Letter to Shareholders (unaudited)

Edgar Filing: ABERDEEN CHILE FUND, INC. - Form N-CSR

Dear Shareholder,

We present this Annual Report which covers the activities of Aberdeen Chile Fund, Inc. (the Fund) for the fiscal year ended December 31, 2016. The Fund's principal investment objective is to seek total return, consisting of capital appreciation and income, by investing primarily in Chilean securities.

NAV Total Return Performance

For the fiscal year ended December 31, 2016, the total return to shareholders of the Fund, based on the net asset value (NAV), net of fees, of the Fund, was 19.5%, assuming reinvestment of dividends and distributions, versus a return of 16.8% for the Fund's benchmark, the Morgan Stanley Capital International MSCI Chile Index (MSCI Chile Index)¹. The Fund's total return for the fiscal year ended December 31, 2016 is based on the reported NAV at the financial reporting period end.

Share Price Total Return Performance & Discount

For the fiscal year ended December 31, 2016, based on market price, the Fund's total return was 14.3%, assuming reinvestment of dividends and distributions. The market price of the Fund's shares increased 6.8% over the fiscal year from \$5.58 on December 31, 2015 to \$5.96 on December 31, 2016. The Fund's share price on December 31, 2016 represented a discount of 17.2% to the NAV per share of \$7.20 on that date, compared with a discount of 13.5% to the NAV per share of \$6.45 on December 31, 2015.

Investments in Chile Change in Chilean Law

The Fund was operating as a foreign investment capital fund under Chilean Law No. 18,657, which has recently been repealed. Chilean Law No. 18,657 imposed certain requirements on the Fund's Chilean holdings (the Chilean Portfolio). Under Chilean Law No. 18,657, the Fund could not hold more than 5% of any Chilean issuer's voting stock (subject to an increase to up to 10% for newly-issued shares, including through the exercise of pre-emptive rights) and not more than 10% of the Chilean Portfolio could be invested in securities issued or guaranteed by any single Chilean issuer (other than securities issued or guaranteed by the Chilean government or by the Central Bank of Chile). With the repeal of Chilean Law No. 18,657, the Fund is no longer subject to these limitations.

Managed Distribution Policy

As announced September 9, 2016, the Board concluded that it was in the best interest of shareholders to suspend the Fund's managed distribution policy (the Policy) of paying quarterly distributions at

an annual rate, set once a year, that was a percentage of the rolling average of the Fund's prior four quarter-end net asset values. Prior to the suspension of the Policy, the Fund made a final distribution under the Policy on September 28, 2016. The suspension of the Policy does not impact the Fund's overall objective of seeking capital appreciation and income through investments primarily in Chilean equity securities. The Board remains committed to its oversight of the Fund's discount, and intends to continue the

Edgar Filing: ABERDEEN CHILE FUND, INC. - Form N-CSR

Fund's Open Market Repurchase Program. Information regarding the tax classification of distributions made by the Fund were made available in January 2017 as part of Form 1099-Div.

Open Market Repurchase Program

The Fund's policy is to consider buying back Fund shares on the open market when the Fund trades at a discount to the NAV that is above an established threshold and management believes such repurchases may enhance shareholder value. During the fiscal year ended December 31, 2016, the Fund repurchased 28,807 shares. During the fiscal year ended December 31, 2015, the Fund did not repurchase any shares.

Portfolio Holdings Disclosure

The Fund's complete schedule of portfolio holdings for the second and fourth quarters of each fiscal year are included in the Fund's semi-annual and annual reports to shareholders. The Fund files its complete schedule of portfolio holdings with the Securities and Exchange Commission (SEC) for the first and third quarters of each fiscal year on Form N-Q. The Fund's Form N-Q filings are available on the SEC's website at <http://www.sec.gov> and may be reviewed and copied at the SEC's Public Reference Room in Washington, D.C. Information about the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330. The Fund makes the information on Form N-Q available to shareholders on the Fund's website or upon request and without charge by calling Investor Relations toll-free at 1-800-522-5465.

Proxy Voting

A description of the policies and procedures that the Fund uses to determine how to vote proxies relating to portfolio securities, and information regarding how the Fund voted proxies relating to portfolio securities during the most recent twelve months ended June 30 is available by August 31 of the relevant year: (i) upon request and without charge by calling Investor Relations toll-free at 1-800-522-5465; and (ii) on the SEC's website at <http://www.sec.gov>.

All amounts are U.S. Dollars unless otherwise stated.

1. The MSCI Chile Index is designed to measure the performance of the large and mid cap segments of the Chilean market. With 19 constituents, the index covers approximately 85% of the Chile equity universe. Indexes are unmanaged and have been provided for comparison purposes only. No fees or expenses are reflected. You cannot invest directly in an index. Index performance is not an indication of the performance of the Fund itself. For complete fund performance, please visit <http://www.aberdeench.com>.

Letter to Shareholders (unaudited) (concluded)

Unclaimed Share Accounts

Please be advised that abandoned or unclaimed property laws for certain states require financial organizations to transfer (escheat) unclaimed property (including Fund shares) to the state. Each state has its own definition of unclaimed property, and Fund shares could be considered unclaimed property due to account inactivity (e.g., no owner-generated activity for a certain period), returned mail (e.g., when mail sent to a shareholder is returned to the Fund's transfer agent as undeliverable), or a combination of both. If your Fund shares are categorized as unclaimed, your financial advisor or the Fund's transfer agent will follow the applicable state's statutory requirements to contact you, but if unsuccessful, laws may require that the shares be escheated to the appropriate state. If this happens, you will have to contact the state to recover your property, which may involve time and expense. For more information on unclaimed property and how to maintain an active account, please contact your financial adviser or the Fund's transfer agent.

Investor Relations Information

As part of Aberdeen's commitment to shareholders, we invite you to visit the Fund on the web at www.aberdeench.com. Here, you can view monthly fact sheets, quarterly commentary, distribution and performance information, updated daily fact sheets courtesy of Morningstar®, portfolio charting and other Fund literature.

Dividend Reinvestment and Direct Stock Purchase Plan (unaudited)

Edgar Filing: ABERDEEN CHILE FUND, INC. - Form N-CSR

Computershare Trust Company, N.A. (Computershare), the Fund's transfer agent, sponsors and administers a Dividend Reinvestment and Direct Stock Purchase Plan (the Plan), which is available to shareholders.

The Plan allows registered shareholders and first-time investors to buy and sell shares and automatically reinvest dividends and capital gains through the transfer agent. This is a cost-effective way to invest in the Fund.

Please note that for both purchases and reinvestment purposes, shares will be purchased in the open market at the current share price and cannot be issued directly by the Fund.

For more information about the Plan and a brochure that includes the terms and conditions of the Plan, please call Computershare at 1-800-647-0584 or visit www.computershare.com/buyaberdeen.

2 Aberdeen Chile Fund, Inc.

Report of the Investment Adviser (unaudited)

Market/economic review

Chilean equities, as measured by the Fund's benchmark, the MSCI Chile Index, rose 16.81% for the 12-month period ended December 31, 2016, but underperformed the broader-market MSCI Emerging Markets Latin America Index, which gained 31.04% for the same period. A recovery in copper prices and relative stabilization of the Chinese economy buoyed the Chilean market, and the Chilean peso was one of the strongest-performing regional currencies against the U.S. dollar, outperformed only by the Brazilian real over the reporting period. Domestic politics continued to shape market sentiment, as Chilean President Michelle Bachelet failed to stem an ongoing decline in her approval ratings. The Chilean government conceded that its attempt at education reform was overly ambitious, and the country's pension system came under populist pressure, overshadowing a new 5% employer contribution to the system as part of the government's proposed pension reforms. Long-awaited labor reforms were ratified in August 2016, despite constitutional court challenges to the bill earlier in the year. Towards the end of 2016, voters shifted unexpectedly to a more conservative stance in municipal elections, which saw the ruling coalition lose a larger-than-expected 26 mayoral seats. Meanwhile, the economy contracted for the first time in six years in the second quarter of 2016, and Finance Minister Rodrigo Valdes vowed to raise 2017 public spending by the lowest amount in 14 years in a bid to rein in the budget deficit.

Fund performance review

Fund performance relative to the benchmark MSCI Chile Index for the reporting period was bolstered by both positive stock selection and asset allocation. At the sector level, the Fund's underweight allocations to the utilities and financials sectors relative to its benchmark, the MSCI Chile Index, were key contributors to performance.

