Proxy Statement

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Territorial Bancorp Inc. (the "Company") to be used at the annual meeting of stockholders of the Company. The Company is the holding company for Territorial Savings Bank (the "Bank"). The annual meeting will be held at 1132 Bishop Street, Suite 611, Honolulu, Hawaii, on Thursday, May 17, 2018, at 8:30 a.m., local time. This proxy statement and the enclosed proxy card are being mailed to stockholders of record on or about April 17, 2018.

Voting and Proxy Procedure

Who Can Vote at the Meeting

You are entitled to vote your Company common stock if the records of the Company show that you held your shares as of the close of business on March 29, 2018. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by your broker or other nominee. As the beneficial owner, you have the right to direct your broker how to vote.

As of the close of business on March 29, 2018, there were 9,735,030 shares of Company common stock outstanding for voting purposes. Each share of common stock has one vote. The Company's Articles of Incorporation provide that, subject to certain exceptions, a record owner of the Company's common stock for a person who beneficially owns, either directly or indirectly, in excess of 10% of the Company's outstanding shares, is not entitled to any vote in respect of the shares held in excess of the 10% limit.

Attending the Meeting

If you were a stockholder as of the close of business on March 29, 2018, you may attend the meeting. However, if your shares of Company common stock are held by a broker, bank, or other nominee (i.e., in "street name"), you will need proof of ownership to be admitted to the meeting. A recent brokerage statement or a letter from a bank or broker are examples of proof of ownership. If you want to vote your shares of Company common stock held in street name in person at the meeting, you will have to get a written proxy in your name from the broker, bank, or other nominee who holds your shares.

Vote Required

A majority of the outstanding shares of common stock entitled to vote is required to be represented at the meeting to constitute a quorum for the transaction of business. If you return valid proxy instructions or attend the meeting in person, your shares will be counted for purposes of determining whether there is a quorum, even if you abstain from voting. Broker non-votes also will be counted for purposes of determining the existence of a quorum. A broker non-vote occurs when a broker, bank, or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker, bank, or other nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

Edgar Filing: Territorial Bancorp Inc. - Form DEF 14A

Table of Contents

In voting on the election of directors, you may vote in favor of all nominees, withhold votes as to all nominees, or withhold votes as to specific nominees. There is no cumulative voting for the election of directors. Directors are elected by a plurality of the votes cast at the annual meeting. This means that the nominees receiving the greatest number of votes will be elected. Votes that are withheld and broker non-votes will have no effect on the outcome of the election. In addition, the Company has adopted a majority voting policy with respect to the election of directors. For more information, see "Majority Voting Policy."

In voting to ratify the appointment of Moss Adams LLP as our independent registered public accounting firm, you may vote in favor of the proposal, vote against the proposal, or abstain from voting. To be approved, this matter requires the affirmative vote of a majority of the votes cast at the annual meeting. Broker non-votes and abstentions will not be counted as votes cast and will have no effect on this proposal.

In voting on the nonbinding proposal to approve our executive compensation, you may vote in favor of the proposal, vote against the proposal, or abstain from voting. To approve the proposal, the affirmative vote of a majority of the votes cast at the annual meeting is required. Broker non-votes and abstentions will not be counted as votes cast and will have no effect on this proposal. While this vote is required by law, it will neither be binding on us or the Board of Directors, nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on, us or the Board of Directors.

Voting by Proxy

The Company's Board of Directors is sending you this proxy statement to request that you allow your shares of Company common stock to be represented at the annual meeting by the persons named in the enclosed proxy card. All shares of Company common stock represented at the meeting by properly executed and dated proxies will be voted according to the instructions indicated on the proxy card. If you sign, date, and return a proxy card without giving voting instructions, your shares will be voted as recommended by the Company's Board of Directors. The Board of Directors recommends that you:

vot~~f~~or each of the nominees for director;

vot~~f~~or ratification of the appointment of Moss Adams LLP as the Company's independent registered public accounting firm; and

vot~~f~~or the approval of our executive compensation as described in this proxy statement.

If any matters not described in this proxy statement are properly presented at the annual meeting and you have returned a validly executed proxy card, the persons named in the proxy card will use their judgment to determine how to vote your shares. This includes a motion to adjourn or postpone the meeting to solicit additional proxies. The Company does not currently know of any other matters to be presented at the meeting.

You may revoke your proxy at any time before the vote is taken at the annual meeting. To revoke your proxy, you must advise the Corporate Secretary of the Company in writing before your common stock has been voted at the annual meeting, deliver a later dated proxy, or attend the meeting and vote your shares in person by ballot. Attendance at the annual meeting will not in itself constitute revocation of your proxy.

If your Company common stock is held in street name, you will receive instructions from your broker or other nominee that you must follow to have your shares voted. Your broker or other nominee may allow you to deliver your voting instructions via the telephone or the Internet. Please review the proxy card or instruction form provided by your broker or other nominee that accompanies this proxy statement.

Participants in the ESOP and 401(k) Plan

If you participate in the Territorial Savings Bank Employee Stock Ownership Plan (the "ESOP") or if you hold Territorial Bancorp Inc. common stock through the Territorial Savings Bank 401(k) Plan (the "401(k) Plan"), you will receive vote authorization forms for the plans that reflect all shares you may direct the trustees to vote on your behalf under the plans. The ESOP trustee, subject to the exercise of its fiduciary responsibilities, will vote all unallocated shares of Territorial Bancorp Inc. common stock held by the ESOP and allocated shares for which no voting instructions are received in the same proportion as shares for which it has received timely voting instructions. Under the terms of the 401(k) Plan, a participant is entitled to provide voting instructions for all shares credited to his or her 401(k) Plan account and held in the Territorial Bancorp Inc. Code of Ethics and Business Conduct

We have adopted a Code of Ethics and Business Conduct that is designed to promote the highest standards of ethical conduct by our directors, executive officers, and employees. The Code of Ethics and Business Conduct requires that our directors, executive officers, and employees avoid conflicts of interest, comply with all laws and other legal requirements, conduct business in an honest and ethical manner, and otherwise act with integrity and in our best interest. Under the terms of the Code of Ethics and Business Conduct, directors, executive officers, and employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Code of Ethics and Business Conduct. A copy of the Code of Ethics and Business Conduct can be found in the "TSB Investor Relations Corporate Governance" section of our website, www.territorialsavings.net. Amendments to and waivers from our Code of Ethics and Business Conduct will be disclosed in the "TSB Investor Relations Corporate Governance" section of our website.

As a mechanism to encourage compliance with the Code of Ethics and Business Conduct, we have established procedures to receive, retain, and treat complaints regarding accounting, internal accounting controls, and auditing matters. These procedures ensure that individuals may submit concerns regarding questionable accounting or auditing matters in a confidential and anonymous manner. The Code of Ethics and Business Conduct also prohibits us from retaliating against any director, executive officer, or employee who reports actual or apparent violations of the Code of Ethics and Business Conduct.

Audit Committee. Pursuant to Territorial Bancorp Inc.'s Audit Committee Charter, the Audit Committee assists the Board of Directors in its oversight of the Company's accounting and reporting practices, the quality and integrity of the Company's financial reports and the Company's compliance with applicable laws and regulations. The Audit Committee is also responsible for engaging the Company's independent registered public accounting firm and monitoring its conduct and independence. In addition to meeting the independence requirements of the NASDAQ Stock Market, Inc., each member of the Audit Committee meets the audit committee independence requirements of the Securities and Exchange Commission. The Board of Directors has designated Howard Y. Ikeda as an audit committee financial expert under the rules of the Securities and Exchange Commission. The report of the Audit Committee required by the rules of the Securities and Exchange Commission is included in this proxy statement. See "Audit Committee Report."

Compensation Committee. Pursuant to Territorial Bancorp Inc.'s Compensation Committee Charter, the Compensation Committee approves the compensation objectives for the Company and Territorial Savings Bank and establishes the compensation for the Chief Executive Officer and other executives. Our Chairman of the Board, President and Chief Executive Officer, Allan Kitagawa, provides recommendations to the Compensation Committee on matters of compensation philosophy, plan design, and the general guidelines for employee compensation. However, Mr. Kitagawa does not vote on and is not present for any discussion of his own compensation. These recommendations are then considered by the Compensation Committee. The Compensation Committee reviews all compensation components for the Company's Chief Executive Officer and other highly compensated executive officers' compensation including base salary, annual incentives, long-term incentives, and perquisites. In addition to reviewing competitive market values, the committee also examines the total compensation mix, pay-for-performance relationship, and how all elements, in the aggregate, comprise the executive's total compensation package. Decisions by the Compensation Committee with respect to the compensation of executive officers are approved by the full Board of Directors. See "Compensation Discussion and Analysis" for more information regarding the role of the Compensation Committee in determining and/or recommending the amount or form of executive compensation. The report of the Compensation Committee required by the rules of the Securities and Exchange Commission is included in this proxy statement. See "Compensation Committee Report."

Nominating and Corporate Governance Committee. Pursuant to Territorial Bancorp Inc.'s Nominating and Corporate Governance Committee charter, the Nominating and Corporate Governance Committee assists the Board of Directors in identifying qualified individuals to serve as Board members, in determining the composition of the Board of Directors and its committees, in monitoring a process to assess Board effectiveness, and in developing and implementing the Company's corporate governance guidelines. The Nominating and Corporate Governance Committee also considers and recommends the nominees for director to stand for election at the Company's annual meeting of stockholders. The procedures of the Nominating and Corporate Governance Committee required to be disclosed by the rules of the Securities

and Exchange Commission are included in this proxy statement. See "Nominating and Corporate Governance Committee Procedures."

Attendance at the Annual Meeting

The Board of Directors encourages each director to attend annual meetings of stockholders. All of our directors attended the 2017 Annual Meeting of Stockholders.

