TO BE HELD JUNE 21, 2007**

PROXY SOLICITATION INFORMATION

GENERAL

This Proxy Statement is furnished in connection with the solicitation of proxies by the board of directors of Force Protection, Inc. for use at the Annual Meeting of Stockholders to be held on Thursday, June 21, 2007, at 10:00 am, local time, at the Embassy Suites Hotel Convention Center, 5055 International Boulevard, Charleston, SC 29418 and at any adjournments thereof (the Meeting).

COST OF SOLICITATION

The cost of this solicitation, including expenses in connection with preparing and mailing this Proxy Statement, will be borne by us. In addition, we will reimburse brokerage firms and other persons representing beneficial owners of our common stock for their expenses in forwarding proxy material to such beneficial owners. In addition to solicitation by mail, our officers, directors and employees, who will receive no extra compensation for their services, may solicit proxies personally or by telephone or facsimile.

MAILING OF PROXY STATEMENT AND PROXY

This Proxy Statement and the accompanying Proxy will be mailed on or about May 15, 2007 to all stockholders entitled to notice of and to vote at the Meeting. Annual reports are being provided in the mailing with the Proxy Statement.

We will provide, without charge, a copy of our annual report on Form 10-K for the fiscal year ended December 31, 2006 and related financial statements and financial statement schedules to each stockholder entitled to vote at the Meeting who requests a copy of such in writing or by phone. Requests should be sent to: Force Protection, Inc., Attention: Michael Durski, at 9801 Highway 78, Building #1, Ladson, South Carolina 29456. Our telephone number is (843) 740-7015.

STOCKHOLDERS ENTITLED TO VOTE

The close of business on April 25, 2007 has been fixed as the record date for determining the stockholders entitled to notice of and to vote at the Meeting. As of the close of business on April 25, 2007, there were 68,064,336 shares of common stock outstanding and entitled to vote. Each share of common stock is entitled to one vote. As of April 25, 2007, we did not have any shares of Preferred Stock outstanding that are entitled to vote. With respect to all matters that will come before the Meeting, each stockholder may vote shares registered in his or her name on the record date.

QUORUM

We must have the presence, in person or by proxy, of the holders of one-third of the votes entitled to be cast on a matter by a voting group to hold the Meeting. This is referred to as a quorum. Proxies received that withhold authority to vote for a nominee for election as a director and those that are marked as abstentions and broker non-votes will be counted for the purpose of determining whether a quorum is present.

VOTES REQUIRED FOR ELECTION OF DIRECTORS

The affirmative vote of the holders of a plurality of the votes cast by the stockholders entitled to vote at the Meeting is required for the election of directors. This means that the two nominees receiving the highest number of For votes will be elected as directors. A properly executed proxy marked Withhold or For All Except with respect to the election of one or more nominees will not be counted as a vote cast or have any effect on the election of such nominee or nominees.

VOTE REQUIRED FOR ALL OTHER PROPOSALS

The affirmative vote of the holders of a majority of the votes cast by the stockholders present or represented by proxy and entitled to vote at the Meeting is required for all other proposals.

A properly executed proxy marked Abstain with respect to any other proposals will be treated as shares present or represented and entitled to vote on such proposal and will have the same effect as a vote against the proposal.

RETURNED PROXY CARDS THAT DO NOT PROVIDE VOTING INSTRUCTIONS

Proxies that are signed and returned will be voted in the manner instructed by the stockholder. If you sign and return your proxy card with no instructions, the proxy will be voted For All Nominees with respect to the election of all nominees for director named in this Proxy Statement and For any additional proposals voted on at the Meeting.

BROKER NON-VOTES

If you hold your shares of common stock in street name, that is, through a broker, bank or other representative, you are considered the beneficial owner of the shares held in street name. As the beneficial owner, you have the right to direct your broker how to vote. Brokers who have not received instructions from beneficial owners generally have the authority to vote on certain routine matters, including the election of directors. With respect to a non-routine matter, a broker is not permitted to vote such shares on your behalf as to such matter. Shares representing such broker non-votes with respect to a non-routine matter will not be voted in favor of such matter and will also not be counted as votes cast on such matter.

CHANGING YOUR VOTE

You may revoke your proxy or change your vote at any time before the proxy is voted at the Meeting. In order to do this, you must:

- send us written notice, stating your intention to revoke your proxy;
- send us a signed proxy that bears a later date than the one you intend to revoke; or
- attend the Meeting and vote in person. In this case, you must notify the Inspector of Elections that you intend to vote in person.

A revocation that is not timely received shall not be taken into account, and the original proxy shall be counted.

PROPOSAL TO ELECT DIRECTORS TO THE BOARD OF DIRECTORS

We have three classes of directors; Class I, Class II and Class III, and directors in each class serve for three years from the date of election or until the directors successors are duly elected and qualified. At each Annual Meeting of Stockholders, directors from one or more classes stand for election according to our By-Laws. Both of the nominees are currently directors of the Company serving by appointment.

The persons named in the proxy will vote to elect Michael Moody and Roger Thompson as Class II directors, unless authority to vote for the election is withheld or the proxy is marked with the names of directors as to whom authority to vote is withheld. In the event that any nominee shall become unable or unwilling to serve, the persons acting under the proxy may vote the proxy for the election of a substitute. The board of directors has no reason to believe that any nominee will be unable or unwilling to serve.

The board of directors recommends the election of Michael Moody and Roger Thompson as directors, and proxies solicited by the board will be voted in favor thereof unless a stockholder has indicated otherwise in the Proxy.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

The Compensation Committee was formed on October 27, 2006 and meets as often as it determines, but not less than twice annually, in order to review issues with respect to executive compensation matters. Before the Committee was formed executive compensation matters were handled by the full Board of Directors.