In particular, the utilities sector suffered from increasing concerns about energy prices following a large-scale auction in August 2016 and regulatory reform, especially in relation to Chile's electricity distribution network. At the stock level, the long-awaited merger of energy company Endesa Americas into Enel Americas occurred in the fourth quarter of 2016, with Endesa Americas formally de-listed from the Santiago Stock Exchange on the last trading day of the period. Throughout the complex restructuring process, we maintained the

Fund's underweight positions in the Enel Group and in the broader electric utilities sector relative to the benchmark MSCI Chile Index.

The Fund's holding in commercial real estate development and management company Parque Arauco enhanced Fund performance for the reporting period, as the company successfully completed a capital-raising to fund what we view as an attractive development pipeline across the Andean region. The absence of a position in Colbun also benefited the Fund's relative performance, as shares of the utility company fell amid investors' concerns it had overpaid at an energy auction. The Fund's holding in soft-drink maker Coca-Cola Embonor, which is not represented in the benchmark index, also contributed to performance as its shares were buoyed by ongoing market speculation regarding mergers-and-acquisitions activity involving the company.

Conversely, the Fund's lack of exposure to Latam Airlines was a key detractor from relative performance for the reporting period, as its shares rose after Qatar Airways agreed to purchase up to 10% of the company. The Fund's underweight allocation to Cencosud also weighed on relative performance, as the retailer's stock price rebounded due to an improved economic outlook in Argentina.

Outlook

Donald Trump is now the 45th president of the U.S., and his protectionist stance may cause investors to become increasingly concerned about Latin American equities, in our view. We think that Trump's proposed tax cuts and fiscal stimulus could boost borrowing in the US, forcing up interest rates, while his focus on jobs for Americans could impact foreign investment. Nevertheless, we believe that Chile is in a better position to weather uncertainty than even a few years ago, which could open opportunities with China, even as Chile continues to build trade ties with the European Union. Meanwhile, a recovery in commodity prices, particularly copper, may potentially be a boon to commodity exporters such as Chile. We think that Chilean President Bachelet's goal of laying the groundwork to diversify the economy could also have a positive long-term impact on the market. Whatever the outcome, we believe that our prudent investment approach should help us navigate through headwinds over the long run.

Aberdeen Asset Managers Limited

Total Investment Return (unaudited)

The following table summarizes the average annual Fund performance compared to the MSCI Chile Index, the Fund's benchmark, for the 1-year, 3-year, 5-year and 10-year periods as of December 31, 2016.

	1 Year	3 Years	5 Years	10 Years
Net Asset Value (NAV)	19.5%	-2.8%	-4.1%	2.1%
Market Value	14.3%	-9.2%	-8.3%	0.5%
MSCI Chile Index	16.8%	-5.2%	-6.2%	2.3%

*Aberdeen Asset Managers Limited, the Fund's adviser, has entered into a written contract with the Fund to waive certain fees without which total return performance would be lower. See Note 3 in the Notes to Financial Statements. This contract aligns with the term of the advisory agreement and may not be terminated prior to the end of the current term of the advisory agreement. Aberdeen Asset Management Inc. (AAMI), the Fund's administrator, has entered into an agreement with the Fund to limit investor relations services fees, without which performance would be lower. See Note 3 in the Notes to Financial Statements. Returns represent past performance. Total investment return at NAV is based on changes in the NAV of Fund shares and assumes reinvestment of dividends and distributions, if any, at market prices pursuant to the dividend reinvestment program sponsored by the Fund's transfer agent. All return data at NAV includes fees charged to the Fund, which are listed in the Fund's Statement of Operations under Expenses. Total investment return at market value is based on changes in the market price at which the Fund's shares traded on the NYSE MKT during the period and assumes reinvestment of dividends and distributions, if any, at market prices pursuant to the dividend reinvestment program sponsored by the Fund's transfer agent. The Fund's total investment return is based on the reported NAV on the financial reporting period ended December 31, 2016. Because the Fund's shares trade in the stock market based on investor demand, the Fund may trade at a price higher or lower than its NAV. Therefore, returns are calculated based on both market price and NAV. **Past performance is no guarantee of future results.** The performance information provided does not reflect the deduction of taxes that a shareholder would pay on distributions received from the Fund. The current performance of the Fund may be lower or higher than the figures shown. The Fund's yield, return, market price and NAV will fluctuate. Performance information current to the most recent month-end is available at www.aberdeench.com or by calling 800-522-5465.*

The total operating expense ratio, excluding fee waivers, based on the fiscal year ended December 31, 2016 was 2.62%. The total operating expense ratio, net of fee waivers, based on the fiscal year ended December 31, 2016 was 2.40%.

4 Aberdeen Chile Fund, Inc.

Portfolio Summary (unaudited)

The following table summarizes the sector composition of the Fund's portfolio, in Standard & Poor's Global Industry Classification Standard (GICS) Sectors, expressed as a percentage of net assets as of December 31, 2016. The GICS structure consists of 11 sectors, 24 industry groups, 68 industries and 157 subindustries. As of December 31, 2016, the Fund did not have more than 25% of its assets invested in any industry. The sectors, as classified by GICS, are comprised of several industries.

Top Sectors	As a Percentage of Net Assets

(a) Based on average shares outstanding.

(b) Total investment return based on market value is calculated assuming that shares of the Fund's common stock were purchased at the closing market price as of the beginning of the period, dividends, capital gains, and other distributions were

Edgar Filing: ABERDEEN CHILE FUND, INC. - Form N-CSR

reinvested as provided for in the Fund's dividend reinvestment plan and then sold at the closing market price per share on the last day of the period. The computation does not reflect any sales commission investors may incur in purchasing or selling shares of the Fund. The total investment return based on the net asset value is similarly computed except that the Fund's net asset value is substituted for the closing market value.

(c) Includes adjustments in accordance with accounting principles generally accepted in the United States of America and as such, the net asset value for financial reporting purposes and the returns based upon those net asset values may differ from the net asset value and returns based upon net asset value as reported.

(d) Ratios include the effect of Chilean taxes.

(e) In May 2014, upon the expiration of the 2011 shelf registration, the remaining prepaid offering costs associated with the shelf registration statement were expensed as a one-time expense.

Amounts listed as - are \$0 or round to \$0.

See Notes to Financial Statements.

Notes to Financial Statements

December 31, 2016

1. Organization

Aberdeen Chile Fund, Inc. (the Fund) was incorporated in Maryland on January 30, 1989 and commenced investment operations on September 27, 1989. The Fund is registered under the Investment Company Act of 1940, as amended (the 1940 Act), as a non-diversified closed-end, management investment company. The Fund trades on the NYSE MKT under the ticker symbol CH.

The Fund seeks total return, consisting of capital appreciation and income, by investing primarily in Chilean securities.

2. Summary of Significant Accounting Policies

The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements. The policies conform to accounting principles generally accepted in the United States of America (GAAP). The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenses for the period. Actual results could differ from those estimates. The accounting records of the Fund are maintained in U.S. Dollars.

a. Security Valuation:

The Fund values its securities at current market value or fair value, consistent with regulatory requirements. Fair Value is defined in the Fund's Valuation and Liquidity Procedures as the price that could be received to sell an asset or paid to transfer a liability in an orderly transaction between willing market participants without a compulsion to contract at the measurement date.

Equity securities that are traded on an exchange are valued at the last quoted sale price on the principal exchange on which the security is traded at the Valuation Time subject to application, when appropriate, of the valuation factors described in the paragraph below. The Valuation Time is as of the close of regular trading on the New York Stock Exchange (usually 4:00 p.m. Eastern Time). In the absence of a sale price, the security is valued at the mean of the bid/ask price quoted at the close on the principal exchange on which the security is traded. Securities traded on NASDAQ are valued at the NASDAQ official closing price. Closed-end funds and exchange-traded funds (ETFs) are valued at the market price of the security at the Valuation Time. A security using any of these pricing methodologies is determined to be a Level 1 investment.

Foreign equity securities that are traded on foreign exchanges that close prior to the Valuation Time are valued by applying valuation factors to the last sale price or the mean price as noted above. Valuation

factors are provided by an independent pricing service provider approved by the Fund's Board of Directors (the Board). These valuation factors are used when pricing the Fund's portfolio holdings to estimate market movements between the time foreign markets close and the time the Fund values such foreign securities. These valuation factors are based on inputs such as depositary receipts, indices, futures, sector indices/ETFs, exchange rates, and local exchange opening and closing prices of each security. When prices with the application of valuation factors are utilized, the value assigned to the foreign securities may not be the same as quoted or published prices of the securities on their primary markets. A security that applies a valuation factor is determined to be a Level 2 investment because the exchange-traded price has been adjusted. Valuation factors are not utilized if

Edgar Filing: ABERDEEN CHILE FUND, INC. - Form N-CSR

the independent pricing service provider is unable to provide a valuation factor or if the valuation factor falls below a predetermined threshold; in such case, the security is determined to be a Level 1 investment.

