Annual Incentive Awards for 2007 Performance.

On March 15, 2007, the Organization and Compensation Committee (the Committee) of the Board of Directors (the Board) of Aon Corporation (Aon or the Company) established pre-tax net income from continuing operations as the corporate performance measure for 2007 under the Aon Senior Officer Incentive Compensation Plan, as amended and restated effective January 1, 2006 (the Plan), and as approved by stockholders in 2006. The Committee designated each of its Section 16 officers as eligible to participate in such plan for 2007. Under the Plan, no payout will occur unless a minimum threshold of 85% of the planned pre-tax net income has been met.

Long-Term Incentives.

On March 15, 2007, the Committee approved performance-based long-term incentive awards to certain of the executive officers who will be named in the Summary Compensation Table of Aon's 2007 Proxy Statement (the Named Executive Officers), as well as to one executive officer named in the Summary Compensation Table of Aon's 2006 Proxy Statement. On March 16, 2007, upon the recommendation of the Committee, the Board's independent directors approved performance-based long-term incentive awards to Mr. Ryan and Mr. Case. The awards for all Named Executive Officers and other eligible recipients were granted pursuant to the Leadership Performance Program, which the Committee approved and adopted on January 18, 2007, as a sub-plan of the Stock Plan. The Leadership Performance Program is part of Aon's broad-based stock award strategy that is intended to drive the overall success of Aon while encouraging employee retention. 75% of each Leadership Performance Program award represents performance share units that will be earned and settled in Aon common stock based upon Aon's performance relative to a cumulative earnings per share target over the period beginning January 1, 2007 and ending December 31, 2009 (the Performance Period). The total performance score can range from a minimum of 0% to a maximum of 200% of target. The Committee has the discretion to adjust Aon's performance results, if necessary, to take into account extraordinary or unusual items occurring during the Performance Period. The performance share units were valued as of the date of grant based upon the fair market value of Aon common stock as of such date. Upon completion of the Performance Period, an award will be determined and settled in Aon common stock.

The remaining 25% of each Leadership Performance Program award is an option to purchase shares of Aon common stock that shall vest pro-rata over the Performance Period. The options for each Named Executive Officer other than Mr. Ryan and Mr. Case were granted effective March 15, 2007, and the options for Mr. Ryan and Mr. Case were granted effective March 16, 2007. The number of stock options was determined by dividing the dollar value of the award apportioned to stock options (i.e., 25% of the total award value) by the fair market value of a share of Aon common stock on the grant date and multiplying the resulting number by three.

The Named Executive Officers, and one executive officer named in the Summary Compensation Table of Aon's 2006 Proxy Statement, were awarded the following number of target performance share units and stock options:

Name	Target Performance	
	Share Units	Stock Options
Gregory C. Case(1)	118,985	118,985

(1) As consideration for his participation in the Leadership Performance Program, Mr. Case waived his entitlement for each year of the Performance Period to an annual option grant valued not less than \$1,800,000 that would otherwise be payable pursuant to his employment agreement, dated April 4, 2005.
