Item 8.01. Other Events.

On June 26, 2008, we agreed to sell, in a public offering, 3,000,000 of our common shares of beneficial interest, par value \$0.0001 per share, at a public offering price of \$14.00 per share, and we granted the underwriters an option to purchase up to an additional 450,000 common shares to cover over-allotments.

We intend to use the net proceeds of the offering, which we estimate to be approximately \$41.0 million, plus additional cash currently held, to repurchase, pursuant to unsolicited offers, (1) \$25.0 million original principal amount of The Lexington Master Limited Partnership's 5.45% Exchangeable Guaranteed Notes due 2027 at a price plus accrued interest of \$22.9 million, representing a 10.75% discount to the original principal amount, and (2) \$67.8 million original principal amount of trust preferred securities issued by our subsidiary, LXP Capital Trust I, at a price plus accrued interest of \$43.5 million, representing a 37% discount to the original principal amount.

We have received trade confirmations for the repurchases disclosed above on June 26, 2008; however, we cannot assure you that such repurchases will be completed. If we do not use all of the net proceeds of the common share offering to repurchase our debt securities, we expect to use the proceeds to make additional real property or debt investments that we may identify in the future or for general working capital purposes.

On June 26, 2008, we issued a press release announcing the pricing of the common share offering disclosed above. A copy of the press release is attached as Exhibit 99.1 hereto.
