AMCON Distributing Company and Subsidiaries

Notes to Condensed Consolidated Unaudited Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND BASIS OF PRESENTATION

AMCON Distributing Company and Subsidiaries (AMCON or the Company) operate two business segments:

- Our wholesale distribution segment (Wholesale Segment) distributes consumer products in the Central, Rocky Mountain, and Southern regions of the United States. Additionally, our Wholesale Segment provides programs, services and technology to assist our customers in managing their business and profitability.
- Our retail health food segment (Retail Segment) operates fourteen health food retail stores located throughout the Midwest and Florida.

WHOLESALE SEGMENT

Our wholesale segment is one of the largest wholesale distributors in the United States serving approximately 5,000 retail outlets including convenience stores, grocery stores, liquor stores, drug stores, and tobacco shops. We currently distribute over 14,000 different consumer products, including cigarettes and tobacco products, candy and other confectionery, beverages, groceries, paper products, health and beauty care products, frozen and chilled products and institutional food service products. We also provide consultative services in the areas of marketing, merchandising, inventory optimization, and information systems which are designed to enhance the ability of our customers to compete and maximize their profitability. Convenience stores represent our largest customer category. In October 2011, Convenience Store News ranked us as the sixth (6th) largest convenience store distributor in the United States based on annual sales.

Our Wholesale Segment operates six distribution centers located in Illinois, Missouri, Nebraska, North Dakota, South Dakota, and Tennessee. These distribution centers, combined with cross-dock facilities, include approximately 601,000 square feet of permanent floor space. Our principal suppliers include Philip Morris USA, RJ Reynolds, Commonwealth Brands, Lorillard, Proctor & Gamble, Hershey, Mars, and Kraft. We also market private label lines of snuff, water, candy products, batteries, film, and other products. We do not maintain any long-term purchase contracts with these suppliers.

RETAIL SEGMENT

Our retail segment is comprised of fourteen retail health food stores which are operated as Chamberlin s Market & Café (Chamberlin s) and Akin s Natural Foods Market (Akin s). These stores carry over 30,000 different national and regionally branded and private label products including high-quality natural, organic, and specialty foods consisting of produce, baked goods, frozen foods, nutritional supplements, personal care items, and general merchandise. Chamberlin s, which was first established in 1935, operates six stores in and around Orlando, Florida. Akin s, which was also established in 1935, has a total of eight locations in Oklahoma, Nebraska, Missouri, and Kansas (Midwest).

FINANCIAL STATEMENTS

The Company's fiscal year ends on September 30. The results for the interim period included with this Quarterly Report may not be indicative of the results which could be expected for the entire fiscal year. All significant intercompany transactions and balances have been eliminated in consolidation. Certain information and footnote disclosures normally included in our annual financial statements prepared in accordance with generally accepted accounting principles (GAAP) have been condensed or omitted. In the opinion of management, the accompanying condensed consolidated unaudited financial statements (financial statements) contain all adjustments necessary to fairly present the financial information included herein, such as adjustments consisting of normal recurring items. The Company believes that although the disclosures contained herein are adequate to prevent the information presented from being misleading, these financial statements should be read in conjunction with the Company's annual audited consolidated financial statements for the fiscal year ended September 30, 2011, as filed with the Securities and Exchange Commission on Form 10-K. For purposes of this report, unless the context indicates otherwise, all references to we , us , our , the Company , and AMCON shall mean AMCON Distributing Company and its subsidiaries. Additionally, the three month fiscal periods ended June 30, 2012 and June 30, 2011 have been referred to throughout this quarterly report as Q3 2012 and Q3 2011, respectively. The fiscal balance sheet dates as of June 30, 2012, June 30, 2011, and September 30, 2011 have been referred to as June 2012, June 2011, and September 2011, respectively.

Table of Contents**2. ACQUISITION**

In May 2011, the Company, through its wholly-owned subsidiary, acquired the convenience store distribution assets of L.P. Shanks Company Inc. (LPS). LPS was a wholesale distributor to convenience stores in Tennessee, Kentucky, Georgia, Virginia, West Virginia, and North Carolina with annual sales of approximately \$200 million. In exchange for certain accounts receivable, inventory, property and equipment, and customer lists of LPS, the Company paid \$13.4 million in cash, issued a \$2.6 million note payable due to the seller due in quarterly installments over three years and bearing interest at 4% annually, and will also pay a total of \$0.5 million over five years in annual installments related to a non-competition agreement with the seller. The Company also entered into warehouse leases with the seller and assumed certain operating leases in conjunction with the transaction. No significant liabilities were assumed in connection with the transaction and the costs incurred to effectuate the acquisition were expensed as incurred. The transaction was funded through the Company's existing credit facility and the issuance of a note payable to the seller. The acquisition expands the Company's strategic footprint in the Southeastern portion of the United States and enhances our ability to service customers in that region.

