PROXY STATEMENT

Dated March 31, 2006

**For the Annual Meeting of Stockholders
To Be Held on May 16, 2006**

GENERAL INFORMATION

Our 2006 Annual Meeting of Stockholders (the "Annual Meeting") will be held at our offices at Suite 10, 454 South Anderson Road, Rock Hill, South Carolina 29730 at 10:00 a.m., Eastern Daylight Time, on May 16, 2006. This Proxy Statement is being furnished to the holders of our Common Stock and Preferred Stock (as these terms are defined below) in connection with the solicitation of proxies by our Board of Directors for use at the Annual Meeting and any adjournments or postponements thereof. This Proxy Statement and the enclosed proxy card are first being mailed to stockholders on or about March 31, 2006.

VOTING SECURITIES

The Common Stock and the Preferred Stock are our only voting securities currently outstanding. As of the close of business on March 20, 2006, the record date for the Annual Meeting, there were 15,436,001 shares of Common Stock and 2,616,516 shares of Preferred Stock issued and outstanding. Holders of record of shares of our Common Stock, par value \$0.001 per share (the "Common Stock"), and Series B Convertible Preferred Stock, par value \$0.001 per share (the "Preferred Stock"), outstanding as of the record date are entitled to notice of and to vote at the Annual Meeting.

Each share of Common Stock and each share of Preferred Stock is entitled to one vote on each matter to be voted on at the Annual Meeting. The Common Stock and Preferred Stock will vote together as a single class on all matters to be voted on at the Annual Meeting. Therefore, an aggregate of 18,052,517 votes could possibly be cast at the Annual Meeting.

VOTING MATTERS

Your vote is very important. Stockholders of record may vote by telephone or by mail. A toll-free telephone number is included on the enclosed proxy card for telephone voting. If you wish to vote by mail, you may use the enclosed proxy card and the enclosed postage-paid return envelope. You may save us the expense of a second mailing if you vote promptly.

Record Date

The Board of Directors has fixed the close of business on March 20, 2006 as the record date for determining the stockholders entitled to notice of and to vote at the Annual Meeting. As required by Delaware law, a list of the stockholders of record as of the record date will be kept at our principal office at 26081 Avenue Hall, Valencia, California 91355 for a period of ten days prior to the Annual Meeting.

Quorum

A majority in voting power of the outstanding shares of Common Stock and Preferred Stock present in person or represented by proxy, which equates to 9,026,259 shares of such securities, will constitute a quorum for the transaction of business at the Annual Meeting.

Vote Required

The votes required to approve the matters to be considered at the Annual Meeting are as follows:

- *Election of Directors.* The directors are elected by a plurality of the votes cast in the election.
- *Ratification of Selection of Auditors.* The ratification of the appointment of the independent registered public accounting firm must be approved by the affirmative vote of the holders of a majority of the votes cast at the Annual Meeting.
- *Voting on Other Matters.* If any other matters are properly presented for consideration at the Annual Meeting, the proxy holders named in the enclosed proxy card will have the discretion to vote your shares on those matters in accordance with the Board of Directors' recommendations on any such matters. If the Board of Directors does not make a recommendation on any such matters, the proxy holders will be entitled to vote in their discretion on those matters. We do not know of any other matters to be presented for consideration at the Annual Meeting.

Voting Policies

Regardless of the method by which you vote, if you specify the manner in which your shares are to be voted on a matter, the shares represented by your proxy will be voted in accordance with your instructions. If you grant an otherwise valid proxy without giving specific voting instructions, your shares will be voted FOR the election of the director nominees described below and FOR the ratification of the selection of the Company's independent registered public accounting firm.

If you hold your shares in a brokerage account or through another nominee holder, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker or other nominee holder along with a voting instruction card. As the beneficial owner, you have the right to direct your broker or nominee how to vote your shares, and that party is required to vote your shares in accordance with your instructions.

In limited circumstances, a nominee holder is entitled to vote your shares in the absence of specific voting instructions from you on matters that are considered routine. The Company understands that each of the two proposals that are to be voted on at the Annual Meeting are considered to be routine proposals. Accordingly, if you do not give specific voting instructions to your broker or other nominee holder, that party will be entitled to vote your shares in its discretion on the election of directors and the ratification of the appointment of our independent registered public accounting firm.

Multiple Accounts

Stockholders who hold shares in more than one account, shares that are registered in different names or shares that are held through one or more banks, brokerage firms or other nominees may receive more than one proxy card or voting instruction card for shares that they own. **Please sign, date and return all proxy cards and voting instruction cards that you receive to ensure that all of your shares are represented and voted at the Annual Meeting. Stockholders who hold shares through a nominee may also be given the alternative of voting by telephone or via the Internet.**

Voting by Telephone

For stockholders of record, you may vote by calling the toll-free number listed on the proxy card. Telephone voting is available 24 hours a day, seven days a week, except that no telephone votes will be accepted after Midnight, Eastern Daylight Time, on Monday, May 15, 2006, the day prior to the Annual Meeting.

Easy-to-follow voice prompts allow you to vote your shares and confirm that your voting instructions have been properly recorded. Our telephone voting procedures are designed to authenticate stockholders by using the individual control numbers provided on each proxy card. Accordingly, please have your proxy card available when you call. If you vote by telephone, you do not need to return your proxy card. Please see the enclosed proxy card for additional telephone voting instructions.

Voting by Mail

If you are a stockholder of record and choose to vote by mail, simply mark, sign and date the enclosed proxy card, and return it in the enclosed postage-paid envelope. As stated above, if you sign, date and mail your proxy card without indicating how you want to vote, your proxy will be voted FOR the nominees for election to the Board of Directors described below and FOR the ratification of the selection of BDO Seidman, LLP as our independent registered public accounting firm for 2006, as described below. On any other matters that properly may come before the Annual Meeting, your proxy will be voted as recommended by the Board of Directors or, if no recommendation is made, in the discretion of the proxy holders named on the enclosed proxy card.

If You Wish to Revoke Your Proxy

Regardless of the method you use to vote, you may later revoke your proxy at any time before your shares are voted at the Annual Meeting by (i) voting by telephone at a later time; (ii) submitting a properly signed proxy with a later date; or (iii) if you are a stockholder of record (or hold a valid proxy from the nominee who holds your shares in their name), voting in person at the Annual Meeting. Please remember that, as described above, there will be no telephone voting available after Midnight, Eastern Daylight Time, on Monday, May 15, 2006, the day prior to the Annual Meeting.

Voting in Person at the Annual Meeting

Any stockholder of record may vote in person at the Annual Meeting whether or not he or she has previously voted, and regardless of whether the prior vote was by telephone or by mail. If you hold your shares in street name, that is, if you hold your shares through a bank, broker or other nominee holder, you must obtain a written proxy, executed in your favor, from the nominee holding your shares in order to vote your shares in person at the Annual Meeting.

Broker Non-Votes; Abstentions

Abstentions, votes withheld and broker non-votes will be treated as being present for the purpose of determining the presence of a quorum at the Annual Meeting.

Shares voted For, Against, Abstain, or Withhold are treated as votes cast at the Annual Meeting with respect to the matter in question. Broker non-votes occur when a bank, broker or other nominee holder has not received voting instructions with respect to a particular matter and the nominee holder does not have discretionary power to vote on that matter. Broker non-votes, however, are not treated as votes cast at the Annual Meeting.

Since broker non-votes are not treated as votes cast at the Annual Meeting, they will have no effect on the election of directors, because the directors are elected by a plurality of the votes cast. For the same reason, votes to withhold with respect to the election of directors also will have no effect on the outcome of the election of directors. Since broker non-votes are not treated as votes cast, they also will have no effect on any matters before the Annual Meeting that require the affirmative vote of the majority of the total votes cast, such as ratification of the selection of the Company's independent registered public accounting firm. Abstentions on proposals that require the majority of the votes cast will have the same effect as a vote against such proposals.

DIRECTOR INDEPENDENCE

The Board of Directors is comprised of a majority of independent directors. The Board has determined that Ms. Gold and Messrs. Kever, Loewenbaum, Moore, Spalding and Van Riper are independent directors as defined in the listing standards of the National Association of Securities Dealers, Inc. (NASD) and that such persons have no relationships with the Company that, in the opinion of the Board, would interfere with their exercise of independent judgment in carrying out their responsibilities as a director.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors maintains an Audit Committee, a Corporate Governance and Nominating Committee, a Compensation Committee and a Finance Committee. The Board of Directors has determined that each of the members of these committees is an independent director, as described above. Each of these committees operates under a written charter that has been approved by the Board of Directors and is posted on our web site at *www.3DSystems.com*.

2005 Meetings of the Board of Directors

During 2005, the Board of Directors held seven meetings (excluding actions by unanimous written consent.) The Board of Directors holds executive sessions with only non-management directors in attendance at its regular meetings and at other meetings when circumstances warrant those sessions. Each member of the Board of Directors attended at least 75 percent of the aggregate number of meetings of the Board of Directors and of the committees of the Board on which he or she served during 2005.

Audit Committee

The principal responsibilities of the Audit Committee are to assist the Board of Directors in fulfilling its responsibilities for monitoring and overseeing our systems of internal accounting and financial controls; our public reporting processes; the retention, performance, qualifications and independence of our independent registered public accounting firm; the performance of our internal audit function; the annual independent audit of our consolidated financial statements; the integrity of our consolidated financial statements; and our compliance with legal and regulatory requirements. The Audit Committee has the ultimate authority and responsibility to select, evaluate and approve the terms of retention and compensation of, and, where appropriate, replace our independent registered public accounting firm, subject to ratification of the selection of that public accounting firm by our stockholders at the annual meeting of stockholders.

The current members of the Audit Committee are Messrs. Spalding (Chairman), Kever and Moore. The Board of Directors has determined that all members of the Audit Committee meet the independence standards for audit committee members set forth in The Sarbanes-Oxley Act of 2002 and in the listing standards of the NASD. The Board of Directors has also determined that each member of the Audit Committee is an audit committee financial expert as defined in Item 401(h)(1) of Regulation S-K and therefore meets the NASD listing standards requirement of having accounting or related financial management expertise. The Audit Committee held seven meetings in 2005 (excluding actions by unanimous written consent.) During 2005, the Audit Committee also held private sessions with our independent registered public accounting firm and the Director of Internal Audit at several of its meetings, and the Chairman of the Audit Committee holds regular conferences with the Director of Internal Audit.

The report of the Audit Committee is set forth beginning on page 32 of this Proxy Statement.

Corporate Governance and Nominating Committee

The principal responsibilities of the Corporate Governance and Nominating Committee are to assist the Board of Directors in identifying individuals qualified to become Board members, to recommend to the Board of Directors nominees to be elected at annual meetings of stockholders and to fill vacancies or newly created directorships at other times; to recommend to the Board the corporate governance guidelines applicable to the Company; to lead the Board of Directors in its annual review of the performance of the Board of Directors and its committees; and to recommend to the Board of Directors nominations of the directors to serve on each committee. The current members of the Corporate Governance and Nominating Committee are Messrs. Moore (Chairman), Kever and Ms. Gold, each of whom is an independent director as defined in the listing standards of the NASD. The Corporate Governance and Nominating Committee held two meetings in 2005 (excluding actions by unanimous written consent.)

The Committee will consider director nominees recommended by stockholders in accordance with a policy adopted by the Board. Recommendations should be submitted to the Corporate Secretary of the Company in writing at our offices in Valencia, California, along with additional required information about the nominee and the stockholder making the recommendation. A copy of our stockholder nomination policy is posted on our web site at www.3DSystems.com.

The Committee and the Board have also approved qualifications for nomination to the Board. A copy of those qualifications is posted on our web site at www.3DSystems.com. The process by which the Committee identifies and evaluates nominees for director is the same regardless of whether the nominee is recommended by a stockholder. When the Board or the Committee has identified the need to add a new Board member with specific qualifications or to fill a vacancy on the Board, the chairman of the Committee will initiate a search, seeking input from other directors and senior management and hiring a search firm, if necessary. The initial list of candidates that satisfy the specific criteria, if any, and otherwise qualify for membership on the Board will be identified by the Committee. At least one member of the Committee (generally the chairman) and the Chief Executive Officer will interview each qualified candidate. Other directors will also interview the candidate if possible. Based on a satisfactory outcome of those reviews, the Committee will make its recommendation for approval of the candidate to the Board.

Our By-Laws include a procedure that stockholders must follow in order to nominate a person for election as a director at an annual meeting of stockholders, other than a nomination submitted by a stockholder to the Corporate Governance and Nominating Committee under the policy and procedure described above. The By-Laws require that timely notice of the nomination in proper written form including all required information be provided to the Secretary of the Company. A copy of our By-Laws is posted on our web site at www.3DSystems.com.

Compensation Committee

The Compensation Committee is comprised solely of independent directors, as that term is defined in the listing standards of the NASD and Section 162(m) of the Internal Revenue Code. The members of the Compensation Committee are also Non-Employee Directors as defined in Rule 16b-3(b)(3)(i) promulgated under the Securities Exchange Act of 1934, as amended. The principal responsibilities of the Compensation Committee are to determine the compensation of all executive officers and of the other employees of the Company or any of our subsidiaries with a base annual salary of \$200,000 or more; to review the performance and compensation of the Chief Executive Officer; to administer our equity compensation plans and to authorize the issuance of shares of Common Stock under those plans; and to perform the duties and responsibilities of the Board of Directors under our Section 401(k) Plan. Consistent with the requirements of the listing standards of the NASD, the Chief Executive Officer may not be present during voting or deliberations regarding his or her compensation. The members of the

Compensation Committee are Ms. Gold (Chair) and Messrs. Moore and Van Riper. The Compensation Committee held five meetings in 2005 (excluding actions by unanimous written consent.)

The report of the Compensation Committee on executive compensation is set forth beginning on page 21 of this Proxy Statement.

Compensation Committee Interlocks and Insider Participation

None of our current executive officers served during 2005 as a director of any entity with which any of our outside directors is associated, and none of the members of the Compensation Committee has been an officer or employee of the Company or any of our subsidiaries.

Finance Committee

The principal responsibilities of the Finance Committee are to monitor capital requirements and opportunities relating to our business and to review and provide guidance to the Board of Directors and management with respect to financial policies, activities and transactions relating to the Company. The current members of the Finance Committee are Messrs. Van Riper (Chairman) and Kever, each of whom is an independent director as defined in the listing standards of the NASD. The Finance Committee held four meetings in 2005 (excluding actions by unanimous written consent.)

DIRECTOR COMPENSATION

Each of the independent directors (other than the Chairman of the Board) is entitled to receive a cash retainer of \$15,000 per year for serving as a director and a fee of \$1,500 for each regular or special Board meeting that he or she attends. The Chairman of the Audit Committee also receives a cash retainer of \$15,000 per year for serving as chairman of that Committee, each other member of the Audit Committee receives a cash retainer of \$5,000 per year for serving as a member of that committee, and the Chairs of the Compensation Committee, the Corporate Governance and Nominating Committee and the Finance Committee receive a cash retainer of \$5,000 per year for serving as the chairpersons of those committees. Each of these directors also receives a fee of \$1,500 for each committee meeting attended on a day other than a day on which a regular meeting of the Board of Directors is held. Ms. Gold and Messrs. Kever, Moore, Spalding and Van Riper receive these directors' fees.

Mr. Loewenbaum receives \$180,000 per year for his services as Chairman of the Board.

As discussed below, non-employee directors also participate in the Directors Stock Plan and, prior to its termination in 2004, participated in the 1996 Non-Employee Directors Stock Option Plan. Directors are also entitled to be reimbursed for their expenses of attendance at meetings of the Board of Directors or its committees.

The following table sets forth information concerning all compensation paid to each of our non-management directors for their services for each of the three years ended December 31, 2005 during which such persons served as directors:

Directors Stock Plan

At the May 19, 2004 Annual Meeting of Stockholders, the stockholders approved the Restricted Stock Plan for Non-Employee Directors (the Directors Stock Plan). Under this Plan, each director who is neither one of our officers or employees nor an officer or employee of any of our subsidiaries or affiliates (referred to in the Plan as a Non-Employee Director) is eligible to receive grants of Common Stock under the Plan as described below. Of the current directors, Ms. Gold and Messrs. Keever, Loewenbaum, Moore, Spalding and Van Riper are entitled to participate in this Plan and to receive stock grants, as follows:

- *Annual Grants.* Upon the adjournment of each annual meeting of the stockholders, each Non-Employee Director who has been elected a director at that annual meeting receives a grant of 3,000 shares of Common Stock.
- *Interim Grants.* Any Non-Employee Director who is first elected a director at other than an annual meeting receives on the date of election a pro rata portion of the annual grant that the director would have received if elected at an annual meeting.

- *Initial Grants.* Each newly elected Non-Employee Director receives an initial grant of 1,000 shares of Common Stock when he or she is first elected to the Board.

As a condition of each award under the Directors Stock Plan, each participant is required to pay an issue price equal to the \$0.001 par value per share of Common Stock issued under the Plan, to execute an agreement to hold the shares covered by such grant in accordance with the terms and conditions of the Plan (including without limitation restrictions on transferability provided for in the Plan) and to comply with certain other terms and conditions of the grant. The Plan authorizes the issuance of up to 200,000 shares of Common Stock for awards under the Plan, subject to adjustment in the event of changes in the Common Stock by reason of any stock dividend, stock split, combination of shares, reclassification, recapitalization, merger, consolidation, reorganization or liquidation. We record an amount equal to the fair market value of each award on the date of grant less the amount paid by the director for the number of shares awarded as director compensation expense in our accounts as of the date of grant.

