Item 2. Management's Discussion and Analysis or Plan of Operation.*Cautionary Statements*

The following discussion and analysis should be read in conjunction with the Company's Consolidated Financial Statements and the Notes thereto included in Part I, Item 1 of this Report. All amounts are expressed in U.S. dollars.

The following discussion regarding the Company and its business and operations contains forward-looking statements within the meaning of Private Securities Litigation Reform Act 1995. These statements consist of any statement other

than a recitation of historical fact and can be identified by the use of forward-looking terminology such as may, expect, anticipate, estimate or continue or the negative thereof or other variations thereon or comparable terminology. The reader is cautioned that all forward-looking statements are necessarily speculative and there are certain risks and uncertainties that could cause actual events or results to differ materially from those referred to in such forward looking statements. The Company does not have a policy of updating or revising forward-looking statements and thus it should not be assumed that silence by management of the Company over time means that actual events are bearing out as estimated in such forward looking statements.

Overview

The Company is a Delaware corporation incorporated on September 10, 1993. It has since failed in various ventures and was led by numerous different management teams. The most recent operation was known as Acola Corp. (Acola), which came into being on October 12, 2001. Acola was formed to attempt to distribute an anti-cancer drug in Mexico, where it failed to secure enough capital to obtain the exclusive distribution rights to the drug and has no business since 2002.

On March 10, 2004, Teda Travel Incorporated, a Florida Corporation (Teda Florida), entered into a Share Exchange Agreement (Exchange Agreement) with its wholly owned subsidiary, Teda Hotels Management Company Limited, a British Virgin Islands Corporation (Teda BVI) and Acola. The Exchange Agreement set forth certain terms and conditions of the exchange by which the entire issued share capital of Teda BVI is transferred to that of Acola in exchange for approximately 86% of the issued share capital of Acola. The closing of the Transaction occurred on March 12, 2004. On the closing date, pursuant to the Exchange Agreement, all of Acola's existing officers and directors, except Mr. James N. Baxter, resigned and all the directors of Teda Florida were elected on the Board of Acola. Mr. James N. Baxter resigned on March 30, 2004. In order to better reflect the new operations of the Company, the Company amended its certificate of incorporation to change its name to that of Teda Travel Group, Inc. on April 20, 2004.

Prior to the share exchange, the Company had no material operations. The merger was accounted for as a recapitalization of Teda BVI, as the shareholders of Teda BVI acquired capital stock of the Company in a reverse acquisition. Accordingly, the assets and liabilities of Teda BVI were recorded at historical cost, and the shares of common stock issued by the Company were reflected in the consolidated financial statements with retroactive effect, as if the Company

had been the parent company from inception. The Company's former year-end date was June 30 and currently assumes the year-end date of the acquirer of December 31.

The Company primarily earns its revenues through the provision of management services, including training and consulting services, to hotels and resorts in the People's Republic of China through its two wholly-owned operating subsidiaries, Teda BVI, and Teda Hotels Management Limited, a Hong Kong corporation.

The Company is also an investor in real estate development projects in Asia. In January 2002, the Company acquired a 35% interest in a real estate joint venture by the name of Tianjin Yide Real Estate Company Limited. The Company's co-venturer is a real estate developer by the name of Tianjin Teda International Hotels Development Company Limited, a corporation owned by the Tianjin provincial government and formed under the laws of the People's Republic of China. Through the real estate joint venture, the Company owns a multi-use complex featuring apartment units for sale, as well as a hotel and clubhouse. *For more information about the Company's real estate joint venture, please see Item 2, Properties, in the Teda Travel Inc.'s Annual Report on Form 10-KSB, as filed with the United States Securities and Exchange Commission on April 14, 2004.*

Revenues are derived from the Company's provision of management services to hotels and resorts which include management fees and incentive fees from the properties that it manages, pursuant to the terms and conditions of its management contracts. Each of the hotels and resorts is managed under a ten-year management contract, commencing from September 2000. As of March 31, 2004, the Company has three management contracts, encompassing an aggregate of 526 rooms located in three hotel and resort properties. All three of the hotel and resort properties are located within the People's Republic of China, of which two are in Tianjin, and one is in Shenzhen.

