**Item 8.01 Other Events.**

At the Cowen & Co. 26th Annual Health Care Conference on March 7, 2006, Dr. Ron Cohen, Chief Executive Officer of the Registrant, gave an update with respect to certain financial and other information concerning the Registrant. The Registrant is providing certain of these updates and other related information as follows:

Dr. Cohen discussed the Registrant's cash and shipments as of and for the year ended December 31, 2005 but inadvertently characterized the amount and nature of these items. For the year ended December 31, 2005, gross sales from Zanaflex Capsules and Zanaflex tablets were \$5.9 million (unaudited) and the deferred revenue balance as of December 31, 2005 was \$16.7 million (unaudited). Shipments of Zanaflex Capsules and Zanaflex tablets were \$18.1 million (unaudited) for the year ended December 31, 2005. As of December 31, 2005, the Registrant had \$13.8 million (unaudited) in cash and cash equivalents.

Dr. Cohen stated that the Registrant is aiming to commence a chondroitinase Phase 1 clinical trial by the end of 2007. He also stated that the Registrant believes that it can obtain an IND for a neuregulin Phase 1 clinical trial within the next 12 months. Both of these programs are in the preclinical stage and will require further development and preclinical studies before they can be advanced to the clinic. The progression of these programs to an IND and the clinic depends on a number of factors, including the availability of adequate financing and the results of preclinical tests of these compounds as to their safety. Because the progression of these preclinical programs to an IND and to clinical trials depends on a number of factors, there can be no assurance that these goals will be accomplished in these time frames, if at all.
