Item 8.01 Other Events

On December 4, 2009, Prudential Bancorp, Inc. of Pennsylvania (the "Company") filed preliminary proxy materials with the Securities and Exchange Commission in connection with the Company's Annual Meeting of Shareholders scheduled to be held in February 2010. The proposals for consideration at the annual meeting consist of: (1) the election of two directors for a three-year term expiring in 2013; (2) approval of a Plan of Reorganization whereby the Company will reorganize as a federally chartered mid-tier stock company and Prudential Mutual Holding Company will reorganize as a federally chartered mutual holding company; and (3) ratification of the Company's independent registered public accounting firm.

The Company's Board of Directors approved the Plan of Reorganization after considering several factors including the ability of Prudential Mutual Holding Company to waive its receipt of cash dividends after it converts to a federal charter, thereby avoiding double taxation of the dividends, and the facilitation of a possible second-step conversion, which is an integral part of the Company's long-term strategic plan. While the Office of Thrift Supervision (the "OTS") typically does not object to the waiver of dividends by a mutual holding company following notice of the dividends, the Board of Governors of the Federal Reserve System (the "Federal Reserve Board") as a matter of policy has not permitted such waivers. The Company previously announced that its Board of Directors has determined, subject to the exercise of its fiduciary duties and the evaluation of market conditions, to undertake a second-step conversion no later than the annual meeting of shareholders in 2013. As a result of the reorganization, Prudential Mutual Holding Company would be a federally chartered mutual holding company and its second-step conversion application would be processed by the OTS which has greater expertise and experience in second-step conversion transactions than the Federal Reserve Board. As such, the Board of Directors concluded that a second-step conversion through the OTS can be effected more expeditiously and more cost-effectively than through the Federal Reserve Board and with less regulatory uncertainty.