In designing Named Executive Officer compensation programs the Committee adheres to the overriding elements of the compensation system applicable to all employees of the company, treating all employees within the system fairly and equitably.

Compensation Philosophy

The Committee is responsible for discharging the Board's responsibilities relating to the compensation of our non-management directors and executive officers. The Committee reviews and approves the compensation of the named executive officers to ensure that they are compensated in a manner consistent with our compensation philosophy, policies, and objectives. The primary objectives of our compensation program are to:

- Provide fair, competitive compensation to the Named Executive Officers and other employees;
- Attract the talent necessary to achieve the Company's business objectives;
- Retain the Named Executive Officers and other employees by instilling a long-term commitment to the Company and its stockholders; and
- Develop a sense of Company ownership and align the interests of the Named Executive Officers and other employees with stockholder interests.

In implementing the compensation philosophy we choose to:

- Take individual compensation out of the day-to-day equation for all employees;
- Establish designated classes of employees and compensate everyone in a designated class the same amount of money. For example, welders are in one class and are paid the same amount of money and vice presidents are in another class and paid the same amount;
- Compensate each class based on the level of responsibility, the education and the relevant experience of the class members. Those factors along with independent compensation surveys assist in setting the actual compensation for each class. The Company sets compensation for each class above the median as determined by these compensation surveys;
- Pay no bonuses or incentive compensation. The job of all is to improve the performance of the entire system, not one or two elements of that system;
- Share equally in the gains of the company equally. If an individual contributes to the success of the system by working at the Company, that individual will share equally in the profits of the Company;
- Eliminate performance appraisals and annual merit reviews to minimize internal conflict and to focus all efforts to optimize the system as a whole;
- Avoid exceptions in administering compensation and benefits; and

- Administer vacations, bereavement, and illness in an equitable manner to all employees.

The elimination of incentive compensation, merit compensation, and annual reviews combined with the equal compensation for all team members in each class yields a compensation package that directs people to contribute to the success of the Company instead of their own individual interests.

The compensation of each named executive officer is reviewed by the Committee annually.

9

Compensation Mix

Base Salary. Base salary is intended to provide a competitive level of current cash compensation. In determining the base salaries of the Named Executive Officers, the Committee adheres to the compensation philosophy described above.

Equity-Based Compensation. Historically the Company had incorporated an equity-based component in the compensation of Named Executive Officers. Mr. McGilton was granted 300,000 shares of common stock valued at 216,000 on January 13, 2006 as compensation for his employment as Chief Executive Officer. Mr. Pollard is to receive two annual grants of 20,513 shares of the Company's unregistered common stock valued at \$40,000 based on the closing share price of the Company's common stock on the date of Mr. Pollard's acceptance of employment with the Company. These share grants will vest on the first and second anniversary of his employment.

Stock Options. Historically the Company had incorporated a stock option component in the compensation of Named Executive Officers. However for 2006, consistent with the Company's compensation philosophy, and except for stock options granted to the Chief Executive Officer, no stock option based compensation was paid by the company.

Perquisites and Supplemental Benefits. Named Executive Officers receive the same benefits as are available to all employees.

Post-Termination and Non-Competition Agreements

Change in Control. In July 2006, the Board adopted a transition plan for members of our management team who may be effected by a change of control in the ownership of the Company. Under the plan, in the event of a change in control transaction, Mr. McGilton, our Chief Executive Officer, shall be entitled to immediate vesting of the one million options issued in January of 2006 and 500,000 options granted October 25, 2006, and upon termination or resignation, receive a lump-sum payment equal to six months salary. Further, all members of our management (to include all Vice Presidents and above) shall be entitled to receive a lump-sum severance payment in the amount of \$40,000 upon the termination of their employment with us for any reason, except cause, during the twelve months immediately following such change in control transaction. If any employee is already entitled to severance compensation under any existing contract or other arrangement, such employee may only receive one severance payment and must elect to receive payment under the plan or the amount otherwise due.

This portion of the compensation plan is intended to meet commitments made prior to the enactment of the current compensation philosophy and subsequently to adhere to the current compensation philosophy. The intent being to eliminate and/or avoid any pay delivery or evaluation system that would cause internal conflict within the enterprise.

Compensation of the Chief Executive Officer

Compensation Philosophy. The compensation for Mr. Gordon McGilton, the Chief Executive Officer, was established in line with the compensation philosophy of the Company described above.

Based on its review, the Committee believes that the fiscal 2006 Total Compensation for Mr. McGilton, as well as the other Named Executive Officers, was fair and reasonable. Mr. McGilton's compensation can be found in the Summary Compensation Table further on in this document.

Compensation of Other Named Executive Officers

The compensation for the Named Executive Officers was established in line with the compensation philosophy of the Company described above.

For fiscal 2007, the base salaries for the other Named Executive Officers ranged from \$180,000 to \$240,000.

Stock Ownership Guidelines

The Board has not adopted any stock ownership guidelines.

Equity Grant Practices

Option Exercise Prices. The policy of the Board is to grant stock options with an exercise price equal to the closing price of a Share on the date of grant. The most recent stock options granted by the Company had a 5 year exercise term or 120 days from leaving the company and vested 100 percent one year from the date of grant.

Approval of Compensation Discussion and Analysis

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management. Based on this review and discussion, the Committee recommended that the Compensation Discussion and Analysis be included in this Proxy Statement. The Compensation Committee is comprised of Directors Moody, Davis and Thompson.

The following table presents a summary of the compensation paid to our Chief Executive Officer, Chief Financial Officer and other highly compensated employees during the last three fiscal years. Except as listed below, there are no bonuses, other annual compensation, restricted stock awards or stock options/SARs or any other compensation paid to executive officers.