Board Leadership Structure

The Board of Directors currently combines the position of Chairman of the Board with the position of Chief Executive Officer, coupled with a lead independent director to strengthen the Company's governance structure. The Board of Directors believes this provides an efficient and effective leadership model for the Company. Combining the Chairman of the Board and Chief Executive Officer positions fosters clear accountability, effective decision-making, alignment on corporate strategy, and a clear and direct channel of communication from senior management to the full Board of Directors. To further strengthen the leadership of the Board of Directors, the Board selects a lead independent director on an annual basis, currently Director Richard Murakami. The responsibilities of the lead independent director include leading all Board meetings of "nonmanagement" directors. The Board of Directors believes its administration of its risk oversight function is not adversely affected by the Board of Directors' leadership structure. To assure effective independent oversight, the Board has adopted a number of governance practices, including holding executive sessions of the independent directors at least twice a year or more often as needed. In addition, the Compensation Committee, which consists only of independent directors, evaluates the performance of our Chairman of the Board and Chief Executive Officer and presents its findings to our independent directors.

Risk Oversight

The Board of Directors has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board of Directors satisfies this responsibility through the review of minutes from each committee regarding such committee's considerations and actions, through frequent attendance as nonvoting guests at committee meetings and through regular reports directly from officers responsible for oversight of particular risks within our organization. The Board of Directors regularly reviews information regarding the Company's credit, liquidity, and operations, as well as the risks associated with such areas. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial risks. The Nominating and Corporate Governance Committee manages risks associated with the Company's corporate governance, including the independence of the Board of Directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed about such risks. The Board of Directors annually reviews our conflicts of interest policy to ensure all directors are in compliance with the policy.

Risks relating to the direct operations of Territorial Savings Bank are further overseen by its Board of Directors, who are the same individuals who serve on the Board of Directors of Territorial Bancorp Inc. The Board of Directors of Territorial Savings Bank also has additional committees that conduct additional risk oversight. Further, the Board of Directors oversees risks through the establishment of policies and procedures that are designed to guide daily operations in a manner consistent with applicable laws, regulations, and risks acceptable to the organization, such as the requirement that all loan relationships in excess of \$5.0 million must be submitted to the Board of Directors Loan Committee for approval, subject to ratification by the full Board of Directors, or to the full Board of Directors for approval.

Proposal 1 Election of Directors

The Board of Directors of Territorial Bancorp Inc. is presently composed of six members. The Board is divided into three classes, each with three-year staggered terms, with approximately one-third of the directors elected each year. The nominees for election this year are Allan S. Kitagawa and Richard I. Murakami, both of whom are current directors of the Company and the Bank.

The Board of Directors has determined that each of our directors, with the exception of Chairman of the Board, President and Chief Executive Officer Allan S. Kitagawa, is "independent" as defined in the listing standards of the NASDAQ Stock Market. Mr. Kitagawa is not independent because he is one of our executive officers.

In determining the independence of the directors listed above, the Board of Directors reviewed the following transactions, none of which is required to be reported under "Transactions with Certain Related Persons" below. Director Kirk W. Caldwell has a mortgage loan and overdraft protection with Territorial Savings Bank. Director David S. Murakami has a mortgage loan, a home equity line of credit and overdraft protection with Territorial Savings Bank. Director Richard I. Murakami has overdraft protection with Territorial Savings Bank. Director Francis E. Tanaka has a mortgage loan with Territorial Savings Bank.

It is intended that the proxies solicited by the Board of Directors will be voted for the election of the nominees named below. If any nominee is unable to serve, and you have returned a validly executed proxy card, the persons named in the proxy card will vote your shares to approve the election of any substitute proposed by the Board of Directors. Alternatively, the Board of Directors may adopt a resolution to reduce the size of the Board. At this time, the Board of Directors knows of no reason why any nominee might be unable to serve.

The table below sets forth certain information regarding our directors, nominees proposed by the Board of Directors, and executive officers. Shares beneficially owned include shares of common stock over which a person has, directly or indirectly, sole or shared voting or investment power. Unless otherwise indicated, none of the shares listed are pledged as security, and each of the named individuals has sole voting power and sole investment power with respect to the number of shares shown. Percentages of common stock owned are based on 9,735,030 shares of Company common stock issued and outstanding as of March 29, 2018.

The Board of Directors recommends a vote "FOR" the election of all nominees.

The business experience for at least the past five years of each of our directors and nominees proposed by the Board of Directors is set forth below. The biographies of each of the nominees and continuing board members below contain information regarding the person's business experience and the experiences, qualifications, attributes, or skills that caused the Nominating Committee and the Board of Directors to determine that the person should serve as a director. Each director is also a director of Territorial Savings Bank. Unless otherwise indicated, directors and executive officers have held their positions for the past five years.

All of the nominees and directors continuing in office are long-time residents of the communities served by Territorial Bancorp Inc. and its subsidiaries and many of such individuals have operated, or currently operate, businesses located in such communities. As a result, each nominee and director continuing in office has significant knowledge of the businesses that operate in Territorial Bancorp Inc.'s market area, an understanding of the general real estate market, values and trends in such communities, and an understanding of the overall demographics of such communities. Additionally, as residents of such communities, each nominee and continuing director has direct knowledge of the trends and developments occurring in such communities. As the holding company for a community banking institution, Territorial Bancorp Inc. believes that the local knowledge and experience of its directors assists Territorial Bancorp Inc. in assessing the credit and banking needs of its customers, developing products and services to better serve its customers, and assessing the risks inherent in its lending operations, and provides Territorial Bancorp Inc. with greater business development opportunities. As local residents, our nominees and directors are also exposed to the advertising, product offerings, and community development efforts of competing institutions which, in turn, assists Territorial Bancorp Inc. in structuring its marketing efforts and community outreach programs.

Nominees for Election of Directors

The nominees standing for election are:

Allan S. Kitagawa has served as Chairman of the Board and Chief Executive Officer of Territorial Savings Bank since 1986, and was named President in 2007. Mr. Kitagawa was a Certified Public Accountant who began his career with what is now KPMG LLP. Under Mr. Kitagawa's leadership, Territorial Savings Bank has grown significantly while the Bank's conservative lending practices have resulted in continued low levels of nonperforming assets.

Richard I. Murakami is the retired President of a major building, material and bonding company in Hawaii and previously was employed for 20 years as a Vice President of a Hawaii-based commercial bank. Mr. Murakami is the lead outside director and chairs every executive session of the Board. Even if the selection of Moss Adams LLP is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such change is in the best interest of the Company and its stockholders.

The Board of Directors recommends that stockholders vote "FOR" the ratification of the appointment of Moss Adams LLP as the Company's independent registered public accounting firm.

Proposal 3 Advisory (Nonbinding) Vote on Executive Compensation

Based upon a board determination that considered the advice of stockholders at our 2017 Annual Meeting of Stockholders, stockholders are annually being given the opportunity to vote on an advisory (nonbinding) resolution to approve the compensation of our "Named Executive Officers," as described in this proxy statement under "Compensation Discussion and Analysis" and the compensation tables and narrative disclosure. This proposal, commonly known as a "say-on-pay" proposal, gives stockholders the opportunity to endorse or not endorse the Company's executive pay program.

The purpose of our compensation policies and procedures is to attract and retain experienced, highly qualified executives critical to the Company's long-term success and enhancement of stockholder value. The Board of Directors believes the Company's compensation policies and procedures achieve this objective, and therefore recommend stockholders vote "**FOR**" the proposal. Specifically, stockholders are being asked to approve the following resolution:

"**RESOLVED**, that the compensation paid to the Company's Named Executive Officers, as disclosed in this proxy statement pursuant to Item 402 of Securities and Exchange Commission Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED."

Although nonbinding, the Board of Directors and the Compensation Committee value constructive dialogue on executive compensation and other important governance topics with our stockholders and encourage all stockholders to vote their shares on this matter. The Board of Directors and the Compensation Committee will review the voting results and take them into consideration when making future decisions regarding our executive compensation programs.

Unless otherwise instructed, validly executed proxies will be voted "FOR" this resolution.

The Board of Directors unanimously recommends that you vote "FOR" the resolution set forth in Proposal 3.

Audit Committee Report

The Company's management is responsible for the Company's internal controls and financial reporting process. The Company's independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements, issuing an opinion on the conformity of those financial statements with generally accepted accounting principles, and issuing a report on internal control over financial reporting. The Audit Committee oversees the Company's internal controls and financial reporting process on behalf of the Board of Directors.

In this context, the Audit Committee has met and held discussions with management and the independent registered public accounting firm. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm the matters related to the results of the audit in accordance with Public Company Accounting Oversight Board ("PCAOB") Standard 1301, *Communications with Audit Committees*.

In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by Rule 3520 of the PCAOB Auditing Standards and has discussed with the independent registered public accounting firm the firm's independence from the Company and its management. In concluding that the registered public accounting firm is independent, the Audit Committee

Table of Contents

considered, among other factors, whether the non-audit services provided by the firm were compatible with its independence.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for their audit. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their audit, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting.

In performing all of these functions, the Audit Committee acts only in an oversight capacity. In its oversight role, the Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent registered public accounting firm who, in their report, express an opinion on the conformity of the Company's financial statements to generally accepted accounting principles. The Audit Committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions with management and the independent registered public accounting firm do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, or that the Company's independent registered public accounting firm is in fact "independent."

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017, for filing with the Securities and Exchange Commission. The Audit Committee also has approved, subject to stockholder ratification, the selection of Moss Adams LLP as the Company's independent registered public accounting firm for the year ending December 31, 2018.

