ANNUAL REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the fiscal year ended December 31, 2013

or

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission file number: 001-32223

STRATEGIC HOTELS & RESORTS, INC.

(Exact name of registrant as specified in its charter)

Maryland

(State or other jurisdiction of incorporation or organization)

200 West Madison Street, Suite 1700, Chicago, Illinois

(Address of principal executive offices)

33-1082757

(I.R.S. Employer Identification No.)

60606-3415

(Zip Code)

Registrant's telephone number, including area code: (312) 658-5000

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Name of each exchange on which registered
Common Stock (\$0.01 par value per share)	New York Stock Exchange
8.50% Series A Cumulative Redeemable Preferred Stock (\$0.01 par value per share)	New York Stock Exchange
8.25% Series B Cumulative Redeemable Preferred Stock (\$0.01 par value per share)	New York Stock Exchange
8.25% Series C Cumulative Redeemable Preferred Stock (\$0.01 par value per share)	New York Stock Exchange

Securities registered pursuant to Section 12(g) of the Act:

None

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Exchange Act. Yes No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Edgar Filing: STRATEGIC HOTELS & RESORTS, INC - Form 10-K

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K (§229.405 of this chapter) is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer

Non-accelerated filer (Do not check if a smaller reporting company) Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). Yes No

The aggregate market value of the common stock of the registrant held by non-affiliates of the registrant was approximately \$1.58 billion as of June 28, 2013, the last business day of the registrant's most recently completed second fiscal quarter (based on the closing sale price of the common stock on the New York Stock Exchange on such date).

The number of shares of common stock (\$0.01 par value per share) of the registrant outstanding as of February 26, 2014 was 205,582,838.

DOCUMENTS INCORPORATED BY REFERENCE

Part III of this annual report on Form 10-K incorporates information by reference from the registrant's definitive proxy statement to be filed with the Securities and Exchange Commission within 120 days after the close of the registrant's fiscal year.

DISCLOSURE REGARDING FORWARD-LOOKING STATEMENTS

On one or more occasions, we may make statements regarding our assumptions, projections, expectations, targets, intentions or beliefs about future events. All statements other than statements of historical facts included or incorporated by reference in this annual report on Form 10-K are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act.

Words or phrases such as “anticipates,” “believes,” “estimates,” “expects,” “intends,” “may,” “plans,” “potential,” “predicts,” “should,” “targets,” “will,” “will continue,” “will likely result” or other comparable expressions or the negative of these terms identify forward-looking statements. Forward-looking statements reflect our current views about future events and are subject to risks, uncertainties, assumptions and changes in circumstances that may cause actual results or outcomes to differ materially from those expressed in any forward-looking statement. We caution that while we make such statements in good faith and we believe such statements are based on reasonable assumptions, including without limitation, management’s examination of historical operating trends, data contained in records and other data available from third parties, we cannot assure you that our projections will be achieved.

Our actual results may differ significantly from any results expressed or implied by these forward-looking statements. Some, but not all, of the factors that might cause such a difference include, but are not limited to:

- the factors discussed in this report set forth in Item 1A under the section titled “Risk Factors”;
- the effects of economic conditions and disruptions in financial markets upon business and leisure travel and the hotel markets in which we invest;
- our liquidity and refinancing demands;
- our ability to obtain, refinance or extend maturing debt;
- our ability to maintain compliance with covenants contained in our debt facilities;
- stagnation or deterioration in economic and market conditions, particularly impacting business and leisure travel spending in the markets where our hotels and resorts operate and in which we invest, including luxury and upper upscale product;
- general volatility of the capital markets and the market price of our shares of common stock;
- availability of capital;
- our ability to dispose of properties in a manner consistent with our investment strategy and liquidity needs;
- hostilities and security concerns, including future terrorist attacks, or the apprehension of hostilities, in each case that affect travel within or to the United States, Mexico, Germany, England or other countries where we invest;
- difficulties in identifying properties to acquire and completing acquisitions;
- our failure to maintain effective internal control over financial reporting and disclosure controls and procedures;
- risks related to natural disasters;
- increases in interest rates and operating costs, including insurance premiums and real property taxes;
- contagious disease outbreaks, such as the H1N1 virus outbreak;
- delays and cost-overruns in construction and development;
- marketing challenges associated with entering new lines of business or pursuing new business strategies;
- our failure to maintain our status as a real estate investment trust, or REIT;
- changes in the competitive environment in our industry and the markets where we invest;
- changes in real estate and zoning laws or regulations;

Table of Contents

legislative or regulatory changes, including changes to laws governing the taxation of REITs;
changes in generally accepted accounting principles, policies and guidelines; and
litigation, judgments or settlements.

Any forward-looking statement speaks only as of the date on which such statement is made. New factors emerge from time to time and it is not possible for management to predict all such factors. We do not intend, and disclaim any duty or obligation, to update or revise any industry information or forward-looking statements set forth in this annual report on Form 10-K to reflect new information, future events or otherwise, except as required by law. Readers are urged to carefully review and consider the various disclosures made in this annual report on Form 10-K and in our other documents filed with the Securities and Exchange Commission, or the SEC, that attempt to advise interested parties of the risks and other factors that may affect our business, prospects and results of operations and financial condition.

Table of Contents

PART I

ITEM 1. BUSINESS.

Overview

Strategic Hotels & Resorts, Inc., or SHR, was incorporated in Maryland in January 2004 to acquire and asset-manage upper upscale and luxury hotels that are subject to long-term management contracts. The terms upper upscale and luxury are classifications of hotels by brand that are defined by Smith Travel Research, an independent provider of lodging industry statistical data. We completed our initial public offering in June 2004. Our accounting predecessor, Strategic Hotel Capital, L.L.C., was founded in 1997. We own interests in or lease our properties through our investment in Strategic Hotel Funding, L.L.C., our operating partnership, which we refer to herein as SH Funding, and its subsidiaries.

We operate as a self-administered and self-managed real estate investment trust, or REIT, managed by our board of directors and executive officers and conduct our operations through our direct and indirect subsidiaries including SH Funding. We are the managing member of SH Funding and hold approximately 99% of its membership units as of February 26, 2014.

As of February 26, 2014, we:

wholly own or lease 14 hotels, have 53.5% and 51.0% interests in affiliates that each own one hotel where we asset manage such hotels, and have 50.0% and 36.4% interests in, and act as asset manager for, two unconsolidated affiliates that each own one hotel;

own land held for development including:

• 47.5 acres of oceanfront land adjacent to our Four Seasons Punta Mita Resort, Nayarit, Mexico and 50.7 acres of oceanfront land near the Four Seasons Punta Mita Resort; and

• a 20,000 square-foot oceanfront land parcel in Santa Monica, California adjacent to our Loews Santa Monica Beach Hotel entitled for development and residential units.

We do not operate any of our hotels directly; instead we employ internationally known hotel management companies to operate them for us under management contracts or operating leases. Our existing hotels are operated under the widely-recognized upper upscale and luxury brands of Fairmont®, Four Seasons®, Hyatt®, InterContinental®, JW Marriott®, Loews®, Marriott®, Ritz-Carlton® and Westin®. The Hotel del Coronado is operated by a specialty management company, KSL Resorts.

We seek to maximize asset values and operating results through asset management. Although we have no imperative to grow, we will opportunistically seek to acquire additional properties that meet our disciplined investment criteria.

As used in this report, references to “we”, “our”, “us”, and “the Company” are references to SHR together, except as the context otherwise requires, with its consolidated subsidiaries, including SH Funding.

Business Strategy

We have a unique portfolio of high-quality luxury and upper upscale assets with significant embedded growth prospects and a highly regarded asset management platform that delivers industry leading operating results. The key tenets of our strategy include a commitment to the luxury and upper upscale sector; a focus on complex, multi-use properties in urban or resort areas with high barriers to entry; internal growth through operational excellence, expense management, and robust asset management; initiatives to continually elevate the guest experience; conservative balance sheet management; disciplined capital allocation; and opportunistic dispositions of hotels upon completion of our value enhancement and cash flow generating strategies.

Internal Growth Strategy

We have significant embedded growth prospects and extensive opportunities to generate value through internal initiatives and exceptional asset management.

Embedded Growth - Many of our hotels are located in markets with significant barriers to entry, including lack of available land, high development costs and long development and entitlement lead times, which minimize the supply of luxury assets. The implications of limited supply, coupled with sustained economic growth, is significant embedded growth in our portfolio from upside in rate, occupancy, ancillary revenue and continued margin expansion.

Table of Contents

Internal Initiatives - A key component of our strategy is our inherent drive to improve and elevate the guest experience. Each of our hotels is a complex, multi-faceted property that serves sophisticated guests. Our vision is that our properties not only offer luxurious, high-quality accommodations, but also provide a vibrant environment of meetings, dining, recreation, spa, and wellness. We strive to enhance revenue through all components of our mixed-use hotels and resorts. Our goal is to create incremental sources of income and enhance the guest experience through thoughtfully executed initiatives based on consumer market research.

Asset Management - We believe that we can enhance our cash flow and earnings growth through expert asset management, which we expect will ultimately generate increased operating margins and higher investment returns. Our value-added asset management strategy includes working in partnership with the hotel management companies that operate our hotels. We have multi-property relationships with a select group of hotel management companies that, in our opinion, have strong brand recognition, superior marketing capabilities, management depth and an ability to work with our team to create efficient operations. We improve hotel operating performance through the application of value-added programs that include state-of-the-art staffing systems, research-driven guest initiatives, margin-improving food procurement programs, and market-specific enhancements that appeal to our guests. We provide rigorous oversight of our properties and the hotel management companies that operate them to ensure the alignment of the hotel management companies' and our interests and to monitor compliance with the management contracts relating to our properties. This oversight allows us to maximize operating margins and enhance property values.

External Growth Strategy

We continue to review external growth opportunities that meet our rigorous standards both for our strategic and investment criteria.

One of our core competencies is a diligent approach to acquisitions that includes continuous research-based selection of target markets and individual properties. We target upper upscale and luxury hotels in select urban and resort markets located in North America, including major business centers and leisure destinations, with strong growth characteristics and high barriers to entry. We believe that the upper upscale and luxury hotel sector is an extremely attractive sector for long-term investment, especially considering the supply constraints characteristic of that sector. We concentrate our acquisition efforts on complex properties with multiple revenue streams. We target multi-faceted properties because they provide opportunities for our asset management team to maximize returns, provide a more diversified revenue mix, and provide a more complete guest experience that helps sustain the core accommodation business. We identify underperforming properties with substantial upside where we can leverage our asset management skill set to implement value-added programs.

We focus on opportunities where we can generate a return that exceeds our cost of capital. We are committed to being disciplined, prudent acquirers of properties that meet our rigorous standards with respect to quality. We intend to manage any external growth opportunities within the confines of our broader, disciplined balance sheet management and capital allocation strategies.

- Asset Disposition Strategy

We recycle capital for future investments through opportunistic dispositions. We would consider the disposition of all or part of our investment in a property in circumstances where we believe our asset management strategy has maximized the property's value, the proceeds of the disposition are unusually attractive, the market in which the property is located is declining or static, or competition in the market requires substantial capital investment that will not generate returns that meet our criteria.

Proceeds from dispositions would generally be intended to be reinvested in redevelopment activities in our existing portfolio, the acquisition of additional hotel properties where the application of our life cycle-based investment strategy can begin again, or enhancement of our balance sheet.

Table of Contents

Balance Sheet Management Strategy

We are committed to reducing our debt and improving our liquidity. We thoughtfully consider transactions that will reduce excessive leverage and reduce the risk to equity created by credit exposure, which include raising additional equity, refinancing or restructuring property-level mortgage debt to create a well-staggered debt maturity profile with long-date maturities, and disposing of select assets.

Capital Allocation Strategy

Our capital allocation strategy is focused on maintaining a strong and flexible balance sheet while making strategic investments in our business to create shareholder value. We are committed to having a disciplined capital allocation strategy and prudently manage our leverage within stated ranges and intend to consider acquisitions on a leverage-neutral basis. We regularly evaluate our policies to ensure that they reflect our commitment to maximizing shareholder value.

Competition

The hotel industry is highly competitive and the hotels in which we invest are subject to competition from other hotels for guests. Competition is based on a number of factors, most notably convenience of location, brand affiliation, price, range of services, guest amenities or accommodations offered and quality of customer service. Competition is often specific to the individual markets in which our properties are located and includes competition from existing and new hotels operated under brands in the upper upscale and luxury segments. Increased competition could have a material adverse effect on the occupancy rate, average daily room rate and room revenue per available room of our hotels or may require us to make capital improvements that we otherwise would not have to make, which may result in decreases in our profitability.

Because our hotels operate in the upper upscale and luxury segment of the market, we face increased competition from providers of less expensive accommodations, such as limited service hotels or independent owner-managed hotels, during periods of economic downturn when leisure and business travelers become more sensitive to room rates. As a result, there is pressure to lower average daily rates during such periods to compete for these guests. In executing our external growth strategy, we face competition from institutional pension funds, private equity investors, other REITs and numerous local, regional and national owners in each of our markets. Some of these entities may have substantially greater financial resources and may be able to accept more risk than we can prudently manage. Competition may generally reduce the number of suitable investment opportunities offered to us and increase the bargaining power of property owners seeking to sell their properties to us.

Seasonality

For information relating to the seasonality of our business, see “Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations—Seasonality” on page 53 of this Form 10-K.

Employees

As of February 26, 2014, we had 34 full-time and four part-time corporate employees. We believe that our relations with our employees are good. None of our corporate employees are unionized.

Environmental

Environmental consultants retained by us or our lenders have conducted environmental site assessments on many of our properties. These environmental assessments often relied on older environmental assessments prepared in connection with a prior financing or acquisition. The lenders did not conduct environmental assessments on our European properties, although older environmental assessments or building engineering surveys exist for these properties. The environmental assessments are designed to evaluate the potential for environmental contamination on properties, but these assessments will not necessarily reveal the existence or extent of all environmental conditions, liabilities or compliance concerns at the properties.

Although the environmental assessments that have been conducted with respect to certain of our properties disclose certain conditions on our properties and the use of hazardous substances in operation and maintenance activities that could pose a risk of environmental contamination or liability, we are not aware of any environmental liability that we

believe would have a material adverse effect on our business, financial position, results of operations or cash flows. See “Item 1A. Risk Factors—Environmental and other governmental laws and regulations could increase our compliance costs and liabilities and adversely affect our financial condition and results of operations” and “Item 1A. Risk Factors—The presence of any environmental

Table of Contents

conditions at our properties could result in remediation and other costs and liabilities and adversely affect our financial condition and results of operations.”

Insurance

Our management believes that our properties are adequately covered by insurance, subject to the risks described under “Item 1A. Risk Factors,” including, among others, the factors described under “Uninsured and underinsured losses could adversely affect our financial condition and results of operations, which may affect our ability to make distributions to our stockholders.” We are responsible for arranging the insurance for most of our hotels, although in certain cases, the hotel management companies that operate our hotels assume responsibility for arranging insurance under the relevant management agreement. The majority of our properties are covered by blanket insurance policies, which cover multiple properties. In the event that these blanket policies are drawn on to cover certain losses on certain properties, the amount of insurance coverage available under such policies could thereby be reduced and could be insufficient to cover the remaining properties’ insurable risks.

REIT Structure

Subject to certain limitations, REITs may own, directly or indirectly, up to 100% of the stock of a taxable REIT subsidiary, or TRS, that can engage in businesses prohibited to a REIT. Thus, hotel REITs may own TRSs that lease hotels from the REIT, rather than requiring the lessee to be a separate, unaffiliated party. However, hotels leased to a TRS must be managed by an unaffiliated third party. The TRS provisions are complex and impose several conditions on the use of TRSs. No more than 25% of a REIT’s assets may consist of securities of TRSs, and no more than 25% of a REIT’s assets may consist of non-qualifying assets, including securities of TRSs and other taxable subsidiaries. The rent and the lease terms between the REIT and the TRS must be at arm’s length and comparable to the market. In addition, REITs may generally not own more than 10% of the voting power or value of a corporation that is not treated as a TRS.

Ownership of Hotels

Where we have an ownership interest in a hotel, the entity through which we hold such ownership interest (a Strategic Ownership Entity) will generally lease the hotel to one of our TRSs and the TRS will enter into a management agreement with an independent third party for such party to operate the hotel. A lease between a Strategic Ownership Entity and one of our TRSs (an Affiliate Lease) provides for the TRS to pay to the Strategic Ownership Entity a base rent plus a percentage rent (as more fully described below). An Affiliate Lease must contain economic terms that are similar to a lease between unrelated parties or the Strategic Ownership Entity may have to pay a 100% penalty tax on some of the payments it receives from our TRS under such Affiliate Lease.

Each Affiliate Lease has a non-cancelable term of three to five years, subject to earlier termination upon the occurrence of certain contingencies such as damage or destruction that renders the hotel unsuitable for our TRS’ use and occupancy, condemnation or our sale or disposition of the hotel.

During the term of each Affiliate Lease, our TRS is obligated to pay a fixed annual base rent and a percentage rent to the applicable Strategic Ownership Entity. Percentage rent is calculated by multiplying fixed percentages by gross room revenues and other revenues, subject to certain adjustments. Percentage rent is paid quarterly. Base rent accrues and is paid monthly. Base rents and percentage rents are adjusted annually for changes in the consumer price index or similar indices.

Fixed charges, including real estate and personal property taxes, capital expenditures and a reserve for capital expenditures are obligations of the lessor under our Affiliate Lease. Our TRSs are required to pay rent, all costs and expenses and all utility and other charges incurred in the operation of the hotels we own. The party responsible for maintaining insurance on a property is dependent on the specific lease.

Third Party Lease Agreements

We are the tenant under a lease with a third-party landlord for the Marriott Hamburg. We are also the tenant under ground leases with third-party landlords where we lease the land for the Marriott Lincolnshire Resort and the Marriott London Grosvenor Square hotel. Additionally, an unconsolidated affiliate is a tenant under a ground lease for a parcel of land that is part of the Fairmont Scottsdale Princess hotel property. The remaining life on the initial terms of these third party leases range from 16 to 99 years. These third party lease agreements require us to make annual rental payments comprised of a minimum rental amount (subject to indexation) and may also include additional rent

comprised of a percentage of hotel operating profit, less minimum rent.

6

Table of Contents

Hotel Management Agreements

Most of our hotels are managed and operated by third parties pursuant to management agreements entered into between our TRSs and hotel management companies. These management agreements generally provide for the payment of base management fees within a range of 1.25% to 4.0% of revenues, as defined in the applicable agreements. In addition, an incentive fee may be paid if certain criteria are met. Certain of the management agreements also provide for the payment by us of advisory fees or license fees. The remaining terms (not including renewal options) of these management agreements range from four years to 29 years and average 13 years. A management agreement with one of our operators typically has the terms described below.

Operational services. The manager has exclusive authority to supervise, direct and control the day-to-day operation and management of the hotel, including establishing all room rates, processing reservations, procuring inventories, supplies and services, and preparing public relations, publicity and marketing plans for the hotel.

Compensation of manager. The manager receives compensation in the form of a base management fee and an incentive management fee, typically calculated as percentages of gross revenues and operating profits, respectively. In some cases, the incentive management fee is paid only after we have received a certain level of income.

Executive supervision and management services. The manager supervises all managerial and other employees for the hotel, reviews the operation and maintenance of the hotel, prepares reports, budgets and projections and provides other administrative and accounting support services to the hotel. In some cases, we maintain authority to approve the appointment of the hotel's general manager.

Chain services. Our management agreements require the managers to furnish chain services that are generally made available to other hotels managed by such operators. Such services include: (1) the development and operation of computer systems and reservation services, (2) management and administrative services, (3) marketing and sales services, (4) human resources training services and (5) such additional services as may from time to time be more efficiently performed on a national, regional or group level.

Working capital. Our management agreements typically require us to maintain working capital for a hotel and to fund the cost of fixed asset supplies such as linens and other similar items. We are also responsible for providing funds to meet the cash needs for the hotel operations if at any time the funds available from hotel operations are insufficient to meet the financial requirements of the hotel.

Furniture, fixtures and equipment replacements. Our management agreements generally provide that once each year the manager will prepare a list of furniture, fixtures and equipment to be acquired and certain routine repairs to be performed in the next year and an estimate of the funds that are necessary, subject to our review and approval. In addition, we are required to provide to the manager all necessary furniture, fixtures and equipment for the operation of a hotel (including funding any required furniture, fixtures and equipment replacements). For purposes of funding the furniture, fixtures and equipment replacements, a specified percentage of the gross revenues of the hotel is deposited by the manager in a separate account (typically 4.0% to 5.0%).

Building alterations, improvements and renewals. Our management agreements generally require the manager to prepare an annual estimate of the expenditures necessary for major repairs, alterations, improvements, renewals and replacements to the structural, mechanical, electrical, heating, ventilating, air conditioning, plumbing and vertical transportation elements of a hotel. In addition to the foregoing, the management agreements generally provide that the manager may propose such changes, alterations and improvements to the hotel as are required by reason of laws or regulations or, in the manager's reasonable judgment, to keep the hotel in a safe, competitive and efficient operating condition.

Sale of the hotel. Most of our management agreements limit our ability to sell, lease, or otherwise transfer a hotel unless the transferee is not a competitor of the manager, and unless the transferee assumes the related management agreement and meets specified other conditions.

Service marks. During the term of our management agreements, the service mark, symbols and logos currently used by the manager may be used in the operation of the hotel. Any right to use the service marks, logo and symbols and related trademarks at a hotel will terminate with respect to that hotel upon termination of the management agreement with respect to such hotel.

JW Marriott Essex House Hotel performance guarantee. A provision of this management agreement, entered into with an affiliate of Marriott, requires that Marriott provide the Company with a limited performance guarantee that

7

Table of Contents

will ensure, subject to certain limitations, a target level of net operating profit. The guarantee period began on September 17, 2012 and will continue through the earlier of (a) December 31, 2020, (b) the date at which the maximum guarantee has been funded, or (c) the termination of the management agreement.

We lease one of our hotels, the Marriott Hamburg, pursuant to a lease agreement whereby rent is paid by the hotel management company that operates the hotel, as lessee, to us for an amount equal to a fixed base rent plus a specified percentage of profits in excess of the base rent. Otherwise, the terms of the lease are similar to the terms of our management contracts described above.

Code of Business Conduct and Ethics and Corporate Governance Documents

We have adopted a code of business conduct and ethics that applies to all of our employees, directors and officers, including our principal executive officer, principal financial officer and principal accounting officer. This code of business conduct and ethics is designed to comply with SEC regulations and New York Stock Exchange, or NYSE, corporate governance rules related to codes of conduct and ethics and is posted on our corporate website at www.strategichotels.com. We intend to disclose future amendments to certain provisions of our code of business conduct and ethics, or waivers of such provisions granted to directors and specified officers, on our website within four business days following the date of such amendment or waiver. In addition, our corporate governance guidelines and charters for our audit, compensation and corporate governance and nominating committees are also posted on our corporate website. Copies of our code of business conduct and ethics, our corporate governance guidelines and our committee charters are also available free of charge upon request directed to Corporate Secretary, Strategic Hotels & Resorts, Inc., 200 West Madison Street, Suite 1700, Chicago, Illinois 60606.

Geographic and Business Segment Information

For information with respect to revenues from and our long-lived assets located in different geographic areas, refer to “Item 8. Financial Statements and Supplementary Data—19. Geographic and Business Segment Information.”

Where to Find More Information

We maintain a website at www.strategichotels.com. Through our website, we make available, free of charge, our annual proxy statement, our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act as soon as reasonably practicable after we electronically file such material with, or furnish it to, the SEC. The SEC maintains a website that contains these reports at www.sec.gov.

Table of Contents

ITEM 1A. RISK FACTORS.

In addition to the information and factors discussed elsewhere in this annual report on Form 10-K, including our consolidated financial statements and the related notes, the factors disclosed below could cause our actual results to differ materially from those projected in any forward-looking statements and could affect our future financial performance.

Risks related to our business

Economic conditions and disruptions in the financial markets may effect adversely our business, results of operations and liquidity.

The United States and global equity and credit markets have at times experienced significant price volatility, dislocations and liquidity disruptions since 2008, all of which caused market prices of the stock of many companies to fluctuate substantially and the spreads on prospective and outstanding debt financings to widen considerably. These circumstances led to a decline in business and consumer confidence, resulted in a decline of real estate values, and impacted liquidity in the global financial markets, which made terms for financings less attractive, and, in some cases, resulted in the lack of availability of certain types of financing. Continued uncertainty in the equity and credit markets may impact negatively our ability to access additional short-term and long-term financing on reasonable terms or at all, which would impact negatively our liquidity and financial condition. A prolonged downturn in the stock or credit markets may cause us to seek alternative sources of potentially less attractive financing and may impact negatively our ability to enter into derivative contracts in order to hedge risks associated with changes in interest rates. In addition, a downturn and/or uncertainty in U.S. and global financial markets could, directly or indirectly, adversely affect the value of our properties and lodging demand and therefore our business, financial condition and results of operations.

The ultimate impact of these events and the effects they may have on our business, financial condition and liquidity are unpredictable and may not be immediately apparent.

We incurred losses in recent fiscal years due to the recent economic downturn, and we may incur losses in the future. We incurred net losses of \$58.3 million, \$4.9 million, \$230.8 million and \$246.4 million for our 2012, 2011, 2010 and 2009 fiscal years, respectively. The recent economic downturn has negatively impacted business and leisure travel. A further decline in economic conditions will likely produce additional losses. There can be no assurance that we will maintain profitable operations and generate net income for our stockholders in the near term or at all.

Our financial covenants may adversely affect our financial position, results of operations and liquidity.

The agreement governing our bank credit facility and certain other agreements include financial and other covenants that must be met for us to remain in compliance with those agreements. Those agreements also contain customary restrictions, requirements and other limitations, including restrictions on our ability to incur additional indebtedness. Importantly, our bank credit facility contains financial covenants that must be met, including the maintenance of stipulated minimum levels of tangible net worth and fixed charge coverage, and maximum levels of leverage and borrowing base availability. Availability under our bank credit facility is based on, among other factors, the lesser of the calculation of 1.2 times debt service coverage based on the greater of the in-place interest rate or 7.0% debt constant for the borrowing base assets or a 60% advance rate against the appraised value of the borrowing base assets. The actual interest rate on our bank credit facility is LIBOR plus 3.00%, which equates to 3.17% as of December 31, 2013. Our ability to borrow under our bank credit facility is subject to compliance with these financial and other covenants, and our ability to comply with these covenants will be impacted by, among other things, any deterioration in our operations brought on by the recent economic downturn, potential further declines in our property values, additional borrowings to maintain our liquidity and fund our capital and financing obligations, and security concerns impacting travel to Mexico.

Our available capacity under the bank credit facility and compliance with financial covenants in future periods will depend substantially on the financial results of our hotels and resorts, and in particular, the results of the borrowing base assets, which include the Four Seasons Punta Mita Resort, Marriott Lincolnshire Resort, Ritz-Carlton Half Moon Bay and Ritz-Carlton Laguna Niguel hotels. The recent operating results of the Four Seasons Punta Mita Resort in Mexico has been negatively impacted by security concerns impacting travel to Mexico, as well as the recent economic downturn. If these negative conditions persist, the financial results of our hotels and resorts deteriorate, or if our property values decline, the maximum availability under the bank credit facility may decline to a level below our

short-term borrowing needs. If that were to occur, outstanding borrowings exceeding the maximum availability under the bank credit facility would need to be repaid to avoid a default under the bank credit facility, absent an amendment or waiver. If we are unable to borrow under our bank credit facility or to refinance existing indebtedness, we may be prevented from funding our working capital needs.

9

Table of Contents

In the event that the economic recovery stalls and negative economic conditions return and our business significantly deteriorates, we may be required to take further steps to acquire the funds necessary to satisfy our short-term cash needs, including possibly liquidating some of our assets on terms that would be less attractive than would be obtainable after conditions in the economy, the credit markets and the hotel markets improve. If negative conditions return, our business deteriorates and we do not achieve a successful disposition of assets or increase our liquidity through alternative channels or modify or obtain a waiver to certain terms of our bank credit facility, we may breach one or more of our financial covenants or the maximum availability under the bank credit facility may fall below our short-term borrowing needs. A default under the bank credit facility would allow the lenders to declare all amounts outstanding under the facility to become due and payable. Additionally, such an acceleration event would allow for acceleration of the interest rate swaps (with a termination cost of \$28.9 million as of December 31, 2013).

We have substantial debt, a portion of which is variable-rate debt, and upon maturity, we plan to extend or refinance with new debt, which may not be available when required on optimal terms or at all.

We have a substantial amount of outstanding indebtedness, a portion of which bears interest at a variable-rate, and to the extent available, we may borrow additional variable-rate debt under our bank credit facility. When we seek to refinance our outstanding indebtedness, our interest expense may increase. Increases in interest rates on our existing variable-rate indebtedness, or on new indebtedness we incur when refinancing our existing indebtedness, would increase our interest expense, which could harm our cash flow and our ability to pay distributions. As of December 31, 2013, we had total debt of \$1.27 billion, and, including the effect of interest rate swaps, approximately 68.0% of our total debt had fixed interest rates.

Our significant debt may negatively affect our business and financial results, including:

- requiring us to use a substantial portion of our funds from operations to make required payments on principal and interest, which reduces the amounts available for distributions to our stockholders and funds available for operations, capital expenditures, future business opportunities and other purposes;
- making us more vulnerable to economic and industry downturns and reducing our flexibility in responding to changing business and economic conditions;
- limiting our ability to borrow more money for operations, capital or to finance acquisitions in the future; and
- requiring us to dispose of properties to make required payments of interest and principal.

Since we anticipate that our internally generated cash will be adequate to repay only a portion of our indebtedness prior to maturity, we expect that we will be required to repay debt through refinancings and/or equity offerings. The amount of our existing indebtedness may adversely affect our ability to repay debt through refinancings. See the discussion under the subheading "Debt Maturity:" in Note 10 of the Notes to our Consolidated Financial Statements included in Item 8 of Part II of this annual report on Form 10-K for quantified information regarding our debt maturities as of December 31, 2013. There can be no assurance that we will be able to refinance our debt with new borrowings on favorable terms or at all or raise capital through the sale of equity. If we are unable to refinance or restructure our indebtedness on acceptable terms, or at all, we might be forced to dispose of one or more of our properties on disadvantageous terms, or forfeit the property securing such indebtedness, which might result in losses to us and which might adversely affect cash available for distributions to our stockholders. Alternatively, any debt we may arrange may carry a higher rate of interest or the shares we issue in any equity offering may require a higher rate of dividends or other dilutive terms. As a result, certain growth initiatives could prove more costly or not economically feasible. A failure to retain or refinance our bank credit facility or to add new or replacement debt facilities could have a material adverse effect on our business, financial condition and results of operations.

We also could incur additional debt in connection with future acquisitions of real estate. We may, in some instances, to the extent available, borrow under our bank credit facility or borrow new funds to acquire properties. In addition, we may incur mortgage debt by obtaining loans secured by a portfolio of some or all of the real estate properties we acquire. If necessary or advisable, we may also borrow funds to satisfy the requirement that we distribute to stockholders at least 90% of our annual REIT taxable income or to ensure otherwise that we maintain our qualification as a REIT for U.S. federal income tax purposes.

Our working capital and liquidity reserves may not be adequate to cover all of our cash needs and we may have to obtain financing from either affiliated or unaffiliated sources. If the United States and global financial markets

experience another downturn or turmoil, sufficient financing may not be available or, if available, may not be available on reasonable terms. Additional borrowings for working capital purposes will increase our interest expense, and therefore may harm our financial condition and results of operations.

Table of Contents

Our organizational documents do not limit the amount of indebtedness that we may incur. To the extent we become more leveraged, the resulting increase in our debt service obligations would reduce cash available for distributions to our stockholders and could adversely affect our ability to make payments on our outstanding indebtedness and harm our financial condition.

We own primarily upper upscale and luxury hotels and resorts, and the upper upscale and luxury segments of the lodging market are highly competitive and generally subject to greater volatility than other segments of the market, which could negatively affect our profitability.

The upper upscale and luxury segments of the hotel business are highly competitive. Our hotels and resorts compete on the basis of location, room rates and quality, service levels, reputation and reservations systems, among many other factors. There are many competitors in our hotel chain scale segments, and many of these competitors have substantially greater marketing and financial resources than we have. This competition could reduce occupancy levels and room revenue at our hotels and resorts, which would harm our operations. Over-building in the hotel industry may increase the number of rooms available and may decrease occupancy and room rates. We also face competition from nationally recognized hotel brands with which we are not associated. In addition, in periods of weak demand, profitability is negatively affected by the relatively high fixed costs of operating upper upscale and luxury hotels and resorts when compared to other classes of hotels and resorts.

The illiquidity of real estate investments and the lack of alternative uses of hotel properties could significantly limit our ability to respond to adverse changes in the performance of our properties and harm our financial condition. Because real estate investments are relatively illiquid, our ability to promptly sell one or more of our properties in response to changing economic, financial and investment conditions is limited. We cannot predict whether we will be able to sell any property for the price or on the terms set by us, or whether any price or other terms offered by a prospective purchaser would be acceptable to us. We also cannot predict the length of time needed to find a willing purchaser and to close the sale of a property.

In addition, hotel properties may not readily be converted to alternative uses if they were to become unprofitable due to competition, age of improvements, decreased demand or other factors. The conversion of a hotel to alternative uses would also generally require substantial capital expenditures.