Short-term investments are comprised of cash and cash equivalents invested in short-term investment funds which are redeemable daily. The Fund sweeps available cash into the State Street Institutional U.S. Government Money Market Fund; a government money market fund pursuant to Rule 2a-7 under the 1940 Act, which has an objective to maintain a \$1.00 per share net asset value (NAV), and which objective is not guaranteed. Registered investment companies are valued at their net asset value as reported by such company. Generally, these investment types are categorized as Level 1 investments.

In the event that a security's market quotations are not readily available or are deemed unreliable (for reasons other than because the foreign exchange on which it trades closes before the Valuation Time), the security is valued at fair value as determined by the Fund's Pricing Committee, taking into account the relevant factors and surrounding circumstances using valuation policies and procedures approved and established by the Board. A security that has been fair valued by the Fund's Pricing Committee may be classified as Level 2 or Level 3 depending on the nature of the inputs.

In accordance with the authoritative guidance on fair value measurements and disclosures under GAAP, the Fund discloses the fair value of its investments using a three-level hierarchy that classifies the inputs to valuation techniques used to measure the fair value. The hierarchy assigns Level 1 measurements to valuations based upon unadjusted quoted prices in active markets for identical assets, Level 2 measurements to valuations based upon other significant observable inputs, including adjusted quoted prices in active markets for similar assets, and Level 3 measurements to valuations based upon unobservable inputs that are significant to the valuation. Observable

12 Aberdeen Chile Fund, Inc.

Notes to Financial Statements (continued)

December 31, 2016

inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability, which are based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is

significant to the fair value measurement. The three-level hierarchy of inputs is summarized below:

Level 1 quoted prices in active markets for identical investments;

Level 2 other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, and credit risk); or

Level 3 significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments).

Edgar Filing: ABERDEEN CHILE FUND, INC. - Form N-CSR

The following is a summary of the inputs used as of December 31, 2016 in valuing the Fund's investments and other financial instruments at fair value. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. Please refer to the Portfolio of Investments for a detailed breakout of the security types:

Investments, at Value	Level 1	Level 2	Level 3	Total
Long-Term Investments				
Beverages	\$5,954,963	\$6,971,541	\$	\$12,926,504
Other	53,994,845			53,994,845
Short-Term Investment	276,231			276,231
Total	\$60,226,039	\$6,971,541	\$	\$67,197,580

Amounts listed as are \$0 or round to \$0.

For movements between the Levels within the fair value hierarchy, the Fund has adopted a policy of recognizing transfers at the end of each period. The utilization of valuation factors may result in transfers between Level 1 and Level 2. During the period ended December 31, 2016, a security issued by Embotelladora Andina SA in the amount of \$3,981,895 transferred from Level 1 to Level 2 because the security was fair valued by the Fund's Pricing Committee on December 31, 2016 but not on December 31, 2015. For the period ended December 31, 2016, there were no significant changes to the fair valuation methodologies.

b. Foreign Currency Translation:

Foreign securities, currencies, and other assets and liabilities denominated in foreign currencies are translated into U.S. Dollars at the exchange rate of said currencies against the U.S. Dollar, as of the Valuation Time, as provided by an independent pricing service approved by the Board.

Foreign currency amounts are translated into U.S. Dollars on the following basis:

- (i) market value of investment securities, other assets and liabilities at the current daily rates of exchange; and
- (ii) purchases and sales of investment securities, income and expenses at the rate of exchange prevailing on the respective dates of such transactions.

The Fund does not isolate that portion of gains and losses on investments in equity securities which is due to changes in the foreign exchange rates from that which is due to changes in market prices of equity securities. Accordingly, realized and unrealized foreign currency gains and losses with respect to such securities are included in the

reported net realized and unrealized gains and losses on investment transactions balances.

The Fund reports certain foreign currency related transactions and foreign taxes withheld on security transactions as components of realized gains for financial reporting purposes, whereas such foreign currency related transactions are treated as ordinary income for U.S. federal income tax purposes.

Net unrealized currency gains or losses from valuing foreign currency denominated assets and liabilities at period end exchange rates are reflected as a component of net unrealized appreciation/depreciation in value of investments, and translation of other assets and liabilities denominated in foreign currencies.

Net realized foreign exchange gains or losses represent foreign exchange gains and losses from transactions in foreign currencies and forward foreign currency contracts, exchange gains or losses realized between the trade date and settlement date on security transactions, and the difference between the amounts of interest and dividends recorded on the Fund's books and the U.S. Dollar equivalent of the amounts actually received.

Notes to Financial Statements (continued)

December 31, 2016

Foreign security and currency transactions may involve certain considerations and risks not typically associated with those of domestic origin, including unanticipated movements in the value of the foreign currency relative to the U.S. Dollar. Generally, when the U.S. Dollar rises in value against foreign currency, the Fund's investments denominated in that foreign currency will lose value because the foreign currency is worth fewer U.S. Dollars; the opposite effect occurs if the U.S. Dollar falls in relative value.

c. Rights Issues and Warrants:

Rights issues give the right, normally to existing shareholders, to buy a proportional number of additional securities at a given price (generally at a discount) within a fixed period (generally a short term period) and are offered at the company's discretion. Warrants are securities that give the holder the right to buy common stock at a specified price for a specified period of time. Rights issues and warrants are speculative and have no value if they are not exercised before the expiration date. Rights issues and warrants are valued at the last sale price on the exchange on which they are traded.

d. Security Transactions, Investment Income and Expenses:

Security transactions are recorded on the trade date. Realized and unrealized gains/(losses) from security and currency transactions are calculated on the identified cost basis. Dividend income is recorded on the ex-dividend date except for certain dividends on foreign securities, which are recorded as soon as the Fund is informed after the ex-dividend date. Interest income and expenses are recorded on an accrual basis.

e. Distributions:

The Fund records dividends and distributions payable to its shareholders on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with federal income tax regulations, which may differ from GAAP. These book basis/tax basis (book/tax) differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the capital accounts based on their federal tax basis treatment; temporary differences do not require reclassification. Dividends and distributions which exceed net investment income and net realized capital gains for tax purposes are reported as return of capital.

As announced September 9, 2016, the Board concluded that it was in the best interest of shareholders to suspend the Fund's managed distribution policy which paid distributions from net investment income supplemented by net realized foreign exchange gains, net realized short-term capital gains and return of capital distributions, if necessary,

on a quarterly basis. The Fund will continue to make distributions of net investment income and net realized capital gains as required to maintain its regulated investment company qualification under the Internal Revenue Code of 1986, as amended, and to avoid imposition of the excise tax.

f. Federal Income Taxes:

The Fund intends to continue to qualify as a regulated investment company by complying with the provisions available to certain investment companies, as defined in Subchapter M of the Internal Revenue Code of 1986, as amended, and to make distributions of net investment income and net realized capital gains sufficient to relieve the Fund from all federal income taxes. Therefore, no federal income tax provision is required.

The Fund recognizes the tax benefits of uncertain tax positions only where the position is more likely than not to be sustained assuming examination by tax authorities. Management of the Fund has concluded that there are no significant uncertain tax positions that would require recognition in the financial statements. Since tax authorities can examine previously filed tax returns, the Fund's U.S. federal and state tax returns for each of the four fiscal years up to the most recent fiscal year ended December 31 are subject to such review.

g. Foreign Withholding Tax:

Income received by the Fund from sources within Chile and other foreign countries may be subject to withholding and other taxes imposed by Chile and such other countries. The Fund incurs foreign Chilean taxes on income as well as realized gains generated from Chilean securities where there is no Chilean market presence. In order to have market presence, a Chilean security must have either: (i) transactions greater than or equal to 1,000 Chilean UF (Unidad de Fomentos, a unit of account used in Chile) in 25% or more of the last 180 days; or (ii) a market maker acting in accordance with General Regulation No. 327 of the Superintendencia de Valores y Seguros, the primary Chilean securities and insurance supervisor. For the fiscal year ended December 31, 2016, the Fund incurred \$346,032 of such expense. The Fund also accrues foreign Chilean taxes on securities with little to no Chilean market presence in an amount equal to what the Fund would owe if the securities were sold and the proceeds repatriated on the valuation date as a liability and reduction of unrealized gains. For the fiscal year ended December 31, 2016, the Fund accrued \$90,208 of such expense.

h. Repurchase Agreements:

The Fund may enter into a repurchase agreement under the terms of a Master Repurchase Agreement. It is the Fund's policy that its

14 Aberdeen Chile Fund, Inc.

Notes to Financial Statements (continued)

December 31, 2016

custodian/counterparty segregates the underlying collateral securities, the value of which exceeds the principal amount of the repurchase transaction, including accrued interest. The repurchase price generally equals the price paid by the Fund plus interest negotiated on the basis of current short-term rates. To the extent that any repurchase transaction exceeds one business day, the collateral is valued on a daily basis to determine its adequacy. Under the Master Repurchase Agreement, if the counterparty defaults and the value of the collateral declines, or if bankruptcy proceedings are commenced with respect to the counterparty of the security, realization of the collateral by the Fund may be delayed or limited. Repurchase agreements are subject to contractual netting arrangements with the Fund's repurchase agreement counterparty, Fixed Income Clearing Corp. To the extent a Fund enters into repurchase agreements, additional information on individual repurchase agreements is included in the Statement of Investments.