The following table summarizes the consideration paid for the acquired assets and their related acquisition date fair values. The fair value of the assets acquired have been measured in accordance with Accounting Standards Codification (ASC) 805 Business Combinations. In valuing identifiable intangible assets, the Company has estimated the fair value using the discounted cash flows methodology. The acquired assets are reported as a component of our Wholesale Segment.

Edgar Filing: AMCON DISTRIBUTING CO - Form 10-Q

Goodwill totaling approximately \$0.2 million arose from the acquisition and primarily represents synergies and economies of scale expected to be generated through reductions in selling, general, and administrative expenses. This goodwill has been assigned to the Company's Wholesale Segment and is deductible for tax purposes. No significant measurement adjustments related to this transaction were recorded during the nine months ended June 2012.

The following table sets forth the unaudited actual revenue and earnings included in the Company's statement of operations related to the acquisition and the pro forma revenue and earnings of the combined entity if the acquisition had occurred as of the beginning of the Company's prior fiscal year. These pro forma amounts do not purport to be indicative of the actual results that would have been obtained had the acquisition occurred at that time.

3. CONVERTIBLE PREFERRED STOCK:

The Company has two series of convertible preferred stock outstanding at June 2012 as identified in the following table:

	Series A	Series B
Date of issuance:	June 17, 2004	October 8, 2004
Optionally redeemable beginning	June 18, 2006	October 9, 2006
Par value (gross proceeds):	\$ 2,500,000	\$ 1,550,000
Number of shares:	100,000	62,000
Liquidation preference per share:	\$ 25.00	\$ 25.00
Conversion price per share:	\$ 30.31	\$ 24.65
Number of common shares in which to be converted:	82,481	62,880
Dividend rate:	6.785%	6.37%

The Series A Convertible Preferred Stock (Series A) and Series B Convertible Preferred Stock (Series B), (collectively, the Preferred Stock), are convertible at any time by the holders into a number of shares of AMCON common stock equal to the number of preferred shares being converted multiplied by a fraction equal to \$25.00 divided by the conversion price. The conversion prices for the Preferred Stock are subject to customary adjustments in the event of stock splits, stock dividends, and certain other distributions on the Common Stock. Cumulative dividends for the Preferred Stock are payable in arrears, when, and if declared by the Board of Directors, on March 31, June 30, September 30 and December 31 of each year.

In the event of a liquidation of the Company, the holders of the Preferred Stock are entitled to receive the liquidation preference plus any accrued and unpaid dividends prior to the distribution of any amount to the holders of the Common Stock. The shares of Preferred Stock are optionally redeemable by the Company beginning on various dates, as listed in the above table, at redemption prices equal to 112% of the liquidation preference. The redemption prices decrease 1% annually thereafter until the redemption price equals the liquidation preference, after which date it remains the liquidation preference. The Preferred Stock is redeemable at the liquidation value and at the option of the holder. The Series A Preferred Stock is owned by Mr. Christopher Atayan, AMCON's Chief Executive Officer and Chairman of the Board. The Series B Preferred Stock is owned by an institutional investor which has the right to elect one member of our Board of Directors, pursuant to the voting rights in the Certificate of Designation creating the Series B. Christopher H. Atayan was first nominated and elected to this seat in 2004.

4. INVENTORIES

Inventories consisted of finished goods at June 2012 and September 2011 and are stated at the lower of cost, determined on a First-in, First-out (FIFO) basis, or market. The wholesale distribution and retail health food segment inventories consist of finished products purchased in bulk

Edgar Filing: AMCON DISTRIBUTING CO - Form 10-Q

quantities to be redistributed to the Company's customers or sold at retail. Finished goods included total reserves of approximately \$1.0 million and \$0.9 million at June 2012 and September 2011, respectively. These reserves include the Company's obsolescence allowance, which reflects estimated unsalable or non-refundable inventory based upon an evaluation of slow moving and discontinued products.