Under its management contracts with each of the three hotel and resort properties, the Company is responsible for the supervision and day-to-day operations of the property in exchange for a basic management fee based on gross revenues. In addition, the Company may also earn an incentive fee based upon net operating profits of the property managed.

Management of the Company plans to grow by acquiring peer hotel management companies and may diversify the Company's business through acquiring new properties and entering new travel business sectors such as online reservation services and travel agencies.

For more information relating to the Company's business, please see the section entitled Business in the Teda Travel Inc.'s Annual Report on Form 10-KSB as filed with the United States Securities and Exchange Commission on April 14, 2004.

Consolidated Results of Operations

For the quarterly periods ended March 31, 2004 and March 31, 2003

Revenues. Revenues for the period ended March 31, 2004 were \$109,283 as compared to revenues of \$93,594 for the same period last year, an increase of \$15,689, or 17%. We had growth in the current quarter, with one of the hotels, Teda International Club, recording a 69% increase in revenue when compared to that of last year, which was partially offset by the effect of

9

one of our hotels in Xian has ceased operations since April 2003. The last quarter was affected by the outbreak of SARS in the region. Beginning in late December 2002, the SARS epidemic spread rapidly to many major cities in China but was substantially under control since July 2003. This resulted in a significant drop in occupancy of hotels managed by the Company leading to a decline in revenues in 2003.

During the period ended March 31, 2004 and 2003, the Company received \$94,106 and \$64,367, which amounts accounted for 86% and 69%, respectively, of the Company's revenues and which amounts derived from two properties managed by the Company that are owned by the Company's real estate joint venture partner.

Management Fees (Rentals). Management fees for the period ended March 31, 2004 were \$7,692 as compared to \$8,181 for the period ended March 31, 2003, a decrease of \$489 or 6%. The decrease was attributed to reduced rental incurred for the Company's new principal office in Hong Kong.

Other Selling, G&A expenses. Other selling, G&A expenses for the period ended March 31, 2004 were \$111,347 as compared to \$52,253 for the period ended March 31, 2003, an increase of \$59,094 or 113%. The significant increases in Other Selling, G&A is due to the counsel cost incurred on due diligence, share exchange agreement drafting and the associated cost in instituting the Share Exchange transaction that closed on March 12, 2004, in addition to the other costs incurred for implementing procedures to satisfy regulations within the Sarbanes-Oxley Act, the Company expects the legal costs to reduce significantly hereafter.

Stock issued for services. The Company recorded stock compensation expenses of \$1,977,325, being fair value of restricted common shares and warrants issued to consultants relating to the share exchange transaction which closed on March 12, 2004. We do not expect reoccurrence of such cost in the coming quarter or year.

Loss from Operations. The Company incurred a loss from operations of \$2,030,223 for the period ended March 31, 2004 as compared to a loss of \$15,163. The loss from Operations reflected an increase in expenses as outlined above, mostly that of the stock issued for services and not sufficiently covered by the increase in revenue.

Equity loss in associate. The Company recorded an equity loss in affiliate of (\$71,668) for the period ended March 31, 2004 as compared to (\$303,806) for the period ended March 31, 2003. The reduced equity loss was due to better sales of apartments in the current quarter, than the corresponding quarter last year and better sales and occupancy of the hotel and clubhouse in the real estate joint venture in the current quarter as compared with the corresponding quarter last year. Sales of apartments and occupancy rates were effected by the outbreak of the SARS epidemic.

Income tax. The Company derives its hotel management income in the People's Republic of China and is subject to withholding income tax in the People's Republic of China depending upon the province in which a particular hotel is located. Income tax expenses the Company charged to the consolidated income statement for period ended March 31, 2004 were \$6,781 as compared to \$4,891 for the period ended March 31, 2003, an increase of \$1,890 or 38.6%.

