REPORT ON REVIEW BY INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Directors
Jointland Development, Inc.
Hong Kong

We have reviewed the accompanying balance sheet of Jointland Development, Inc. for March 31, 2005 and the related statement of operations and cash flows for the three-months ended March 31, 2005 and 2004, and May 25, 1988 (inception) to March 31, 2005, included in the accompanying Securities and Exchange Commission Form 10-QSB for the period ended March 31, 2005. These financial statements are the responsibility of the Company's management.

We conducted our review in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the United States, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are unaware of any material modifications that should be made to the accompanying financial statements for them to be in conformity with accounting principles generally accepted in the United States.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements the Company is in the development stage, and will require funds from profitable operations, from borrowing, or from sale of equity securities to execute its business plan. Management's plans in regard to these matters are also described in Note 2. These factors raise substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from this uncertainty.

We have previously audited, in accordance with auditing standards generally accepted in the United States, the balance sheet as of December 31, 2004, and the related statements of operations, stockholders' equity and cash flows for the year then ended (not presented herein). In our report dated April 14, 2005, we expressed an unqualified opinion on those financial statements. In our opinion, the information set forth in the accompanying balance sheet as of March 31, 2005 is fairly stated in all material respects in relation to the balance sheet from which it has been derived.

ITEM 2. MANAGEMENT'S DISCUSSION AND PLAN OF OPERATIONS

RESULTS OF OPERATIONS FOR THREE MONTH PERIOD ENDED MARCH 31, 2005 COMPARED TO
SAME PERIOD IN 2004

Subsequent to the change in control of the Company in or about September 2004, the new management of the Company had been engaging itself to seek for opportunities for the purposes of investing in real estate development projects in the People's Republic of China ("PRC").

In or about [October 2004], the Company began negotiation with a real estate project company by the name of Anhui Zhongan Real Estate Exploiting Co. Ltd. ("Anhui Zhongan") pursuant to which the Company would acquire the entire interest of an entity which is the holder of a majority interest in Anhui Zhongan, itself being the developer of a substantial real estate residential development project in the city of Hebei City in the Anhui Province in the PRC. Such project as has been carried out by Anhui Zhongan comprises of parcels of land and residential buildings constructed thereon. According to a detailed project development plans prepared by a firm of architects engaged by the Company, the project has been organized into five quadrants: an international office and consulate zone, a hotel and serviced apartment zone, a Chinese trade and office centre zone and the residential zone.
