Proxy Statement

Annual Meeting of Shareholders
to be held on June 12, 2003

This proxy statement and the accompanying form of proxy is furnished to shareholders of CPI Aerostructures, Inc. in connection with the solicitation of proxies by our board of directors for use in voting at our annual meeting of shareholders to be held at the offices of our general counsel, Graubard Miller, located at 600 Third Avenue, 32nd Floor, New York, New York 10016, on Thursday, June 12, 2003, at 10:00 a.m., and at any and all postponements or adjournments.

This proxy statement, the accompanying notice of meeting of shareholders, the proxy and the annual report to shareholders for the year ended December 31, 2002 are being mailed on or about April 25, 2003 to shareholders of record on April 14, 2003. We are bearing all costs of this solicitation.

What matters am I voting on?

You are being asked to vote on:

- o To elect two Class II directors to serve for the ensuing three-year period and one Class I director to serve for the ensuing two-year period until their successors are elected and qualified; and
- o any other business that may properly come before the meeting and any and all postponements or adjournments.

Who is entitled to vote?

Holders of our common stock as of the close of business on April 14, 2003, the record date, are entitled to vote at the meeting. As of that date, we had issued and outstanding 5,110,852 shares of common stock, our only class of voting securities outstanding. Each holder of our common stock is entitled to one vote for each share held on the record date.

What is the effect of giving a proxy?

Proxies in the form enclosed are solicited by and on behalf of our board. The persons named in the proxy have been designated as proxies by our board. If you sign and return the proxy in accordance with the procedures set forth in this proxy statement, the persons designated as proxies by the board will vote your shares at the meeting as specified in your proxy.

If you sign and return your proxy in accordance with the procedures set forth in this proxy statement but you do not provide any instructions as to how your shares should be voted, your shares will be voted FOR the election of the nominees listed below under Proposal 1.

If you give your proxy, your shares also will be voted in the discretion of

Edgar Filing: CPI AEROSTRUCTURES INC - Form DEF 14A

the proxies named on the proxy card with respect to any other matters properly brought before the meeting and any postponements or adjournments. If any other matters are properly brought before the meeting, the persons named in the proxy will vote the proxies in accordance with their best judgment.

May I change my vote after I return my proxy card?

You may revoke your proxy at any time before it is exercised by:

- o delivering written notification of your revocation to our secretary;
- o voting in person at the meeting; or
- o delivering another proxy bearing a later date.

Please note that your attendance at the meeting will not alone serve to revoke your proxy.

What is a quorum?

A quorum is the minimum number of shares required to be present at the meeting for the meeting to be properly held under our bylaws and New York law. The presence, in person or by proxy, of a majority of the votes entitled to be cast at the meeting will constitute a quorum at the meeting. A proxy submitted by a shareholder may indicate that all or a portion of the shares represented by the proxy are not being voted ("shareholder withholding") with respect to a particular matter. Similarly, a broker may not be permitted to vote stock ("broker non-vote") held in street name on a particular matter in the absence of instructions from the beneficial owner of the stock. The shares subject to a proxy which are not being voted on a particular matter because of either shareholder withholding or broker non-vote will not be considered shares present and entitled to vote on that matter. These shares, however, may be considered present and entitled to vote on other matters and will count for purposes of determining the presence of a quorum if the shares are being voted with respect to any matter at the meeting. If the proxy indicates that the shares are not being voted on any matter at the meeting, the shares will not be counted for purposes of determining the presence of a quorum. Abstentions are voted neither "for" nor "against" a matter, but are counted in the determination of a quorum.

How many votes are needed for approval of the election of directors?

The election of directors requires a plurality vote of the votes cast at the meeting. "Plurality" means that the individuals who receive the largest number of votes cast "FOR" are elected as directors. Consequently, any shares not voted "FOR" a particular nominee, whether as a result of a direction of the shareholder to withhold authority, abstentions or a broker non-vote, will not be counted in the nominee's favor.

How do I vote?

You may vote your shares in one of three ways: by mail, facsimile or in person at the meeting. The prompt return of the completed proxy card vote will assist us in preparing for the meeting. Date, sign and return the accompanying proxy in the postage-prepaid envelope enclosed for that purpose. You can specify your choices by marking the appropriate boxes on the proxy card. If you attend the meeting, you may deliver your completed proxy card in person or fill out and return a ballot that will be supplied to you. If you wish to fax your proxy,

please copy both the front and back of the signed proxy and fax same to American

PROPOSAL 1:

ELECTION OF DIRECTORS

Our board of directors is divided into three classes with only one class of directors being elected in each year. The term of office of the first class of directors (Class I), presently consisting of Kenneth McSweeney, will expire at our annual meeting in 2005. The term of office of the second class of directors (Class II), presently consisting of Walter Paulick, will expire at this year's annual meeting. The term of office of the third class of directors (Class III), presently consisting of Arthur August and Edward J. Fred, will expire at our annual meeting in 2004.

