THE YORK WATER COMPANY

Item 1.01 Entry into a Material Definitive Agreement.

On July 23, 2015, The York Water Company ("we" or "us") entered into a loan agreement, which is described in Item 2.03 of this report and is incorporated by reference into this Item 1.01.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On July 23, 2015, the York County Industrial Development Authority, or YCIDA, issued and sold \$10,000,000 aggregate principal amount of YCIDA Exempt Facilities Revenue Bonds, Series 2015 (the "Bonds") for our benefit pursuant to the terms of a Trust Indenture, entered into on July 23, 2015 and dated as of July 1, 2015 (the "Indenture"), between YCIDA and Manufacturers and Traders Trust Company, as Trustee (the "Trustee"). YCIDA then loaned the proceeds of the sale of the Bonds to us pursuant to a Loan Agreement, entered into on July 23, 2015 and dated as of July 1, 2015 (the "Loan Agreement"), between us and YCIDA. The Loan Agreement provides for a \$10,000,000 loan with payment terms that match the debt service requirements on the Bonds. Amounts outstanding under the Loan Agreement are our direct general obligations. The proceeds of the loan were used to currently refund the outstanding principal balance of the Pennsylvania Economic Development Financing Authority Exempt Facilities Revenue Bonds, Series A of 2004, to finance a portion of our 2015 capital budget, and to pay certain costs of issuance of the Bonds. A copy of the Official Statement, dated July 8, 2015, with respect to the Bonds has been filed with the Municipal Securities Rulemaking Board through its Electronic Municipal Market Access System, which may be accessed on the internet at <http://www.emma.msrb.org>.

Under the terms of the Loan Agreement, we agreed to repay the loan by periodically depositing in the debt service fund held by the Trustee under the Indenture (the "Debt Service Fund") all amounts sufficient to pay the principal of, and premium, if any, and interest on the Bonds as they become due and payable, and to pay certain of the administrative expenses of YCIDA and the Trustee in connection with the Bonds. The Bonds, and therefore our loan under the loan agreement, will bear interest at rates ranging from 4.00% to 4.50% annually. The Bonds have stated maturity dates of June 1 of the years 2029, 2032, 2035, 2038, 2042 and 2045 and are subject to optional and mandatory redemption as described below.

The Loan Agreement further provides that, in the event we fail to make any of the payments required under the Loan Agreement, the item or installment so in default will continue as an obligation until the amount in default has been fully paid, and we will pay the same with interest thereon, to the extent permitted by law, from the date when such payment was due as provided in the Indenture. In addition, if, subsequent to a date on which we are obligated to make payments, losses are incurred in respect of any investments, or any other event has occurred causing the money in the Debt Service Fund, together with any other money then held by the Trustee and available for the purpose, to be less than the amount sufficient at the time of such occurrence or other event to pay all debt service due and payable or to become due and payable on the Bonds, the Trustee will notify us of such fact and thereafter we will pay to the Trustee for deposit in the Debt Service Fund the amount of any such deficiency. Furthermore, the Loan Agreement provides that, in the event payment of the principal of and the interest on the Bonds is accelerated upon the occurrence of an event of default under the Indenture, all amounts payable under the Loan Agreement for the remainder of the term thereof will become immediately due and payable.

Pursuant to the Indenture and the Loan Agreement, the Bonds are subject to optional redemption by YCIDA, at our direction, on or after June 1, 2025, in whole or in part at any time, in certain authorized denominations, at a redemption price of 100% of the principal amount redeemed plus accrued interest, if any, to the redemption date.

The Bonds are subject to mandatory redemption prior to maturity, at a redemption price equal to 100% of the principal amount thereof, plus interest accrued thereon to the date fixed for redemption, on June 1 of each of the years in the principal amounts as follows:
