Item 3.01 Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing.

On November 19, 2008, Neose Technologies, Inc. (the Company) received an additional Staff Determination from the NASDAQ Listing Qualifications Department (the Department) indicating that the Company's recently filed Form 10-Q reporting stockholders equity below the \$10 million requirement set forth in Marketplace Rule 4450(a) constitutes an additional basis for delisting the Company's common stock from the Nasdaq Global Market.

The Company was previously advised by the Nasdaq Listing Qualifications Panel (the Panel) that its stock would continue to trade pending the scheduling of a new appeal hearing based on Nasdaq's rule filing with the Securities and Exchange Commission (the SEC) seeking to temporarily suspend the exchange's bid price and market value of publicly held securities continued listing requirements until January 16, 2009, given the current state of the financial markets. An appeal hearing is scheduled for December 18, 2008.

There can be no assurance that the Panel will grant the Company's request for continued listing, particularly in view of the multiple deficiencies that have been raised by the Department. In the event that the Company elects not to pursue the appeal or the Panel denies the Company's request for continued listing on the Nasdaq Global Market, the Company expects that its common stock will be eligible to trade on the OTC Bulletin Board or Pink OTC Markets Inc.