We may be required to expend funds to correct defects or to make improvements before a property can be sold. We may not have funds available to correct those defects or to make those improvements and as a result our ability to sell the property would be limited. These factors and any others that would impede our ability to respond to adverse changes in the performance of our properties could significantly harm our financial condition and results of operations.

Certain of our long-lived assets, intangible assets, investments in unconsolidated affiliates and goodwill have in the past become impaired and may become impaired in the future.

We periodically review each of our hotels and resorts and any related goodwill for possible impairment. Based on the results of these analyses, in fiscal years 2013 and 2012 we wrote off \$0.7 million and \$14.6 million, respectively, to impairment losses to reduce the carrying value of long-lived assets to their estimated fair values. Our other hotels and related goodwill may become impaired, or our hotels which have previously become impaired may become further impaired, in the future, which may adversely affect our financial condition and results of operations.

We rely to a significant extent on our president and chief executive officer, Mr. Raymond L. Gellein, Jr., the loss of whom could have a material adverse effect on our business.

Our continued success will depend to a significant extent on the efforts and abilities of our president and chief executive officer, Mr. Raymond L. Gellein, Jr. Mr. Gellein has served as our president and chief executive officer since November 2012 and has served as our chairman of the board since August 2010. Mr. Gellein is an experienced hotel industry senior executive and operator. As chairman of the board, president and chief executive officer, Mr. Gellein is actively engaged in our management and determines our strategic direction, especially with regard to our operational, financing, acquisition and disposition activities. Mr. Gellein's departure could have a material adverse effect on our operations, financial condition and operating results.

The geographic concentration of our hotels in California makes us more susceptible to an economic downturn or natural disaster in that state.

As of February 26, 2014, seven of the hotels and resorts we own were located in California, the greatest concentration of our portfolio of properties in any state. California has been historically at greater risk to certain acts of nature, such as fire, floods and earthquakes, than other states, and has also been subject to a more pronounced economic downturn than other states.

Table of Contents

It is also possible that a change in California laws applicable to hotels and resorts and the lodging industry may have a greater impact on us than a change in comparable laws in another jurisdiction where we have hotels and resorts. Accordingly, our business, financial condition and results of operations may be particularly susceptible to a natural disaster, downturn or changes in the California economy.

We have suspended the payment of dividends on our common stock and have suspended the payment of dividends on our preferred stock in the past.

In November 2008, we suspended payment of our dividend on our shares of common stock. We can provide no assurance as to when we will resume paying dividends on our common stock, if ever. In addition, in the past, we suspended the quarterly dividend to holders of shares of our 8.50% Series A Cumulative Redeemable Preferred Stock, 8.25% Series B Cumulative Redeemable Preferred Stock and 8.25% Series C Cumulative Redeemable Preferred Stock, which we collectively refer to herein as our Outstanding Preferred Stock. We can provide no assurance that we will not suspend the payment of quarterly dividends on our Outstanding Preferred Stock in the future. Pursuant to the Articles Supplementary governing our Outstanding Preferred Stock, if we do not pay quarterly dividends on our Outstanding Preferred Stock for six quarters, whether or not consecutive, the size of our board of directors will be increased by two and the holders of our Outstanding Preferred Stock will have the right to elect two additional directors to our board.

If we fail to maintain effective internal control over financial reporting and disclosure controls and procedures in the future, we may not be able to accurately report our financial results, which could have an adverse effect on our business.

If our internal control over financial reporting and disclosure controls and procedures are not effective, we may not be able to provide reliable financial information. If we discover deficiencies in our internal controls, we will make efforts to remediate these deficiencies; however, there is no assurance that we will be successful either in identifying deficiencies or in their remediation. Any failure to maintain effective controls in the future could adversely affect our business or cause us to fail to meet our reporting obligations. Such non-compliance could also result in an adverse reaction in the financial marketplace due to a loss of investor confidence in the reliability of our consolidated financial statements. In addition, perceptions of our business among customers, suppliers, rating agencies, lenders, investors, securities analysts and others could be adversely affected.

Rising operating expenses and costs of capital improvements could reduce our cash flow, earnings before interest expense, taxes, depreciation and amortization (EBITDA) and funds available for future distributions.

Our properties are subject to operating risks common to the lodging industry in general. If a property's occupancy or room rates drop to the point where its revenues are insufficient to cover its operating expenses, then we could be required to spend additional funds for that property's operating expenses. Our properties are continually subject to increases in real estate and other tax rates, wages and benefits, utility costs, operating expenses, insurance costs, repairs and maintenance and administrative expenses, which may reduce our cash flow, EBITDA and funds available for future distributions to our stockholders.

Our hotel properties have an ongoing need for renovations and other capital improvements, including replacements, from time to time, of furniture, fixtures and equipment. Some of these capital improvements are mandated by health, safety or other regulations. These capital improvements may give rise to (i) a possible shortage of available cash to fund capital improvements, (ii) the possibility that financing for these capital improvements may not be available to us on affordable terms and (iii) uncertainties as to market demand or a loss of market demand after capital improvements have begun. The costs of these capital improvements could adversely affect our financial condition and amounts available for distributions to our stockholders.

Our business and operating results depend in large part upon the performance of third-party hotel management companies that manage our hotels and resorts.

Our hotels and resorts are managed by third-party hotel management companies pursuant to management agreements or, with respect to the Marriott Hamburg hotel, the lease applicable to that property. Therefore, our business and operating results depend in large part upon the performance of these hotel management companies under these management agreements.

Under the terms of these management agreements, the third-party hotel managers control the daily operations of our hotels and resorts. We do not have the authority to require any hotel or resort to be operated in a particular manner or to govern any particular aspect of the daily operations of any hotel (for instance, setting room rates). Thus, even if we believe our hotels and resorts are being operated inefficiently or in a manner that does not result in satisfactory occupancy rates, net revenue per available room or average daily rate, we may not be able to force the hotel management companies in question to change their methods of operation of our hotels and resorts. Additionally, in the event that we need to replace any hotel management company, we may be required by the terms of the applicable management agreement to pay a substantial termination fee and

Table of Contents

may experience disruptions at any affected hotel. The effectiveness of the hotel management companies in managing our hotels and resorts will, therefore, significantly affect the revenues, expenses and value of our hotels and resorts. Occasionally, we have discovered accounting and other errors at some of our properties relating to the improper recording of income statement expenses, misstated inventories and other items apparently caused by poor accounting practices and oversight. In the event our third-party hotel management companies are not able to implement and maintain appropriate accounting or other controls with respect to our properties, our business, results of operations and financial condition could be adversely affected.

Additionally, the hotel management companies that operate our hotels and resorts and their affiliates own, operate, or franchise properties other than our properties, including properties that directly compete with our properties. Therefore, a hotel management company may have different interests than our own with respect to short-term or long-term goals and objectives, including interests relating to the brand under which such hotel management company operates. Such differences may be significant depending upon many factors, including the remaining term of the applicable management agreement, trade area restrictions with respect to competitive practices by the hotel management company or its affiliates or differing policies, procedures or practices. Any of these factors may adversely impact the operation and profitability of a hotel or resort, which could harm our financial condition and results of operations.

All revenues generated at our hotels and resorts, including credit card receivables, are deposited by the payors into accounts maintained and controlled by the relevant hotel management company, which pays operating and other expenses for the relevant hotel (including real and personal property taxes), pays itself management fees in accordance with the terms of the applicable management agreement and makes deposits into any reserve funds required by the applicable management agreement. In the event of a bankruptcy or insolvency involving a hotel management company, there is a risk that the payment of operating and other expenses for the relevant hotel and payment of revenues to us may be delayed or otherwise impaired. The bankruptcy or insolvency of a hotel management company may significantly impair its ability to provide services required under the management agreement.

Certain of the employees at our hotels and resorts are covered by collective bargaining agreements and labor disputes may disrupt operations or increase costs at our hotels and resorts.

Our hotel management companies act as employer of the hotel-level employees. At certain of our hotels, these employees are covered by collective bargaining agreements. At the current time, the collective bargaining agreement at our Loews Santa Monica Beach Hotel has expired. At this time, we cannot predict when or whether a new agreement will be reached and what the impact of prolonged negotiations could be. If an agreement is reached, or if any of our hotels not currently operating under a collective bargaining agreement enters into one, such agreement may cause us to incur additional expenses related to the employees at our hotels, thereby reducing our profits and impacting our financial results negatively. Additionally, if an agreement is not reached and there are labor disputes, including strikes, operations at our hotel could suffer due to the diversion of business to other hotels or increased costs of operating the hotel during such a labor dispute, thereby impacting our financial results negatively.

The outbreak of a pandemic disease, such as the H1N1 virus, has had and may in the future have an adverse impact on our financial results.

An outbreak of a pandemic disease, such as the H1N1 virus, has had and may in the future have a significant adverse impact on travel and the lodging industry. As a consequence, our financial results of operations may be adversely effected.

Our renovation and development activities are subject to timing, budgeting and other risks.

We are in the process of renovating several of our properties and expect to continue similar activities in the future, as well as develop and redevelop certain properties. These renovation, development, and redevelopment activities and the pursuit of acquisition and other corporate opportunities expose us to certain risks, including those relating to:

- construction delays or cost overruns that may increase project costs and, as a result, make the project uneconomical;
- displacement in revenue during the period of renovation;
- defects in design or construction that may result in additional costs to remedy or require all or a portion of a property to be closed during the period required to rectify any such situation;
- the failure to complete construction of a property on schedule;

insufficient occupancy rates at a completed project impeding our ability to pay operating expenses or achieve targeted rates of return on investment;

13

Table of Contents

the incurrence of acquisition and/or predevelopment costs in connection with projects that are delayed or not pursued to completion;

natural disasters such as earthquakes, hurricanes, floods or fires that could adversely impact a project;

receipt of zoning, occupancy, building, land-use or other required governmental permits and authorizations; and

governmental restrictions on the nature or size of a project or timing of completion.

In the case of an unsuccessful project, we may be required to write off capitalized costs associated with the project and such write-offs may be significant and adversely affect our financial condition and results of operations.

We face competition for the acquisition of real estate properties.

We compete with institutional pension funds, private equity investors, other REITs, owner-operators of hotels and resorts and others who are engaged in real estate investment activities that focus on the acquisition of hotels and resorts. These competitors may drive up the price we must pay for real estate property, other assets or other companies we seek to acquire or may succeed in acquiring those real estate properties, other assets or other companies themselves. In addition, our potential acquisition targets may find our competitors to be more attractive suitors because they may have greater resources, may be willing to pay more or may have a more compatible operating philosophy. In addition, the number of entities competing for suitable investment properties may increase in the future. This would result in increased demand for these real estate properties, other assets or other companies and therefore increase the prices required to be paid for them. If we pay higher prices for real estate properties, other assets or other companies, our profitability may be reduced. Also, future acquisitions of real property, other assets or other companies may not yield the returns we expect and, if financed using our equity, may result in stockholder dilution. We also may not be successful in identifying or consummating acquisitions and investments in unconsolidated affiliates on satisfactory terms. In addition, our profitability may suffer because of acquisition-related costs or amortization costs for intangible assets. We also may incur significant expenses in connection with acquisition or other corporate opportunities we pursue but do not consummate.

Investing through partnerships decreases our ability to manage risk.

In addition to acquiring or developing hotels and resorts directly, we have from time to time invested, and expect to continue to invest in hotels and ancillary businesses, as a partner. Partners often have shared control over the operation of the assets. Therefore, investments may involve risks such as the possibility that the partner in an investment might become bankrupt or not have the financial resources to meet its obligations, or have economic or business interests or goals that are inconsistent with our business interests or goals, or be in a position to take action contrary to our instructions or requests or contrary to our policies or objectives. Consequently, actions by a partner might subject hotels, resorts and businesses to additional risk. We may be unable to take action without the approval of our partners, and alternatively, our partners could take actions without our consent. Additionally, should a partner become bankrupt, we could become liable for our partner's share of liabilities.

Our business and operations would suffer in the event of system failures.

Despite system redundancy, the implementation of security measures and the existence of a disaster recovery plan for our internal information technology systems, our systems are vulnerable to damages from any number of sources, including computer viruses, unauthorized access, energy blackouts, natural disasters, terrorism, war and telecommunication failures. Any system failure or accident that causes interruptions in our operations could result in a material disruption to our business. We may also incur additional costs to remedy damages caused by such disruptions.

Cyber security risks and cyber incidents could adversely affect our business and disrupt operations.

The hospitality industry is under increasing attack by cyber-criminals in the United States and other jurisdictions in which we operate. These attacks can be deliberate attacks or unintentional events that could cause interruptions or delays in our business, loss of data, or render our management companies unable to process reservations. Accordingly, an extended interruption in the ability of any system to function could significantly curtail, directly and indirectly, our ability to conduct our business and generate revenue.

While we carry property and business operation interruption insurance, we may not be sufficiently compensated for all losses we may incur. These losses include not only a loss of revenues but also potential reputational damage to the brands which manage our hotels, our brand and litigation, fines or regulatory action against us. Furthermore, we may

also incur substantial remediation costs to repair system damage as well as satisfy liabilities for stolen assets or information that may further reduce our profits.

Table of Contents

Risks related to the lodging and real estate industries

A number of factors, many of which are common to the lodging industry and beyond our control, could affect our business, including those described elsewhere herein as well as the following:

- increased competition from new supply or existing hotel properties in our markets, which would likely adversely affect occupancy and revenues at our hotels and resorts;
- dependence on business, commercial and leisure travelers and tourism;
- dependence on group and meeting/conference business;
- increases in energy costs, airline bankruptcies, airline strikes or other factors that may affect travel patterns and reduce the number of business and commercial travelers and tourists;
- risks generally associated with the ownership of hotel properties and real estate, as we discuss in more detail below;
- general economic and business conditions affecting the lodging and travel industry, both nationally and locally, including a prolonged U.S. recession;
- increases in operating costs due to inflation, labor costs (including the impact of unionization), workers' compensation and health-care related costs (including the impact of the Patient Protection and Affordable Care Act), utility costs, insurance and unanticipated costs such as acts of nature and their consequences and other factors that may not be offset by increased room rates;
- changes in governmental laws and regulations, fiscal policies and zoning ordinances and the related costs of compliance with laws and regulations, fiscal policies and ordinances; and
- adverse effects of international market conditions, which may diminish the desire for leisure travel or the need for business travel, as well as national, regional and local economic and market conditions in which our hotels and resorts operate and where our customers live.

These factors could have an adverse effect on our financial condition and results of operations, which may affect our ability to make distributions to our stockholders.

Uninsured and underinsured losses could adversely affect our financial condition and results of operations, which may affect our ability to make distributions to our stockholders.

Various types of catastrophic losses, such as losses due to wars, terrorist acts, earthquakes, floods, hurricanes or pollution or other environmental matters generally are either uninsurable or not economically insurable, or may be subject to insurance coverage limitations, such as large deductibles or co-payments. Although our earthquake insurance coverage is limited, as of February 26, 2014, seven of our hotels and resorts were located in California, which has been historically at a greater risk for certain acts of nature (such as fire, floods and earthquakes) than other states. Our InterContinental Miami hotel and Four Seasons Punta Mita Resort are located in areas that are prone to hurricanes and/or floods.

In the event of a catastrophic loss, our insurance coverage may not be sufficient to cover the full current market value or replacement cost of our lost investment. Should an uninsured loss or a loss in excess of insured limits occur, we could lose all or a portion of the capital we have invested in a property, as well as the anticipated future revenue from the property. In that event, we might nevertheless remain obligated for any mortgage debt or other financial obligations related to the property. In the event of a significant loss that is covered by insurance, our deductible may be high and, as a consequence, it could materially adversely affect our financial condition. Inflation, changes in building codes and ordinances, environmental considerations and other factors might also keep us from using insurance proceeds to replace or renovate a hotel after it has been damaged or destroyed. Under those circumstances, the insurance proceeds we receive might be inadequate to restore our economic position in the damaged or destroyed property.

Certain events, such as Hurricanes Katrina and Rita in 2005, have historically made it more difficult and expensive to obtain property and casualty insurance, including coverage for windstorm, flood and earthquake damage, and such events could occur again. We may encounter difficulty in obtaining or renewing property insurance, including coverage for windstorm, flood and earthquake damage, or casualty insurance on our properties at the same levels of coverage, under similar terms and in a timely manner due to a lack of capacity in the insurance markets or a lack of availability of such insurance at commercially reasonable rates. Insurance we would be able to obtain may be more limited and for some catastrophic risks (e.g., earthquake, flood, windstorm and terrorism) may not be generally

available to fully cover potential losses. Even if we would be able to

15

Table of Contents

obtain new policies with desired levels and with limitations, we cannot be sure that we would be able to obtain such insurance at premium rates that are commercially reasonable or that there would not be gaps in our coverage. If we did not obtain adequate insurance on our properties for certain risks or in a timely manner, it would expose us to uninsured losses and could cause us to be in default under specific covenants on certain of our indebtedness or other contractual commitments which require us to maintain adequate insurance on our properties to protect against the risk of loss. If this were to occur, or if we were unable to obtain adequate insurance and our properties experienced damage which would otherwise have been covered by insurance, it could materially adversely affect our financial condition and the operations of our properties.

We obtain terrorism insurance to cover any property damage caused by any terrorism act under a separate stand-alone policy of insurance, and also have terrorism insurance under our general liability program and in our program for directors' and officers' coverage. We may not be able to recover fully under our existing terrorism insurance for losses caused by some types of terrorist acts, and federal terrorism legislation does not ensure that we will be able to obtain terrorism insurance in adequate amounts or at acceptable premium levels in the future. Insurers only have to provide terrorism coverage to the extent mandated by the Terrorism Risk Insurance Program Reauthorization Act (TRIPRA) effective December 26, 2007. While TRIPRA will reimburse insurers for losses resulting from nuclear, radiological, biological and chemical perils, TRIPRA does not require insurers to offer coverage for these perils and, to date, insurers are not willing to provide this coverage, even with government reinsurance. Any damage related to war and to nuclear, biological and chemical incidents, therefore, is excluded under our policies. TRIPRA is due to expire on December 31, 2014. There is no guaranty that terrorism insurance will be readily available or affordable before or after expiration of the TRIPRA in December 2014 or that TRIPRA will not be modified or repealed. As a result of the above, there remains uncertainty regarding the extent and adequacy of terrorism coverage that will be available to protect our interests in the event of future terrorist attacks that impact our properties.

We derive revenues from outside the United States, which subjects us to different legal, monetary and political risks, as well as currency exchange risks, and may cause unpredictability in our cash flows.

A portion of our investments are in hotel properties located outside the United States. International investments and operations generally are subject to various political and other risks that are different from and in addition to those for U.S. investments and operations, including:

- enactment of laws prohibiting or restricting the foreign ownership of property;
- laws restricting us from removing profits earned from activities within the country to the United States (i.e., nationalization of assets located within a country);
- changes in laws, regulations and policies, including land use, zoning and environmental laws, and in real estate and other tax rates;
- exchange rate fluctuations;
- change in the availability, cost and terms of mortgage funds resulting from varying national economic policies or changes in interest rates;
- high administrative costs; and
- terrorism, war or civil unrest.

Unfavorable legal, regulatory, economic or political changes such as those described above could adversely affect our financial condition and results of operations.

The threat of terrorism has historically adversely affected the lodging industry generally and these adverse effects may worsen if there are further terrorist events.

The threat of terrorism has historically caused a significant decrease in hotel occupancy and average daily rates due to disruptions in business and leisure travel patterns and concerns about travel safety. Future terrorist acts, terrorism alerts or outbreaks of hostilities could have a negative effect on travel and on our business.

Seasonal variations in revenue at our hotels and resorts can be expected to cause quarterly fluctuations in our revenues.

Revenues for hotels and resorts in tourist areas generally are substantially greater during tourist season than other times of the year. To the extent that cash flows from operations are insufficient during any quarter, due to seasonal fluctuations in revenues, we may have to enter into short-term borrowings to fund operations, pay interest expense or

make distributions to our stockholders.

16

Table of Contents

We consider acquisition opportunities in the ordinary course of our business, which may not perform as anticipated. In the ordinary course of our business and when our liquidity position permits, we consider strategic acquisitions. The acquisition of properties involves risks, including the risk that the acquired property will not perform as anticipated and the risk that any actual costs for rehabilitating, repositioning, renovating and improving identified in the pre-acquisition process will exceed estimates.

Environmental and other governmental laws and regulations could increase our compliance costs and liabilities and adversely affect our financial condition and results of operations.

Our properties are subject to various U.S. federal, state and local environmental laws. Under these laws, courts and government agencies have the authority to require us, as owner of a contaminated property, to clean up the property, even if the contamination pre-dated our ownership of the property or we did not know of or were not responsible for the contamination. These laws may also force a party who owned a property at the time of its contamination, but no longer owns the property, to be responsible for the cleanup. In addition to the costs of clean-up, environmental contamination can affect the value of a property and, therefore, an owner's ability to borrow funds using the property as collateral or to sell the property. These laws can also impose liability on parties that arrange for the disposal of wastes at an offsite property that becomes contaminated.

In addition, some of these environmental laws can restrict the use of a property and place conditions on various activities. An example would be laws that require a business using hazardous substances on a property (such as swimming pool and lawn care chemicals) to manage them carefully and to notify local officials that the chemicals are being used. Failure to comply with these laws could result in fines and penalties or expose us to third-party liability. From time to time, the United States Environmental Protection Agency, or EPA, designates certain sites affected by hazardous substances as Superfund sites. Superfund sites can cover large areas, affecting many different parcels of land. The EPA may choose to pursue parties regardless of their actual contribution to the contamination. The Los Angeles Marriott Burbank Airport hotel, which we sold in September 2006, is located within a Federal Superfund site. The area was designated as a Superfund site because groundwater underneath the area is contaminated. We have not been named, and do not expect to be named, as a party responsible for the clean-up of the groundwater contamination; however, there can be no assurance regarding potential future developments concerning this site.

The presence of any environmental conditions at our properties could result in remediation and other costs and liabilities and adversely affect our financial condition and results of operations.

We have reviewed environmental reports prepared by our consultants and consultants retained by our lenders at various times, which disclose certain conditions on our properties and the use of hazardous substances in operation and maintenance activities that could pose a risk of environmental contamination or impose liability on us. At some facilities these include on-site dry cleaning operations, petroleum storage in underground storage tanks, past tank removals and the known or suspected presence of asbestos, mold or thorium.

The costs to clean up a contaminated property or defend against a related claim or to comply with environmental laws could be material and could adversely affect the funds available for distributions to our stockholders. Future laws or regulations may impose material environmental liabilities on us, the current environmental condition of our properties may be affected by the condition of the properties in the vicinity of our properties (such as the presence of leaking underground storage tanks) or by third parties unrelated to us and currently unknown environmental liabilities related to our properties may be identified.

If we are not in compliance with the Americans with Disabilities Act of 1990, we may face significant costs to modify our properties and/or be subject to fines.

Under the Americans with Disabilities Act of 1990, or ADA, all public accommodations must meet various federal requirements related to access and use by disabled persons. Compliance with the ADA's requirements could require removal of access barriers, and non-compliance could result in the U.S. government imposing fines or in private litigants winning damages. If we are required to make substantial modifications to our hotels and resorts, whether to comply with the ADA or other changes in governmental rules and regulations, our financial condition, results of operations and ability to make distributions to our stockholders could be adversely affected.

Table of Contents

Risks related to our organization and structure

Provisions of our organizational documents may limit the ability of a third party to acquire control of our company and may depress our stock price.

In order for us to maintain our status as a REIT, no more than 50% of the value of outstanding shares of our stock may be owned, actually or constructively, by five or fewer individuals at any time during the last half of each taxable year. To make sure that we will not fail to qualify as a REIT under this test, subject to some exceptions, our charter prohibits any individual from owning beneficially or constructively more than 9.8% of the value of outstanding shares of our stock or more than 9.8% of the value or number of shares, whichever is more restrictive, of the outstanding shares of our common stock. Any attempt to own or transfer shares of our capital stock in excess of the ownership limit without the consent of our board of directors will be void, and could result in the shares being automatically transferred to a charitable trust. This ownership limitation may prevent an acquisition of control of our company by a third party without our board of directors' grant of an exemption from the ownership limitation, even if our stockholders believe the change of control is in their interest.

Our charter authorizes our board of directors to cause us to issue up to 350,000,000 shares of common stock and up to 150,000,000 shares of preferred stock. Additionally, our charter authorizes our board of directors to amend our charter without stockholder approval to increase or decrease the aggregate number of shares of stock or the number of shares of any class or series of our stock that we have authority to issue, to classify or reclassify any unissued shares of common stock or preferred stock and to set the preferences, rights and other terms of the classified or reclassified shares. Issuances of additional shares of stock may have the effect of delaying or preventing a change in control of our company, including transactions at a premium over the market price of our stock, even if stockholders believe that a change of control is in their interest.

Our charter permits the removal of a director only upon the affirmative vote of two-thirds of the votes entitled to be cast, generally in the election of directors, and provides that vacancies may only be filled by a majority of the remaining directors. Our bylaws require advance notice of a stockholder's intention to nominate directors or present business for consideration by stockholders at an annual meeting of our stockholders. These provisions may delay, defer or prevent a transaction or change in control that involves a premium price for our common stock or that for other reasons may be desired by our stockholders.

Provisions of Maryland law may limit the ability of a third party to acquire control of our company.

Certain provisions of the Maryland General Corporation Law, or the MGCL, may have the effect of inhibiting a third party from making a proposal to acquire us or of impeding a change of control under circumstances that otherwise could provide the holders of shares of our common stock with the opportunity to realize a premium over the then prevailing market price of such shares, including:

“business combination” provisions that, subject to limitations, prohibit certain business combinations between us and an “interested stockholder” (defined generally as any person who beneficially owns 10% or more of the voting power of our shares or an affiliate thereof) for five years after the most recent date on which the stockholder becomes an interested stockholder, and thereafter imposes special super majority stockholder voting requirements on these combinations;

“control share” provisions that provide that “control shares” of our company (defined as shares which, when aggregated with other shares controlled by the stockholder, entitle the stockholder to exercise one of three increasing ranges of voting power in electing directors) acquired in a “control share acquisition” (defined as the direct or indirect acquisition of ownership or control of “control shares”) have no voting rights except to the extent approved by our stockholders by the affirmative vote of at least two-thirds of all the votes entitled to be cast on the matter, excluding all interested shares; and

“unsolicited takeover” provisions of Maryland law permit our board of directors, without stockholder approval, to implement a classified board as well as impose other restrictions on the ability of a third party to acquire control.

We have opted out of the control share provisions of the MGCL pursuant to a provision in our bylaws. However, we may, by amendment to our bylaws, become subject to the control share provisions of the MGCL in the future.

You have limited control as a stockholder regarding any changes we make to our policies.

Our board of directors approves our major policies, including our investment objectives, financing, growth and distributions. Our board of directors may amend or revise these and other policies without a vote of our stockholders. This means that our stockholders will have limited control over changes in our policies.

Table of Contents

Tax risks

If we fail to maintain our status as a REIT, our distributions will not be deductible by us, and our income will be subject to U.S. federal taxation, reducing our earnings available for distribution.

We currently qualify as a REIT under Sections 856 through 860 of the Internal Revenue Code of 1986, as amended, which we refer to herein as the Tax Code. The requirements for this qualification, however, are complex and require annual distributions to our stockholders tied to our taxable income (irrespective of available cash from operations), quarterly asset tests and diversity of stock ownership rules. If we fail to meet these requirements, our distributions to our stockholders will not be deductible by us and we will have to pay a corporate U.S. federal level tax on our income. This would substantially reduce our cash available to pay distributions to our stockholders. In addition, such a tax liability might cause us to borrow funds, liquidate some of our investments or take other steps, which could negatively affect our results of operations. Moreover, if our REIT status is terminated because of our failure to meet a technical REIT requirement or if we voluntarily revoke our election, we would be disqualified from electing treatment as a REIT for the four taxable years following the year in which REIT status is lost.

Even if we maintain our status as a REIT, we may become subject to U.S. federal, state, local or foreign taxes on our income or property reducing our earnings available for distribution.

Even if we maintain our status as a REIT, we may become subject to U.S. federal income and other taxes and state and local taxes. For example, if we have net income from a “prohibited transaction,” that income will be subject to a 100% tax. A “prohibited transaction” is, in general, the sale or other disposition of inventory or property, other than foreclosure property, held primarily for sale to customers in the ordinary course of business. We may not be able to make sufficient distributions to avoid excise taxes applicable to REITs. We may also decide to retain income we earn from the sale or other disposition of our property and pay U.S. federal income tax directly on that income. In that event, our stockholders would be treated as if they earned that income and paid the tax on it directly. However, stockholders that are tax-exempt, such as charities or qualified pension plans, would have no benefit from their deemed payment of that tax liability. In addition, the REIT rules impose various taxes and penalties on transactions with taxable REIT subsidiaries that are determined not to be priced at an arm’s length, and on a REIT that has to avail itself of certain cure provisions in the Tax Code for the failure to meet all of the REIT qualification requirements. We cannot assure you that we will be able to continue to satisfy the REIT requirements, or that it will be in our best interests to continue to do so.

We may also be subject to state and local taxes on our income or property, either directly or at the level of our operating partnerships or at the level of the other companies through which we indirectly own our assets. Foreign countries impose taxes on our hotels and resorts and our operations within their jurisdictions. We may not fully benefit from a foreign tax credit against our U.S. federal income tax liability for the foreign taxes we pay. As a result, our foreign taxes may reduce our income and available cash flow from our foreign hotels and resorts, which, in turn, could reduce our ability to make distributions to our stockholders.

Certain of our entities, including our foreign entities, are subject to corporate income taxes. Consequently, these entities are subject to potential audit. There can be no assurance that certain tax positions the entities have taken will not be challenged by taxing authorities and if the challenge is successful, could result in increased tax expense, which could be material.

If the leases of our hotels and resorts to our taxable REIT subsidiaries, or Affiliate Leases, are not respected as true leases for federal income tax purposes, we would fail to maintain our status as a REIT.

To continue to qualify as a REIT, we must satisfy two gross income tests under which specified percentages of our gross income must be certain types of passive income, such as rent. The rent paid pursuant to our Affiliate Leases will only qualify for purposes of the gross income tests if such Affiliate Leases are respected as true leases for U.S. federal income tax purposes and are not treated as service contracts, transfers between unconsolidated affiliates or some other type of arrangement. If our Affiliate Leases are not respected as true leases for U.S. federal income tax purposes, we would fail to qualify as a REIT.

Our taxable REIT subsidiaries, or TRSs, are subject to special rules that may result in increased taxes.

The REIT has to pay a 100% penalty tax on certain payments that it receives from a TRS if the economic arrangements between the REIT and the TRS are not comparable to similar arrangements between unrelated parties.

The Internal Revenue Service, or IRS, may successfully assert that the economic arrangements of any of our inter-company transactions, including our Affiliate Leases, are not comparable to similar arrangements between unrelated parties.

Table of Contents

We may be required to pay a penalty tax upon the sale of a hotel.

The U.S. federal income tax provisions applicable to REITs provide that any gain realized by a REIT on the sale of property held as inventory or other property held primarily for sale to customers in the ordinary course of business is treated as income from a “prohibited transaction” that is subject to a 100% penalty tax. Under current laws, unless a sale of real property qualifies for a safe harbor, the question of whether the sale of a hotel (or other property) constitutes the sale of property held primarily for sale to customers is generally a question of the facts and circumstances regarding a particular transaction. We may make sales that do not satisfy the requirements of the safe harbors or the IRS may successfully assert that one or more of our sales are prohibited transactions; consequently, we may be required to pay a penalty tax if we have gains on any such transactions.

Dividends payable by REITs do not qualify for the reduced tax rates applicable to certain dividends.

The maximum federal tax rate for certain dividends payable to domestic stockholders that are individuals, trusts and estates is 20%. Dividends payable by REITs, however, are generally not eligible for this reduced rate. Although this legislation does not directly adversely affect the taxation of REITs or dividends paid by REITs, the more favorable rates applicable to regular qualified corporate dividends could cause investors who are individuals, trusts and estates to perceive investments in REITs to be relatively less competitive than investments in stock of non-REIT corporations that pay dividends, which could adversely affect the comparative value of the stock of REITs, including our common stock.

Complying with REIT requirements may cause us to forego otherwise attractive opportunities.

To remain qualified as a REIT for federal income tax purposes, we must continually satisfy requirements and tests under the tax law concerning, among other things, the sources of our income, the nature and diversification of our assets, the amounts we distribute to our stockholders and the ownership of our stock. In order to meet these tests, we may be required to forego or limit attractive business or investment opportunities. For example, we may not lease to our TRS any hotel where gaming or wagering activities are conducted. Therefore, compliance with the REIT requirements may hinder our ability to operate solely to maximize profits.

(1) The table includes statistical information only for our period of ownership.

(2) The year-over-year comparisons are calculated using full year results which may include prior ownership periods.

We indirectly have a 36.4% interest in the unconsolidated affiliate that owns this property, which is subject to a

(3) mortgage. See “Item 8. Financial Statements and Supplementary Data—7. Investment in Unconsolidated Affiliates” for further detail.

We indirectly have a 50.0% interest in the unconsolidated affiliate that owns this property, which is subject to a

(4) mortgage. The unconsolidated affiliate has a ground lease interest in one land parcel at this property. See “Item 8. Financial Statements and Supplementary Data—7. Investment in Unconsolidated Affiliates” for further detail.

