**PROXY STATEMENT  
FOR ANNUAL MEETING OF STOCKHOLDERS  
June 15, 2007**

---

This proxy statement contains information related to the annual meeting of stockholders of Evolving Systems, Inc. which will be held at 9:00 a.m. local time at the Hilton Garden Inn, 9290 Meridian Blvd., Englewood, Colorado 80112, on June 15, 2007, and any postponements or adjournments thereof. Evolving Systems first mailed these proxy materials to stockholders on or about April 26, 2007. In this proxy statement, Company, Evolving Systems, we, us, and our each refer to Evolving Systems, Inc. and its subsidiaries.

**ABOUT THE ANNUAL MEETING**

***What is a proxy?***

A proxy is your legal designation of another person (the proxy) to vote on your behalf. By completing and returning the enclosed proxy card, you are giving the persons named on the proxy card the authority to vote your shares in the manner you indicate on your proxy card.

***Why did I receive more than one proxy card?***

You will receive multiple proxy cards if you hold your stock in different ways (e.g., joint tenancy, trusts, custodial accounts) or in multiple accounts. If your stock is held by a broker (i.e., in street name), you will receive your proxy card or other voting information from your broker, and you will return your proxy card or cards to your broker. You should vote on and sign each proxy card you receive.

***What is the purpose of the Annual Meeting?***

At the Annual Meeting, stockholders will act upon the matters listed in the Notice of Annual Meeting and any other matters that properly come before the meeting. In addition, the management team will report on the performance of Evolving Systems during 2006 and respond to questions from stockholders.

***Who can vote at the Annual Meeting?***

All stockholders of record at the close of business on April 18, 2007, or the record date, are entitled to vote at the Annual Meeting and any postponements or adjournments of the meeting. Those stockholders who do not expect to attend the annual meeting are encouraged to complete their enclosed ballots and return them by mail, phone or the Internet as described below.

***What is the difference between a stockholder of record and a street name holder?***

These terms describe how your stock is held. If your stock is registered directly in your name with American Stock Transfer and Trust Company, the Company's transfer agent, you are a stockholder of record. If your stock is held in the name of a brokerage, bank, trust or other nominee as a custodian, you are a street name holder.

***What are the voting rights of the holders of the common stock?***

Holders of our common stock will vote on all matters to be acted upon at the Annual Meeting. Each outstanding share of common stock will be entitled to one vote on each matter to be voted upon at the Annual Meeting. Management encourages all stockholders to vote their shares.

***What are the voting rights of the holders of the Series B Convertible Preferred Stock?***

The holders of the Series B Convertible Preferred Stock are entitled to vote on any matters presented to our stockholders together with the holders of common stock. While each share of Series B Convertible Preferred Stock converts into three shares of the Company's common stock, each such share of Series B Convertible Preferred Stock is only entitled to 2.26 votes in order to comply with certain voting rights rules promulgated by The Nasdaq Stock Market, Inc. ( Nasdaq ) relating to the fact that the Series B Convertible Preferred Stock was issued at a discount to market on the date of issuance. As of the record date, the holders of the Series B Convertible Preferred stock were entitled to an aggregate of 1,141,107 votes on all matters presented to the holders of common stock based on their ownership of the Series B Convertible Preferred Stock. The Series B Convertible Preferred Stock is voluntarily convertible into our common stock at any time at the option of each holder, at which time each such share of common stock will be entitled to one vote per share.

***Who can attend the Annual Meeting?***

All stockholders as of the record date, or their duly appointed proxies, may attend the Annual Meeting. Each stockholder may be asked to present valid picture identification, such as a driver's license or passport. If you hold your shares through a broker or other nominee, you must bring a copy of a brokerage statement reflecting your stock ownership as of the record date. Everyone must check in at the registration desk at the meeting.

***How do I vote if my shares are held in my name?***

Stockholders who own shares of common stock registered directly in their name as determined by our stock records maintained by American Stock Transfer & Trust Company, the Company's transfer agent, may vote their shares in any of the following ways:

- by mailing their signed proxy card,
- by telephone by calling (toll-free) **1-800-PROXIES (1-800-776-9437)**,
- via the Internet at the following address on the World Wide Web: <http://www.voteproxy.com>, or
- by attending the meeting and voting in person.

Each stockholder planning to vote by telephone or the Internet should have his, her or its proxy card handy as the unique control numbers printed on the proxy card will be required in order to vote by either of such means.

To vote by mail, simply mark, sign and date your proxy card and return it in the postage-paid envelope provided. Please return your proxy card promptly to ensure your vote will be counted in the final tabulation.

***How do I vote if my shares are held in a brokerage account?***

A number of brokerage firms and banks are participating in separate programs that offer telephone and/or Internet voting options. Such programs are different from the programs provided for shares registered directly in the name of the stockholder. If your shares of common stock are held in an account at a brokerage firm or bank participating in any such program, you may vote those shares by telephone and/or via the Internet in accordance with instructions set forth on the voting form provided to you by the brokerage firm or bank that holds your stock. If you want to vote in person at the Annual Meeting and you hold Evolving Systems common stock in street name, you must obtain a legal proxy from your broker and bring it to the Annual Meeting, together with proper identification and a copy of a brokerage statement for admittance to the meeting.

Please note that if you cast your vote by mailing a signed proxy card, by telephone or via the Internet, you are authorizing the individuals listed on the proxy card to vote your shares in accordance with your instructions.

*Is my vote confidential?*

Yes. Proxy cards, ballots and voting tabulations that identify stockholders are kept confidential except in certain circumstances where it is important to protect the interests of Evolving Systems and its stockholders.

*Why is the Company seeking to approve the authorization of an additional 15,000,000 shares of Common Stock?*

The Company currently only has approximately 1,388,051 unreserved shares of its common stock available for issuance. We believe that an increase in the authorized number of shares of common stock will provide flexibility for corporate opportunities, such as additional stock offerings for operations and growth initiatives, potential acquisitions, stock dividends and issuances under equity compensation plans. Increasing the authorized number of shares of common stock will not, in and of itself, result in more shares being issued. As of the record date, we did not have any agreement with or commitment to any third party for the issuance of any shares of common stock if the increase is approved, other than shares of stock that would be allocated to the Evolving Systems, Inc. 2007 Stock Incentive Plan as described in Proposal No. 3.

*Why is the Company seeking to adopt a Stock Incentive Plan?*

The Company's stock option plan expired in January, 2006 and we no longer have the ability to grant stock incentives, such as stock options and restricted stock, except under very limited circumstances allowed by Nasdaq. We believe that having a stock incentive plan is an important employee retention tool as well as a way to align employees' and directors' interests with stockholder interests.

*What happens if the Company's stockholders approve the adoption of a Stock Incentive Plan but do not approve the increase in the authorized shares of capital stock?*

In the event the Stock Incentive Plan is approved (Proposal No. 3) but the increase in authorized capital stock (Proposal No. 2) is rejected, the Stock Incentive Plan will not be put in place. Although the Company would have 1,388,051 shares of common stock available to fund the Stock Incentive Plan without an increase in authorized capital stock, we do not think it is in the best interests of the Company to allocate these remaining shares of stock to the Stock Incentive Plan.

*What if I do not indicate my preference on the proxy card?*

If you do not indicate how you would like your shares to be voted for a particular proposal, your shares will be voted (i) FOR the election of the nominated slate of directors; (ii) FOR the approval of an amendment to our certificate of incorporation increasing the number of authorized shares of common stock from 25,000,000 to 40,000,000 and the total number of authorized shares of capital stock from 27,000,000 to 42,000,000; (iii) FOR the adoption of the Evolving Systems 2007 Stock Incentive Plan; and (iv) FOR the ratification of the selection of Grant Thornton LLP as our independent registered public accounting firm to audit the consolidated financial statements of Evolving Systems for its fiscal year ending December 31, 2007. As to other matters as may properly come before the meeting (or any adjournments or postponements thereof), the proxy holders will vote as recommended by the Board of Directors. If no such recommendation is made, the proxy holders will be authorized to vote upon such matters in their own discretion.

*Can I change my vote after I return my proxy card?*

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with the Secretary of Evolving Systems either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the Annual Meeting in person and request to recast your vote. Attendance at the Annual Meeting will not, by itself, revoke a previously granted proxy.

*What are the recommendations of the Board of Directors?*

The Board recommends stockholders vote FOR all proposals. Unless you instruct otherwise on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. Specifically, the Board's recommendations are set forth below. In summary, the Board recommends a vote:

- **FOR** the election of the nominated slate of directors;
- **FOR** the approval of an amendment to our certificate of incorporation increasing the number of authorized shares of common stock from 25,000,000 to 40,000,000 and the total number of authorized shares of capital stock

from 27,000,000 to 42,000,000;

3

---

- **FOR** the approval of the Evolving Systems, Inc. 2007 Stock Incentive Plan; and
- **FOR** the ratification of the selection of Grant Thornton LLP as our independent registered public accounting firm to audit the consolidated financial statements of Evolving Systems for its fiscal year ending December 31, 2007.

The proxy holders will vote as recommended by the Board of Directors with respect to any other matter that properly comes before the Annual Meeting, including any postponements or adjournments thereof. If the Board of Directors on any such matter gives no recommendation, the proxy holders will vote in their own discretion.

*What are the quorum requirements and how are abstentions and broker non-votes treated?*

*Outstanding Shares and Quorum.* As of the record date, Evolving Systems had 17,656,493 shares of its common stock outstanding and 504,915 shares of Series B Convertible Preferred Stock, convertible into 1,514,745 shares of our common stock and entitled to 1,141,107 votes. The presence at the meeting of a majority of the outstanding shares, in person or by proxy relating to any matter to be acted upon at the meeting, is necessary to constitute a quorum for the meeting. Each outstanding share of common stock is entitled to one vote on all matters and each share of Series B Convertible Preferred Stock is entitled to 2.26 votes on all matters, for a total of 18,797,600 possible eligible votes for the proposals set forth herein.

*Abstentions.* If you return a proxy card that indicates an abstention from voting on all matters, the shares represented will be counted as present for the purpose of determining a quorum, but they will not be voted on any matter. Consequently, if you abstain from voting on the proposal to elect directors (Proposal No. 1), your abstention will have no effect on the outcome of the vote with respect to this proposal. If you abstain from voting on the proposals to approve the amendment to our certificate of incorporation (Proposal No. 2) or to approve the adoption of the Evolving Systems 2007 Stock Incentive Plan (Proposal No. 3) or to ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm (Proposal No. 4), your abstention will have the same effect as a vote against these proposals.

