Explanatory Note

This Amendment No. 2 on Form 11-K/A (Amendment No. 2) to the Annual Report on Form 11-K for the fiscal year ended December 31, 2013 filed by the Ecolab Puerto Rico Savings Plan (the Registrant) with the Securities and Exchange Commission (the SEC) on June 25, 2014 (the Original Filing) is being filed by the Registrant to add the audit report of Olsen Thielen & Co., Ltd. (Olsen), which is succeeding McGladrey LLP (McGladrey) as the Registrant's independent accounting firm, on the statements of net assets available for benefits as of December 31, 2013 and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, to add the audit report of McGladrey on the statements of net assets available for benefits as of December 31, 2012, and to remove the unaudited label from the financial statements and accompanying notes thereto. The content of this Amendment No. 2 is unchanged from the Original Filing, with the exception of the following:

- Newly added audit reports.
- Inclusion of Rollover value and corresponding update to Distributions to participants, all within the statement of changes in Net Assets Available for Benefits.
- Update to Ecolab Inc. common stock held at December 31, 2012, within Note 6.

Amendment No. 1 on Form 11-K/A (Amendment No. 1) to the Original Filing was previously filed by the Registrant on August 25, 2015 to remove the audit report of McGladrey (McGladrey Audit Report) from the Original Filing and to mark the financial statements and accompanying notes in the Original Filing as being unaudited. Amendment No. 1 was filed in response to McGladrey's notice dated August 5, 2015 of its determination that an associated entity of McGladrey had provided certain prohibited non-audit services to an international affiliate of the Registrant's sponsor, Ecolab Inc., during the fiscal years ended December 31, 2013 and 2014. In its notice, McGladrey announced its determination that its independence had been impaired with respect to the Registrant in accordance with the rules of the SEC and the auditing and related professional practice standards of the Public Company Accounting Oversight Board, its withdrawal of the McGladrey Audit Report and its resignation as the Registrant's auditor, despite its belief that the services at issue did not impact its integrity and objectivity. As McGladrey's independence was not impaired during the fiscal year ended December 31, 2012, the firm has issued its audit report on the statements of net assets available for benefits as of December 31, 2012, as set forth above.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Plan Administrator and Trustees

Ecolab Puerto Rico Savings Plan

We have audited the accompanying statement of net assets available for benefits of Ecolab Puerto Rico Savings Plan (the Plan) as of December 31, 2013 and the related statement of changes in net assets available for benefits for the year ended December 31, 2013. These financial statements are the responsibility of the Plan's Management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013, and the changes in net assets available for benefits for the year then ended December 31, 2013, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4a Schedule of Delinquent Participant Contributions for the year ended December 31, 2013 and Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2013 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Plan Administrator and Trustees

Ecolab Puerto Rico Savings Plan

We have audited the accompanying statement of net assets available for benefits of the Ecolab Puerto Rico Savings Plan (the Plan) as of December 31, 2012. This financial statement is the responsibility of the Plan's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2012, in conformity with accounting principles generally accepted in the United States of America.

ECOLAB PUERTO RICO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan:

The following brief description of the Ecolab Puerto Rico Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan s definitions, benefits, eligibility and other matters.

The Plan is sponsored by Ecolab Inc. (Ecolab) for the benefit of certain individuals employed by Ecolab s wholly owned subsidiary, Ecolab Manufacturing Inc. (the Company), and is subject to income taxation under Puerto Rico laws.

GENERAL AND ELIGIBILITY:

The Plan is a contributory qualified defined contribution plan available to certain employees of the Company in Puerto Rico. Employees who are employed by the Company and who are subject to income taxation under the laws of Puerto Rico may participate in the Plan as of the first day of the month on or after their date of hire, provided they are not subject to a collective bargaining agreement which does not provide for their participation in the Plan. Employee participation in the Plan is voluntary.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and the Puerto Rico tax code (the Code). The Plan and trust are located and qualified only in Puerto Rico.

CONTRIBUTIONS:

Contributions are made to the Plan as pre-tax savings contributions and employer matching contributions.

Pre-tax savings contributions are contributions made by the Company on behalf of participants who have agreed to have their taxable compensation reduced. Participants may reduce their compensation (subject to a Puerto Rico statutory annual maximum of \$15,000 for 2013) for the purpose of making pre-tax savings contributions to the Plan.