Table of Contents**5. GOODWILL AND OTHER INTANGIBLE ASSETS**

Goodwill by reporting segment of the Company consisted of the following:

	June 2012	September 2011
Wholesale Segment	\$ 4,436,950	\$ 4,436,950
Retail Segment	1,912,877	1,912,877
	\$ 6,349,827	\$ 6,349,827

Other intangible assets of the Company consisted of the following:

	June 2012	September 2011
Trademarks and tradenames	\$ 3,373,269	\$ 3,373,269
Non-competition agreement (less accumulated amortization of \$0.1 million at both June 2012 and September 2011)	391,666	466,667
Customer relationships (less accumulated amortization of \$0.6 million and \$0.4 million at June 2012 and September 2011, respectively)	1,512,290	1,711,042
	\$ 5,277,225	\$ 5,550,978

Goodwill, trademarks and tradenames are considered to have indefinite useful lives and therefore no amortization has been taken on these assets. At June 2012, identifiable intangible assets considered to have finite lives were represented by customer relationships and the value of a non-competition agreement acquired as part of acquisitions. The customer relationships are being amortized over eight years and the value of the non-competition agreement is being amortized over five years. These intangible assets are evaluated for accelerated attrition or amortization adjustments if warranted. Amortization expense related to these assets was \$0.1 million and \$0.3 million for the three and nine month periods ended June 2012, and \$0.1 million and \$0.2 million for the three and nine month periods ended June 2011.

Estimated future amortization expense related to identifiable intangible assets with finite lives is as follows at June 2012:

	June 2012
Customer relationships	
Fiscal 2012 (1)	\$ 91,247
Fiscal 2013	365,000
Fiscal 2014	365,000
Fiscal 2015	365,000
Fiscal 2016	331,667
Thereafter	386,042
	\$ 1,903,956

(1) Represents amortization for the remaining three months of Fiscal 2012.

6. DIVIDENDS:

The Company paid cash dividends on its common stock and convertible preferred stock issuances totaling \$0.2 million and \$0.6 million for the three and nine month periods ended June 2012, respectively, and \$0.2 million and \$0.5 million for the three and nine month periods ended June 2011, respectively.

Table of Contents**7. EARNINGS PER SHARE**

Basic earnings per share available to common shareholders is calculated by dividing net income less preferred stock dividend requirements by the weighted average common shares outstanding for each period. Diluted earnings per share available to common shareholders is calculated by dividing income from operations less preferred stock dividend requirements (when anti-dilutive) by the sum of the weighted average common shares outstanding and the weighted average dilutive options, using the treasury stock method.

8. DEBT

The Company primarily finances its operations through a credit facility agreement with Bank of America (the Facility) and long-term debt agreements with banks.

The Facility included the following significant terms at June 2012:

- April 2014 maturity date and a \$70.0 million revolving credit limit.
- Loan accordion allowing the Company to increase the size of the credit facility agreement by \$25.0 million.
- A provision providing an additional \$5.0 million of credit advances for certain inventory purchases.
- Evergreen renewal clause automatically renewing the agreement for one year unless either the borrower or lender provides written notice terminating the agreement at least 90 days prior to the end of the original term of the agreement or the end of any renewal period.
- Prepayment penalty equal to one-half of one percent (1/2%) if the Company prepays the entire Facility or terminates it in year one of the agreement, and one-fourth of one percent (1/4%) if the Company prepays the entire Facility or terminates it in year two of the agreement. The prepayment penalty is calculated based on the maximum loan limit.
- The Facility bears interest at either the bank's prime rate or at LIBOR plus 175 basis points, at the election of the Company.
- Lending limits subject to accounts receivable and inventory limitations.
- An unused commitment fee equal to one-quarter of one percent (1/4%) per annum on the difference between the maximum loan limit and average monthly borrowings.
- Secured by collateral including all of the Company's equipment, intangibles, inventories, and accounts receivable.

- Provides that the Company may not pay dividends on its common stock in excess of \$1.00 per share on an annual basis.
- A financial covenant requiring a fixed charge coverage ratio of at least 1.1 as measured by the previous twelve month period then ended only if excess availability falls below 10% of the maximum loan limit as defined in the credit agreement.

Cross Default and Co-Terminus Provisions

The Company's owned real estate in Bismarck, ND, Quincy, IL, and Rapid City, SD, and certain warehouse equipment in the Rapid City, SD warehouse are financed through term loans with BMO Harris, NA (BMO) which is also a participant lender on the Company's revolving line of credit. The BMO loans contain cross default provisions which cause all loans with BMO to be considered in default if any one of the loans where BMO is a lender, including the revolving credit facility, is in default. There were no such cross defaults at June 2012. In addition, the BMO loans contain co-terminus provisions which require all loans with BMO to be paid in full if any of the loans are paid in full prior to the end of their specified terms.

Other

AMCON has issued a letter of credit in the amount of approximately \$0.4 million to its workers' compensation insurance carrier as part of its self-insured loss control program.