(5) We own a 51.0% controlling interest in an affiliate that owns this property. See “Item 8. Financial Statements and Supplementary Data—6. Variable Interest Entity” for further detail.

(6) We own a 53.5% controlling interest in an affiliate that owns this property. See “Item 8. Financial Statements and Supplementary Data—11. Equity and Distribution Activity” for further detail.

(7) These properties are borrowing base assets under our bank credit facility, which are subject to mortgages.

(8) On December 12, 2013, the Company entered into an agreement to sell this property.

This property was originally acquired on the date indicated in the table but was subsequently sold to a third party

(9) and leased back to us in a transaction that is more fully described under “Item 8. Financial Statements and Supplementary Data—9. Operating Lease Agreements.”

(*) These properties are subject to mortgages as more fully described under “Item 8. Financial Statements and Supplementary Data—10. Indebtedness.”

Table of Contents

Principal Terms of Management Agreements. Of our hotel properties, 17 are subject to management agreements with third party hotel managers and one is subject to a lease agreement with a third party hotel manager. For the management agreements, the principal terms are described below:

• **Base Management Fees.** Our agreements generally provide for the payment of base management fees between 1.25% and 4.0% of the applicable hotel's revenues, as determined in the agreements.

• **Incentive Management Fees.** Our agreements generally provide the opportunity for the hotel manager to earn incentive management fees, which are typically a percentage of a hotel's profit for the year. In certain instances, a level of return to us or performance of the hotel is required before a hotel manager is entitled to an incentive fee.

• Additionally, notwithstanding the specific formulas for the incentive fee calculations in the agreements, in certain instances, the incentive management fee to be earned by the hotel manager is capped.

• **Terms.** As of December 31, 2013, the remaining terms of the management agreements, not including renewal options, range from four years to 29 years and average 13 years. Generally, we do not have the right to exercise renewal options for the agreements. Instead, the term of an agreement either renews automatically, unless the hotel manager provides notice of termination, or is otherwise renewable within the discretion of the hotel manager.

• **Services.** The agreements require the hotel managers to furnish the hotels with certain services, which include on-site management and may include central training, advertising and promotion, national reservations systems, payroll and accounting services and such additional services as needed. We are responsible for payment of the operating expenses related to the hotel.

• **Annual Budget.** The agreements require the hotel manager to prepare and implement annual budgets, subject to our review and approval.

• **Ability to Terminate.** The agreements generally are not subject to early termination by us unless certain conditions exist, including the failure of the hotel manager to satisfy yearly performance-related criteria in 14 of our agreements.

• **Working Capital.** Our agreements typically require us to maintain working capital for the related hotel. We are also responsible for providing funds to meet the cash needs for the hotel operations if at any time the funds available from the hotel operations are insufficient to meet the financial requirements of the hotel.

• **Furniture, Fixtures and Equipment Reserves.** We are required to provide to the hotel manager all of the necessary furniture, fixtures and equipment for the operations of the hotel. Our agreements generally provide that between 4.0% and 5.0% of revenues of the hotel be reserved by the manager or deposited into a separate account held by us each year.

• **Sale of Hotel.** Generally, our agreements limit our ability to sell, lease or otherwise transfer each hotel unless the transferee is not a competitor of the manager, assumes the management agreement, and meets other specified conditions.

• **JW Marriott Essex House Hotel Performance Guarantee.** A provision of this management agreement, entered into with an affiliate of Marriott, requires that Marriott provide the Company with a limited performance guarantee that will ensure, subject to certain limitations, a target level of net operating profit. The guarantee period began on September 17, 2012 and will continue through the earlier of (a) December 31, 2020, (b) the date at which the maximum guarantee has been funded, or (c) the termination of the management agreement.

• **Mortgage Debt Pertaining to Our Properties.** For information relating to the mortgage debt pertaining to our properties, refer to "Item 8. Financial Statements and Supplementary Data—10. Indebtedness—Mortgages and Other Debt Payable."

ITEM 3. LEGAL PROCEEDINGS.

We are not involved in any material litigation, and, to our knowledge, there is no material litigation threatened against us, other than routine litigation arising in the ordinary course of business or which is expected to be covered by insurance.

ITEM 4. MINE SAFETY DISCLOSURES.

Not applicable.

Table of Contents

PART II

ITEM MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND
5. ISSUER PURCHASES OF EQUITY SECURITIES.

Our common stock is listed and traded on the NYSE under the symbol "BEE". As of February 26, 2014, the number of registered holders of record of our common stock was 68. However, because many of the shares of our common stock are held by brokers and other institutions on behalf of stockholders, we believe that there are considerably more beneficial holders of our common stock than record holders.

The following table sets forth the high and low sale prices for our common stock as reported on the NYSE composite transaction tape and the per share cash dividends declared on our common stock for the period January 1, 2012 through December 31, 2013.

	2013 Per Share of Common Stock			2012 Per Share of Common Stock		
	Market Price		Dividend	Market Price		Dividend
	High	Low	Paid	High	Low	Paid
First Quarter	\$8.55	\$6.44	\$—	\$6.83	\$5.38	\$—
Second Quarter	9.69	7.63	—	7.01	5.68	—
Third Quarter	9.20	8.09	—	6.70	5.68	—
Fourth Quarter	9.61	8.19	—	6.58	5.44	—
Year	\$9.69	\$6.44	\$—	\$7.01	\$5.38	\$—

We generally intend to distribute each year substantially all of our taxable income (which does not necessarily equal net income as calculated in accordance with generally accepted accounting principles) to our stockholders to comply with REIT provisions of the Tax Code. If necessary for REIT qualification purposes, we may need to distribute any taxable income in cash or by a special dividend. Our dividend policy is subject to revision at the discretion of our board of directors. All distributions will be made at the discretion of our board of directors and will depend on our taxable income, our financial condition, our maintenance of REIT status and other factors as our board of directors deems relevant.

On November 4, 2008, our board of directors elected to suspend the quarterly dividend to holders of shares of common stock. Our board of directors has continued the suspension of the quarterly dividend to holders of shares of our common stock as a measure to preserve liquidity and due to the bank credit facility covenant restrictions. Our board of directors will continue to evaluate the dividend policy in light of the REIT provisions of the Tax Code, restrictions under the bank credit facility, the overall economic climate, and our improving financial results.

For a description of restrictions on the payment of dividends, see "Item 8. Financial Statements and Supplementary Data—10. Indebtedness—Bank Credit Facility."

Equity Compensation Plan Information

There are 9,700,000 shares of common stock authorized for issuance under our Second Amended and Restated 2004 Incentive Plan (the Amended and Restated Plan). As of December 31, 2013, there have been 2,908,947 securities issued into common stock. The following table sets forth certain information with respect to securities authorized and available for issuance under the Amended and Restated Plan as of December 31, 2013.

	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under the Amended and Restated Plan (excluding securities reflected in column a) (c)
Equity compensation plans approved by security holders:			4,625,378

We classified one hotel property as held for sale as of December 31, 2013. We sold one hotel property in 2011, one (1) hotel property in 2010, and two hotel properties in 2009. The operations of these hotels are included as discontinued operations in the operating data above for all years presented.

ITEM MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF
7. OPERATIONS.

The following discussion and analysis is based primarily on the consolidated financial statements of Strategic Hotels & Resorts, Inc. (SHR) and its subsidiaries for the years presented and should be read together with the notes thereto contained in this annual report on Form 10-K. Terms employed herein as defined terms, but without definition, have meanings set forth in the notes to the consolidated financial statements (see "Item 8. Financial Statements and Supplementary Data").

Overview

We were incorporated in Maryland in January 2004 to acquire and asset-manage upper upscale and luxury hotels (as defined by Smith Travel Research). Our accounting predecessor, Strategic Hotel Capital, L.L.C. (SHC LLC), was founded in 1997. We made an election to be taxed as a real estate investment trust (REIT) under Sections 856 through 860 of the Internal Revenue Code of 1986, as amended (the Tax Code). On June 29, 2004, we completed our initial public offering (IPO) of our common stock. Prior to the IPO, 21 hotel interests were owned by SHC LLC. Concurrent with and as part of the transactions relating to the IPO, a reverse spin-off distribution to shareholders separated SHC LLC into two companies, a new, privately-held SHC LLC, with interests, at that time, in seven hotels and SHR, a public entity with interests, at that time, in 14 hotels. See "Item 8. Financial Statements and Supplementary Data—1. General" for the hotel interests owned or leased by us as of December 31, 2013.

We operate as a self-administered and self-managed REIT, which means that we are managed by our board of directors and executive officers. A REIT is a legal entity that holds real estate interests and, through payments of dividends to stockholders, is permitted to reduce or avoid federal income taxes at the corporate level. To continue to qualify as a REIT, we cannot operate hotels; instead we employ internationally known hotel management companies to operate our hotels under management contracts. We conduct our operations through our direct and indirect subsidiaries including our operating partnership, Strategic Hotel Funding, L.L.C. (SH Funding), which currently holds substantially all of our assets. We are the managing member of SH Funding and hold approximately 99% of its membership units as of December 31, 2013. We manage all business aspects of SH Funding, including the sale and purchase of hotels, the investment in such hotels and the financing of SH Funding and its assets.

Throughout this "Management's Discussion and Analysis of Financial Condition and Results of Operations" section, references to "we", "our", "us", and "the Company" are references to SHR together, except as the context otherwise requires, with its consolidated subsidiaries, including SH Funding.

When presenting the U.S. dollar equivalent amount for any amounts expressed in a foreign currency, the U.S. dollar equivalent amount has been computed based on the exchange rate on the date of the transaction or the exchange rate prevailing on December 31, 2013, as applicable, unless otherwise noted.

Key Indicators of Operating Performance

We evaluate the operating performance of our business using a variety of operating and other information that includes financial information prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) such as total revenues, operating income (loss), net income (loss), and earnings per share, as well as non-GAAP financial information. In addition, we use other information that may not be financial in nature, including statistical information and comparative data. We use this information to measure the performance of individual hotels, groups of hotels, and/or our business as a whole. Key indicators that we evaluate include average daily occupancy, average daily rate (ADR), revenue per available room (RevPAR), and Total RevPAR, which are more fully discussed under "—Factors Affecting Our Results of Operations—Revenues." We also evaluate Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA), Comparable EBITDA, Funds from Operations (FFO), FFO-Fully Diluted, and Comparable FFO as supplemental non-GAAP measures to GAAP performance measures. We provide a more detailed discussion of the non-GAAP financial measures under "—Non-GAAP Financial Measures."

Outlook

The lodging industry began its recovery in the first quarter of 2010, after one of the worst downturns in its history. Luxury demand, in which our portfolio has the highest concentration of assets, has experienced positive RevPAR growth since that time. RevPAR gains continued in the fourth quarter of 2013, driven by improved demand in transient business and increases in average room rates.

The fourth quarter of 2013 represented the fifteenth consecutive quarter of RevPAR growth and profit margin expansion for our Same Store United States portfolio. Same Store Assets (see “- Total Portfolio and Same Store Assets Definitions”

Table of Contents

below) located in the United States, which excludes hotels owned through unconsolidated affiliates and those owned for less than five quarters, increased 2.3 percentage points in occupancy, primarily driven by a 5.3% increase in transient room nights, partially offset by a 2.9% decrease in group room nights compared to the quarter ended December 31, 2012. ADR at our United States Same Store Assets increased 6.5% in the fourth quarter of 2013 as a result of a 4.8% increase in transient rate and a 6.8% increase in group rate, compared to the fourth quarter of 2012. For the quarter ended December 31, 2013, RevPAR in this portfolio increased 9.8% and Total RevPAR increased 15.8%, compared to the quarter ended December 31, 2012.

Our total United States portfolio of 15 hotels includes our unconsolidated affiliates at the Hotel del Coronado and Fairmont Scottsdale Princess hotel and the consolidated JW Marriott Essex House Hotel, which we acquired on September 14, 2012. We believe that providing the operating results on this portfolio, as well as the results of our Same Store Assets, is a better reflection of the operating trends of our business. For the year ended December 31, 2013, RevPAR for our total United States portfolio increased 8.6%, driven by a 5.9% increase in ADR and a 1.8 percentage point increase in occupancy, compared to the year ended December 31, 2012.

As we assess lodging supply and demand dynamics looking forward, we are optimistic about the long-term prospects for a sustained recovery, particularly in the product niche and markets in which we own assets. Group bookings pace remains our best forward indicator of demand. For our total United States portfolio of hotels, definite group room nights for 2014 as of January 31, 2014 are up 6.0% compared to the same time last year and are booked at 3.1% higher rates. New supply in the luxury and upper upscale segments remains very well contained in our markets and the current significant gap between hotel trading values and replacement costs bodes favorably for very limited supply growth into the future.

During the lodging downturn we implemented hotel specific contingency plans designed to reduce costs and maximize efficiency at each hotel. These include, but are not limited to, adjusting variable labor, eliminating certain fixed labor, and reducing the hours of room service operations and other food and beverage outlets. We believe the cost structures of our hotels have been fundamentally redesigned to sustain many of the cost reductions, even during periods of rising lodging demand. Therefore, we are optimistic that improving lodging demand will lead to increases in ADR and drive significant profit margin expansion throughout our portfolio.

European Strategy

We previously announced our intention to exit our assets in Europe in an orderly process designed to maximize proceeds. Since that time, we sold the Renaissance Paris Hotel LeParc Trocadero (Renaissance Paris), the InterContinental Prague hotel and our leasehold interest in the Paris Marriott hotel. Our remaining European assets are the Marriott London Grosvenor Square hotel and our leasehold interest in the Marriott Hamburg hotel. We continue to opportunistically explore options to exit these investments, including hiring a hotel brokerage and investment firm to advise us on the marketing and sale of the Marriott London Grosvenor Square hotel, and still intend to be North American-centric with respect to any new acquisitions.

Factors Affecting Our Results of Operations

The table below summarizes the changes to our consolidated hotel properties and rooms as of December 31, 2013, 2012 and 2011 and includes assets held for sale as of December 31, 2013:

Table of Contents

On June 9, 2011, we completed a recapitalization transaction that changed our ownership interest in the Fairmont (a)Scottsdale Princess hotel. See“—Off-Balance Sheet Arrangements—Fairmont Scottsdale Princess Venture” for further description of this transaction.

Acquisition of Interests in Consolidated Properties. During the years ended December 31, 2013, 2012 and 2011, we acquired interests in the following consolidated properties and paid net purchase prices, including proration adjustments related to assets and liabilities of the hotels, as shown below:

Hotel	Date Acquired	Net Purchase Price (in millions)
JW Marriott Essex House Hotel(a)	September 14, 2012	\$350.3
Four Seasons Silicon Valley and Four Seasons Jackson Hole(b)	March 11, 2011	\$92.4
InterContinental Chicago(c)	June 24, 2011	\$90.2

(a) In connection with the closing of the hotel acquisition, we entered into joint venture agreements with affiliates of KSL Capital Partners, LLC (Essex House Hotel Venture) to fund the equity portion of the purchase price. We have a 51% controlling interest in the Essex House Hotel Venture and serve as managing member and asset manager.

(b) We acquired the Four Seasons Silicon Valley and the Four Seasons Jackson Hole hotels in exchange for an aggregate of 15.2 million shares of our common stock at a price of \$6.08 per share based on our March 11, 2011 common stock closing price.

(c) We acquired the remaining 49.0% interest in the InterContinental Chicago hotel, previously owned by our partner in the consolidated affiliate, giving us 100% ownership of the InterContinental Chicago hotel. As part of the transaction, we also acquired an additional 2.5% ownership interest in the Hyatt Regency La Jolla hotel, increasing our controlling interest in the hotel to 53.5%. Total consideration included the issuance of approximately 10.8 million shares of our common stock at a price of \$6.51 per share based on the June 24, 2011 common stock closing price, \$19.4 million of cash, which includes working capital, and post-closing adjustments of \$0.5 million.

Sale of Interests in Consolidated Properties. During the years ended December 31, 2013, 2012, and 2011, we sold our interests in the following consolidated property and received net sales proceeds, after proration adjustments related to assets and liabilities of the hotel and closing costs, as shown below:

Hotel	Date Sold	Net Sales Proceeds (in millions)
Paris Marriott(a)	April 6, 2011	\$60.0

We sold our leasehold interest in the Paris Marriott hotel for consideration of €29.2 million (\$41.6 million). As part (a) of the transaction, we received an additional €13.5 million (\$18.9 million) related to the release of the security deposit and other closing adjustments, of which €1.6 million (\$2.0 million) was received in the second quarter of 2012.

On December 12, 2013, we entered into an agreement to sell the Four Seasons Punta Mita Resort and the adjacent La Solana land parcel for \$200.0 million. The sale, subject to certain closing conditions and regulatory approval, is expected to close in the first quarter of 2014. This property and the adjacent land parcel have been classified as held for sale as of December 31, 2013, and the results of operations have been classified as discontinued operations for all periods presented.

Unconsolidated Affiliates. On December 20, 2013, the Fairmont Scottsdale Princess Venture (as defined below) entered into an amendment to the \$133.0 million mortgage loan secured by the Fairmont Scottsdale Princess hotel. The amendment extended the maturity date of the loan to April 9, 2015 and reduced the principal amount of the loan to \$117.0 million.

On June 14, 2013, we entered into an amended and restated venture agreement with an unaffiliated third party, forming the Lot H5 Venture. The Lot H5 Venture owns the Lot H5 land parcel, an undeveloped, oceanfront land parcel in Punta Mita, Nayarit, Mexico. We have a preferred position in the Lot H5 Venture that entitles us to receive the first \$12.0 million of distributions generated from the Lot H5 Venture, with any excess distributions split equally between the partners. We jointly control the Lot H5 Venture with our partner and account for our interest in the Lot H5 Venture as an equity method investment.

Table of Contents

On February 4, 2011, we completed a recapitalization transaction that changed our ownership interest in the Hotel del Coronado. See “—Off-Balance Sheet Arrangements – Hotel del Coronado Venture” for further description of this transaction. On December 17, 2012, we increased our ownership interest in the Hotel del Coronado to 36.4%. On June 9, 2011, we completed a recapitalization transaction that changed our ownership interest in the Fairmont Scottsdale Princess hotel. See “—Off-Balance Sheet Arrangements – Fairmont Scottsdale Princess Venture” for further description of this transaction.

On January 21, 2011, we sold our 50.0% interest in BuyEfficient for \$9.0 million and recognized a gain of \$2.6 million.

Total Portfolio and Same Store Asset Definitions. We define our Total Portfolio as properties that we wholly or partially own or lease and whose operations are included in our consolidated operating results. The Total Portfolio excludes all sold properties and assets held for sale, if any, included in discontinued operations.

We present certain information about our hotel operating results on a comparable hotel basis, which we refer to as our Same Store analysis. We define our Same Store Assets as those hotels (a) that are owned or leased by us, and whose operations are included in our consolidated operating results and (b) for which we reported operating results throughout the entire reporting periods presented.

Our Same Store Assets for purposes of the comparison of the years ended December 31, 2013 and 2012 exclude the JW Marriott Essex House Hotel, unconsolidated affiliates, and all sold properties and assets held for sale, if any, included in discontinued operations. Our Same Store Assets for purposes of the comparison of the years ended December 31, 2012 and 2011 exclude the JW Marriott Essex House Hotel, the Four Seasons Silicon Valley hotel, the Four Seasons Jackson Hole hotel, unconsolidated affiliates, and all sold properties and assets held for sale, if any, included in discontinued operations.

We present these results of Same Store Assets because we believe that doing so provides useful information for evaluating the period-to-period performance of our hotels and facilitates comparisons with other hotel REITs and hotel owners. In particular, these measures assist in distinguishing whether increases or decreases in revenues and/or expenses are due to operations of the Same Store Assets or from acquisition or disposition activity.

Revenues. Substantially all of our revenue is derived from the operation of our hotels. Specifically, our revenue for the years ended December 31, 2013, 2012 and 2011 consisted of:

	Total Portfolio			Same Store Assets		
	% of Total Revenues			% of Total Revenues		
	2013	2012	2011	2013	2012	
Revenues:						
Rooms	56.3	% 55.4	% 53.7	% 54.8	% 54.8	%
Food and beverage	32.8	% 34.2	% 35.3	% 34.7	% 34.7	%
Other hotel operating revenue	10.3	% 9.8	% 10.2	% 9.9	% 9.9	%
Lease revenue	0.6	% 0.6	% 0.8	% 0.6	% 0.6	%
Total revenues	100.0	% 100.0	% 100.0	% 100.0	% 100.0	%

Rooms revenue. Occupancy and ADR are the major drivers of rooms revenue.

Food and beverage revenue. Occupancy, local catering and banquet events are the major drivers of food and beverage revenue.

Other hotel operating revenue. Other hotel operating revenue consists primarily of cancellation fees, spa, telephone, parking, golf course, Internet access, space rentals, retail and other guest services and is also driven by occupancy.

Lease revenue. We sublease our interest in the Marriott Hamburg to a third party and earn annual base rent plus additional rent contingent on the hotel meeting performance thresholds.

Changes in our revenues are most easily explained by performance indicators that are used in the hotel real estate industry:

• average daily occupancy;

Table of Contents

• ADR, which stands for average daily rate, is equal to rooms revenue divided by the number of occupied rooms;
 • RevPAR, which stands for revenue per available room, is equal to rooms revenue divided by the number of rooms available; and

• Total RevPAR, which stands for total revenue per available room, is equal to the sum of rooms revenue, food and beverage revenue and other hotel operating revenue, divided by the number of rooms available.

For purposes of calculating our Total Portfolio RevPAR for the years ended December 31, 2013, 2012 and 2011, we exclude unconsolidated affiliates, discontinued operations, if any, and the Marriott Hamburg because we sublease the operations of the hotel and only record lease revenue. Same Store Assets RevPAR is calculated in the same manner as Total Portfolio RevPAR but also excludes the JW Marriott Essex House Hotel for the years ended December 31, 2013 and 2012 and excludes the Four Seasons Silicon Valley and the Four Seasons Jackson Hole hotels for the years ended December 31, 2012 and 2011. These methods for calculating RevPAR each period are consistently applied through the remainder of this “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and should be taken into consideration wherever RevPAR results are disclosed.

We generate a significant portion of our revenue from two broad categories of customers, transient and group.

Our transient customers include individual or group business and leisure travelers that occupy fewer than 10 rooms per night. Transient customers accounted for approximately 63.3%, 60.4% and 57.3% of the rooms sold during the years ended December 31, 2013, 2012 and 2011, respectively. We divide our transient customers into the following subcategories:

• Transient Leisure—This category generates the highest room rates and includes travelers that receive published rates offered to the general public that do not have access to negotiated or discounted rates.

• Transient Negotiated—This category includes travelers, who are typically associated with companies and organizations that generate high volumes of business, that receive negotiated rates that are lower than the published rates offered to the general public.

Our group customers include groups of 10 or more individuals that occupy 10 or more rooms per night. Group customers accounted for approximately 36.7%, 39.6% and 42.7% of the rooms sold during the years ended December 31, 2013, 2012 and 2011, respectively. We divide our group customers into the following subcategories:

• Group Association—This category includes group bookings related to national and regional association meetings and conventions.

• Group Corporate—This category includes group bookings related to corporate business.

• Group Other—This category generally includes group bookings related to social, military, education, religious, fraternal and youth and amateur sports teams.

Fluctuations in revenues, which, for our domestic hotels, historically have been correlated with changes in the United States gross domestic product (U.S. GDP), are driven largely by general economic and local market conditions, which in turn affect levels of business and leisure travel. Guest demographics also affect our revenues. During 2012 and 2013, demand at our hotels increased, despite tepid U.S. GDP growth, which we believe reflects the relative strength of our primary customer demographics, particularly U.S. based corporations and affluent transient travelers.

In addition to economic conditions, supply is another important factor that can affect revenues. Room rates and occupancy tend to fall when supply increases unless the supply growth is offset by an equal or greater increase in demand. One reason we target upper upscale and luxury hotels in select urban and resort markets, including major business centers and leisure destinations, is because they tend to be in locations that have greater supply constraints such as lack of available land, high development costs, long development and entitlement lead times, and brand trade area restrictions that prevent the addition of a certain brand or brands in close proximity. Nevertheless, our hotels are not insulated from competitive pressures and our hotel operators will lower room rates to compete more aggressively for guests in periods when occupancy declines.

Table of Contents

Hotel Operating Expenses. Our hotel operating expenses for the years ended December 31, 2013, 2012 and 2011 consisted of the costs and expenses to provide hotel services, including:

	Total Portfolio % of Total Hotel Operating Expenses			Same Store Assets % of Total Hotel Operating Expenses		
	2013	2012	2011	2013	2012	
Hotel Operating Expenses:						
Rooms	21.3	% 20.6	% 19.6	% 20.4	% 20.3	%
Food and beverage	33.2	% 32.7	% 32.8	% 33.4	% 32.7	%
Other departmental expenses	32.5	% 33.8	% 34.7	% 33.3	% 34.2	%
Management fees	4.0	% 3.9	% 4.0	% 4.2	% 4.0	%
Other hotel expenses	9.0	% 9.0	% 8.9	% 8.7	% 8.8	%
Total hotel operating expenses	100.0	% 100.0	% 100.0	% 100.0	% 100.0	%

• Rooms expense. Occupancy is a major driver of rooms expense, which has a significant correlation with rooms revenue.

• Food and beverage expense. Occupancy, local catering and banquet events are the major drivers of food and beverage expense, which has a significant correlation with food and beverage revenue.

• Other departmental expenses. Other departmental expenses consist of general and administrative, marketing, repairs and maintenance, utilities and expenses related to earning other operating revenue.

• Management fees. We pay base and incentive management fees to our hotel operators. Base management fees are computed as a percentage of revenue. Incentive management fees are incurred when operating profits exceed levels prescribed in our management agreements.

• Other hotel expenses. Other hotel expenses consist primarily of insurance costs and property taxes.

Salaries, wages and related benefits are included within the categories of hotel operating expenses described above and represented approximately 50.1%, 49.8% and 49.4% of the Total Portfolio total hotel operating expenses for the years ended December 31, 2013, 2012 and 2011, respectively.

Most categories of variable operating expenses, such as utilities and certain labor such as housekeeping, fluctuate with changes in occupancy. Increases in RevPAR attributable to increases in occupancy are accompanied by increases in most categories of variable operating costs and expenses while increases in RevPAR attributable to increases in ADR typically only result in increases in limited categories of operating costs and expenses, such as management fees charged by our operators, which are based on hotel revenues. Thus, changes in ADR have a more significant impact on operating margins.

Lease Expense. As a result of the sale-leaseback transaction of the Marriott Hamburg hotel, we record lease expense in our statements of operations. In conjunction with the sale-leaseback transaction, we also recorded a deferred gain, which is amortized as an offset to lease expense.

Corporate Expenses. Corporate expenses include payroll and related costs, professional fees, travel expenses, office rent, and acquisition costs.

Recent Events. In addition to the changes to the consolidated hotel properties and unconsolidated affiliates noted above, we expect that the following events will cause our future results of operations to differ from our historical performance:

Preferred Stock Tender Offers. In December 2011, we completed tender offers to purchase a portion of our outstanding preferred stock. The results of the tender offers are as follows:

	Number of Shares Validly Tendered and Accepted for Purchase	Purchase Price (Per Share)
8.50% Series A Cumulative Redeemable Preferred Stock	340,609	\$26.70
8.25% Series B Cumulative Redeemable Preferred Stock	984,625	\$26.50
8.25% Series C Cumulative Redeemable Preferred Stock	1,922,273	\$26.50

Table of Contents

We paid the holders that tendered approximately \$86.1 million in cash, which was without interest or accrued and unpaid dividends.

Bank Credit Facility. On June 30, 2011, we entered into a new \$300.0 million secured, bank credit facility, which also includes a \$100.0 million accordion feature. This new facility replaced the \$350.0 million secured bank credit facility that was set to expire in March 2012. The facility's interest rate is based upon a leverage-based pricing grid ranging from London InterBank Offered Rate (LIBOR) plus 275 basis points to LIBOR plus 375 basis points. The facility's current interest rate is LIBOR plus 300 basis points, a reduction from the previous facility's pricing of LIBOR plus 375 basis points. The facility expires on June 30, 2014, with a one-year extension available, subject to certain conditions. See "—Liquidity and Capital Resources—Bank credit facility."

Common Stock. On April 23, 2012, we completed a public offering of common stock by issuing 18.4 million shares at a public offering price of \$6.50 per share. After underwriting discounts and commissions and transaction expenses, we raised net proceeds of approximately \$114.1 million. These proceeds were used for general corporate purposes, including, without limitation, reducing our borrowings under our secured bank credit facility, funding the payment of accrued and unpaid preferred dividends, repaying other debt and funding capital expenditures and working capital. On March 11, 2011, we issued 8.0 million shares of our common stock to an affiliate of the seller of the Four Seasons Silicon Valley and Four Seasons Jackson Hole hotels in a private placement at a price of \$6.25 per share for approximate net proceeds of \$49.7 million after expenses. These proceeds were used to repay existing indebtedness under our previous bank credit facility.

Impairment Losses. In January 2012, we acquired, at a discount to par value, a note receivable that is secured by a property adjacent to the Fairmont Chicago hotel for \$10.5 million. In the third quarter of 2013, we completed foreclosure proceedings and obtained title to the asset. After taking title to the asset, we elected to sell the asset. Based on the change in the anticipated holding period for this asset, we performed an impairment test of the long-lived assets during the third quarter of 2013 and recorded an impairment loss of \$0.7 million during the year ended December 31, 2013. In October 2013, we sold the property to an unaffiliated third party.

In the fourth quarter of 2012, we performed an impairment test of the long-lived assets related to a Mexican development site as a result of a change in the anticipated holding period for this land and recorded an impairment loss of \$14.6 million during the year ended December 31, 2012.

Termination and De-Designation of Cash Flow Hedges. On June 20, 2011, we paid \$29.7 million to terminate five interest rate swaps with a combined notional amount of \$300.0 million. In addition, based on changes in the forecasted levels of LIBOR-based debt, we de-designated one interest rate swap with a notional amount of \$100.0 million as a cash flow hedge. Changes in the market value of the interest rate swap will be recorded in earnings subsequent to the de-designation.

On February 11, 2011, we paid approximately \$4.2 million to terminate three interest rate swaps with a combined notional amount of \$125.0 million. There were no immediate charges to earnings based on our forecasted levels of LIBOR-based debt at the time of the transaction.

Mortgage Loan Agreements. On September 9, 2013, we amended the mortgage agreements secured by the Fairmont Chicago and Westin St. Francis hotels. The amendment eliminates future principal amortization payments subject to meeting certain financial and other requirements.

On August 7, 2013 we entered into an amendment to the mortgage loan secured by the Marriott London Grosvenor Square hotel. The amendment extended the maturity of the loan to October 2014 and waived the July 2013 and subsequent principal payments through the extended term. Pursuant to the amendment, the spread over GBP LIBOR increases in steps during the extension period from GBP LIBOR plus 2.10% in August 2013 to GBP LIBOR plus 4.25% in April 2014.

On November 1, 2012, we refinanced and decreased the loan secured by the Hyatt Regency La Jolla hotel to \$90.0 million with interest payable monthly at LIBOR plus 4.00%, subject to a 0.50% LIBOR floor, for \$72.0 million of the principal balance and interest paid monthly at an annual fixed rate of 10.00% for \$18.0 million of the principal balance. The loan has a maturity date of December 1, 2017.

On July 28, 2011, we refinanced and increased the loan secured by the InterContinental Chicago hotel to \$145.0 million with interest payable monthly at an annual fixed rate of 5.61% and a maturity date of August 1, 2021.

On July 20, 2011, we executed a mortgage agreement in the amount of \$130.0 million, which is secured by the Four Seasons Washington, D.C. hotel, that has interest payable monthly at one-month LIBOR plus 3.15% and has a maturity date of July 20, 2014, with two, one-year extension options, subject to certain conditions.

Table of Contents

On July 14, 2011, we refinanced and decreased the loan secured by the Loews Santa Monica Beach Hotel to \$110.0 million with interest payable monthly at one-month LIBOR plus 3.85%. The loan has a maturity date of July 14, 2015, with three, one-year extension options, subject to certain conditions.

On July 6, 2011, we refinanced and decreased the loan secured by the InterContinental Miami hotel to \$85.0 million with interest payable monthly at one-month LIBOR plus 3.50%. The loan has a maturity date of July 6, 2016, with two, one-year extension options, subject to certain conditions.

On June 29, 2011, we repaid the \$76.5 million mortgage loan secured by the Ritz-Carlton Half Moon Bay hotel, which became one of the borrowing base properties under the \$300.0 million bank credit facility agreement.

Ground Lease Amendment. In February 2013, we amended the ground lease agreement at the Marriott Lincolnshire Resort. The amendment extended the term of the lease through December 31, 2112 and changed the annual rent payments to a fixed amount, subject to indexation.