I. Executive Summary

Company Background and Performance Highlights

Territorial Savings Bank has been serving customers in our Hawaii market for nearly one hundred years. It is a traditional thrift institution that focuses on retail customers, including originating long-term, fixed-rate residential mortgage loans. Well over half of Territorial Savings Bank's deposits are savings deposits (as opposed to certificate of deposits or checking accounts), and well over 90% of its loans are fixed-rate residential mortgage loans.

In 2009, Territorial Savings Bank converted from a mutual savings bank by forming Territorial Bancorp as its holding company and conducting its initial public offering. As a mutual organization, our ability to raise capital was limited. The additional capital raised in the public offering allowed us to better compete in our highly competitive market place while strengthening our regulatory capital position. In 2014, we converted to a Hawaii state-chartered savings bank and became a member bank of the Federal Reserve Bank of San Francisco to provide greater operating flexibility.

Since going public, we have tried to provide key banking services at a reasonable price to our customers while growing organically. We also recognize our responsibility to provide a reasonable return to our shareholders.

In 2017, we paid two special dividends in addition to our quarterly dividends. The total dividends paid for the year were \$1.20 per share.

Since going public, we have paid 33 consecutive quarterly dividends.

Total assets grew by 6.72% in 2017 and exceeded \$2.0 billion at December 31, 2017.

We experienced our sixth consecutive year of double digit loan growth.

We opened our 29th branch in the deposit rich Kapiolani Boulevard area of Honolulu.

We paid all our eligible rank and file employees a special \$1,000 year-end bonus. This was in addition to our usual bonus program for those employees, who also received a \$250 year-end bonus. We also increased our minimum starting pay to \$15.00 per hour.

Our executive compensation program has evolved following our conversion from a mutual ownership structure to a more mature publicly traded institution. Highlights include:

In 2010, as part of our conversion to public company status, we provided stock options and restricted stock awards consistent with regulations issued by the Office of Thrift Supervision. These grants followed practices of other converted thrifts and were intended to create meaningful alignment between our executives and stockholders. These initial awards vested over a six-year period, and became fully vested in 2016.

In 2014, we introduced a cash-based long-term incentive plan to reward long-term performance based on our return on equity and total shareholder return. A cash-based program was used to reinforce a performance orientation since the equity award plan focused on stock and we had limited shares available for grant under the equity award plan.

Edgar Filing: Territorial Bancorp Inc. - Form DEF 14A

In 2016, based on feedback from stockholders, we sought stockholder approval to add a modest number of additional shares to our equity award plan to allow us to provide equity-based performance incentives going forward.

In 2017, we converted our cash-based long-term incentive program to performance shares, an equity-based program aligned with our stockholder preferences. We also increased our TSR metric to

measure a three-year period, from a two-year period, and we enhanced our annual incentive program metrics to provide more balance from a performance and risk perspective.

Our financial results consistently exceed the performance of our market peers:

As illustrated below, our profitability, reflected by our return on average equity ("ROAE"), return on average assets ("ROAA") and non-performing assets (i.e. asset quality measured by NPA/Assets) has consistently tracked above the median of our market peers, and historically over the 75th percentile.

Stockholder Engagement and Changes Resulting from our Say on Pay Results

We have actively engaged with stockholders since 2013. Each year we reach out to our largest investors (representing approximately 35% to 40% of our outstanding shares) to request feedback on our executive compensation programs. While a significant number of institutional stockholders do not feel the need to engage with us, we appreciate the feedback from those that do participate. All feedback received is summarized by the Director of Investor Relations and shared with the Compensation Committee and the Board of Directors. As a result, our corporate governance and compensation programs have evolved over the years, in part in direct response to this feedback. We have made many changes to our executive compensation program over the last several years in response to suggestions by institutional investors and feedback from proxy advisory firms. Significant changes were made in 2016 and 2017. In 2018, institutional investors provided positive affirmation of our previous compensation program changes.

The formal stockholder advisory votes on pay ("Say-on-Pay") provides a valuable barometer for how our programs are perceived by the full spectrum of our investors. We take this advisory vote seriously and work diligently to understand the stockholder and proxy advisory firm perspectives. Based on the changes we made during 2016 and 2017, over 95% of the votes cast by stockholders were cast in favor of our Say-on-Pay vote in 2017. We will continue to consider feedback from our stockholders.

To further improve the executive compensation program, the Compensation Committee decided to bring in a fresh point of view by engaging Meridian Compensation Partners, LLC ("Meridian") at year-end 2016 to serve as the new independent compensation consultant.

Below is a high-level summary of some of the major changes we have made over the last several years based on stockholder feedback:

Table of Contents

As a result of our changes, we have continued to evolve toward a best practices program that will ensure our executives are motivated and rewarded for continuing to sustain our strong performance results and enhancing stockholder value. Below is a summary of our compensation and governance practices.

What We Do:

Pay for Performance:

Provide annual and long-term incentive plans that focus on delivering specific performance results.

Balanced Approach to Total Compensation:

We use a mix of performance metrics across both short- and long-term performance periods, consider both absolute and relative performance in assessing our performance and provide payouts in cash and equity.

Annual Say on Pay Vote:

We conduct an annual Say-on-Pay advisory vote.

Independent Compensation Consultant:

The Compensation Committee engages its own independent compensation consultant to review the Company's executive compensation program and practices.

Robust Stock Ownership and Holding Requirements:

We have stock ownership guidelines requiring our executives to hold significant equity ownership. In addition, our shares issued in 2010 through our equity incentive plan require executives and directors to hold an amount of stock equal to 50% of granted stock, net of stock sold to pay for taxes, until separation from the Company.

Clawback Policy:

Our incentive plans are subject to clawback/recoupment in the event of an accounting restatement due to covered misconduct.

Double Trigger Severance and Equity Vesting Provisions:

We require both a change in control and loss of position before severance is paid. We require the same before equity can vest on change in control.

Stockholder Engagement:

As part of the Company's stockholder outreach program, members of the Compensation Committee and members of management welcome engagement with stockholders to better understand their perceptions and views on our executive compensation program.

Mitigate Inappropriate Risk Taking:

Our compensation programs include features intended to discourage employees from taking unnecessary and excessive risk including balanced performance metrics, emphasis on long-term stockholder value creation, and clawback provisions.

What We Don't Do:

Gross-ups for Excise Taxes:

We don't provide change-in-control tax gross-ups to individuals promoted or hired after 2014 (only three legacy agreements are still in place).

No Repricing of Stock Options:

We prohibit repricing of stock options without stockholder approval.

Hedging and Pledging:

We prohibit hedging and pledging as part of our Insider Trading Policy.

2017 Compensation Program Summary

For 2017, a significant portion of our NEOs' pay was provided in the form of performance-based incentives. For the NEOs, our long-term incentive program represented 55% of total variable pay based on long-term performance and 45% based on annual performance objectives. This mix was designed to support our focus on long-term profitability results. Our performance metrics are designed to reward profitability and return to our stockholders that preserves our focus on strong credit portfolio. Below is a summary of the measures and weights for our annual and long-term incentive programs.

**Annual Incentive Plan
(cash)**

Net Income	60%
ROAA	20%
Non-Performing Assets/Total Assets	10%
Loan Production	10%

**Long-Term Incentive Program
(equity)**

Return on Equity	80%
Total Shareholder Return	20%

2017 Compensation

The total compensation for 2017 set forth in the Summary Compensation Table for our NEOs includes grants of restricted stock units under the 2017 long-term incentive program and payouts of the outstanding long-term cash awards under two different legacy programs that were replaced by the new equity-based LTIP program introduced in 2017.

The following represents changes in our compensation program that took effect in 2017 and were based on feedback from our stockholders.

Our Long-Term Incentive Program ("LTIP") has shifted from cash awards to being awarded as performance-based restricted stock units 50% is granted as performance units that vest based on pre-defined three-year performance goals and 50% is granted as time-vested units that vest over a three-year period. This means that our cash-based LTIP awards will phase out by the end of 2018 as the performance periods end.

Our LTIP continues to use the same performance metrics (ROAE and TSR as in 2016), **but performance is now measured relative to an objective industry index** (i.e. SNL Thrift Index) as opposed to our smaller custom peer group. We believe this is a better representation of our investors' view of our performance and eliminates the challenges of industry consolidation on the size of the peer group three years later.

Our LTIP performance measure of **Total Shareholder Return is now measured over a three-year period rather than a two-year period**. Going forward all of our LTIP components will be on a three-year basis. We are also **using the same relative performance scale for all LTIP components**.

Edgar Filing: Territorial Bancorp Inc. - Form DEF 14A

Our Annual Incentive Plan ("AIP") has switched from relative performance goals compared to a selected peer group **to absolute performance goals based on our budget** and pre-approved by

Table of Contents

the Compensation Committee. **We added two measures, net income and loan production** to our existing measures of ROAA and asset quality (non-performing assets/assets) to provide a more balanced view of performance.

All NEOs are now on the same AIP and LTIP program beginning in 2017. Prior to this change, some NEOs participated in a separate discretionary cash bonus program, which was not preferred by some stockholders.

Our 2016 Program Compared to the New 2017 Program (Target Pay Opportunities)

Below we illustrate the key changes to the incentive programs, highlighting the shift from cash to equity and the alignment of the time horizon for the long-term incentive plan to a consistent 3-year performance period.

2017 Base Salary Decisions

The Compensation Committee reviews base salaries annually and adjusts them from time to time to align with competitive market levels, as well as individual responsibilities, performance, and experience.

During its 2017 review of base salaries for executives, the Compensation Committee primarily considered:

Market data for peer institutions, direct competitors, and publicly held businesses located in Hawaii, as the cost of living in Hawaii is significantly higher than in the continental United States.

Internal review of the executive's compensation, both individual and relative to others.

