Mr Ian Laing, Dr Peter Thompson and Dr Tal Zaks, who joined the Committee upon his appointment to the Board on 14 November 2016. Following the retirement of Mr Laing on 31 December 2016, the Remuneration Committee is comprised of Mr Mott (Chairman), Dr Thompson and Dr Zaks. All members have continued to serve until the date of this Report on Remuneration. The charter of the Committee is set forth on our website at <http://www.adaptimmune.com>

Advice Provided to the Remuneration Committee

The Committee retained Radford, an Aon Hewitt company, and Willis Towers Watson to provide independent advice and consultation with respect to remuneration arrangements for the Chief Executive Officer (being our sole Executive Director) and senior management. Radford and Willis Towers Watson are global remuneration consultants with well-established reputations for the design and implementation of remuneration programmes, including the design and implementation of equity-based award programmes. In the year ended 31 December 2016, the amounts paid to Radford totalled \$27,152 and the amounts paid to Willis Towers Watson totalled \$38,158.

In addition to Radford and Willis Towers Watson, the Committee solicited and received input from the Chief Executive Officer concerning the remuneration of senior executives other than himself. The Chief Executive Officer provided recommendations with respect to annual cash bonuses to be paid to these persons for service in the year ending 31 December 2016 and base salary awards effective from 1 January 2017 and with respect to equity-based awards to be made to these persons in 2017. Finally, the Chief Executive Officer also provided input to the Committee regarding the implementation of equity-based remuneration as an element of all other employees' remuneration.

Application of the Remuneration Policy to Executive Director Remuneration for the year ending 31 December 2017

The following table provides an illustration of the potential remuneration for the year ending 31 December 2017 for the Chief Executive Officer, as the sole Executive Director, computed in accordance with the last approved Remuneration Policy and by applying the following assumptions:

Minimum	<p>The base salary for the Executive Director is assumed to be the base salary of £407,830 per annum effective from 1 January 2017.</p> <p>The value of benefits receivable for the year ending 31 December 2017 is assumed to be 5% of base salary for a pension allowance payment and the same rate of contribution for private health insurance as for 2016.</p> <p>No bonus is assumed for the Executive Director.</p>
In line with expectations	<p>The same components for base salary and benefits as reflected for the minimum above.</p> <p>The expected level of bonus is taken to be 50% of base salary, being the target level of bonus payment for the year ending 31 December 2017.</p>
Maximum	<p>The same components for base salary and benefits as reflected for the minimum above.</p> <p>The maximum level of bonus is taken to be 100% of current base salary.</p>

Annual bonus

For the year ending 31 December 2017, the Chief Executive Officer is eligible for a target bonus award of 50% of his base salary of £407,830 (that is, £203,915), subject to the achievement of objectives. These are linked to our business strategies, which include: the continued advancement of our clinical trials for our AFP, MAGE-A10 and MAGE-A4 SPEAR T-cells, and as well as of our clinical studies with our NY-ESO SPEAR T-cell beyond the setting of synovial sarcoma where preliminary evidence of efficacy and safety is established; continuing to use our SPEAR T-cell platform to generate SPEAR T-cells for cancers where existing therapeutic approaches are limited; continuing to understand, further enhance and improve the effectiveness and persistence of our SPEAR T-cell therapies; and the continued optimization and expansion of our process development and manufacturing capabilities to maintain our leadership position in the TCR space and the continued expansion of our intellectual property portfolio.

It is anticipated that the Board will meet in the first quarter of 2018 to assess the performance of the Chief Executive Officer for the year ended 31 December 2017 against the objectives.

The Board has considered whether it would be in the best interests of the Company and its shareholders to disclose the precise targets agreed for the performance measures in 2017. As the specific objectives for a single year are based on the Group's long-term strategies, the Board has concluded that disclosing such targets would necessarily involve divulging competitively sensitive information that we believe would be detrimental to our commercial performance going forward and, therefore, we are providing the categories of objectives, rather than the precise targets.