A. C. Providenti and Eric Rosenfeld were appointed to serve as directors by our Board of Directors on February 19, 2003 and April 1, 2003, respectively. New York corporation law requires a shareholder vote to place a new director appointed by the board in a class. Therefore, you are being asked to vote on their election in addition to Walter Paulick, whose term expires at this year's annual meeting. If elected, Mr. Providenti will join Class I (and will serve for a term of two years, until 2005) and Mr. Rosenfeld will join Class 2 (and will serve for a term of three years, until 2006). To be elected, each of these directors must receive a plurality of the votes cast at the meeting.

Unless authority is withheld, the proxies solicited by our board of directors will be voted "FOR" the election of Messrs. Paulick, Providenti and Rosenfeld. Our management has no reason to believe that Messrs. Paulick, Providenti and Rosenfeld will not be candidates or will be unable to serve. However, if either should become unable or unwilling to serve as a director, the proxy will be voted for the election of another person as shall be designated by the board of directors.

Audit Committee Information and Report

Our audit committee is currently comprised of Messrs. Providenti (chairman), McSweeney and Paulick. The audit committee held two meetings in 2002.

Fees

For the fiscal year ended December 31, 2002, the aggregate fees billed for professional services rendered for the audit of our annual financial statements and the reviews of our financial statements included in our quarterly reports

7

totaled \$112,000.

Goldstein Golub Kessler LLP has a continuing relationship with American Express Tax and Business Services, Inc. from which it leases auditing staff who are full time, permanent employees of American Express and through which its partners provide non-audit services. As a result of this arrangement, Goldstein Golub Kessler has no full time employees and therefore, none of the audit services performed were provided by permanent full-time employees of Goldstein Golub Kessler. Goldstein Golub Kessler manages and supervises the audit and audit staff, and is exclusively responsible for the opinion rendered in connection with its examination.

For the fiscal year ended December 31, 2002, there were no fees billed for professional services by our independent auditors rendered in connection with, directly or indirectly, operating or supervising the operation of our information system or managing our local area network.

For the fiscal year ended December 31, 2002, the aggregate fees billed for all other professional services rendered by our independent auditors totaled \$21,978.

Audit Committee Report

All of the members of the audit committee are "independent directors" and are "financially literate" as defined under the American Stock Exchange listing standards. The current Amex listing standards define an "independent director" generally as a person, other than an officer of the company, who does not have a relationship with the company that would interfere with the director's exercise of independent judgment. The Amex's listing standards define "financially literate" as being able to read and understand fundamental financial statements, including a company's balance sheet, income statement and cash flow statement.

According to our audit committee's written charter, which was adopted on March 30, 2000, as amended and restated on March 26, 2003, our audit committee's responsibilities include, among other things:

- o reviewing and discussing with management and the independent auditor the annual audited financial statements, and recommend to the board whether the audited financial statements should be included in our Form 10-KSB;
- o discussing with management and the independent auditor significant financial reporting issues and judgments made in connection with the preparation of our financial statements;
- o discussing with management and the independent auditor the effect on

Edgar Filing: CPI AEROSTRUCTURES INC - Form DEF 14A

our financial statements of (i) regulatory and accounting initiatives and (ii) off-balance sheet structures;

- o discussing with management major financial risk exposures and the steps management has taken to monitor and control such exposures, including our risk assessment and risk management policies;
- o reviewing disclosures made to the audit committee by our chief executive officer and chief financial officer during their certification process for our Form 10-KSB and Form 10-QSB about any significant deficiencies in the design or operation of internal controls or material weaknesses therein and any fraud involving management or other employees who have a significant role in our internal controls;

8

- o verifying the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law;
- o reviewing and approving all related-party transactions;
- o inquiring and discussing with management our compliance with applicable laws and regulations; and
- o establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or reports which raise material issues regarding our financial statements or accounting policies.

Management has reviewed the audited financial statements in the annual report with the audit committee including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant accounting judgments and estimates, and the clarity of disclosures in the financial statements. In addressing the quality of management's accounting judgments, members of the audit committee asked for management's representations and reviewed certifications prepared by the chief executive officer and chief financial officer that the unaudited quarterly and audited consolidated financial statements of the company fairly present, in all material respects, the financial condition and results of operations of the company, and have expressed to both management and auditors their general preference for conservative policies when a range of accounting options is available.

