Item 1.01 Entry into a Material Definitive Agreement.

On February 16, 2012, Credo Petroleum Corporation (the Company) and its wholly-owned subsidiary, United Oil Corporation (UOC) entered into a Credit Agreement (the Credit Agreement) with BOKF, N.A., a National Banking Association, d/b/a Bank of Oklahoma, as lender. The Credit Agreement has a four-year term and provides for a \$25 million revolving line of credit.

The Company and UOC are the borrowers (the Borrowers) under the Credit Agreement. Borrowings under the Credit Agreement are secured by certain oil and gas interests of the borrowers and the issued and outstanding equity of UOC. Borrowings under the Credit Agreement are available to the Company and UOC to finance the acquisition, exploration and development of oil and gas properties and related assets and activities, and for general corporate purposes, including working capital needs.

Borrowings under the Credit Agreement bear interest at the LIBOR rate or the prime rate plus an applicable margin. The Borrowers' availability under the Credit Agreement will be governed by an initial borrowing base which currently is set at \$7,000,000. The determination of the borrowing base is made by the lenders in their sole discretion taking into consideration the reserve reports of the oil and gas interests subject to the Credit Agreement. The borrowing base is redetermined semi-annually and the available borrowing amount could be increased or decreased as a result of such re-determinations. In addition, the Company and the lender each have discretion at any time, but not more often than once during any fiscal year, to have the borrowing base re-determined.

The Credit Agreement requires the Company to meet certain financial tests, including a ratio of consolidated current assets to consolidated current liabilities and a ratio of consolidated funded indebtedness to consolidated EBITDAX. The Credit Agreement also contains additional covenants which, among other things, require the Company to deliver to the lenders specified financial information, including annual and quarterly financial information, and limit the Company's ability to (or to permit any subsidiaries to), subject to various exceptions and limitations, (i) merge with other companies; (ii) create liens on its property; (iii) incur additional indebtedness; (iv) enter into transactions with affiliates, except on an arms-length basis; (v) pay dividends or make certain other restricted payments; (vi) make certain investments; and (vii) sell its assets.

The foregoing description of the Credit Agreement does not purport to be complete and is qualified in its entirety by reference to the Credit Agreement, which is filed as Exhibit 10.1 hereto and incorporated by reference herein.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

See the disclosure contained in Item 1.01 above, which is incorporated herein by reference.