Table of Contents

Rooms. Our Same Store Assets contributed to a \$30.0 million, or 7.3%, increase in rooms revenue for the year ended December 31, 2013 from the year ended December 31, 2012. The components of RevPAR from our Same Store Assets for the years ended December 31, 2013 and 2012 are summarized as follows:

	Years Ended December 31,		Change (%) Favorable/ (Unfavorable)	
	2013	2012		
Occupancy	76.2	% 74.6	% 2.1	%
ADR	267.07	253.75	5.2	%
RevPAR	203.53	189.27	7.5	%

The increase in RevPAR for the Same Store Assets resulted from the combination of a 5.2% increase in ADR and a 1.6 percentage-point increase in occupancy. Rooms revenue increased primarily due to a 4.7% increase in transient occupancy, partially offset by a 2.0% decrease in group occupancy, and 10.5% and 2.3% increases in transient and group ADR, respectively, resulting from improving market conditions at most of our Same Store Assets for the year ended December 31, 2013 when compared to the year ended December 31, 2012. Several of our Same Store Assets experienced decreases in room revenue, of which the most significant relate to the Marriott London Grosvenor Square hotel due to a 5.2% decrease in ADR for the year ended December 31, 2013 from the year ended December 31, 2012 driven by demand from the 2012 London Olympic Games and the Marriott Lincolnshire Resort due to a 7.0 percentage-point decrease in occupancy for the year ended December 31, 2013 from the year ended December 31, 2012 driven by displacement from a rooms renovation.

For the Total Portfolio, rooms revenue increased \$76.7 million, or 17.8%, for the year ended December 31, 2013 from the year ended December 31, 2012. In addition to the increase in the Same Store Assets, Total Portfolio rooms revenue also includes an increase of \$46.7 million of rooms revenue at the JW Marriott Essex House Hotel, which we acquired in September 2012. The components of RevPAR from our Total Portfolio for the years ended December 31, 2013 and 2012 are summarized as follows:

	Years Ended December 31,		Change (%) Favorable/ (Unfavorable)	
	2013	2012		
Occupancy	76.6	% 74.7	% 2.5	%
ADR	281.93	259.67	8.6	%
RevPAR	215.97	194.04	11.3	%

Food and Beverage. Our Same Store Assets experienced a \$18.6 million, or 7.2%, increase in food and beverage revenue for the year ended December 31, 2013 when compared to the year ended December 31, 2012. The primary factors increasing food and beverage revenue at the Same Store Assets include increased revenues at the hotels' food and beverage outlets, which included redesigned restaurants at the InterContinental Miami hotel and the Four Seasons Jackson Hole hotel, and increased banquet revenues. For the Total Portfolio, food and beverage revenue increased \$30.1 million, or 11.4%, when comparing the year ended December 31, 2013 to the year ended December 31, 2012. In addition to the increase in the Same Store Assets, Total Portfolio food and beverage revenue also includes an increase of \$11.5 million additional food and beverage revenue at the JW Marriott Essex House Hotel, which we acquired in September 2012.

Other Hotel Operating Revenue. Other hotel operating revenue at the Same Store Assets increased \$5.3 million, or 7.2%, for the year ended December 31, 2013 when compared to the year ended December 31, 2012 primarily due to an increase in condominium rental revenues at the Four Seasons Jackson Hole hotel, an increase in theater revenue at the Marriott Lincolnshire Resort resulting from an increase in performances as compared to the prior year, and increases in spa and garage revenues. For the Total Portfolio, other hotel operating revenue increased \$17.7 million, or 23.3%, when comparing the year ended December 31, 2013 to the year ended December 31, 2012. In addition to the increase in the Same Store Assets, Total Portfolio other hotel operating revenue also includes an increase of \$11.4 million related to the limited performance guarantee at the JW Marriott Essex House Hotel.

Table of Contents

Hotel Operating Expenses. The following table presents the components of our hotel operating expenses for the years ended December 31, 2013 and 2012, including the amount and percentage changes in these expenses between the two years of our Total Portfolio and Same Store Assets (in thousands):

	Total Portfolio		Change (\$)		Change (%)		Same Store Assets		Change (\$)		Change (%)	
	2013	2012	Favorable/ (Unfavorable)	Favorable/ (Unfavorable)	2013	2012	Favorable/ (Unfavorable)	Favorable/ (Unfavorable)				
Hotel operating expenses:												
Rooms	\$144,464	\$121,794	\$ (22,670)	(18.6)%	\$122,884	\$115,855	\$ (7,029)	(6.1)%				
Food and beverage	225,213	193,431	(31,782)	(16.4)%	200,890	185,941	(14,949)	(8.0)%				
Other departmental expenses	220,523	200,219	(20,304)	(10.1)%	200,582	194,909	(5,673)	(2.9)%				
Management fees	27,126	23,085	(4,041)	(17.5)%	25,402	22,561	(2,841)	(12.6)%				
Other hotel expenses	60,618	53,117	(7,501)	(14.1)%	52,315	49,991	(2,324)	(4.6)%				
Total hotel operating expenses	\$677,944	\$591,646	\$ (86,298)	(14.6)%	\$602,073	\$569,257	\$ (32,816)	(5.8)%				

Hotel operating expenses for our Same Store Assets increased by \$32.8 million, or 5.8%, primarily due to:

- \$15.3 million higher payroll costs resulting from higher occupancy and wage increases at the hotels,
- \$3.7 million higher food and beverage costs due to increased food and beverage consumption and several redesigned restaurants,
- \$2.8 million higher management fees,
- \$1.5 million higher credit card commissions, which increased due to higher occupancy, rates and food and beverage volume,
- \$1.2 million higher travel agent commissions, which increased due to higher occupancy and rates,
- \$0.6 million higher real estate taxes,
- \$0.5 million higher marketing costs, and
- \$0.4 million higher insurance costs.

For the Total Portfolio, hotel operating expenses increased by \$86.3 million, or 14.6%, for the year ended December 31, 2013 when compared to the year ended December 31, 2012. In addition to the increase at the Same Store Assets, the Total Portfolio also includes an increase of \$52.8 million of hotel operating expenses at the JW Marriott Essex House Hotel, which we acquired in September 2012.

Depreciation and Amortization. For the Same Store Assets, depreciation and amortization decreased \$5.3 million, or 5.6%, for the year ended December 31, 2013 when compared to the year ended December 31, 2012 primarily due to certain assets becoming fully depreciated, partially offset by capital projects completed at the InterContinental Miami hotel, the InterContinental Chicago hotel, the Marriott Lincolnshire Resort and the Loews Santa Monica Beach Hotel. For the Total Portfolio, depreciation and amortization increased \$2.5 million, or 2.5%, for the year ended December 31, 2013 when compared to the year ended December 31, 2012. The Total Portfolio also includes an increase in depreciation and amortization expense of \$8.3 million related to the JW Marriott Essex House Hotel, which we acquired in September 2012, partially offset by a decrease in corporate depreciation and amortization expense of \$0.5 million due to certain assets becoming fully depreciated.

Impairment Losses and Other Charges. During the year ended December 31, 2013, we performed an impairment test of long-lived assets related to a property adjacent to the Fairmont Chicago hotel as a result of a change in the anticipated holding period for the property and recorded a non-cash impairment charge of \$0.7 million. During the

year ended December 31, 2012, we performed an impairment test of long-lived assets related to a Mexican development site as a result of a change in the anticipated holding period for this land and recorded a non-cash impairment charge of \$14.6 million. We also recorded a charge of approximately \$3.8 million to write off costs related to capital projects that management decided to abandon during the year ended December 31, 2012.

Corporate Expenses. Corporate expenses decreased \$5.8 million, or 18.3%, for the year ended December 31, 2013 when compared to the year ended December 31, 2012. These expenses consist primarily of payroll and related costs, professional fees, travel expenses, office rent, and acquisition costs. The decrease in corporate expenses is primarily due to a decrease in acquisition costs mainly related to the acquisition of the JW Marriott Essex House Hotel and decreases in RSU expense, severance expense and professional fees. The decrease in corporate expenses is also due to a \$1.4 million decrease related to the Value Creation Plan. See

Table of Contents

“Item 8. Financial Statements and Supplementary Data—13. Share-Based Employee Compensation Plans—Value Creation Plan and Deferral Program” for a further description of this plan. The Value Creation Plan provided for payments based on our market capitalization in 2012 and no amounts were recorded during the year ended December 31, 2013.

Interest Expense, Net. The \$8.9 million, or 11.9%, increase in interest expense, net for the year ended December 31, 2013 when compared to the year ended December 31, 2012, was primarily due to:

- \$12.1 million increase attributable to higher average borrowings,
- \$1.3 million increase in the amortization of deferred financing costs,
- \$0.6 million decrease in gains related to the mark to market of certain interest rate swaps,
- \$0.5 million decrease in capitalized interest, and
- \$0.1 million decrease in interest income, partially offset by
- \$3.2 million decrease in amortization of interest rate swap costs, and
- \$2.5 million decrease due to lower average interest rates.

The components of interest expense, net for the years ended December 31, 2013 and 2012 are summarized as follows (in thousands):

	Years Ended December 31,		
	2013	2012	
Mortgages and other debt	\$ (80,078) \$ (72,536)
Bank credit facility	(5,613) (3,582)
Amortization of deferred financing costs	(5,251) (3,993)
Amortization of interest rate swap costs	(5,972) (9,150)
Mark to market of certain interest rate swaps	11,617	12,238	
Interest income	59	213	
Capitalized interest	1,021	1,534	
Total interest expense, net	\$ (84,217) \$ (75,276)

The weighted average debt outstanding for the years ended December 31, 2013 and 2012 amounted to \$1.31 billion and \$1.12 billion, respectively. At December 31, 2013, including the effect of interest rate swaps, approximately 68.0% of our total debt had fixed interest rates.

Equity in Earnings (Losses) of Unconsolidated Affiliates. The following tables present certain components included in the calculation of equity in earnings (losses) resulting from our unconsolidated affiliates.

Year ended December 31, 2013 (in thousands):

	Fairmont Scottsdale Princess Venture(1)	Hotel del Coronado Venture(2)	Unconsolidated Affiliates in Mexico(3)	Total
Equity in earnings	\$2,036	\$833	\$118	\$2,987
Depreciation and amortization	6,570	7,564	1	14,135
Interest expense	778	8,325	21	9,124
Income tax expense	—	191	39	230

Table of Contents

Year ended December 31, 2012 (in thousands):

	Fairmont Scottsdale Princess Venture(1)	Hotel del Coronado Venture(2)	Unconsolidated Affiliates in Mexico(3)	Total
Equity in (losses) earnings	\$(1,690)	\$(11,947)	\$152	\$(13,485)
Depreciation and amortization	7,145	8,021	92	15,258
Interest expense	778	11,790	77	12,645
Income tax (benefit) expense	—	(383)	42	(341)

On June 9, 2011, the Fairmont Scottsdale Princess Venture, which consists of FMT Scottsdale Holdings, L.L.C. (1) and Walton/SHR FPH Holdings, L.L.C., was formed. See “—Off-Balance Sheet Arrangements—Fairmont Scottsdale Princess Venture” for further detail regarding the ownership of the Fairmont Scottsdale Princess hotel.

The Hotel del Coronado Venture is BSK Del Partners, L.P., the owner of the Hotel del Coronado as of February 4, (2)2011. See “—Off-Balance Sheet Arrangements—Hotel del Coronado Venture” for further detail regarding the ownership of the Hotel del Coronado.

(3)These affiliates include the Four Seasons Residence Club Punta Mita (RCPM) and the Lot H5 Venture.

We recorded \$3.0 million of equity in earnings during the year ended December 31, 2013, which is a \$16.5 million change from the \$13.5 million equity in losses recorded during the year ended December 31, 2012, primarily due to an \$8.6 million fee related to the termination of the management agreement with KSL at the Hotel del Coronado Venture during the year ended December 31, 2012, increases in operating income at both the Fairmont Scottsdale Princess hotel and the Hotel del Coronado, and a decrease in interest expense at the Hotel del Coronado.

Foreign Currency Exchange Gain (Loss). We recorded foreign currency exchange gain of \$44,000 for the year ended December 31, 2013 and foreign currency exchange loss of \$1.3 million for the year ended December 31, 2012. The change of \$1.3 million was primarily related to the liquidation of a foreign entity during the year ended December 31, 2012.

Other (Expenses) Income, Net. Other (expenses) income, net includes asset management fee income, non-income related state, local and franchise taxes, as well as miscellaneous income and expenses. We recorded other expenses of \$0.3 million for the year ended December 31, 2013 and other income of \$1.8 million for the year ended December 31, 2012. The change in other (expenses) income, net of \$2.1 million for the year ended December 31, 2013 when compared to the prior year, is primarily due to net losses related to the sale of condominium units at the JW Marriott Essex House Hotel during the year ended December 31, 2013 and increases in state, local and franchise taxes.

Income Tax Expense. Income tax expense decreased \$0.2 million, or 30.4%, during the year ended December 31, 2013 when compared to the year ended December 31, 2012. The decrease in income taxes primarily relates to foreign tax expense at the Marriott London Grosvenor Square hotel due to a decrease in revenues at the hotel during the year ended December 31, 2013 when compared to the year ended December 31, 2012.

Income from Discontinued Operations, Net of Tax. The income from discontinued operations, net of tax for the years ended December 31, 2013 and 2012 primarily consisted of the operating results of the Four Seasons Punta Mita Resort and the adjacent La Solana land parcel.

Net (Income) Loss Attributable to the Noncontrolling Interests in SHR's Operating Partnership. We record net loss or income attributable to noncontrolling interests in SHR's operating partnership based on the percentage of SH Funding we do not own. Net income attributable to the noncontrolling interests in SHR's operating partnership for the year ended December 31, 2013 was \$38,000, a change of \$0.2 million from net loss attributable to the noncontrolling interests in SHR's operating partnership of \$0.2 million in the prior year due to net income recognized during the year ended December 31, 2013 when compared to net loss recognized during the year ended December 31, 2012.

Net Loss Attributable to the Noncontrolling Interests in Consolidated Affiliates. We record net loss or income attributable to noncontrolling interests in consolidated affiliates for the non-ownership interests in hotels that are partially owned by us. Net loss attributable to noncontrolling interests in consolidated affiliates for the year ended December 31, 2013 was \$1.1 million, a decrease of \$1.6 million from net loss attributable to non controlling interests of \$2.8 million in the prior year primarily due to acquisition costs related to the acquisition of a 51% controlling interest in the JW Marriott Essex House Hotel in September 2012 and a portion of the Hotel del Coronado

management agreement termination fee recognized during the year ended December 31, 2012, partially offset by a decrease in net income at the Hyatt Regency La Jolla hotel during the year ended December 31, 2013 when compared to the year ended December 31, 2012.

Table of Contents

Rooms. Our Same Store Assets contributed to a \$27.5 million, or 7.9%, increase in rooms revenue for the year ended December 31, 2012 when compared to the year ended December 31, 2011, which is more fully explained below as part of our rooms revenue Same Store Assets analysis. The components of RevPAR from our Same Store Assets for the years ended December 31, 2012 and 2011 are summarized as follows:

	Years Ended December 31,		Change (%)	
	2012	2011	Favorable/ (Unfavorable)	
Occupancy	75.0	% 73.0	% 2.7	%
ADR	\$246.33	\$235.10	4.8	%
RevPAR	\$184.64	\$171.62	7.6	%

The increase in RevPAR for the Same Store Assets resulted from the combination of an increase in ADR and a 2.0 percentage-point increase in occupancy. Rooms revenue increased due to improving market conditions across the majority of our Same Store Assets for the year ended December 31, 2012 when compared to the year ended December 31, 2011. Rooms revenue at the Four Seasons Washington D.C. hotel decreased due to a large group customer in the prior year that did not repeat in the current year.

For the Total Portfolio, rooms revenue increased \$37.6 million, or 9.6%, for the year ended December 31, 2012 from the year ended December 31, 2011. In addition to the increase in the Same Store Assets, Total Portfolio rooms revenue also includes a \$9.5 million increase of additional rooms revenue generated by the Four Seasons Silicon Valley and the Four Seasons Jackson Hole hotels, which we acquired in March 2011, and a \$20.8 million increase of additional rooms revenue generated by the JW Marriott Essex House Hotel, which we acquired in September 2012, offset by a \$20.2 million decrease attributed to the Fairmont Scottsdale Princess hotel, which became an unconsolidated affiliate in June 2011. The components of RevPAR from our Total Portfolio for the years ended December 31, 2012 and 2011 are summarized as follows:

	Years Ended December 31,		Change (%)	
	2012	2011	Favorable/ (Unfavorable)	
Occupancy	74.7	% 72.8	% 2.6	%
ADR	\$259.67	\$240.89	7.8	%
RevPAR	\$194.04	\$175.36	10.7	%

Food and Beverage. Our Same Store Assets experienced a \$12.1 million, or 5.4%, increase in food and beverage revenue for the year ended December 31, 2012 when compared to the year ended December 31, 2011. Significant increases at the InterContinental Miami hotel, the Ritz-Carlton Laguna Niguel hotel and the InterContinental Chicago hotel were primarily due to higher occupancy and increased revenue at the hotels' food and beverage outlets, which included the opening of the Michael Jordan's Steak House at the InterContinental Chicago hotel. For the Total Portfolio, food and beverage revenue increased \$7.0 million, or 2.7%, when comparing the year ended December 31, 2012 to the year ended December 31, 2011. In addition to the increase in the Same Store Assets, Total Portfolio food and beverage revenue also includes \$6.2 million additional food and beverage revenue generated by the Four Seasons Silicon Valley and the Four Seasons Jackson Hole hotels, which we acquired in March 2011, and \$5.8 million additional food and beverage revenue generated by the JW Marriott Essex House Hotel, which we acquired in September 2012, offset by a \$17.1 million decrease attributed to the Fairmont Scottsdale Princess hotel, which became an unconsolidated affiliated in June 2011.

Other Hotel Operating Revenue. Other hotel operating revenue at the Same Store Assets decreased \$0.3 million, or 0.6%, for the year ended December 31, 2012 when compared to the year ended December 31, 2011. For the Total Portfolio, other hotel operating revenue increased \$1.2 million, or 1.6%, for the year ended December 31, 2012 when compared to the year ended December 31, 2011. Total Portfolio other hotel operating revenue includes a \$4.9 million increase of additional other hotel operating revenue generated by the Four Seasons Silicon Valley and the Four Seasons Jackson Hole hotels, which we acquired in March 2011, and a \$1.9 million increase of additional other hotel

operating revenue generated by the JW Marriott Essex House Hotel, which we acquired in September 2012, partially offset by a \$5.3 million decrease attributed to the Fairmont Scottsdale Princess hotel, which became an unconsolidated affiliate in June 2011 and the decrease in the Same Store Assets.

Table of Contents

Hotel Operating Expenses. The following table presents the components of our hotel operating expenses for the years ended December 31, 2012 and 2011, including the amount and percentage changes in these expenses between the two years of our Total Portfolio and Same Store Assets (in thousands):

	Total Portfolio		Change (\$) Favorable/ (Unfavorable)	Change (%) Favorable/ (Unfavorable)	Same Store Assets		Change (\$) Favorable/ (Unfavorable)	Change (%) Favorable/ (Unfavorable)
	2012	2011			2012	2011		
Hotel operating expenses:								
Rooms	\$121,794	\$111,062	\$ (10,732)	(9.7)%	\$107,046	\$99,861	\$ (7,185)	(7.2)%
Food and beverage	193,431	185,628	(7,803)	(4.2)%	170,157	164,618	(5,539)	(3.4)%
Other departmental expenses	200,219	195,955	(4,264)	(2.2)%	173,162	167,377	(5,785)	(3.5)%
Management fees	23,085	22,705	(380)	(1.7)%	20,332	19,070	(1,262)	(6.6)%
Other hotel expenses	53,117	50,038	(3,079)	(6.2)%	43,918	42,969	(949)	(2.2)%
Total hotel operating expenses	\$591,646	\$565,388	\$ (26,258)	(4.6)%	\$514,615	\$493,895	\$ (20,720)	(4.2)%

Hotel operating expenses for our Same Store Assets increased by \$20.7 million, or 4.2%, primarily due to:

- \$8.1 million higher payroll costs resulting from higher occupancy and wage increases at the hotels,
- \$3.0 million higher credit card and travel agent commissions, which increased due to higher occupancy, rates and food and beverage volume,
- \$2.0 million higher food and beverage costs due to increased food and beverage consumption and the new Michael Jordan's Steak House at the InterContinental Chicago hotel,
- \$1.8 million higher real estate taxes,
- \$1.3 million higher management fees,
- \$0.8 million higher insurance costs, and
- \$0.8 million higher marketing costs.

For the Total Portfolio, hotel operating expenses increased by \$26.3 million, or 4.6%, for the year ended December 31, 2012 when compared to the year ended December 31, 2011. In addition to the increase at the Same Store Assets, the Total Portfolio hotel operating expenses also includes a \$14.4 million increase related to the Four Seasons Silicon Valley and Four Seasons Jackson Hole hotels, which we acquired in March 2011, and a \$21.7 million increase related to the JW Marriott Essex House Hotel, which we acquired in September 2012. These increases are offset by a \$31.3 million decrease attributed to the Fairmont Scottsdale Princess hotel, which became an unconsolidated affiliate in June 2011.

Depreciation and Amortization. For the Same Store Assets, depreciation and amortization decreased \$4.8 million, or 5.0%, for the year ended December 31, 2012 when compared to the year ended December 31, 2011 primarily due to certain assets becoming fully depreciated, partially offset by rooms placed in service subsequent to the third quarter of 2011 at the InterContinental Miami hotel. For the Total Portfolio, depreciation and amortization decreased \$7.2 million, or 6.8%, for the year ended December 31, 2012 when compared to the year ended December 31, 2011. In addition to the decrease at the Same Store Assets, the Total Portfolio also includes a decrease in depreciation expense of \$6.3 million related to the Fairmont Scottsdale Princess hotel, which became an unconsolidated affiliate in June 2011, partially offset by an increase in depreciation expense of \$1.0 million related to the Four Seasons Silicon Valley and Four Seasons Jackson Hole hotels, which we acquired in March 2011, and a \$3.0 million increase in depreciation expense related to the JW Marriott Essex House Hotel, which we acquired in September 2012.

Impairment Losses and Other Charges. During the year ended December 31, 2012, we performed an impairment test of long-lived assets related to a Mexican development site as a result of a change in the anticipated holding period for this land and recorded a non-cash impairment charge of \$14.6 million. We also recorded a charge of approximately

\$3.8 million to write off costs related to capital projects that management decided to abandon during the year ended December 31, 2012. There were no impairment losses and other charges recorded during the year ended December 31, 2011.

Corporate Expenses. Corporate expenses decreased \$8.0 million, or 20.1%, for the year ended December 31, 2012 when compared to the year ended December 31, 2011. These expenses consist primarily of payroll and related costs, professional fees, travel expenses, office rent, and acquisition costs. The decrease in corporate expenses is primarily due to a \$17.2 million decrease in

Table of Contents

the charge related to the Value Creation Plan. See “Item 8. Financial Statements and Supplementary Data—13. Share-Based Employee Compensation Plans—Value Creation Plan and Deferral Program” for further description of this plan. The amounts recorded in corporate expenses related to the Value Creation Plan are based on the fair value of the Value Creation Plan awards, which are based directly on our market capitalization and fluctuate as a result of changes in our stock price and, prior to the VCP Amendment, issuances of shares of our common stock. This decrease was partially offset by an increase in corporate expenses primarily due to an increase in acquisition costs mainly related to the acquisition of the JW Marriott Essex House Hotel, and increases in RSU, severance and legal expenses.

Interest Expense, Net. The \$11.0 million, or 12.7%, decrease in interest expense, net for the year ended December 31, 2012 when compared to the year ended December 31, 2011, was primarily due to:

- \$10.0 million decrease in expense related to the mark to market of certain interest rate swaps,
- \$7.0 million decrease in amortization of interest rate swap costs, and
- \$0.5 million increase in capitalized interest, partially offset by
- \$3.9 million increase attributable to higher average borrowings,
- \$2.3 million increase due to higher average interest rates, and
- \$0.3 million increase in the amortization of deferred financing costs.

The components of interest expense, net for the years ended December 31, 2012 and 2011 are summarized as follows (in thousands):

	Years Ended December 31,	
	2012	2011
Mortgages and other debt	\$(72,536) \$(67,528
Bank credit facility	(3,582) (2,353
Amortization of deferred financing costs	(3,993) (3,721
Amortization of interest rate swap costs	(9,150) (16,111
Mark to market of certain interest rate swaps	12,238	2,183
Interest income	213	172
Capitalized interest	1,534	1,083
Total interest expense, net	\$(75,276) \$(86,275

The weighted average debt outstanding for the years ended December 31, 2012 and 2011 amounted to \$1.12 billion and \$1.06 billion, respectively. At December 31, 2012, including the effect of interest rate swaps, approximately 74.8% of our total debt had fixed interest rates.

Loss on Early Extinguishment of Debt. During the year ended December 31, 2011, we recognized a loss on early extinguishment of debt of \$1.2 million primarily due to write offs of unamortized deferred financing costs and other closing costs related to refinancing of certain mortgages and a new bank credit facility.

Loss on Early Termination of Derivative Financial Instruments. During the year ended December 31, 2011, we terminated five interest rate swaps and recorded a charge in loss on early termination of derivative financial instruments of \$27.3 million, which included the immediate write-off of \$25.5 million previously recorded in accumulated OCL related to interest rate swaps that were designated to hedge cash flows that are no longer probable of occurring and \$1.8 million of mark to market adjustments related to the terminated interest rate swaps. In addition, based on changes in the forecasted levels of LIBOR-based debt, we de-designated one interest rate swap as a cash flow hedge. We recorded an additional charge in loss on early termination of derivative financial instruments of \$2.0 million for the year ended December 31, 2011 to write off amounts previously recorded in accumulated OCL related to this swap.

Table of Contents

Equity in Losses of Unconsolidated Affiliates. The following tables present equity in (losses) earnings and certain components included in the calculation of equity in losses resulting from our unconsolidated affiliates.

Year ended December 31, 2012 (in thousands):

	Fairmont Scottsdale Princess Venture	Hotel del Coronado Venture	Hotel/North Beach Ventures(1)	RCPM	Total
Equity in (losses) earnings	\$(1,690)	\$(11,947)		\$152	\$(13,485)
Depreciation and amortization	7,145	8,021		92	15,258
Interest expense	778	11,790		77	12,645
Income tax (benefit) expense	—	(383)		42	(341)

Year ended December 31, 2011 (in thousands):

	Fairmont Scottsdale Princess Venture	Hotel del Coronado Venture	Hotel/North Beach Ventures(1)	RCPM	Total
Equity in losses	\$(5,703)	\$(2,914)	\$(511)	\$(87)	\$(9,215)
Depreciation and amortization	4,022	7,105	544	92	11,763
Interest expense	452	10,677	778	100	12,007
Income tax expense (benefit)	—	164	(668)	(45)	(549)

These ventures include SHR del Partners, L.P., formerly SHC KSL Partners, L.P. (Hotel Venture), the owner of the (1)Hotel del Coronado through February 3, 2011, and HdC North Beach Development, LLLP (North Beach Venture), the owner of a residential condominium-hotel development adjacent to the hotel.

We recorded \$13.5 million of equity in losses during the year ended December 31, 2012, which is a \$4.3 million increase from the \$9.2 million equity in losses recorded during the year ended December 31, 2011. The increase in losses is primarily due to an \$8.6 million fee related to the termination of the management agreement with KSL at the Hotel del Coronado Venture, partially offset by a decrease in losses related to the seasonality of the Fairmont Scottsdale Princess hotel, which became an unconsolidated affiliate on June 9, 2011.

Foreign Currency Exchange (Loss) Gain. We recorded foreign currency exchange loss of \$1.3 million for the year ended December 31, 2012 and a foreign currency exchange gain of \$0.8 million for the year ended December 31, 2011. The change in foreign currency exchange (loss) gain is primarily due to the liquidation of a foreign entity during the year ended December 31, 2012 and working capital changes at certain foreign hotel properties.

Other Income, Net. Other income, net includes asset management fee income, non-income related state, local and franchise taxes, as well as miscellaneous income and expenses. The decrease in other income, net of \$3.9 million for the year ended December 31, 2012 when compared to the prior year is primarily due to a \$2.6 million gain we recognized on the sale of our interest in BuyEfficient during the first quarter of 2011 and a decrease in asset management fee income, which includes financing and other fees received related to the Hotel del Coronado in 2011.

Income from Discontinued Operations, Net of Tax. The income from discontinued operations, net of tax of \$1.2 million for the year ended December 31, 2012 primarily consisted of the operating results of the Four Seasons Punta Mita Resort and the La Solana land parcel. The income from discontinued operations, net of tax of \$101.6 million for the year ended December 31, 2011 included a \$100.9 million gain recognized on the sale of the Paris Marriott hotel, primarily resulting from the recognition of a deferred gain.

Net Loss (Income) Attributable to the Noncontrolling Interests in Consolidated Affiliates. We record net loss or income attributable to noncontrolling interests in consolidated affiliates for the non-ownership interests in hotels that are partially owned by us. Net loss attributable to noncontrolling interests in consolidated affiliates for the year ended December 31, 2012 was \$2.8 million, a change of \$3.2 million from net income attributable to noncontrolling interests of \$0.4 million in the prior year due to the acquisition of a 51% controlling interest in the JW Marriott Essex House Hotel in September 2012.

Table of Contents

Liquidity and Capital Resources

Our short-term liquidity requirements consist primarily of funds necessary to pay for operating expenses and other expenditures, including:

- interest expense and scheduled principal payments on outstanding indebtedness;
- future distributions to our preferred stockholders; and
- recurring maintenance and capital expenditures necessary to maintain our properties properly.

Historically, we have satisfied our short-term liquidity requirements through our existing working capital, cash provided by operations, and our bank credit facility. As of December 31, 2013, we had approximately \$18.9 million of available corporate level cash, not including restricted cash and cash currently held by the hotels. Additionally, our \$300.0 million bank credit facility agreement, which includes a \$100.0 million accordion feature, will continue to provide sufficient borrowing capacity to meet our short-term liquidity requirements during 2014. As of December 31, 2013, we were in compliance with our financial and other restrictive covenants contained in the bank credit facility, and we had \$110.0 million outstanding borrowings on our \$300.0 million bank credit facility and \$9.9 million in letters of credit outstanding.

Our available capacity under the bank credit facility and compliance with financial covenants in future periods will depend substantially on the financial results of our hotels, and in particular, the operating results and appraised values of the borrowing base assets, which include the Four Seasons Punta Mita Resort, the Marriott Lincolnshire Resort, the Ritz-Carlton Half Moon Bay hotel and the Ritz-Carlton Laguna Niguel hotel. We currently anticipate that the sale of the Four Seasons Punta Mita Resort, which is expected to close in the first quarter of 2014, will decrease our available capacity under the bank credit facility to approximately \$272.8 million. As of February 26, 2014, the outstanding borrowings and letters of credit under the bank credit facility in the aggregate were \$104.0 million.

In September 2013, we amended the mortgage agreements secured by the Fairmont Chicago and Westin St. Francis hotels. The amendment eliminates future principal amortization payments subject to meeting certain financial and other requirements. In July 2011 and November 2012, we refinanced certain of our mortgage loans whereby we staggered and extended maturities from 2016 through 2021, assuming extension options are exercised (see – “Mortgages and other debt payable” below).

On April 23, 2012, we completed a public offering of common stock and raised net proceeds of approximately \$114.1 million. These proceeds were used for general corporate purposes, including, without limitation, reducing our borrowings under our bank credit facility, funding the payment of accrued and unpaid preferred dividends, repaying other debt and funding capital expenditures and working capital. We believe that the debt and equity measures we have taken, as described above, should be sufficient to satisfy our liquidity needs for the next 12 months.

In November 2008, our board of directors elected to suspend the quarterly dividend to holders of shares of our common stock beginning in the fourth quarter of 2008. Preferred dividends for the fourth quarter of 2013 were paid on December 31, 2013, to holders of record as of the close of business on December 16, 2013. Our board of directors will continue to evaluate the dividend policy in light of the REIT provisions of the Tax Code, restrictions under our bank credit facility, and the overall economic climate.

Capital expenditures for the years ended December 31, 2013, 2012 and 2011 amounted to \$69.4 million, \$61.1 million and \$49.8 million, respectively. Included in the 2013, 2012 and 2011 amounts were \$1.0 million, \$1.5 million and \$1.1 million of capitalized interest, respectively. For the year ending December 31, 2014, we expect to spend approximately \$51 million on hotel property and equipment replacement projects in accordance with hotel management or lease agreements and approximately \$35 million on owner-funded projects, which includes those required by lenders, subject to adjustments based on continued evaluation.

