NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS

(In the notes all amounts are shown in U.S. dollars, unless otherwise stated)

1 General information

Tenaris S.A. (the "Company") was established as a public limited liability company (Société Anonyme) under the laws of the Grand-Duchy of Luxembourg on December 17, 2001. The Company holds, either directly or indirectly, controlling interests in various subsidiaries in the steel pipe manufacturing and distribution businesses. References in these Consolidated Condensed Interim Financial Statements to "Tenaris" refer to Tenaris S.A. and its consolidated subsidiaries. A list of the principal Company's subsidiaries is included in Note 30 to the Company's audited Consolidated Financial Statements for the year ended December 31, 2012.

The Company's shares trade on the Buenos Aires Stock Exchange, the Italian Stock Exchange and the Mexican Stock Exchange; the Company's American Depositary Securities ("ADS") trade on the New York Stock Exchange.

These Consolidated Condensed Interim Financial Statements were approved for issuance by the Company's board of directors on May 1, 2013.

2 Accounting policies and basis of presentation

These Consolidated Condensed Interim Financial Statements have been prepared in accordance with IAS 34, "Interim Financial Reporting". The accounting policies used in the preparation of these Consolidated Condensed Interim Financial Statements are consistent with those used in the audited Consolidated Financial Statements for the year ended December 31, 2012, except for changes described below. These Consolidated Condensed Interim Financial Statements should be read in conjunction with the audited Consolidated Financial Statements for the year ended December 31, 2012, which have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standard Board ("IASB") and adopted by the European Union ("EU").

The preparation of Consolidated Condensed Interim Financial Statements in conformity with IFRS requires management to make certain accounting estimates and assumptions that might affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the balance sheet dates, and the reported amounts of revenues and expenses for the reported periods. Actual results may differ from these estimates.

Material inter-company transactions, balances and unrealized gains (losses) on transactions between Tenaris's subsidiaries have been eliminated in consolidation. However, since the functional currency of some subsidiaries is its respective local currency, some financial gains (losses) arising from inter-company transactions are generated. These are included in the Consolidated Condensed Interim Income Statement under Other financial results.

The comparative amounts have been reclassified to conform to changes in presentation in the current year.

Accounting pronouncements applicable as from January 1, 2013 and relevant for Tenaris

IAS 1, "Financial statement presentation"

In June 2011, the IASB issued IAS 1 (amended 2011), "Financial statement presentation". The amendment requires entities to separate items presented in Other comprehensive income into two groups, based on whether or not they may be recycled to profit or loss in the future. See impact of the application in the Consolidated Condensed Interim Statement of Other Comprehensive Income.

IAS 19 (amended 2011), “Employee benefits”

In June 2011, the IASB issued IAS 19 (amended 2011), “Employee benefits”, which makes significant changes to the recognition and measurement of defined benefit pension expense and termination benefits, and to the disclosures for all employee benefits. IAS 19 (amended 2011) was applied retrospectively, as indicated in the transitional provisions of such IFRS. These changes are related to recognizing in other comprehensive income of the period in which they arise the actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions. Past-service costs are recognized immediately in income.

IAS 19 (amended 2011), "Employee benefits" (Cont.)

As from January 1, 2013, the Company adopted IAS 19 (amended 2011). The effect of these changes in the recognition and measurement of pension obligations and other post-employment obligations was \$60.7 million (\$77.0 million in other long term liabilities net of a deferred income tax of \$22.3 million and \$6.0 million related to the adoption of IAS 19 in associated companies) and \$50.2 million (\$63.6 million in other long term liabilities net of a deferred income tax of \$18.6 million and \$5.2 million related to the adoption of IAS 19 in associated companies) for 2012 and 2011, respectively.

IFRS 10, "Consolidated financial statements", IFRS 11, "Joint arrangements" and IFRS 12, "Disclosure of interests in other entities".

The application of these standards did not materially affect the Company's financial condition or results of operations.

IFRS 13, "Fair value measurement"

In May 2011, the IASB issued IFRS 13, "Fair value measurement". This standard explains how to measure fair value and aims to enhance fair value disclosures.

IFRS 13 requires for financial instruments that are measured at fair value, a disclosure of fair value measurements by level. See Section III.C. and D. to the Consolidated Financial Statements as of December 31, 2012 for definitions of levels of fair values and figures at that date.

The following table presents the assets and liabilities that are measured at fair value as of March 31, 2013:

| March 31, 2013 | Level 1 | Level 2 | Level 3 | Total |
|--|------------------|----------------|---------------|------------------|
| Assets | | | | |
| Cash and cash equivalents | 948,777 | - | - | 948,777 |
| Other investments | 560,138 | 242,853 | 2,532 | 805,523 |
| Foreign exchange derivatives contracts | - | 19,729 | - | 19,729 |
| Available for sale assets (*) | - | - | 21,572 | 21,572 |
| Total | 1,508,915 | 262,582 | 24,104 | 1,795,601 |
| Liabilities | | | | |
| Foreign exchange derivatives contracts | - | 10,714 | - | 10,714 |
| Total | - | 10,714 | - | 10,714 |

(*) For further detail regarding Available for sale assets, see Note 13.