Off-Balance Sheet Arrangements

The Company does not have any off-balance sheet arrangements.

Table of Contents**9. EQUITY-BASED INCENTIVE AWARDS****Omnibus Plan**

The Company has an Omnibus Incentive Plan (the Omnibus Plan) which provides for equity incentives to employees. The Omnibus Plan was designed with the intent of encouraging employees to acquire a vested interest in the growth and performance of the Company. The Omnibus Plan permits the issuance of up to 150,000 shares of the Company's common stock in the form of stock options, restricted stock awards, restricted stock units, performance share awards as well as awards such as stock appreciation rights, performance units, performance shares, bonus shares, and dividend share awards payable in the form of common stock or cash. The number of shares issuable under the Omnibus Plan is subject to customary adjustments in the event of stock splits, stock dividends, and certain other distributions on the Company's common stock. At June 2012, awards with respect to a total of 109,800 shares, net of forfeitures, had been awarded pursuant to the Omnibus Plan and awards with respect to another 40,200 shares may be awarded under the plan.

Stock Options

During the nine month period ended June 2012, the Company issued 6,500 incentive stock options to various employees pursuant to the provisions of the Company's Omnibus Plan. These awards vest in equal installments over a five year service period and had an estimated fair value of approximately \$0.1 million using the Black-Scholes option pricing model. The following assumptions were used in connection with the Black-Scholes option pricing calculation:

Stock Option Pricing Assumptions	
Risk-free interest rate	2.39%
Dividend yield	1.10%
Expected volatility	27.90%
Expected life in years	6

The stock options issued by the Company expire ten years from the grant date and include graded vesting schedules up to five years in length. Stock options issued and outstanding at June 2012 are summarized as follows:

	Exercise Price	Number Outstanding	Remaining	Weighted-Average Exercise Price	Number Exercisable	Exercisable

- (1) 25,600 of the restricted stock unit awards were vested as of Q3 2012. The remaining 12,800 restricted stock units will vest on October 26, 2012.
- (2) 4,000 of the restricted stock units were vested as of Q3 2012. The remaining 8,000 restricted stock units will vest in equal amounts (4,000 per year) on November 22, 2012 and November 22, 2013.
- (3) The 15,900 restricted stock units will vest in equal amounts (5,300 per year) on October 25, 2012, October 25, 2013 and October 25, 2014.

There is no direct cost to the recipients of the restricted stock units, except for any applicable taxes. The recipients of the restricted stock units are entitled to the customary adjustments in the event of stock splits, stock dividends, and certain other distributions on the Company's common stock. All cash dividends and/or distributions payable to restricted stock recipients will be held in escrow until all the conditions of vesting have been met.

The restricted stock units provide that the recipients can elect, at their option, to receive either common stock in the Company, or a cash settlement based upon the closing price of the Company's shares, at the time of vesting. Based on these award provisions, the compensation expense recorded in the Company's Condensed Statement of Operations reflects the amortization of these awards over their respective service life. The awards and their related compensation and amortization expense are also adjusted to fair value at each reporting date until vested. The following summarizes restricted stock unit activity under the Omnibus Plan for the nine months ended June 2012:

	Number of Shares	Weighted Average Fair Value
Nonvested restricted stock units at September 2011	37,600	\$ 57.00
Granted	15,900	\$ 53.80

Nonvested restricted stock units at June 2012	36,700	\$ 64.40

All Equity-Based Awards (stock options and restricted stock units)

For the three and nine months ended June 2012, net income before income taxes included compensation expense of \$0.3 million and \$0.9 million, respectively, related to the amortization of all equity-based compensation awards. Total unamortized compensation expense for these awards at June 2012 was approximately \$1.4 million.

Table of Contents**10. BUSINESS SEGMENTS**

AMCON has two reportable business segments: the wholesale distribution of consumer products and the retail sale of health and natural food products. The retail health food stores operations are aggregated to comprise the Retail Segment because such operations have similar economic characteristics, as well as similar characteristics with respect to the nature of products sold, the type and class of customers for the health food products and the methods used to sell the products. Included in the Other column are intercompany eliminations, and assets held and charges incurred by our company for both segments. The segments are evaluated on revenues, gross margins, operating income (loss), and income before taxes.

11. COMMON STOCK REPURCHASE

The Board of Directors of the Company had previously authorized the repurchase of up to 50,000 shares of the Company's common stock in open market or negotiated transactions. During the nine months ended June 2012, the Company repurchased 17,000 shares of its common stock in a negotiated transaction for \$918,000, or \$54.00 per share. The share repurchase was funded with cash from operations and through our revolving credit facility. All repurchased shares were recorded in treasury stock at cost.

