**Item 1.01. Entry into a Material Definitive Agreement.**

On September 16, 2010, AECOM Technology Corporation (the Company) entered into a Credit Agreement (the Credit Agreement) with Bank of America, N.A., as administrative agent and a lender, and the other lenders party thereto (collectively, the Lenders). Pursuant to the Credit Agreement, the Company borrowed \$600 million in term loans on the closing date and may borrow up to an additional \$100 million in term loans upon request by the Company subject to certain conditions. The Company used approximately \$450 million of the proceeds of the loans to pay down indebtedness under its revolving credit facility and other short term indebtedness and a portion of the proceeds to pay fees and expenses related to the Credit Agreement. The balance of the proceeds will be used for general corporate purposes, including potential future acquisitions.

The loans under the Credit Agreement bear interest, at the Company's option, at either the Base Rate (as defined in the Credit Agreement) plus an applicable margin or the Eurodollar Rate (as defined in the Credit Agreement) plus an applicable margin. The applicable margin for Base Rate loans is a range of 1.0% to 2.25% and the applicable margin for Eurodollar Rate loans is a range of 2.0% to 3.25%, both based on the debt-to-earnings leverage ratio of the Company at the end of each fiscal quarter. The initial interest rate of the loans borrowed on September 16 is the 3 month Eurodollar Rate plus 2.5%, or a total of 2.79%.

Payments of the initial principal amount outstanding under the Credit Agreement are required on a quarterly basis beginning on September 30, 2012. Any remaining principal of the loans under the Credit Agreement is due no later than September 16, 2014. Accrued interest is payable in arrears on a quarterly basis for Base Rate loans, and at the end of the applicable interest period (but at least every three months) for Eurodollar Rate loans. The Company may optionally prepay the loans at any time, without penalty.

The Credit Agreement contains customary covenants that have the effect of limiting under certain circumstances the ability of the Company and certain of its subsidiaries to, among other things, merge with other entities, enter into a transaction resulting in a change in control, create new liens, incur additional indebtedness, sell assets outside of the ordinary course of business, enter into transactions with affiliates, or substantially change the general nature of the business of the Company and its subsidiaries, taken as a whole. The Credit Agreement also requires the Company to maintain certain financial ratios.

The Company's obligations under the Credit Agreement are guaranteed by certain of the Company's subsidiaries pursuant to a subsidiary guaranty. The loans under the Credit Agreement are unsecured.

Events of default under the Credit Agreement are customary and include, but are not limited to, (i) non-payment of principal, interest or other amounts due under the Credit Agreement, (ii) the violation of terms, covenants, representations or warranties in the Credit Agreement or related loan documents, (iii) certain events of default under agreements governing certain indebtedness of the Company and its subsidiaries, (iv) certain events of bankruptcy, insolvency or liquidation involving the Company or certain subsidiaries, (v) judgments in excess of 3.0% of the Company's net worth and (vi) the occurrence of an ERISA Event (as defined in the Credit Agreement) in certain circumstances.

The descriptions set forth above are qualified in their entirety by the Credit Agreement, a copy of which is filed as an exhibit to this report and is incorporated by reference herein.