*Broker Non-Votes.* Under the rules that govern brokers who have record ownership of shares that are held in street name for their clients, who are the beneficial owners of the shares, brokers have discretion to vote these shares on routine matters but not on non-routine matters. For shares held through a broker or other nominee who is a NYSE member organization, your shares will only be voted in favor of the proposal to approve the proposal to approve the amendment to our certificate of incorporation (Proposal No. 2), and the proposal to approve a Stock Incentive Plan (Proposal No. 3) which are non-routine matters, if you have provided specific voting instructions to your broker or other nominee to vote your shares in favor of these proposals. Thus, if you do not otherwise instruct your broker, the broker may turn in a proxy card voting your shares for routine matters but expressly instructing us that the broker is NOT voting on non-routine matters. A broker non-vote occurs when a broker expressly instructs on a proxy card that it is not voting on a matter, whether routine or non-routine. Broker non-votes are counted for the purpose of determining the presence or absence of a quorum but are not counted for determining the number of votes cast for or against a proposal. Your broker will have discretionary authority to vote your shares on the proposal to elect directors (Proposal No. 1) and the proposal to ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm (Proposal No. 4), which are routine matters.

*Election of Directors.* The election of directors is a routine matter for brokers that hold their clients' shares in street name. If a quorum is present and voting, the two nominees receiving the highest number of votes will be elected to the board of directors. Abstentions and broker non-votes will not be counted in the election of directors.

*Approval of the Amendment to Evolving Systems' Certificate of Incorporation.* The approval of the amendment to Evolving Systems' certificate of incorporation is a non-routine matter for brokers that hold their clients' shares in street name.

The affirmative vote of the holders of a majority of the shares of our common stock issued and outstanding and our Series B Convertible Preferred Stock, voting together as a single class, will be required to approve the amendment to our certificate of incorporation. Abstentions and broker non-votes will have the effect of a vote against this proposal.

*Approval of the Stock Incentive Plan.* The approval of the proposal relating to the Evolving Systems 2007 Stock Incentive Plan is a non-routine matter for brokers that hold their clients' shares in street name and requires the affirmative vote of a majority of the shares of the Company's common stock and our Series B Convertible Preferred Stock, voting together as a single class, present or represented by proxy and entitled to vote at the 2007 Annual Meeting. Abstentions will be counted as present for purposes of determining the presence of a quorum. Abstentions will have the same effect as a negative vote. Broker non-votes will have no effect on the outcome of the vote.

*Ratification of Grant Thornton LLP as Evolving Systems' Independent Registered Public Accounting Firm.* The ratification of Grant Thornton LLP as Evolving Systems' independent registered public accounting firm is a routine matter for

brokers that hold their clients' shares in street name. The affirmative vote of a majority of the shares of our common stock and our Series B Convertible Preferred Stock, voting together as a single class, present or represented and voting at the annual meeting will be required to ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm. Abstentions will have the effect of a vote against this proposal and broker non-votes will have no effect on the outcome of the vote with respect to this proposal.

***Is it possible that the Annual Meeting will be adjourned to a later date?***

Yes, the Annual Meeting may be adjourned or postponed to a later date for the purpose of soliciting additional proxies, if necessary or appropriate, to establish a quorum or to receive enough votes to approve the proposals set forth herein. Any adjournment may be made by the chairman of the meeting (or by a vote of a majority of the shares represented at the meeting), without additional notice to you if an announcement is made at the Annual Meeting that sets forth the new date, time, place and the means of remote communication, if any, of the new meeting. If the Annual Meeting is adjourned, the proxies granted for the Annual Meeting will be permitted to vote at the new meeting as well, unless any such proxies are revoked prior to such time. If the Annual Meeting is adjourned to a date that is more than 30 days later than the original Annual Meeting date, however, a notice of the new meeting will be given to each stockholder of record entitled to vote at such meeting.

***Do I have dissenters' rights with respect to any of the proposed matters?***

Under Delaware law, stockholders are not entitled to dissenters' rights of appraisal with respect to any of the proposals.

***Delivery of this Proxy Statement***

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements with respect to two or more security holders sharing the same address by delivering a single proxy statement addressed to those security holders. This process, which is commonly referred to as householding, potentially means extra convenience for security holders and cost savings for companies.

This year, a number of brokers with account holders who are Evolving Systems stockholders will be householding our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, please notify your broker, direct your written request to Evolving Systems, Inc., Anita T. Moseley, Secretary, 9777 Pyramid Court, Suite 100, Englewood, Colorado 80112, or contact Anita T. Moseley at 303-802-1000.

Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker.

**PROPOSAL NO. 1  
ELECTION OF DIRECTORS**

Our certificate of incorporation and bylaws provide that the Board of Directors is divided into three (3) classes, each class consisting, as nearly as possible, of one-third of the total number of directors, with each class having a three-year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the Board of Directors) will serve for the remainder of the full term of the class of directors in which the vacancy occurred and until the director's successor is elected and qualified.

The Board of Directors presently consists of five (5) members. Except for Mr. Gartside who was an executive officer of the Company until April 2, 2007, and Mr. Hallenbeck, who was an executive officer of the Company until September 2, 2005, the Directors are independent under Nasdaq's current listing standards.

There are two Directors, Stephen K. Gartside, Jr. and Philip M. Neches, whose terms of office expire in 2007. The Board has nominated Mr. Gartside and Mr. Neches for re-election. There are currently two (2) vacancies on the Board which will remain following this election. The Board may fill these vacancies pursuant to the Company's bylaws, except that currently one of these vacancies is reserved for appointment by the Series B Convertible Stockholders. Proxies cannot be voted for a greater number of persons than the number of nominees named. If elected at the Annual Meeting, each of the nominees would serve until the 2010 annual meeting and until his successor is elected and has qualified, or until such director's earlier death, resignation or removal.

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the meeting. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as management may propose. The persons nominated for election have agreed to serve if elected, and management has no reason to believe that the nominees will be unable to serve.

Set forth below is biographical information for the persons nominated and each person whose term of office as a director will continue after the Annual Meeting. Ages are as of April 18, 2007, the record date.

**Vote Required and Recommendation of Board of Directors**

The election of directors is a routine matter for brokers that hold their clients' shares in street name. If a quorum is present and voting, the two nominees receiving the highest number of votes will be elected to the board of directors. Abstentions and broker non-votes will not be counted in the election of directors.

Our business, property and affairs are managed under the direction of our Board of Directors and its committees. Our Board of Directors provides management oversight, helps guide the Company on strategic planning, approves the Company's operating budgets and meets regularly in executive sessions. Members of our Board are kept informed of our business through discussions with our Chief Executive Officer and other officers and employees, by reviewing materials provided to them, by visiting our offices and by participating in meetings of the Board and its committees.

During the Company's last fiscal year ended December 31, 2006, the Board of Directors met 7 times; executive sessions of the Board (meetings of independent directors) were held 4 times; and the Board acted by unanimous consent 1 time. Each director attended at least 75% of all Board meetings in fiscal year 2006.

The Board has an Audit Committee, a Compensation Committee and a Governance and Nominating Committee. Below is a table that provides membership and meeting information for each of the Board committees. In fiscal year 2006 each committee member attended at least 75% of the meetings of each applicable committee held after becoming a member of that committee.

Mr. Hallenbeck		X	X

Mr. Nicol	X	X	*	
Mr. Warnecke	X	*	X	
Total meetings in fiscal year 2006	7	2	3	

\* Denotes Committee Chairperson as of December 31, 2006.

Below is a description of each committee of the Board of Directors. Each of the committees has authority to engage legal counsel or other experts or consultants as it deems appropriate to carry out its responsibilities. The Board of Directors has determined that, other than Mr. Hallenbeck, each member of each committee meets the independence requirements under the Nasdaq's current listing standards and each member is free of any relationship that would interfere with his individual exercise of independent judgment.

**The Audit Committee.** The Audit Committee assists the Board of Directors in its oversight of the integrity of the Company's accounting, auditing, and reporting practices. The Audit Committee meets with our independent registered public accounting firm at least annually to review the results of the annual audit and discuss the financial statements. The Committee also meets with our independent registered public accounting firm quarterly to discuss the results of the accountants' quarterly reviews as well as quarterly results and quarterly earnings releases; recommends to the Board the registered public accounting firm to be retained; and receives and considers the accountants' comments as to internal controls and procedures in connection with audit and financial controls. The Audit Committee reviews all financial reports prior to filing with the Securities and Exchange Commission (SEC) and reviews all financial press releases prior to release. The specific responsibilities in carrying out the Audit Committee's oversight role are set forth in the Audit Committee's Charter, a copy of which is posted on the Company's website, [www.evolving.com](http://www.evolving.com), under Company Corporate Governance. The Audit Committee consists of Messrs. Neches, Nicol and Warnecke, all of whom are independent directors as required under Exchange Act Section 10A(m)(3) and Nasdaq listing standards. The Board of Directors has determined that Mr. Warnecke is an audit committee financial expert as defined by the rules of the Securities and Exchange Commission. For more information concerning the Audit Committee see the Report of the Audit Committee contained in this Proxy Statement.

**The Compensation Committee.** The primary responsibilities of the Compensation Committee are to review and recommend to the Board the compensation of the Chief Executive Officer and our other executive officers, to review

and recommend an incentive compensation plan, approve grants of stock awards to employees and consultants under our stock incentive plan and otherwise determine compensation levels and perform such other functions regarding compensation as the Board may delegate. (Note: Our stock option plan expired in January 2006 and we currently do not have an equity compensation plan in place, although we are seeking approval for a stock incentive plan in this Proxy solicitation.) The Compensation Committee consists of Messrs. Neches, Nicol and Hallenbeck. Messrs. Neches and Nicol are independent under current Nasdaq listing standards for purposes of serving on this committee. Mr. Hallenbeck is not considered independent under Nasdaq listing

standards because he served as an executive officer of the Company until September 2, 2005. The Board, however, determined that because Mr. Hallenbeck was a founder of the Company and has significant knowledge of the Company's business and the communications industry, Mr. Hallenbeck could provide a valuable contribution to the Compensation Committee. In accordance with Nasdaq listing standards, Mr. Hallenbeck may not serve more than two years on the Compensation Committee and he will be resigning from the Compensation Committee on or before November 1, 2007.

The specific responsibilities and functions of the Compensation Committee are discussed in the Compensation Committee Charter, which is posted on our website, [www.evolving.com](http://www.evolving.com), under Company Corporate Governance.

**Governance and Nominating Committee.** The primary responsibilities of the Governance and Nominating Committee (the Nominating Committee) are to monitor corporate governance matters, to determine the slate of Director nominees for election to the Company's Board of Directors and to identify and recommend candidates to fill vacancies occurring on the Board of Directors.

