COURT SETS MARKMAN HEARING AND TRIAL DATE FOR '930 PATENT INFRINGEMENT LITIGATION AGAINST D-LINK SYSTEMS AND D-LINK CORPORATION

COURT ALSO DENIES ALL MOTIONS TO DISMISS OR TRANSFER THE CASE

NEW YORK, FEBRUARY 9, 2006 - Network-1 Security Solutions, Inc. today announced that, at a case management proceeding on February. 7, 2006, in Network-1's patent infringement litigation against D-Link Systems Inc. and its corporate parent D-Link Corporation, Inc. of Taiwan involving United States

Patent No. 6,218,930 in the United States District Court for the Eastern District of Texas, Tyler Division, Judge Leonard Davis set a Markman hearing on claim construction for September 19, 2006 and set a trial date of March 7, 2007.

In addition, at the proceeding, all of the outstanding motions to dismiss or transfer the case made by the D-Link defendants were denied by Judge Davis and each is expected to file answers with the Court within 20 days. As a result of these denials, Network-1's patent infringement case against D-Link Systems and D-Link Corporation will proceed in the Eastern District of Texas, Tyler Division in a manner consistent with the timetable and rules established by the Court.

"The D-Link defendants have spent the last six months filing numerous motions in an unsuccessful attempt to avoid dealing with the merits of our case," commented Corey M. Horowitz, Chairman and CEO of Network-1. "I am pleased that after these rulings the litigation will proceed on a timely basis."
