**Item 8.01. Other Events.**

On February 2, 2018, Atlantic Power Corporation (the Company) closed the sale of an additional Cdn\$15 million aggregate principal amount of its 6.00% Series E convertible unsecured subordinated debentures due 2025 (the Debentures), representing the full exercise of the underwriters over-allotment option and bringing the total aggregate principal amount of Debentures outstanding to Cdn\$115 million. The terms of the Debentures and the over-allotment option were described in a Current Report on Form 8-K filed by the Company on January 29, 2018.

The Company received net proceeds from the Debentures offering, after deducting the underwriting fee and expenses related to the Debentures offering, of approximately Cdn\$109.1 million. The Company previously announced it intended to use the net proceeds from the Debentures offering to fund the redemption of all of its 5.75% Series C convertible unsecured subordinated debentures (the Series C Debentures) (current outstanding balance of US\$42.5 million) that mature on June 30, 2019 and have a par call date of June 30, 2017 and to use the remainder of the net proceeds to fund the partial redemption of its 6.00% Series D extendible convertible unsecured subordinated debentures (the Series D Debentures) (current outstanding balance of Cdn\$81.0 million) that mature on December 31, 2019 and have a par call date of December 31, 2017.

On January 29, 2018, the Company issued an irrevocable notice of redemption for all US\$42,532,000 aggregate principal amount of outstanding Series C Debentures. Each US\$1,000 principal amount of Series C Debentures will be redeemed on March 5, 2018 for US\$1,010.2222 (par plus accrued and unpaid interest to but excluding the redemption date), less any withholding taxes required to be deducted. Holders of Series C Debentures have the right at any time prior to the close of business on March 2, 2018 to convert the whole or, in the case of a Series C Debenture of a denomination in excess of US\$1,000, any part which is US\$1,000 or an integral multiple thereof, of the principal amount of such Series C Debenture into common shares of the Company at the conversion price of US\$17.25, as described in the trust indenture governing the terms of the Series C Debentures.

On February 2, 2018, the Company issued an irrevocable notice of redemption for Cdn\$56,240,906 aggregate principal amount of outstanding Series D Debentures. Each Cdn\$1,000 principal amount of Series D Debentures subject to redemption will be redeemed on March 7, 2018 for Cdn\$1,011 (par plus accrued and unpaid interest to but excluding the redemption date), less any withholding taxes required to be deducted. Holders of Series D Debentures have the right at any time prior to the close of business on March 6, 2018 to convert the whole or, in the case of a Series D Debenture of a denomination in excess of Cdn\$1,000, any part which is Cdn\$1,000 or an integral multiple thereof, of the principal amount of such Series D Debenture into common shares of the Company at the conversion price of Cdn\$14.50, as described in the trust indenture governing the terms of the Series D Debentures. The partial redemption of the Series D Debentures will take place in a manner agreed upon by the Company, the depositary and the debenture trustee, each as defined in the trust indenture governing the terms of the Series D Debentures.