In filling vacancies that occur on the Board, and nominating candidates for election, the Nominating Committee takes into account certain minimum qualifications and qualities that the Committee believes are necessary for one or more of the Company's directors to possess. These qualifications and qualities are as follows:

- Experience with businesses and other organizations comparable to the Company. For example, experience in the telecommunications industry and/or experience in a software development company is desirable.
- Experience in reviewing, and the ability to understand, financial statements.
- Experience in the operational and corporate governance aspects of running a public company.
- Experience working with or overseeing management and establishing effective compensation strategies to align management with Company objectives and stockholder financial returns.
- The candidate's independence from conflict or direct economic relationship with the Company. For example, individuals who are employed by one of our customers or a competitor would not be eligible for our Board.
- The candidate's contacts within the telecommunications industry, and/or within the finance and investment banking industry.
- Experience with mergers and acquisitions.
- The ability of the candidate to attend Board and committee meetings regularly (either in person or by telephone) and devote an appropriate amount of effort in preparation for those meetings.
- A reputation, strength of character and business judgment befitting a director of a publicly held company.

Candidates for the Board should have some, but not necessarily all, of the above-described criteria. The Committee will also consider factors relating to the current composition of the Board, including, but not limited to, the diversity of the Board.

The process used by the Nominating Committee for identifying and evaluating nominees for directors is as follows:

- **Nomination of an existing Board member whose term is expiring.** Each year prior to preparation of the Proxy Statement for the Annual Meeting, the Nominating Committee meets to determine whether any Board member whose term will expire at the upcoming Annual Meeting desires to remain on the Board and, if so, whether such individual should be recommended for nomination. The Committee evaluates whether the individual continues to meet the then current qualifications and qualities established by the Committee for Board membership, as well as the

contributions made by the individual during his or her tenure on the Board. The Committee, among other things, takes into consideration the individual's attendance at Board and committee meetings and his or her participation in, and preparation for, such meetings. In the event the Committee determines that it is in the Company's best interest to nominate an existing Board member whose term is expiring for re-election, the Committee will adopt a formal recommendation for consideration and adoption by the full Board of Directors, which, if adopted by the Board of Directors, will be contained in the Proxy Statement.

9

---

- **Consideration of candidates proposed by Stockholders.** The Nominating Committee will consider candidates for the Board proposed by stockholders. Stockholders wishing to nominate a candidate for consideration by the Committee may do so by writing to the Company's Secretary and providing the candidate's name, biographical data and qualifications. The Committee will consider the candidate for nomination in the same manner as described below, Consideration of new candidates for the Board. A stockholder proposal for inclusion in the Proxy Statement (and received in accordance with the procedures described in our Bylaws and its previous year's Proxy Statement) will be included in the Proxy Statement in accordance with SEC regulations.
- **Consideration of new candidates for the Board.** The Nominating Committee will consider new candidates for the Board to fill vacancies that occur on the Board. Recommendations for candidates may be submitted to the Committee through the Company's Secretary. The Secretary will forward names and qualifications of proposed candidates to the Committee members. The Committee will review the materials to determine whether the candidate appears to meet the qualifications and qualities established by the Committee for Board membership. If the candidate appears to be qualified, the Committee will conduct an interview of the candidate, which may include interviews with management as well as other members of the Board. The Committee may recommend a candidate for membership on the Board, subject to final approval of a majority of the Board of Directors, and the results of a background investigation and reference check of the candidate.

The specific responsibilities and functions of the Nominating Committee are set forth in the Nominating Committee Charter. The Committee's charter is posted on our website, [www.evolving.com](http://www.evolving.com), under Company Corporate Governance. The current members of the Nominating Committee are Messrs. Hallenbeck, Neches and Warnecke. Mr. Neches and Mr. Warnecke are independent under current Nasdaq listing standards. Mr. Hallenbeck is not considered independent under Nasdaq listing standards because he served as an executive officer of the Company until September 2, 2005. The Board, however, determined that because Mr. Hallenbeck was a founder of the Company and has significant knowledge of the Company's business and the communications industry, Mr. Hallenbeck could provide a valuable contribution to the Nominating Committee. In accordance with Nasdaq listing standards, Mr. Hallenbeck may not serve more than two years on the Nominating Committee and he will be resigning from the Nominating Committee on or before July 26, 2007.

#### **Statement on Corporate Governance**

We regularly monitor developments in the area of corporate governance by reviewing federal laws affecting corporate governance, such as the Sarbanes-Oxley Act of 2002, as well as rules adopted by the SEC and Nasdaq. In response to those developments, we review our processes and procedures and implement corporate governance practices which we believe are in the best interests of the Company and its stockholders. Among other things, we have established a Disclosure Committee, comprised of executives and senior managers who are actively involved in the disclosure process, to specify, coordinate and oversee the review procedures that we use each quarter, including at fiscal year end, to prepare our periodic SEC reports.

The Board has approved a set of corporate governance guidelines to promote the functioning of the Board and its Committees and to set forth a common set of expectations as to how the Board should perform its functions. Our Corporate Governance Guidelines are posted on the Company's website under Company Corporate Governance. On an annual basis, each Director and executive officer is obligated to complete a Director and Officer Questionnaire which requires disclosure of any transactions with the Company in which the Director or executive officer, or any member of his or her immediate family, has a direct or indirect material interest. The Board also evaluates its performance annually.

The Board has also approved a Code of Business Conduct and a Code of Ethics for Finance Employees (collectively, the Code of Conduct), posted on our website, [www.evolving.com](http://www.evolving.com), under Company Corporate Governance. We require all employees and Directors to adhere to the Code of Conduct in discharging their Company-related activities. Employees and Directors are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Code of Conduct. We have also established a confidential hotline to answer employees ethics questions and report ethical concerns. In accordance with the requirements of the Sarbanes-Oxley Act of 2002, the Audit Committee has established procedures to receive, retain and treat complaints we receive regarding accounting, internal accounting controls of auditing matters, and to allow for the confidential, anonymous submission by our employees of concerns regarding accounting or auditing matters.

#### **Policies and Procedures for Approval of Related Person Transactions**

We may encounter business arrangements or transactions with businesses and other organizations in which one of our directors or executive officers or their immediate families may also be a director, executive officer or investor or have

some other direct or indirect material interest. We refer to these transactions as related person transactions. Related person transactions have the potential to create actual or perceived conflicts of interests between Evolving Systems and its directors and officers or their immediate family members.

In March 2007, the Board formally adopted a policy with respect to related person transactions to document procedures pursuant to which such transactions are reviewed, approved or ratified. The policy applies to any transaction in which (1) the Company is a participant, (2) any related person has a direct or indirect material interest and (3) the amount involved exceeds \$120,000, but excludes any transaction that does not require disclosure under Item 404(a) of Regulation S-K. The Nominating and Governance Committee, with assistance from the Company's General Counsel, is responsible for reviewing, approving and ratifying any related person transaction. The Nominating and Governance Committee intends to approve only those related person transactions that are in, or are not inconsistent with, the best interests of the Company and its stockholders.

**Information Regarding Stockholder Communication with the Board of Directors; Attendance of Board Members at the Annual Meeting**

Stockholders may contact an individual director, the Board as a group, or a specified Board committee or group, including the non-employee directors as a group, at the following address: Corporate Secretary, Evolving Systems, Inc., 9777 Pyramid Ct., Suite 100, Englewood, CO 80112 Attn: Board of Directors. Our Secretary will process communications before forwarding them to the addressee. Directors generally will not be forwarded stockholder communications that are primarily commercial in nature, relate to improper or irrelevant topics, or request general information about the Company.

We encourage, but do not require, Board members to attend our Annual Meeting of Stockholders. At the 2006 Annual Stockholders Meeting, there were two (2) members of the Board present.

**PROPOSAL NO. 2**

**APPROVAL OF AN AMENDMENT TO THE COMPANY S CERTIFICATE OF  
INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED  
SHARES OF COMMON STOCK**

**GENERAL**

The Company s certificate of incorporation currently authorizes the issuance of 25,000,000 shares of common stock and 2,000,000 shares of preferred stock. The Board of Directors adopted a resolution approving, and declared advisable, subject to stockholder approval, an amendment to the Company s certificate of incorporation to increase the number of authorized shares of the Company s common stock from 25,000,000 to 40,000,000 and the total number of authorized shares of capital stock from 27,000,000 to 42,000,000. No change is being proposed to the authorized number of shares of preferred stock. We believe that an increase in the number of authorized shares of common stock is necessary to enable the Company to have additional shares for corporate opportunities, such as additional stock offerings, acquisitions, stock dividends and compensation plans. If the stockholders approve this proposal, Article IV. A. of the Company s certificate of incorporation would be amended to read in its entirety as follows:

A. Classes of Stock. This corporation is authorized to issue two classes of stock to be designated, respectively, Common Stock and Preferred Stock. The total number of shares which the corporation is authorized to issue is forty-two million (42,000,000), of which forty million (40,000,000) shares shall be Common Stock and two million (2,000,000) shares shall be Preferred Stock. The Common Stock shall have a par value of \$0.001 per share and the Preferred Stock shall have a par value of \$0.001 per share.

A form of the Amendment to Evolving Systems Restated Certificate of Incorporation reflecting the increase in authorized capital is annexed to this Proxy Statement as **Appendix A**.

**Reasons for the Increase in the Number of Authorized Shares of Common Stock**

We are seeking stockholder approval of an increase in the Company s number of authorized shares of common stock. Our certificate of incorporation currently authorizes the issuance of up to 25,000,000 shares of common stock and we had 17,656,493 shares of common stock outstanding as of the record date. In addition, we have 504,915 shares of Series B Convertible Preferred Stock which is convertible into 1,514,745 shares of the Company s common stock. Taking into account the shares reserved for issuance upon conversion of the Series B Convertible Preferred Stock and our option and stock purchase plans, we have approximately 1,388,051 shares of common stock available for issuance.

An increase in the number of authorized shares of common stock will enable us to pursue additional corporate opportunities, including additional stock offerings for operating and growth initiatives, potential acquisitions, stock dividends and equity compensation plans. Other than shares of stock that would be allocated to the Evolving Systems, Inc. 2007 Stock Incentive Plan described in Proposal No. 3, as of the record date we do not have any agreement with or commitment to any third party for the issuance of any shares of common stock which will be authorized if this amendment is approved.

**Impact of the Issuance on Existing Stockholders**

Our existing common stockholders will have rights which are equal to those of the holders of any common stock which could be issued following the increase in authorized common stock. Approval of an increase in the Company number of authorized shares of common stock, in and of itself, will not result in dilution. However, in determining whether to vote for this proposal, stockholders should consider that they are subject to the risk of substantial dilution to their interests which would result if shares of common stock are issued, and that as a result of the issuance of such common stock the current stockholders will own a smaller percentage of the Company s outstanding common stock.

