LYNCH INTERACTIVE CORPORATION ANNOUNCES
ACQUISITION OF CABLE SYSTEMS IN UTAH AND PROVIDES
ADDITIONAL INFORMATION ON "GOING DARK"

RYE, New York, March 22, 2005 - Lynch Interactive Corporation (ASE:LIC) announced today that its subsidiary Central Telcom Services, LLC, based in Fairview, Utah, has closed on an agreement with Precis Communications, LLC, a Colorado limited liability company, to acquire a cable television system located in Sanpete and Sevier Counties, Utah. The purchase price of \$3,735,200 is subject to adjustment at closing. With the addition of these 2,500 cable subscribers, Lynch Interactive will expand its cable services to over 6,100 customers. Central Telcom Services and its affiliates, including Central Utah Telephone Company, offer Internet and telephone services and will be well positioned to promote additional services to their new and existing customer base.

In addition, in response to questions raised by some shareholders about what is referred to as "going dark", it is the Company's current intention to voluntarily disseminate press releases, quarterly financial statements, and audited annual financial statements to its shareholders and other members of the general investment community. Going dark, for those on Wall Street, generally means deregistering with the SEC and being quoted on the "bulletin board," instead of a securities exchange.