3. Agreements and Transactions with Affiliates

a. Investment Adviser:

Aberdeen Asset Managers Limited (AAML or the Adviser) serves as the Fund's investment adviser with respect to all investments. AAML is a direct wholly-owned subsidiary of Aberdeen Asset Management PLC. AAML receives, as compensation for its advisory services from the Fund, an annual fee, calculated weekly and paid quarterly, equal to 1.20% of the first \$50 million of the Fund's average weekly market value or net assets (whichever is lower), 1.15% of amounts from \$50-100 million, 1.10% of amounts from \$100-150 million, 1.05% of amounts from \$150-200 million and 1.00% of amounts over \$200 million. AAML has also agreed to contractually waive 0.21% of its annual advisory fee in an advisory fee waiver agreement (Waiver Agreement). The Waiver Agreement may not be terminated prior to the end of the current term of the advisory agreement without the prior approval of the Fund's Board of Directors, including a majority of the Directors of the Fund who are not interested persons, as such term is defined in the 1940 Act (the Independent Directors). For the fiscal year ended December 31, 2016, AAML earned \$680,193 for advisory services, of which AAML waived \$119,649.

b. Fund Administration:

Aberdeen Asset Management Inc. (AAMI), an affiliate of the Adviser, is the Fund's Administrator, pursuant to an agreement under which AAMI receives a fee paid by the Fund, at an annual fee rate of 0.08% of the Fund's average monthly net assets. For the fiscal year ended December 31, 2016, AAMI earned \$24,246 from the Fund for administration services. (This fee is the net amount paid to AAMI adjusted for the portion paid to BTG as described below).

BTG Pactual Chile S.A. Administradora de Fondos de Inversion de Capital Extranjero (formerly, Celfin Capital S.A. Administradora de Fondos de Capital Extranjero) (BTG Pactual Chile) serves as the Fund's Chilean administrator. For its services, BTG Pactual Chile is paid a fee out of the administration fee payable to AAMI, calculated weekly and paid quarterly at an annual rate of 0.05% of the Fund's average weekly market value or net assets (whichever is lower). In addition, BTG Pactual Chile receives a supplemental administration fee, annual reimbursement of out of pocket expenses and an accounting fee from the Fund. For the fiscal year ended December 31, 2016, the administration fees, supplemental administration fees and accounting fees earned by BTG Pactual Chile amounted to \$28,488, \$98,508 and \$8,078 respectively.

c. Investor Relations:

Edgar Filing: ABERDEEN CHILE FUND, INC. - Form N-CSR

Under the terms of the Investor Relations Services Agreement, AAMI provides and/or engages third parties to provide investor relations services to the Fund and certain other funds advised by AAML or its affiliates as part of an investor Relations Program. Under the Investor Relations Services Agreement, the Fund owes a portion of the fees related to the Investor Relations Program (the Fund's Portion). However, investor relations services fees are limited by AAMI so that the Fund will only pay up to an annual rate of 0.05% of the Fund's average weekly net assets. Any difference between the capped rate of 0.05% of the Fund's average weekly net assets and the Fund's Portion is paid for by AAMI.

Pursuant to the terms of the Investor Relations Services Agreement, AAMI, among other things, provides objective and timely information to shareholders based on publicly-available information; provides information efficiently through the use of technology while offering shareholders immediate access to knowledgeable investor relations representatives; develops and maintains effective communications with investment professionals from a wide variety of firms; creates and maintains investor relations communication materials such as fund manager interviews, films and webcasts, published white papers, magazine articles and other relevant materials discussing the Fund's investment results, portfolio positioning and outlook; develops and maintains effective communications with large institutional shareholders; responds to specific shareholder questions; and reports activities and results to the Board and management detailing insight into general shareholder sentiment.

During the fiscal year ended December 31, 2016, the Fund incurred investor relations fees of approximately \$61,472, of which AAMI waived \$28,514 for investor relations services. Investor relations fees and

Notes to Financial Statements (continued)

December 31, 2016

expenses in the Statement of Operations include certain out-of-pocket expenses.

d. Directors Purchase Plan:

Fifty percent (50%) of the annual retainer of the Independent Directors is invested in Fund shares and, at the option of each Independent Director, up to 100% of the annual retainer can be invested in shares of the Fund. During the fiscal year ended December 31, 2016, 6,671 shares were purchased pursuant to the Directors' compensation plan. As of December 31, 2016, the Directors as a group owned less than 1% of the Fund's outstanding shares.

4. Investment Transactions

Purchases and sales of investment securities (excluding short-term securities) for the fiscal year ended December 31, 2016, were \$4,361,973 and \$9,546,575, respectively.

5. Capital

The authorized capital of the Fund is 100 million shares of \$0.001 par value common stock. As of December 31, 2016, there were 9,357,690 shares of common stock issued and outstanding.

6. Open Market Repurchase Program

The Board has authorized, but does not require, Fund management to make open market purchases from time to time in an amount up to 10% of the Fund's outstanding shares, in accordance with Rule 10b-18 under the Securities Exchange Act of 1934, as amended, and other applicable federal securities laws. Such purchases may be made when, in the reasonable judgment of Fund management, such repurchases may enhance shareholder value. The Fund reports repurchase activity on the Fund's website on a monthly basis. For the fiscal year ended December 31, 2016 the Fund repurchased 28,807 shares and for the fiscal year ended December 31, 2015, the Fund did not repurchase shares through this program.

7. Portfolio Investment Risks

a. Risks Associated with Foreign Securities and Currencies:

Investments in securities of foreign issuers carry certain risks not ordinarily associated with investments in securities of U.S. issuers. These risks include future political and economic developments, and the possible imposition of exchange controls or other foreign governmental laws and restrictions. In addition, with respect to certain countries, there is the possibility of expropriation of

Edgar Filing: ABERDEEN CHILE FUND, INC. - Form N-CSR

assets, confiscatory taxation, and political or social instability or diplomatic developments, which could adversely affect investments in those countries.

Certain countries also may impose substantial restrictions on investments in their capital markets by foreign entities, including

restrictions on investments in issuers of industries deemed sensitive to relevant national interests. These factors may limit the investment opportunities available and result in a lack of liquidity and high price volatility with respect to securities of issuers from developing countries.

The value of foreign currencies relative to the U.S. Dollar fluctuates in response to market, economic, political, regulatory, geopolitical or other conditions. A decline in the value of a foreign currency versus the U.S. Dollar reduces the value in U.S. Dollars of investments denominated in that foreign currency. This risk may impact the Fund more greatly to the extent the Fund does not hedge its currency risk, or hedging techniques used by the Adviser are unsuccessful.

b. Risks Associated with Chilean Markets:

Investments in Chile may involve certain considerations and risks not typically associated with investments in the United States, including the possibility of future political and economic developments and the level of Chilean governmental supervision and regulation of its securities markets.

The Chilean securities markets are substantially smaller, less liquid and more volatile than the major securities markets in the United States. Consequently, acquisition and disposition of securities by the Fund may be inhibited. A significant proportion of the aggregate market value of equity securities listed on the Santiago Exchange are held by a small number of investors and are not publicly traded. This may limit the number of shares available for acquisition or disposition by the Fund.

c. Sector Risk:

To the extent that the Fund has a significant portion of its assets invested in securities of companies conducting business in a broadly related group of industries within an economic sector, the Fund may be more vulnerable to unfavorable developments in that economic sector than funds that invest more broadly.

