Item 1.01. Entry into a Material Definitive Agreement.

Potential Portfolio Acquisition

Purchase and Sale Agreement

On February 25, 2005, Lexington Corporate Properties Trust (the "Trust") entered into a Purchase and Sale Agreement (the "Purchase and Sale Agreement") to purchase a portfolio of twenty seven (27) properties (the "Properties") from affiliates of Wells Real Estate Investment Trust, Inc. (the "Sellers"). None of the Sellers are affiliated with the Trust. The portfolio consists of twenty four (24) office properties, two (2) industrial properties and one (1) office/research and development properties. None of the Properties is currently encumbered by mortgage or similar financing. The total purchase price is approximately \$786.0 million.

In connection with the execution of the Purchase and Sale Agreement, the Trust paid a deposit of \$40.5 million to the Sellers, which will be applied to the purchase price. Under the Purchase and Sale Agreement, the Trust is required to pay certain closing costs including attorneys' fees, title insurance premiums for "extended" coverage and all endorsements as to all owner's title insurance policies issued to the Trust, title insurance premiums for mortgage title insurance policies, other recording fees, and all other costs and expenses incurred by the Trust in connection with the closing and consummating the transaction. The Trust and the Sellers are each required to pay 50% of the costs of all surveys and real estate transfer taxes, although the Trust's obligation for transfer taxes is subject to a maximum obligation of approximately \$0.9 million.

Under the Purchase and Sale Agreement, the closing of the transaction will occur no earlier than March 25, 2005. Each of the Trust and the Sellers has the right to extend the closing date until no later than April 29, 2005, by giving written notice to the other party on or before March 22, 2005. The agreement is subject to a number of closing conditions, all of which must be satisfied for the closing to occur.

The Purchase and Sale Agreement contains customary representations and warranties and customary indemnification provisions.

The Purchase and Sale Agreement provides the Trust with the right of specific performance. Alternatively, if the Sellers willfully default on their obligations under the Purchase and Sale Agreement, the Trust is entitled to a refund of its deposit and liquidated damages of up to \$10 million. If the Trust breaches its obligation to close, the Sellers have the right to keep the initial deposit.

The Trust may assign its rights to purchase the properties to its subsidiaries and affiliates including, without limitation, certain joint venture programs. The Trust has received preliminary

commitments from its existing joint venture partners to purchase six (6) of the properties, with an aggregate purchase price of \$296.1 million, in its existing joint venture programs.

Financing Arrangements

To finance the acquisition, the Trust received a loan commitment from JP Morgan Chase Bank, N.A., for \$558.3 million of non-recourse first mortgage loans (the "Loans"), secured by individual first mortgages on each of the Properties and on five other properties which the Trust presently owns free and clear. \$540.7 million of the Loans will bear interest at a weighted average fixed rate of 5.20% and the balance will bear interest at a floating rate. The Loans will mature in six to ten years with a weighted average maturity of approximately eight years, three months. The Loans are subject to final documentation and standard closing conditions.

The balance of the purchase price is expected to be funded from equity commitments from existing joint venture partners (\$73.6 million) and cash balances (\$154.1 million).