Performance of the executive.

Contributions, qualifications and experience of the executive.

Our financial condition and results of operations.

Budget used for company-wide salary increases.

The Compensation Committee considers the recommendation of Mr. Kitagawa (for all executives other than himself) in making base salary adjustments. The base salary for Mr. Kitagawa is recommended by the Compensation Committee and approved by the full Board of Directors.

Based on the Compensation Committee's review, the following base salaries were approved and effective January 1, 2017. Salary increases were 2% for all NEOs except for Mr. Miyamoto who received a 3% increase (equal to the company-wide increase), and except for Mr. Kitagawa who requested again that he not receive an increase in salary.

Base salaries for each of the Named Executive Officers are shown in the tables below.

Allan S. Kitagawa	851,124	851,124	0%
Melvin M. Miyamoto	149,568	154,056	3%

Ralph Y. Nakatsuka	315,084	321,385	2%
Richard K.C. Lau	175,492	179,002	2%

In early 2018, salaries were again reviewed by the Compensation Committee with the following increases approved and effective January 2018. Again, for the fifth consecutive year, no increase was made to Mr. Kitagawa's base salary.

2017 Annual Incentive Plan Payouts

Annual Incentive Plan. The AIP was redesigned in 2017 based on feedback from stockholders and the Compensation Committee's independent compensation consultant. Prior to 2017, the AIP used two performance goals measured on a relative comparison to our peer group. In response to stockholder feedback and market practice, the Compensation Committee added two new measures (net income and loan production) to the current two measures (ROAA and non-performing assets) to provide a more balanced view of performance. In addition, the Compensation Committee changed from measuring annual performance on a relative basis to setting specific pre-approved performance goals.

The AIP is designed to motivate senior executives to attain superior annual performance in key areas that we believe create long-term value to us and our stockholders. Awards under the AIP are now determined based upon absolute performance metrics contained in the business plan adopted by the Board of Directors for 2017 and selected by the Compensation Committee, after consultation with both management and the independent compensation consultant.

All NEOs had a threshold, target and stretch opportunity as shown below. Target opportunities are intentionally targeted to be conservative relative to market median in light of the desire to place more focus on long-term compensation.

Allan S. Kitagawa	15%	30%	45%
Melvin M. Miyamoto	6.75%	13.50%	20.25%
Vernon Hirata	15%	30%	45%
Ralph Y. Nakatsuka	15%	30%	45%
Richard K.C. Lau	6.75%	13.50%	20.25%

Performance Metrics

The Compensation Committee selected Net Income, ROAA, Non-Performing Assets/Assets and Loan Production as the quantitative corporate performance factors for the 2017 AIP. ROAA is a profitability measure while the Non-Performing Asset ("NPA") ratio reinforces the Company's goal of maintaining strong credit quality. A lower NPA ratio mitigates the risk of lowering loan underwriting standards to increase loan production through increased residential mortgage loan volume.

The table below provides the performance required for payouts at the threshold, target and maximum levels:

Net Income (thousands)	60%	\$	14,824	\$	16,471	\$	18,118
ROAA	20%		0.77%		0.86%		0.95%

2017 LTIP Program

In 2017, the Compensation Committee changed its LTIP from cash to equity in response to stockholder feedback and best practices. The new program now consists of performance-based restricted stock units and time-vested restricted stock units. All NEOs participate in the new LTIP program.

Each participant has an annual target award opportunity (defined as a percentage of base salary at the start of the grant cycle) that reflects a competitive total compensation package for their role.

CEO	18.3%	36.6%	55%
Vice-Chair	18.3%	36.6%	55%
SVPs	8.25%	16.5%	24.75%

LTIP awards are allocated as follows:

Performance-vested Restricted Stock Units PRSUs (50% of target award value) are intended to reward future performance; awards will vest based on achievement of pre-defined performance goals. Grants are earned and cliff vest after three years based on actual performance. PRSUs will vest

Edgar Filing: Territorial Bancorp Inc. - Form DEF 14A

within 120 days after the end of each performance period (once performance can be calculated and reviewed and approved by the Committee).

Time-vested Restricted Stock Units TRSUs (50% of target awards) reinforce retention and share ownership/alignment with shareholders as well as provide reward for contributions /performance. Grants vest ratably over three years.

PRSUs are granted at the start of each performance period. The first performance period runs from January 1, 2017 to December 31, 2019. The vesting (i.e. earning) of the award is contingent on actual performance of pre-defined measures at the end of the performance period (i.e. third year).

In order for PRSUs to be vested/earned, performance must be at or above the threshold performance set by the Committee. Actual vesting after three years will be interpolated on a straight-line basis between threshold, target and stretch to reward incremental performance. Vesting will range from 50% of target for achieving threshold performance and 150% of target for achieving stretch performance.

The table below reflects the performance metrics selected for the PRSUs for the 2017 to 2019 performance cycle. Performance will be measured based on our performance relative to the SNL US Thrifts with assets between \$1 billion and \$10 billion.

3-year TSR	Relative to index	20%	35 th Percentile	55 th Percentile	75 th Percentile
3-year Avg. Return on Average Equity	Relative to index	80%	35 th Percentile	55 th Percentile	75 th Percentile
Payout Range (% of Target)		100%	50%	100%	150%

Actual vesting will be assessed in 2020 following the three-year performance period.

Legacy Long-Term Incentive Program (LTIP) Payouts in 2017 (under 2015 and 2016 LTIP cycles)

Long-Term Incentive Plan. The Company historically awarded cash bonuses to executives prior to converting to a stock institution, with a small portion based on long-term (three-year) results. Following the public offering, the Company implemented its equity plan in 2010. Selected officers and the members of the Board were awarded restricted stock and stock options that vested over six years. Since 2010, no other stock or options had been awarded.

A formal cash LTIP was initially approved in 2014 by the Compensation Committee to reallocate the existing total incentive opportunity (annual and long-term) such that a larger percentage of incentive compensation would be paid based on long-term results. At this time, we had no remaining shares under the 2010 equity plan, so ongoing long-term incentive compensation was paid in cash. The Compensation Committee used long-term metrics that compared the performance of the Company against a selected peer group of similar public institutions. Outstanding long-term incentives from these outstanding performance periods will continue to be paid in cash until the last performance period ends in 2018 (i.e. 2016 to 2018).

The Compensation Committee has made changes to the LTIP (and the AIP) over the years in order to ensure we continue to have a strong link between pay and long-term performance. Starting in 2017, the long-term incentive program shifted to provide awards in equity, rather than cash.

LTIP Payouts in 2017

Payouts of 80% of the 2015 LTIP were based on relative 3-year average ROAE and 20% of the 2016 LTIP were based on 2-year TSR. These payments were approved by the Committee after reviewing and certifying performance in March 2018. Below we summarize the performance and payouts for these outstanding cycles.

2015 LTIP Payout

As noted above, 80% of the 2015 LTIP was paid out based on 3-year average ROAE relative to the 2015 peer group. The Company ranked at the 73rd percentile and paid out 76% of target for this component.

2016 LTIP Payout

As noted above, 20% of the 2016 LTIP was based solely on 2-year TSR relative to the 2016 peer group. The Company ranked at the 23rd percentile which resulted in no payout.

Relative 2-year TSR	20%	2016 - 2017	25th Percentile	50th Percentile	75th Percentile	23 rd Percentile

Outstanding 2016 LTIP Program

80% of the 2016 LTIP rewards performance relative to the 2016 peer group for 3-year average Return on Average Equity (ROAE). Only our top-three paid NEOs participated in the program.

The payout for the outstanding 2016 LTIP will be determined in the first quarter of 2019 after the Committee reviews and certifies performance results. The payout will be made in cash.

Roles of the Compensation Committee, Management and Independent Consultant

Role of the Compensation Committee

Compensation for the Named Executive Officers was determined under programs adopted by the Compensation Committee and approved by the Board of Directors. The Compensation Committee established our executive compensation philosophy, policy, elements and strategy and reviewed executive compensation proposals for approval by the Board of Directors. Specifically, the Compensation Committee:

approves salary adjustments for Named Executive Officers;

determines the Named Executive Officers eligible to participate in the Annual Incentive Plan and the Long-Term Incentive Program;

assesses corporate performance results and evaluates the Chief Executive Officer's performance;

reviews the assessment of individual performance results to determine award payouts for our Named Executive Officers;

oversees the benefit plans and perquisites for Named Executive Officers; and

assesses and monitors the performance, design, function and potential risk components of our compensation programs for our Named Executive Officers.

The Compensation Committee adopts any changes to existing plans or adopts any new plans and their design, as well as renews or extends any employment agreements for our Chief Executive Officer and selected Named Executive Officers and determines and oversees executive benefits, retirement plans and perquisites.

Role of Management

Mr. Kitagawa, our Chief Executive Officer, provides recommendations to the Compensation Committee on matters of compensation philosophy, plan design and the general guidelines for employee compensation. These recommendations are then considered by the Compensation Committee, consistent with our Compensation Committee Charter. However, Mr. Kitagawa does not vote on and is not present for any discussion of his own compensation. Certain members of our management team participate in the Compensation Committee meetings to provide information to the committee on an as-needed basis.

In 2017, the Chief Executive Officer:

recommended base salaries and cash incentive targets for Named Executive Officers other than the Chief Executive Officer;

engaged in discussions with our compensation consultant on changes to the AIP and LTIP; and

suggested incentive metrics and performance levels for the incentive plans, which were considered by our compensation consultant. Final selection was left to the Compensation Committee. The Compensation Committee has held executive sessions with the compensation consultant, without any of the Named Executive Officers, including Mr. Kitagawa, being present during committee meetings when appropriate.