12. SUBSEQUENT EVENT

On July 17, 2012, the Company refinanced two existing real estate notes payable due to BMO totaling approximately \$4.8 million into a single note payable. The new note payable bears a fixed interest rate of 2.99% and requires monthly installments of principal and interest totaling approximately \$0.5 million on an annual basis through June 2017, with the remainder due July 2017. The note payable is secured by the Company's Quincy, IL and Rapid City, SD distribution facilities.

Forward-looking statements are not guarantees of future performance or results. They involve risks, uncertainties and assumptions. You should understand that the following important factors, in addition to those discussed elsewhere in this document, could affect the future results of the Company and could cause those results to differ materially from those expressed in our forward-looking statements:

- increases in state and federal excise taxes on cigarette and tobacco products,
- integration risk related to acquisitions or other efforts to expand,
- higher commodity prices which could impact food ingredient costs for many of the products we sell,
- regulation of cigarette and tobacco products by the FDA, in addition to existing state and federal regulations by other agencies,
- potential bans or restrictions imposed by the FDA on the manufacture, distribution, and sale of certain cigarette and tobacco products,
- increases in manufacturer prices,
- increases in inventory carrying costs and customer credit risk,
- changes in promotional and incentive programs offered by manufacturers,

- decreased availability of capital resources,
- demand for the Company's products, particularly cigarette and tobacco products,
- new business ventures or acquisitions,
- domestic regulatory and legislative risks,
- competition,
- poor weather conditions,
- increases in fuel prices,
- consolidation trends within the convenience store and wholesale distribution industry,
- natural disasters and domestic unrest,
- other risks over which the Company has little or no control, and any other factors not identified herein,

CRITICAL ACCOUNTING ESTIMATES

Certain accounting estimates used in the preparation of the Company's financial statements require us to make judgments and estimates and the financial results we report may vary depending on how we make these judgments and estimates. Our critical accounting estimates are set forth in our annual report on Form 10-K for the fiscal year ended September 30, 2011, as filed with the Securities and Exchange Commission. There have been no significant changes with respect to these policies during our fiscal quarter ended June 2012.

THIRD FISCAL QUARTER 2012 (Q3 2012)

The following discussion and analysis includes the Company's results of operations for the three and nine months ended June 2012 and June 2011.

Wholesale Segment

Our wholesale segment is one of the largest wholesale distributors in the United States serving approximately 5,000 retail outlets including convenience stores, grocery stores, liquor stores, drug stores, and tobacco shops. In October 2011, Convenience Store News ranked us as the sixth (6th) largest convenience store distributor in the United States based on annual sales.

We currently distribute over 14,000 different consumer products, including cigarettes and tobacco products, candy and other confectionery, beverages, groceries, paper products, health and beauty care products, frozen and chilled products and institutional food service products. We also provide consultative services to our customers in the areas of marketing, merchandising, inventory optimization, and information systems which are designed to enhance the ability of our customers to compete and maximize their profitability. Convenience stores represent our largest customer category.

Retail Segment

The Company's retail health food stores, which are operated as Chamberlin's Market & Café and Akin's Natural Foods Market, carry over 30,000 different national and regionally branded and private label products. These products include high-quality natural, organic, and specialty foods consisting of produce, baked goods, frozen foods, nutritional supplements, personal care items, and general merchandise. Chamberlin's, which was first established in 1935, operates six stores in and around Orlando, Florida. Akin's, which was also established in 1935, has a total of eight locations in Oklahoma, Nebraska, Missouri, and Kansas.

Business Update - Wholesale Segment

From sugary drinks to tobacco products, legislative initiatives across the country (i.e. higher excise taxes) are squarely taking aim at many of the products sold by convenience stores which is one of our core customer segments. We believe these trends could accelerate as states continue to struggle with budget shortfalls. The convenience store industry continues to consolidate and from time-to-time, some of our customers are acquired by larger chains which either self-distribute or have preexisting relationships with competing distributors. Accordingly, the competitive landscape remains intense and we expect these factors to pressure margins moving forward.

Table of Contents**Business Update Wholesale Segment (continued)**

The industry remains highly fragmented with a high percentage of independent single-store operators and mid-sized convenience store chains. Our customers' reliance on traditional revenue streams (gas, tobacco products etc.) is evolving and many store owners are transitioning their businesses into newer quick-style restaurant retail formats. Our Company offers a comprehensive suite of next generation merchandising programs to assist convenience stores in making this transition. This is an important consideration as the wholesale competitive environment is intense and customers are looking for suppliers with the best price-value relationship.