The Directors Stock Plan does not prevent the Board of Directors from exercising its authority to approve the payment of additional fees to members of the Board of Directors, to adopt additional plans or arrangements relating to the compensation of directors or to amend the existing cash fees paid to directors.

The number of shares awarded to each Non-Employee Director since the adoption of the Plan in 2004 and their aggregate fair market value at December 31, 2005 (\$18.00 per share) is set forth in the following table:

Name	2004	2005	Value at December 31, 2005
G. Walter Loewenbaum, II	3,000	3,000	\$ 108,000
Miriam V. Gold	3,000	3,000	108,000
Jim D. Kever	3,000	3,000	108,000
Kevin S. Moore	3,000	3,000	108,000
Richard C. Spalding.	3,000	3,000	108,000
Daniel S. Van Riper.	2,323	3,000	95,814
Total	17,323	18,000	\$ 635,814

1996 Non-Employee Directors Stock Option Plan

Until its termination following the approval of the Directors Stock Plan at the 2004 Annual Meeting, we maintained the 1996 Non-Employee Directors Stock Option Plan, under which each Non-Employee Director received stock options covering 10,000 shares of Common Stock at the first meeting of the Board of Directors following each annual meeting of the stockholders. Ms. Gold and Messrs. Kever, Loewenbaum, Moore and Spalding participated in this Plan.

These options were granted with an exercise price equal to 100% of the fair market value of the Common Stock on the date of grant. These options vest as to one-third of the shares covered by each grant on the first, second and third anniversaries of the date of grant, and are thereafter exercisable until the tenth anniversary of the grant date, subject to certain limitations if the option holder ceases to be a director. This Plan was terminated (except with respect to outstanding options) upon the approval of the Directors Stock Plan by the stockholders at the 2004 Annual Meeting of Stockholders, and accordingly no options were granted under it subsequent to 2003.

The following table sets forth, for each of the current directors who received options under the 1996 Non-Employee Directors Stock Option Plan, certain information regarding the exercise during 2005 of stock options previously granted under that Plan, the number of shares of Common Stock underlying stock options previously granted under that Plan held at the end of 2005, and the fair market value of options

previously granted under that Plan held at the end of 2005 based upon the closing sales price (\$18.00 per share) of the Common Stock on The Nasdaq National Market on December 30, 2005. The value of in-the-money options at December 31, 2005 reported in the table is the amount by which the fair market value of those options at that date exceeded the exercise price of the options.

Name	Year ended December 31, 2005		Number of Securities Underlying Unexercised Options at December 31, 2005		Value of Unexercised In-the-Money Options at December 31, 2005	
	Shares Acquired on Exercise	Value Realized	Exercisable	Unexercisable	Exercisable	Unexercisable
Miriam V. Gold	3,333	\$ 4,083	64,166	3,334	\$ 409,250	\$ 32,907
Jim D. Keever			64,166	3,334	409,250	32,907
G. Walter Loewenbaum, II			6,666	3,334	65,793	32,907

Richard C. Spalding			24,854	3,334	126,627	32,907

Mr. Loewenbaum holds options covering an additional 225,000 shares of Common Stock that were awarded to him between 1999 and 2002, while he was an employee of the Company. At December 31, 2005, all of these options were exercisable with an in-the-money value of \$2,176,875, based on the difference between the aggregate exercise price of such options and the fair market value of the options based on the closing sales price (\$18.00 per share) of the Common Stock on December 30, 2005.

The shares acquired by Ms. Gold in 2005 were covered by an option that was scheduled to expire during 2005 at a date subsequent to its date of exercise.

EXECUTIVE COMPENSATION

Summary Compensation Table

The following table sets forth information concerning all compensation paid to the Chief Executive Officer, the Chief Financial Officer and to each of the other most highly compensated officers for services to the Company in all capacities for each of the three years ended December 31, 2005.

The Summary Compensation Table sets forth all amounts of annual salary and bonuses paid or accrued during each year with respect to each of the named executive officers as well as the value of Common Stock underlying options granted to them, calculated at the option grant date, during each year and the value of stock awards made to them with respect to each year calculated at the date of the award after deducting the purchase price for the shares awarded. The persons named in the Summary Compensation Table also participate in employee benefit programs that are provided to our employees generally. Except as noted below, Other Compensation does not include our cost of providing benefits that are generally available to our employees. Perquisites and other personal benefits not otherwise generally

(1) Total Compensation equals the sum of Annual Compensation, Long-Term Compensation and All Other Compensation set forth in the Summary Compensation Table for each year. See Note 5 to the Summary Compensation Table.

(2) Each of the named executive officers has a target bonus objective for each year that is approved by the Compensation Committee. For a discussion of Mr. Reichental's and Mr. Jones' target bonus objectives, see Employment and Other Agreements with Named Executive Officers and *Certain Considerations* below. In the case of the other named executive officers, Messrs. Hull and McAlea had target bonuses for 2005 in the range of 28% of their respective annual salaries, and Mr. Grace had a target bonus for 2005 of 50% of his base salary. The amount of the 2003 bonus shown for Mr. Reichental in the Summary Compensation Table was paid to him in 2003 as an inducement to his becoming our Chief Executive Officer.

(3) The value of these options, based upon a Black-Scholes valuation as of their date of grant, was as follows: Mr. Reichental \$1,780,560; Mr. Jones \$517,870; Mr. McAlea \$697,950; and Mr. Grace \$193,616. These values do not necessarily reflect amounts of compensation actually received as such options are subject to vesting in accordance with their terms and to being exercised once vested by the recipients in their discretion. Value received upon the exercise of a stock option will depend on, among other things, the exercise price of the option, the price of the Common Stock on the date of exercise and the amount received on subsequent sale of the shares covered by the option.

(4) For 2003, represents the fair market value of an award of shares of Common Stock on the respective dates of hire of the individuals listed, after deducting the purchase price of the shares covered by the award. These shares vested upon their award. For 2004, represents the fair market value of awards of Common Stock made on February 24, 2005 under the 2004 Incentive Stock Plan in lieu of cash bonuses for 2004, after deducting the purchase price of the shares covered by the awards. These awards are scheduled to vest in 2008. We record an amount equal to the fair market value of each award on the date of grant less the amount paid by the recipient for the number of shares awarded as deferred compensation in our accounts and amortize that deferred compensation over the vesting period of the award.

The total number of shares of Common Stock covered by such awards to each named executive officer is set forth in the following table together with the fair market value of such shares (\$18.00 per share) at December 31, 2005:

Name	Number of Shares		Value at December 31, 2005
	2003	2004

Each of the restricted stock awards made for 2004 was made under the 2004 Incentive Stock Plan, required each recipient to pay \$1.00 for each share of Common Stock covered by such recipient's award, and the shares covered by each award are subject to forfeiture if the recipient leaves the employ of the Company within three years after the date of grant other than as a result of death or disability.

Edgar Filing: 3D SYSTEMS CORP - Form DEF 14A

(5) On March 24, 2006, the Compensation Committee awarded bonuses for 2005 to each of our executive officers, including those named in the Summary Compensation Table. These bonuses were awarded either in cash or as restricted stock awards under our 2004 Incentive Stock Plan. In the case of named executive officers who were granted a cash bonus, certain of them were also granted the opportunity to receive an award of restricted stock under our 2004 Incentive Stock Plan with a fair market value on their grant date approximately equal to 120% of the amount of the cash bonus awarded to each individual in lieu of all or any portion of such person's cash bonus. Each of those restricted stock awards can be accepted in whole or in part on or before May 23, 2006, if accepted, requires each recipient to pay \$1.00 for each share of Common Stock covered by such recipient's award, and the shares covered by each award are subject to forfeiture if the recipient leaves our employ within three years after the date of grant other than as a result of death or disability. The value of those awards set forth below is the fair market value of the shares covered by each award at the grant date (based on the \$21.71 closing price of the Common Stock on their date of grant) less the aggregate purchase price of the shares covered by each award. Such restricted stock awards made to the individuals named in the Summary Compensation Table were as follows:

Name	Cash Bonus Awarded	Aggregate Value of Stock Award
Abraham N. Reichental	\$ 360,000	\$
Fred R. Jones	81,747	93,195
Charles W. Hull	42,615	
Kevin P. McAlea	46,774	53,846
Robert M. Grace, Jr.		89,053
Total	\$ 531,136	\$ 236,094

The total number of shares awarded to each individual was as follows: Mr. Jones: 4,500 shares; Mr. McAlea: 2,600 shares; and Mr. Grace: 4,300 shares. See Report of the Compensation Committee on Executive Compensation *Equity Compensation Plans* below for a discussion of additional restricted stock awards made to certain of the named executive officers made on March 24, 2006.