In particular, being invested heavily in the financial sector may make the Fund vulnerable to risks and pressures facing companies in that sector, such as regulatory, consolidation, interest rate changes and general economic conditions.

d. Consumer Staples Sector Risk:

Edgar Filing: ABERDEEN CHILE FUND, INC. - Form N-CSR

To the extent the consumer staples sector represents a significant portion of the Fund, the Fund will be sensitive to changes in, and its performance may depend to a greater extent on, factors impacting this sector. The consumer staples sector may be affected by the regulation of various product components and production methods, marketing campaigns and other factors affecting consumer demand. Tobacco companies, in particular, may be adversely affected by new laws, regulations and litigation. The consumer staples sector may also be

16 Aberdeen Chile Fund, Inc.

Notes to Financial Statements (concluded)

December 31, 2016

adversely affected by changes or trends in commodity prices, which may be influenced by unpredictable factors.

8. Contingencies

In the normal course of business, the Fund may provide general indemnifications pursuant to certain contracts and organizational documents. The Fund's maximum exposure under these arrangements is dependent on future claims that may be made against the Fund, and therefore, cannot be estimated; however, based on experience, the risk of loss from such claims is considered remote.

9. Tax Information

The U.S. federal income tax basis of the Fund's investments and the net unrealized appreciation as of December 31, 2016 were as follows:

Tax Basis of Investments	Appreciation	Depreciation	Net Unrealized Appreciation
\$57,116,094	\$15,065,834	\$(4,984,348)	\$10,081,486

Edgar Filing: ABERDEEN CHILE FUND, INC. - Form N-CSR

Income and capital gains distributions are determined in accordance with federal income tax regulations, which may differ from GAAP. The tax character of distributions paid during the fiscal years ended December 31, 2016 and December 31, 2015 was as follows:

	December 31, 2016	December 31, 2015
Distributions paid from:		
Ordinary Income	\$437,726	\$332,136
Net long-term capital gains	2,931,727	1,542,494
Tax return of capital	572,876	4,508,188
Total tax character of distributions	\$ 3,942,329	\$ 6,382,818

As of December 31, 2016, the components of accumulated earnings on a tax basis were as follows:

Undistributed ordinary income net	\$
Undistributed long-term capital gains net	
Total undistributed earnings	\$
Qualified late-year loss deferrals	(14,631)*
Unrealized appreciation/(depreciation)	9,993,955**
Total accumulated earnings/(losses) net	\$9,979,324

* For the year ended December 31, 2016, the Fund deferred qualified late year losses of \$(14,631). Under federal tax law, qualified late year losses realized from investment income transactions after October 31 may be deferred and treated as occurring in the following year.

** The tax basis of components of distributable earnings differs from the amounts reflected in the Statement of Assets and Liabilities by temporary book/tax differences. These differences are primarily timing differences due to wash sales.

Edgar Filing: ABERDEEN CHILE FUND, INC. - Form N-CSR

GAAP requires that certain components of net assets be adjusted to reflect permanent differences between financial and tax reporting. Accordingly, the table below details the necessary reclassifications, which are a result of permanent differences primarily attributable to return of capital distributions, foreign currency gains and losses and distribution redesignations. These reclassifications have no effect on net assets or net asset values per share.

Distributions in Excess of Net Investment Income	Accumulated Net Realized Loss from Investments and Foreign Currency Transactions	Paid in Capital in Excess of Par
\$1,397,606	\$10,369	\$(1,407,975)

10. Subsequent Events

Management has evaluated the need for disclosures and/or adjustments resulting from subsequent events through the date the financial statements were issued. Based on this evaluation, no disclosures and/or adjustments were required to the financial statements as of December 31, 2016, other than the subsequent event listed below.

The Fund's Board voted to amend Article 2.6 of the Fund's Amended and Restated By-laws effective January 15, 2017. Article 2.6, as amended, provides the chairman of a shareholder meeting the authority to adjourn an inquorate meeting, which is an authority previously held only by the stockholders entitled to vote at the meeting who are present in person or represented by proxy.

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of
the Aberdeen Chile Fund, Inc.

In our opinion, the accompanying statement of assets and liabilities, including the portfolio of investments in securities, and the related statements of operations and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of the Aberdeen Chile Fund, Inc. (the Fund) as of December 31, 2016, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as financial statements) are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities as of December 31, 2016 by correspondence with the custodian, provide a reasonable basis for our opinion.

Federal Tax Information: Dividends and Distributions (unaudited)

The following information is provided with respect to the distributions paid by the Fund during the fiscal year ended December 31, 2016:

Payable Date	Total Cash Distribution	Long-Term Capital Gain	Tax Return of Capital	Net Ordinary Dividend	Foreign Taxes Paid(1)	Gross Ordinary Dividend	Qualified Dividends(2)	Foreign Source Income
1/12/16	0.150000	0.047832	0.055535	0.046633	0.000611	0.047244	0.013441	0.046633
3/28/16	0.140000	0.088168	0.051832					
6/30/16	0.140000	0.088168	0.051832					
9/28/16	0.140000	0.088168	0.051832					

- (1) The foreign taxes paid represent taxes incurred by the Fund on interest received from foreign sources. Foreign taxes paid may be included in taxable income with an offsetting deduction from gross income or may be taken as a credit for taxes paid to foreign governments. You should consult your tax advisor regarding the appropriate treatment of foreign taxes paid.
- (2) The Fund hereby designates the amount indicated above or the maximum amount of qualified dividends allowable by law.

Supplemental Information (unaudited)

Board Approval of Investment Advisory Agreement

The Investment Company Act of 1940 (the 1940 Act) and the terms of the investment advisory agreement (the Advisory Agreement) between the Aberdeen Chile Fund, Inc. (the Fund) and Aberdeen Asset Managers Limited (the Adviser) require that the Advisory Agreement be approved annually at an in-person meeting by the Board of Directors (the Board), including a majority of the Directors who have no direct or indirect interest in the Advisory Agreement and are not interested persons of the Fund, as defined in the 1940 Act (the Independent Directors).

At its in-person meeting on December 13, 2016, the Board voted unanimously to renew the Advisory Agreement between the Fund and the Adviser. In considering whether to approve the renewal of the Fund's Advisory Agreement, the Board members received and considered a variety of information provided by the Adviser relating to the Fund, the Advisory Agreement and the Adviser, including comparative performance, fee and expense information of a peer group of funds selected by Strategic Insight Mutual Fund Research and Consulting, LLC (SI), an independent third-party provider of investment company data, performance information for relevant benchmark indices and other information regarding the nature, extent and quality of services provided by the Adviser under the Advisory Agreement. The Board's materials also included: (i) information on the investment performance of the Fund and the performance of a peer group of funds and the Fund's performance benchmark; (ii) information on the Fund's advisory fees and other expenses, including information

comparing the Fund's expenses to those of a peer group of funds and information about any applicable expense limitations and fee breakpoints ; (iii) information about the profitability of the Advisory Agreement to the Adviser; (iv) a report prepared by the Adviser in response to a request submitted by the Independent Directors' independent legal counsel on behalf of such Directors; and (v) a memorandum from the Independent Directors' independent legal counsel on the responsibilities of the Board of Directors in considering approval of the investment advisory arrangement under the 1940 Act and Maryland law.

The Independent Directors were advised by separate independent legal counsel throughout the process. The Independent Directors also consulted in executive sessions with counsel to the Independent Directors regarding consideration of the renewal of the Advisory Agreement. In considering whether to approve the continuation of the Advisory Agreement, the Board, including the Independent Directors, did not identify any single factor as determinative. Individual Directors may have evaluated the information presented differently from one another, giving different weights to various factors. Matters considered by the Board, including the Independent Directors, in connection with its approval of the continuation of the Advisory Agreement included the factors listed below.

The Board also considered other matters such as: (i) the Adviser's financial results and financial condition, (ii) the Fund's investment objective and strategy, (iii) the Adviser's investment personnel and operations, (iv) the procedures employed to determine the value of

Supplemental Information (unaudited) (continued)

the Fund's assets, (v) the allocation of the Fund's brokerage, and the use, if any, of soft commission dollars to pay the Fund's expenses and to pay for research and other similar services, (vi) the resources devoted to, and the record of compliance with, the Fund's investment policies and restrictions, policies on personal securities transactions and other compliance policies, and (vii) possible conflicts of interest. Throughout the process, the Board members were afforded the opportunity to ask questions of and request additional information from management.

In addition to the materials requested by the Board in connection with its consideration of the renewal of the Advisory Agreement, it was noted that the Board received materials in advance of each regular quarterly meeting that provided information relating to the services provided by the Adviser.