The following table presents the changes in Level 3 assets:

| | As of March 31, 2013 Assets |
|---------------------------------|--------------------------------------|
| At the beginning of the period | 24,175 |
| Loss for the period | (43) |
| Currency translation adjustment | (28) |
| At the end of the period | 24,104 |

Borrowings are classified under other financial liabilities and measured at their carrying amount. Tenaris estimates that the fair value of its main financial liabilities is approximately 101% of its carrying amount including interests accrued as of March 31, 2013. Tenaris estimates that a change of 100 basis points in the reference interest rates would have an estimated impact of approximately 0.2% in the fair value of borrowings as of March 31, 2013. Fair values were calculated using standard valuation techniques for floating rate instruments and comparable market rates for discounting flows.

3 Segment Information

As explained in Section II.C. of the audited Consolidated Financial Statements for the year ended December 31, 2012, as from September 2012, following the acquisition of the non-controlling interests in Confab and its further delisting and after including the operations of the formerly Projects segment into Tubes, the Company is organized in one major business segment, Tubes, which is also the reportable operating segment.

Reportable operating segment

10 Contingencies, commitments and restrictions to the distribution of profits

Contingencies

This note should be read in conjunction with Note 26 to the Company's audited Consolidated Financial Statements for the year ended December 31, 2012.

Conversion of tax loss carry-forwards

On December 18, 2000, the Argentine tax authorities notified Siderca S.A.I.C., a Tenaris subsidiary organized in Argentina ("Siderca"), of an income tax assessment related to the conversion of tax loss carry-forwards into Debt Consolidation Bonds under Argentine Law No. 24.073. The adjustments proposed by the tax authorities represent an estimated contingency of approximately Argentinean pesos ("ARS") 119 million (approximately \$23 million) at March 31, 2013, in taxes and penalties. Tenaris believes that it is not probable that the ultimate resolution of the matter will

result in an obligation. Accordingly, no provision was recorded in these Consolidated Condensed Interim Financial Statements.

10 Contingencies, commitments and restrictions to the distribution of profits (Cont.)

Commitments

A Tenaris company entered into a contract with Siderar, a subsidiary of Ternium S.A. (“Ternium”) for the supply of steam generated at the power generation facility that Tenaris owns in the compound of the Ramallo facility of Siderar. Under this contract, Tenaris is required to provide to Siderar 250 tn/hour of steam through 2018, and Siderar has the obligation to take or pay this volume. 11 Acquisition of participation in Usiminas

On January 16, 2012, Tenaris’s Brazilian subsidiary, Confab acquired 25 million ordinary shares of Usiminas, representing 5.0% of the shares with voting rights and 2.5% of the total share capital. The price paid for each ordinary share was Brazilian reais (“BRL”) 36, representing a total cost to Confab of \$504.6 million. Confab financed the acquisition through an unsecured 5-year term loan in the principal amount of \$350 million and cash on hand.

This acquisition is part of a larger transaction pursuant to which Ternium, certain of its subsidiaries and Confab joined Usiminas’s existing control group through the acquisition of ordinary shares representing 27.7% of Usiminas’ total voting capital and 13.8% of Usiminas’ total share capital. In addition, Ternium, its subsidiaries and Confab entered into an amended and restated Usiminas shareholders’ agreement with Nippon Steel, Mitsubishi, Metal One and Caixa dos

Empregados da Usiminas (“CEU”), an Usiminas employee fund, governing the parties’ rights within the Usiminas control group. As a result of these transactions, the control group, which holds 322.7 million ordinary shares representing the majority of Usiminas’ voting rights, is now formed as follows: Nippon Group 46.1%, Ternium/Tenaris Group 43.3%, and CEU 10.6%. The rights of Ternium and its subsidiaries and Confab within the Ternium/Tenaris Group are governed under a separate shareholders agreement.

11 Acquisition of participation in Usiminas (Cont.)

On April 25, 2013, Usiminas published its interim accounts as of and for the three months period ended March 31, 2013, which indicate that revenues, post-tax losses from continuing operations and net assets amounted to \$1.599 million, \$77 million and \$8.217 million, respectively. As of March 31, 2013, the Company's investment in Usiminas, amounted to \$349.6 million.

Tenaris Brazilian subsidiary, Confab, was notified of a lawsuit filed in Brazil by Companhia Siderúrgica Nacional (CSN) and various entities affiliated with CSN against this subsidiary and various subsidiaries of Ternium. The entities named in the CSN lawsuit had acquired a participation in Usiminas in January 2012.