Total Compensation for 2005 is computed on the assumption that each individual will choose to accept his 2005 bonus solely by accepting the award granted to him under the 2004 Incentive Stock Plan.

(6) In addition to the items discussed below in the notes for each individual, All Other Compensation includes matching contributions that we make for their accounts under our Section 401(k) plan. Under this Plan, eligible employees, including the named executive officers, may contribute a part of their annual compensation on a before-tax basis. Subject to certain conditions and to an annual limit of \$1,500 for each participant, participating employees receive matching contributions equal to 50% of the amount of their contributions. Contributions made by the named executive officers to our Section 401(k) Plan have not been deducted from the Annual Compensation reported for them in the Summary Compensation Table.

During 2005, we conducted a campaign to raise funds to be contributed to certain recognized charities for victims of the South East Asian tsunami and Hurricane Katrina and matched contributions made by our employees to these charities, including certain of our executive officers. In November 2005, we announced plans to relocate our corporate headquarters to Rock Hill, South Carolina. In connection with these plans, we adopted a relocation program that each of our executive officers who relocates will be entitled to participate in. Benefits available under that plan include, among other things, reimbursement of costs of sale and purchase of residences, moving expenses, a guaranteed sale price of an existing residence, if required, based on an independent appraisal, and payment or reimbursement of certain other incidental expenses. The Compensation Committee approved this relocation program.

(7) Mr. Reichental was appointed President and Chief Executive Officer and a director effective September 19, 2003. His other compensation includes living expenses, including a gross-up for tax purposes, costs for an automobile that we provide for his business and personal use in California, and employer-paid group term life insurance premiums. Mr. Reichental's primary residence is in South Carolina, and the living expenses are for a residence maintained by him in California, where our headquarters are located. Such items were as follows in each year:

	2003	2004	2005
Living expenses	\$ 18,416	\$ 99,946	\$108,239
Automobile expenses		10,375	10,375
Life insurance	267	990	990
Total	\$ 18,683	\$ 111,311	\$ 119,604

For additional information concerning Mr. Reichental's compensation, see Employment and Other Agreements with Executive Officers.

(8) Mr. Jones became Vice President and Chief Financial Officer effective December 26, 2003. His other compensation includes \$70,652 of relocation expenses in 2005 and \$170,943 of relocation expenses in 2004, including a gross up for tax purposes, together with employer-paid group term life insurance premiums and matching contributions under our Section 401(k) Plan. For additional information concerning his compensation, see Employment and Other Agreements with Executive Officers.

(9) Mr. Hull's other compensation in each year includes the value of employer-paid group term life insurance premiums and matching contributions under our Section 401(k) plan. See Employment and Other Agreements with Executive Officers and Certain Transactions.

19

(10) Mr. McAlea was elected an executive officer on June 27, 2003. His other compensation includes in each year the value of employer-paid group term life insurance premiums and matching contributions under our Section 401(k) Plan and, in 2005 and 2003, relocation expenses.

(11) Mr. Grace was elected to his position effective November 3, 2003. His other compensation in 2005 and 2004 includes relocation expenses (\$125,931 in 2004), including a gross up for tax purposes, together with the value of employer-paid group term life insurance premiums and matching contributions under our Section 401(k) Plan.

Aggregated Option Exercises in 2005 and 2005 Year-End Option Values

No options were granted to or exercised by the executive officers named in the Summary Compensation Table in 2005.

The following table sets forth, for each of the executive officers named in the Summary Compensation Table, certain information regarding the number of shares of Common Stock underlying stock options held at the end of 2005, and the fair market value of options held at the end of 2005 based upon the closing sales price (\$18.00 per share) of the Common Stock on The Nasdaq National Market on December 30, 2005. The value of in-the-money options at December 31, 2005 reported in the table is the amount by which the fair market value of those options at that date exceeded the exercise price of those options.

Name	Year ended December 31, 2005		Number of Securities Underlying Unexercised Options at December 31, 2005		Value of Unexercised In-the-Money Options at December 31, 2005

Employment and Other Agreements with Named Executive Officers

Abraham N. Reichental

Mr. Reichental was appointed President and Chief Executive Officer and a member of the Board of Directors effective September 19, 2003, and we entered into an employment agreement with him on that date. Pursuant to this agreement, his annual base salary was set at \$450,000 per year, subject to increase at the discretion of the Compensation Committee of the Board of Directors. His base salary remained at its initial level during 2004 and 2005, except that, in 2005, the Compensation Committee approved a \$5,000 increase in his base salary to compensate him for the cost that he would incur to obtain a supplemental disability insurance policy that would satisfy our obligation under his employment agreement to provide him such a policy. This base salary increase has not yet gone into effect but will do so if and when that policy is issued.

In addition to standard benefits, Mr. Reichental initially participated in our bonus program discussed below, with a target bonus of \$250,000 per year, subject to a maximum potential bonus equal to 100% of his base salary, as further described in his employment agreement. In 2005, the Compensation Committee approved a modification of his target bonus objective for 2005 to 100% of his base annual salary and determined that his maximum target bonus objective would be 150% of his base annual salary, subject to the attainment of the performance objectives set forth in the 2005 bonus program for him and the Company.

At the time he was hired, Mr. Reichental received a \$100,000 cash bonus and a stock grant of 100,000 shares of Common Stock. He also received stock options covering 400,000 shares of Common Stock subject to a four-year vesting schedule. Of the stock options received, 55,401 shares are incentive stock options and 344,599 shares are non-qualified stock options.

Mr. Reichental's employment agreement is renewable automatically for succeeding terms of one year on each September 19, unless he or the Company gives written notice of intent not to renew. If we give notice to him of our intention not to renew the employment agreement, or if his employment is terminated by reason of death or by us without cause (as defined in the employment agreement), he or his estate will receive as severance (a) the same health and disability benefits as he receives under the employment agreement for two years or until he obtains other employment providing for these benefits, (b) two years of his then current base salary, in the total sum of at least \$900,000, together with a bonus with respect to the year of termination equal to a pro rata amount of the bonus which he would have received for that year based on our annualized performance up to the date of termination, and (c) all unvested stock options, which shall fully vest upon and no later than the termination of his employment. He is also entitled to be reimbursed for certain relocation and living expenses through December 31, 2006.

Fred R. Jones

Mr. Jones was appointed Vice President and Chief Financial Officer effective December 26, 2003, and we entered into an employment agreement with him on that date. Pursuant to this agreement, his annual base salary was set at \$250,000 per year, subject to increase at the discretion of the Compensation Committee of the Board of Directors. In 2005, the Compensation Committee approved an increase in his base salary to \$265,000.

In addition to standard employee benefits, Mr. Jones participates in our bonus program discussed below, with a target bonus equal to 50% of his base salary, subject to a maximum potential bonus equal to 100% of his base salary, as further described in his employment agreement. At the time he was hired, he received a stock grant of 10,000 shares of Common Stock and stock options covering 100,000 shares of Common Stock. Of these stock options, which are subject to a four-year vesting schedule, 40,800 shares are incentive stock options and 59,200 shares are non-qualified stock options.

His agreement is renewable automatically for succeeding terms of one year on each December 26, unless he or the Company gives written notice of intent not to renew. If we give notice to him of our intention not to renew the employment agreement, or his employment is terminated by reason of death or by us without cause (as defined in the employment agreement), or under certain circumstances following a change of control, as defined in the employment agreement, he or his estate will receive as severance (a) the same health and disability benefits as he receives under the employment agreement for two years or until he obtains other employment providing for these benefits, (b) two years of his then current base salary, in the total sum of at least \$500,000, together with a bonus with respect to the year of termination equal to a pro rata amount of the bonus which he would have received for that year, and (c) all unvested stock options, which shall fully vest upon and no later than the termination of his employment.

Charles W. Hull

We and Mr. Hull are parties to a consulting agreement pursuant to which, upon his retirement, he will become a consultant to the Company for a period of four years at a fixed consulting fee that will decline from \$275,000 in the first year to \$100,000 in the fourth year, and he will remain entitled to certain customary benefits that we provide to employees during the term of that agreement.

Report of the Compensation Committee on Executive Compensation

The following report of the Compensation Committee of the Board of Directors sets forth information about our executive compensation program, 2005 bonus compensation of the executive officers named in the Summary Compensation Table and salary adjustments and bonus objectives for those executives for 2006.