Table of Contents

Bank credit facility. On June 30, 2011, we entered into a \$300.0 million secured bank credit facility agreement. The agreement contains an accordion feature allowing for additional borrowing capacity up to \$400.0 million, subject to the satisfaction of customary conditions set forth in the agreement. The following summarizes key financial terms and conditions of the bank credit facility:

interest on the facility is payable monthly at LIBOR plus an applicable margin in the case of each LIBOR loan and base-rate plus an applicable margin in the case of each base rate loan whereby the applicable margins are dependent on the ratio of consolidated debt to gross asset value (Leverage Ratio) as follows:

Leverage Ratio	Applicable Margin of each LIBOR Loan (% per annum)	Applicable Margin of each Base Rate Loan (% per annum)	
Greater than or equal to 60%	3.75	% 2.75	%
Greater than or equal to 55% but less than 60%	3.50	% 2.50	%
Greater than or equal to 50% but less than 55%	3.25	% 2.25	%
Greater than or equal to 45% but less than 50%	3.00	% 2.00	%
Less than 45%	2.75	% 1.75	%

an unused commitment fee is payable monthly based on the unused revolver balance at a rate of 0.45% per annum in the event that the bank credit facility usage is less than 50% and a rate of 0.25% per annum in the event that the bank credit facility usage is equal to or greater than 50%;

maturity date of June 30, 2014, with the right to extend the maturity date for an additional one-year period, subject to conditions, which we expect to meet, that include us not being in default under the provisions of the agreement and paying an extension fee equal to 25 basis points;

lenders received collateral in the form of mortgages over four borrowing base properties, which currently include the Ritz-Carlton Laguna Niguel hotel, the Ritz-Carlton Half Moon Bay hotel, the Four Seasons Punta Mita Resort, and the Marriott Lincolnshire Resort, in addition to pledges of the Company's interest in SH Funding and SH Funding's interest in certain subsidiaries and guarantees of the loan from the Company and certain of its subsidiaries;

maximum availability is determined by the lesser of 60% advance rate against the appraised value of the borrowing base properties (provided at any time the total fixed charge coverage ratio is less than 1.25 times, the percentage shall be reduced to 55%) or a 1.20 times debt service coverage on the borrowing base properties (based on the trailing 12 months net operating income for these assets divided by the greater of the in-place interest rate or 7.0% debt constant on the balance outstanding under the bank credit facility) provided not more than 40% of aggregate appraised value and 40% of trailing 12 month net operating income is attributable to borrowing base properties located outside the United States;

minimum corporate fixed charge coverage of 1.10 times through the fourth quarter of 2013, 1.20 times from the first quarter of 2014 through the initial maturity date, and 1.30 times during the extension year, which will permanently increase to 1.35 times if cash dividends are reinstated on our common stock;

maximum corporate leverage of 65% during the initial term and 60% during any extension period;

minimum tangible net worth of \$700.0 million, excluding goodwill and currency translation adjustments, plus an amount equal to 75% of the net proceeds of any new issuances of our common stock, which is not used to reduce indebtedness or used in a transaction or series of transactions to redeem outstanding capital stock;

restrictions on SHR and SH Funding's ability to pay dividends. Such restrictions include:

prohibitions on SHR and SH Funding's ability to pay any dividends unless certain ratios and other conditions are met; and

prohibitions on SHR and SH Funding's ability to issue dividends in cash or in kind at any time an event of default shall have occurred.

Notwithstanding the dividend restrictions described above, for so long as the Company qualifies, or has taken all other actions necessary to qualify as a REIT, SH Funding may authorize, declare, and pay quarterly cash dividends to the Company when and to the extent necessary for the Company to distribute cash dividends to its stockholders generally in an aggregate

Table of Contents

amount not to exceed the minimum amount necessary for the Company to maintain its tax status as a REIT, unless certain events of default exist. In addition, provided no event of default exists, dividends on preferred stock that accrue with regard to the current fiscal quarter may be paid to holders of preferred stock.

Other terms and conditions exist including provisions to release assets from the borrowing base and limitations on our ability to incur costs for discretionary capital programs and to redeem, retire or repurchase common stock. Under the agreement, SH Funding has a letter of credit sub-facility of \$75.0 million, which is secured by the \$300.0 million bank credit facility. Letters of credit reduce the borrowing capacity under the bank credit facility.

Mortgages and other debt payable. The following table summarizes our outstanding debt and scheduled maturities, including extension options, related to mortgages and other debt payable as of December 31, 2013 (in thousands):

	Balance as of December 31, 2013	2014	2015	2016	2017	2018	Thereafter

Interest on \$72.0 million of the total principal amount is paid monthly at LIBOR plus 4.00%, subject to a 0.50% (1) LIBOR floor, and interest on \$17.3 million of the total principal amount is paid monthly at an annual fixed rate of 10.00%.

(2) The spread over GBP LIBOR increases in steps from GBP LIBOR plus 2.10% in August 2013 to GBP LIBOR plus 4.25% in April 2014. The spread in the table is the spread as of December 31, 2013.

(3) Subject to a 0.75% LIBOR floor.

(4) All of these loan agreements require maintenance of financial covenants, all of which we were in compliance with at December 31, 2013.

The North Beach Venture assumed the mortgage loan on a hotel-condominium unit, which is secured by the (5) hotel-condominium unit. On January 1, 2014, the North Beach Venture extended the maturity date of the loan from January 1, 2014 to January 1, 2015.

Our long-term liquidity requirements consist primarily of funds necessary to pay for scheduled debt maturities, debt refinancings, distributions to our preferred stockholders, renovations, expansions and other non-recurring capital expenditures that need to be made periodically to our properties and the costs associated with acquisitions of properties. In addition, we may use cash to buy back outstanding debt or common or preferred securities from time to time when market conditions are favorable through open market purchases, privately negotiated transactions, or a tender offer, although the terms of our bank credit facility may impose certain conditions or restrictions in connection therewith.

Table of Contents

Historically, we have satisfied our long-term liquidity requirements through various sources of capital, including our existing working capital, cash provided by operations, sales of properties, long-term property mortgage indebtedness, bank credit facilities, issuance of senior unsecured debt instruments and through the issuance of additional equity securities. Credit markets have improved and access to mortgage and corporate level debt is more readily available. However, the capital markets can be volatile and there are no guarantees our maturing debt will be readily refinanced. Our ability to raise funds through the issuance of equity securities is dependent upon, among other things, general market conditions for both REITs in general and us specifically, including market perceptions regarding the Company. On April 23, 2012, we issued 18.4 million shares of common stock in a public offering at a public offering price of \$6.50 per share and raised net proceeds of approximately \$114.1 million.

We will continue to analyze which source of capital is most advantageous to us at any particular point in time, but equity and debt financing may not be consistently available to us on terms that are attractive or at all.

Equity Securities

As of December 31, 2013, we had 3,075,239 RSUs outstanding, of which 1,248,267 were vested. The following table presents the changes in our issued and outstanding shares of common stock and SH Funding operating partnership units (OP Units) from December 31, 2012 to December 31, 2013 (excluding RSUs):

	Shares of Common Stock	OP Units Represented by Noncontrolling Interests	Total
Outstanding at December 31, 2012	204,308,710	853,461	205,162,171
RSUs and Deferral Program Stock Units redeemed for shares of our common stock ⁽¹⁾	1,217,905	—	1,217,905
OP Units redeemed for shares of our common stock	56,223	(56,223)	—
Outstanding at December 31, 2013	205,582,838	797,238	206,380,076

⁽¹⁾ See "Item 8. Financial Statements and Supplementary Data—13. Share-Based Employee Compensation Plans—Value Creation Plan and Deferral Program"

Cash Flows

Operating Activities. Net cash provided by operating activities was \$124.2 million, \$78.6 million and \$75.7 million for the years ended December 31, 2013, 2012 and 2011, respectively. Cash flows from operations increased from 2012 to 2013 primarily due to improved operations at the Same Store Assets and the JW Marriott Essex House Hotel, which we acquired in September 2012, and favorable changes in working capital, partially offset by an increase in cash paid for interest. Cash flows from operations increased from 2011 to 2012 primarily due to an increase in hotel operating income in 2012 when compared to 2011, partially offset by \$18.4 million paid pursuant to our Value Creation Plan. See "Item 8. Financial Statements and Supplementary Data—13. Share-Based Employee Compensation Plans—Value Creation Plan and Deferral Program"

Investing Activities. Net cash used in investing activities was \$43.5 million, \$440.1 million and \$61.6 million for the years ended December 31, 2013, 2012 and 2011 respectively. The significant investing activities during these years are summarized below:

We sold our interest in a property adjacent to the Fairmont Chicago hotel and received \$9.7 million and sold three condominium units at the JW Marriott Essex House Hotel and received \$6.8 million during the year ended December 31, 2013. We sold our leasehold interest in the Paris Marriott hotel and received \$58.0 million during the year ended December 31, 2011 and an additional \$2.0 million during the year ended December 31, 2012.

• We acquired the JW Marriott Essex House Hotel for \$350.3 million during the year ended December 31, 2012.

• We acquired a note receivable that is secured by a property adjacent to the Fairmont Chicago hotel for \$9.5 million during the year ended December 31, 2012. We paid a \$1.1 million escrow deposit for this note during the year ended December 31, 2011.

• We sold our 50.0% interest in BuyEfficient for \$9.0 million during the year ended December 31, 2011.

• We acquired unrestricted cash of \$30.6 million through the recapitalization of the Hotel and North Beach Ventures and acquisition of the Four Seasons Silicon Valley and Four Seasons Jackson Hole hotels during the year ended December 31, 2011.

Table of Contents

We paid \$93.8 million related to the recapitalization of the Hotel and North Beach Ventures and the Fairmont Scottsdale Princess Venture during the year ended December 31, 2011.

We received cash from unconsolidated affiliates of \$24.6 million, \$9.1 million and \$1.1 million during the years ended December 31, 2013, 2012 and 2011, respectively.

We disbursed \$69.4 million, \$61.1 million and \$49.8 million during the years ended December 31, 2013, 2012 and 2011, respectively, for capital expenditures primarily related to room renovations, and food and beverage facilities.

Restricted cash and cash equivalents increased by \$15.1 million, \$21.4 million and \$9.9 million during the years ended December 31, 2013, 2012 and 2011, respectively.

Financing Activities. Net cash used in financing activities was \$78.2 million, for the year ended December 31, 2013, compared with net cash provided by financing activities of \$369.5 million for the year ended December 31, 2012 and net cash used in financing activities of \$22.9 million for the year ended December 31, 2011. The significant financing activities during these years are summarized below:

We received contributions of \$3.1 million from holders of noncontrolling interests in consolidated affiliates related to the Essex House Hotel Venture during the year ended December 31, 2013. We received contributions of \$96.4 million from holders of noncontrolling interests in consolidated affiliates related to the Essex House Hotel Venture and the Hyatt Regency La Jolla hotel during the year ended December 31, 2012.

We received proceeds from a common stock offering, net of offering costs, of approximately \$114.1 million during the year ended December 31, 2012 and received proceeds from a private placement and common stock offering, net of offering costs, of approximately \$49.2 million during the year ended December 31, 2011.

We distributed \$24.2 million and \$96.7 million to our preferred shareholders during the years ended December 31, 2013 and 2012, respectively.

We had net payments of \$36.0 million on our bank credit facility during the year ended December 31, 2013, and net borrowings of \$96.0 million and \$22.0 million on our bank credit facility during the years ended December 31, 2012 and 2011, respectively.

We made net payments of \$14.7 million on mortgages and other debt during the year ended December 31, 2013 and received net proceeds of \$170.9 million and \$61.0 million on mortgages and other debt during the years ended December 31, 2012 and 2011, respectively.

We paid financing costs of \$2.1 million, \$4.8 million and \$12.5 million during the years ended December 31, 2013, 2012 and 2011, respectively.

We paid distributions to the noncontrolling interest holders in our consolidated affiliates in the amount of \$1.3 million for each of the years ended December 31, 2012 and 2011.

We paid approximately \$87.8 million for the repurchase of a portion of our outstanding preferred stock during the year ended December 31, 2011.

We purchased the remaining 49% interest in the InterContinental Chicago hotel and an additional 2.5% interest in the Hyatt Regency La Jolla hotel for common stock and cash of \$19.5 million during the year ended December 31, 2011.

We paid \$33.3 million to terminate and buy down interest rate swaps during the year ended December 31, 2011.

Dividend Policy

We generally intend to distribute each year substantially all of our taxable income (which does not necessarily equal net income as calculated in accordance with GAAP) to our shareholders so as to comply with REIT provisions of the Tax Code. If necessary for REIT qualification purposes, we may need to distribute any taxable income in cash or by a special dividend. Our dividend policy is subject to revision at the discretion of our board of directors. All distributions will be made at the discretion of our board of directors and will depend on our taxable income, our financial condition, our maintenance of REIT status and other factors as our board of directors deems relevant.

Our board of directors declared quarterly distributions of \$0.53125 per share of Series A Preferred Stock, \$0.51563 per share of Series B Preferred Stock and \$0.51563 per share of Series C Preferred Stock for the fourth quarter of 2013 with

Table of Contents

distributions paid on December 31, 2013 to holders of record as of the close of business on December 16, 2013. In November 2008, our board of directors elected to suspend the quarterly dividend to holders of shares of our common stock beginning in the fourth quarter of 2008. Our board of directors has continued the suspension of the quarterly dividend to holders of shares of our common stock as a measure to preserve liquidity and due to the bank credit facility covenant restrictions.

Our board of directors will continue to evaluate the dividend policy in light of the REIT provisions of the Tax Code, restrictions under our bank credit facility, the overall economic climate, and our improving financial results.

Contractual Obligations

The following table summarizes our future payment obligations and commitments as of December 31, 2013 (in thousands):

	Payments Due by Period				
	Total	Less than 1 year ⁽¹⁾	1 to 3 years	4 to 5 years	More than 5 years
Long-term debt obligations ⁽²⁾	\$1,273,696	\$121,682	\$255,812	\$762,058	\$134,144
Interest on long-term debt obligations ⁽³⁾	260,697	79,473	115,366	45,984	19,874
Operating lease obligations—ground leases and office space	128,868	1,888	3,822	3,092	120,066
Operating leases—Marriott Hamburg	85,807	5,200	10,401	10,401	59,805
Purchase commitments ⁽⁴⁾	22,311	22,311	—	—	—
Total	\$1,771,379	\$230,554	\$385,401	\$821,535	\$333,889

(1) These amounts represent obligations that are due within fiscal year 2014.

(2) Long-term debt obligations include our bank credit facility, mortgages and other debt. Maturity dates assume all extension options are exercised, including conditional options.

(3) Interest on variable-rate debt obligations is calculated based on the variable rates at December 31, 2013 and includes the effect of our interest rate swaps.

(4) Amounts include executed construction contracts, obligations under the JW Marriott Essex House Hotel property improvement plan, and other required property improvements and renovations. As of December 31, 2013, we have \$9.6 million included in restricted cash reserves for capital expenditures related to property improvements and renovations required by certain lenders.

Reserve Funds for Capital Expenditures

We maintain each of our hotels in excellent condition and in conformity with applicable laws and regulations and in accordance with the agreed upon requirements in our management agreements with our hotel operators.

We are obligated to maintain reserve funds for capital expenditures at the majority of our hotels (including the periodic replacement or refurbishment of furniture, fixtures and equipment) as determined pursuant to the management agreements with our hotel operators. As of December 31, 2013, \$38.6 million was in restricted cash reserves for future capital expenditures. Generally, our agreements with hotel operators require us to reserve funds at amounts ranging between 4.0% and 5.0% of the individual hotel's annual revenues and require the funds to be set aside in restricted cash. Expenditures are capitalized as incurred and depreciation begins when the related asset is placed in service. Any unexpended amounts will remain our property upon termination of the management and operating contracts.

Off-Balance Sheet Arrangements**Fairmont Scottsdale Princess Venture**

We have agreements with an unaffiliated third party, an affiliate of Walton Street Capital, L.L.C. (Walton Street), that formed FMT Scottsdale Holdings, L.L.C. and Walton/SHR FPH Holdings, L.L.C. (together, the Fairmont Scottsdale Princess Venture) which owns the Fairmont Scottsdale Princess hotel. We have a 50% ownership interest in the Fairmont Scottsdale Princess Venture and account for our investment under the equity method of accounting. We jointly control the venture with Walton Street and serve as the managing member. We also serve as the hotel's asset manager and earn a quarterly base management fee equal to 1.0% of total revenues during years one and two following the formation of the Fairmont Scottsdale

Table of Contents

Princess Venture, 1.25% of total revenues during years three and four, and 1.5% of total revenues thereafter, as well as certain project management fees. In connection with the Fairmont Scottsdale Princess Venture, we are entitled to certain promote payments after Walton Street achieves a specified return.

The Fairmont Scottsdale Princess Venture had a \$133.0 million mortgage that was scheduled to mature on December 31, 2013 with an option for a second extension through April 9, 2015, subject to certain conditions. On December 20, 2013, the Fairmont Scottsdale Princess Venture entered into an amendment to the mortgage loan. The amendment extended the maturity date of the loan to April 9, 2015 and reduced the principal amount of the loan to \$117.0 million. Interest is payable monthly at LIBOR plus 0.36%. Our investment in the Fairmont Scottsdale Princess Venture amounted to \$26.8 million and \$25.2 million as of December 31, 2013 and December 31, 2012, respectively. Our equity in earnings (losses) of the Fairmont Scottsdale Princess Venture was \$2.0 million and \$(1.7) million for the years ended December 31, 2013 and 2012, respectively.

Hotel del Coronado Venture

On February 4, 2011, we formed a partnership, BSK Del Partners, L.P. (Hotel del Coronado Venture) with an unaffiliated third party, an affiliate of Blackstone Real Estate Advisors VI L.P. (Blackstone), to own the Hotel del Coronado. Blackstone is the general partner of the Hotel del Coronado Venture with a 63.6% ownership interest and we are a limited partner with an indirect 36.4% ownership interest. We account for our investment under the equity method of accounting. We act as asset manager and earn a quarterly asset management fee equal to 1.0% of gross revenue, certain development fees, and if applicable, an incentive fee equal to one-third of the incentive fee paid to the hotel operator under the hotel management agreement. As part of the Hotel del Coronado Venture, the members of the Hotel Venture earn a profit-based incentive fee of 20.0% of all distributions of the Hotel del Coronado Venture that exceed both a 20.0% internal rate of return and two times return on invested equity. Our investment in the Hotel del Coronado Venture amounted to \$54.9 million and \$83.3 million as of December 31, 2013 and December 31, 2012, respectively. Our equity in earnings (losses) of the Hotel del Coronado Venture was \$0.8 million and \$(11.9) million for the years ended December 31, 2013 and 2012, respectively.

In March 2013, the Hotel del Coronado Venture entered into new \$475.0 million mortgage and mezzanine loans that replaced the previous \$425.0 million mortgage and mezzanine loans. The \$475.0 million loans have an initial two-year term with three, one-year extension options, subject to certain conditions. Interest is payable monthly at an annual blended interest rate of LIBOR plus 3.65%. Additionally, the Hotel del Coronado Venture purchased a two-year, 3.0% LIBOR cap, which was required by the loans.

RCPM

We own a 31.0% interest in and act as asset manager for a venture with two unaffiliated parties that developed the RCPM, a luxury vacation home product sold in fractional and whole ownership interests on the property adjacent to our Four Seasons Punta Mita Resort hotel in Mexico. We account for this investment under the equity method of accounting. At December 31, 2013 and December 31, 2012, our investment in the unconsolidated affiliate amounted to \$3.9 million. Our equity in earnings of the unconsolidated affiliate was \$0.1 million and \$0.2 million for the years ended December 31, 2013 and 2012, respectively.

Lot H5 Venture

On June 14, 2013, we entered into an amended and restated venture agreement with an unaffiliated third party, forming the Lot H5 Venture. The Lot H5 Venture owns the Lot H5 land parcel, an undeveloped, oceanfront land parcel in Punta Mita, Nayarit, Mexico. We have a preferred position in the Lot H5 Venture that entitles us to receive the first \$12.0 million of distributions generated from the Lot H5 Venture, with any excess distributions split equally between the partners. We jointly control the Lot H5 Venture with our partner and account for our interest in the Lot H5 Venture as an equity method investment. At December 31, 2013, our investment in the unconsolidated affiliate amounted to \$19.4 million. Our equity in losses of the unconsolidated affiliate was \$16,000 for the year ended December 31, 2013.

Related Party Transactions

We have in the past engaged in transactions with related parties. See “Item 8. Financial Statements and Supplementary Data—16. Related Party Transactions” for a discussion of our transactions with related parties.

Critical Accounting Policies

Our discussion and analysis of our financial condition and results of operations is based upon our consolidated financial statements, which have been prepared in accordance with GAAP. The preparation of these financial statements requires us to

50

Table of Contents

make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses and related disclosure of contingent assets and liabilities.

We evaluate our estimates on an ongoing basis. We base our estimates on historical experience, information that is currently available to us and on various other assumptions that we believe are reasonable under the circumstances. Actual results may differ from these estimates under different assumptions or conditions. We believe the following critical accounting policies affect the most significant judgments and estimates used in the preparation of our consolidated financial statements.

Impairment

Investment in Hotel Properties (Long-Lived Assets). We review our long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment recognized is measured by the amount by which the carrying amount of the assets exceeds the estimated fair value of the assets. In our analysis of fair value, we use discounted cash flow analysis to estimate the fair value of our properties taking into account each property's expected cash flow from operations, holding period and proceeds from disposing of the property. In addition to the discounted cash flow analysis, management also considers external independent appraisals to estimate fair value. The analysis and appraisals used by management are consistent with those used by a market participant. The factors addressed in determining estimated proceeds from disposition include anticipated operating cash flow in the year of disposition, terminal capitalization rate and selling price per room. Judgment is required in determining the discount rate applied to estimated cash flows, growth rate of the properties, the need for capital expenditures, as well as specific market and economic conditions. Additionally, the classification of assets as held for sale requires the recording of assets at their net realizable value which can affect the amount of impairment recorded.

We performed an impairment test of the long-lived assets related to a property adjacent to the Fairmont Chicago hotel during the third quarter of 2013 as a result of a change in the anticipated holding period for this asset. As a result of this test, we recorded an impairment loss of \$0.7 million during the year ended December 31, 2013. There were no other indicators of potential impairment during the year ended December 31, 2013. However, if deterioration in economic and market conditions occurs, it may present a potential for impairment charges on our hotel properties subsequent to December 31, 2013. Any such adjustments could be material, but will be non-cash.

We performed an impairment test of the long-lived assets related to a Mexican development site during the fourth quarter of 2012 as a result of a change in the anticipated holding period for this land. As a result of this test, we recorded an impairment loss of \$14.6 million during the year ended December 31, 2012. There were no other impairment charges during the year ended December 31, 2012.

Intangible Assets. Intangible assets are reviewed for impairment whenever circumstances or events indicate potential impairment, as part of our investment in hotel properties impairment process described above.

There were no indicators of potential impairment during the year ended December 31, 2013. However, if deterioration in economic and market conditions occurs, it may present a potential for impairment charges on our intangible assets subsequent to December 31, 2013. Any such adjustments could be material, but will be non-cash.

Goodwill. We review goodwill for impairment at least annually as of December 31 and whenever circumstances or events indicate potential impairment. Goodwill has an indefinite useful life that should not be amortized but should be reviewed annually for impairment, or more frequently if events or changes in circumstances indicate that goodwill might be impaired. The measurement of impairment of goodwill consists of two steps. In the first step, we compare the fair value of each reporting unit, which in our case is each hotel property, to its carrying value. The assessment of fair values of the hotel properties incorporates unobservable inputs (Level 3), including existing market-based considerations, as well as discounted cash flow analysis of our projections. In the second step of the impairment test, the impairment loss is determined by comparing the implied fair value of goodwill to the recorded amount of goodwill. The activities in the second step include hypothetically allocating the fair value of the reporting unit used in step one to all of the assets and liabilities, including all intangible assets, even if no intangible assets are currently recorded, of that reporting unit as if the reporting unit had been acquired in a business combination and the fair value

of the reporting unit was the price paid to acquire the reporting unit. For reporting units with zero or negative carrying values, the second step is only performed if qualitative factors indicate that it is more likely than not that a goodwill impairment exists.

Table of Contents

We performed our annual impairment test for goodwill as of December 31, 2013. We did not record any non-cash goodwill impairment charges for the year ended December 31, 2013 based on the outcome of this test. However, if deterioration in economic and market conditions occurs, it may present a potential for impairment charges on our hotel properties with goodwill subsequent to December 31, 2013. Any such adjustments could be material, but will be non-cash.

Investment in Unconsolidated Affiliates. A series of operating losses of an investee or other factors may indicate that a decrease in value of a company's investment in unconsolidated affiliates has occurred which is other-than-temporary. Accordingly, the investment in each of the unconsolidated affiliates is evaluated periodically for valuation declines that are other-than-temporary. If the investment is other than temporarily impaired, the investment is written down to its estimated fair value. Also taken into consideration when testing for impairment is the value of the underlying real estate investments, the ownership and distribution preferences and limitations and rights to sell and repurchase of its ownership interests. There were no other-than-temporary declines in value of investments in unconsolidated affiliates during the year ended December 31, 2013. However, if deterioration in economic and market conditions occurs, it may present a potential for other-than-temporary declines in value subsequent to December 31, 2013. Any such adjustments could be material, but will be non-cash.

Acquisition Related Assets and Liabilities. Accounting for the acquisition of a hotel property as a purchase transaction requires an allocation of the purchase price to the assets acquired and the liabilities assumed in the transaction at their respective estimated fair values. The most difficult estimations of individual fair values are those involving long-lived assets, such as property and equipment and intangible assets. We use all available information to make these fair value determinations and, for hotel acquisitions, engage an independent valuation specialist to assist in the fair value determination of the acquired long-lived assets. Due to inherent subjectivity in determining the estimated fair value of long-lived assets, we believe that the recording of acquired assets and liabilities is a critical accounting policy. We acquired the Four Seasons Silicon Valley and Four Seasons Jackson Hole hotels during the year ended December 31, 2011. We acquired the JW Marriott Essex House Hotel during the year ended December 31, 2012.

Depreciation and Amortization Expense. Depreciation expense is based on the estimated useful life of our assets. The life of the assets is based on a number of assumptions, including cost and timing of capital expenditures to maintain and refurbish the asset, as well as specific market and economic conditions. While management believes its estimates are reasonable, a change in the estimated lives could affect depreciation expense and net income or the gain or loss on the sale of any of the assets.

Derivative Instruments and Hedging Activities. Derivative instruments and hedging activities require management to make judgments on the nature of its derivatives and their effectiveness as hedges. These judgments determine if the changes in fair value of the derivative instruments are reported in our consolidated statements of operations as a component of net income or as a component of comprehensive income and as a component of equity on our consolidated balance sheets. While management believes its judgments are reasonable, a change in a derivative's effectiveness as a hedge could affect expenses, net income and equity.

If the notional amount of the derivative instruments exceeds the forecasted LIBOR-based debt, an over-hedged position results. To alleviate the over-hedged position, the derivative instruments may be terminated and/or de-designated as hedges. Future changes to our overall floating rate debt could have implications to our overall hedging position. In February 2011, we paid \$4.2 million to terminate three interest rate swaps with a combined notional amount of \$125.0 million. There were no immediate charges to earnings in February 2011 based on our forecasted levels of LIBOR-based debt at the time of the transaction. In June 2011, we paid \$29.7 million to terminate five interest rate swaps with a combined notional amount of \$300.0 million. We also de-designated one interest rate swap with a notional amount of \$100.0 million as a cash flow hedge. We recorded a charge of \$29.2 million, which included the immediate write-off of \$27.4 million previously recorded in accumulated OCL related to interest rate swaps that were designated to hedge cash flows that are no longer probable of occurring and \$1.8 million of mark to market adjustments related to the terminated interest rate swaps. The charge was recorded in loss on early termination of derivative financial instruments in the consolidated statement of operations for the year ended December 31, 2011. Changes in the market value of the de-designated interest rate swap will be recorded in earnings subsequent to the de-designation. Depending on the capital markets and the availability of floating rate debt, the remaining swap

portfolio may need to be reassessed in the future for additional terminations.

Disposal of Long-Lived Assets. We classify assets as held for sale in accordance with GAAP. Assets identified as held for sale are reclassified on our consolidated balance sheet and the related results of operations are reclassified as discontinued operations on our consolidated statement of operations. While these classifications do not have an

Table of Contents

effect on total assets, net equity or net income, they affect the classifications within each statement. Additionally, a determination to classify an asset as held for sale affects depreciation expense as long-lived assets are not depreciated while classified as held for sale. As of December 31, 2013, we classified the Four Seasons Punta Mita Resort as held for sale.

Seasonality

The lodging business is seasonal in nature, and we experience some seasonality in our business. Revenues for hotels in tourist areas, those with significant group business, and in areas driven by greater climate changes are generally seasonal. Quarterly revenues also may be adversely affected by events beyond our control, such as extreme weather conditions and other acts of nature, terror attacks or alerts, airline strikes, economic factors and other considerations affecting travel.

The Marriott domestic hotels previously reported their results of operations using a fiscal year consisting of thirteen four-week periods. As a result, for our domestic Marriott branded properties, for 2012, the first three quarters consisted of 12 weeks each and the fourth quarter consisted of 16 weeks. Effective January 1, 2013, Marriott converted from a fiscal year consisting of 13 four-week periods to a 12-month calendar year.

To the extent that cash flows from operations are insufficient during any quarter, due to temporary or seasonal fluctuations in revenues, we may have to enter into short-term borrowings to pay operating expenses and make distributions to our stockholders.

New Accounting Guidance

In December 2011, the Financial Accounting Standards Board (FASB) clarified that when a parent (reporting entity) ceases to have a controlling financial interest in a subsidiary that is in substance real estate as a result of a default on the subsidiary's nonrecourse debt, the reporting entity should apply the guidance on sales of real estate. The provisions are effective for public companies for fiscal years and interim periods within those years, beginning on or after June 15, 2012. We adopted the new guidance on January 1, 2013 and the guidance did not have a material impact on our consolidated financial statements.

In February 2013, the FASB issued new guidance to require an entity to present, either on the face of the statement where net income is presented or in the notes, significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income if the amount is reclassified to net income in its entirety in the same reporting period. For other amounts not required to be reclassified in their entirety to net income in the same reporting period, a cross-reference to other disclosures that provide additional detail about the reclassification amounts is required. The provisions are effective for reporting periods beginning after December 15, 2012. We adopted this guidance on January 1, 2013 and complied with the expanded disclosure requirements, as applicable.

Non-GAAP Financial Measures

We present five non-GAAP financial measures that we believe are useful to management and investors as key measures of our operating performance: FFO; FFO—Fully Diluted; Comparable FFO; EBITDA; and Comparable EBITDA. Amounts presented in accordance with our definitions of FFO, FFO—Fully Diluted, Comparable FFO, EBITDA, and Comparable EBITDA may not be comparable to similar measures disclosed by other companies, since not all companies calculate these non-GAAP measures in the same manner. FFO, FFO—Fully Diluted, Comparable FFO, EBITDA, and Comparable EBITDA should not be considered as an alternative measure of our net income (loss) or operating performance. FFO, FFO—Fully Diluted, Comparable FFO, EBITDA, and Comparable EBITDA may include funds that may not be available for our discretionary use due to functional requirements to conserve funds for capital expenditures and property acquisitions and other commitments and uncertainties. Although we believe that FFO, FFO—Fully Diluted, Comparable FFO, EBITDA, and Comparable EBITDA can enhance the understanding of our financial condition and results of operations, these non-GAAP financial measures, when viewed individually, are not necessarily better indicators of any trend as compared to comparable GAAP measures such as net income (loss) attributable to SHR common shareholders. In addition, adverse economic and market conditions might negatively impact our cash flow. We have provided a quantitative reconciliation of FFO, FFO—Fully Diluted, Comparable FFO, EBITDA, and Comparable EBITDA to the most directly comparable GAAP financial performance measure, which is net income (loss) attributable to SHR common shareholders.

EBITDA and Comparable EBITDA

EBITDA represents net income (loss) attributable to SHR common shareholders excluding: (i) interest expense, (ii) income taxes, including deferred income tax benefits and expenses applicable to our foreign subsidiaries and income taxes applicable to sale of assets; (iii) depreciation and amortization; and (iv) preferred stock dividends. EBITDA also excludes interest expense, income taxes and depreciation and amortization of our unconsolidated affiliates. EBITDA is presented on a

Table of Contents

full participation basis, which means we have assumed conversion of all redeemable noncontrolling interests of our operating partnership into our common stock. We believe this treatment of noncontrolling interests provides useful information for management and our investors and appropriately considers our current capital structure. We also present Comparable EBITDA, which eliminates the effect of realizing deferred gains on our sale leasebacks, as well as the effect of gains or losses on sales of assets, early extinguishment of debt, impairment losses, foreign currency exchange gains or losses and certain other charges that are highly variable from year to year.

We believe EBITDA and Comparable EBITDA are useful to management and investors in evaluating our operating performance because they provide management and investors with an indication of our ability to incur and service debt, to satisfy general operating expenses, to make capital expenditures and to fund other cash needs or reinvest cash into our business. We also believe they help management and investors meaningfully evaluate and compare the results of our operations from period to period by removing the impact of our asset base (primarily depreciation and amortization) from our operating results. Our management also uses EBITDA and Comparable EBITDA as measures in determining the value of acquisitions and dispositions.

The following table provides a reconciliation of net loss attributable to SHR common shareholders to Comparable EBITDA (in thousands):

	Years Ended December 31,		
	2013	2012	2011
Net loss attributable to SHR common shareholders	\$(13,191)	\$(79,472)	\$(23,688)

Table of Contents

FFO, FFO-Fully Diluted, and Comparable FFO

We compute FFO in accordance with standards established by the National Association of Real Estate Investment Trusts, or NAREIT, with the exception of impairment of depreciable real estate. NAREIT adopted a definition of FFO in order to promote an industry-wide standard measure of REIT operating performance. NAREIT defines FFO as net income (loss) (computed in accordance with GAAP) excluding losses or gains from sales of depreciable property, impairment of depreciable real estate, real estate-related depreciation and amortization, and our portion of these items related to unconsolidated affiliates. We also present FFO—Fully Diluted, which is FFO plus income or loss on income attributable to redeemable noncontrolling interests of our operating partnership. We also present Comparable FFO, which is FFO—Fully Diluted excluding the impact of any gains or losses on early extinguishment of debt, impairment losses, foreign currency exchange gains or losses and certain other charges that are highly variable from year to year. We believe that the presentation of FFO, FFO—Fully Diluted and Comparable FFO provides useful information to management and investors regarding our results of operations because they are measures of our ability to fund capital expenditures and expand our business. In addition, FFO is widely used in the real estate industry to measure operating performance without regard to items such as depreciation and amortization.