10

Net Loss. The Company recorded a net loss of (\$2,108,672) as compared to a net loss of (\$321,394) for the same period last year. The significant increase is mainly due to the non-recurring \$1,977,325 expense derived from the stock issued for services described above.

Consolidated Financial Condition

Liquidity and Capital Resources March 31, 2004

Operating. For the period ended March 31, 2004, the Group's operations utilized cash resources of \$75,498, as compared to utilizing cash of \$66,596 for the period ended March 31, 2003, an increase of \$8,902 or 13%. This is mainly attributable to increase in professional fees paid from the share exchange transaction described above, partially offset by collections of accounts receivable during the quarter.

Investing and financing. For the period ended March 31, 2004, the Group's investing activities utilized cash resources of \$10,391, as compared to utilizing cash of \$1,196,045 for the period ended March 31, 2003, a decrease of \$1,185,654 or 99%. This is attributable to the investment in the associate which was paid up during last year.

Based on past performance and current expectations, we believe that our cash and cash equivalents, and cash generated from operations will satisfy our working capital needs, and other liquidity requirements associated with our existing operations through at least the next 12 months. There are no transactions, arrangements, and other relationships with unconsolidated entities or other persons that are reasonably likely to materially affect liquidity or the availability of our requirements for capital.

Item 3. Controls and Procedures.

Based on our management's evaluation (with the participation of our chief executive officer and chief financial officer), as of the end of the period covered by this report, our principal executive officer and principal financial officer have concluded that our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended, (the Exchange Act)) are effective to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms.

There was no change in our internal control over financial reporting during our first quarter of fiscal 2004 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II OTHER INFORMATION

Item 1. Legal Proceedings

In August 2000, the Company received a letter from an attorney advising that there is an Order for Entry of Default Judgment in the District Court of Boulder, Colorado against a predecessor of the Company in favor of two alleged former employees of Northern Lights Software, Ltd. (a subsidiary of the Company) dated March 10, 1998

in the total amount of \$74,887. The judgment was apparently for alleged unpaid wages. Pursuant to an Agreement and Plan of Reorganization dated February 15, 1999, a former director of the Company had personally warranted that there were no undisclosed liabilities in the Company and had indemnified the Company against such claims. He stated that he believed that claimants were actually employees of Northern Lights Software (New York) Ltd., a subsidiary of Northern Lights Software, Ltd. (Delaware), a predecessor of the Company. The Company's predecessor accepted \$10,300 from the former director in exchange for releasing his indemnification of the Company. The Company believes that the Colorado lawsuit was brought against the wrong corporation and that the default judgment was erroneously issued in violation of Colorado statutes, as interpreted by the Colorado Supreme Court. Based upon a review of the record in the case, management believes that it would be an error for any court to enforce the default judgment, and the Company plans to mount a vigorous defense against any effort to enforce the judgment against the Company.

Other than that stated above, to the best knowledge of the Officers and Directors of the Company, neither the Company nor any of its Officers or Directors is a party to any material legal proceeding or litigation and such persons know of no other material legal proceeding or litigation contemplated or threatened. Other than that stated above, there are no judgments against the Company or its Officers or Directors.

Item 2. Changes in Securities

The Company effected a 1 for 40 reverse stock split immediately prior to the closing of the Share Exchange Transaction on March 12, 2004 and converted and eliminated the Class B common stock.

Item 3. Defaults upon Senior Securities

Not applicable

Item 4. Submission of Matters to a Vote of Security Holders

A majority of our security holders consented to the amendment of our certificate of incorporation to effect a 1 for 40 reverse stock split and a conversion of the Class B Common Stock as set forth in the Definitive Information Statement on Schedule 14C filed with the Commission on February 17, 2004.

A majority of our security holders consented to the amendment of our certificate of incorporation to effect a name change and to make various other changes to our certificate of Incorporation as set forth in the Definitive Information Statement on Schedule 14C filed with the Commission on March 26, 2004.