**Anti-Takeover Effects of the Proposed Amendment**

Release No. 34-15230 of the staff of the Securities and Exchange Commission requires disclosure and discussion of the effects of any stockholder proposal that may be used as an anti-takeover device. Although the Company has no intent or plan to employ the additional unissued authorized shares as an anti-takeover device, it is possible that management could use the additional shares to resist or frustrate a third-party transaction providing an above-market premium that is favored by a majority of the independent stockholders. For example, shares of authorized and unissued common stock could (within the limits imposed by applicable law) be issued in one or more transactions that would discourage persons from attempting to

gain control of the Company, by diluting the voting power of shares then outstanding. Similarly, the issuance of additional shares to certain persons allied with the Company's management could have the effect of making it more difficult to remove the Company's current management by diluting the stock ownership or voting rights of persons seeking to cause such removal. Each of these, together with other anti-takeover provisions in our charter documents and provided by Delaware law, could potentially limit the opportunity for the Company's stockholders to dispose of their stock at a premium.

The Board of Directors is not aware of any attempt, or contemplated attempt, to acquire control of the Company, and this proposal is not being presented with the intent that it be utilized as a type of anti-takeover device or to secure management's positions within the Company.

**Not An Offer To Sell Or Solicitation of An Offer To Purchase Securities**

THIS PROXY STATEMENT DOES NOT CONSTITUTE AN OFFER TO SELL OR SOLICITATION OF AN OFFER TO PURCHASE SECURITIES OF THE COMPANY. ANY OFFER OF SECURITIES MADE BY THE COMPANY OR OTHER PERSON ON BEHALF OF THE COMPANY MAY BE MADE ONLY PURSUANT TO MATERIALS AND OTHER OFFERING DOCUMENTS PREPARED BY THE COMPANY AND DELIVERED TO QUALIFIED PURCHASERS EXPRESSLY FOR USE IN CONNECTION WITH THE SALE AND ISSUANCE OF COMMON STOCK DESCRIBED HEREIN, AND ANY SUCH OFFER SHALL BE MADE IN COMPLIANCE WITH, OR PURSUANT TO AN EXEMPTION FROM, SECTION 5 OF THE SECURITIES ACT OF 1933, AS AMENDED.

**Board of Directors' Reservation of Rights**

The Board of Directors retains the authority to take or to authorize discretionary actions as may be appropriate to carry out the purposes and intentions of this proposal which the Board of Directors may adopt without stockholder vote in accordance with the Delaware General Corporation Law.

**No Dissenters' Rights**

Under Delaware law, stockholders are not entitled to dissenters' rights of appraisal with respect to this proposal.

**Required Vote And Recommendation of Board of Directors**

The approval of the amendment to Evolving Systems' certificate of incorporation is a non-routine matter for brokers that hold their clients' shares in street name. The affirmative vote of the holders of a majority of the shares of our common stock issued and outstanding will be required to approve the amendment to our certificate of incorporation. As of the record date there were 17,656,493 shares of common stock outstanding and 504,915 shares of Series B Convertible Preferred Stock, convertible into 1,514,745 shares of our common stock. Therefore, this amendment must receive the affirmative vote of at least 9,585,620 shares of common stock on an as-converted basis. Each outstanding share of common stock is entitled to one vote on all matters and each share of Series B Convertible Preferred Stock is entitled to 2.26 votes. Abstentions and broker non-votes will have the effect of a vote against this proposal.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL NO. 2,  
APPROVAL OF THE AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION TO  
INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK.**

**PROPOSAL NO. 3**

**APPROVAL OF THE  
EVOLVING SYSTEMS, INC. 2007 STOCK INCENTIVE PLAN**

**Introduction**

The Board of Directors recommends that stockholders approve the Evolving Systems, Inc. 2007 Stock Incentive Plan (the 2007 Plan ), which was unanimously approved by the Board on March 12, 2007.

The 2007 Plan is intended to be the successor to the Evolving Systems Stock Option Plan, which expired on January 18, 2006. The purpose of the 2007 Plan is to create incentives for eligible employees, consultants and Directors to maximize the long-term value of the Company by granting awards to acquire our common stock (or awards that are valued by reference to the Company s common stock), collectively referred to as stock awards.

**Purpose of Adopting the 2007 Plan**

Adoption of the 2007 Plan will give the Company the ability to provide equity-based compensation to participants to encourage them to continue providing services to the Company and to better assure that their interests are aligned with the Company s stockholders. We believe that ability to provide stock awards as compensation will allow us to attract and retain qualified employees and Directors. The grant of a stock award has several attractive characteristics, both to the recipient and to the Company, which make such grants more attractive than increasing the level of cash compensation. For example, granting stock awards provides an incentive to individuals because stock ownership permits them to share in the Company s growth. The Company benefits because these individuals will be motivated to grow and improve the performance of the Company. In addition, the grant of certain stock awards preserves the Company s cash resources.

If the stockholders approve the 2007 Plan, and also approve Proposal No. 2 authorizing an increase in the Company s authorized capital, the Company will reserve 2,000,000 shares of common stock for issuance under the 2007 Plan. We anticipate that, following the receipt of stockholder approval of these proposals, we will, from time to time, make stock awards to eligible Participants as part of our overall compensation strategy.

In determining whether to vote for this proposal, stockholders should consider that they are subject to the risk of dilution to their interests which would result if shares of common stock are issued under the 2007 Plan, and that as a result of the issuance of such common stock the current stockholders will own a smaller percentage of the Company s outstanding common stock.

We have not made any specific determinations regarding individuals who may receive awards, the size of stock awards or other terms of the awards. If the stockholders do not approve **both** Proposal No. 2 and this Proposal No. 3, the Company will not have a stockholder-approved plan from which to be able to make equity incentive stock awards on an ongoing basis.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL NO. 3,  
APPROVAL OF ADOPTION OF THE EVOLVING SYSTEMS, INC. 2007 STOCK INCENTIVE PLAN.**

**Summary of the Key Terms of the 2007 Plan**

The following is a brief description of the 2007 Plan. The full text of the 2007 Plan is attached as **Appendix B** to this Proxy Statement, and the following description is qualified in its entirety by reference to the text of the 2007 Plan set forth in **Appendix B**.

**Administration of the 2007 Plan.** The Compensation Committee of the Board of Directors or any other committee appointed by the Board of Directors (the Committee ) administers the 2007 Plan and determines recipients and types of awards to be granted, including the exercise price, exercisability and number of shares subject to the award. The Committee may also delegate administrative powers to a subcommittee or to officers of the Company subject to certain conditions.

**Eligibility.** All employees (including officers), consultants and Directors of the Company or any parent or any subsidiary of the Company are eligible to receive stock awards under the 2007 Plan (each employee, consultant, Director who receives such a stock award is referred to as a participant. ) Participants will receive grants of stock

awards at the discretion of the Committee as compensation for their services to the Company.

**Types of Awards.** The types of stock awards that are available for grant under the 2007 Plan are:

- incentive stock options;

14

---

- nonstatutory stock options;
- restricted stock;
- restricted stock units;
- stock appreciation rights;
- performance awards; and
- other stock-based awards.

**Stock Subject to the 2007 Plan.** Subject to adjustment for changes in capitalization, the maximum aggregate number of shares of our common stock that may be issued under the 2007 Plan may not exceed 2,000,000 shares, the share reserve. The maximum number of shares that may be issued with respect to incentive stock options is 2,000,000 shares, subject to adjustment for changes in capitalization. Each share of common stock issued pursuant to an option or stock appreciation right will reduce the share reserve by one share and each share of common stock issued pursuant to an award of restricted stock, restricted stock units, performance award or other stock-based award will reduce the share reserve by one and one-half shares. To the extent that a distribution pursuant to a stock award is made in cash, the share reserve will be reduced by the number of shares of common stock subject to the redeemed or exercised portion of such stock award. Shares of common stock covered by stock awards that expire, are cancelled, terminate, are repurchased by us at cost or reacquired by us prior to vesting will revert to or be added to the share reserve and become available for issuance under the 2007 Plan; *provided, however*, that shares of common stock will not revert to or be added to the share reserve to the extent that the shares are (a) tendered for payment of the exercise price of an option, (b) withheld by us to satisfy any tax withholding obligation, or (c) purchased by us with proceeds from the exercise of an option. In addition, the share reserve shall be reduced by the full number of shares of common stock covered by a stock appreciation right that is exercised or settled. Shares subject to stock awards that have expired or otherwise terminated without having been exercised in full become available again for the grant of awards under the 2007 Plan. Shares with respect to which stock appreciation rights have been exercised are not available for the grant of new awards.

**Individual Award Limits.** No participant shall be eligible to be granted stock awards covering more than 500,000 shares of common stock, subject to adjustment for changes in capitalization during any calendar year. The maximum dollar amount that may be paid to a single participant in any calendar year shall not exceed \$500,000.

**Adjustment.** Transactions not involving the receipt of consideration by the Company, such as a merger, consolidation, reorganization, stock dividend, or stock split, may change the class and number of shares of common stock subject to the 2007 Plan and outstanding awards. In that event, the 2007 Plan will be appropriately adjusted as to the class and the maximum number of shares of common stock subject to the 2007 Plan and other share limits. Outstanding awards also will be adjusted as to the class, number of shares and price per share of common stock subject to such awards.

**Fair Market Value.** Generally, fair market value of the Company's common stock will be the closing sales price of one share of the Company's common stock on the NASDAQ Capital Market on the date of determination.

**Stock Options and Stock Appreciation Rights.** The Committee may award stock options in the form of nonstatutory stock options or incentive stock options or stock appreciation rights, each with a maximum term of ten years. The exercise price for the option and the grant price for the stock appreciation right may not be less than 100% of the fair market value of one share of common stock on the date of grant. The Committee will establish the vesting schedule for stock options and stock appreciation rights and the method of payment for the exercise price of an option, which may

include cash, shares, or other awards. The Committee will establish in the award agreement the period of time that the participant will have after termination of continuous service with the Company to exercise the vested portion of an outstanding option or stock appreciation right. Stockholder approval of the class of eligible participants under the 2007 Plan and the limit on the number of shares covered by an award granted to any one participant during a calendar year is intended to satisfy the stockholder approval conditions for stock options and stock appreciation rights to qualify as deductible under Section 162(m) of the Internal Revenue Code.

**Restricted Stock and Restricted Stock Units.** The Committee may award restricted stock and restricted stock units and establish applicable restrictions, including any limitation on voting rights or the receipt of dividends. The Committee may decide to include dividends or dividend equivalents as part of an award of restricted stock or restricted stock units and may defer the payment of dividends, with or without interest, until the award is vested or paid. The Committee will establish the manner and timing under which restrictions may lapse. If the participant's continuous service is terminated during the applicable restriction period, shares of restricted stock and restricted stock units still subject to restriction will be forfeited, except as determined otherwise by the Committee.