In performing all of these functions, the audit committee acts only in an oversight capacity. The committee reviews our annual reports and generally reviews our quarterly reports prior to filing with the Securities and Exchange Commission. In its oversight role the audit committee relies on the work and assurances of our management, which has the primary responsibility for financial statements and reports, and of the independent auditors, who, in their report, express an opinion on the conformity of our annual financial statements to generally accepted accounting principles. Our audit committee meets and holds discussions with management and our independent auditors. Management represented to the committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). Our independent auditors also provided the audit committee with the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees)

Edgar Filing: CPI AEROSTRUCTURES INC - Form DEF 14A

and the committee discussed with the independent auditors and management the auditors' independence, including with regard to fees for services rendered during the fiscal year and for all other professional services rendered by our independent auditors. In reliance on these reviews and discussions and the report of the independent auditors, the audit committee has recommended to the board of directors, and the board has approved, that the audited consolidated financial statements be included in our annual report on Form 10-KSB for the fiscal year ended December 31, 2002, for filing with the Securities and Exchange Commission.

Mr. Fred will receive a bonus equal to 3% of our net income for the year ending December 31, 2003 and 4% of our net income for the years ending December 31, 2004 and 2005. Pursuant to the terms of Messrs. August's and Fred's employment agreements, if a change of control (as such term is defined in the agreements) occurs prior to a termination by CPI without "cause" or by the employee for "good reason" (as such terms are defined in the agreements), we must pay the employee a lump sum equal to three times the total compensation (including salary and bonus) earned by him during the last full calendar year of their employment.

Edgar Filing: CPI AEROSTRUCTURES INC - Form DEF 14A

Mr. August agreed that he would not compete with us during the term of his employment with us and for a period of five years thereafter. As consideration for his agreement not to compete with us for an extended period of time, we agreed to pay Mr. August \$300,000 in five, equal annual installments of \$60,000 commencing on the date of termination. Mr. Fred agreed not to compete with us during the term of his employment and for two years thereafter.

Timothy Stone was appointed president of Kolar on July 10, 2000. Pursuant to an employment agreement, which expires on April 30, 2003, Mr. Stone receives an annual salary of \$132,300. Mr. Stone is now overseeing the liquidation of Kolar's assets.

Employee Benefit Plans

In October 2000, we adopted the Greit Plan for the purpose of offering senior management a deferred compensation death benefit plan that would provide a tax-free benefit for senior management and which would be tax-neutral to us. Pursuant to the plan, we made a non-interest bearing loan to Arthur August in the amount of \$150,000, which Mr. August used to purchase a Greit Plan. This plan has since been terminated and the surrender value of the Greit Plan has been returned to Mr. August. Mr. August has placed the proceeds from the surrender value in an annuity in our name, which will appreciate to at least \$150,000 by September 2011 in order to repay the loan made to him. Mr. August also assigned to us an insurance policy on his life in the amount of \$150,000 and agreed to maintain it until the date upon which the annuity matures. Accordingly, the loan to Mr. August will be repaid upon the maturity date of the annuity or upon the death of Mr. August, whichever occurs first.

Certain Transactions

For information concerning employment agreements with, compensation of, and stock options granted to our executive officers and directors, see "Executive Compensation -- Employment Agreements; and Stock Options."

Prior to our February 2003 public offering, Ralok, Inc. had the right to acquire 333,334 of our common shares by converting a promissory note it received in connection with our purchase of Kolar Machine, Inc. in the principal amount of \$4 million. Accordingly, Mr. Liguori, the President of Ralok, was deemed the beneficial owner of 10.6% of our common shares. On February 19, 2003, with the proceeds we received from our public offering, we purchased the \$4 million convertible promissory note (which had accrued interest in the amount of \$1,131,233 at such date) for \$2,700,000 and at that date Mr. Liguori ceased to be deemed a beneficial owner of 10.6% of our common shares.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers and persons who beneficially own more than ten percent of our common stock to file initial reports of ownership and reports of changes in ownership of common stock with the Securities and Exchange Commission. Executive officers, directors and greater-than-ten percent shareholders are required by SEC regulations to furnish us with copies of all reports they file. Based solely on our copies of forms received or written representations from certain reporting persons that no Form 5's were required for those persons, we believe that, during the fiscal year ended December 31, 2002, all filing requirements applicable to our officer, directors and greater than ten percent beneficial owners were complied with, except that Kenneth McSweeney, one of our directors, filed two Form 4s late, which Form 4s reported a total of two transactions.

The representative will have the opportunity to make a statement and will be available to respond to appropriate questions from shareholders.

principal office in Edgewood, New York, no later than March 12, 2004.

SOLICITATION OF PROXIES

In addition to the use of the mails, proxies may be solicited personally or by telephone using the services of our directors, officers and regular employees at nominal cost. Banks, brokerage firms and other custodians, nominees and fiduciaries will be reimbursed by us for expenses incurred in sending proxy material to beneficial owners of our common stock.

OTHER MATTERS

The board of directors knows of no matter which will be presented for consideration at the meeting other than the matters referred to in this proxy statement. Should any other matter properly come before the meeting, it is the intention of the persons named in the accompanying proxy to vote the proxy in accordance with their best judgment.