Business Update Retail Segment

Our Chamberlin's stores in Florida have shown improved sales results as that region of the country gradually recovers from the severity of the economic downturn. Our Akin's stores, which are located in the Midwest, have experienced increased competition in certain markets resulting from the expansion of national and regional health food chains. We are actively seeking opportunities for expansion.

The popularity and awareness of natural products continues to grow. Consumers of natural products tend to be a better educated customer segment who demand a higher level of product knowledge by in-store associates; a level of service which is difficult for mass merchandisers to deliver in a big box retail format. This is particularly true in product categories such as vitamin supplements which involve a high degree of expert consultation and personal interaction throughout the sales engagement process. We believe that our high level of service differentiates our stores from those of our competitors. This is an important consideration as the retail health food industry is highly competitive and customers are looking for a compelling price-value relationship.

SALES:

Changes in sales are driven by two primary components:

- (i) changes to selling prices, which are largely controlled by our product suppliers, and excise taxes imposed on cigarettes and tobacco products by various states; and
- (ii) changes in the volume of products sold to our customers, either due to a change in purchasing patterns resulting from consumer preferences or the fluctuation in the comparable number of business days in our reporting period.

SALES Q3 2012 vs. Q3 2011

Sales in our Wholesale Segment increased \$43.3 million during Q3 2012 as compared to Q3 2011. Significant items impacting sales during Q3 2012 included a \$29.3 million increase in sales related to our acquisition of LPS in May 2011, a \$7.2 million increase in sales related to price increases implemented by cigarette manufacturers, a \$2.9 million increase in sales related to the volume and mix of cigarette cartons sold, and a \$3.9 million increase in sales in our tobacco, beverage, snacks, candy, grocery, health & beauty products, automotive, foodservice, and store supplies categories (Other Products).

Sales in our Retail Segment were substantially unchanged in Q3 2012 as compared to Q3 2011. Significant items impacting sales during the period were a \$0.5 million increase in our Chamberlin s retail stores, offset by a \$0.5 million decrease in sales in our Akin s retail stores. Sales in our Chamberlin s stores continue to show improved results coming off the depths of the severe recession in the Florida region, while sales in our Akin s retail stores have been impacted by increased competition from the expansion of national and regional health food chains in our markets.

GROSS PROFIT Q3 2012 vs. Q3 2011

Our gross profit does not include fulfillment costs and costs related to the distribution network which are included in selling, general and administrative costs, and may not be comparable to those of other entities. Some entities may classify such costs as a component of cost of sales. Cost of sales, a component used in determining gross profit, for the wholesale and retail segments includes the cost of products purchased from manufacturers, less incentives we receive which are netted against such costs.

Gross profit in our Wholesale Segment increased \$1.7 million in Q3 2012 as compared to Q3 2011. Of this increase, approximately \$1.5 million related to our acquisition of LPS and \$0.9 million related to the benefit from cigarette manufacturer price increases and the impact of increases in cigarette excise taxes. These increases were partially offset up a \$0.7 million decrease in gross profit related to the volume and mix of sales in our cigarette and Other Product categories. Gross profit in our Retail Segment was substantially unchanged in Q3 2012 as compared to Q3 2011.

OPERATING EXPENSE Q3 2012 vs. Q3 2011

Operating expense includes selling, general and administrative expenses and depreciation and amortization. Selling, general, and administrative expenses include costs related to our sales, warehouse, delivery and administrative departments for all segments. Specifically, purchasing and receiving costs, warehousing costs and costs of picking and loading customer orders are all classified as selling, general and administrative expenses. Our most significant expenses relate to employee costs, facility and equipment leases, transportation costs, fuel costs, insurance, and professional fees.

Q3 2012 operating expenses increased \$2.1 million as compared to Q3 2011. Significant items impacting operating expenses during Q3 2012 included an additional \$1.4 million in operating expenses related to servicing our new business added in conjunction with the LPS acquisition, a \$0.4 million increase in compensation expense, and a \$0.3 million increase in other operating expenses.

INCOME TAX EXPENSE Q3 2012 vs. Q3 2011

The effective income tax rate for Q3 2012 was 42.1% as compared to 49.5% in Q3 2011. The change in the effective tax rates between the fiscal periods was primarily related to the deductibility of certain expenses based on limitations set forth by the Internal Revenue Service.

