Notes to Financial Statements

December 31, 2001

(Unaudited)

NOTE 1 - PRESENTATION OF INTERIM INFORMATION:

In the opinion of the management of Sun River Mining, Inc., the accompanying unaudited financial statements include all normal adjustments considered necessary to present fairly the financial position as of December 31, 2001 and the results of operations for the three-months ended December 31, 2001 and 2000, and cash flows for the three-months ended December 31, 2001. Interim results are not necessarily indicative of results for a full year.

The financial statements and notes are presented as permitted by Form 10-QSB, and do not contain certain information included in the Company's audited financial statements and notes for the fiscal year ended September 30, 2001, and the reader is cautioned to review the Audited Financial Statements for the year ended September 30, 2001 and accompanying footnotes thereto.

NOTE 2 - EXTINQUISHMENT OF DEBT:

In December 2001 a former officer signed a Company Settlement Agreement, which was to forgive all accrued salaries up to and including December 2001. This was in the amount of \$112,390.

ITEM 2.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

RESULTS OF OPERATIONS FOR THE THREE MONTH PERIOD ENDED DECEMBER 31, 2001 COMPARED TO THE SAME PERIOD IN 2000.

The Company had no revenues in the period in 2001 or 2000. The Company incurred operating expenses for the three month period of \$2,545 in 2001 compared to \$2,029 in the same period in 2000. The Company recorded a net operating loss of \$(2,545) for the 2001 period as compared to (\$7,166) (including interest accrual) for the same period in 2000.

The Company losses will continue until business and profitable operations are achieved. While the Company is seeking capital sources for investment, there is no assurance that capital sources can be found. The loss per share for the 2001 fiscal quarter was less than (\$0.01) compared to less than (\$0.01) in the same fiscal quarter of 2000.

LIQUIDITY AND CAPITAL RESOURCES

The Company remains in the development stage and, since inception, has experienced significant liquidity problems and has no significant capital resources now and has stockholder's deficit of (\$257,061) at December 31, 2001. The Company has no current assets and no other assets at December 31, 2001.

The Company is unable to carry out any plan of business without funding. The Company cannot predict to what extent its current lack of liquidity and capital resources will impair the consummation of a business combination or whether it will incur further operating losses through any business entity which the Company may eventually acquire. There is no assurance that the Company can continue as a going concern without substantial funding, for which there is no source.

The Company estimates it will require \$25,000 to \$30,000 to cover legal,

accounting, transfer and miscellaneous costs of being a reporting company in the next fiscal year. The Company will have a cash shortfall for current annual costs of at least \$25,000 to \$30,000, for which it has no source except shareholder loans or contributions, none of which have been committed.

The Company has no cash for any operations. It will have to make private placements of stock, for which it has no sources, or obtain loans from shareholders, to have any cash for even limited operations. There are no committed loan sources at this time. The Company has current liabilities of \$257,061 which exceed total assets by approximately \$257,061.