The following table provides a reconciliation of net loss attributable to SHR common shareholders to Comparable FFO (in thousands):

	Years Ended December 31,		
	2013	2012	2011
Net loss attributable to SHR common shareholders	\$(13,191)	\$(79,472)	\$(23,688)

Table of Contents

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Interest Rate Risk

Our future income, cash flows and fair values relevant to financial instruments are dependent upon prevailing market interest rates. Market risk refers to the risk of loss from adverse changes in market prices and interest rates. The majority of our outstanding debt, after considering the effect of interest rate swaps, has a fixed interest rate. We use derivative financial instruments to manage, or hedge, interest rate risks related to our borrowings, from lines of credit to medium- and long-term financings. We generally require that hedging derivative instruments be effective in reducing the interest rate risk exposure that they are designed to hedge. We do not use derivatives for trading or speculative purposes and only enter into contracts with major financial institutions based on their credit rating and other factors. We use methods which incorporate standard market conventions and techniques such as discounted cash flow analysis and option pricing models to determine fair value. All methods of estimating fair value result in general approximation of value and such value may or may not actually be realized.

See “Item 8. Financial Statements and Supplementary Data—12. Derivatives” for information on our interest rate cap and swap agreements outstanding as of December 31, 2013.

As of December 31, 2013, our total outstanding mortgages and other debt and indebtedness under the bank credit facility totaled approximately \$1.3 billion, of which approximately 68.0% was fixed-rate debt when including the effect of interest rate swaps. If market rates of interest on our variable rate debt, including the effect of the interest rate swaps described above, increase by 20%, the increase in interest expense on the variable rate debt would decrease future earnings and cash flows by approximately \$0.2 million annually. If market rates of interest on our variable rate debt, including the effect of the swaps, decrease by 10%, the decrease in interest expense on our variable rate debt would increase future earnings and cash flows by approximately \$0.1 million annually.

Interest risk amounts were determined by considering the impact of hypothetical interest rates on our financial instruments. These analyses do not consider the effect of the reduced level of overall economic activity that could exist in that environment. Furthermore, in the event of a 20% increase in the market rates of interest on our variable rate debt as discussed above, we may take actions to further mitigate our exposure to the change. However, due to the uncertainty of the specific actions that would be taken and their possible effects, these analyses assume no changes in our financial structure.

Currency Exchange Risk

As we have international operations, currency exchange risk arises as a normal part of our business. In particular, we are subject to fluctuations due to changes in foreign exchange rates in the British pound and euro. We reduce this risk by transacting our international business in local currencies. In this manner, assets and liabilities are matched in the local currency, which reduces the need for dollar conversion. Generally, we do not enter into forward or option contracts to manage our currency exchange risk exposure applicable to net operating cash flows.

To manage the currency exchange risk applicable to equity positions in foreign hotels, we may use long-term mortgage debt denominated in the local currency. In addition, we may enter into forward or option contracts. We do not currently have any currency forward or option contracts.

Our exposure to foreign currency exchange rates relates primarily to our foreign hotels. For our foreign hotels, exchange rates impact the U.S. dollar value of our reported earnings, our investments in the hotels and the intercompany transactions with the hotels.

For the year ended December 31, 2013, approximately 4.6% of our total revenues, were generated outside of the United States, with approximately 4.0% of total revenues generated from the Marriott London Grosvenor Square (which uses the British pound) and approximately 0.6% of total revenues generated from the Marriott Hamburg (which uses the euro). As a result, fluctuations in the value of foreign currencies against the U.S. dollar may have a significant impact on our reported results. Revenues and expenses denominated in foreign currencies are translated into U.S. dollars at a weighted average exchange rate for the period. Consequently, as the value of the U.S. dollar changes relative to the currencies of these markets, our reported results vary.

Table of Contents

If the U.S. dollar had weakened an additional 10.0% during the year ended December 31, 2013, total revenues and operating income would have changed from the amounts reported by (in millions):

	British Pound	Euro	Total
Increase in total revenues	\$3.6	\$0.5	\$4.1
Increase in operating income	\$1.0	\$—	\$1.0

Fluctuations in foreign currency exchange rates also impact the U.S. dollar amount of our shareholders' equity. The assets and liabilities of our non-U.S. hotels, whose functional currency is other than the U.S. dollar, are translated into U.S. dollars at exchange rates in effect at the end of the period. The resulting translation adjustments are recorded in shareholders' equity as a component of accumulated other comprehensive loss. If the U.S. dollar had weakened by 10.0% as of December 31, 2013, resulting translation adjustments recorded in shareholders' equity would have decreased by approximately \$3.0 million from the amounts reported.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA.
REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of
Strategic Hotels & Resorts, Inc.
Chicago, Illinois

We have audited the accompanying consolidated balance sheets of Strategic Hotels & Resorts, Inc. and subsidiaries (the "Company") as of December 31, 2013 and 2012, and the related consolidated statements of operations, comprehensive income (loss), equity, and cash flows for each of the three years in the period ended December 31, 2013. Our audits also included the financial statement schedule listed in the Index at Item 15. These financial statements and financial statement schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements and financial statement schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of Strategic Hotels & Resorts, Inc. and subsidiaries as of December 31, 2013 and 2012, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2013, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, such financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly, in all material respects, the information set forth therein.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Company's internal control over financial reporting as of December 31, 2013, based on the criteria established in Internal Control-Integrated Framework (1992) issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated February 27, 2014 expressed an unqualified opinion on the Company's internal control over financial reporting.

STRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. GENERAL

Strategic Hotels & Resorts, Inc. (SHR and, together with its subsidiaries, the Company) was incorporated in January 2004 to acquire and asset-manage upper upscale and luxury hotels that are subject to long-term management contracts. As of December 31, 2013, the Company's portfolio included 18 full-service hotel interests located in urban and resort markets in the United States; Punta Mita, Nayarit, Mexico; Hamburg, Germany; and London, England. The Company operates in one reportable business segment, hotel ownership.

SHR operates as a self-administered and self-managed real estate investment trust (REIT), which means that it is managed by its board of directors and executive officers. A REIT is a legal entity that holds real estate interests and, through payments of dividends to stockholders, is permitted to reduce or avoid federal income taxes at the corporate level. For SHR to continue to qualify as a REIT, it cannot operate hotels; instead it employs internationally known hotel management companies to operate its hotels under management contracts. SHR conducts its operations through its direct and indirect subsidiaries, including its operating partnership, Strategic Hotel Funding, L.L.C. (SH Funding), which currently holds substantially all of the Company's assets. SHR is the sole managing member of SH Funding and holds approximately 99% of its membership units as of December 31, 2013. SHR manages all business aspects of SH Funding, including the sale and purchase of hotels, the investment in these hotels and the financing of SH Funding and its assets.

As of December 31, 2013, SH Funding owned interests in or leased the following 18 hotels:

- | | |
|---------------------------------------|--|
| 1. Fairmont Chicago | 10. InterContinental Miami |
| 2. Fairmont Scottsdale Princess (a) | 11. JW Marriott Essex House Hotel (e) |
| 3. Four Seasons Jackson Hole | 12. Loews Santa Monica Beach Hotel |
| 4. Four Seasons Punta Mita Resort (b) | 13. Marriott Hamburg (f) |
| 5. Four Seasons Silicon Valley | 14. Marriott Lincolnshire Resort (g) |
| 6. Four Seasons Washington, D.C. | 15. Marriott London Grosvenor Square (g) |
| 7. Hotel del Coronado (c) | 16. Ritz-Carlton Half Moon Bay |
| 8. Hyatt Regency La Jolla (d) | 17. Ritz-Carlton Laguna Niguel |
| 9. InterContinental Chicago | 18. Westin St. Francis |

(a) This property is owned by an unconsolidated affiliate in which the Company indirectly holds an interest (see note 7). One land parcel at this property is subject to a ground lease arrangement.

(b) On December 12, 2013, the Company entered into an agreement to sell this property (see note 5).

(c) This property is owned by an unconsolidated affiliate in which the Company indirectly holds an interest (see note 7).

(d) This property is owned by a consolidated affiliate in which the Company holds an interest (see note 11).

(e) This property is owned by a consolidated affiliate in which the Company holds an interest (see notes 3 and 6).

(f) The Company has a leasehold interest in this property.

(g) These properties are subject to ground lease arrangements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation:

The accompanying consolidated financial statements and related notes have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis of Consolidation:

The accompanying consolidated financial statements include the accounts of SHR, its subsidiaries and other entities in which the Company has a controlling interest. If SH Funding determines that it is the holder of a variable interest in a variable interest entity (VIE), and it is the primary beneficiary, then SH Funding will consolidate the entity. At December 31, 2013, SH Funding consolidated one VIE, the entity that owns the JW Marriott Essex House Hotel (see note 6). For entities that are not considered VIEs, SH Funding consolidates those entities it controls. At December 31,

2013, SH Funding owned a 53.5% controlling interest in the entity that owns the Hyatt Regency La Jolla hotel, which is consolidated in the accompanying

67

Table of ContentsSTRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

consolidated financial statements. It accounts for those entities over which it has a significant influence but does not control using the equity method of accounting. At December 31, 2013, SH Funding owned interests in the Fairmont Scottsdale Princess hotel (Fairmont Scottsdale Princess Venture), the Hotel del Coronado (Hotel del Coronado Venture), the Four Seasons Residence Club Punta Mita (RCPM) and the Lot H5 Venture (see note 7), which are unconsolidated affiliates in the accompanying consolidated financial statements that are accounted for using the equity method of accounting.

All significant intercompany transactions and balances have been eliminated in consolidation.

Use of Estimates:

The preparation of the consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Investment in Hotel Properties and Depreciation:

Investment in hotel properties consists of land, land held for development, a leasehold interest, buildings, building and leasehold improvements, site improvements and furniture, fixtures and equipment.

Depreciation is computed on a straight-line basis over the following useful lives:

Leasehold interest	Life of lease (51 years)
Buildings	39 years
Building and leasehold improvements	5 – 10 years
Site improvements	15 years
Furniture, fixtures & equipment	3 – 5 years

Hotel improvements in progress include costs incurred for capital projects for hotels that are in the process of being developed, renovated, rehabilitated or expanded. Completed renovations and improvements are capitalized and depreciated over their estimated useful lives. Interest expense and certain other costs as well as project related salary and benefit costs incurred during a renovation or development period are capitalized and depreciated over the lives of the related assets. Costs incurred for repairs and maintenance are expensed.

Assets to be disposed of are reported at the lower of the carrying amount or estimated fair value less costs to sell. The Company classifies the operations of hotels sold or held for sale as discontinued operations (see note 5).

Goodwill:

Goodwill is the excess of the allocated purchase price over the fair value of the net assets at the time a property is acquired. The changes in the carrying amount of goodwill for the years ended December 31, 2013 and 2012 are as follows (in thousands):

	2013	2012
Balance at the beginning of the year		
Goodwill	\$316,945	\$316,945
Accumulated impairment losses	(276,586)	(276,586)
	40,359	40,359
Goodwill related to assets held for sale	(2,231)	—
Balance at the end of the year		
Goodwill	314,714	316,945
Accumulated impairment losses	(276,586)	(276,586)
	\$38,128	\$40,359

Table of ContentsSTRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

Intangible Assets:

Intangible assets at December 31, 2013 and 2012 include (in thousands):

	2013	2012	Useful Life
Below market ground lease	\$34,567	\$33,922	Term of lease (51 years)
Golf course use agreement	1,500	1,500	14 years
Advanced bookings	3,200	4,050	Period of booking (up to 8 years)
Land development entitlements	1,988	1,971	2 years
	41,255	41,443	
Accumulated amortization	(11,753) (10,812)
Intangible assets, net	\$29,502	\$30,631	

Amortization of intangible assets is computed on a straight-line basis over the respective useful lives. For the years ended December 31, 2013, 2012 and 2011, amortization expense of intangible assets was \$1,653,000, \$1,704,000, and \$2,414,000, respectively. The estimated future aggregate annual amortization expense for intangible assets at December 31, 2013 is summarized as follows (in thousands):

Years ending December 31,

2014	\$951
2015	773
2016	769
2017	769
2018	724
Thereafter	25,516
Total	\$29,502

Impairment:

Investment in Hotel Properties (Long-Lived Assets)

The Company reviews its investment in hotel properties for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. An impairment loss is recognized if the estimated future undiscounted cash flows derived from the asset are less than its carrying amount. The impairment loss is measured as the excess of the carrying value over the fair value of the asset, with fair value determined based on estimated future discounted cash flows or other relevant data as to the fair value of the asset (Level 3 inputs).

Goodwill

Goodwill is reviewed for impairment at least annually as of December 31 and whenever circumstances or events indicate potential impairment. The measurement of impairment of goodwill consists of two steps. In the first step, the Company compares the fair value of each reporting unit, which for the Company is each hotel property, to its carrying value. The assessment of fair values of the hotel properties incorporates unobservable inputs (Level 3), including existing market-based considerations, as well as discounted cash flow analysis of the Company's projections. When the fair value of the property is less than its carrying value, the Company is required to perform a second step in order to determine the implied fair value of each reporting unit's goodwill, and to compare it to the carrying value of the reporting unit's goodwill. The activities in the second step include hypothetically valuing all of the tangible and intangible assets and liabilities of the impaired reporting unit as if the reporting unit had been acquired in a business combination, which includes valuing all of the Company's intangibles, even if they are not currently recorded within the carrying value. For reporting units with zero or negative carrying values, the second step is only performed if qualitative factors indicate that it is more likely than not that a goodwill impairment exists.

Table of Contents

STRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

Intangible Assets

Intangible assets are reviewed for impairment whenever circumstances or events indicate potential impairment, as part of the Company's investment in hotel properties impairment process described above.

Investment in Unconsolidated Affiliates

A series of operating losses of an investee or other factors may indicate that a decrease in value of the Company's investment in unconsolidated affiliates has occurred which is other-than-temporary. Accordingly, the investment in each of the unconsolidated affiliates is evaluated periodically for valuation declines that are other-than-temporary. If the investment is other than temporarily impaired, the Company writes down the investment to its estimated fair value. The Company also considers any impairments in the underlying real estate investments, the ownership and distribution preferences and limitations and rights to sell and repurchase of its ownership interests.

Deferred Financing Costs:

Deferred financing costs consist of loan fees and other costs incurred in connection with obtaining loans. The deferred financing costs have been capitalized and are being amortized to interest expense over the initial maturity of the underlying loans using the straight-line method, which approximates the effective interest method. Upon early extinguishment of the debt, the unamortized deferred financing costs are written off and included in loss on early extinguishment of debt.

Inventories:

Inventories located at the hotel properties consist primarily of food and beverage stock. These items are stated at the lower of cost, as determined by an average cost method, or market and are included in prepaid expenses and other assets on the accompanying consolidated balance sheets.

Cash and Cash Equivalents:

The Company considers all cash on hand, demand deposits with financial institutions and short-term highly liquid investments with purchased or original maturities of three months or less to be cash equivalents.

Restricted Cash and Cash Equivalents:

As of December 31, 2013 and 2012, restricted cash and cash equivalents included \$38,629,000 and \$33,832,000, respectively, that will be used for property and equipment replacement in accordance with hotel management or lease agreements. At December 31, 2013 and 2012, restricted cash and cash equivalents also included reserves of \$37,287,000 and \$24,747,000, respectively, required by loan and other agreements.

Foreign Currency:

Foreign currency-denominated assets and liabilities, where the functional currency is the local currency, are translated into U.S. dollars at the exchange rates in effect at the balance sheet date. Income and expense items are translated at the average exchange rates during the respective periods. Gains and losses from foreign currency translation, where the functional currency is the local currency, are recorded as a separate component of accumulated other comprehensive loss within shareholders' equity.

Revenue Recognition:

Revenues include rooms, food and beverage and other hotel operating revenue such as Internet access, telephone, parking, golf course, spa, retail and space rentals. These revenues are recorded net of taxes collected from customers and remitted to government authorities and are recognized as the related services are rendered. Lease revenue is based on an annual base rent plus additional rent contingent on the hotel meeting performance thresholds, as defined in the lease agreement. Lease revenue is recognized on an accrual basis pursuant to the terms of the lease.

Table of ContentsSTRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

Noncontrolling Interests:

Redeemable Noncontrolling Interests (Temporary Equity)

Third party noncontrolling partners own an approximate one percent interest in SH Funding. The interests held by these noncontrolling partners are stated at the greater of carrying value or their redemption value and are presented as noncontrolling interests in SHR's operating partnership on the consolidated balance sheets. Net (income) loss attributable to the noncontrolling interest partners is presented as noncontrolling interests in SHR's operating partnership in the consolidated statements of operations. Net income (loss) and other comprehensive income (loss) are attributed to noncontrolling interest partners in SH Funding based on their weighted average ownership percentages during the period. The ownership percentage is calculated by dividing the number of units held by the noncontrolling interest partners by the sum of units held by SHR and the units held by noncontrolling interest partners, all calculated based on the weighted average days outstanding at the end of the period.

These noncontrolling partners have a right to exercise a redemption right to require SH Funding to redeem all or a portion of the units held by the noncontrolling interest partners on a specified redemption date at a redemption price equal to the number of operating partnership units multiplied by SHR's common stock price. SH Funding is not obligated to satisfy the redemption right if SHR elects to purchase the units. SHR has the sole and absolute discretion to purchase the units. If it does purchase the units, SHR has the sole and absolute discretion to pay either in cash or shares.

The following table reflects the activity of the noncontrolling interests in SHR's operating partnership for the years ended December 31, 2013, 2012 and 2011 (in thousands):

	2013	2012	2011
Noncontrolling interests in SHR's operating partnership			
Balance, beginning of year	\$5,463	\$4,583	\$5,050
Shares of SHR common stock issued	—	468	1,003
Net income (loss)	38	(184)	(29)
Currency translation adjustments	(2)	3	(42)
Derivatives activity	73	48	211
Share-based compensation	4	30	66
Redemption value adjustment	2,242	738	(479)
Other	(284)	(223)	(1,197)
Balance, end of year	\$7,534	\$5,463	\$4,583

The historical cost of the redeemable noncontrolling interests is based on the proportional relationship between the carrying value of equity associated with SHR's common shareholders relative to that of the unitholders of SH Funding, as SH Funding units may be exchanged into shares of SHR common stock on a one-for-one basis. As of December 31, 2013, 2012 and 2011, the redeemable noncontrolling interests had a redemption value of approximately \$7,534,000 (based on SHR's common closing share price of \$9.45 on December 31, 2013), \$5,463,000 (based on SHR's common closing share price of \$6.40 on December 31, 2012), and \$4,583,000 (based on SHR's common closing share price of \$5.37 on December 30, 2011), respectively.

Nonredeemable Noncontrolling Interests

The Company also consolidates affiliates that it controls but does not wholly own. The ownership interests held by the third party noncontrolling partners are presented as noncontrolling interests in consolidated affiliates in the Company's consolidated balance sheets. The net loss (income) attributed to the noncontrolling partners is presented as noncontrolling interests in consolidated affiliates in the consolidated statements of operations. The activity for the noncontrolling interests in consolidated affiliates for the years ended December 31, 2013, 2012 and 2011 is presented in the Company's consolidated statements of equity.

Income Taxes:

SHR has elected to be taxed as a REIT under Sections 856 through 860 of the Internal Revenue Code of 1986, as amended (the Tax Code). As a REIT, SHR generally will not be subject to U.S. federal income tax if it distributes

100% of its

71

Table of ContentsSTRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

annual taxable income to its shareholders. As a REIT, SHR is subject to a number of organizational and operational requirements. If it fails to qualify as a REIT in any taxable year, SHR will be subject to U.S. federal income tax (including any applicable alternative minimum tax) on its taxable income at regular corporate tax rates. Even if it qualifies for taxation as a REIT, it may be subject to foreign, state and local income taxes and to U.S. federal income tax and excise tax on its undistributed income. In addition, taxable income from SHR's taxable REIT subsidiaries is subject to federal, foreign, state and local income taxes. Also, the foreign countries where the Company has operations do not recognize REITs under their respective tax laws. Accordingly, the Company is subject to tax in those jurisdictions.

Deferred tax assets and liabilities are established for net operating loss carryforwards and temporary differences between the financial reporting basis and the tax basis of assets and liabilities at the enacted tax rates expected to be in effect when the net operating loss carryforwards are utilized and when the temporary differences reverse. The Company evaluates uncertain tax positions in accordance with applicable accounting guidance. A valuation allowance for deferred tax assets is provided if the Company believes all or some portion of the deferred tax asset may not be realized. Any increase or decrease in the valuation allowance that results from a change in circumstances that causes a change in the estimated realizability of the related deferred tax asset is included in earnings.

The Company completed an equity offering during the second quarter of 2010, which resulted in an ownership change under Section 382 of the Tax Code. As a result, some of the Company's net operating loss carryforwards were reduced or eliminated in accordance with the provisions of Section 382. A full valuation reserve has been provided against net operating loss carryforwards not subject to Section 382 due to uncertainty of realization. Therefore, the ownership change had no impact to the statements of operations.

Per Share Data:

Basic loss per share is computed by dividing the net loss attributable to SHR common shareholders by the weighted average common shares outstanding during each period. Diluted loss per share is computed by dividing the net loss attributable to SHR common shareholders as adjusted for the impact of dilutive securities, if any, by the weighted average common shares outstanding plus potentially dilutive securities. Dilutive securities may include restricted stock units (RSUs), options to purchase shares of SHR common stock (Options), stock units payable in shares of SHR's common stock under the Company's Deferral Program (as defined in note 13) (Deferral Program Stock Units) and noncontrolling interests that have an option to exchange their interests to shares of SHR common stock. No effect is shown for securities that are anti-dilutive. The following table sets forth the components of the calculation of loss from continuing operations attributable to SHR common shareholders for the years ended December 31, 2013, 2012 and 2011 (in thousands):

	2013	2012	2011
Numerator:			
Income (loss) from continuing operations attributable to SHR	\$7,804	\$(56,495)	\$(106,365)
Preferred shareholder dividends	(24,166)	(24,166)	(29,206)
Preferred stock tender (a)	—	—	10,724
Loss from continuing operations attributable to SHR common shareholders	\$(16,362)	\$(80,661)	\$(124,847)

Denominator:

Weighted average shares of common stock - basic and diluted(b)	206,334	201,109	176,576
--	---------	---------	---------

(a) On December 19, 2011, SHR purchased a portion of its outstanding shares of preferred stock (see note 11). For purposes of calculating loss per share, the difference between the fair value of the consideration paid and the carrying amount of the shares of preferred stock tendered is an adjustment to net loss attributable to SHR common shareholders. The carrying value of the preferred stock is reduced by any related offering costs and increased by any previously deducted cumulative undeclared dividends that are forfeited. The total consideration paid was \$86,127,000 and the net carrying value of the shares of preferred stock was \$96,851,000, which included

\$18,478,000 of previously deducted preferred shareholder dividends that were forfeited. The full impact of the preferred stock tender on the calculation of net loss attributable to SHR common shareholders was recorded in the fourth quarter of 2011.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

(b) Includes RSUs and Deferral Program Stock Units of 1,248, 2,528 and 524 at December 31, 2013, 2012 and 2011, respectively, that have vested but have not yet been issued to shares of common stock.

Securities that could potentially dilute basic loss per share in the future that are not included in the computation of diluted loss per share because they are anti-dilutive as of December 31, 2013, 2012 and 2011 are as follows (in thousands):

	2013	2012	2011
Noncontrolling interests in SHR's operating partnership	797	853	853
Noncontrolling interests in consolidated affiliates	11,025	11,893	—
Options, RSUs and Deferral Program Stock Units	2,479	2,809	3,124

Accumulated Other Comprehensive Loss:

The Company's accumulated other comprehensive loss (OCL) results from mark to market of certain derivative financial instruments and unrealized gains or losses on foreign currency translation adjustments (CTA). The following table provides the changes in accumulated OCL for the years ended December 31, 2013, 2012, and 2011 (in thousands):

	Derivative and Other Activity	CTA	Accumulated OCL
Balance at January 1, 2011	\$ (94,933)	\$ (12,231)	\$ (107,164)
Other comprehensive loss before reclassifications	(12,906)	(3,816)	(16,722)
Amounts reclassified from accumulated OCL	58,329	(5,095)	53,234
Net other comprehensive income (loss)	45,423	(8,911)	36,512
Balance at December 31, 2011	\$ (49,510)	\$ (21,142)	\$ (70,652)
Other comprehensive (loss) income before reclassifications	(10,209)	725	(9,484)
Amounts reclassified from accumulated OCL	21,265	—	21,265
Net other comprehensive income	11,056	725	11,781
Balance at December 31, 2012	\$ (38,454)	\$ (20,417)	\$ (58,871)
Other comprehensive loss before reclassifications	(176)	(412)	(588)
Amounts reclassified from accumulated OCL	18,014	—	18,014

Balance at December 31, 2013	\$ (20,616)	\$ (20,829)	\$ (41,445)

The reclassifications out of accumulated OCL for the years ended December 31, 2013, 2012 and 2011 are as follows (in thousands):

Details about Accumulated OCL Components	Amount Reclassified from Accumulated OCL			Statement of Operations Line Item
	2013	2012	2011	
Activity related to cash flow hedges	\$ 18,014	\$ 21,265	\$ 58,329	Interest expense
Activity related to CTA	\$ —	\$ —	\$ (5,095)	Income from discontinued operations, net of tax

Derivative Instruments and Hedging Activities:

The Company recognizes all derivatives as either assets or liabilities on the balance sheet and measures those instruments at fair value. If certain conditions are met, a derivative may be specifically designated as (a) a hedge of the exposure to changes in the fair value of a recognized asset or liability or an unrecognized firm commitment, (b) a hedge of the exposure to variable cash flows of a forecasted transaction, or (c) a hedge of the foreign currency exposure of a net investment in a foreign-currency-denominated forecasted transaction. The accounting for changes in the fair value of a derivative depends on the intended use of the derivative and resulting designation.

Table of Contents

STRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

Fair Value of Financial and Nonfinancial Instruments:

Fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, a fair value hierarchy has been established that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access. Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs may include quoted prices for similar assets and liabilities in active markets, as well as inputs that are observable for the asset or liability (other than quoted prices), such as interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals. Level 3 inputs are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity. In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

Business Combinations:

The Company recognizes identifiable assets acquired, liabilities assumed, non-controlling interests and contingent liabilities assumed in a business combination at their fair values at the acquisition date based on the exit price (the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date). Furthermore, acquisition-related costs, such as due diligence, legal and accounting fees, are not capitalized or applied in determining the fair value of the acquired assets. In certain situations, a deferred tax liability is created due to the difference between the fair value and the tax basis of the asset at the acquisition date, which also may result in a goodwill asset being recorded. The goodwill that is recorded as a result of this difference is not subject to amortization.

New Accounting Guidance:

In December 2011, the Financial Accounting Standards Board (FASB) clarified that when a parent (reporting entity) ceases to have a controlling financial interest in a subsidiary that is in substance real estate as a result of a default on the subsidiary's nonrecourse debt, the reporting entity should apply the guidance on sales of real estate. The provisions are effective for public companies for fiscal years and interim periods within those years, beginning on or after June 15, 2012. The Company adopted the new guidance on January 1, 2013 and the guidance did not have a material impact on the Company's consolidated financial statements.

In February 2013, the FASB issued new guidance to require an entity to present, either on the face of the statement where net income is presented or in the notes, significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income if the amount is reclassified to net income in its entirety in the same reporting period. For other amounts not required to be reclassified in their entirety to net income in the same reporting period, a cross-reference to other disclosures that provide additional detail about the reclassification amounts is required. The provisions are effective for reporting periods beginning after December 15, 2012. The Company adopted this new guidance on January 1, 2013 and complied with the expanded disclosure requirements, as applicable.

Less accumulated depreciation	(760,972) (727,127
Total investment in hotel properties, net	\$ 1,795,338	\$ 1,970,560
Consolidated hotel properties	14	15

Acquisition of Hotels

On September 14, 2012, the Company closed on the acquisition of the JW Marriott Essex House Hotel located in New York, New York for a purchase price, net of working capital proration, of approximately \$350,333,000. In connection with the closing of the acquisition, the Company formed a joint venture arrangement with affiliates of KSL Capital Partners, LLC (KSL) (Essex House Hotel Venture) to fund the equity portion of the purchase price. The Company contributed cash of \$89,147,000 to acquire a 51.0% controlling interest in the Essex House Hotel Venture, and KSL contributed cash of \$85,651,000 to acquire a 49.0% interest. The Essex House Hotel Venture secured a \$190,000,000 first mortgage to fund the remaining balance of the purchase price (see note 10). The Essex House Hotel Venture is a variable interest entity that the Company has consolidated because it determined that it is the primary beneficiary (see note 6). At the time of the acquisition, the Company recorded \$85,651,000 as noncontrolling interests in consolidated affiliates on the balance sheet, which reflected KSL's initial equity interest in the Essex House Hotel Venture.

The acquisition of the JW Marriott Essex House Hotel is consistent with the Company's strategy of focusing on the acquisition of upper upscale and luxury hotels in select urban and resort markets with strong growth characteristics and high barriers to entry where it believes there are opportunities to add value. The Essex House Hotel Venture incurred acquisition costs of \$3,208,000 for the year ended December 31, 2012, that are included in corporate expenses on the statement of operations. The JW Marriott Essex House Hotel was accounted for as a business combination, and the assets and liabilities and results of operations of the hotel have been consolidated in the consolidated financial statements since the date of purchase.

On March 11, 2011, the Company acquired the Four Seasons Silicon Valley and Four Seasons Jackson Hole hotels in exchange for an aggregate of 15,200,000 shares of SHR's common stock at a price of \$6.08 per share based on the March 11, 2011 SHR common stock closing price, or approximately \$92,416,000.

Table of ContentsSTRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

The allocation of the purchase price for the acquisition of the JW Marriott Essex House Hotel, the Four Seasons Silicon Valley hotel and the Four Seasons Jackson Hole hotel is as follows (in thousands):

	JW Marriott Essex House	Four Seasons Silicon Valley	Four Seasons Jackson Hole	
Land	\$230,951	\$5,518	\$19,669	
Buildings	88,470	27,269	33,450

	\$350,333	\$36,480	\$55,936	

The impact to revenues and net loss attributable to SHR common shareholders from the acquisition of the JW Marriott Essex House Hotel since acquisition for the year ended December 31, 2012 is as follows (in thousands):

	2012	
Increase in revenues	\$28,463	
Increase in net loss attributable to SHR common shareholders	\$(1,502)

The acquisition of the JW Marriott Essex House Hotel had a material effect on the Company's results of operations. On an unaudited pro forma basis, revenues, net loss attributable to SHR common shareholders and basic and diluted loss attributable to SHR common shareholders per share for the years ended December 31, 2012 and 2011 are as follows as if this acquisition had occurred on January 1, 2011 (in thousands):

	2012	2011	
Total revenue	\$829,018	\$813,710	
Net loss	\$(78,511) \$(25,869)
Preferred shareholder dividends	\$(24,166) \$(18,482)
Net loss attributable to SHR common shareholders	\$(89,716) \$(34,310)
Net loss attributable to SHR common shareholders per share:			
Basic	\$(0.45) \$(0.19)
Diluted	\$(0.47) \$(0.19)

4. IMPAIRMENT LOSSES AND OTHER CHARGES**Goodwill Impairment Losses**

The Company performed its annual impairment test of goodwill and did not record any goodwill impairment losses for the years ended December 31, 2013, 2012, and 2011. However, if deterioration in economic and market conditions occurs, it may present a potential for impairment charges of the Company's goodwill subsequent to December 31, 2013. Any such adjustments could be material, but will be non-cash.

Long-Lived Asset and Intangible Asset Impairment Losses

In January 2012, the Company acquired, at a discount to par value, a note receivable secured by a property adjacent to the Fairmont Chicago hotel for \$10,507,000. In the third quarter of 2013, the Company completed foreclosure proceedings and obtained title to the asset. Upon taking title of the asset, the Company assumed certain liabilities that increased the total consideration exchanged for the asset, which increased the Company's basis in the asset. After taking title to the asset, the Company elected to sell the asset. Based on the change in the anticipated holding period for this asset, the Company performed an impairment test of the long-lived assets during the third quarter of 2013. The Company determined that the asset's carrying

Table of ContentsSTRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

value exceeded the asset's fair value of \$10,500,000, with the fair value determined based on the transaction price offered by a third party buyer (Level 2 input), which the Company considered to be an offer in an orderly transaction in the principal market. As a result of this test, the Company reduced the carrying value of the asset to its fair value and recorded an impairment charge of \$728,000 in the consolidated statement of operations for the year ended December 31, 2013. In October 2013, the Company sold the property to an unaffiliated third party for \$10,500,000. The Company determined that there were no other impairment charges for the year ended December 31, 2013. However, if deterioration in economic and market conditions occurs, it may present a potential for additional impairment charges on the Company's hotel properties subsequent to December 31, 2013. Any adjustment could be material, but will be non-cash.