As part of their deliberations, the Board members considered the following:

The nature, extent and quality of the services provided to the Fund under the Advisory Agreement. The Board considered the nature, extent and quality of the services provided by the Adviser to the Fund and the resources dedicated to the Fund by the Adviser and its affiliates. The Board reviewed, among other things, the Adviser's investment experience. The Board received information regarding the Adviser's compliance with applicable laws and SEC and other regulatory inquiries or audits of the Fund and the Adviser. The Board also considered the background and experience of the Adviser's senior management personnel and the qualifications, background and responsibilities of the portfolio managers primarily responsible for the day-to-day portfolio management services for the Fund. In addition, the Board considered the financial condition of the Adviser and the Adviser's ability to provide a high level and quality of service to the Fund. The Board also considered information received from the Fund's Chief Compliance Officer regarding the Adviser's compliance policies and procedures. The Board also took into account the Adviser's risk management processes. The Board considered the Adviser's brokerage policies and practices. Management reported to the Board on, among other things, its business activities and organizational changes. The Directors also took into account their knowledge of management and the quality of the performance of management's duties through Board meetings, discussion and reports during the preceding year.

Investment performance of the Fund and the Adviser. The Board received and reviewed with management, among other performance data, information compiled by SI as to the Fund's total return, as compared to the funds in the Fund's Morningstar category (the Morningstar Group).

The Board received and considered: information for the Fund's total return on a gross and net basis and relative to the Fund's benchmark; the Fund's share performance and premium/discount information; and the impact of foreign currency movements on the Fund's performance. The Board also received and reviewed information as to the Fund's total return against its Morningstar Group average and other comparable Aberdeen-managed funds and segregated accounts. The Board considered management's discussion of the factors contributing to differences in performance, including differences in the investment strategies of each of these other funds and accounts. The Board also reviewed information as to the Fund's discount/premium ranking relative to its Morningstar Group. The Board took into account management's discussion of the Fund's performance.

The costs of the services provided and profits realized by the Adviser and its affiliates from their relationships with the Fund. The Board reviewed with management the effective annual management fee rate paid by the Fund to the Adviser for investment management services. Additionally, the Board received and considered information compiled at the request of the Fund by SI, comparing the Fund's effective annual management fee rate with the fees paid by a peer group consisting of other comparable closed-end funds (the Peer Group). The Board also took into account the management fee structure, including that management fees for the Fund were based on the Fund's total managed assets. Management noted that due to the unique strategy and structure of the Fund, Aberdeen currently does not have any closed-end funds that are directly comparable to the Fund. Management provided to the Board the annual fee schedules, payable monthly, for each US closed-end, country-specific equity fund managed by AAML. Although there were no other substantially similar Aberdeen-advised US vehicles against which to compare advisory fees, the Adviser provided information for other Aberdeen products with similar investment strategies to those of

Edgar Filing: ABERDEEN CHILE FUND, INC. - Form N-CSR

the Fund where available. In evaluating the Fund's advisory fees, the Board took into account the demands, complexity and quality of the investment management of the Fund.

In addition to the foregoing, the Board considered the Fund's fees and expenses as compared to its Peer Group, consisting of closed-end funds in the Fund's Morningstar expense category as compiled by SI.

Economies of Scale. The Board took into account management's discussion of the Fund's management fee structure. The Board determined that the management fee structure for the Fund was reasonable and reflected economies of scale being shared between each of the Fund and the Adviser and that an increase in the size of the Fund's portfolio would add to these economies of scale. This determination was based on various factors, including that the Fund's

20 Aberdeen Chile Fund, Inc.

Supplemental Information (unaudited) (concluded)

management fee schedule provides breakpoints at higher asset levels to adjust for anticipated economies in the event of asset increase, and how the Fund's management fees compare relative to its Peer Group at higher asset levels.

The Board also considered other factors, which included but were not limited to the following:

- the effect of any market and economic volatility on the performance, asset levels and expense ratios of the Fund.
- whether the Fund has operated in accordance with its investment objective, the Fund's record of compliance with its investment restrictions, and the compliance programs of the Adviser.
- the nature, quality, cost and extent of administrative services performed by Aberdeen Asset Management Inc. (AAMI), an affiliate of the Adviser, under a separate agreement covering administrative services.
- so-called "fallout benefits" to the Adviser or AAMI, such as the benefits of research made available to AAMI by reason of brokerage commissions generated by the Fund's securities transactions or reputational and other indirect benefits. The Board considered any possible conflicts of interest associated with these fallout and other benefits, and the reporting, disclosure and other processes in place to disclose and monitor such possible conflicts of interest.

* * *

Based on their evaluation of all factors that they deemed to be material, including those factors described above, and assisted by the advice of independent counsel, the Directors, including the Independent Directors, concluded that renewal of the Advisory Agreement would be in the best interest of the Fund and its shareholders. Accordingly, the Board, and the Board's Independent Directors voting separately, approved the Fund's Advisory Agreement for an additional one-year period.

Management of the Fund (unaudited)

The names of the Directors and Officers of the Fund, their addresses, years of birth, and principal occupations during the past five years are provided in the tables below. Directors that are deemed interested persons (as that term is defined in Section 2(a)(19) of the Investment Company Act of 1940, as amended) of the Fund or the Fund's investment adviser are included in the table below under the heading Interested Directors. Directors who are not interested persons, as described above, are referred to in the table below under the heading Independent Directors.

Aberdeen Asset Managers Limited

Notice is hereby given in accordance with Section 23(c) of the Investment Company Act of 1940, as amended, that the Fund may purchase, from time to time, shares of its common stock in the open market.

Shares of Aberdeen Chile Fund, Inc. are traded on the NYSE MKT Exchange under the symbol CH . Information about the Fund's net asset value and market price is available at www.aberdeench.com.

Edgar Filing: ABERDEEN CHILE FUND, INC. - Form N-CSR

This report, including the financial information herein, is transmitted to the shareholders of Aberdeen Chile Fund, Inc. for their general information only. It does not have regard to the specific investment objectives, financial situation and the particular needs of any specific person. Past performance is no guarantee of future returns.

Edgar Filing: ABERDEEN CHILE FUND, INC. - Form N-CSR

Closed-end funds are traded on the secondary market through one of the stock exchanges. The Fund's investment return and principal value will fluctuate so that an investor's shares may be worth more or less than the original cost. Shares of closed-end funds may trade above (a premium) or below (a discount) the net asset value (NAV) of the fund's portfolio. There is no assurance that the Fund will achieve its investment objective. Past performance does not guarantee future results. Foreign securities are more volatile, harder to price and less liquid than U.S. securities. They are subject to different accounting and regulatory standards, and political and economic risks. These risks may be enhanced in emerging market countries. Concentrating investments in the Asia-Pacific region subjects the fund to more volatility and greater risk of loss than geographically diverse funds.

Aberdeen Asset Management (AAM) is the marketing name in the U.S. for the following affiliated, registered investment advisers: Aberdeen Asset Management Inc., Aberdeen Asset Managers Ltd, Aberdeen Asset Management Ltd and Aberdeen Asset Management Asia Ltd, each of which is wholly owned by Aberdeen Asset Management PLC. Aberdeen is a U.S. registered service trademark of Aberdeen Asset Management PLC.

Item 2 - Code of Ethics.

As of December 31, 2016, the Registrant had adopted a Code of Ethics that applies to the Registrant's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions regardless of whether these individuals are employed by the Registrant or a third party (the Code of Ethics). During the period covered by this report, there were no material changes to the Code of Ethics. During the period covered by this report, there were no waivers to the provisions of the Code of Ethics. A copy of the Code of Ethics has been filed as an exhibit to this Form N-CSR.

Item 3 - Audit Committee Financial Expert.

The Registrant's Board of Directors has determined that Enrique R. Arzac and Steven N. Rappaport, both members of the Registrant's Audit and Valuation Committee, possess the attributes, and have acquired such attributes through means, identified in instruction 2 of Item 3 to Form N-CSR to each qualify as an audit committee financial expert, and has designated Mr. Arzac and Mr. Rappaport as the Audit and Valuation Committee's financial experts. Each of Mr. Arzac and Mr. Rappaport is considered to be an independent Director, as such term is defined in paragraph (a)(2) of Item 3 to Form N-CSR.

Item 4 - Principal Accountant Fees and Services.

(a) through (d). Below is a table reflecting the fee information requested in Items 4(a) through (d):

Fiscal Year Ended	(a) Audit Fees	(b) Audit Related Fees	(c)1 Tax Fees	(d) All Other Fees
December 31, 2016	\$43,500	\$0	\$7,637	\$0
December 31, 2015	\$43,000	\$0	\$7,415	\$0

(1) Services include tax services in connection with the Registrant's excise tax calculations and review of the Registrant's applicable tax returns.