PART II DIRECTORS' REMUNERATION POLICY

We have set forth below a summary of the remuneration policy for the Executive Directors and for our Non-Executive Directors.

The full Directors' Remuneration Policy has been excluded from this Directors' Remuneration Report, as the last approved policy will continue to apply. That remuneration policy was approved at the Annual General Meeting held on 17 December 2015 and remains effective for a maximum of three years, until 16 December 2018, or until a revised policy is approved by shareholders. The last approved remuneration policy can be found in the Annual Report and Financial Statements of the Company for the year ended 30 June 2015, which is available in the Investors section of our website: <http://www.adaptimmune.com>

Summary of remuneration policy Executive Directors

As Adaptimmune Therapeutics plc is a U.K. incorporated company listed on NASDAQ, the Committee considers it appropriate to examine and be informed by compensation practices in both the U.K. and U.S., particularly in the matter of equity-based incentives. The Committee considers that the last approved Directors' Remuneration Policy continues to be appropriate and fit for purpose, but the Committee is committed to reviewing the remuneration policy on an ongoing basis in order to ensure that it remains effective and competitive.

The last approved Directors' Remuneration Policy is used to determine the remuneration for our CEO, our sole Executive Director, as well as for our other senior executives, and would also apply to other Executive Directors and senior executives that we appointed.

As described in the last approved Directors' Remuneration Policy, the elements of remuneration for our Executive Director and senior executives comprise: base salary, pension, benefits (currently, access to death-in-service life insurance, family private medical cover and ill-health income protection), annual bonus and long term equity incentives (currently, share option awards).

The remuneration of our CEO is determined by the Board after having considered recommendations from the Committee. The remuneration of other senior executives in the Group is determined by the Committee.

In 2016, the Committee retained an independent remuneration consultant, Willis Towers Watson, to assist the Committee in ensuring that our remuneration arrangements for the Executive Director and senior executives are competitive for the calendar year commencing 1 January 2017. Willis Towers Watson provided data from comparable publicly traded biopharmaceutical companies and otherwise assisted the Committee in its design of competitive remuneration for the Executive Director and senior executives. We expect to continue to use remuneration consultants to assist the Committee in determining competitive levels of executive remuneration and specific design elements of our remuneration programme.

Summary of remuneration policy Non-Executive Directors

Under the last approved Directors' Remuneration policy, the Board has the discretion to pay fees to any or all Non-Executive Directors; and/or to pay Non-Executive Directors in the form of a mixture of cash and share options. As anticipated in the Report on Remuneration for the period ended 31 December 2015, we revised our remuneration arrangements for Non-Executive Directors during 2016 to comprise an award of a fixed number of share options, plus an additional number of share options or cash payment at the Director's election. The option awards and cash payments were established at competitive levels taking into account peer data from comparable companies provided in a benchmarking survey undertaken by Radford consultants and are compliant with the last approved Directors' Remuneration policy.

Table of Contents

Our Non-Executive Directors do not receive any pension from the Company nor do they participate in any performance-related incentive plans.

Our Non-Executive Directors participate in the Group's long-term incentive plans on terms similar to those used for Executive Directors. In accordance with their Letters of Appointment, all Non-Executive Directors (except for Barbara Duncan, Giles Kerr and Tal Zaks) were granted an annual award of share options on 11 August 2016. Ms Duncan, Mr Kerr and Dr Taks were awarded share options on joining the Board and relevant committees during 2016. Each Non-Executive Director is entitled to receive an annual award of share options, with such number to be determined by the Board.

In determining option awards, the Board works within benchmarking guidelines provided by remuneration consultants. All options are granted with an exercise price that is no lower than the fair market value on the trading date prior to the date of grant and options awarded to new Directors become exercisable over three years while options awarded annually are exercisable on the first anniversary of the date of grant. Expected values are calculated in accordance with generally accepted methodologies based on Black-Scholes models.