**Performance Awards and Other Stock-Based Awards.** The Committee may grant performance awards, which may be denominated in cash, shares, other securities or other awards and payable to, or exercisable by, the participant upon the achievement of performance goals during performance periods, as established by the Committee. Performance criteria mean any measures, as determined by the Committee, which may be used to measure the level of performance of the Company or the participant during a performance period. The Committee may grant other stock-based awards that are denominated or payable in shares, under the terms and conditions as the Committee will determine.

**Dividends and Dividend Equivalents.** The Committee may provide in an award agreement that the participant is entitled to receive, currently, or on a deferred basis, dividends or dividend equivalents, with respect to the shares of common stock covered by the award.

**Material Terms of Performance Goals for Covered Persons.** The Company intends for certain awards made under the 2007 Plan to comply with the requirements for performance-based compensation pursuant to Section 162(m) of the Internal Revenue Code. Generally, current federal tax law does not allow a publicly held company to obtain tax deductions for compensation of more than \$1 million paid in any year to the chief executive officer and the four most highly compensated executive officers unless such payments are performance-based as defined in the tax laws. One of the requirements for compensation to be performance-based under those laws is that the company must obtain stockholder approval every five years of the material terms of performance goals for such compensation.

**Group of Employees Covered.** The group of employees whose compensation would be subject to the performance goals would include the Company's senior executive officers, including the chief executive officer and the four most highly compensated executive officers, covered officers, and other officers or individuals who may become covered officers.

**Business Criteria.** The Company intends to use one or more of the following performance criteria as the basis for the performance goals: (i) revenue, (ii) earnings before interest, taxes, depreciation and amortization (EBITDA), (iii) net earnings, (iv) net income, and (v) cash flow, subject to adjustment by the Committee to remove the effect of charges for restructurings, discontinued operations, extraordinary items and all items of gain, loss or expense determined to be extraordinary or unusual in nature or infrequent in occurrence, related to the disposal of a segment or a business, or related to a change in accounting principle or otherwise. The Committee may establish performance goals that are measured either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit or related company, and measured quarterly, annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to a previous quarter's or year's results or to a designated comparison group, in each case as specified by the Committee in the award. The Committee may establish the threshold, target and maximum performance levels, and the number of shares or dollar amounts payable at various performance levels from the threshold to the maximum.

**Per-Person Maximum Amounts.** Awards may be denominated either in shares of common stock or in dollar amounts. The maximum number of shares that may be received by an individual in payment of a stock performance award in any calendar year is 500,000 shares, subject to adjustment for changes in capitalization. For a performance award denominated in dollars, the maximum payment to an individual in any calendar year is \$500,000. The compensation attributable to the exercise of stock options and stock appreciation rights is equal to the difference in the exercise or grant price, which may not be less than 100% of the fair market value of one share of common stock on the date of grant, and the current value of the stock at the time of exercise.

The Committee has established qualifying performance criteria and maximum amounts that it considers appropriate in light of foreseeable contingencies and future business conditions. If the 2007 Plan is approved by the stockholders, the Company reserves the right to award or pay other additional forms of compensation (including, but not limited to, salary, or other stock-based awards under the 2007 Plan) to the Company's covered officers. These other forms of compensation may be paid regardless of whether or not the qualifying performance goals for performance awards described above are achieved in any future year, and whether or not payment of such other forms of compensation would be tax deductible.

**Effect of Change of Control.** Upon certain changes of control of the Company, the successor corporation may assume outstanding stock awards or substitute equivalent stock awards. If the successor corporation refuses to do so, such stock awards will become fully vested and exercisable for a period of 15 days after notice from the Company but the option will terminate if not exercised during that period.

For this purpose, a Change of Control means the occurrence of any of the following: (1) a sale of substantially all of the assets of the Company; (2) a merger or consolidation in which the Company is not the surviving corporation; (3) a reverse merger in which the Company is the surviving corporation but the shares of the Common Stock outstanding

immediately preceding the merger are converted by virtue of the merger into other property, whether in the form of securities, cash or otherwise; or (4) the acquisition by any person, entity or group within the meaning of Section 13(d) or 14(d) of the Exchange Act, or any comparable successor provisions (excluding any employee benefit plan, or related trust, sponsored or maintained by the Company or any Affiliate of the Company) of the beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act, or comparable successor rule) of securities of the Company representing at least fifty percent (50%) of the combined voting power entitled to vote in the election of directors.

**Limitations on Transfer.** Awards are not transferable other than by will or the laws of descent and distribution unless determined otherwise by the Committee. Awards may not be pledged or otherwise encumbered.

**Amendment and Termination of the 2007 Plan.** The Board may amend, suspend or terminate the 2007 Plan in any respect and at any time, subject to stockholder approval, if such approval is required by applicable law or stock exchange rules. The Committee may waive conditions or amend the term of awards, or otherwise amend or suspend awards already granted subject to certain conditions.

**Effective Date; Term of the 2007 Plan.** The 2007 Plan will become effective immediately upon its approval by the Company's stockholders. Unless earlier terminated by the Board, the 2007 Plan will terminate on March 11, 2017.

#### **Federal Income Tax Information**

The following discussion of the federal income tax consequences of the 2007 Plan is intended to be a summary of the applicable federal law as currently in effect. Foreign, state and local tax consequences may differ and laws may be amended or interpreted differently during the term of the 2007 Plan or of stock awards granted under the 2007 Plan. Because the federal income tax rules governing stock awards and related payments are complex and subject to frequent change, participants are advised to consult their individual tax advisors.

**Nonstatutory Stock Options.** The grant of a nonstatutory stock option will not result in the recognition of taxable income by the participant or in a deduction for the Company. Upon exercise, the participant will recognize ordinary income in an amount equal to the excess of the fair market value of the shares of common stock purchased over the exercise price, and generally, the Company is entitled to a tax deduction for the amount of the income recognized by the participant (subject to Section 162(m) of the Internal Revenue Code). If the participant later sells any of the shares acquired upon exercise of the nonstatutory stock option, any gain or loss recognized will be capital gain or loss (long-term or short-term, depending upon the holding period for the shares sold). Certain additional rules apply if the exercise price is paid in shares previously owned by the participant.

**Incentive Stock Options.** Incentive stock options granted under the 2007 Plan are intended to be eligible for the favorable federal income tax treatment accorded incentive stock options under Section 422 of the Internal Revenue Code. There generally are no federal income tax consequences to the participant or the Company upon the grant or exercise of an incentive stock option. However, the excess of the fair market value of the shares of common stock on the date of exercise over the exercise price will result in an adjustment to taxable income for purposes of the alternative minimum tax. If the participant holds stock acquired through exercise of an incentive stock option for at least two (2) years from the date on which the option is granted and at least one (1) year from the date on which the shares are transferred to the participant upon exercise of the option, any gain or loss on a disposition of the shares will be a long-term capital gain or loss. Generally, if the participant disposes of the stock before the expiration of either of these holding periods (a disqualifying disposition), then at the time of disposition the participant will realize taxable ordinary income equal to the lesser of (i) the excess of the stock's fair market value on the date of exercise over the exercise price, or (ii) the participant's actual gain, if any, on the disposition. The participant may also have additional gain or loss upon the disqualifying disposition, which will be capital gain or loss (long-term or short-term, depending upon the holding period for the shares). To the extent the participant recognizes ordinary income by reason of a disqualifying disposition, the Company will generally be entitled to a corresponding deduction for the tax year in which the disqualifying disposition occurs.

**Stock Appreciation Rights.** The grant of a stock appreciation right will not result in the recognition of taxable income by the participant or in a deduction for the Company. Upon exercise, the participant will recognize ordinary income in an amount equal to the then fair market value of the shares of common stock or cash distributed to the participant. The Company is entitled to a tax deduction equal to the amount of such income (subject to Section 162(m) of the Internal Revenue Code). Gain or loss upon a subsequent sale of any shares received by the participant will generally be taxed as capital gain or loss (long-term or short-term, depending upon the holding period for the shares sold).

17

---

**Other Awards.** A participant who is granted restricted stock, restricted stock units, performance awards or other stock-based awards will generally not be taxed at the time of grant of the award unless the participant makes a Section 83(b) election under the Internal Revenue Code to be taxed at the time of grant or exercise, as applicable. Upon the payment of shares with respect to units or upon the lapse of restrictions on transferability or the lapse of risk of forfeiture with respect to restricted stock, the participant will be taxed at ordinary income tax rates on the then fair market value of the shares. The Company is required to withhold tax on the amount of income recognized and the Company will generally be allowed a tax deduction on the amount of the income recognized (subject to Section 162(m) of the Internal Revenue Code). The participant's tax basis in the shares will be equal to the amount of ordinary income recognized. Upon subsequent disposition of the shares, the participant will realize capital gain or loss (long-term or short-term, depending upon the holding period for the shares sold).

**Section 162(m) Potential Limit on Company Deduction.** Section 162(m) of the Internal Revenue Code limits the deduction for compensation paid to the chief executive officer and the four other most highly compensated executive officers of a publicly held corporation to \$1 million per fiscal year, with exceptions for certain performance-based compensation. In accordance with Treasury regulations issued under Section 162(m), compensation attributable to stock options and stock appreciation rights will qualify as performance-based compensation if the award is granted by a compensation committee comprised solely of outside directors and the plan is approved by the stockholders and contains a per-employee limitation on the number of shares for which such awards may be granted during a specified period, and (i) either the exercise price of the award is no less than the fair market value of the stock on the date of grant, or (ii) the award is granted (or exercisable) only upon the achievement (as certified in writing by the compensation committee) prior to vesting or exercisability of an objective performance goal established in writing by the compensation committee while the outcome is substantially uncertain, and the stockholders have approved the material terms of the award (including the class of employees eligible for such award, the business criteria on which the performance goal is based, and the maximum amount, or formula used to calculate the amount, payable upon attainment of the performance goal).

Restricted stock, restricted stock units, performance awards, and other stock-based awards qualify as performance-based compensation under the Treasury regulations only if (i) the award is granted by a compensation committee comprised solely of outside directors, (ii) the award is granted (or exercisable) only upon the achievement of an objective performance goal established in writing by the compensation committee while the outcome is substantially uncertain, (iii) the compensation committee certifies in writing prior to the granting (or exercisability) of the award that the performance goal has been satisfied and (iv) prior to the granting (or exercisability) of the award, stockholders have approved the material terms of the award (including the class of employees eligible for such award, the business criteria on which the performance goal is based, and the maximum amount, or formula used to calculate the amount, payable upon attainment of the performance goal).

#### New 2007 Plan Benefits

No awards have been granted under the 2007 Plan. Awards under the 2007 Plan will be authorized by the Committee in its sole discretion. In 2006, there were no grants of stock awards to the named executive officers, the Directors, consultants or to any other individuals. Therefore, it is not possible to determine the benefits or amounts that will be received by any particular individual or group of individuals in the future or that would have been received in fiscal year 2006 had the 2007 Plan been in effect. Therefore, we have not included a table reflecting such benefits and awards.