The Company performed an impairment test of the long-lived assets related to a Mexico development site during the fourth quarter of 2012 as a result of a change in the anticipated holding period for this land. The Company determined that the land's carrying value exceeded the fair value, with fair value determined based on an estimated future discounted cash flow analysis (Level 3 inputs). In the analysis of fair value, the Company considered an external independent valuation, which used a discounted cash flow analysis taking into account the expected cash flows, the anticipated holding period and proceeds from disposing the property. The factors addressed in determining estimated proceeds from disposition include anticipated operating cash flows in the year of disposition and terminal capitalization rates. The analysis assumed a 9% terminal capitalization rate and a 17% discounted cash flow rate over a term of nine years. As a result of this test, the Company reduced the carrying value of the land by \$25,089,000 to its fair value. The Company had an obligation related to this Mexican development site (see note 7). As a result of the reduction of the carrying value of the land parcel, the Company reduced its obligation by \$10,450,000 and recorded an impairment charge of \$14,639,000 in the consolidated statement of operations for the year ended December 31, 2012. The Company determined that there were no indicators of impairment of investments in hotel properties or intangible assets for the year ended December 31, 2011.

Investments in Unconsolidated Affiliates Impairment Losses

The Company determined that there was no other-than-temporary impairment of investments in unconsolidated affiliates for the years ended December 31, 2013, 2012 and 2011. However, if deterioration in economic and market conditions occurs, it may present a potential for additional impairment charges on the Company's investments in unconsolidated affiliates subsequent to December 31, 2013. Any adjustments could be material, but will be non-cash.

Fair Value of Assets Measured on a Nonrecurring Basis

The following table presents information related to assets that were measured at fair value on a nonrecurring basis. For the year ended December 31, 2012 (in thousands):

Description	Fair Value Measurements Using Significant Unobservable Inputs (Level 3)	Total Losses
Long-lived assets	\$26,100	\$(25,089)
Other Charges		

The Company recorded a charge of approximately \$4,204,000 in continuing and discontinued operations to write off costs related to capital projects that management decided to abandon during the year ended December 31, 2012. There were no other charges recorded during the years ended December 31, 2013 and 2011.

Table of ContentsSTRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

5. DISCONTINUED OPERATIONS

The results of operations of hotels sold or assets held for sale are classified as discontinued operations and segregated in the consolidated statements of operations for all periods presented. The following is a summary of income from discontinued operations for the years ended December 31, 2013, 2012 and 2011 (in thousands):

	2013	2012	2011
Hotel operating revenues	\$37,964	\$33,100	\$43,535
Operating costs and expenses	30,203	26,909	36,691
Depreciation and amortization	4,075	4,006	5,367
Impairment losses and other charges	—	437	—
Total operating costs and expenses	34,278	31,352	42,058
Operating income	3,686	1,748	1,477
Interest income	—	4	1
Foreign currency exchange loss	(1) (352) (772
Other income, net	375	—	326
Income tax expense	(889) (211) (693
Gain on sale, net of tax	—	—	101,287
Income from discontinued operations	\$3,171	\$1,189	\$101,626

Assets Sold:

During the three years ended December 31, 2013, the Company sold the following hotel:

Hotel	Location	Date Sold	Net Sales Proceeds
Paris Marriott Champs Elysees (Paris Marriott)	Paris, France	April 6, 2011	\$60,003,000

Paris Marriott

On April 6, 2011, the Company sold its leasehold interest in the Paris Marriott hotel for consideration of €29,200,000 (\$41,567,000). As part of the transaction, the Company received an additional €13,500,000 (\$18,901,000) related to the release of the security deposit and other closing adjustments, of which €1,600,000 (\$1,991,000) was received in the second quarter of 2012. The Company recorded a gain on sale of the property, net of tax, of \$101,267,000 for the year ended December 31, 2011 primarily due to the recognition of an existing deferred gain resulting from a sale-leaseback transaction related to this hotel (see note 9).

Assets Held for Sale:

Four Seasons Punta Mita Resort

On December 12, 2013, the Company entered into an agreement with affiliates of Cascade Investment, L.L.C. to sell the Four Seasons Punta Mita Resort and the adjacent La Solana land parcel for \$200,000,000. The transaction, which is subject to certain closing conditions and regulatory approval, is expected to close in the first quarter of 2014.

Table of ContentsSTRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

The hotel's assets and liabilities have been classified as held for sale on the accompanying consolidated balance sheet as of December 31, 2013. The significant components of assets held for sale and liabilities of assets held for sale at December 31, 2013 consist of the following (in thousands):

Investment in hotel properties, net	\$ 114,754
Goodwill	2,231
Cash	8,903
Restricted cash	32
Accounts receivable, net of allowance for doubtful accounts	5,522
Deferred tax assets	3,146
Prepaid expenses and other assets	1,313
Assets held for sale	\$ 135,901
Accounts payable and accrued expenses	\$ 15,830
Deferred tax liabilities	1,197
Liabilities of assets held for sale	\$ 17,027

6. VARIABLE INTEREST ENTITY

On September 14, 2012, the Company and its partner, KSL, formed the Essex House Hotel Venture to acquire, own, manage, and operate the JW Marriott Essex House Hotel (see note 3). The Company contributed cash of \$89,147,000 to acquire a 51% equity interest in the Essex House Hotel Venture, and KSL contributed cash of \$85,651,000 to acquire a 49% equity interest. Pursuant to the terms of the joint venture agreements establishing the Essex House Hotel Venture, at any time prior to the third anniversary of the formation of the Essex House Hotel Venture, KSL shall have the right to sell its equity interest in the Essex House Hotel Venture to the Company in exchange for shares of SHR's common stock, as set forth in the joint venture agreements, at a purchase price equal to KSL's net investment plus 8.0% compounded annually (the Put Option). For purposes of paying the purchase price, SHR's common stock shall be valued at the greater of (i) \$7.50 per share and (ii) the 20-day volume-weighted average price per share of SHR's common stock as of the date KSL exercises the Put Option. The Essex House Hotel Venture is jointly controlled; however, it is considered a variable interest entity because the Company determined that it is the only holder of equity at risk due to the Put Option. The Company also determined that it is the primary beneficiary of the Essex House Hotel Venture due to the Put Option, which impacts the Company's power to direct the activities that most significantly impact the economic performance of the entity, as well as its obligation to absorb the losses and its right to receive benefits from the entity that could potentially be significant to the entity. As such, the transactions and accounts of the Essex House Hotel Venture are included in the accompanying consolidated financial statements.

Other than in connection with a customary environmental indemnity and non-recourse carve-out guaranty in favor of the lender, the liabilities of the Essex House Hotel Venture are solely the obligations of the Essex House Hotel Venture and are not guaranteed by the Company. The debt is secured by the JW Marriott Essex House Hotel, and the creditors of the Essex House Hotel Venture do not have general recourse to the Company. The use of certain assets of the Essex House Hotel Venture is restricted because they are collateral for the Essex House Hotel Venture's debt, and the Company does not have the ability to leverage the assets.

The Company and KSL are subject to the terms of the joint venture agreements, which include provisions for additional contributions. For the year ended December 31, 2013, the Company and KSL provided additional contributions of \$3,268,000 and \$3,140,000, respectively, to the Essex House Hotel Venture for property improvements. For the year ended December 31, 2012, the Company and KSL provided additional contributions of \$1,530,000 and \$1,470,000, respectively, to the Essex House Hotel Venture for property improvements and closing costs related to the acquisition of the hotel.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

7. INVESTMENT IN UNCONSOLIDATED AFFILIATES

Investment in unconsolidated affiliates as of December 31, 2013 and 2012 includes the following (in thousands):

	2013	2012
Fairmont Scottsdale Princess Venture	\$26,816	\$25,225
Hotel del Coronado Venture	54,902	83,320
RCPM	3,855	3,943
Lot H5 Venture	19,400	—
Total investment in unconsolidated affiliates	\$104,973	\$112,488

Fairmont Scottsdale Princess Venture

The Company obtained 50% ownership interests in the entities that own the Fairmont Scottsdale Princess hotel, FMT Scottsdale Holdings, L.L.C. and Walton/SHR FPH Holdings, L.L.C. (together, the Fairmont Scottsdale Princess Venture) through a recapitalization that closed on June 9, 2011. The Company jointly controls the venture with an unaffiliated third party, an affiliate of Walton Street Capital, L.L.C. (Walton Street) and serves as the managing member. The Company acts as asset manager and is entitled to earn a quarterly base management fee equal to 1.0% of total revenues during years one and two following the formation of the Fairmont Scottsdale Princess Venture, 1.25% during years three and four, and 1.5% thereafter, as well as certain project management fees. For the years ended December 31, 2013, 2012 and 2011, the Company recognized fees of \$594,000, \$662,000 and \$215,000, respectively, which are included in other (expenses) income, net on the consolidated statements of operations. In connection with the Fairmont Scottsdale Princess Venture, the Company is entitled to certain promote payments after Walton Street achieves a specified return.

The Fairmont Scottsdale Princess Venture had a \$133,000,000 mortgage loan that was scheduled to mature on December 31, 2013 with an option for an extension through April 9, 2015, subject to certain conditions. On December 20, 2013, the Fairmont Scottsdale Princess Venture entered into an amendment to the mortgage loan. The amendment extended the maturity date of the loan to April 9, 2015 and reduced the principal amount of the loan to \$117,000,000. Interest is payable monthly at the London Interbank Offered Rate (LIBOR) plus 0.36%.

Hotel del Coronado Venture

The entity that owns the Hotel del Coronado, BSK Del Partners, L.P. (the Hotel del Coronado Venture), was formed through a recapitalization transaction that closed on February 4, 2011. An affiliate of Blackstone Real Estate Advisors VI L.P. (Blackstone), an unaffiliated third party, obtained a 60% ownership interest in the Hotel del Coronado Venture and is the general partner. SHC KSL Partners, L.P., a consolidated affiliate of the Company, obtained a 40% ownership interest and is the limited partner. The Company owned an 85.8% interest in SHC KSL Partners, L.P., giving it an indirect 34.3% interest in the Hotel del Coronado Venture. The remaining interest in SHC KSL Partners, L.P. was owned by KSL, an unaffiliated third party, which also served as the hotel manager. On December 17, 2012, the Company and Blackstone bought out KSL's equity position in the SHC KSL Partners, L.P., changing the name to SHR del Partners, L.P., increasing the Company's ownership interest to 36.4% and Blackstone's ownership interest to 63.6%. The existing management agreement with KSL was also terminated; however, KSL continued to manage the hotel under a short-term, cancelable management agreement. The Company paid \$11,976,000 for its share of the buy-out transaction and management agreement termination and recognized a loss of \$8,600,000 in equity in earnings (losses) of unconsolidated affiliates on the consolidated statement of operations during the fourth quarter of 2012 related to SHR del Partners L.P.'s share of the management agreement termination fee. On August 1, 2013, the Hotel del Coronado Venture entered into a new five-year management agreement with KSL. The agreement matures on July 31, 2018 with one five-year extension option.

The Company acts as asset manager and is entitled to earn a quarterly asset management fee equal to 1.0% of gross revenue, certain development fees, and if applicable, an incentive fee equal to one-third of the incentive fee paid to the hotel operator under the hotel management agreement. Through its ownership interest in SHR del Partners, L.P., the Company can also earn its share of a profit-based incentive fee of 20.0% of all distributions of the Hotel del Coronado Venture that exceed both a 20.0% internal rate of return and two times return on invested equity. For the years ended

December 31, 2013, 2012 and 2011, the Company recognized fees of \$903,000, \$856,000 and \$1,970,000, respectively, which are included in other (expenses) income, net on the consolidated statements of operations.

Table of ContentsSTRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

The Hotel del Coronado Venture had \$425,000,000 of mortgage and mezzanine loans that had an initial maturity of March 9, 2013 with three, one-year extension options, subject to certain conditions. Interest was payable at a weighted average rate of LIBOR plus 4.80%, subject to a 1.00% LIBOR floor. Additionally, the Hotel del Coronado Venture purchased a two-year, 2.00% LIBOR cap, which was required by the loan.

In March 2013, the Hotel del Coronado Venture entered into new \$475,000,000 mortgage and mezzanine loans that replaced the previous \$425,000,000 mortgage and mezzanine loans. The \$475,000,000 loans have an initial two-year term with three, one-year extension options, subject to certain conditions. Interest is payable monthly at an annual blended interest rate of LIBOR plus 3.65%. Additionally, the Hotel del Coronado Venture purchased a two-year, 3.0% LIBOR cap, which was required by the loans.

During the year ended December 31, 2013, the Company received distributions of \$23,244,000 from the Hotel del Coronado Venture, which includes the distribution of excess proceeds from the newly refinanced mortgage and mezzanine loans.

RCPM

The Company owns a 31% interest in, and acts as asset manager for, an unconsolidated affiliate, formed with two unaffiliated parties, that developed the Four Seasons RCPM, a luxury vacation home product sold in fractional and whole ownership interests on the property adjacent to the Company's Four Seasons Punta Mita Resort in Mexico. The Company earns asset management fees and recognizes income, on the percentage not owned by the Company. These fees amounted to \$291,000, \$117,000, and \$40,000 for the years ended December 31, 2013, 2012 and 2011, respectively, and are included in other (expenses) income, net in the consolidated statements of operations.

Lot H5 Venture

In October 2007, the Company acquired an undeveloped, oceanfront land parcel in Punta Mita, Nayarit, Mexico, known as the Lot H5 land parcel. The Company paid cash and executed two \$17,500,000 non-interest bearing promissory notes payable to the seller, Cantiles de Mita, S.A. de C.V. (Cantiles), an unaffiliated third party. On September 30, 2008, the Company paid the first of the \$17,500,000 non-interest bearing promissory notes. In August 2009, the Company entered into an agreement with Cantiles, whereby the Company was released from its obligation under the second \$17,500,000 note in exchange for the Company granting Cantiles a right to an equity interest in the Lot H5 land parcel (Original Lot H5 Venture Agreement). The exchange was subject to Cantiles obtaining certain permits and licenses to develop the Lot H5 land parcel and the execution of an amended venture agreement. Until the conditions of the Original Lot H5 Venture Agreement were satisfied, the Company held 100% legal title to the property and accounted for the Lot H5 land parcel as a consolidated property, which was recorded in investment in hotel properties, net on the Company's condensed consolidated balance sheet. The Company's obligation to grant Cantiles an equity interest in the Lot H5 land parcel was recorded as a liability in accounts payable and accrued expenses on the Company's condensed consolidated balance sheet.

On June 14, 2013, subsequent to Cantiles obtaining the required permits and licenses to develop the Lot H5 land parcel, the Company and Cantiles entered into an amended and restated venture agreement, forming the Lot H5 Venture. The Company has a preferred position in the Lot H5 Venture that entitles it to receive the first \$12,000,000 of distributions generated from the Lot H5 land parcel with any excess distributions split equally between the Company and Cantiles. The Company jointly controls the Lot H5 Venture with Cantiles and accounts for its interest in the Lot H5 Venture as an equity method investment. The Company deconsolidated the land and recorded its share of the fair value of the land, net of the obligation to provide Cantiles with an equity interest in the Lot H5 land parcel, as an investment in unconsolidated affiliates on the condensed consolidated balance sheet. The Company did not recognize a gain or loss because the carrying value of the land was recorded at its fair value. The carrying value of the land was adjusted to fair value in the fourth quarter of 2012 based on the results of an impairment test performed during that period.

To the extent that the Company's cost basis is different than the basis reflected at the unconsolidated affiliate level, the basis difference, excluding amounts attributable to land and goodwill, is amortized over the life of the related asset and included in the Company's share of equity in earnings (losses) of the unconsolidated affiliates.

Table of Contents

STRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

8. MANAGEMENT AGREEMENTS

Most of the Company's hotels are subject to management agreements that the Company assumed upon acquisition of the hotels. These agreements generally provide for the payment of base management fees of 1.50% to 4.0% of revenues (as defined in the agreements). In addition, an incentive fee may be paid if certain criteria are met. The terms of these agreements generally require management of the hotels to furnish the hotels with certain services, which include on-site management and may include central training, advertising and promotion, national reservation system, payroll and accounting services, and such additional services as needed. At December 31, 2013, the remaining life on the initial terms (not including renewal options) of these management agreements, excluding the leasehold interest in the Marriott Hamburg and unconsolidated affiliates, range from four to 29 years and average 13 years.

JW Marriott Essex House Hotel Performance Guarantee

In connection with the acquisition of the JW Marriott Essex House Hotel in September 2012, the Essex House Hotel Venture entered into a management agreement with an affiliate of Marriott International, Inc. (Marriott). In connection with the management agreement, Marriott provided the Essex House Hotel Venture with a limited performance guarantee that will ensure, subject to certain limitations, a target level of net operating profit. Guarantee payments are calculated and paid to the Essex House Hotel Venture on a monthly basis based on the cumulative year-to-date results with a final true-up at the end of each year. The maximum guarantee that could be paid to the Essex House Hotel Venture during the guarantee period is \$40,000,000. The guarantee period began on September 17, 2012 and will continue through the earlier of a) December 31, 2020, b) the date at which the maximum guarantee has been funded, or c) the termination of the management agreement. For the years ended December 31, 2013 and 2012, the Essex House Hotel Venture earned \$12,774,000 and \$1,405,000, respectively, related to the performance guarantee, which is recorded in other hotel operating revenue in the consolidated statements of operations.

Asset Management Agreements

The Company has entered into asset management agreements with unaffiliated third parties to provide asset management services to four hotels not owned by the Company. On March 11, 2011, the Company purchased two of these hotels (see note 3) and terminated the respective asset management agreements. Under the remaining agreements, the Company earns base management fees and has the potential to earn additional incentive fees. For the years ended December 31, 2013, 2012 and 2011, the Company earned \$400,000, \$400,000 and \$400,000, respectively, in fees under these agreements, which are included in other income, net in the consolidated statements of operations.

9. OPERATING LEASE AGREEMENTS

In February 2013, the Company amended the ground lease agreement at the Marriott Lincolnshire Resort. The amendment extended the term of the lease through December 31, 2112 and changed the annual rent payments to a fixed amount, subject to indexation.

In June 2004, the Company recorded a sale of the Marriott Hamburg, and the Company's leaseback of the hotel was reflected as an operating lease. A deferred gain was recorded in conjunction with the sale and is being recognized as a reduction of lease expense over the life of the lease. The Company recognized \$207,000, \$200,000, and \$217,000 of the deferred gain for the years ended December 31, 2013, 2012, and 2011, respectively. As of December 31, 2013 and 2012, the deferred gain on the sale of the Marriott Hamburg recorded in accounts payable and accrued expenses on the accompanying consolidated balance sheets amounted to \$3,385,000 and \$3,497,000, respectively. On a monthly basis, the Company makes minimum rent payments aggregating to an annual total of €3,784,000 (adjusting by an index formula) (\$5,200,000 based on the foreign exchange rate as of December 31, 2013) and pays additional rent based upon the performance of the hotel, which are recorded as lease expense in the Company's consolidated statements of operations. A euro-denominated security deposit at December 31, 2013 and 2012 was \$2,611,000 and \$2,507,000, respectively, and is included in prepaid expenses and other assets on the Company's consolidated balance sheets. The Company subleases its interest in the Marriott Hamburg to a third party. The Company has reflected the sublease arrangement as an operating lease and records lease revenue.

In June 2004, the Company recorded a sale of the Paris Marriott hotel, and the Company's leaseback of the hotel was reflected as an operating lease. A deferred gain was recorded in conjunction with the sale and was being recognized as a reduction of lease expense over the life of the lease. On April 6, 2011, the Company sold its leasehold interest in the Paris Marriott hotel (see note 5). The results of operations have been classified as discontinued operations in the consolidated

83

Table of ContentsSTRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

statements of operations for all periods presented. Prior to the sale of the leasehold interest, the Company recognized \$1,214,000 as amortization of the deferred gain in income from discontinued operations as a reduction to lease expense for the year ended December 31, 2011. When the sale of the leasehold interest closed, the remaining unamortized deferred gain was recognized as a gain on sale of the Paris Marriott hotel in income from discontinued operations. On a monthly basis, the Company made minimum rent payments and paid additional rent based upon the performance of the hotel, which were included in income from discontinued operations, in the Company's consolidated statements of operations.

Lease payments related to office space are included in corporate expenses on the consolidated statements of operations and lease payments related to hotel ground leases are included in other hotel expenses on the consolidated statements of operations.

For the years ended December 31, 2013, 2012 and 2011, the Company recorded rental expense under non-cancelable operating leases related to office space, hotel ground leases, and building leases of \$6,777,000, \$6,489,000 and \$6,812,000, respectively, in the consolidated statements of operations. Rental expense includes percentage rent of \$108,000, \$1,209,000, and \$1,237,000 for the years ended December 31, 2013, 2012 and 2011, respectively.

Minimum future rental payments due under non-cancelable operating leases, related to office space, hotel ground leases, and building leases having remaining terms in excess of one year as of December 31, 2013 are as follows (in thousands):

Years Ending December 31,	
2014	\$7,088
2015	7,104
2016	7,119
2017	6,977
2018	6,516
Thereafter	179,871
	\$214,675

10. INDEBTEDNESS

Mortgages and Other Debt Payable:

Certain subsidiaries of SHR are the borrowers under various financing arrangements. These subsidiaries are separate legal entities and their respective assets and credit are not available to satisfy the debt of SHR or any of its other subsidiaries.

Mortgages and other debt payable at December 31, 2013 and 2012 consisted of the following (in thousands):

Debt	Spread (a)	Maturity	Balance Outstanding at	
			December 31, 2013	2012
Four Seasons Washington, D.C.(b)	3.15%	July 2014	\$130,000	\$130,000
Marriott London Grosvenor Square(c)	3.75%	October 2014	115,958	115,468
Loews Santa Monica Beach Hotel(b)	3.85%	July 2015	109,000	110,000

Table of Contents

STRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

(a) Interest on mortgage loans is paid monthly at the applicable spread over LIBOR (0.17% at December 31, 2013) for all variable-rate mortgage loans except for those secured by the Marriott London Grosvenor Square hotel (£70,040,000 and £71,070,000 at December 31, 2013 and 2012, respectively), the JW Marriott Essex House Hotel and the Hyatt Regency La Jolla hotel (see (e) below). Interest on the Marriott London Grosvenor Square loan is paid quarterly at the applicable spread over three-month GBP LIBOR (0.53% at December 31, 2013) and interest on the JW Marriott Essex House Hotel is subject to a 0.75% LIBOR floor. Interest on the Fairmont Chicago and Westin St. Francis loans is paid monthly at an annual fixed rate of 6.09%, and interest on the InterContinental Chicago loan is paid monthly at an annual fixed rate of 5.61%.

The mortgage loan secured by the Four Seasons Washington, D.C. hotel has two, one-year extension options; the mortgage loan secured by the Loews Santa Monica Beach Hotel has three, one-year extension options; the (b) mortgage loan secured by the JW Marriott Essex House Hotel has two, one-year extension options; and the mortgage loan secured by the InterContinental Miami hotel has two, one-year extension options. All of the extension options are subject to certain conditions. The maturity dates in the table exclude extension options.

On August 7, 2013, the Company entered into an amendment to the mortgage loan. The amendment extended the maturity of the loan to October 2014 and waived the July 2013 and subsequent principal payments through the (c) extended term. Pursuant to the amendment, the spread over GBP LIBOR increases in steps during the extension period from GBP LIBOR plus 2.10% in August 2013 to GBP LIBOR plus 4.25% in April 2014. The spread in the table is the spread as of December 31, 2013.

On September 9, 2013, the Company amended the mortgage agreements secured by the Fairmont Chicago and (d) Westin St. Francis hotels. The amendment eliminates future principal amortization payments subject to meeting certain financial and other requirements.

Interest on \$72,000,000 of the total principal amount is paid monthly at LIBOR plus 4.00%, subject to a 0.50% (e) LIBOR floor, and interest on \$17,312,000 of the total principal amount is paid monthly at an annual fixed rate of 10.00%.

(f) All of these loan agreements require maintenance of financial covenants, all of which the Company was in compliance with at December 31, 2013.

A consolidated affiliate of the Company that owns a condominium-hotel development adjacent to the Hotel del Coronado (North Beach Venture) assumed the mortgage loan on a hotel-condominium unit, which accrues interest (g) at an annual fixed rate of 5.00% and is secured by the hotel-condominium unit. The hotel-condominium unit, with a carrying value of \$1,594,000 is included in prepaid expenses and other assets on the consolidated balance sheets as of December 31, 2013 and 2012. On January 1, 2014, the North Beach Venture extended the maturity date of the loan from January 1, 2014 to January 1, 2015.

Bank Credit Facility:

On June 30, 2011, SH Funding entered into a \$300,000,000 secured bank credit facility agreement. The agreement contains an accordion feature allowing for additional borrowing capacity up to \$400,000,000, subject to the satisfaction of customary conditions set forth in the agreement. The following summarizes key terms of the bank credit facility:

interest on the facility is payable monthly at LIBOR plus an applicable margin in the case of each LIBOR loan or base-rate plus an applicable margin in the case of each base rate loan whereby the applicable margins are dependent on the ratio of consolidated debt to gross asset value;

an unused commitment fee is payable monthly based on the unused revolver balance;

maturity date of June 30, 2014, with the right to extend the maturity date for an additional one-year period, subject to conditions, which the Company expects to meet, that include the Company not being in default under the provisions of the agreement and paying an extension fee;

lenders received collateral in the form of mortgages over four borrowing base properties, which currently include the Ritz-Carlton Laguna Niguel hotel, the Ritz-Carlton Half Moon Bay hotel, the Four Seasons Punta Mita Resort, and the Marriott Lincolnshire Resort, in addition to pledges of the Company's interest in SH Funding and SH

Table of Contents

STRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

Funding's interest in certain subsidiaries and guarantees of the loan from the Company and certain of its subsidiaries; maximum availability is determined by the lesser of an advance rate against the appraised value of the borrowing base properties or a debt service coverage ratio on the borrowing base properties, as set forth in the agreement; minimum corporate fixed charge coverage of 1.10 times through 2013, 1.20 times from the first quarter of 2014 through the initial maturity date, and 1.30 times during the extension year, which will permanently increase to 1.35 times if cash dividends are reinstated on SHR's common stock; maximum corporate leverage of 65% during the initial term and 60% during any extension period; minimum tangible net worth of \$700,000,000, excluding goodwill and currency translation adjustments, plus an amount equal to 75% of the net proceeds of any new issuances of SHR's common stock, which is not used to reduce indebtedness or used in a transaction or series of transactions to redeem outstanding capital stock; restrictions on SHR and SH Funding's ability to pay dividends. Such restrictions include: prohibitions on SHR and SH Funding's ability to pay any dividends unless certain ratios and other conditions are met; and prohibitions on SHR and SH Funding's ability to issue dividends in cash or in kind at any time an event of default shall have occurred.

Notwithstanding the dividend restrictions described above, for so long as the Company qualifies, or has taken all other actions necessary to qualify as a REIT, SH Funding may authorize, declare, and pay quarterly cash dividends to the Company when and to the extent necessary for the Company to distribute cash dividends to its shareholders generally in an aggregate amount not to exceed the minimum amount necessary for the Company to maintain its tax status as a REIT, unless certain events of default exist. In addition, provided no event of default exists, dividends on preferred stock that accrue with regard to the current fiscal quarter may be paid to holders of preferred stock.

The agreement contains certain other terms and conditions including provisions to release assets from the borrowing base and limitations on the Company's ability to incur costs for discretionary capital programs and to redeem, retire or repurchase common stock. Under the agreement, SH Funding has a letter of credit sub-facility of \$75,000,000, which is secured by the \$300,000,000 bank credit facility. Letters of credit reduce the borrowing capacity under the bank credit facility.

This agreement replaced the Company's previous \$350,000,000 bank credit facility, as amended. The Company recorded a loss on early extinguishment of debt of \$692,000 for the year ended December 31, 2011, which included the write off of unamortized deferred financing costs and other closing costs applicable to the \$350,000,000 bank credit facility. The previous bank credit facility had a maturity date of March 9, 2012 and an interest rate of LIBOR plus a margin of 3.75% in the case of each LIBOR loan and base-rate plus a margin of 2.75% in the case of each base rate loan and a commitment fee of 0.50% per annum based on the unused revolver balance.

The interest rate at December 31, 2013 was 3.17% and the weighted average interest rate for the year ended December 31, 2013 was 3.19%. At December 31, 2013, maximum availability under the bank credit facility was \$300,000,000 and there was \$110,000,000 of borrowings outstanding under the bank credit facility and outstanding letters of credit of \$9,906,000 (see note 17). The agreement also requires maintenance of financial covenants, all of which SH Funding and SHR were in compliance with at December 31, 2013.

Table of ContentsSTRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

Debt Maturity:

The following table summarizes the aggregate maturities (assuming all extension options exercised) as of December 31, 2013 for all mortgages and other debt payable and the Company's bank credit facility (in thousands):

Years Ending December 31,	
2014	\$ 121,682
2015	116,029
2016	139,783
2017	577,043
2018	185,015
Thereafter	134,144
Total	\$ 1,273,696

Interest Expense:

Total interest expense in continuing and discontinued operations includes a reduction related to capitalized interest for the years ended December 31, 2013, 2012 and 2011 of \$1,021,000, \$1,534,000, and \$1,083,000, respectively. Total interest expense in continuing and discontinued operations includes amortization of deferred financing costs of \$5,251,000, \$3,993,000, and \$3,721,000 for the years ended December 31, 2013, 2012 and 2011, respectively.

11. EQUITY AND DISTRIBUTION ACTIVITY

Common Shares:

The following table presents the changes in the issued and outstanding shares of SHR common stock since January 1, 2011 (excluding 797,238 units, 853,461 units, and 853,461 units of SH Funding (OP Units) outstanding at December 31, 2013, 2012, and 2011, respectively, which are redeemable for shares of SHR common stock on a one-for-one basis, or the cash equivalent thereof, subject to certain restrictions and at the option of SHR) (in thousands):

Outstanding at January 1, 2011	151,305
RSUs redeemed for shares of SHR common stock	222
OP Units redeemed for shares of SHR common stock	101
Common stock issued	33,999
Outstanding at December 31, 2011	185,627
RSUs redeemed for shares of SHR common stock	282
Common stock issued	18,400
Outstanding at December 31, 2012	204,309
RSUs and Deferral Program Stock Units redeemed for shares of SHR common stock	1,218
OP Units redeemed for shares of SHR common stock	56
Outstanding at December 31, 2013	205,583

Common Stock

In April 2012, SHR completed a public offering of common stock by issuing 18,400,000 shares at a public offering price of \$6.50 per share. After underwriting discounts and commissions and transaction expenses, SHR raised net proceeds of approximately \$114,062,000. These proceeds were used for general corporate purposes, including, without limitation, reducing the Company's borrowings under its secured bank credit facility, funding the payment of accrued and unpaid preferred dividends, repaying other debt and funding capital expenditures and working capital. In connection with this offering, SHR's board of directors approved an increase in the number of shares of common stock that SHR is authorized to issue from 250,000,000 to 350,000,000, and SHR's charter was amended accordingly.

Table of ContentsSTRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

On June 24, 2011, SHR issued an aggregate of 10,798,846 shares of its common stock in connection with the acquisition of interests in the InterContinental Chicago and Hyatt Regency La Jolla hotels at a price of \$6.51 per share (see Noncontrolling Interests below).

On March 11, 2011, SHR issued an aggregate of 15,200,000 shares of its common stock in connection with the acquisition of the Four Seasons Silicon Valley and Four Seasons Jackson Hole hotels (see note 3). In addition, SHR issued 8,000,000 shares of its common stock to an affiliate of the seller in a concurrent private placement at a price of \$6.25 per share. After expenses, net proceeds from the concurrent private placement totaled approximately \$49,239,000, which were used to repay existing indebtedness under the Company's previous \$350,000,000 bank credit facility, as amended.

As of December 31, 2013, no shares of SHR common stock have been repurchased under the \$50,000,000 share repurchase program.

Stockholder Rights Plan

On May 30, 2013, the Company entered into an amendment to terminate its stockholder rights plan effective as of such date.

Distributions to Shareholders and Unitholders

On November 4, 2008, SHR's board of directors elected to suspend the quarterly dividend to holders of shares of SHR common stock.

Preferred Stock:

SHR's charter provides that it may issue up to 150,000,000 shares of preferred stock, \$0.01 par value per share. SHR's 8.50% Series A Cumulative Redeemable Preferred Stock (Series A Preferred Stock), 8.25% Series B Cumulative Redeemable Preferred Stock (Series B Preferred Stock), and 8.25% Series C Cumulative Redeemable Preferred Stock (Series C Preferred Stock) have perpetual lives and SHR may redeem them at \$25.00 per share plus accrued distributions.

Preferred Stock Tender Offers

In December 2011, SHR purchased a portion of its outstanding preferred stock. The results of the tender offers are as follows:

	Number of Shares Validly Tendered and Accepted for Purchase	Purchase Price (Per Share)
Series A Preferred Stock	340,609	\$26.70
Series B Preferred Stock	984,625	\$26.50
Series C Preferred Stock	1,922,273	\$26.50

SHR paid the holders approximately \$86,127,000 in cash, which was without interest or accrued and unpaid dividends.