Responsibility

The Committee is responsible for setting the compensation of all executive officers, including the executive officers listed in the Summary Compensation Table, and any other employees of the Company or any of its subsidiaries with base annual salaries of \$200,000 or more.

The Committee's review of the Chief Executive Officer's compensation is subject to the following separate procedures. After receiving the views of other non-employee directors, the Committee evaluates the Chief Executive Officer's performance, reviews the Committee's evaluation with him, and based on that evaluation and review decides his compensation and performance and bonus objectives. Consistent with the requirements of the listing standards of the NASD, the Chief Executive Officer may not be present during voting or deliberations regarding his compensation.

Compensation Philosophy

The Company's executive compensation program consists of salaries, annual bonuses tied to corporate and individual performance objectives and awards under the 2004 Incentive Stock Plan.

The Company's executive compensation philosophy is to provide compensation at a level that will permit it to retain its existing executives, to attract new executives with the skills and attributes needed by the Company and to reward performance. In reaching its decisions, the Committee is guided by its own judgment and those sources of information (including compensation surveys) that the Committee considers relevant. The Company does not currently retain executive compensation consultants.

This program is designed to provide appropriate incentives toward achieving the Company's annual and long-term strategic objectives, to support a performance-oriented environment based on the attainment of goals and objectives intended to benefit the Company and its stockholders, to create an identity of interests between the Company's executives and its stockholders and to attract, retain and motivate key executives.

However, the Committee believes that compensation of the Company's executive officers cannot always be based upon fixed formulas and that the prudent use of discretion in determining compensation will generally be in the best interests of the Company and its stockholders. Accordingly, from time to time in the exercise of its discretion, the Committee may approve changes in base salary, bonuses and awards under the 2004 Incentive Stock Plan or other items of compensation that it considers to be appropriate to award performance or otherwise to provide incentives toward achieving the objectives of the Company's executive compensation program.

Certain Considerations

As discussed above, the Chief Executive Officer and the Chief Financial Officer are covered by employment agreements under which they were initially hired by the Company. The Committee takes the provisions of those agreements into account in making compensation decisions with respect to those individuals. See Employment and Other Agreements with Executive Officers.

Mr. Reichental's employment agreement provides, among other things, for an annual base salary of not less than \$450,000 per year, subject to increase at the discretion of the Committee. In addition to standard benefits, reimbursement for certain of his living expenses in California and an automobile that has been provided for his business and personal use in California, he participated during 2005 in the Company's bonus program, which all of the other executive officers also participate in and is discussed below, with a target bonus of \$450,000 per year, subject to a maximum potential bonus equal to 150% of his base salary.

Mr. Jones' employment agreement similarly provides, among other things, for an annual base salary of not less than \$250,000 per year, subject to increase at the discretion of the Committee. In this regard, Mr. Jones' annual base salary was increased to \$265,000 in 2005. In addition to standard benefits, he also participates in the Company's bonus program mentioned in the preceding paragraph, with a target bonus equal to 50% of his base salary, subject to a maximum potential bonus equal to 100% of his base salary, as further described in his employment agreement.

The other executive officers also have pre-determined target bonuses that have been approved by the Committee. In the case of the other named executive officers, Messrs. Hull and McAlea have target bonuses in the range of 28% of their respective annual salaries, and Mr. Grace has a target bonus of 50% of his base salary.

Salaries and Annual Bonuses

The Committee conducts an annual compensation review during the first quarter of each year for the purpose of determining (a) any bonuses to be paid for the preceding year, (b) making salary adjustments and (c) setting bonus objectives for the current year.

As part of this review process, the Chief Executive Officer submits recommendations to the Committee relating to the executive officers and other employees whose compensation is set by the Committee. Following a review of those recommendations, the Committee approves bonuses to be paid for the prior year and salary rates and bonus objectives for the current year for the other executive officers and employees, with such modifications to the Chief Executive Officer's recommendations as the Committee considers appropriate. The Committee may also adjust salaries for specific executive officers or employees at other times during the year when there are significant changes in the responsibilities of such officers or employees or under other circumstances that the Committee considers to be appropriate.

The Committee bases its compensation decisions principally on the responsibilities of the particular executive, on the Committee's evaluation of the market demand for executives of the capability and experience employed by the Company in relation to the total compensation paid to the particular executive, and on the performance of the Company and the individual in question against the objectives set for the year in question. The Committee sets annual bonus objectives at a level that is designed to link a substantial portion of each individual's annual compensation to attaining the performance objectives discussed below in order to provide appropriate incentives to attaining those objectives. See Note 2 to the Summary Compensation Table and *Certain Considerations* above for a discussion of target bonuses for the named executive officers.

Bonuses are determined primarily based upon the attainment of corporate performance objectives that are discussed in the next three paragraphs as well as individual performance objectives for the year in question. As an overriding objective, each executive officer and all other employees are required to conduct themselves in accordance with the Company's Code of Conduct.

In evaluating performance, the Committee generally places greater emphasis on the Company's financial performance than on personal performance objectives. The principal measure of corporate performance used to establish annual bonuses is the extent to which the Company achieved its business plan for the year in question. Such business plan is developed by management and approved by the Board of Directors. In the case of the 2005 business plan, that plan was developed by management and approved by the Board of Directors early in 2005. The 2006 business plan was approved by the Board of Directors late in 2005.

Under the bonus program approved by the Committee on February 24, 2005 that applies to all of the executive officers, including the Chief Executive Officer, more than half of the weight in evaluating the performance of the Company's executive officers in 2005 was given to the achievement of pre-approved

budgeted targets for operating income and return on operating assets. The Company does not make its business plans public. Accordingly, the specific budgeted financial targets upon which annual bonus objectives are based are not publicly available. The remainder of the executive officers' performance objectives, including those of the Chief Executive Officer, are based upon their attainment of individual performance objectives within their particular areas of responsibility that are approved by the Committee.

As a general matter, 25% of each executive officer's bonus target is based on the Company's achievement of the pre-approved target for operating income, 30% is based on the Company's achievement of its pre-approved target for return on operating assets and the 45% remainder is based on the individual's attainment of his or her pre-approved individual performance objectives. Credit is awarded for the partial attainment of these objectives, and as an overriding condition bonuses are not paid if the Company records a net loss available to common stockholders for the year in question. With respect to the foregoing financial measures, 100% of each executive officer's bonus related to such financial measure will generally be deemed to have been earned if the target for that financial measure is fully achieved.

The Committee conducted its most recent annual review on March 24, 2006. At that meeting, the Committee reviewed and approved the degree of attainment of the Company's financial objectives for 2005 discussed above, the performance of each of the executive officers during 2005 and the 2005 bonus and 2006 salary recommendations made by the Chief Executive Officer. The Committee was satisfied with the recommendations made by the Chief Executive Officer and did not make any material modifications to his recommendations. See *Compensation of the Other Executive Officers* below for a discussion of the 2005 bonuses and 2006 salary increases awarded to the named executive officers other than the Chief Executive Officer.

At its meeting on March 24, 2006, the Committee also approved a similar bonus program for 2006 that includes the Company's targeted financial measures, including operating income and return on operating assets, and individual performance objectives to be used in the determination of bonuses for 2006. The 2006 target bonus objectives for the named executive officers remained comparable to those discussed above for 2005. See Note 2 to the Summary Compensation Table and *Certain Considerations* above. As in 2004 and 2005, in the discretion of the Committee, recipients of bonuses under the 2006 bonus program may be afforded the opportunity at the time 2006 bonuses are awarded in 2007 to receive an award under the 2004 Incentive Stock Plan in lieu of some or all of any cash bonus awarded to the recipient for 2006.

Compensation of the Chief Executive Officer

Mr. Reichental joined the Company as Chief Executive Officer on September 19, 2003 and, as discussed above, entered into an employment agreement at that time which set forth his initial base salary, the range of his cash bonus objectives and certain equity and other compensation that was awarded to him at the time he joined the Company.

Mr. Reichental's base salary remained at its \$450,000 initial level during 2005 and 2004. In 2005, the Committee approved a \$5,000 increase in his base salary to compensate him for the cost that he would incur to obtain a supplemental disability insurance policy that would satisfy the Company's obligation under his employment agreement to provide him with such a policy. Such base salary increase has not yet gone into effect but will go into effect at such time as that policy is issued.

In lieu of a cash bonus for 2004, the Committee granted to Mr. Reichental a 25,000 share restricted stock award under the Company's 2004 Incentive Stock Plan. Based on the closing price of the Company's Common Stock on the grant date, that award had a fair market value of \$482,500 after deducting the purchase price of the shares covered by the award. This award was based upon the degree of the attainment of Mr. Reichental's and the Company's performance objectives for the year, his leadership in setting a new strategic direction for the Company and in improving the Company's operations and

financial condition during 2004, and the absence of an increase in his base salary for 2005. That award amounted to 107% of Mr. Reichental's maximum potential 2004 bonus. Mr. Reichental was not awarded a bonus for 2003. The amount of the 2003 bonus shown for him in the Summary Compensation Table was paid to him in 2003 as an inducement to his becoming the Chief Executive Officer of the Company.