**PROPOSAL NO. 4**

**RATIFICATION OF SELECTION OF INDEPENDENT  
REGISTERED PUBLIC ACCOUNTING FIRM**

The Board of Directors has selected Grant Thornton LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2007, and has further directed that management submit the selection of the independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. Representatives of Grant Thornton LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions from stockholders present at the meeting.

Stockholder ratification of the selection of Grant Thornton LLP as the Company's independent registered public accounting firm is not required by our bylaws or otherwise. However, the Board is submitting the selection of Grant Thornton LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board in their discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

**Required Vote and Recommendation of Board of Directors**

The ratification of Grant Thornton LLP as Evolving Systems' independent registered public accounting firm is a routine matter for brokers that hold their clients' shares in street name. The affirmative vote of a majority of the shares of our common stock and our Series B Convertible Preferred Stock, voting together as a single class, present or represented and voting at the annual meeting will be required to ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm. Abstentions will have the effect of a vote against this proposal and broker non-votes will have no effect on the outcome of the vote with respect to this proposal.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL NO. 4,  
RATIFICATION OF GRANT THORNTON LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC  
ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2007.**

**Information Regarding Change in Accountants**

On April 6, 2007, following a competitive bidding process, the Audit Committee approved the decision to change the Company's independent registered public accounting firm and dismissed KPMG LLP (KPMG) as our principal accountants. The following information is provided with respect to such change:

The change in our principal accountants was made for cost-savings reasons. The Audit Committee selected Grant Thornton LLP as the Company's independent registered public accounting firm for the fiscal year ended December 31, 2007.

The audit reports of KPMG on the Company's consolidated financial statements as of and for the years ended December 31, 2006 and 2005 did not contain any adverse opinion or disclaimer of opinion, nor were the reports qualified or modified as to uncertainty, audit scope or accounting principles, except as follows:

KPMG's report on the Company's consolidated financial statements as of and for the years ended December 31, 2006 and 2005 contained a separate paragraph stating that "As discussed in note 8 to the accompanying consolidated financial statements, effective January 1, 2006, the Company adopted Statement of Financial Accounting Standards No. 123(R), *Share-Based Payment*."

During the two fiscal years ended December 31, 2006, and the subsequent interim period through April 6, 2007, there were no disagreements with KPMG on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which disagreements, if not resolved to KPMG's satisfaction, would have caused KPMG to make reference in connection with their opinion to the subject matter of the disagreement. During the two fiscal years ended December 31, 2006, and the subsequent interim period through April 6, 2007, there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

During the two most recent fiscal years and through April 17, 2007, the Company has not consulted with Grant Thornton LLP regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed; or (ii) the type of audit opinion that might be rendered on the Company's financial statements, and neither a written report was provided to the Company or oral advice was provided that Grant Thornton LLP concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue.

The Company provided each of KPMG and Grant Thornton LLP with a copy of the foregoing disclosures prior to the filing of this Proxy Statement with the SEC.

## **EXECUTIVE COMPENSATION**

### **Compensation Discussion and Analysis**

#### **Executive Compensation Objectives and Practice**

The executive compensation program is designed to:

- Attract and retain talented and productive executives;
- Provide executives with competitive, but above-average, compensation that maintains a balance between cash and stock compensation;
- Align the interests of executive officers with our stockholders by putting a significant portion of total compensation at risk, tied to quarterly and annual revenue and EBITDA targets established by the Board; and
- Motivate executives to achieve the business goals set by the Company and reward executives for achieving such goals.

The Compensation Committee evaluates both performance and compensation to ensure that the Company maintains its ability to attract and retain superior employees in key positions and compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of our peer companies.

#### **Role of Executive Officers in Compensation Decisions**

The Compensation Committee meets outside the presence of all of our executive officers, including the named executive officers (the individuals listed in the Summary Compensation Table on page 27), to consider appropriate compensation for our chief executive officer (CEO). For all other named executive officers, the Compensation Committee meets outside the presence of all executive officers except our CEO. Our CEO annually reviews each other named executive officer's performance with the Compensation Committee and makes recommendations to the Compensation Committee with respect to the appropriate base salary, payments to be made under our incentive compensation plan and equity incentive awards for all executive officers, excluding himself. Based in part on these recommendations from our CEO and other considerations described in the Compensation Discussion and Analysis, the Compensation Committee approves the annual compensation package of our executive officers other than our CEO. The Compensation Committee also annually analyzes our CEO's performance and determines his base salary and incentive compensation and stock awards, based on its assessment of his performance.

#### **2006 Executive Compensation Components**

For fiscal year ended December 31, 2006, the principal components of compensation of named executive officers were base salary and performance-based incentive compensation. Historically, executive compensation also included long-term equity compensation consisting of stock option grants. However, in January 2006, our 1996 Stock Option Plan expired and we are now seeking stockholder approval of a new stock incentive plan as we believe it is an important element of attracting and retaining talented employees.

## Base Salary

The Company provides named executive officers and other employees with base salary to compensate them for services rendered during the fiscal year. It is our policy to set base salary levels competitively with selected corporations to which we compare our executive compensation. We select these corporations on the basis of a number of factors, such as their size, the nature of their businesses, the structure of their compensation programs and the availability of compensation information. The companies we looked at were: Comptel, Intec, Metasolv, NeuStar, Openwave Systems, Synchronoss and Vitria. When setting base salary levels, in a manner consistent with the objectives outlined above, the Compensation Committee considers competitive market conditions for executive compensation, our performance, the individual's breadth of knowledge, performance and levels of responsibility. Previously, the Compensation Committee engaged the services of Towers Perrin, an outside global human resources consulting firm, to conduct a review of our total compensation program for our key executives. The Compensation Committee elected not to engage the services of an outside firm in determining compensation for 2006. During the review of base salaries for executives, the Compensation Committee considered publicly available data on the companies noted above, internal review of the executive's compensation, both individually and relative to other officers, and individual performance of the executive.

Salary levels are typically considered annually as part of the Company's performance review process as well as upon a promotion or other change in job description responsibility. Merit based increases to salaries are based on the Compensation Committee's assessment of the individual's performance.

For executive officers as a group, 2006 base salaries were increased by 2% compared to fiscal 2005 in response to increases in the general cost of living.

## Quarterly and Annual Performance-Based Incentive Compensation

Our performance-based incentive compensation program is designed to motivate executives to work effectively to achieve our financial performance goals and to reward them when those goals are achieved. Executives have the opportunity to earn quarterly and annual cash compensation equal to a percentage of their base salary. In 2006, on an annual basis, the potential incentive compensation percentages ranged from 40% of the executive's base salary to 75% (as specifically noted in the Grants of Plan Based Awards table below), with the opportunity to receive up to 150% of the targeted incentive compensation if certain stretch Company performance targets were attained. These Company performance targets also serve as the basis for incentive compensation paid to non-executive officers to assure that all employees are motivated toward the same corporate financial goals.

Each year the Compensation Committee determines the appropriate performance measurement criteria that it believes best align with the Company's goals for the year. For fiscal 2006, the Compensation Committee determined that these performance goals should be based upon achievement of quarterly and annual revenue and earnings before interest, taxes, depreciation and amortization (EBITDA) targets. Potential incentive compensation was measured based upon achievement of four quarterly targets and one annual target. For 2006, fifty percent of the executive's potential incentive compensation was based upon achievement of the revenue targets and fifty percent was based upon achievement of the EBITDA targets.

For 2007, to focus the executives and non-executive employees on the Company's growth objectives, the Compensation Committee has determined that payment of incentive compensation should be based solely upon attainment of quarterly and annual revenue targets. To the extent the Company exceeds these 2007 revenue targets, twenty-five percent of the excess will be used to fund the Company's incentive compensation plan, for executive and non-executive employees on varying percentages, provided the Company remains compliant with its banking covenants after paying incentive compensation. The balance of the excess over budget will be used to fund the Company's growth objectives.

Because the Company does not give quarterly earnings guidance, we believe it would be harmful to the Company to disclose the specific performance targets used by the Compensation Committee in establishing incentive compensation targets. We believe the targets established by the Compensation Committee are difficult to achieve. During 2006 the Company did not achieve the targets established for the first, second or third quarters; achieved 38% of the fourth quarter target; and did not achieve the annual target.

## Long-Term Incentive Compensation Equity Compensation

Historically, our executive officers have been eligible for stock awards and we have granted stock options through 2005. We believe that stock awards give executives a significant, long-term interest in our success, help retain key executives in a competitive market, and align executive interests with stockholder interests and long-term performance of the Company.

In 1996 we adopted our Stock Option Plan in order to provide equity based performance incentives to our employees. Our 1996 Stock Option Plan expired in January 2006. Although outstanding options under our 1996 Stock Option Plan may serve to help retain employees and directors who hold the options, we are now seeking stockholder approval for a new stock incentive plan which will allow the Company to grant stock awards to employees (including officers), directors and consultants. The Compensation Committee believes that having a stock incentive plan will assist us in attracting, retaining and motivating officers and other employees, as well as qualified directors. Under our previous Stock Option Plan, the grants were designed to align the interests of the optionees with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. Moreover, the long-term vesting schedule (which was generally four years for employees and three years for non-employee directors) encouraged a long-term commitment to the Company by our executive officers and other optionees. The size of the option grant to each optionee was set at a level that the Compensation Committee deemed appropriate in order to create a meaningful opportunity for stock ownership based upon the individual's current position with the Company, but also took into account the individual's potential for future responsibility and promotion over the option vesting period, and the individual's performance in recent periods. The Compensation Committee periodically reviewed the number of shares owned by, or subject to options held by, each executive officer, and additional awards were considered based upon past performance of the executive officer. The Compensation Committee continues to believe that an equity compensation plan should be an important element of the Company's compensation package. In order to have shares available for the proposed 2007 Stock Incentive Plan, additional authorized shares will be required and a proposal to increase the number shares of authorized common stock is being submitted to our stockholders for approval in this proxy solicitation (Proposal No. 2).

Typically, we have awarded options to executives upon joining the Company and thereafter annual grants were made in December or January in conjunction with annual compensation adjustments. On occasion, we also made grants upon the occurrence of an event, such as the acquisition of Tertio Telecoms Limited. Options were priced at the closing price of the Company's common stock on the date of each grant, or, in the case of new employees, such later date as the employee joined the Company. In certain limited circumstances (non-executive employee grants below 25,000 shares per grant), the Compensation Committee authorized the CEO to award stock options and these option grants were reported to the Compensation Committee on a quarterly basis.