Edgar Filing: ECOLAB INC. - Form 11-K/A

Participants who have attained age 50 or above are allowed to make additional catch-up contributions in accordance with Puerto Rico laws (up to \$1,500 in 2013).

Participant contributions of up to 3% of eligible compensation are matched 100% by the Company and participant contributions over 3% and up to 5% of eligible compensation are matched 50% by the Company. The Plan also allows additional employer matching contributions to true-up the employer match. This true-up ensures all participants receive their full annualized employer match.

Table of Contents

ECOLAB PUERTO RICO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan (continued):

The levels of contributions made by or on behalf of participants who are highly compensated, as defined in the Code, are subject to limitations under the Code.

VESTING:

Participants are fully vested in their accounts at all times.

PLAN BENEFITS:

As participants are fully vested at all times, benefits to participants are equal to their account balances. Upon retirement, death, disability or separation from service, a distribution may be made to the participant or beneficiary equal to the participant's account balance. Employees may be eligible to withdraw part or all of their account balance upon attainment of age 59 1/2. Loans and in-service withdrawals for hardships are also available. A participant distribution or withdrawal from the Plan generally is subject to taxation under the tax rules applicable to Puerto Rico residents.

NOTES RECEIVABLE FROM PARTICIPANTS:

Active participants (and beneficiaries who are parties in interest as defined by ERISA) are permitted to borrow from their accounts. The total amount of a participant's note may not exceed the lesser of (a) \$50,000 minus the participant's highest outstanding note balance for the previous twelve-month period, or (b) 50% of the participant's interest in his or her account. When a note is granted, the appropriate account balances are reduced and a separate note account is created. Note payments, together with interest at a market rate determined by the Plan Administrator, are repaid generally over 5 years unless the note is for the purchase of a principal residence, in which case the term can be up to 10 years. Notes receivable from participants at December 31, 2013 had interest rates ranging from 3.25% to 4.25% and are due at various dates through January 2019. A participant can have no more than two notes outstanding at any time. Notes receivable from participants are collateralized by the borrower's account balance and are repaid through ratable payroll deductions.

Table of Contents

ECOLAB PUERTO RICO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan (continued):

PARTICIPANT ACCOUNTS AND ALLOCATION:

Banco Popular de Puerto Rico (Banco Popular or trustee) provides investment management, recordkeeping and trustee services for the Plan directly or indirectly through one or more of its subsidiaries. The trust agreement authorizes services to be performed by the trustee, its agents or affiliates.

Each participant's account is credited with the participant's contributions, the employer matching contributions and investment income thereon, net of Plan expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

All participant contributions made under the Plan are paid to and invested by Banco Popular in one or more of the available investment options as directed by the participants.

Participants are allowed to allocate their entire account balance in any combination of the available investment options.

PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies:

BASIS OF PRESENTATION:

Edgar Filing: ECOLAB INC. - Form 11-K/A

The accompanying financial statements have been prepared on the accrual basis of accounting.

USE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Table of Contents

ECOLAB PUERTO RICO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies (continued):

VALUATION OF INVESTMENTS AND INCOME RECOGNITION:

Banco Popular holds the Plan's assets and executes transactions therein based upon instructions received from the Plan Administrator, Ecolab and the participants of the Plan. The Plan's investments are stated at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Interest income is recorded as earned on an accrual basis and dividend income is recorded on the ex-dividend date. Purchases and sales of securities and realized gains and losses related to sales of investments are recorded on a trade-date basis. Unrealized gains and losses are recorded based on the fair values as of the reporting date.

NOTES RECEIVABLE FROM PARTICIPANTS:

Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

CONTRIBUTIONS:

Participant pre-tax contributions are recorded in the period the employer makes the payroll deductions. Employer matching contributions are recorded based on participant contributions in the same period.

RISKS AND UNCERTAINTIES:

Edgar Filing: ECOLAB INC. - Form 11-K/A

The Plan provides for various investment options in various combinations of investment funds. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, including Ecolab Inc. common stock, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2013 statement of net assets available for benefits.

Table of Contents

ECOLAB PUERTO RICO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies (continued):

CONCENTRATION OF MARKET RISK:

At December 31, 2013 and 2012, approximately 62% and 61%, respectively, of the Plan's net assets were invested in the common stock of Ecolab. The underlying value of Ecolab Inc. common stock is dependent on the performance of Ecolab and the market's evaluation of such performance.

DISTRIBUTIONS TO PARTICIPANTS:

Distributions to participants are recorded when paid.

