Item 1.01. Entry into a Material Definitive Agreement.

On February 3, 2012, Tyco Electronics Group S.A. ("TEGSA"), a wholly-owned subsidiary of TE Connectivity Ltd. ("TE Connectivity"), issued \$250,000,000 aggregate principal amount of its 1.600% Senior Notes due 2015 (the "2015 Notes") and \$500,000,000 aggregate principal amount of its 3.500% Senior Notes due 2022 (the "2022 Notes" and together with the 2015 Notes, the "Notes"). The Notes are fully and unconditionally guaranteed as to payment by TE Connectivity. The Notes were offered and sold by TEGSA pursuant to a registration statement on Form S-3 (File No. 333-171800) (the "Registration Statement"). The net proceeds from the sale of the Notes were approximately \$743.5 million after deducting the underwriters' discount but before other expenses, and will be used for general corporate purposes, which includes funding a portion of the previously announced purchase of the outstanding share capital of Deutsch Group SAS and the repayment of debt, including TEGSA's outstanding 6.00% senior notes due October 1, 2012 at their maturity.

The Notes were issued pursuant to an underwriting agreement (the "Underwriting Agreement"), dated as of January 31, 2012, among TEGSA, as issuer, TE Connectivity, as guarantor, and J.P. Morgan Securities LLC and Deutsche Bank Securities Inc., in their capacity as representatives of the several underwriters (the "Underwriters"). Pursuant to the Underwriting Agreement and subject to the terms and conditions expressed therein, TEGSA agreed to sell the Notes to the Underwriters, and the Underwriters agreed to purchase the Notes for resale to the public. TEGSA sold the 2015 Notes to the Underwriters at an issue price of 99.446% of the principal amount thereof and the Underwriters offered the 2015 Notes to the public at a price of 99.796% of the principal amount thereof. TEGSA sold the 2022 Notes to the Underwriters at an issue price of 98.982% of the principal amount thereof and the Underwriters offered the 2022 Notes to the public at a price of 99.607% of the principal amount thereof.

The Notes are governed by an indenture, dated as of September 25, 2007 (the "Indenture"), among TEGSA, as issuer, TE Connectivity, as guarantor, and Deutsche Bank Trust Company Americas, as trustee (the "Trustee"), as supplemented (i) with respect to the 2015 Notes, by a Sixth Supplemental Indenture dated as of February 3, 2012 (the "Sixth Supplemental Indenture") and (ii) with respect to the 2022 Notes, by a Seventh Supplemental Indenture dated as of February 3, 2012 (the "Seventh Supplemental Indenture") each among TEGSA, as issuer, TE Connectivity, as guarantor, and the Trustee. The Trustee will receive customary fees in connection therewith. The Notes are fully and unconditionally guaranteed as to payment on an unsecured senior basis by TE Connectivity (the "Guarantees"). The Notes of each series are TEGSA's unsecured senior obligations and rank equally in right of payment with all of its existing and future senior debt, including each other series of Notes, and senior to any subordinated indebtedness that TEGSA may incur.

TEGSA may redeem some or all of the 2015 Notes at its option at any time at a redemption price equal to the greater of the principal amount of the 2015 Notes and a make-whole price, plus accrued and unpaid interest, if any, to, but excluding, the redemption date. Prior to November 3, 2021 (three months prior to their maturity date), TEGSA may redeem some or all of the 2022 Notes at its option at any time at a redemption price equal to the greater of the principal amount of the 2022 Notes and a make-whole price, plus accrued and unpaid interest, if any, to, but excluding, the redemption date. On or after November 3, 2021 (three months prior to their maturity date), TEGSA may redeem some or all of the 2022 Notes at its option at any time at a redemption price equal to 100% of the principal amount of the 2022 Notes plus accrued and unpaid interest, to, but excluding, the redemption date. TEGSA may also redeem all, but not less than all, of the Notes in the event of certain tax changes affecting such Notes.

The Indenture limits TEGSA's ability to create liens to secure certain indebtedness without also securing the Notes and limits its ability to enter into sale and lease-back transactions. The Indenture also limits TEGSA's and TE Connectivity's ability to consolidate, merge or transfer all or substantially all of their assets. These covenants are subject to a number of qualifications and exceptions.

If TE Connectivity experiences a change of control and, as a result of that change of control, the Notes of a series are rated below investment grade by at least two of Standard & Poor's Ratings Services, Moody's Investors Service, Inc. and Fitch Ratings Limited (or the equivalent under any successor rating categories of Standard and Poor's, Moody's or Fitch's, respectively), and TEGSA has not redeemed such series of Notes,

Edgar Filing: TE Connectivity Ltd. - Form 8-K

TEGSA will offer to repurchase all of the Notes of that series at a price equal to 101% of the principal amount, plus accrued and unpaid interest to the repurchase date.

Edgar Filing: TE Connectivity Ltd. - Form 8-K

The following are events of default under the Indenture with respect to each series of Notes:

- default in the payment of any installment of interest upon any such Notes, and continuance of such default for a period of 30 days; or
- default in the payment of all or any part of the principal of or premium, if any, on any of such Notes; or
- default in the performance, or breach, of any covenant or agreement of TE Connectivity or TEGSA in respect of such Notes and the related Guarantees (other than the failure to comply with any covenant or agreement to file with the trustee the information filed or required to be filed with the Securities and Exchange Commission or a default or breach specifically dealt with elsewhere), and continuance of such default or breach for a period of 90 days; or
- the Guarantees shall for any reason cease to be, or shall for any reason be asserted in writing by TE Connectivity or TEGSA not to be, in full force and effect and enforceable in accordance with their terms except to the extent contemplated by the Indenture and such Guarantees; or
- a court shall enter a decree or order for relief in respect of TEGSA or TE Connectivity in an involuntary case under any applicable bankruptcy, insolvency or other similar law, and such decree or order shall remain unstayed and in effect for a period of 90 consecutive days; or
- TEGSA or TE Connectivity shall commence a voluntary case under any applicable bankruptcy, insolvency or other similar law; or
- an event of default shall happen and be continuing with respect to TEGSA's or TE Connectivity's indebtedness for borrowed money under any indenture or other instrument evidencing or under which TEGSA or TE Connectivity shall have a principal amount outstanding in excess of \$100,000,000 and such event of default shall involve the failure to pay the principal of such indebtedness on the final maturity date thereof after expiration of any grace period or in certain circumstances involving acceleration of the indebtedness such that the principal shall become due and payable prior to the date on which it otherwise would be due and payable.