Distributions

Distributions are declared quarterly to holders of shares of SHR preferred stock. In February 2009, SHR's board of directors elected to suspend the quarterly dividend beginning with the first quarter of 2009 to holders of shares of SHR's Series A Preferred Stock, Series B Preferred Stock and Series C Preferred Stock. Dividends on the preferred stock are cumulative.

In connection with the preferred stock tender offers in the fourth quarter of 2011, SHR's board of directors authorized, and SHR declared, the payment of accrued and unpaid dividends on its stock through September 30, 2011, and dividends for the quarter ended December 31, 2011 (collectively, the Unpaid Dividends). The Unpaid Dividends were paid on June 29, 2012 to holders of record as of the close of business on June 15, 2012. In February 2012 and May 2012, SHR's board of directors authorized, and SHR declared, the payment of preferred dividends for the quarter ended March 31, 2012 and the quarter ended June 30, 2012, respectively. These dividends were also paid on June 29, 2012 to holders of record as of the close of business on June 15, 2012.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

On June 29, 2012, SHR paid dividends on its preferred stock as follows:

	Distribution (in thousands)	Per Share
Series A Preferred Stock	\$30,852	\$7.44
Series B Preferred Stock	\$26,099	\$7.22
Series C Preferred Stock	\$27,631	\$7.22

The Company paid the following dividends on preferred stock during the year ended December 31, 2013:

Security Type	Dividend Per Share	For the Quarter Ended	Record Date	Payable Date
Series A Preferred Stock	\$0.53125	March 31, 2013	March 18, 2013	April 1, 2013
Series B Preferred Stock	\$0.51563	March 31, 2013	March 18, 2013	April 1, 2013
Series C Preferred Stock	\$0.51563	March 31, 2013	March 18, 2013	April 1, 2013
Series A Preferred Stock	\$0.53125	June 30, 2013	June 14, 2013	July 1, 2013
Series B Preferred Stock	\$0.51563	June 30, 2013	June 14, 2013	July 1, 2013
Series C Preferred Stock	\$0.51563	June 30, 2013	June 14, 2013	July 1, 2013
Series A Preferred Stock	\$0.53125	September 30, 2013	September 13, 2013	September 30, 2013
Series B Preferred Stock	\$0.51563	September 30, 2013	September 13, 2013	September 30, 2013
Series C Preferred Stock	\$0.51563	September 30, 2013	September 13, 2013	September 30, 2013
Series A Preferred Stock	\$0.53125	December 31, 2013	December 16, 2013	December 31, 2013
Series B Preferred Stock	\$0.51563	December 31, 2013	December 16, 2013	December 31, 2013
Series C Preferred Stock	\$0.51563	December 31, 2013	December 16, 2013	December 31, 2013

Noncontrolling Interests:

Effective January 1, 2013, Blackstone no longer holds an ownership interest in SHR del Partners, L.P., a consolidated subsidiary of the Company. Blackstone's ownership interest was transferred to a separate entity that holds a direct interest in the Hotel del Coronado Venture. The Company owns 100% of SHR del Partners, L.P. and eliminated the noncontrolling interests related to this entity. The Company retained its 36.4% ownership interest in the Hotel del Coronado Venture, and Blackstone retained its 63.6% ownership interest.

On December 17, 2012, the Company increased its ownership interest in SHR del Partners, L.P., a consolidated affiliate that has a 40.0% ownership interest in the Hotel del Coronado, from 85.8% to 90.9% (see note 7).

On June 24, 2011, the Company acquired the 49.0% interest in the InterContinental Chicago hotel that was previously owned by DND Hotel JV Private Limited, an affiliate of the Government of Singapore Investment Corporation Pte Ltd., giving the Company 100% ownership of the InterContinental Chicago hotel. As part of the transaction, the Company also acquired an additional 2.5% ownership interest in the Hyatt Regency La Jolla hotel, giving the Company a 53.5% controlling ownership interest in that hotel. Total consideration was \$90,183,000, which included the issuance of 10,798,846 shares of SHR common stock at a price of \$6.51 per share based on the June 24, 2011 SHR common share closing price, \$19,402,000 of cash, which includes working capital, and post-closing adjustments of \$480,000.

The following table discloses the effects of changes in the Company's ownership interests in its noncontrolling interests (in thousands):

	2013	2012	2011
Net income (loss) attributable to SHR	\$10,975	\$(55,306)	\$(5,206)
Acquisition of additional ownership interests in consolidated affiliates	—	(1,079)	(63,723)
Change from net income (loss) attributable to SHR and transfers from noncontrolling interests	\$10,975	\$(56,385)	\$(68,929)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

12. DERIVATIVES

The Company manages its interest rate risk by varying its exposure to fixed and variable rates while attempting to minimize its interest costs. The Company manages its fixed interest rate and variable interest rate risk through the use of interest rate caps and swaps. The Company enters into interest rate caps and swaps with high credit quality counterparties and diversifies its positions among such counterparties in order to reduce its exposure to credit losses. The caps limit the Company's exposure on its variable-rate debt that would result from an increase in interest rates. The Company's lenders, as stipulated in the respective loan agreements, generally require such caps. Upon extinguishment of debt, income effects of cash flow hedges are reclassified from accumulated OCL to interest expense, loss on early extinguishment of debt, or (loss) income from discontinued operations, as appropriate. The Company records all derivatives at fair value in either prepaid expenses and other assets or accounts payable and accrued expenses in the consolidated balance sheets.

The valuation of the interest rate swaps and caps is determined using widely accepted valuation techniques including discounted cash flow analysis on the expected cash flows of each derivative. This analysis reflects the contractual terms of the derivatives, including the period to maturity, and uses observable market-based inputs, including interest rate curves and implied volatilities. The Company incorporates credit valuation adjustments (CVA) to appropriately reflect its own nonperformance risk and the respective counterparty's nonperformance risk. When assessing nonperformance risk, the Company has considered the impact of netting and any applicable credit enhancements, such as collateral postings, thresholds, mutual puts, and guarantees.

Except for the CVA, all inputs used to measure fair value of the derivative financial instruments are Level 2 inputs. The Company has concluded that the inputs used to measure its CVA are Level 3 inputs. If the inputs used to measure fair value fall in different levels of the fair value hierarchy, the level in the fair value hierarchy within which the fair value measurement in its entirety falls shall be determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The Company reviews the fair value hierarchy classifications each reporting period. Changes in the observability of the valuation attributes may result in a reclassification of certain financial assets or liabilities. Such reclassifications are reported as transfers into and out of Level 3, or between other levels, at the fair value at the beginning of the reporting period in which the changes occur. The Company reclassified its derivative financial instruments from Level 3 to Level 2 as unobservable inputs to the valuation model became insignificant during the year ended December 31, 2012. The Company assessed the impact of the CVA on the overall fair value of its derivative instruments and concluded that the CVA does not have a significant impact to the fair values as of December 31, 2013. As of December 31, 2013 and 2012, all derivative liabilities are categorized as Level 2.

Derivatives in Cash Flow Hedging Relationships:

The Company's objectives in using interest rate derivatives are to add stability to interest expense and to manage its exposure to interest rate movements. To accomplish this objective, the Company primarily uses interest rate swaps and caps as part of its interest rate risk management strategy. Interest rate swaps designated as cash flow hedges involve the receipt of variable-rate amounts from a counterparty in exchange for the Company making fixed-rate payments over the life of the agreements without exchange of the underlying notional amount.

The effective portion of changes in the fair value of derivatives designated and that qualify as cash flow hedges is recorded in accumulated OCL and is subsequently reclassified into earnings in the period that the hedged forecasted transaction affects earnings. During the years ended December 31, 2013, 2012 and 2011, such derivatives were used to hedge the variable cash flows associated with existing variable-rate debt. The ineffective portion of the change in fair value of the derivatives is recognized directly in earnings.

Amounts reported in accumulated OCL related to derivatives will be reclassified to interest expense as interest payments are made on the Company's variable-rate debt. During the next twelve months, the Company estimates that an additional \$12,799,000 will be reclassified as an increase to interest expense.

Table of ContentsSTRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

As of December 31, 2013, the Company had the following outstanding interest rate derivatives that were designated as cash flow hedges of interest rate risk:

Interest Rate Derivatives	Number of Instruments	Notional Amount (in thousands)
Interest rate swaps	2	\$200,000

At December 31, 2013 and 2012, the aggregate notional amount of the Company's domestic interest rate swaps designated as cash flow hedges was \$200,000,000 and \$200,000,000, respectively. The Company's current domestic swaps have fixed pay rates against LIBOR of 5.23% and 5.27% and maturity dates of December 2015 and February 2016, respectively.

In addition, at December 31, 2012, the Company had a GBP LIBOR interest rate swap agreement with a notional amount of £71,070,000. The swap had a fixed pay rate against GBP LIBOR of 5.72% and matured in October 2013. Termination and De-designation of Cash Flow Hedges

In 2011, the Company terminated eight interest rates swaps and recorded a charge of \$27,257,000, which is included in loss on early termination of derivative financial instruments in the consolidated statement of operations for the year ended December 31, 2011. In addition, the Company de-designated one interest rate swap as a cash flow hedge and recorded a charge of \$1,985,000, which is included in loss on early termination of derivative financial instruments in the consolidated statement of operations for the year ended December 31, 2011.

Derivatives Not Designated as Hedging Instruments:

Derivatives not designated as hedges are not speculative and are used to manage the Company's exposure to interest rate movements and other identified risks but do not meet hedge accounting requirements. Changes in the fair value of derivatives not designated in hedging relationships are recorded directly in earnings. As of December 31, 2013, the Company had the following outstanding interest rate derivatives that were not designated as hedging instruments:

Interest Rate Derivatives	Number of Instruments	Notional Amount (in thousands)
Interest rate swaps	2	\$200,000
Interest rate caps	4	\$502,000

At December 31, 2013 and 2012, the aggregate notional amount of the Company's domestic interest rates swaps not designated as cash flow hedges was \$200,000,000 and \$200,000,000, respectively. These interest swaps have fixed pay rates against LIBOR of 4.90% and 4.96% and maturity dates of September 2014 and December 2014, respectively.

At December 31, 2013 and 2012, the aggregate notional amount of the Company's interest rate caps was \$502,000,000 and \$502,000,000, respectively. The Company's current interest rate caps have LIBOR strike rates ranging from 2.50% to 4.26% and maturity dates ranging from July 2014 to November 2015.

Fair Values of Derivative Instruments:

The table below presents the fair value of the Company's derivative financial instruments as well as their classification on the consolidated balance sheets as of December 31, 2013 and 2012 (in thousands):

	Balance Sheet Location	Fair Value as of December 31,	
		2013	2012
Derivatives in cash flow hedging relationships:			
Interest rate swaps	Accounts payable and accrued expenses	\$ (19,992) \$ (33,929)
Derivatives not designated as hedging instruments:			
Interest rate swaps	Accounts payable and accrued expenses	\$ (7,929) \$ (17,157)
Interest rate caps	Prepaid expenses and other assets	\$ 40	\$ 113

The following table reflects transfers out of Level 3 for all derivative financial instruments categorized as Level 3 as of January 1, 2012 (in thousands):

	Beginning Balance	Transfers Out of Level 3	Ending Balance
Interest rate swaps	\$ (66,394) \$ 66,394	\$ —

The Company does not have any fair value measurements of derivative financial instruments using inputs based on quoted prices in active markets (Level 1) or significant unobservable inputs (Level 3) as of December 31, 2013 and 2012. The following tables reflect changes in interest rate swap liabilities categorized as Level 2 for the years ended December 31, 2013 and 2012 (in thousands):

Balance as of January 1, 2013	\$ (51,086)
Mark to market adjustments	23,165)
Balance as of December 31, 2013	\$ (27,921)
Balance as of January 1, 2012	\$ (66,394)

Interest rate caps:

Loss recognized in other (expense) income, net	\$ (88)	\$ (165)	\$ (70)
--	----------	-----------	----------

Credit-risk-related Contingent Features:

The Company has agreements with each of its derivative counterparties that contain a provision where if the Company defaults and its indebtedness is accelerated or declared due or capable of being accelerated or declared due, then the Company could also be declared in default on its derivative obligations associated with the relevant indebtedness. As of December 31, 2013, the termination value of derivatives in a net liability position, which includes accrued interest but excludes any adjustment for nonperformance risk, related to these agreements was \$28,898,000. As of December 31, 2013, the Company has not posted any collateral related to these agreements. If the Company had breached any of these provisions at December 31, 2013, it would have been required to settle its obligations under the agreements at their termination value of \$28,898,000. The Company has not breached any of the provisions as of December 31, 2013.

13. SHARE-BASED EMPLOYEE COMPENSATION PLANS

Second Amended and Restated 2004 Incentive Plan:

On June 21, 2004, SHR adopted the 2004 Incentive Plan (the Plan). The Plan provided for the grant of equity-based awards in the form of, among others, Options, RSUs, and stock appreciation rights (SARs), which are collectively referred to as the Awards. On May 22, 2008, SHR's shareholders approved SHR's Amended and Restated 2004 Incentive Plan (the Amended Plan). The Amended Plan: (a) added OP Units as an additional type of award; (b) adjusted the number of authorized shares from 3,000,000 shares of SHR common stock to 4,200,000 shares of SHR common stock or OP Units; (c) limited the maximum term of Options and SARs to no more than 10 years and prohibited the repricing of Options and SARs; and (d) established minimum vesting periods for certain awards. On May 19, 2011, SHR's shareholders approved SHR's Second Amended and Restated 2004 Incentive Plan (the Amended and Restated Plan) pursuant to which the number of securities authorized and reserved for issuance increased from 4,200,000 shares of SHR common stock or OP Units to 9,700,000 shares of SHR common stock or OP Units. The termination date of the Amended and Restated Plan was also extended from June 21, 2014 to December 31, 2016. The Plan is administered by a Compensation Committee (the Committee) appointed by the board of directors. The Committee consists of three or more members of the board of directors. The Committee has the authority and sole discretion to

Table of ContentsSTRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

determine the type, extent, and terms (including vesting) of Awards granted, as well as those eligible to receive Awards. Options granted have an exercise price determined by the Committee but cannot be less than 100% of the fair market value of the shares on the grant date. The term of the Options is determined by the Committee but is generally ten years from the date of grant.

Upon mutual agreement between the Company and Laurence S. Geller on November 2, 2012, Mr. Geller resigned from his position as president and chief executive officer of the Company and as a member of the Company's board of directors, effective as of such date. In connection with Mr. Geller's separation, the Company and Mr. Geller entered into a separation agreement, dated November 2, 2012, pursuant to which, among other things (i) 210,396 performance-based RSUs granted pursuant to the Amended and Restated Plan and held by Mr. Geller shall remain eligible for settlement based on SHR's performance through December 31, 2014 and (ii) the vesting of 250,001 RSUs granted pursuant to the Amended and Restated Plan and held by Mr. Geller were accelerated.

The Company recorded compensation expense of \$5,292,000, \$6,349,000, and \$3,463,000 under the Amended and Restated Plan (net of estimated forfeitures) for the years ended December 31, 2013, 2012 and 2011, respectively.

Options

The Company measures compensation expense for the Options based upon the fair value at the date of grant as calculated by a binomial option pricing model. Compensation expense is recognized on a straight-line basis over the service period, net of estimated forfeitures, if any. Compensation expense related to the Options is included in corporate expenses in the consolidated statements of operations. There was no unrecognized compensation expense related to Options as of December 31, 2013. There were no Options outstanding as of December 31, 2013.

Information regarding Options is summarized in the following table:

	2013		2012		2011	
	Shares	Weighted Average Exercise Price	Shares	Weighted Average Exercise Price	Shares	Weighted Average Exercise Price
Options outstanding at the beginning of the year	669,797	\$20.40	669,797	\$20.40	669,797	\$20.40
Forfeited	(669,797)	20.40	—	—	—	—
Options outstanding at the end of the year	—	\$—	669,797	\$20.40	669,797	\$20.40
Options exercisable at the end of the year	—	\$—	669,797	\$20.40	669,797	\$20.40

RSUs

SHR has issued RSUs to certain employees, officers and directors under the Amended and Restated Plan. RSUs represent awards of shares of SHR's common stock that generally vest over three years or as otherwise approved by the Committee, provided the participant continues as an employee, director or continues to provide services to the Company. Unvested RSUs will be forfeited upon termination, unless as may otherwise be set forth in a written agreement. RSUs are essentially the same as restricted stock except that, instead of actual shares, RSUs represent a promise to distribute shares at some future date. Participants holding RSUs will have no voting rights until such time as the underlying shares are issued.

The Company measures compensation expense for RSUs based on the per share fair market value of SHR's common stock at the date of grant, adjusted for estimated forfeitures. Compensation expense for RSUs is recognized on a straight-line basis over the service period and is included in corporate expenses in the consolidated statements of operations. Total unrecognized compensation expense related to nonvested RSUs at December 31, 2013 was \$2,432,000 and is expected to be recognized over a weighted average period of 1.82 years.

Table of ContentsSTRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

Information regarding RSUs is summarized in the following table:

	2013		2012		2011	
	Shares	Weighted Average Grant Date Fair Value	Shares	Weighted Average Grant Date Fair Value	Shares	Weighted Average Grant Date Fair Value
RSUs outstanding at the beginning of the year	1,952,004	\$5.85	1,666,977	\$5.22	1,377,434	\$3.98
Granted	357,373	7.54	707,508	6.06	628,512	6.38
Issued to common shares	(291,779)	4.92	(259,887)	3.56	(209,238)	2.46
Forfeited	(143,012)	4.98	(162,594)	3.97	(129,731)	4.19
RSUs outstanding at the end of the year(a)	1,874,586	\$6.39	1,952,004	\$5.85	1,666,977	\$5.22

(a) Includes RSUs of 1,134,407, 1,088,602, and 524,115 at December 31, 2013, 2012 and 2011, respectively, that have vested but have not yet been issued to shares of common stock.

Performance-Based RSUs

In February 2013, SHR granted certain employees a target grant of 309,264 performance shares under a performance share plan that provides the recipient the opportunity to earn between zero and 160.0% of the target (up to a maximum of 494,822 performance shares), based on the relative total shareholder return of the shares of SHR common stock, as defined in the agreement, over the period from January 2, 2013 through December 31, 2015.

In 2012, SHR granted certain employees a target grant of 797,318 performance shares under a performance share plan that provides the recipient the opportunity to earn between zero and 160.0% of the target (up to a maximum of 1,275,709 performance shares), based on the relative total shareholder return of shares of SHR common stock, as defined in the agreement, over the period from January 2, 2012 through December 31, 2014.

In 2011, a portion of the cash bonuses earned by certain executives in 2010 was deferred, and the method of payment was modified to performance-based RSUs in lieu of cash. SHR granted 169,064 performance-based RSUs to these executives that will vest upon the later to occur of (i) the Company's achievement of positive funds from operations for a fiscal year and (ii) SHR's commencement of payment of the preferred stock dividend on a current basis. These performance-based RSUs vested with the payment of the preferred stock dividend on June 29, 2012.

The Company measures compensation expense for performance-based RSUs based on the per share fair market value of SHR's common stock at the date of grant, adjusted for estimated forfeitures. Compensation expense for performance-based RSUs is recognized on a straight-line basis over the service period and is included in corporate expenses in the consolidated statements of operations. Total unrecognized compensation expense related to performance-based RSUs at December 31, 2013 was \$3,294,000 and is expected to be recognized over weighted average period of 1.77 years.

Information regarding performance-based RSUs is summarized in the following table:

	2013		2012		2011	
	Shares	Weighted Average Grant Date Fair Value	Shares	Weighted Average Grant Date Fair Value	Shares	Weighted Average Grant Date Fair Value
Outstanding at the beginning of the year	915,049	\$6.45	169,064	\$6.34	18,516	\$19.28
Granted	309,264	8.08	797,318	6.47	169,064	6.34
Issued to common shares	(16,562)	6.34	(21,624)	6.34	(12,691)	20.40
Forfeited	(7,098)	6.34	(29,709)	6.52	(5,825)	20.40
Outstanding at the end of the year(b)	1,200,653	\$6.87	915,049	\$6.45	169,064	\$6.34

(b)

Includes performance-based RSUs of 113,860, 137,520, and zero at December 31, 2013, 2012 and 2011, respectively, that have vested but have not yet been issued to shares of common stock.

Table of Contents

STRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

SARs

The Amended and Restated Plan allows the Committee to grant SARs. As of December 31, 2013, no SARs have been issued under the Amended and Restated Plan.

Value Creation Plan and Deferral Program:

On August 27, 2009, the Company adopted the Value Creation Plan. Under the provisions of the Value Creation Plan, the Company paid 2.5% of SHR's market capitalization (limited to a maximum market capitalization based on no more than 174,828,353 shares of common stock) to the participants in the Value Creation Plan in 2012 because the highest average closing price of SHR's common stock during certain consecutive twenty trading day periods in 2012 was at least \$4.00 (Normal Distribution Amount).

On June 29, 2011, SHR and its former president and chief executive officer, Mr. Geller, entered into the Strategic Hotels & Resorts, Inc. Value Creation Plan Normal Unit Distributions Deferral Election and Deferral Program (Deferral Program). Pursuant to the Deferral Program, Mr. Geller elected to defer up to 50% of his share of the Normal Distribution Amount payable pursuant to the Value Creation Plan and to have such Normal Distribution Amount instead be converted into Deferral Program Stock Units on the basis of the fair market value of a share of SHR common stock at the time the Normal Distribution Amount would otherwise have been paid. Each Deferral Program Stock Unit was converted on a one-for-one basis into a share of SHR common stock on June 3, 2013. Prior to the Deferral Program, the Company accounted for the entire Value Creation Plan as a liability award because of its cash settlement feature and recorded the liability in accounts payable and accrued expenses. At the deferral election date, the Company bifurcated the Value Creation Plan and began accounting for the portion of the award payable in Deferral Program Stock Units as an equity award and continued accounting for the portion of the award payable in cash as a liability award. For the equity award, the Company established a fair value of \$13,050,000 and reclassified \$8,894,000 from accounts payable and accrued expenses to additional paid-in capital, which represented amounts previously recognized as compensation expense. The remaining balance was recognized as compensation expense over the remaining derived service period. The fair value of the liability award is re-measured at the end of each reporting period, and the Company makes adjustments to the compensation expense and liability to reflect the fair value.

There was no unrecognized compensation expense related to the Value Creation Plan as of December 31, 2013. The fair value of the liability component of the award at December 31, 2013 and 2012 was zero and \$948,000, respectively. Total compensation expense recognized in corporate expenses on the consolidated statements of operations under the Value Creation Plan for the years ended December 31, 2013, 2012 and 2011 was zero, \$1,407,000, and \$18,607,000, respectively. In April 2012, the Company made an initial payment of \$18,357,000 pursuant to the Value Creation Plan and made a final settlement payment of \$948,000 in January 2013. Additionally, during 2012, Mr. Geller earned 1,301,476 Deferral Program Stock Units in connection with the distribution of his share of the Normal Distribution Amount under the Value Creation Plan. In accordance with Mr. Geller's separation agreement, dated November 2, 2012, Mr. Geller's Deferral Program Stock Units outstanding settled in June 2013 in accordance with the terms of the Deferral Program, with 909,564 Deferral Program Stock Units being redeemed for shares of common stock and 391,912 Deferral Program Stock Units being forfeited in lieu of paying taxes.

14. DEFINED CONTRIBUTION PLAN

The Company has a defined contribution plan that covers employees meeting eligibility requirements. The Company matches 100% of the first 6% of compensation that an employee elects to defer. The Company's matching contribution vests immediately. The Company can make additional discretionary contributions up to 4% of compensation. Any discretionary matching contributions are fully vested on grant date upon such contributions, or if employees have less than three years of service, the contributions vest at 33.33% per year of service. Contributions by the Company were \$358,000, \$422,000, and \$390,000 for the years ended December 31, 2013, 2012 and 2011, respectively.

15. INCOME TAXES

As a REIT, SHR generally will not be subject to U.S. federal income tax if it distributes 100% of its annual taxable income to its shareholders. SHR may be subject to certain state and local taxes on its income and property and to

federal income and excise taxes on its undistributed taxable income. In addition, taxable income from taxable REIT subsidiaries is subject to federal, state and local taxes.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

For the years ended December 31, 2013, 2012 and 2011, income tax expense from continuing operations is summarized as follows (in thousands):

	2013		2012		2011
Current tax (expense):					
Europe	\$(401)	\$(787)	\$(521
United States	(737)	(441)	(1,241
	(1,138)	(1,228)	(1,762
Deferred tax benefit:					
United States	581		428		1,106
	581		428		1,106
Total income tax expense	\$(557)	\$(800)	\$(656

Deferred income taxes consist of the following as of December 31, 2013 and 2012 (in thousands):

	2013		2012
Advanced deposits—Mexico	\$—		\$1,219
Net operating loss carryforwards and other timing differences(a)	14,115		14,650
Other	—		982
Gross deferred tax assets	14,115		16,851
Valuation allowance(b)	(14,115)	(14,648
Deferred tax asset after valuation allowance	\$—		\$2,203
Gross deferred tax liability—book property basis in excess of tax basis	\$(46,137)	\$(47,275

(a) For income tax purposes, the Company's net operating losses can be carried forward for a time period ranging from eight years to indefinitely depending on the rules of the related tax jurisdictions.

The Company provides a valuation against net operating loss carryforwards due to the uncertainty of realization.

(b) The valuation allowance decreased by \$533,000, \$2,004,000, and \$349,000 during the years ended December 31, 2013, 2012 and 2011, respectively.

Characterization of Cash Distributions

For federal income tax purposes, the cash distributions paid to SHR's common and preferred shareholders may be characterized as ordinary income, return of capital (generally non-taxable) or capital gain. There were no distributions paid on common shares during the years ended December 31, 2013, 2012 and 2011. There were no distributions paid on preferred shares during the year ended December 31, 2011. The following characterizes distributions paid per preferred share for the years ended December 31, 2013 and 2012:

	2013		2012	
	\$	%	\$	%
Preferred shares (Series A):				
Return of capital	\$2.13	100	\$8.50	100
Preferred shares (Series B):				
Return of capital	\$2.06	100	\$8.25	100
Preferred shares (Series C):				
Return of capital	\$2.06	100	\$8.25	100

16. RELATED PARTY TRANSACTIONS

Cory Warning, the son-in-law of Laurence Geller, the Company's former president and chief executive officer, previously served as Vice President, Investments for the Company. Mr. Warning's base salary in 2012 and 2011 was \$180,000 and \$175,100, respectively. Mr. Warning received cash bonuses in 2012 and 2011 of \$86,000 and \$107,500, respectively. Mr. Warning received grants of RSUs of 4,698 and 13,809 in 2012 and 2011, respectively, and a grant of an award of 9,538 performance shares in 2012. In 2010, Mr. Warning received a grant of 5,000 units under the Company's Value Creation Plan, which were paid in 2012 in the amount of \$140,000. In December 2012, the Company entered into a severance agreement with Mr. Warning and recorded \$256,000 in corporate expenses in the accompanying consolidated statement of operations for the year ended December 31, 2012. Under the severance agreement, all unvested RSUs and performance shares were forfeited.

17. COMMITMENTS AND CONTINGENCIES

Environmental Matters:

Generally, the properties acquired by the Company have been subjected to environmental site assessments. While some of these assessments have led to further investigation and sampling, none of the environmental assessments have revealed, nor is the Company aware of any environmental liability that it believes would have a material effect on its business or consolidated financial statements.

Litigation:

The Company is party to various claims and routine litigation arising in the ordinary course of business. Based on discussions with legal counsel, the Company does not believe that the results of these claims and litigation, individually or in the aggregate, will have a material effect on its business or consolidated financial statements.

Letters of Credit:

As of December 31, 2013, the Company provided a \$150,000 letter of credit related to its office space lease, a \$1,391,000 letter of credit in connection with an obligation to complete certain repairs to the underground parking garage at the Four Seasons Washington, D.C. hotel, and a \$8,365,000 letter of credit in connection with an obligation to complete property improvements at the JW Marriott Essex House Hotel as described below. Subsequent to December 31, 2013, the letter of credit related to the office space lease decreased to \$75,000 and the letter of credit related to the parking garage at the Four Seasons Washington, D.C. hotel decreased to \$934,000.

Purchase Commitments:

Construction Contracts

The Company has executed various contracts related to construction activities. As of December 31, 2013, the Company's obligations under these contracts amounted to approximately \$1,496,000. The construction activities are expected to be completed in 2014.

JW Marriott Essex House Hotel Property Improvement Plan

As required by the JW Marriott Essex House Hotel management agreement, the Essex House Hotel Venture has an obligation to renovate and improve the property. As of December 31, 2013, the Essex House Hotel Venture's obligation under this agreement is approximately \$6,776,000. The improvements are to be completed by December 2014.

Other Required Renovations

Under the provisions of various lender agreements, the Company is required to fund capital expenditures for property improvements and renovations. As of December 31, 2013, the Company's obligation under these agreements is approximately \$14,039,000. As of December 31, 2013, the Company has \$9,570,000 included in restricted cash reserves for capital expenditures related to property improvements and renovations required by certain lenders. The renovations are to be completed by December 2014.

Table of ContentsSTRATEGIC HOTELS & RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

18. FAIR VALUE OF FINANCIAL INSTRUMENTS

As of December 31, 2013 and 2012, the carrying amounts of certain financial instruments employed by the Company, including cash and cash equivalents, restricted cash and cash equivalents, accounts receivable, and accounts payable and accrued expenses were representative of their fair values because of the short-term maturity of these instruments. At December 31, 2013, the Company estimated the fair value of mortgage and other debt payable and the bank credit facility to be approximately \$1,288,000,000.

At December 31, 2012, Company estimated the fair value of the mortgage and other debt payable and the bank credit facility to be approximately \$1,346,000,000.

The Company estimated the fair value of the debt using a future discounted cash flow analysis based on the use and weighting of multiple market inputs being considered. Based on the frequency and availability of market data, all inputs used to measure the estimated fair value of the debt are Level 2 inputs. The primary sensitivity in these calculations is based on the selection of appropriate discount rates.

Interest rate swap and cap agreements have been recorded at their estimated fair values.

19. GEOGRAPHIC AND BUSINESS SEGMENT INFORMATION

The Company operates in one reportable business segment, hotel ownership. As of December 31, 2013, the Company's foreign operations (excluding discontinued operations) and long-lived assets consisted of ownership interests in two Mexican unconsolidated affiliates and two European properties, including a leasehold interest in a German hotel property.

The following tables present revenues (excluding unconsolidated affiliates and discontinued operations) and long-lived assets (excluding assets held for sale as of December 31, 2013) for the geographical areas in which the Company operates (in thousands):

	Years Ended December 31,

ITEM CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND
9. FINANCIAL DISCLOSURE.

None.

ITEM 9A. CONTROLS AND PROCEDURES.

Evaluation of Disclosure Controls and Procedures

An evaluation of the effectiveness of the design and operation of our “disclosure controls and procedures” (as defined in Rule 13a-15(e) under the Exchange Act), as of the end of the period covered by this annual report on Form 10-K, was made under the supervision and with the participation of our management, including our chief executive officer and our chief financial officer. Based upon this evaluation, as of December 31, 2013, our chief executive officer and our chief financial officer concluded that our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms and that information required to be disclosed by us in reports filed or submitted under the Exchange Act is accumulated and communicated to our management, including our chief executive officer and chief financial officer, as appropriate, to allow timely decisions regarding required disclosure.

Management’s Report on Internal Control Over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, and for performing an assessment of the effectiveness of internal control over financial reporting as of December 31, 2013. Internal control over financial reporting is a process designed to provide reasonable assurance to our management and board of directors regarding the reliability of financial reporting and the preparation and fair presentation of published financial statements. Our system of internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of our assets; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures are being made only in accordance with authorizations of our management and directors; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on the financial statements. All internal control systems, no matter how well designed, have inherent limitations, which include the possibility of human error and the circumvention or overriding of the controls and procedures. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentations and all misstatements may not be prevented or detected. Also, the effectiveness of internal control over financial reporting may deteriorate in future periods due to either changes in conditions or declining levels of compliance with policies or procedures.

Our management assessed the effectiveness of the Company’s internal control over financial reporting as of December 31, 2013. In making this assessment, management used criteria set forth in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission.

Based on this assessment management believes that, as of December 31, 2013, our internal control over financial reporting was effective based on such criteria.

Deloitte & Touche LLP, an independent registered public accounting firm, issued an audit report on the effectiveness of our internal control over financial reporting as of December 31, 2013. This report appears below.

Table of Contents

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of
Strategic Hotels & Resorts, Inc.
Chicago, Illinois

We have audited the internal control over financial reporting of Strategic Hotels & Resorts, Inc. and subsidiaries (the “Company”) as of December 31, 2013, based on criteria established in Internal Control-Integrated Framework (1992) issued by the Committee of Sponsoring Organizations of the Treadway Commission. The Company’s management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management’s Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Company’s internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company’s internal control over financial reporting is a process designed by, or under the supervision of, the company’s principal executive and principal financial officers, or persons performing similar functions, and effected by the company’s board of directors, management, and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Because of the inherent limitations of internal control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may not be prevented or detected on a timely basis. Also, projections of any evaluation of the effectiveness of the internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2013, based on the criteria established in Internal Control-Integrated Framework (1992) issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated financial statements and financial statement schedule as of and for the year ended December 31, 2013 of the Company and our report dated February 27, 2014 expressed an unqualified opinion on those financial statements and financial statement schedule.