PLAN EXPENSES:

The Company pays a portion of the administrative expenses of the Plan and a portion is paid by Plan participants within the Plan. Certain asset management and administrative fees of the Plan are charged against the Plan's investment results.

SUBSEQUENT EVENTS:

The Plan Administrator has evaluated subsequent events through the date and time the financial statements were issued.

3. Investments:

Investments that represent 5 percent or more of the Plan's net assets available for benefits at December 31, 2013 and 2012 are summarized as follows:

Edgar Filing: ECOLAB INC. - Form 11-K/A

(in thousands)	2013	2012
Ecolab Inc. common stock	\$ 5,011	\$ 3,708
Spartan 500 Index Fund Investor Class	849	587
Fidelity Money Market Trust Retirement	572	559

Table of Contents

ECOLAB PUERTO RICO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

3. Investments (continued):

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

(in thousands)	2013
Investment in:	
Ecolab Inc. common stock	\$ 1,531
Registered investment companies	555
Net appreciation in fair value of investments	\$ 2,086

4. Fair Value Measurements:

Accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under accounting guidance are described below:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 - Inputs other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly; and fair value is determined through the use of models or other valuation methodologies. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. A significant adjustment to a Level 2 input could result in the Level 2 measurement becoming a Level 3 measurement.

Table of Contents

ECOLAB PUERTO RICO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

4. Fair Value Measurements (continued):

Level 3 - Inputs are unobservable for the asset or liability and include situations where there is little, if any, market activity for the asset or liability. The inputs into the determination of fair value are based upon the best information in the circumstances and may require significant management judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Registered investment companies and Ecolab Inc. common stock: Investments in registered investment companies are recorded at the underlying net asset value per unit, which approximates fair value based on the publicly quoted market price of these funds. Investments in Ecolab Inc. common stock are recorded at fair value based on the quoted market price of Ecolab Inc.'s common stock on the New York Stock Exchange.

The Plan reviews the fair value hierarchy classification on an annual basis. Changes in the ability to observe valuation inputs may result in a reclassification of levels for certain securities within the fair value hierarchy. The Plan's policy is to recognize transfers into and out of levels within the fair value hierarchy at the end of the fiscal year in which the actual event or change in circumstances that caused the transfer occurs. There were no transfers between Level 1 and Level 2 during the years ended December 31, 2013 and 2012. When a determination is made to classify an asset or liability within Level 3, the determination is based upon the significance of the unobservable inputs to the overall fair value measurement. At December 31, 2013 and 2012, the Plan did not have any assets or liabilities classified within Level 2 or Level 3.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Table of Contents

ECOLAB PUERTO RICO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

4. Fair Value Measurements (continued):

The following tables represent the Plan's fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31, 2013 and 2012:

(in thousands)	Investment Assets at Fair Value As of December 31, 2013			
	Total	Level 1	Level 2	Level 3

Table of Contents

ECOLAB PUERTO RICO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

5. Tax Status:

The Plan constitutes a qualified plan and trust under the Puerto Rico tax code. The Plan is maintained as a foreign trust covering only individuals subject to taxation under the Puerto Rico tax code and therefore no provision for United States federal income taxes has been included in the Plan's financial statements.

A favorable determination letter, dated May 22, 2012, was received from the Puerto Rico Treasury Department on the form of the Banco Popular Master Defined Contribution Retirement Plan adoption agreement and master plan, upon which the Plan is maintained. The Plan also received an individual determination letter from the Puerto Rico Treasury Department dated July 9, 2013. The Plan Administrator believes the Plan is currently designed and being operated in accordance with Section 1165(a) of the Puerto Rico Internal Revenue Code and is, therefore, exempt from Puerto Rico income taxes. As such, no provision for Puerto Rico income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Puerto Rico tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party and Party-In-Interest Transactions:

The trustee is authorized under contract provisions, or by ERISA regulations providing an administrative or statutory exemption, to invest in funds under its control and in securities of Ecolab.

Participant contributions and employer matching contributions are invested in one or more of the investment fund options offered under the Plan, including Ecolab Inc. common stock.

During 2013 and 2012, the Plan invested in Ecolab Inc. common stock. The Plan held 48,057 and 51,573 shares at December 31, 2013 and 2012, respectively. During the year ended December 31, 2013, purchases and sales of shares by the Plan totaled approximately \$243,000 and \$521,000, respectively.