Role of the Independent Compensation Consultant

In December 2016, the Compensation Committee completed an independent search as part of its governance process and selected Meridian to serve as its independent advisor for 2017. Meridian reported directly to the Compensation Committee, which retains sole authority to select, retain, terminate, and approve the fees and other retention terms of its relationship with the consultant.

The Compensation Committee reviewed the independence of Meridian, considering all relevant factors, including those set forth in Rule 10C-1(b)(4)(i) through (vi) under the Securities Exchange Act of 1934, and the Compensation Committee did not believe Meridian has a conflict of interest.

IV. Equity, Benefits and other Compensation-Related Policies

Executive Benefits

We offer various benefits to all of our employees, including medical, dental, vision, group life, accidental death and dismemberment and long-term disability insurance. We provide individual coverage to employees, with the employee being responsible for a portion of the premium. In addition, for some of our Named Executive Officers, we pay for a transportation allowance or furnish transportation services, parking, club dues, long-term care insurance, spousal travel, and up to \$5,000 in personal tax and financial planning assistance (up to \$6,000 for Mr. Kitagawa) annually. The Compensation Committee believes these benefits are appropriate and assist these officers in fulfilling their employment obligations. A summary of our benefits is provided below:

401(k) Plan. We provide all of our employees, including our Named Executive Officers, with tax-qualified retirement benefits through our 401(k) plan. All employees who meet the age and service requirements may participate in the 401(k) plan on a nondiscriminatory basis. We provide a 401(k) match equal to at least 5% of a participant's salary deferral and we may exercise our discretion to increase the amount of the match.

Employee Stock Ownership Plan. In connection with our initial public stock offering, Territorial Savings Bank implemented an employee stock ownership plan ("ESOP"), using the proceeds of a loan from the Company to purchase our common stock pursuant to applicable regulatory guidelines. The ESOP provides our employees with additional retirement savings in the form of our common stock and encourages employee ownership. See "Executive Officer Compensation Tax-Qualified Benefit Plans Employee Stock Ownership Plan" for further description of the terms of the ESOP.

Supplemental Employee Stock Ownership Plan. Territorial Savings Bank adopted a Supplemental Employee Stock Ownership Plan ("Supplemental ESOP") effective January 1, 2009, to provide certain executives with benefits that they would otherwise be entitled to under the tax-qualified ESOP, but for limitations imposed by the Internal Revenue Code. See "Nonqualified Deferred Compensation Plans Supplemental Employee Stock Ownership Plan" for further information about the Supplemental ESOP.

Supplemental Executive Retirement Agreement. We provide supplemental executive retirement benefits for Messrs. Kitagawa, Hirata, and Nakatsuka. We provide these retirement benefits in order to remain competitive and to attract and retain these executive officers. See "Pension Benefits Supplemental Executive Retirement Agreements" for further description of the terms of the agreements.

Pension Plan. In 2008, we froze our tax-qualified defined benefit plan such that no further benefit accruals are earned after December 31, 2008; however, participants will continue to earn vesting credit. We made this change because many of our peer banks have also frozen or terminated their defined benefit pension plans, and we have found that a 401(k) plan and ESOP are more attractive retirement vehicles in recruiting and retaining employees at less and more predictable cost than a defined benefit pension plan.

Executive Agreements

We maintain employment agreements with Messrs. Kitagawa, Hirata and Nakatsuka, which provide severance payments in the event of involuntary or good reason termination of employment or termination following a change in control. The rationale for providing these payments is to provide security for our key executives and stability among our senior management team. For a discussion of these agreements and the payments

Table of Contents

that would be received by the Named Executive Officers under certain scenarios with respect to those agreements, see " Executive Officer Compensation Employment Agreements" below.

Other Policies and Practices

Tax Deductibility of Compensation. For 2017, Section 162(m) of the Internal Revenue Code generally provided that no deduction is allowed for compensation in excess of \$1 million paid by a public company to its chief executive officer or any of its other three most highly paid executive officers (other than the chief financial officer). Compensation that qualifies as "performance-based" compensation is not subject to the deductibility limit. The Compensation Committee attempted to maximize the deductibility of compensation under Section 162(m) to the extent doing so was reasonable and consistent with our strategies and goals. To that end, in 2012 and 2017, we received stockholder approval related to the Annual Incentive Plan, and at our 2017 annual meeting, we received stockholder approval to re-approve the performance goals under the 2010 Equity Plan so that awards would continue to qualify as performance-based compensation under Section 162(m) of the Code. This allowed us to continue to maximize the deductibility of our executive compensation programs. The Tax Cuts and Jobs Act eliminated the ability to deduct "performance-based" compensation. Accordingly, the Committee recognizes that paying certain compensation that is not tax- deductible may sometimes be in our best interest, and to that end we do not have a policy requiring that all compensation must be deductible.

Annual Risk Review of Compensation Policies and Procedures

The Compensation Committee is responsible for the oversight of employee compensation policies and procedures, including the determination of whether any material risk arises from our compensation policies and procedures. The Compensation Committee has reviewed our compensation policies and procedures, including those related to the payment of commissions and bonuses to any of our employees, and believes that any risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on Territorial Bancorp Inc. and Territorial Savings Bank. The Committee has evaluated the risks of its incentive compensation arrangements in accordance with published bank regulatory guidance on safety and soundness of incentive compensation. The Committee also works with an independent compensation consultant when designing the compensation of our Named Executive Officers.

Stock Ownership Guidelines

The Board of Directors adopted the following stock ownership guidelines for Named Executive Officers. The Chief Executive Officer is required to own stock of at least five times (5x) his base salary. The two Co-Chairs are required to own stock of at least two times (2x) their base salary. The other two Named Executive Officers are required to own one times their salary. As of December 31, 2017, all executives met their ownership goals.

Hedging and Pledging Policies

Our Insider Trading Policy prohibits the hedging of stock and pledging of stock, which further encourages the retention of grants of restricted stock and shares acquired on the exercise of stock options.

Clawback/Recoupment Policies

The Company has a clawback policy that is posted on its website. If there is material noncompliance with any financial reporting requirement under the federal securities laws that requires the Company to prepare an accounting restatement, the Compensation Committee will consider whether any performance awards paid during any three-year period prior to the accounting restatement should be clawed back.

Executive Officer Compensation

Summary Compensation Table. The table below summarizes the total compensation paid to or earned by our Named Executive Officers for the years ended December 31, 2017, 2016, and 2015, as calculated under Securities and Exchange Commission rules. Cash compensation earned for the applicable year is reported in the "Salary," "Bonus," "Nonequity Incentive Plan Compensation" and the "All Other Compensation" columns. The "Change in Pension Value and Nonqualified Deferred Compensation Earnings" column sets forth certain earnings on supplemental executive retirement benefits, as well as the change in value of pension and supplemental executive retirement benefits, which can fluctuate significantly from year-to-year based on changes in discount rates and other actuarial assumptions and does not necessarily reflect the benefit to be received by the executive. "Total Without Change in Pension Value" shows total compensation as determined under Securities and Exchange Commission rules minus the change in pension value.

Equity awards set forth in the tables above were granted pursuant to the Territorial Bancorp Inc. 2010 Equity Incentive Plan. Time-based stock options that were granted in 2010 have fully vested. For all of the 2010 grants, an amount equal to 50% of the total awards (net of taxes) must be retained by the grantee until termination of employment. The long vesting period, no automatic vesting upon retirement, and the

Table of Contents

mandatory holding requirement for 50% of each award, are all intended to ensure that the grants are viewed as long-term incentive compensation. For the year ended December 31, 2017, equity awards were made under the 2017 LTIP Program, and consisted of performance-vested restricted stock units and time-vested restricted stock units. For awards made in 2017, there is no stock retention period; executive officers remain subject to our stock ownership guidelines.

Stock option grants are intended to be incentive stock options to the extent permissible under applicable law. Stock options are generally exercisable for three months after termination of employment and for one year following death or disability. Restricted stock granted pursuant to a restricted stock award is entitled to vote and to receive dividends, even while the award is unvested. The rate of dividends paid on shares of restricted stock is not preferential.

Employment Agreements. Territorial Savings Bank has entered into separate employment agreements with Messrs. Kitagawa, Hirata, and Nakatsuka (referred to below as the "executives" or "executive"). Territorial Bancorp Inc. has entered into separate employment agreements with each executive, which have essentially identical provisions as the Territorial Savings Bank agreements, except that the employment agreements will provide that Territorial Bancorp Inc. will make any payments not made by Territorial Savings Bank under its agreements with the executives and that the executives will not receive any duplicate payments. Our continued success depends to a significant degree on the skills and competence of these officers, and the employment agreements are intended to ensure that we maintain a stable management base following the offering.

The employment agreements each provide for three-year terms, subject to annual renewal by the Board of Directors for an additional year beyond the then-current expiration date. The current base salaries under the employment agreements are \$851,124 for Mr. Kitagawa, \$337,454 for Mr. Hirata, and \$337,454 for Mr. Nakatsuka. The agreements also provide for participation in employee benefit plans and programs maintained for the benefit of senior management personnel, including discretionary bonuses, participation in stock-based benefit plans, and certain fringe benefits as described in the agreements.

Upon termination of an executive's employment for cause, as defined in each of the agreements, the executive will receive no further compensation or benefits under the agreement. If we terminate the executive for reasons other than for cause or if the executive terminates voluntarily under specified circumstances that constitute constructive termination, the executive will receive an amount equal to the base salary and cash bonus and employer contributions to benefit plans that would have been payable for the remaining term of the agreement. We will also continue to pay for each executive's life, health, and dental coverage for up to three years, with the executive responsible for his share of the employee premium.