During the course of Mr. Reichental's compensation review in early 2005, the Committee also approved Mr. Reichental's 2005 bonus goals and objectives. In this regard, the Committee approved a modification of Mr. Reichental's target bonus objective for 2005 to 100% of his base annual salary and determined that his maximum target bonus objective would be 150% of his base annual salary, subject to the attainment of the performance objectives set forth in the 2005 bonus program for him and the Company. As discussed above, more than half of Mr. Reichental's target bonus objectives are covered by the same corporate financial objectives that apply to the other named executive officers, and the balance of them are covered by personal performance objectives approved by the Committee.

On March 24, 2006, the Committee conducted its annual review of Mr. Reichental's compensation. As a result of that review and the Committee's evaluation of the performance of the Company and Mr. Reichental in 2005, the Committee approved a 22% increase in his base salary to \$550,000 effective April 1, 2006.

The Committee also awarded a \$360,000 cash bonus to Mr. Reichental for 2005. Mr. Reichental's bonus award for 2005 was based upon the degree of the attainment of Mr. Reichental's and the Company's performance objectives for the year, and his bonus and salary increase, as well as the restricted stock award discussed in *Equity Compensation Plans* below, also reflected the Committee's assessment of Mr. Reichental's efforts and results through the end of 2005 in promoting the success of the Company. The bonus awarded to Mr. Reichental for 2005 amounted to 80% of his target bonus. The variance from the bonus awarded to him for 2004 related to changes in the degree of attainment of the Company's financial objectives as well as of his personal performance objectives in each year.

In connection with this annual compensation review, the Committee also approved Mr. Reichental's 2006 bonus goals and objectives, which are covered by the same 2006 bonus program that is discussed above. In this regard, the Committee did not change Mr. Reichental's target bonus objective, which remains 100% of his base annual salary subject to a maximum target bonus objective equal to 150% of his base annual salary for 2006. Once again, more than half of Mr. Reichental's target 2006 bonus objectives are covered by the same corporate financial objectives that apply to the other named executive officers, and the balance of them are covered by personal performance objectives approved by the Committee.

Compensation of the Other Executive Officers

As discussed above, at its meeting held on March 24, 2006, the Committee also conducted a compensation review for the other executive officers, including those named in the Summary Compensation Table. In connection with that review, Mr. Reichental submitted recommendations to the Committee. Based on those recommendations and the Committee's evaluation of the performance of the Company and those individuals in 2006, the Committee made adjustments in the base salaries to be paid to the other executive officers in 2006 that ranged from zero to 5.7%. Of the other named executive officers whose base salary was increased, Mr. Jones's base salary increased to \$280,000, Mr. McAlea's base salary increased to \$260,000 and Mr. Grace's base salary increased to \$245,000. The salary increases for the remaining executive officers as a group amounted to \$33,000. These salary increases go into effect on April 1, 2006.

In lieu of a cash bonus for 2005, the Committee also granted to Mr. Grace a 4,300 share restricted stock award under the Company's 2004 Incentive Stock Plan. Based on the closing price of the Company's Common Stock on the grant date (\$21.71 per share), that award had a fair market value of \$89,053 after deducting the purchase price of the shares covered by the award and amounted to 75.8% of his target

bonus for 2005. This award was based upon the degree of the attainment of the Company's objectives for 2005 as well as of Mr. Grace's attainment of his personal performance objectives for 2005 as set forth in the 2005 bonus program approved by the Committee in February 2005.

The Committee also awarded cash bonuses to each of the other named executive officers based upon the degree of attainment of the Company's objectives for 2005 and an evaluation of the degree of each individual's attainment of his objectives for 2005, both as set forth in the 2005 bonus program approved by the Committee in February 2005. See Note 5 to the Summary Compensation Table for a listing of those bonuses and the alternative restricted stock awards discussed in the next paragraph. The cash bonuses awarded to each of the other named executive officers ranged from 48.8% to 72.8% of their potential target bonuses, and the alternative restricted stock awards discussed below that were granted to certain of the other named executive officers amounted to approximately 71% of their potential target bonuses. In the case of each of the other executive officers, the variances from bonuses granted for 2004 related to changes in the degree of attainment of the Company's financial objectives as well as of each individual's personal performance objectives in each year.

As an alternative to their 2005 cash bonuses, the Committee granted to Messrs. Jones and McAlea restricted stock awards under the Company's 2004 Incentive Stock Plan covering up to 4,500 and 2,600 shares of Common Stock, respectively. Each of them has the right until May 23, 2006 to elect to receive all or a portion to be determined by them of their 2005 bonus either in cash or by accepting such stock awards. Cash bonuses and alternative restricted stock awards were also granted to the remaining executive officers of the Company who are not named in the Summary Compensation Table. If Messrs. Jones and McAlea and such remaining executive officers decide to accept such restricted stock awards in lieu of 100% of their cash bonuses, those awards would have a fair market value of \$93,195, \$53,846 and \$217,455, respectively, based on the closing price (\$21.71 per share) of the Company's Common Stock on the grant date and after deducting the cash purchase price of the shares covered by each award.

Equity Compensation Plans

The Committee administers the Company's 2004 Incentive Stock Plan and, with respect to outstanding options, continues to administer its former stock option plans, including the 1996 Stock Incentive Plan and 2001 Stock Option Plan.

The Committee is authorized to grant restricted stock awards, stock options and other awards that are provided for under the 2004 Incentive Stock Plan to such employees of the Company and its subsidiaries as the Committee determines to be eligible for awards. Awards granted to an individual are based upon a number of factors, including the recipient's position, salary and performance as well as the overall performance of the Company.

The 2004 Incentive Stock Plan is intended to provide an effective method of motivating performance from key employees, including executive officers of the Company, and of creating an identity of interests in participating employees with the interests of the stockholders. Awards are made under this Plan as long-term incentive compensation to its executives and other key employees when the Committee feels such awards are appropriate. The Company expects that executive officers who receive these awards will retain a substantial portion of the shares awarded to them to foster a mutuality of interests with the Company's stockholders.

The Committee makes awards under the 2004 Incentive Stock Plan both to reward short-term performance with equity-based compensation and to motivate the recipient's long-term performance. The Committee does not follow the practice of making annual or other periodic awards to individuals who are determined to be eligible to participate in the Plan. However, the Committee regularly reviews the stock ownership of key employees and, when it deems it appropriate, makes awards under the Plan to reflect the contributions of those individuals to specific Company achievements and to provide motivation toward

achieving strategic objectives. For a discussion of restricted stock awards previously made to the named executive officers, see Notes 4 and 5 to the Summary Compensation Table.

With the long-term performance objectives mentioned in the preceding paragraph in mind, at its meeting on March 24, 2006, the Committee reviewed the stock ownership of the Company's executive officers and other key employees and made the following restricted stock awards under the 2004 Incentive Stock Plan to the Company's executive officers, including certain of the named executive officers, to reflect the contributions that those individuals have made to the improvement in the Company's operations and financial condition since 2003, to provide motivation toward achieving the Company's future strategic objectives and to further align the interests of those individuals with the Company's stockholders. See also *Compensation of the Chief Executive Officer* above.

Name	Number of Shares	Value on March 24, 2006
Abraham N. Reichental	50,000	\$ 1,035,500
Fred R. Jones	8,000	165,680
Kevin P. McAlea	8,000	165,680
Robert M. Grace, Jr.	8,000	165,680
All other executive officers as a group (4 persons)	24,000	497,040
Total	98,000	\$ 2,029,580

Each of these restricted stock awards can be accepted on or before May 23, 2006, if accepted, requires each recipient to pay \$1.00 for each share of Common Stock covered by such recipient's award, and the shares covered by each award are subject to forfeiture if the recipient leaves the employ of the Company within three years after the date of grant other than as a result of death or disability. The value of these awards set forth in the table above is the fair market value of the shares covered by each award on March 24, 2006 (based on the \$21.71 closing price of the Common Stock on that date) less the aggregated purchase price of the shares covered by each award.

All awards made under this Plan through the date of this Proxy Statement have been restricted stock awards. Restricted stock awards made under this Plan require the recipient to pay \$1.00 for each share of Common Stock granted (but not more than 10% of the fair market value of the Common Stock on the date of grant) and are subject to an option in favor of the Company for three years after they are awarded, or such other period as may be determined by the Committee, to repurchase the shares upon payment of an amount equal to the \$1.00 per share issue price of the shares. This option is exercisable by the Company only upon the termination of an employee's employment during the vesting period other than as a result of death or total disability. Such option terminates upon the occurrence of any of the events related to change of control of the Company specified in the Plan. Shares of Common Stock issued pursuant to this Plan may not be sold, transferred or encumbered by the employee while the Company's option to repurchase the shares remains in effect. Awards are expensed over the three-year vesting period and are considered outstanding upon award for the purpose of calculating diluted earnings per common share.