The majority of the options granted vest at a rate of 25% per year over the first four years of a ten-year option term. Vesting rights cease upon termination of employment, and exercise rights generally terminate within three months of termination of employment, subject to longer exercise periods in the case of disability or death. Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares subject to the option, including voting rights and the right to receive dividends or dividend equivalents.

#### **Retirement and Other Benefits**

All employees in the United States, who are at least twenty-one years of age and who have worked 1,000 hours in a calendar year, are eligible to participate in the Company's 401(k) plan. This plan is intended to be a tax-qualified retirement savings plan to which eligible U.S.-based employees, including the named executive officers, are able to contribute an amount equal to their annual compensation or the limits prescribed by the Internal Revenue Service. All employee contributions to the 401(k) plan are fully vested upon contribution. The Company matches contributions on a discretionary basis, depending upon availability of funds. Historically, the annual matching contribution has been capped at 2% of the employee's eligible compensation. Company matching contributions vest over a three-year period.

Employees of the Company's subsidiaries outside of the United States are eligible for separate retirement benefits in accordance with local law. One of the Company's named executive officers, Mr. Cochran, is an employee of the Company's London-based subsidiary and participates in its retirement plan. This plan is a defined contribution plan, similar to the U.S. 401(k) plan. The Company makes a mandatory five percent (5%) matching contribution to this plan annually.

#### **Stock Purchase Plan**

The Company maintains an employee stock purchase plan (the Purchase Plan). Generally, any employee, including each named executive, who is customarily employed at least 20 hours per week and five (5) months per calendar year by the Company (or by any parent or subsidiary of the Company) on the first day of an offering is eligible to participate. Offerings occur quarterly.

No employee may accrue the right to purchase more than \$25,000 worth of common stock (determined at the fair market value of the shares at the time such rights are granted) in any calendar year. Rights granted under the Purchase Plan are not transferable and may be exercised only by the employee to whom such rights are granted.

Employees are eligible to participate in the first offering commencing after the date they are employed by the Company or an affiliate of the Company. Employees who participate in an offering may have up to 15% of their earnings withheld pursuant to the Purchase Plan and applied at the end of each offering period to the purchase of shares of common stock. The price of common stock purchased under the Purchase Plan will be equal to 85% of the lower of the fair market value of the common stock on the commencement date of each offering period or the purchase date. Employees may end their participation in the offering at any time prior to the end of the offering and participation ends automatically upon termination of employment with the Company.

Rights granted under the Purchase Plan are intended to qualify for favorable federal income tax treatment associated with rights granted under an employee stock purchase plan which qualifies under provisions of Section 423 of the Internal Revenue Code. For U.S.-based employees, no income will be taxable to a participant until disposition of the acquired shares, or until the participant's death while holding the acquired shares, and the amount of taxation will depend upon the holding period of the acquired shares. Employees located outside of the United States may be subject to different tax treatment based upon local tax laws.

### **Life Insurance and Disability Insurance**

The Company provides executive officers with \$300,000 in life insurance coverage over and above what is provided to non-executive employees under Company-sponsored life insurance benefits. The Company pays the premiums on these policies, but the amount of premiums attributable to coverage greater than \$50,000 is taxable to the executive.

For U.S.-based executives, the Company also makes available additional long-term disability benefits over and above what is provided to non-executive employees. The regular benefit for U.S.-based employees provides a benefit at the rate of 66 2/3% of an employee's base pay, with a monthly benefit cap of \$5,667. The additional-long term disability benefit provides the lesser of \$6,000 a month or the difference between 66 2/3% of an executive officer's monthly base salary and the benefit provided under the regular benefit. (For example, if an executive's monthly base salary is \$15,000, the additional long-term disability benefit will provide \$4,334, the difference between the regular benefit (\$5,667) and 66 2/3% of his or her base salary.) This additional benefit is payable until age 65. The executive is responsible for paying the premiums on this policy, but if he or she elects this benefit, the Company reimburses the executive for the amount of the premiums and the taxes attributable to those premiums ( tax gross-up ).

### **Perquisites and Other Personal Benefits**

The Company allows our executive officers to upgrade to business class on certain international flights for business purposes. Except as noted above relating to life and disability insurance benefits, the Company does not provide additional perquisites and other personal benefits to our executive officers.

### **Indemnification Agreements**

The Company has entered into an indemnification agreement with each of our executive officers and members of our Board of Directors. Information regarding those agreements is provided under the heading Certain Relationships and Related Transactions on page 41.

### **Employment and Severance Agreements**

The executive officers each have severance provisions in their compensation agreements providing for payments to the executive upon termination of employment, subject to certain limitations. Information regarding potential payments and benefits under such agreements for the named executive officers is provided under the heading Potential Payments Upon Termination or Change of Control on page 30. All U.S.-based executive officers are employed at-will and do not have employment contracts, although the Company has entered into compensation agreements with each of the executive officers describing compensation and certain provisions that apply in the case of termination of employment. Consistent with local practice, the Company's London-based subsidiary has entered into an employment contract with Mr. Cochran.

### **Change of Control Agreements**

The Company has entered into a Change of Control Agreement with each of our executive officers. In our experience, change of control agreements for executive officers are common among our peer group and our Board of Directors and Compensation Committee believe that providing these agreements to our named executive officers will protect stockholders' interests in the event of a change of control by enabling executives to consider corporate transactions that are in the best interest of the stockholders and other constituents of the Company without undue concern over whether the transaction may jeopardize the executive's own employment. Information regarding potential payments and benefits under such agreements for the named executive officers is provided under the heading "Potential Payments Upon Termination or Change of Control" on page 30.

### **Limitation on Deduction of Compensation Paid to Certain Executive Officers**

Section 162(m) of the Internal Revenue Code (the "Code") limits the Company to a deduction for federal income tax purposes of no more than \$1 million of compensation paid to certain named executive officers in a taxable year. Compensation above \$1 million may be deducted if it is "performance-based compensation" within the meaning of the Code. The Compensation Committee intends to continue to evaluate the effect of Section 162(m) of the Code in the future to the extent consistent with the best interest of the Company.

### **Accounting for Stock-Based Compensation**

Beginning on January 1, 2006, the Company began accounting for stock-based compensation payments including its stock option program and its stock purchase program in accordance with the requirements of Statement of Financial Standards No. 123R, "Share-Based Payment" (FAS 123R). FAS 123R sets forth accounting requirements for "share-based" compensation and requires companies to recognize in their income statements the grant-date fair value of stock options and other equity-based compensation.

**COMPENSATION COMMITTEE REPORT**

The Compensation Committee of the Board of Directors has reviewed and discussed the Compensation Discussions and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

**THE COMPENSATION COMMITTEE**

David J. Nicol, Chairman

George A. Hallenbeck

Philip M. Neches

**COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION**

Messrs. Neches, Nicol and Hallenbeck served as members of the Compensation Committee of the Board of Directors during fiscal 2006. Messrs. Neches and Hallenbeck became members of the Compensation Committee in November 2005. Mr. Nicol became a member of the Compensation Committee in March 2004. Mr. Hallenbeck was an executive officer of the Company until September 2, 2005. Except as noted for Mr. Hallenbeck, none of the members of the Compensation Committee were, at any time during fiscal 2006, nor at any other time, officers or employees of the Company. No member of the Compensation Committee or executive officer of the Company has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

(1) Options, other than those with an exercise price equal to or greater than \$4.64 per share, vest at a rate of 25% per year over the first four years of the ten-year option term. On December 12, 2005, the Board of Directors accelerated the vesting of all unvested and out-of-the-money stock options that had an exercise price equal to or greater than \$4.64 per share. The acceleration of vesting allowed the Company to avoid recognizing future compensation expense associated with the accelerated options upon the January 1, 2006 adoption of FAS 123R.

### **OPTION EXERCISES AND STOCK VESTED**

None of the Company's named executive officers exercised any stock options during the fiscal year ended December 31, 2006. The Company has never granted other stock awards to any of its named executive officers.

### **PENSION BENEFITS**

The Company does not maintain any defined benefit retirement plans. In the United States, the Company maintains a 401(k) plan; in the United Kingdom, the Company maintains a defined contribution pension benefit plan.

### **COMPENSATION AGREEMENTS**

#### **General Overview**

Each of our named executive officers has entered into a compensation agreement with the Company. Each agreement provides for base salary and incentive compensation, and, in the case of Mr. Dupper, the Executive Vice President of Worldwide Sales & Marketing during 2006, a commission amount. In 2006, potential incentive compensation ranged from 40% to 75% of the executive's base salary, and was to be paid only if we attained quarterly and annual revenue and earnings before interest, taxes, depreciation and amortization EBITDA objectives established by the Compensation Committee. There was a potential to earn 150% of the target percentage if we exceeded quarterly or annual targets. We did not achieve our annual or quarterly targets for the first, second or third quarters. We achieved 38% of our established target for the fourth quarter of 2006.

Each agreement generally provides that in the event the Company terminates the employment of the named executive officer, other than for cause, death or disability, the executive will be paid severance pay. The amount of the severance pay varies, as described below under the heading Potential Payments Upon Termination or Change of Control, depending upon the executive's position and the circumstances surrounding the termination of employment. In exchange for severance, the named executive will be required to execute a full release of all employment claims with the Company and agree not to compete with us nor to solicit our employees for the period of time during which severance is paid. The Compensation Agreements do not change the at-will nature of the U.S.-based executive officer's employment with the Company. Either the Company or the executive officer may terminate a U.S.-based Executive Officer's employment at any time. In the case of Mr. Cochran, he is employed under an employment contract, as is customary in the United Kingdom, which provides for three (3) months notice on termination.

### **POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL**

The tables below reflect the potential amount of compensation for each of the named executive officers in the event of termination of such executive's employment. The amount of compensation payable to each named executive officer upon voluntary termination, involuntary not-for-cause termination, retirement, disability or death and termination following a change of control of the executive is shown below. The amounts assume that such termination was effective as of December 31, 2006, and thus includes amounts earned through such time and are estimates of the amounts which would be paid to the executives upon their termination. The actual payments may be more or less than the amounts described below. In addition, the Company may enter into new arrangements or modify these arrangements from time to time.

### **Payments Made Upon Termination**

Regardless of the manner in which a named executive officer's employment terminates, the executive is entitled to receive amounts earned during his or her term of employment. Such amounts include:

- non-equity incentive compensation earned through the date of separation. Quarterly incentive compensation payments will be pro-rated to the date of separation; the executive must have been employed on December 31<sup>st</sup> to earn his or her incentive compensation associated with achieving the Company's annual earnings and EBITDA targets;
- vested stock options, which must be exercised within three (3) months of the date of separation, except in the case of disability (12 months), death (18 months) or a change of control of the company (see discussion below); and
- salary and unused paid time off through the date of separation.