If the executive terminates employment for any reason other than for cause within 12 months following a change in control, the executive will receive the greater of (a) the amount he would have received if we terminated the executive for a reason other than for cause or if the executive voluntarily terminated under specified circumstances that constitute constructive termination (as described in the immediately preceding paragraph), or (b) three times his prior five-year average of taxable compensation less one dollar. We will also continue to pay for each executive's life, health, and dental coverage for up to three years, with the executive responsible for his share of the employee premium.

Upon termination of employment (other than a termination in connection with a change in control), each executive will be required to adhere to a one-year noncompetition provision. The executive will be required to release us from any and all claims in order to receive any payments and benefits under his agreement. We will agree to pay all reasonable costs and legal fees of the executives in relation to the enforcement of the employment agreements, provided the executives succeed on the merits in a legal judgment, arbitration proceeding, or settlement. The employment agreements also provide for indemnification of the executives to the fullest extent legally permissible.

Mr. Miyamoto and Mr. Lau do not have employment agreements. However, they participate in the separation pay plan described below.

Table of Contents

Separation Pay Plan. The Territorial Savings Bank Separation Pay Plan provides severance benefits to eligible employees whose employment is involuntarily terminated within 24 months after a change in control of Territorial Bancorp Inc. All regular employees who do not receive severance pay under an employment or change in control agreement are participants in this plan. Terminated employees will receive a severance payment of one month of base compensation for each year of service, up to a maximum of 24 months of base compensation, and employees who are at the level of Senior Vice President or above will receive a minimum severance payment of 12 months of base compensation. In addition, terminated employees who are at the level of Senior Vice President and above will also be eligible to continue to participate in our health insurance plan for up to one year, with the employee responsible for their share of the employee premium.

Pension Benefits

The following table sets forth the actuarial present value of each named executive officer's accumulated benefit under our pension plan, along with the number of years of credited service, and for Messrs. Kitagawa, Hirata, and Nakatsuka, the value of their benefits in each of their supplemental executive retirement agreements.

Allan S. Kitagawa	Pension Plan	23	1,356,085	\$	127,735
	Supplemental Executive Retirement Agreement	N/A	6,349,107

Ralph Y. Nakatsuka	Pension Plan	1	24,167		
	Supplemental Executive Retirement Agreement	N/A	1,430,590		
Richard K.C. Lau	Pension Plan	27	889,837		91,364

(1) Present value of accumulated benefits under the pension plan and the supplemental executive retirement agreement as of December 31, 2017, determined using interest rate and mortality rate assumptions consistent with those used for our financial reporting purposes, assuming that the executive's normal retirement age is his retirement date. The valuation method and all material assumptions applied in quantifying the present value of the current accrued benefit are set forth in the footnotes to the consolidated financial statements.

Pension Plan. Territorial Savings Bank sponsors the Territorial Savings Bank Employee Retirement Plan, a defined benefit pension plan that covers substantially all of our employees. Employees become eligible for participation in the pension plan on the first day of the calendar month on or after completing one year of service and attaining age 21. Effective December 31, 2008, the pension plan was frozen, such that no further

benefit accruals will be earned after that date; however, participants will continue to earn vesting credit.

Table of Contents

Participants in the pension plan become fully vested in their retirement benefits upon completion of five years of service. They also become 100% vested upon attaining age 65 or upon death. A participant who terminates employment on or after reaching age 65 is entitled to the full retirement benefit. A participant's normal retirement benefit is generally based on a formula that takes into account the amount credited under the pension plan for service before January 1, 1984, and the amount credited under the pension plan for service from 1984 to 1998 and the amount credited from 1998 to 2008, as well as salary and certain other compensation. The plan does not grant additional years of service for any purpose.

The pension plan permits early retirement at age 55. Participants who retire after age 65 will be entitled to the full amount of their benefit, generally calculated through their late retirement date. Eligible participants who elect an early retirement benefit will receive a reduced normal retirement benefit. As of December 31, 2017, Messrs. Nakatsuka and Miyamoto were each eligible for early retirement, and Messrs. Kitagawa, Hirata and Lau were each eligible for normal retirement.

The normal form of retirement for participants who are not married is a single life annuity. The normal form of retirement benefit for participants who are married is a 50% joint and survivor annuity. Other optional forms of benefit are available, such as an early retirement benefit, and all optional forms of benefit are the actuarial equivalent of the normal form (e.g., a participant does not receive more or less by selecting an optional form of benefit). In the event of the participant's death, benefits normally will be paid to the participant's spouse unless the spouse consents to an alternative beneficiary in writing. In the event of death any time after a participant is vested or eligible for a pension benefit, provided the participant has been married for at least one year and provided that benefits have not commenced at the time of death, the participant's spouse may either receive the full benefit when the participant would have reached age 65 or receive a reduced benefit anytime after the deceased participant would have attained age 55.

For the 2017 plan year, we did not make a contribution to the pension plan.

Supplemental Executive Retirement Agreements. We provide supplemental executive retirement benefits to each of Messrs. Kitagawa, Hirata, and Nakatsuka. Under Mr. Kitagawa's agreement, he is entitled to receive an amount equal to the present value of \$600,000 per year for 15 years payable in a lump sum on the first day of the month upon retirement after attaining age 66. Under the agreements with Messrs. Hirata and Nakatsuka, each executive will receive an annual benefit upon retirement after age 66 equal to 65% of the average of his compensation for the three years immediately preceding his termination of employment reduced by the sum of the benefits payable under the pension plan and Social Security benefits. Mr. Hirata's benefits will be paid in monthly installments for 15 years and Mr. Nakatsuka will receive a lump sum equal to the present value of installments over 15 years.

Each executive may also retire early, before attaining age 66, and receive a reduced benefit. Mr. Kitagawa will receive the amount accrued for accounting purposes as of the end of the calendar year before his termination of employment, payable in a lump sum. Messrs. Hirata's and Nakatsuka's benefits are reduced by a fraction, the numerator of which is completed years of service and the denominator of which is the executive's potential years of service if he had remained employed until age 66, with such benefits paid by lump sum for Mr. Nakatsuka and in installments for Mr. Hirata over 15 years.

For Mr. Kitagawa, if his employment is terminated within three years following a change in control, he will receive his normal retirement benefit. Messrs. Hirata and Nakatsuka will each receive 65% of their final average compensation projected to age 66, without any reduction for amounts payable under the pension plan or Social Security. All amounts are paid as a lump sum, except Mr. Hirata will receive installments for 15 years. The agreements contain change of control "tax gross up" provisions such that if a payment to any of the three executives exceeds the limit on such payments pursuant to Internal Revenue Code Section 280G, and thereby imposes an excise tax on the officer, Territorial Savings Bank, or its successor, will pay such executive additional amounts to compensate for the excise tax.

Table of Contents

In the event of disability or death, Messrs. Hirata and Nakatsuka will receive the same benefit as if they had terminated employment following a change in control. Upon death, Mr. Kitagawa's designee will receive a lump-sum payment equal to the present value of his projected normal retirement benefit and upon disability Mr. Kitagawa will receive a lump sum equal to the amount accrued for accounting purposes under the plan.

No benefits are payable in the event of a termination for cause.

Non-Qualified Deferred Compensation Plans

The following table provides information with respect to each non-qualified deferred compensation plan in which the Named Executive Officers participated in 2017.

Vernon Hirata	Executive Deferred Incentive Agreement	36,374	548,440
---------------	--	--------	---------

- (1) The amount in this column includes above-market earnings for the executive deferred incentive agreement in the amount of \$7,213, which have been reported as compensation for the year ended December 31, 2017 in the Summary Compensation Table. The account balance accrues interest at the rate of 7% per year. We ceased making contributions to the agreements for calendar years beginning after 2006 (other than the interest crediting).
- (2) Amounts attributed to above-market earnings have been reported as compensation for the years ended December 31, 2017, 2016 and 2015 in the Summary Compensation Table.

Executive Deferred Incentive Agreement. We provide executive deferred incentive benefits to Mr. Hirata, whose agreement was frozen effective August 29, 2007. Before the agreement was frozen, it provided for the grant of annual cash awards equal to a specified percentage of base salary, based on the attainment of established criteria. Payment of all awards is deferred until the earlier of:

- normal retirement age,
- early termination,
- separation from service within three years following a change in control,
- termination due to disability, or
- death, in which case the benefit will be paid in a lump sum.

Supplemental Employee Stock Ownership Plan. Territorial Savings Bank adopted the Supplemental Employee Stock Ownership Plan ("Supplemental ESOP") effective January 1, 2009, to provide certain executives with benefits that they otherwise would be entitled to under the tax-qualified Employee Stock Ownership Plan ("ESOP"), but for limitations imposed by the Internal Revenue Code. During 2017, three employees participated in the Supplemental ESOP. The Compensation Committee of the Board of Directors of Territorial Savings Bank administers the Supplemental ESOP. Each year, participants in the Supplemental ESOP are credited with a dollar amount equal to the difference between the value of the shares of our common stock that would have been allocated to the participant under the tax-qualified ESOP, but for the limitations imposed by the Internal Revenue Code, and the actual value of shares of our common stock allocated to the participant under the ESOP for the relevant plan year. Participants in the Supplemental ESOP may direct the investment of their Supplemental ESOP accounts among a select group of broadly diversified

mutual funds selected by the Compensation Committee. Benefits are generally payable in a cash lump sum within 90 days of the first to occur of: (i) the participant's separation from service; (ii) the participant's death; (iii) the participant's disability; or (iv) a change in control of Territorial Savings Bank or Territorial Bancorp Inc., but, in order to comply with Section 409A of the Internal Revenue Code, payments will be delayed for six months for any "specified employee" (as defined in Section 409A of the Internal Revenue Code).