During 2003, the Company granted stock options to certain of the executive officers named in the Summary Compensation Table, including Mr. Reichental, Mr. Grace, Mr. Jones and Mr. McAlea. Certain of these named executive officers received such stock options as well as outright grants of stock as part of their compensation packages at the time they joined the Company. These awards were designed to more closely align the interests of the recipients with the interests of the stockholders and to provide them an incentive to work toward the creation of long-term stockholder value. See *Aggregated Option Exercises in 2005 and 2005 Year-End Option Values* and Notes 3 and 4 to the Summary Compensation Table.

Compliance with Section 162(m) of the Internal Revenue Code

Under Section 162(m) of the Internal Revenue Code of 1986, as amended, a public company is generally not entitled to deduct non-performance-based compensation paid to its executive officers who are named in the Summary Compensation Table for Federal income tax purposes to the extent any such individual's compensation in any year exceeds \$1.0 million. Special rules apply for performance-based compensation, including the pre-approval of performance goals applicable to that compensation.

All compensation paid to the Company's named executive officers in 2005, 2004 and 2003 was fully deductible for the purposes of Section 162(m). With respect to non-performance based compensation to be paid to named executive officers in 2006 and future years, in certain instances such compensation may exceed \$1.0 million. However, in order to maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Committee has not adopted a policy that all compensation must be deductible for Federal income tax purposes.

Stock Performance

The Committee generally does not consider stock performance in making its compensation decisions since short-term movements in the Company's stock price and total return to stockholders as reflected in the performance of the Company's stock price are subject to factors, including factors affecting the securities markets generally, that are unrelated to the Company's performance.

The Committee notes that the Company's and management's priorities are centered on meeting customer needs, building cash flow and return on assets, and promoting operational excellence and innovation in the pursuit of its business. The pursuit of such longer range objectives is not necessarily consistent with producing short-term results to increase the Company's stock price, but the Committee believes that pursuing longer range objectives should result in performance that is more likely to maximize return to the stockholders over time.

Since management compensation is based upon factors relating to the Company's growth and profitability and the return on its operating assets as well as the contributions of each of its executives to achieving the Company's objectives, the Committee believes that it has provided appropriate incentives to align management's interests with the long-term growth and development of the Company and the interests of its stockholders. The Committee also believes that there are many ways in which its executive officers and other executives contribute to building a successful company. While the Company's financial statements and stock price should eventually reflect the results of those efforts, many long-term strategic decisions made in pursuing the Company's growth and development may have little visible impact on stock price in the short term.

COMMON STOCK PERFORMANCE COMPARISONS

The graph below shows, for the five years ended December 31, 2005, the cumulative total return on an investment of \$100 assumed to have been made on December 31, 2000 in our Common Stock. The graph compares such return with that of comparable investments assumed to have been made on the same date in (a) the NASDAQ Stock Market (U.S. Companies) Index and (b) the S& P Information Technology Index, which are published Standard & Poor's market indices with which we are sometimes compared.

Although total return for the assumed investment assumes the reinvestment of all dividends on December 31 of the year in which such dividends were paid, no cash dividends were paid on our Common Stock during the periods presented.

Our Common Stock is quoted on The Nasdaq Stock Market's National Market (trading symbol: TDSC).

CERTAIN TRANSACTIONS

From January 1980 to March 1986, Mr. Hull was Vice President of UVP, Inc. (UVP), a systems manufacturing company, where he developed our stereolithography technology. In 1990, we acquired the patents for this technology from UVP. Under the terms of that transaction, we were obligated to pay certain amounts, subject to certain conditions, based upon our sales of stereolithography systems and licensing of the acquired patents. Pursuant to a 1987 contract between UVP and Mr. Hull, he is entitled to receive from UVP 10% of all royalties or other amounts that we pay to UVP with respect to the acquired patents after recoupment of certain expenses by UVP. We have been advised that, through December 31, 2005, Mr. Hull has received \$806,700 from UVP under that contract.

Messrs. Loewenbaum and Hull own \$1.3 million of our Series B Convertible Preferred Stock that they acquired in 2003 out of the total \$15.8 million private placement of those securities. Clark Partners I, L.P., a New York limited partnership, owns an additional \$5.0 million of the Series B Convertible Preferred Stock that it acquired at the time of issuance in 2003. Kevin S. Moore, a member of the Board of Directors, is the president of the general partner of Clark Partners I, L.P. See Note 2 to Security Ownership of Certain Beneficial Owners and Management. A special committee of the Board of Directors, composed entirely of disinterested independent directors, approved the offer and sale of the Preferred Stock and recommended the transaction to the Board of Directors. The Board of Directors also approved this transaction, with interested Board members not participating in the vote.

Messrs. Reichental, Loewenbaum, Kever, McAlea and Grace own an aggregate of \$2.6 million of the total of \$22.7 million our 6% convertible subordinated debentures that were issued in a private placement during November and December 2003. Clark Partners I, L.P. acquired an additional \$3.0 million of the 6% convertible subordinated debentures at the time of their issuance. See Note 2 to Security Ownership of Certain Beneficial Owners and Management. A special committee of the Board of Directors, composed entirely of disinterested independent directors, approved the offer and sale of the 6% convertible subordinated debentures and recommended the transaction to the Board of Directors. The Board of Directors also approved this transaction.

**PROPOSAL TWO:
RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has approved the retention of BDO Seidman, LLP (BDO) as our independent registered public accounting firm to examine and report on our financial statements for the year ending December 31, 2006, subject to the ratification of its retention by the stockholders at the Annual Meeting. BDO was first retained as our independent registered public accounting firm on April 23, 2003, and it has examined and reported on our financial statements for the years ended December 31, 2003, 2004 and 2005.

Valid proxies will be voted on this proposal in accordance with the voting directions specified on the proxy or, if no directions are given, will be voted FOR the proposal to ratify the appointment of BDO as our independent registered public accounting firm.

Representatives of BDO are expected to be present at the Annual Meeting. Those representatives will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Approval of this proposal requires the affirmative vote of the holders of a majority of the votes cast at the Annual Meeting.

The Board of Directors unanimously recommends you vote FOR the proposal to ratify the selection of BDO as our independent registered public accounting firm for 2006.

FEES OF PRINCIPAL INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee is responsible for appointing, setting the compensation of and overseeing the work of our independent registered public accounting firm. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by BDO.

The following table sets forth the aggregate fees that BDO billed to us for professional services rendered for the years ended December 31, 2005 and 2004.

	2005	2004
	(dollars in thousands)	
Audit fees(1)	\$ 1,164	\$ 1,147
Audit-related fees(2)	37	27
Tax fees(3)	49	27
All other fees(4)	11	5
Total	\$ 1,261	\$ 1,206

(1) Audit fees consisted of audit work performed in the preparation of financial statements as well as work generally only the independent registered public accounting firm can reasonably be expected to provide, such as statutory audits. In 2005 and 2004 respectively, audit fees also included approximately \$592,000 and \$654,000 related to attestation services rendered by BDO in connection with Section 404 of The Sarbanes-Oxley Act of 2002.

(2) Audit-related fees consist primarily of procedures related to securities law filings and consultation on accounting standards.

(3) Tax fees include all tax services relating to tax compliance, tax planning and reporting.

(4) All other fees in 2005 and 2004 consisted principally of fees for non-audit services billed by BDO for reviews of royalty payments owing by us to unrelated third parties.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors is composed of three directors, each of whom is independent as defined by the listing standards of the NASD and is an audit committee financial expert as defined in Item 401(h)(1) of Regulation S-K. The Audit Committee operates under a written charter approved by the Board of Directors. A copy of the current charter was attached to the Proxy Statement for the 2004 Annual Meeting and is available on our website at www.3DSystems.com.

Responsibility

The Audit Committee is responsible for providing independent, objective oversight of the Company's financial reporting processes and internal controls.

Management is responsible for the Company's system of internal controls and its financial reporting processes, including the preparation of its financial statements in conformity with United States generally accepted accounting principles.

BDO Seidman, LLP, the Company's independent registered public accounting firm, is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States and for issuing a report thereon expressing its opinion as to whether the financial statements present fairly, in all material respects, the financial position, results of operations and cash flows of the Company in conformity with United States generally accepted accounting principles.

