Digimarc Corporation (the Company) was not able to file its Form 10-Q for the quarterly period ended March 31, 2005 by the prescribed due date of May 10, 2005 primarily because of (i) a later than normal start in work on the first quarter reporting process due to the delay in completing the Company's Form 10-K for the year ended December 31, 2004 and (ii) ongoing work of the Company and its independent registered public accounting firm, KPMG LLP, under Section 404 of the Sarbanes-Oxley Act, including the work related to the Company expected filing on May 16, 2005 of the internal control reports required by Section 404 pursuant to an amendment to the Company's 2004 Form 10-K.

The Company is working diligently to complete its financial statements for the first quarter of 2005. Although the Company was not able to file its Form 10-Q by the prescribed due date, the Company expects to file its Form 10-Q on May 16, 2005.

If answer is no, identify report(s).

Yes No

The Company's Form 10-K for the year ended December 31, 2004 that was filed on April 7, 2005, does not include management's report on its assessment of the effectiveness of internal control over financial reporting and the related auditor attestation report as required by Section 404 of the Sarbanes-Oxley Act.

- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company anticipates that there will be significant changes in its results of operations for the first quarter of 2005 compared to the first quarter of 2004. The Company has presented below certain preliminary financial indicators for the first quarter of 2005. These indicators are estimates which are being provided subject to the Company's analysis, and the continuing review by the Company's independent registered public accounting firm. The final first quarter results may vary materially from these estimates. All references to results for the first quarter of 2004 give effect to the Company's previously announced restatement.

The Company anticipates total revenue for the first quarter ended March 31, 2005 will reflect an increase compared with revenues of \$23.7 million (as restated) for the first quarter ended March 31, 2004. The Company also anticipates a substantial increase in the net loss for the first quarter of 2005 compared with a net loss of approximately \$786,000 (as restated), or approximately \$(0.04) per basic and diluted share (as restated) for the first quarter of 2004. The larger net loss was due primarily to increased investments in research and development and marketing, and expenses related to services provided for the restatement, increased audit and accounting fees, increased legal fees, costs of compliance with Section 404 of the Sarbanes-Oxley Act and higher staffing levels.