Potential Payments on Termination or Change in Control

Assuming that each of our Named Executive Officers terminated employment as of December 31, 2017, they would have been entitled to certain payments and benefits, as set forth in the following tables. Information with respect to Messrs. Kitagawa, Hirata and Nakatsuka is based upon their employment agreements. No other named executive officer was a party to an employment agreement as of December 31, 2017. There are no payments or benefits payable solely on account of a change in control.

- (1) Represents a lump-sum payment equal to the base salary and retirement benefits (e.g., 401K and ESOP contributions) the executive would have received for the remaining term of his employment agreement (25 months as of December 31, 2017) and annual bonus actually earned in the calendar year preceding the year of termination.
- (2) Represents a lump-sum payment equals to three times the executive's prior five-year average of taxable compensation less one dollar.
- (3) Represents a lump-sum payment equal to the executive's current base salary for 60 days.
- (4) The annual incentive plan provides a pro-rata payout for outstanding awards based on actual performance after the performance period ends. The actual earned amounts are included for the awards of which the performance period ended on December 31, 2017 (2017 short-term, 2015 to 2017 LTIP based on three-year ROAE performance and 2016 to 2017 LTIP based on two-year Total Shareholder Return). The pro-rata target amounts are included for the awards with a pending performance period (2016 to 2018 LTIP based on three-year ROAE performance).
- (5) Mr. Kitagawa has already attained the retirement eligible age, age 66, under his Supplemental Executive Retirement Agreement ("SERP"). Therefore, no retirement benefit enhancement will be provided upon termination.
- (6)

Tax-Qualified Benefit Plans

Territorial Savings Bank 401(k) Plan. We sponsor the Territorial Savings Bank 401(k) Plan, a tax-qualified defined contribution plan, for all employees who have satisfied the plan's eligibility requirements. Employees may begin deferring their compensation and are eligible to receive matching contributions and profit-sharing contributions as of the first day of the month following the completion of 12 months of employment during which they worked at least 1,000 hours. All contributions are 100% vested.

Employee Stock Ownership Plan. Effective January 1, 2009, Territorial Savings Bank adopted an employee stock ownership plan for eligible employees. Eligible employees who have attained age 21 generally begin participation in the ESOP on the later of the effective date of the ESOP on or after the eligible employee's completion of 1,000 hours of service during a continuous 12-month period.

The ESOP trustee purchased, on behalf of the ESOP, 978,650 shares of our common stock issued in the offering. The ESOP funded its stock purchase with a loan from us equal to the aggregate purchase price of the common stock. The loan will be repaid principally through Territorial Savings Bank's contribution to the ESOP and dividends payable on common stock held by the ESOP over the anticipated 20-year term of the loan. The interest rate for the ESOP loan is an adjustable rate equal to the prime rate, as published in *The Wall Street Journal*, which adjusts annually.

The trustee holds the shares purchased by the ESOP in an unallocated suspense account, and shares will be released from the suspense account on a pro-rata basis as we repay the loan. The trustee will allocate the shares released among participants on the basis of each participant's proportional share of compensation relative to all participants. Participants become 100% vested upon the completion of three years of service. Participants who were employed by Territorial Savings Bank immediately prior to the offering received credit for vesting purposes for years of service prior to adoption of the ESOP. Participants also will become fully vested automatically upon normal retirement, death, or disability, a change in control, or termination of the ESOP. Generally, participants will receive distributions from the ESOP upon separation from service. The ESOP reallocates any unvested shares forfeited upon termination of employment among the remaining participants.

The ESOP permits participants to direct the trustee as to how to vote the shares of common stock allocated to their accounts. The trustee votes unallocated shares and allocated shares for which participants do not provide instructions on any matter in the same ratio as those shares for which participants provide instructions, subject to fulfillment of the trustee's fiduciary responsibilities.

Under applicable accounting requirements, Territorial Savings Bank records compensation expense for the ESOP at the fair market value of the shares as they are committed to be released from the unallocated suspense account to participants' accounts. The compensation expense resulting from the release of the common stock from the suspense account and allocation to plan participants results in a corresponding reduction in our earnings.

CEO Pay Ratio

As mandated by the Dodd-Frank Wall Street Reform and Consumer Protection Act, the Securities and Exchange Commission adopted a rule requiring annual disclosure of the annual total compensation for both the median employee and chief executive officer (the "CEO") along with the ratio of the median employee's annual total compensation to the CEO's annual total compensation.

We identified the median employee by using the total taxable wages as reported in Box 1 of the Internal Revenue Service Form W-2 and adding back to pay deductions under Internal Revenue Code Sections 125 or 401(k). This list included all employees, as of December 31, 2017, with the exception of our CEO. No

adjustments were made for part-time employees, and we did not annualize the compensation of full-time employees who were employed on December 31, 2017 but who were not employed for the full year.

Total compensation for this median employee was determined in the same manner as the "Total Compensation" shown for our CEO in the Summary Compensation Table. The Company's contribution to the company-wide employee health and insurance plans were also added.

Our Compensation Committee determines the salaries to be paid each year to the Chief Executive Officer and those executive officers who report directly to the Chief Executive Officer. The Compensation Committee consists of Directors Caldwell, who serves as Chairman; Ikeda; and Richard Murakami. None of these individuals was an officer or employee of Territorial Bancorp Inc. during the year ended December 31, 2017, or is a former officer of Territorial Bancorp Inc. Section 16(a) Beneficial Ownership Reporting Compliance

Our executive officers and directors, and beneficial owners of greater than 10% of our outstanding shares of common stock are required to file reports with the Securities and Exchange Commission disclosing beneficial ownership and changes in beneficial ownership of our common stock. Securities and Exchange Commission rules require disclosure if an executive officer, director, or 10% beneficial owner fails to file these reports on a timely basis.

Based solely on the review of copies of the reports we have received and written representations provided to us from the individuals required to file the reports, Vice Chairman, Co-Chief Operating Officer, General Counsel and Corporate Secretary Vernon Hirata filed a late Form 4 to report the exercise of stock options, and we believe that each of our executive officers and directors otherwise complied with applicable reporting requirements for transactions in Territorial Bancorp Inc. common stock during the year ended December 31, 2017.

Transactions with Certain Related Persons

The Sarbanes-Oxley Act of 2002 generally prohibits us from making loans to our executive officers and directors, but it contains a specific exemption from such prohibition for loans made by Territorial Savings Bank to our executive officers and directors in compliance with federal banking regulations.

At December 31, 2017, all of our loans to directors and executive officers were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to Territorial Savings Bank, and did not involve more than the normal risk of collectability or present other unfavorable features. These loans were performing according to their original terms at December 31, 2017, and were made in compliance with federal banking regulations.

The brother of Director Francis Tanaka is a non-executive employee of Territorial Savings Bank. For the year ended December 31, 2017, Mr. Tanaka's brother was paid \$187,486 in total compensation by Territorial Savings Bank.

Pursuant to Territorial Bancorp Inc.'s Policy and Procedures for Approval of Related Person Transactions, the Audit Committee periodically reviews, no less frequently than once a year, a summary of transactions in excess of \$50,000 with our directors, executive officers, and their family members, for the purpose of determining whether the transactions are within our policies and should be ratified and approved. Additionally, pursuant to our Code of Ethics and Business Conduct, all of our executive officers and directors must disclose any existing or emerging conflicts of interest to our Chairman of the Board and Chief Executive Officer. Such potential conflicts of interest include, but are not limited to, the following: (i) our conducting business with or competing against an organization in which a family member of an executive officer or director has an ownership or employment interest; and (ii) the ownership of more than 1% of the outstanding securities or 5% of total assets of any business entity that does business with or is in competition with us.

Nominating and Corporate Governance Committee Procedures

General

It is the policy of the Nominating and Corporate Governance Committee of the Board of Directors of the Company to consider director candidates recommended by stockholders who appear to be qualified to serve on the Company's Board of Directors. The Nominating and Corporate Governance Committee, which is comprised solely of nonemployee directors, all of whom the Board has determined are independent in accordance with the listing standards of the NASDAQ Stock Market, Inc., may choose not to consider an

unsolicited recommendation if no vacancy exists on the Board of Directors and the Nominating and Corporate Governance Committee does not perceive a need to increase the size of the Board of Directors. To avoid the unnecessary use of the Nominating and Corporate Governance Committee's resources, the Nominating and Corporate Governance Committee will consider only those director candidates recommended in accordance with the procedures set forth below.

Diversity Considerations

In identifying candidates for Director, the Nominating and Corporate Governance Committee and the Board of Directors take into account (1) the comments and recommendations of Board members regarding the qualifications and effectiveness of the existing Board of Directors or additional qualifications that may be required when selecting new Board members, (2) the requisite expertise and diversity of the Board of Directors' overall membership composition, (3) the independence of outside Directors and other possible conflicts of interest of existing and potential members of the Board of Directors, and (4) all other factors it considers appropriate, including the extent to which the candidate helps the Board of Directors reflect the gender and diversity of our stockholders, employees, customers and communities.

Procedures to be Followed by Stockholders

To submit a recommendation of a director candidate to the Nominating and Corporate Governance Committee, a stockholder should submit the following information in writing to the main office of the Company, addressed to the Chairman of the Nominating and Corporate Governance Committee, care of the Corporate Secretary, Territorial Bancorp Inc., P.O. Box 135040, Honolulu, Hawaii 96801:

- (1) a statement that the writer is a stockholder and is proposing a candidate for consideration by the Committee;
- (2) the name and address of the stockholder as they appear on the Company's books, and number of shares of the Company's common stock that are owned beneficially by the stockholder (if the stockholder is not a holder of record, appropriate evidence of the stockholder's ownership will be required);
- (3) the name, address, and contact information for the candidate, and the number of shares of common stock of the Company that are owned by the candidate (if the candidate is not a holder of record, appropriate evidence of the candidate's share ownership should be provided);
- (4) a statement of the candidate's business and educational experience;
- (5) such other information regarding the candidate as would be required to be included in the proxy statement pursuant to Securities and Exchange Commission Regulation 14A;
- (6) a statement detailing any relationship between the candidate and any customer, supplier, or competitor of the Company;
- (7) detailed information about any relationship or understanding between the proposing stockholder and the candidate; and
- (8) a statement that the candidate is willing to be considered and willing to serve as a director if nominated and elected.