(e) Below are the Registrant's Pre-Approval Policies and Procedures

(1) The Registrant's Audit and Valuation Committee (the Committee) has adopted a Charter that provides that the Committee shall annually select, retain or terminate the Fund's independent auditor and, in connection therewith, to evaluate the terms of the engagement (including compensation of the independent auditor) and the qualifications and

independence of the independent auditor, including whether the independent auditor provides any consulting, auditing or tax services to the Registrant's investment adviser or any sub-adviser, and to receive the independent auditor's specific representations as to their independence, delineating all relationships between the independent auditor and the Registrant, consistent with the PCAOB Rule 3526 or any other applicable auditing standard. PCAOB Rule 3526 requires that, at least annually, the auditor: (1) disclose to the Committee in writing all relationships between the auditor and its related entities and the Fund and its related entities that in the auditor's professional judgment may reasonably be thought to bear on independence; (2) confirm in the letter that, in its professional judgment, it is independent of the Fund within the meaning of the Securities Acts administered by the SEC; and (3) discuss the auditor's independence with the audit committee. The Committee is responsible for actively engaging in a dialogue with the independent auditor with respect to any disclosed

relationships or services that may impact the objectivity and independence of the independent auditor and for taking, or recommending that the full Board take, appropriate action to oversee the independence of the independent auditor. The Committee Charter also provides that the Committee shall review in advance, and consider approval of, any and all proposals by Management or the Registrant's investment adviser that the Registrant, the investment adviser or their affiliated persons, employ the independent auditor to render permissible non-audit services to the Registrant and to consider whether such services are consistent with the independent auditor's independence. The Committee may delegate to one or more of its members (Delegates) authority to pre-approve permissible non-audit services to be provided to the Fund. Any pre-approval determination of a Delegate shall be presented to the full Committee at its next meeting. The Committee shall communicate any pre-approval made by it or a Delegate to the Adviser, who will ensure that the appropriate disclosure is made in the Fund's periodic reports required by Section 30 of the Investment Company Act of 1940, as amended, and other documents as required under the federal securities laws.

(2) None of the services described in each of paragraphs (b) through (d) of this Item involved a waiver of the pre-approval requirement by the Audit and Valuation Committee pursuant to Rule 2-01 (c)(7)(i)(C) of Regulation S-X.

(f) Not Applicable.

(g) Non-Audit Fees

The aggregate fees billed by PricewaterhouseCoopers (PwC) for non-audit services rendered to the Registrant and its investment adviser, Aberdeen Asset Managers Limited, and any entity controlling, controlled by, or under common control with the Investment Adviser that provided ongoing services to the Registrant (Covered Service Providers) for the fiscal year ended December 31, 2016 was \$37,137. The aggregate fees billed by PwC for non-audit services rendered to the Registrant, the Investment Adviser and any Covered Service Providers for the fiscal year ended December 31, 2015 was \$8,915.

(h) The Registrant's Audit and Valuation Committee of the Board of Directors has considered whether the provision of non-audit services that were rendered to the Registrant's investment adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the Registrant that were not pre-approved pursuant to paragraph (c)(7)(ii) of Rule 2-01 of Regulation S-X is compatible with maintaining the principal accountant's independence and has concluded that it is.

Item 5 Audit Committee of Listed Registrants.

(a) The Registrant has a separately-designated standing Audit and Valuation Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (15 U.S.C. 78c(a)(58)(A)).

Edgar Filing: ABERDEEN CHILE FUND, INC. - Form N-CSR

For the fiscal year ended December 31, 2016, the Audit and Valuation Committee members were:

Enrique R. Arzac

James J. Cattano

Steven N. Rappaport

(b) Not applicable.

Item 6 - Schedule of Investments.

(a) Included as part of the Report to Shareholders filed under Item 1 of this Form N-CSR.

(b) Not applicable.

Item 7 - Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies.

Pursuant to the Registrant's Proxy Voting Policy and Procedures, the Registrant has delegated responsibility for its proxy voting to its Investment Adviser, provided that the Registrant's Board of Directors has the opportunity to periodically review the Investment Adviser's proxy voting policies and material amendments thereto.

The proxy voting policies of the Registrant are included herewith as Exhibit (d) and policies of the Investment Adviser are included as Exhibit (e).

Item 8 - Portfolio Managers of Closed-End Management Investment Companies.

(a)(1) The information in the table below is as of March 9, 2017.

<u>Individual & Position</u>	<u>Services Rendered</u>	<u>Past Business Experience</u>
Devan Kaloo Head of Equities	Responsible for global emerging market equity portfolio management	Currently Head of Equities, responsible for the London and Sao Paulo based Global Emerging Markets Equity team, which manages EMEA and Latin America equities, and has oversight of Global Emerging Markets input from the Asia team based in Singapore, with whom he works closely. He joined Aberdeen in 2000 as part of the Asian equities team in Singapore, before later transferring to London where he took up the position of Head of Global Emerging Markets Equities in 2005. In 2015 he was promoted to Global Head of Equities and joined Aberdeen's Group management board. He started in fund management with Martin Currie in 1994 covering Latin America, before subsequently working with the North American equities, global asset allocation and eventually the Asian equities teams.
Joanne Irvine Head of Emerging Markets ex Asia	Responsible for global emerging market equity portfolio management	Currently Head of Emerging Markets (ex-Asia) on the Global Emerging Markets Equity team in London. She joined Aberdeen in 1996 in a group development role, and moved to the Global Emerging Markets Equity team in 1997. Prior to Aberdeen, Joanne was with Rutherford Manson Dowds (subsequently acquired by Deloitte), specializing in raising private equity and bank funding for private companies. Joanne has a BA in Accounting from Caledonian University and qualified as a Chartered Accountant with Hardie Caldwell LLP in Glasgow,

Edgar Filing: ABERDEEN CHILE FUND, INC. - Form N-CSR

Brunella Ispier Investment Manager	Responsible for global emerging market equity portfolio management	Scotland. Currently Investment Manager on the Global Emerging Markets Equity Team. She joined Aberdeen in 2010 from Bresser Asset Management where she worked as an Equity Research Analyst. She is a CFA® Charterholder.
---------------------------------------	--	--

Edgar Filing: ABERDEEN CHILE FUND, INC. - Form N-CSR

Eduardo Figueiredo Investment Manager	Responsible for global emerging market equity portfolio management	Currently an Investment Manager, on the Global Emerging Markets Equity Team. Prior to joining Aberdeen Asset Management in February 2011, he worked for five years at Maua Sekular Investimentos, a Brazilian hedge fund. After his first 3 years as a trainee on the Operations, Macroeconomic Research and Equities trading areas he became an Equity Analyst Associate. He is a CFA® Charterholder.
Peter Taylor Director Head of Brazilian Equities	Responsible for investment management on the Global Emerging Markets Equity team and Director of Aberdeen's operations in São Paulo, Brazil	Currently Director & Head of Brazilian Equities. He joined Aberdeen's Asian Equities Team in Singapore in 2007 and transferred to London in 2011. Previously, he was with the International Finance Corporation, where he worked on corporate governance and capital markets development for seven years from their Washington DC and Hong Kong offices. He is a CFA Charterholder.

Total assets are as of December 31, 2016 and have been translated to U.S. dollars at a rate of £1.00 = \$1.24.

In accordance with legal requirements in the various jurisdictions in which they operate, and their own Conflicts of Interest policies, all subsidiaries of Aberdeen Asset Management PLC (together Aberdeen), have in place arrangements to identify and manage Conflicts of Interest that may arise between them and their clients or between their different clients. Where Aberdeen does not consider that these arrangements are sufficient to manage a particular conflict, it will inform the relevant client(s) of the nature of the conflict so that the client(s) may decide how to proceed.

The portfolio managers' management of other accounts, including (1) mutual funds; (2) other pooled investment vehicles; and (3) other accounts that may pay advisory fees that are based on account performance (performance-based fees), may give rise to potential conflicts of interest in connection with their management of a Fund's investments, on the one hand, and the investments of the other accounts, on the other. The other accounts may have the same investment objective as a Fund. Therefore, a potential conflict of interest may arise as a result of the identical investment objectives, whereby the portfolio manager could favor one account over another. However, Aberdeen believes that these risks are mitigated by the fact that: (i) accounts with like investment strategies managed by a particular portfolio manager are generally managed in a similar fashion, subject to exceptions to account for particular investment restrictions or policies applicable only to certain accounts, differences in cash flows and account sizes, and similar factors; and (ii) portfolio manager personal trading is monitored to avoid potential conflicts. In addition, Aberdeen has adopted trade allocation procedures that require equitable allocation of trade orders for a particular security among participating accounts.

