This Report on Form 6-K contains a news release dated 4 April 2012 entitled ADOPTION OF NEW INTERNATIONAL FINANCIAL REPORTING STANDARDS FOR THE YEAR ENDING 31 MARCH 2014

4 April 2013

Adoption of new International Financial Reporting Standards for the year ending 31 March 2014

Vodafone Group Plc (Vodafone or the Group) will adopt a number of new International Financial Reporting Standards (IFRS) which will be applicable for the year ending 31 March 2014; the most significant being IFRS 11 Joint arrangements (IFRS 11) and IAS 19 Employee Benefits (Revised) (IAS 19 (Revised)). Since the standards require retrospective application, Vodafone is presenting today unaudited restated financial information prepared in accordance with IFRS 11 and IAS 19 (Revised) for the six months ended 30 September 2012 and the year ended 31 March 2012. Restated financial information for the year ended 31 March 2013 will be presented with the Group s preliminary results announcement to be issued on or around 21 May 2013.

The Group will in future provide pro forma financial information, based on the Group s previous joint venture accounting policy, for Group revenue, service revenue, EBITDA¹, adjusted operating profit¹ and free cash flow¹, in addition to the statutory disclosures, to ensure continued comparability with previously presented financial information.

The principal impacts on Vodafone s reported financial information as a result of adopting these two standards are:

- IFRS 11 *Joint Arrangements*

The Group s interests in Vodafone Italy, Vodafone Hutchison Australia, Vodafone Fiji and Indus Towers, the Group s network infrastructure joint arrangement in India, will be incorporated into the consolidated financial statements using the equity method of accounting rather than proportional consolidation.

Whilst the change is presentational in nature and does not impact on the Group s statutory profit for the financial periods, it does impact on a number of the Group s disclosed financial metrics, including revenue, EBITDA¹ and free cash flow¹.

- IAS 19 *Employee Benefits (Revised)*

Net interest cost replaces the expected return on plan assets and interest cost currently recorded in the consolidated income statement for defined benefit pension plans. The basis on which the charge is calculated will change, impacting the amounts

Edgar Filing: VODAFONE GROUP PUBLIC LTD CO - Form 6-K

recorded in the Group's consolidated income statement and consolidated statement of comprehensive income, however, not impacting the amounts recorded on the Group's consolidated statement of financial position.

The financial impacts on the Group's financial results for the year ended 31 March 2012 of adopting both of these standards are outlined on page 3.

Note:

1. See Non-GAAP information on page 162 and Definitions of terms on page 170 of the Group's annual report for the year ended 31 March 2012, which is available on the Group's website.

Introduction

This press release outlines how Vodafone's previously reported financial performance for the six months ended 30 September 2012 and the year ended 31 March 2012 will be affected by the adoption of the following IFRS's in the year ending 31 March 2014:

- IFRS 11 *Joint Arrangements*
- IAS 19 *Employee Benefits (Revised)*

The adoption of these standards will have a material impact on a number of the Group's financial metrics, including revenue, EBITDA and free cash flow. Restated financial information for the year ended 31 March 2013 will be published with the Group's preliminary results announcement in May 2013.

The Group will also adopt the following standards for the year ending 31 March 2014:

- IAS 1 (amendment) - *Presentation of Items of Other Comprehensive Income*
- IFRS 7 - *Financial Instruments: Disclosures*
- IFRS 10 - *Consolidated Financial Statements*
- IFRS 12 - *Disclosure of Interests in Other Entities*
- IFRS 13 - *Fair Value Measurement*
- Annual improvements to IFRS's 2009 - 2011 Cycle

These standards are not expected to have a material impact on the Group's consolidated financial statements and, therefore, will be addressed in the interim and annual reports for the year ending 31 March 2014.

IFRS 11 *Joint arrangements*

Prior to the adoption of IFRS 11, the Group proportionately consolidated its interests in jointly controlled entities. The Group's share of the assets, liabilities, income, expenses and cash flows of these entities were combined with the equivalent items in the Group's consolidated financial statements on a line-by-line basis.

With the adoption of IFRS 11, the Group will report its interests in joint arrangements as either joint ventures or joint operations.