SALES Nine Months Ended June 2012

Sales in our Wholesale Segment increased \$141.5 million for the nine months ended June 2012 as compared to the same prior year period. Significant items impacting our Wholesale Segment sales for the nine months ended June 2012 included a \$120.0 million increase in sales related to the acquisition of LPS, a \$19.2 million increase in sales related to price increases implemented by cigarette manufacturers, and a \$8.0 million increase in our Other Product categories sales. These increases were partially offset by a \$5.7 million reduction in sales related to the volume and mix of cigarette cartons sold.

Sales in our Retail Segment for the nine months ended June 2012 decreased approximately \$0.3 million as compared to the same prior year period. The change in sales is primarily related to lower sales in our Akin's retail stores which have experienced increased competition from the expansion of national and regional health food chains, partially offset by higher sales in our Chamberlin's stores which continue to show improved results coming off the depths of the severe recession.

GROSS PROFIT Nine Months Ended June 2012

Gross profit in our Wholesale Segment increased \$5.7 million for the nine month period ended June 2012 as compared to the same prior year period. Of this increase, approximately \$6.5 million related to our acquisition of LPS and \$0.9 million related to the benefit from cigarette manufacturer price increases and the impact of increases in cigarette excise taxes. Partially offsetting this was a \$1.7 million reduction in gross profit related to the volume and mix of sales in our cigarette and Other Product categories.

Gross profit in our Retail Segment decreased \$0.2 million for the nine month period ended June 2012 as compared to the same prior year period. This decrease was primarily related to lower sales volumes in our Akin's retail stores.

Significant items impacting operating expenses during the nine month period ended June 2012 included an additional \$5.9 million in operating expenses related to servicing our new business added in conjunction with the LPS acquisition, a \$0.8 million net increase in bad debt expense, a \$0.3 million increase in our Retail Segment operating expenses, a \$0.3 million increase in fuel expense, and a \$0.5 million increase in other operating expenses. These increases were partially offset by a \$0.8 million reduction in compensation expense.

INCOME TAX EXPENSE Nine Months Ended June 2012

The effective income tax rate for the nine months ended was 41.1% as compared to 44.3% same prior year period. The change in the effective tax rates between fiscal periods was primarily related to the deductibility of certain expenses based on limitations set forth by the Internal Revenue Service.

LIQUIDITY AND CAPITAL RESOURCES

Overview

- General. The Company requires cash to pay operating expenses, purchase inventory, and make capital investments. In general, the Company finances its cash flow requirements with cash generated from operating activities and credit facility borrowings.
- Operating Activities. The Company used cash of approximately \$6.7 million for operating activities during the nine months ended June 2012. Significant uses of cash during the period included increases in accounts receivable and inventory and decreases in both accounts payable and income taxes payable. These items were partially offset by a decrease in prepaid and other current assets, an increase in deferred income taxes, and the impact of net earnings.

Our variability in cash flows from operating activities is dependent on the timing of inventory purchases and seasonal fluctuations. For example, periodically we have inventory buy-in opportunities which offer more favorable pricing terms. As a result, we may have to hold inventory for a period longer than the payment terms. This generates a cash outflow from operating activities which we expect to reverse in later periods. Additionally, during the warm weather months, which is our peak time of operations, we generally carry higher amounts of inventory to ensure high fill rates and customer satisfaction.

- Investing Activities. The Company used cash of \$0.9 million during the nine month period ended June 2012 for investing activities, primarily related to capital expenditures for property and equipment.
- Financing Activities. The Company generated cash of \$6.8 million from financing activities during the nine months ended June 2012. Of this amount, approximately \$9.3 million related to net borrowings on the Company's credit facility. Partially offsetting this was \$1.0 million related to repayment on long-term debt, \$0.9 million related to the repurchase of the Company's common shares, and \$0.6 million related to dividends on the Company's common and preferred stock.
- Cash on Hand/Working Capital. At June 2012, the Company had cash on hand of \$0.6 million and working capital (current assets less current liabilities) of \$63.6 million. This compares to cash on hand of \$1.4 million and working capital of \$49.0 million at

September 2011.

CREDIT AGREEMENT

The Company primarily finances its operations through a credit facility agreement with Bank of America (the Facility) and long-term debt agreements with banks.