To be timely, the submission of a candidate for director by a stockholder must be received by the Corporate Secretary at least 180 days prior to the anniversary date of the proxy statement relating to the preceding year's annual meeting of stockholders.

Process for Identifying and Evaluating Nominees

The process that the Nominating and Corporate Governance Committee follows to identify and evaluate individuals to be nominated for election to the Board of Directors is as follows.

Identification. For purposes of identifying nominees for the Board of Directors, the Nominating and Corporate Governance Committee relies on personal contacts of the committee members and other members of the Board of Directors, as well as its knowledge of members of the communities served by Territorial Savings Bank. The Nominating and Corporate Governance Committee will also consider director candidates recommended by stockholders in accordance with the policy and procedures set forth above. The Nominating and Corporate Governance Committee has not previously used an independent search firm to identify nominees.

Evaluation. In evaluating potential nominees, the Nominating and Corporate Governance Committee determines whether the candidate is eligible and qualified for service on the Board of Directors by evaluating the candidate under certain criteria, which are described below. If such individual fulfills these criteria, the Nominating and Corporate Governance Committee will conduct a check of the individual's background and interview the candidate to further assess the qualities of the prospective nominee and the contributions he or she would make to the Board of Directors.

Qualifications

The Nominating and Corporate Governance Committee has adopted a set of criteria that it considers when it selects individuals to be nominated for election to the Board of Directors. A candidate must meet the eligibility requirements set forth in the Company's Bylaws, which include the following.

A person is not qualified to serve as director if he or she: (1) is under indictment for, or has ever been convicted of, a criminal offense involving dishonesty or breach of trust and the penalty for such offense could be imprisonment for more than one year, (2) is a person against whom a banking agency has, within the past ten years, issued a cease and desist order for conduct involving dishonesty or breach of trust and that order is final and not subject to appeal, or (3) has been found either by a regulatory agency whose decision is final and not subject to appeal or by a court to have (i) breached a fiduciary duty involving personal profit, or (ii) committed a willful violation of any law, rule, or regulation governing banking, securities, commodities, or insurance, or any final cease and desist order issued by a banking, securities, commodities, or insurance regulatory agency.

No person may serve on the Board of Directors and at the same time be a director or officer of another cooperative bank, credit union, savings bank, savings and loan association, trust company, bank holding company, or banking association (in each case whether chartered by a state, the federal government, or any other jurisdiction) that engages in business activities in the same market area as the Company or any of its subsidiaries.

A candidate also must meet any qualification requirements set forth in any Board or Committee governing documents.

Selection Considerations

If the candidate is deemed eligible for election to the Board of Directors, the Committee will consider the following criteria in selecting nominees, as described in more detail in the Committee's Criteria for Director Nominees (which is available on our website):

contribution to board;

experience;

familiarity with and participation in local community;

integrity;

stockholder interests and dedication; and

independence.

The Committee will also consider any other factors it deems relevant to a candidate's nomination, including the extent to which the candidate helps the Board of Directors reflect the diversity of the Company's stockholders, employees, customers and communities. The Committee also may consider the current composition and size of the Board of Directors, the balance of management and independent directors, and the need for audit committee expertise.

The Committee may weight the foregoing criteria differently in different situations, depending on the composition of the Board of Directors at the time. The Committee will maintain at least one director who meets the definition of "audit committee financial expert" under Securities and Exchange Commission regulations.

With respect to nominating an existing director for reelection to the Board of Directors, the Nominating and Corporate Governance Committee will consider and review an existing director's board and committee attendance and performance; length of board service; experience, skills, and contributions that the existing director brings to the board; and independence.

Majority Voting Policy

The Board of Directors has adopted a majority voting policy (the "Policy"), which shall be utilized for the election of any director at any meeting of stockholders for uncontested elections and shall not be applicable for contested elections. For the purpose of the Policy, an "uncontested election" shall mean an election of directors where the only director nominees are those individuals recommended by the Board of Directors of the Company.

Pursuant to the Policy, any incumbent director nominee in an uncontested election who receives a greater number of votes "WITHHELD" than votes cast "FOR" at the stockholders meeting shall promptly tender his or her proposed resignation following certification of the stockholder vote.

The Nominating and Corporate Governance Committee will promptly consider the resignation and will recommend to the Board of Directors whether to accept the resignation or to take other action, including rejecting the resignation and addressing any apparent underlying causes of the failure of the director to obtain a majority of votes "FOR" such nominee. When considering the resignation and making its recommendation, the Nominating and Corporate Governance Committee will consider all factors deemed relevant by its members including, without limitation, the underlying reasons for the stockholder's WITHHELD votes for the director (to the extent ascertainable), the length of service and qualifications of the director, the director's contributions to the Company, whether the acceptance or rejection of the resignation will have any adverse affect on the Company's compliance with any applicable law, rule, regulation or governing document, to determine whether the acceptance of the resignation is in the best interests of the Company and its stockholders.

The Board of Directors will act on the Nominating and Corporate Governance Committee's recommendation no later than at its first regularly scheduled meeting following certification of the stockholder vote, but in any case, no later than 90 days following the certification of the stockholder vote.

Table of Contents

If a majority of the members of the Nominating and Corporate Governance Committee are required to tender a resignation at the same election, then the other independent directors will appoint a special board committee amongst themselves solely for the purpose of considering the resignations and will recommend to the Board whether to accept, reject or take other action as to the resignations.

Submission of Business Proposals and Stockholder Nominations

The Company must receive proposals that stockholders seek to include in the proxy statement for the Company's next annual meeting no later than December 18, 2018. If next year's annual meeting is held on a date more than 30 calendar days from May 17, 2019, a stockholder proposal must be received by a reasonable time before the Company begins to print and mail its proxy solicitation for such annual meeting. Any stockholder proposals will be subject to the requirements of the proxy rules adopted by the Securities and Exchange Commission.

The Company's Bylaws generally provide that any stockholder desiring to make a proposal for new business at an annual meeting of stockholders or to nominate one or more candidates for election as directors must submit written notice filed with the Secretary of the Company not less than 80 days nor more than 90 days prior to any such annual meeting; provided, however, that if less than 90 days notice or prior public disclosure of the date of the annual meeting is given to stockholders, such written notice shall be delivered or mailed to and received by the Secretary of the Corporation at the principal executive office of the Corporation not later than the tenth day following the day on which notice of the meeting was mailed to stockholders or such public disclosure was made. The 2019 annual meeting of stockholders is expected to be held May 16, 2019. For the 2019 annual meeting of stockholders, the notice would have to be received between February 15, 2019 and February 25, 2019. The stockholder must also provide certain information in the notice, as set forth in the Company's Bylaws. Failure to comply with these advance notice requirements will preclude such nominations or new business from being considered at the meeting.

Nothing in this proxy statement or our Bylaws shall be deemed to require us to include in our proxy statement and proxy relating to an annual meeting any stockholder proposal that does not meet all of the requirements for inclusion established by the Securities and Exchange Commission in effect at the time such proposal is received.

Stockholder Communications

The Company encourages stockholder communications to the Board of Directors and/or individual directors. All communications from stockholders should be addressed to: Board of Directors, Territorial Bancorp Inc., P.O. Box 135040, Honolulu, Hawaii 96801. Communications to individual directors should be sent to such director at the Company's address. The letter should indicate that the author is a stockholder and, if shares are not held of record, should include appropriate evidence of stock ownership. Depending on the subject matter, the Corporate Secretary will:

forward the communication to the director or directors to whom it is addressed;

attempt to handle the inquiry directly (for example, where it is a request for information about the Company or a stock-related matter); or

not forward the communication if it is primarily commercial in nature, relates to an improper or irrelevant topic, or is unduly hostile, threatening, illegal, or otherwise inappropriate.

At each Board meeting, the Corporate Secretary will present a summary of all communications received since the last meeting that were not forwarded and make those communications available to the directors.

Miscellaneous

The Company will pay the cost of this proxy solicitation. The Company will reimburse brokerage firms and other custodians, nominees, and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of the Company. Additionally, directors, officers, and other employees of the Company may solicit proxies personally or by telephone without receiving additional compensation. The Company has retained Laurel Hill Advisory Group, LLC to assist the Company in soliciting proxies, and has agreed to pay Laurel Hill Advisory Group, LLC a fee of \$7,500.00 plus out-of-pocket expenses and charges for telephone calls made and received in connection with the solicitation.

The Company's Annual Report to Stockholders has been included with this proxy statement. Any stockholder who has not received a copy of the Annual Report may obtain a copy by writing to the Corporate Secretary of the Company. The Annual Report is not to be treated as part of the proxy solicitation material or as having been incorporated by reference into this proxy statement.

If you and others who share your address own your shares in "street name," your broker or other holder of record may be sending only one annual report and proxy statement to your address. This practice, known as "householding," is designed to reduce our printing and postage costs. However, if a stockholder residing at such an address wishes to receive a separate annual report or proxy statement in the future, he or she should contact the broker or other holder of record. If you own your shares in "street name" and are receiving multiple copies of our annual report and proxy statement, you can request householding by contacting your broker or other holder of record.

Whether or not you plan to attend the annual meeting, please vote by marking, signing, dating, and promptly returning the enclosed proxy card in the enclosed envelope.