A joint arrangement is a contractual arrangement whereby the Group and other parties undertake an economic activity that is subject to joint control. A joint venture is where the Group and other parties have joint control of an arrangement and have the rights to the net assets of that arrangement. Joint ventures will be incorporated into the Group's consolidated financial statements using the equity method of accounting. A joint operation is where the Group and other parties have joint control and have rights to the assets, and obligations for the liabilities, relating to the arrangement. The Group will report its interests in joint operations by combining its interest in the assets, liabilities, revenues and expenses of the joint operation with the equivalent items in the Group's results, on a line-by-line basis. This is similar to proportionate consolidation.

The Group has concluded that its interests in Vodafone Italy, Vodafone Hutchison Australia, Vodafone Fiji and Indus Towers meet the criteria of joint ventures, and as such will be accounted for under the equity method of accounting upon adoption of the new standard.

Key financial impacts

The table below highlights the key financial impacts of adopting IFRS 11 on the Group's financial results for the year ended 31 March 2012. There is no overall impact on the Group's profit for the financial year or adjusted EPS:

	Previously reported £m	Change £m	Restated for IFRS 11 £m
Revenue	46,417	(7,596)	38,821
EBITDA ^{1 2}	14,475	(2,856)	11,619
Adjusted operating profit ^{1 2}	11,532	(689)	10,843
Profit for the financial year ²	7,003		7,003
Adjusted EPS ^{1 2}	14.91p		14.91p
Free cash flow ¹	6,105	(391)	5,714
Net debt ¹	(24,425)	1,424	(23,001)

Note:

1. See Non-GAAP information on page 162 and Definitions of terms on page 170 of the Group's annual report for the year ended 31 March 2012, which is available on the Group's website.
2. EBITDA, adjusted operating profit, profit for the financial year and adjusted EPS will also be impacted by the adoption of IAS 19 (Revised), as outlined below.

Free cash flow is impacted to the extent that the Group's share of the joint venture's free cash flow previously reported is different to the Group's share of dividends paid in the corresponding accounting period. The adoption of the new accounting standard does not impact the Group's existing rights and obligations in relation to the cash flows of, and dividends from, those joint ventures.

The reduction in net debt primarily results from the deconsolidation of debt raised locally by the joint ventures. The reduction in respect of the year ended 31 March 2012, compared to the balance previously reported, is primarily in relation to Vodafone Hutchison Australia.

IAS 19 Employee Benefits (Revised)

Charges for defined benefit pension plans recorded in the Group's consolidated income statement currently include a charge for interest on pension plan liabilities and a credit for the expected return on pension plan assets. Variances between actual and expected returns on pension plan assets are recorded in the consolidated statement of comprehensive income.

Edgar Filing: VODAFONE GROUP PUBLIC LTD CO - Form 6-K

Under IAS 19 (Revised), net interest cost will replace the expected return on plan assets and interest cost currently recorded in the consolidated income statement for defined benefit pension plans. Net interest cost will be calculated by applying the discount rate used to measure defined benefit obligations to the pension plan assets and liabilities.

Since the expected return on plan assets is generally higher than the discount rate used to measure the defined benefit obligation, this is likely to increase the defined benefit pension plan charges in the consolidated income statement and reduce the losses recorded in the consolidated statement of comprehensive income compared with results previously reported.

Key financial impacts

For the year ended 31 March 2012, the adoption of IAS 19 (Revised) results in an additional charge of £9 million to the Group's consolidated income statement and a corresponding £9 million credit to the Group's consolidated statement of comprehensive income.

Forward looking statements

This release contains forward-looking statements within the meaning of the US Private Securities Litigation Reform Act of 1995 with respect to the anticipated impact of the Group's adoption of a number of new IFRS reporting standards, including IFRS 11, Joint arrangements, and IAS 19 (Revised). There are a number of factors that could cause actual results and developments to differ materially from those expressed or implied by these forward-looking statements.

A review of the reasons why actual results and developments may differ materially from the expectations disclosed or implied within forward-looking statements can be found by referring to the information contained under the heading "Forward-looking statements" in the Group's half-year results announcement for the six months ended 30 September 2012 and "Principal risk factors and uncertainties" in the Group's annual report for the year ended 31 March 2012. The half-year financial report and the annual report can be found on the Group's website (www.vodafone.com). All subsequent written or oral forward-looking statements attributable to the Group or any member or subsidiary of the Group or any persons acting on its or their behalf are expressly qualified in their entirety by the factors referred to above. No assurances can be given that the forward-looking statements in this release will be realised. Except as otherwise stated herein and as may be required to comply with applicable law and regulations, Vodafone does not intend to update these forward-looking statements and does not undertake any obligation to do so.