The Audit Committee's responsibility is to review and monitor, in an oversight capacity, the financial reporting and auditing processes. The Audit Committee has relied, without independent verification, on management's representations that the financial statements are complete, free of material misstatement and prepared in accordance with United States generally accepted accounting principles, and on the opinion and representations made by BDO in its report on the Company's financial statements, including its representations that BDO is independent and that its audit was performed in accordance with auditing standards generally accepted in the United States. The Audit Committee's oversight does not provide assurance that management's and BDO's opinion and representations referred to above are correct.

2005 Consolidated Financial Statements

In connection with these responsibilities, the Audit Committee met with management and representatives of BDO to review and discuss the audited consolidated financial statements for the year ended December 31, 2005. The Audit Committee discussed with the representatives of BDO the matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees), the Audit Committee received written disclosures and the letter from BDO required by Independence Standards Board Standard No.1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the representatives of BDO that firm's independence. The Audit Committee also pre-approved the services that BDO was engaged to provide during 2005, including all non-audit services that BDO was engaged to provide, evaluated and approved the fees charged for those engagements, and considered whether BDO's provision of the non-audit services that were provided was compatible with maintaining that firm's independence.

Based upon the Audit Committee's discussions with management and BDO and the Audit Committee's review of the representations of management and BDO, the Audit Committee recommended that the Board of Directors approve including the audited consolidated financial statements for the year ended December 31, 2005 in the Company's Annual Report on Form 10-K for that year for filing with the SEC.

Internal Control Attestation

For the year ended December 31, 2005, the Audit Committee reviewed and monitored, on an oversight basis, management's activities undertaken to comply with the Company's internal control evaluation responsibilities under Section 404 of The Sarbanes-Oxley Act of 2002. In connection with this oversight, the Audit Committee met with management and representatives of BDO to review and discuss management's assessment of the effectiveness of the Company's internal control over financial reporting as of December 31, 2005 and BDO's attestation report on management's assessment of the Company's internal control over financial reporting. Management's assessment and BDO's attestation report are contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2005.

Our Code of Conduct applies to all of our employees worldwide, including all of our officers. The Code of Ethics applies to the Chief Executive Officer, Chief Financial Officer, all other senior financial executives and to directors of the Company when acting in their capacity as directors. These documents are designed to set the standards of business conduct and ethics for our activities and to help directors, officers and employees resolve ethical issues. Policy on Attending Annual Meetings

We encourage, but do not require, all incumbent directors and director nominees to attend our annual meetings of stockholders. All of the directors attended our 2005 Annual Meeting of Stockholders.

Stockholder Communications with the Board of Directors

Stockholders may communicate with the Board of Directors by sending an email to GraceB@3DSystems.com or by sending a letter to the Board of Directors of 3D Systems Corporation, c/o Corporate Secretary, 26081 Avenue Hall, Valencia, California 91355. All communications must contain a clear notation indicating that they are a Stockholder-Board Communication or a Stockholder-Director Communication and must identify the author as a stockholder. The office of the Corporate Secretary will receive the correspondence and forward appropriate correspondence to the Chairman of the Board or to any individual director or directors to whom the communication is directed. We reserve the right not to forward to the Board of Directors any communication that is hostile, threatening or illegal, does not reasonably relate to the Company or its business, or is similarly inappropriate. The office of the Corporate Secretary has authority to discard or disregard any inappropriate communication or to take any other action that it deems to be appropriate with respect to any inappropriate communications.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), requires our executive officers and directors and any persons owning ten percent or more of the Common Stock to file

reports with the Securities and Exchange Commission (the SEC) to report their beneficial ownership of and transactions in the Company's securities and to furnish us with copies of those reports. Based upon a review of those reports filed with the Company, along with written representations from or on behalf of certain executive officers and directors that they were not required to file any reports during 2005, we believe that, except as set forth below, all of these reports were timely filed during 2005.

On May 11, 2005, Kevin S. Moore, a director, filed a Form 4 with the SEC to report pursuant to Section 16(a) certain acquisitions of our Common Stock by The Clark Estates, Inc. in 2000 and the grant of an option that was made to him under our 1996 Non-Employee Directors Stock Option Plan on May 2, 2000 to acquire 7,500 shares of Common Stock. Such transactions, which had not previously been reported under Section 16(a) as a result of a clerical error, had otherwise been previously disclosed as securities beneficially owned by Mr. Moore.

Stockholder Proposals for the 2006 Annual Meeting

Under Rule 14a-8 of the Securities Exchange Act of 1934, as amended, certain stockholder proposals may be eligible for inclusion in our proxy statement and form of proxy. The date by which we must receive stockholder proposals to be considered for inclusion in the proxy statement and form of proxy for the 2007 Annual Meeting of Stockholders is December 1, 2006 (or if the date of the 2007 Annual Meeting is changed by more than 30 days from May 16, 2007 a reasonable time before we begin to print and mail the proxy materials for the 2007 Annual Meeting.)

Alternatively, our By-Laws set forth certain procedures stockholders must follow in order to properly nominate a person for election to the Board of Directors or present any other business at an Annual Meeting of Stockholders, other than proposals included in our Proxy Statement pursuant to Rule 14a-8. In addition to any other applicable requirements, to properly nominate a person for election to the Board of Directors or for business to be properly brought before the 2007 Annual Meeting by a stockholder, a stockholder of record must give timely notice thereof in proper written form to the Corporate Secretary of the Company. To be timely, a stockholder's notice to the Corporate Secretary must be received at our principal office between January 15, 2007 and February 14, 2007, provided that, if the 2007 Annual Meeting is called for a date that is not within 30 days before or after May 16, 2007, then the notice by the stockholder must be so received a reasonable time before we mail our proxy statement for the 2007 Annual Meeting. The notice also must contain specific information regarding the nomination or the business proposed to be brought before the meeting, as set forth in our By-Laws. A copy of the By-Law provisions relating to advance notice of business to be transacted at annual meetings may be viewed on our website at www.3DSystems.com.

Householding; Delivery of Documents to Security Holders Sharing an Address

We are delivering, or making available electronically, this Proxy Statement and our 2005 Annual Report on Form 10-K to all stockholders of record as of the record date for the Annual Meeting.

We will promptly deliver an additional copy of the 2005 Annual Report on Form 10-K and Proxy Statement to street name stockholders in a single household who participate in a householding program upon their request to receive separate copies in the future. Instructions to request additional copies of these documents should be provided on the voting instruction form sent to them by their bank, broker or other holder of record.

Street-name stockholders who are receiving multiple copies may request that only a single set of materials be sent to them in the future by following the householding instructions on the voting instruction form provided to them by their bank, broker or other nominee holder. Alternatively, street name stockholders whose holders of record utilize the services of ADP (as indicated on the voting instruction form sent to them) may send written instructions to Householdings Department, 51 Mercedes Way,

Edgewood, New York 11717 or call 1-800-542-1061. The instructions must include the stockholder's name and account number and the name of the bank, broker or other holder of record. Otherwise, street name stockholders should contact their bank, broker or other holder.

Similarly, street-name stockholders residing in the same household may receive only one Annual Report and Proxy Statement if they have previously made a householding election furnished to them by their bank, broker or other nominee holder to deliver only one copy to them. This process, by which only one annual report or proxy statement, as the case may be, is delivered to multiple security holders sharing an address is called householding. Householding may provide convenience for stockholders and cost savings for companies. Once begun, householding may continue until one or more of the stockholders within the household provide instructions to the contrary to their nominee.

Copies of this Proxy Statement and our 2005 Annual Report on Form 10-K are available upon request by calling 661-295-5600, Extension 2632, or by writing to Investor Relations, 3D Systems Corporation, 26081 Avenue Hall, Valencia, California 91355.

OTHER MATTERS

This proxy statement is being delivered to you on our behalf. We are bearing the expenses of preparing, printing and mailing this notice of meeting and proxy material, making them available over the Internet, and all other expenses of soliciting proxies. We have retained Georgeson Shareholder Communications, Inc. (Georgeson) to solicit proxies by personal interview, mail, telephone, facsimile, Internet or other means of electronic transmission and to request brokerage houses, banks and other custodians, nominees and fiduciaries to forward soliciting material to the beneficial owners of the Common Stock or Preferred Stock held of record by those persons. We agreed to pay Georgeson a fee of \$10,000 for these services and will reimburse it for payments made to brokers and other nominee holders for their expenses in forwarding soliciting material. In addition, our directors, officers and employees may solicit proxies by personal interview, mail, telephone, facsimile, Internet or other means of electronic transmission, although they will receive no additional compensation for such solicitation.

We do not know of any matters to be presented at the meeting other than those set forth in this Proxy Statement. However, if any other matters come before the meeting, the proxies named in the enclosed proxy card will vote the shares represented by the proxy in the manner as the Board of Directors may recommend, and otherwise in the proxy holders' discretion.