In some cases, another account managed by the same portfolio manager may compensate Aberdeen based on the performance of the portfolio held by that account. The existence of such performance-based fees may create additional conflicts of interest for the portfolio manager in the allocation of management time, resources and investment opportunities.

Another potential conflict could include instances in which securities considered as investments for a Fund also may be appropriate for other investment accounts managed by Aberdeen or its affiliates. Whenever decisions are made to buy or sell securities by the Fund and one or more of the other accounts simultaneously, Aberdeen may aggregate the purchases and sales of the securities and will allocate the securities transactions in a manner that it believes to be equitable under the circumstances. As a result of the allocations, there may be instances where the Fund will not participate in a transaction that is allocated among other accounts. While these aggregation and allocation policies could have a detrimental effect on the price or amount of the securities available to a Fund from time to time, it is the opinion of Aberdeen that the benefits from the Aberdeen organization outweigh any disadvantage that may arise from exposure to simultaneous transactions. Aberdeen has adopted policies that are designed to eliminate or minimize conflicts of interest, although there is no guarantee that procedures adopted under such policies will detect each and every situation in which a conflict arises.

With respect to non-discretionary model delivery accounts, Aberdeen will deliver model changes subsequent to commencing trading on behalf of our discretionary accounts. Model changes are typically delivered on a security by security basis. The timing of such delivery is determined by Aberdeen and will depend on the anticipated market impact of trading. Market impact includes, but is not limited to, factors such as liquidity and price impact. When minimal market impact is anticipated, we typically deliver security level model changes after such time when approximately two-thirds of our full discretionary order has been executed. Although we anticipate delivering model changes of such securities after approximately two-thirds of the discretionary order has been executed, we may deliver model changes prior to or substantially after two-thirds have been executed depending on prevailing market conditions and trader discretion. With respect to securities for which we anticipate a more significant market impact, we intend to withhold model deliver changes until such time when the entire discretionary order has been fully executed. Anticipated market impact on any given security is determined at the sole discretion of Aberdeen based on prior market experience and current market conditions. Actual market impact may vary significantly from anticipated market impact. Notwithstanding the aforementioned, we may provide order instructions simultaneously or prior to

completion of trading for other accounts if the trade represents a relatively small proportion of the average daily trading volume of the particular security or other instrument.

Aberdeen does not trade for non-discretionary model delivery clients. Because model changes may be delivered to non-discretionary model clients prior to the completion of Aberdeen's discretionary account trading, Aberdeen may compete against these clients in the market when attempting to execute its orders for its discretionary accounts. As a result, our discretionary clients may experience negative price and liquidity impact due to multiple market participants attempting to trade in a similar direction on the same security.

Timing delays or other operational factors associated with the implementation of trades may result in non-discretionary and model delivery clients receiving materially different prices relative to other client accounts. This may create performance dispersions within accounts with the same or similar investment mandate.

Aberdeen does not currently have any model delivery clients in the Fund's strategy but may in the future. Investment decisions for other strategies that have model delivery clients, however, may cause the Fund to compete against such model delivery clients that hold and trade in a same security as the Fund.

(a)(3)

Aberdeen's remuneration policies are designed to support its business strategy as a leading international asset manager. The objective is to attract, retain and reward talented individuals for the delivery of sustained, superior returns for Aberdeen's clients and shareholders. Aberdeen operates in a highly competitive international employment market, and aims to maintain its strong track record of success in developing and retaining talent.

The aggregate value of awards in any year is dependent on the group's overall performance and profitability. Consideration is also given to the levels of bonuses paid in the market. Individual awards, which are payable to all members of staff are determined by a rigorous assessment of achievement against defined objectives.

A long-term incentive plan for key staff and senior employees comprises of a mixture of cash and deferred shares in Aberdeen PLC or select Aberdeen funds (where applicable). Overall compensation packages are designed to be competitive relative to the investment management industry.

Base Salary

Edgar Filing: ABERDEEN CHILE FUND, INC. - Form N-CSR

Aberdeen's policy is to pay a fair salary commensurate with the individual's role, responsibilities and experience, and having regard to the market rates being offered for similar roles in the asset management sector and other comparable companies. Any increase is generally to reflect inflation and is applied in a manner consistent with other Aberdeen employees; any other increases must be justified by reference to promotion or changes in responsibilities.

Annual Bonus

The Remuneration Committee of Aberdeen determines the key performance indicators that will be applied in considering the overall size of the bonus pool. In line with practice amongst other asset management companies, individual bonuses are not subject to an absolute cap. However, the aggregate size of the bonus pool is dependent on the group's overall performance and profitability. Consideration is also given to the levels of bonuses paid in the market. Individual awards are determined by a rigorous assessment of achievement against defined objectives, and are reviewed and approved by the Remuneration Committee.

Aberdeen has a deferral policy which is intended to assist in the retention of talent and to create additional alignment of executives' interests with Aberdeen's sustained performance and, in respect of the deferral into funds, managed by Aberdeen, to align the interest of asset managers with our clients.

Staff performance is reviewed formally at least once a year. The review process evaluates the various aspects that the individual has contributed to Aberdeen, and specifically, in the case of portfolio managers, to the relevant investment team. Discretionary bonuses are based on client service, asset growth and the performance of the respective portfolio

Edgar Filing: ABERDEEN CHILE FUND, INC. - Form N-CSR

manager. Overall participation in team meetings, generation of original research ideas and contribution to presenting the team externally are also evaluated.

In the calculation of a portfolio management team's bonus, Aberdeen takes into consideration investment matters (which include the performance of funds, adherence to the company investment process, and quality of company meetings) as well as more subjective issues such as team participation and effectiveness at client presentations. To the extent performance is factored in, such performance is not judged against any specific benchmark and is evaluated over the period of a year - January to December. The pre- or after-tax performance of an individual account is not considered in the determination of a portfolio manager's discretionary bonus; rather the review process evaluates the overall performance of the team for all of the accounts the team manages.

Portfolio manager performance on investment matters is judged over all of the accounts the portfolio manager contributes to and is documented in the appraisal process. A combination of the team's and individual's performance is considered and evaluated.

Although performance is not a substantial portion of a portfolio manager's compensation, Aberdeen also recognizes that fund performance can often be driven by factors outside one's control, such as (irrational) markets, and as such pays attention to the effort by portfolio managers to ensure integrity of our core process by sticking to disciplines and processes set, regardless of momentum and hot themes. Short-terming is thus discouraged and trading-oriented managers will thus find it difficult to thrive in the Aberdeen environment. Additionally, if any of the aforementioned undue risks were to be taken by a portfolio manager, such trend would be identified via Aberdeen's dynamic compliance monitoring system.

¹ The program was authorized on December 6, 2011. The program authorizes management to make open market purchases from time to time in an amount up to 10% of the Fund's outstanding shares. Such purchases may be made when, in the reasonable judgment of Fund management, such repurchases may enhance shareholder value.

Item 10 - Submission of Matters to a Vote of Security Holders.

During the year ended December 31, 2016, there were no material changes to the procedures by which shareholders may recommend nominees to the Registrant's Board of Directors.

Item 11 - Controls and Procedures.

(a) The Registrant's principal executive and principal financial officers, or persons performing similar functions, have concluded that the Registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940 (the Act) (17 CFR 270.30a-3(c))) are effective, as of a date within 90 days of the filing date of the report that includes the disclosure required by this paragraph, based on the evaluation of these controls and procedures required by Rule 30a-3(b) under the Act (17 CFR 270.30a3(b)) and Rule 13a-15(b) or 15d-15(b) under the Securities Exchange Act of 1934, as amended (17 CFR 240.13a-15(b) or 240.15d15(b)).

(b) There were no changes in the Registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the Act (17 CFR 270.30a-3(d))) that occurred during the Registrant's last fiscal half-year that has materially affected, or is reasonably likely to materially affect, the Registrant's internal control over financial reporting.

Item 12 - Exhibits.

- (a)(1) Code of Ethics of the Registrant as required pursuant to Item 2 of this Form N-CSR.
 - (a)(2) The certifications of the registrant as required by Rule 30a-2(a) under the Act are exhibits to this report.
 - (a)(3) Not applicable.
 - (b) The certifications of the registrant as required by Rule 30a-2(b) under the Act are an exhibit to this report.
 - (c) A copy of the Registrant's notice to stockholders, which accompanied distributions paid, pursuant to the Registrant's Managed Distribution Policy since the Registrant's last filed N-CSR, is filed herewith as Exhibit (c) as required by the terms of the Registrant's SEC exemptive order.
 - (d) Proxy Voting Policy of Registrant.
 - (e) Proxy Voting Policies and Procedures of Investment Adviser.