The CSN lawsuit alleges that, under applicable Brazilian laws and rules, the acquirers were required to launch a tag-along tender offer to all minority holders of Usiminas ordinary shares for a price per share equal to 80% of the price per share paid in such acquisition, or BRL28.8, and seeks an order to compel the acquirers to launch an offer at that price plus interest. If so ordered, the offer would need to be made to 182,609,851 ordinary shares of Usiminas not belonging to Usiminas' control group, and Confab would have a 17.9% share in the offer. On March 20, 2013, Confab and other defendants filed their response to the CSN lawsuit. Tenaris believes that CSN's allegations are groundless and without merit, as confirmed by several opinions of Brazilian counsel and previous decisions by Brazil's securities regulator Comissão de Valores Mobiliários, including a February 2012 decision determining that the above mentioned acquisition did not trigger any tender offer requirement. Accordingly, no provision was recorded in these Consolidated Condensed Interim Financial Statements.

13 Nationalization of Venezuelan Subsidiaries

In May 2009, within the framework of Decree Law 6058, Venezuela's President announced the nationalization of, among other companies, the Company's majority-owned subsidiaries TAVSA - Tubos de Acero de Venezuela S.A. ("Tavsa") and, Matesi Materiales Siderúrgicos S.A ("Matesi"), and Complejo Siderúrgico de Guayana, C.A ("Comsigua"), in which the Company has a non-controlling interest (collectively, the "Venezuelan Companies").

In July 2009, Decree 6796 was issued, which ordered the acquisition of the Venezuelan Companies' assets and provided that Tavsa's assets would be held by the Ministry of Energy and Oil, while Matesi and Comsigua's assets would be held by the Ministry of Basic Industries and Mining. Decree 6796 also required the Venezuelan government to create certain committees at each of the Venezuelan Companies; each transition committee must ensure the nationalization of each Venezuelan Company and the continuity of its operations, and each technical committee (to be

composed of representatives of Venezuela and the private sector) must negotiate over a 60-day period (extendable by mutual agreement) a fair price for each Venezuelan Company to be transferred to Venezuela. In the event the parties failed to reach agreement by the expiration of the 60-day period (or any extension thereof), the applicable Ministry would assume control and exclusive operation of the relevant Venezuelan Company, and the Executive Branch would be required to order their expropriation in accordance with the Venezuelan Expropriation Law. The Decree also specifies that all facts and activities thereunder are subject to Venezuelan law and any disputes relating thereto must be submitted to Venezuelan courts.

13 Nationalization of Venezuelan Subsidiaries (Cont.)

In August 2009, Venezuela, acting through the transition committee appointed by the Minister of Basic Industries and Mines of Venezuela, unilaterally assumed exclusive operational control over Matesi, and in November, 2009, Venezuela, acting through PDVSA Industrial S.A. (a subsidiary of Petróleos de Venezuela S.A.), formally assumed exclusive operational control over the assets of Tavsá.

In 2010, Venezuela's National Assembly declared Matesi's assets to be of public and social interest and ordered the Executive Branch to take the necessary measures for the expropriation of such assets. In June 2011, Decree 8280 was issued, which orders the expropriation of Matesi's assets as may be required for the implementation of a state-owned project for the production, sale and distribution of briquettes, and further instructs to commence negotiations and take any actions required for the acquisition of such assets.

Tenaris's investments in the Venezuelan companies are protected under applicable bilateral investment treaties, including the bilateral investment treaty between Venezuela and the Belgium-Luxembourg Economic Union, and Tenaris continues to reserve all of its rights under contracts, investment treaties and Venezuelan and international law. Tenaris has also consented to the jurisdiction of the International Centre for Settlement of Investment Disputes ("ICSID") in connection with the nationalization process.

In August 2011, Tenaris and its wholly-owned subsidiary Talta - Trading e Marketing Sociedad Unipessoal Lda (Talta), initiated arbitration proceedings against Venezuela before the ICSID in Washington D.C., pursuant to the bilateral investment treaties entered into by Venezuela with the Belgium-Luxembourg Economic Union and Portugal. In these proceedings, Tenaris and Talta seek adequate and effective compensation for the expropriation of their investment in Matesi. This case was registered by the ICSID on September 30, 2011.

In July 2012, Tenaris and Talta initiated separate arbitration proceedings against Venezuela before the ICSID, seeking adequate and effective compensation for the expropriation of their respective investments in Tavsá and Comsigua. This case was registered by the ICSID on August 27, 2012.

Based on the facts and circumstances described above and following the guidance set forth by IAS 27R, the Company ceased consolidating the results of operations and cash flows of the Venezuelan Companies as from June 30, 2009, and classified its investments in the Venezuelan Companies as financial assets based on the definitions contained in paragraphs 11(c)(i) and 13 of IAS 32.

The Company classified its interests in the Venezuelan Companies as available-for-sale investments since management believes they do not fulfill the requirements for classification within any of the remaining categories provided by IAS 39 and such classification is the most appropriate accounting treatment applicable to non-voluntary dispositions of assets.

Tenaris or its subsidiaries have net receivables with the Venezuelan Companies as of March 31, 2013 for a total amount of approximately \$28 million.

The Company records its interest in the Venezuelan Companies at its carrying amount at June 30, 2009, and not at fair value, following the guidance set forth by paragraphs 46(c), AG80 and AG81 of IAS 39.