The Facility included the following significant terms at June 2012:

- April 2014 maturity date and a \$70.0 million revolving credit limit.
- Loan accordion allowing the Company to increase the size of the credit facility agreement by \$25.0 million.
- A provision providing an additional \$5.0 million of credit advances for certain inventory purchases.
- Evergreen renewal clause automatically renewing the agreement for one year unless either the borrower or lender provides written notice terminating the agreement at least 90 days prior to the end of the original term of the agreement or the end of any renewal period.
- Prepayment penalty equal to one-half of one percent (1/2%) if the Company prepays the entire Facility or terminates it in year one of the agreement, and one-fourth of one percent (1/4%) if the Company prepays the entire Facility or terminates it in year two of the agreement. The prepayment penalty is calculated based on the maximum loan limit.
- The Facility bears interest at either the bank's prime rate or at LIBOR plus 175 basis points, at the election of the Company.
- Lending limits subject to accounts receivable and inventory limitations.
- An unused commitment fee equal to one-quarter of one percent (1/4%) per annum on the difference between the maximum loan limit and average monthly borrowings.
- Secured by collateral including all of the Company's equipment, intangibles, inventories, and accounts receivable.

- Provides that the Company may not pay dividends on its common stock in excess of \$1.00 per share on an annual basis.
- A financial covenant requiring a fixed charge coverage ratio of at least 1.1 as measured by the previous twelve month period then ended only if excess availability falls below 10% of the maximum loan limit as defined in the credit agreement.

The amount available for use on the Facility at any given time is subject to a number of factors including eligible accounts receivable and inventory balances that fluctuate day-to-day. Based on our collateral and loan limits as defined in the Facility agreement, the credit limit of the Facility at June 2012 was \$69.6 million, of which \$30.1 million was outstanding, leaving \$39.5 million available.

At June 2012, the revolving portion of the Company's Facility balance bore interest based on the bank's prime rate and various short-term LIBOR rate elections made by the Company. The average interest rate was 2.43% at June 2012.

For the nine months ended June 2012, our peak borrowings under the Facility were \$50.7 million, and our average borrowings and average availability under the Facility were \$33.8 million and \$30.0 million, respectively. Our availability to borrow under the Facility generally decreases as inventory and accounts receivable levels increase because of the borrowing limitations that are placed on collateralized assets.

Cross Default and Co-Terminus Provisions

The Company's owned real estate in Bismarck, ND, Quincy, IL, and Rapid City, SD, and certain warehouse equipment in the Rapid City, SD warehouse are financed through term loans with BMO Harris, NA (BMO) which is also a participant lender on the Company's revolving line of credit. The BMO loans contain cross default provisions which cause all loans with BMO to be considered in default if any one of the loans where BMO is a lender, including the revolving credit facility, is in default. There were no such cross defaults at June 2012. In addition, the BMO loans contain co-terminus provisions which require all loans with BMO to be paid in full if any of the loans are paid in full prior to the end of their specified terms.

Dividends Payments

The Company paid cash dividends on its common stock and convertible preferred stock issuances totaling \$0.2 million and \$0.6 million for the three and nine month periods ended June 2012, respectively, and \$0.2 million and \$0.5 million for the three and nine month periods ended June 2011, respectively.

Contractual Obligations

There have been no significant changes to the Company's contractual obligations as set forth in the Company's annual report on Form 10-K for the fiscal period ended September 30, 2011.

Other

AMCON has issued a letter of credit in the amount of approximately \$0.4 million to its workers' compensation insurance carrier as part of its self-insured loss control program.

Off-Balance Sheet Arrangements

The Company does not have any off-balance sheet arrangements.

Liquidity Risk

Edgar Filing: AMCON DISTRIBUTING CO - Form 10-Q

The Company's liquidity position is significantly influenced by its ability to maintain sufficient levels of working capital. For our Company and industry in general, customer credit risk and ongoing access to bank credit heavily influence liquidity positions.

The Company does not currently hedge its exposure to interest rate risk or fuel costs. Accordingly, significant price movements in these areas can and do impact the Company's profitability.

The Company believes its liquidity position going forward will be adequate to sustain operations. However, a precipitous change in market conditions could materially impact the Company's future revenue stream as well as its ability to collect on customer accounts receivable or secure bank credit.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Not applicable.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in company reports filed or submitted under the Securities Exchange Act of 1934 (the Exchange Act) is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in company reports filed or submitted under the Exchange Act is accumulated and communicated to management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

Table of Contents

As required by Rules 13a-15(e) and 15d-15(e) under the Exchange Act, an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as of June 30, 2012 was made under the supervision and with the participation of our senior management, including our principal executive officer and principal financial officer. Based upon that evaluation, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report.

Limitations on Effectiveness of Controls

Our management, including our Chief Executive Officer and Chief Financial Officer, do not expect that our disclosure controls and procedures will prevent all errors and fraud. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable, not absolute, assurance of achieving the desired control objectives. Further, the design of a control system must reflect the fact that there are resource constraints, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management's override of the control.

The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control that occurred during the fiscal quarter ended June 30, 2012, that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