### **Involuntary Not-for-Cause Termination**

If a named executive officer is terminated for reasons other than cause, he or she will be entitled to severance as follows: 3 months of base pay (Mr. Gartside, Mr. Dupper and Mr. Cochran); 6 months of base pay (Mr. Ervine and Ms. Moseley), except in the case of termination or material change in responsibilities within 6 months of a change in the CEO position, in which case severance for Mr. Ervine and Ms. Moseley will be 9 months of base pay and incentive compensation.

### **Voluntary Termination or Retirement**

Except for amounts described under Payments Made Upon Termination, the Company does not have an agreement or practice to pay a named executive officer on voluntary termination or retirement.

### **Disability or Death**

In the event of the death or disability of a named executive officer, the officer will receive benefits under the Company's disability benefits or payments under the Company's life insurance benefits, as appropriate.

### **Payments Made upon a Change of Control**

The Company has entered into Change of Control Agreements with each named executive officer. Under these agreements, upon a Qualified Termination (described below)

- The named executive officer will receive:
- a payment equal to one year of the executive's base salary, payable in equal increments over a one year period (the Severance Period) (or such shorter period as required under the American Jobs Creation Act of 2004) in the Company's normal payroll cycles;
- an amount equal to the executive's incentive compensation, assuming achievement at 100% of the performance goals, payable in equal installments over the Severance Period;
- continuation of benefits under the Company's health insurance plan as provided by law, as well as the Company's life and disability plans, with the Company continuing to contribute to premiums during the Severance Period at the same rate as if the named executive officer was still employed by the Company;
- an amount equal to the excise tax, and related income taxes, a tax gross-up, if any, payable by the named executive officer under Section 280G of the Internal Revenue Code as a result of the receipt of any change of control payments or benefits (applies to U.S. based executives only); and

- outplacement services in an amount not to exceed \$7,500.
- all stock options held by the executive will automatically vest and become exercisable.

31

---

A Qualified Termination will occur upon any of the following:

- termination of the named executive officer's employment by us, without cause, as a result of the influence of a person or entity seeking to cause a Change of Control;
- termination of the named executive officer's employment by us for any reason, other than for cause, disability or death, within 12 months following a Change of Control; or
- resignation by the named executive officer following a change in a material condition of the executive officer's employment in anticipation of a Change of Control or within 12 months following a Change of Control.

In general, the Change of Control agreement is a double trigger, meaning that payments are made only if the executive suffers a covered termination of employment as described above. An executive does not receive payment solely upon the occurrence of a change of control, except that 50% of a named executive officer's options will automatically vest upon a change of control even if his or her employment is not terminated.

A Change of Control will occur upon:

- the sale, transfer or other disposition of all or substantially all of our assets;
- a merger or consolidation in which the Company is not the surviving corporation;
- a reverse merger in which the Company is the surviving corporation but the shares of our common stock are converted into other property; or
- the acquisition by any person, entity or group within the meaning of the Securities Exchange Act of 1934, as amended (the Exchange Act), of the beneficial ownership of our securities representing at least 50% of the combined voting power entitled to vote in the election of directors.

(Note: We are in the process of reviewing these agreements and expect to revise the agreements following release of final regulations under the American Jobs Creation Act of 2004.)

In exchange for severance, the named executive will be required to execute a full release of employment claims with the Company and agree not to compete with the Company nor to solicit our employees for the period of time during the Severance Period.

**DIRECTOR COMPENSATION**

The 2006 compensation schedule for non-employee members of the Board of Directors and the committees of the Board is described in the table below. Annual compensation is pro-rated to date of appointment to a committee or to committee chairmanship.

	Annual retainer (payable in quarterly increments)	Cash compensation per in person meeting	Cash compensation per telephone meeting (lasting more than 1/2 hour)	Annual cash compensation for Committee membership	Additional annual cash compensation for Chairperson
Board of Directors	\$ 10,000	\$ 1,500	\$ 500		\$ 4,000
Audit Committee				\$ 2,000	\$ 4,000
Compensation Committee				\$ 1,500	\$ 1,500
Governance & Nominating Committee				\$ 1,500	\$ 1,500

In addition, non-employee Directors have historically been granted stock options upon joining the Board of Directors and annually thereafter, with annual grants being made on the date of the annual stockholders meeting. Our stock option plan expired by its own terms on January 18, 2006, and no options were granted to members of the Board of Directors during 2006.

The Company does not provide any deferred compensation, health or other personal benefits to our Directors. The Company reimburses each Director for reasonable out-of-pocket expenses incurred to attend Board and Committee meetings.

**Director Summary Compensation Table**

The table below summarizes the compensation earned by non-employee Directors for the fiscal year ended December 31, 2006.

Name (1)	Fees Earned or Paid in		Option Awards \$(2)(3)	Total (\$)
	Cash (\$)			
George A. Hallenbeck	\$ 24,500		\$ 12,925	\$ 37,425
Philip M. Neches	\$ 24,000		\$ 27,408	\$ 51,408
David J. Nicol	\$ 22,500		\$ 19,121	\$ 41,621
Steve B. Warnecke	\$ 25,000		\$ 38,703	\$ 63,703

(1) Stephen K. Gartside, Jr., the Company's President and Chief Executive Officer during 2006, is not included in this table as he was an employee of the Company in 2006 and thus did not receive compensation for his services as a Director. The compensation received by Mr. Gartside as an employee of the Company is shown in the Summary Compensation Table on page 27.

(2) Reflects the dollar amount recognized for financial statement reporting purposes for the fiscal year ended December 31, 2006 in accordance with FAS 123(R). No stock options were granted in 2006 as the Company's 1996 Stock Option Plan expired in January of 2006, and thus this column reflects amounts from awards granted prior to 2006. As of December 31, 2006, each Director named above has the following number of options outstanding: George A. Hallenbeck: 801,112; Philip M. Neches: 70,000; David J. Nicol: 90,000; and Steve B. Warnecke: 153,334. Options granted to Directors vested quarterly over a three year period, except that on December 12, 2005, the Board of Directors accelerated the vesting of all unvested and out-of-the-money stock options that had an exercise price equal to or greater than \$4.64 per share. The acceleration of vesting allowed the Company to avoid recognizing future compensation expense associated with the accelerated options upon the January 1, 2006 adoption of FAS 123R.

(3) Each of the Company's non-employee Directors has been granted options which provide for acceleration of vesting of the number of options which would have vested over the 12-month period following the date on which a Change of Control occurs.

## REPORT OF THE AUDIT COMMITTEE

### The Audit Committee

The Audit Committee of the Board of Directors (the "Audit Committee") is comprised of three (3) directors appointed by the Board of Directors. Each of the committee members, Mr. Neches, Mr. Nicol and Mr. Warnecke, satisfies the independence and financial management expertise requirements of Nasdaq's Audit Committee Policy and Mr. Warnecke has been designated by the Board as the Audit Committee's financial expert. For a description of Mr. Warnecke's relevant experience, please see his biographical information contained in Proposal 1 of this Proxy Statement.

On May 25, 2000, the Board of Directors adopted a charter for the Audit Committee (the "Charter"). An Amended and Restated Charter was adopted by the Board of Directors on March 4, 2004. A copy of the Amended and Restated Charter can be found on our website, [www.evolving.com](http://www.evolving.com), under "Company Corporate Governance."

Management is responsible for the preparation, presentation, and integrity of our financial statements, accounting and financial reporting principles, internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. Our independent registered public accounting firm is responsible for performing an independent audit of the financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America.

The Audit Committee's primary responsibilities are to:

- (1) hold meetings periodically with the independent registered public accounting firm, the Board and management to review and monitor the adequacy and effectiveness of reporting, internal controls, risk assessment and compliance with Company policies;
- (2) establish policies and procedures for appointing, reviewing and overseeing the performance and independence of the independent registered public accounting firm;
- (3) review with the independent registered public accounting firm and financial management of the Company and approve the plan and scope of audit and permissible audit related work;
- (4) review financial press releases with management;
- (5) review consolidated financial statements and disclosures;
- (6) pre-approve all audit and permitted non-audit services; and
- (7) develop procedures for receiving, on an anonymous basis, and responding to concerns about our accounting and auditing practices.

The Audit Committee has established a process for review and approval of fees and services of the independent registered public accounting firm. Requests to the Audit Committee for approval of fees and services for the independent registered public accounting firm are made in writing or via e-mail by our Chief Financial Officer. The request must be specific as to the particular services to be provided, but may be either for specific services or a type of service for predictable or recurring services. The Audit Committee reviews the request and provides a response, in writing or via e-mail, to our Chief Financial Officer. All of the services provided by the independent registered public accounting firm in 2005 and 2006 were pre-approved by the Audit Committee.

The Audit Committee, with the ratification of the stockholders, engaged KPMG LLP to perform an annual audit of the Company's financial statements for the fiscal year ended December 31, 2006. Our Audit Committee entered into an engagement agreement with KPMG LLP which sets forth the terms by which KPMG LLP performed audit services for the Company. That agreement was subject to alternative dispute resolution procedures and an exclusion of punitive damages.

**Review of Fiscal Year 2006 Financial Statements**

In connection with its review of our Fiscal Year 2006 Financial Statements, the Audit Committee has:

- (1) reviewed and discussed the audited consolidated financial statements with management;
- (2) discussed with KPMG LLP, our independent registered public accounting firm, the matters required to be disclosed by SAS 61 (as amended by SAS 89) and SAS 90; and
- (3) received from KPMG LLP the written disclosures and letter required by Independence Standards Board Standard No. 1 ( ISB 1 ) and discussed with KPMG LLP their independence.

Based upon the review and discussions described above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements for fiscal year ended December 31, 2006 be included in the Company's 2006 Annual Report on Form 10-K.

The following table sets forth information regarding fees for services rendered by KPMG LLP to the Company related to the fiscal years ended December 31, 2006 and 2005:

Types of Fees	KPMG Fees 2006		KPMG Fees 2005	
	Audit Fees	\$	465,000	\$
Tax Fees	\$	5,100	\$	0
Total Fees	\$	470,100	\$	356,500

**Audit Fees** were for professional services for the audit of the consolidated financial statements and other fees for services that only our independent registered public accounting firm can perform such as the review of our interim consolidated financial statements included in our Form 10-Q filings, consents and assistance with and review of documents filed with the SEC. Additionally, we engaged KPMG LLP to perform audit related services for our statutory audits of our United Kingdom and Indian subsidiaries. The fees incurred for these services during the year ended December 31, 2006 were \$47,000.

**Tax Fees** were for services related to certain tax compliance at our foreign subsidiaries and transfer pricing at our Indian subsidiary, including the preparation of tax returns, tax planning and advice.

The Audit Committee has considered the nature of all non-audit services and believes that such services are compatible with maintaining the independent registered public accounting firm's independence.
