Item 2.01 Completion of Acquisition or Disposition of Assets.

As previously disclosed in the Current Report on Form 8-K filed on November 2, 2018, Buckeye North Sea Coöperatief U.A. (the Seller), a wholly owned subsidiary of Buckeye Partners, L.P. (the Partnership), entered into a share purchase agreement (the SPA), dated November 1, 2018, with Terminals Finance B.V. (Terminal Finance) to sell its 50% interest in the outstanding share capital of VTTI B.V. (VTTI) to Terminal Finance for cash consideration of \$975 million (the VTTI Sale).

On January 17, 2019 (the Closing Date), the Partnership completed the VTTI Sale.

Pursuant to the SPA, during the period between November 1, 2018 and the completion of the VTTI Sale (the Interim VTTI Sale Period), the Partnership agreed to certain governance changes with respect to the VTTI investment and, as a result, commencing with the fourth quarter of 2018, the Partnership did not apply the equity method of accounting for its interest in VTTI. Furthermore, under the terms of the SPA, during the Interim VTTI Sale Period, the Partnership had no right to distributions from VTTI other than its third quarter 2018 distribution from VTTI, which the Partnership received in November 2018. Accordingly, the Partnership's fourth quarter 2018 results do not include any contribution from VTTI to equity in earnings, earnings before interest, taxes, depreciation and amortization, or distributable cash flow.

On January 18, 2019, the Partnership issued a press release announcing the completion of the VTTI Sale, a copy of which is being filed herewith as Exhibit 99.1.

Item 9.01 Financial Statements and Exhibits.

(b) Pro forma financial information.

As discussed in Item 2.01, on January 17, 2019, Seller completed the divestiture of its 50% ownership interest in VTTI for cash consideration of \$975 million exclusive of transaction costs. As of September 30, 2018, the Partnership's investment in VTTI on its balance sheet included \$1,037 million in equity investments and \$40 million in accumulated other comprehensive income primarily attributable to unrealized foreign currency translation gains. The Partnership's results of operations for the year-ended December 31, 2017 and nine months ended September 30, 2018 included \$23 million and \$14 million of equity in earnings from its investment in VTTI, respectively. Excluding the equity in earnings of VTTI, pro forma basic and diluted earnings per unit would have been \$3.17 and \$3.16, respectively, for the year-ended December 31, 2017 and \$(3.66) and \$(3.66), respectively, for the nine months ended September 30, 2018, without considering a decrease in interest expense resulting from an assumed use of proceeds to pay down debt.
