Notes to Unaudited Consolidated Financial Statements

Note 1 - Organization and Basis of Presentation

Penn-America Group, Inc. ("PAGI" or the "Company") is an insurance holding company. Approximately 41% of the outstanding common stock of the Company was owned by Penn Independent Corporation ("Penn Independent") at September 30, 2001. The accompanying financial statements include the accounts of the Company and its wholly owned subsidiary, Penn-America Insurance Company ("Penn-America") and its wholly owned subsidiary, Penn-Star Insurance Company ("Penn-Star").

Penn-America and Penn-Star underwrite commercial property and general liability insurance and multi-peril insurance for small businesses located primarily in small towns and suburban and rural areas. Penn-America and Penn-Star can write business in all 50 states and the District of Columbia. The companies write business on both an admitted and excess and surplus lines basis in 36 states, on an admitted basis only in 2 states and on an excess and surplus lines basis only in 12 states and the District of Columbia.

The accompanying condensed unaudited consolidated financial statements

Edgar Filing: PENN AMERICA GROUP INC - Form 10-Q

and notes have been prepared in accordance with accounting principles generally accepted in the United States ("GAAP") for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and notes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal and recurring adjustments) considered necessary for a fair presentation of results for the interim periods have been included. All significant intercompany accounts and transactions have been eliminated in consolidation. It is suggested that these condensed unaudited consolidated financial statements and notes be read in conjunction with the financial statements and notes in the Company's 2000 Annual Report which was incorporated by reference into the Company's Form 10-K for the year ended December 31, 2000. The Company's results of operations for interim periods are not necessarily indicative of the results to be expected for the entire year.

Note 2 - Reinsurance

Premiums earned are presented net of amounts ceded to reinsurers of \$2.8 million and \$2.9 million for the three months ended September 30, 2001 and 2000, respectively. Losses and loss adjustment expenses are presented net of amounts ceded to reinsurers of \$1.1 million and \$400,000 for the three months ended September 30, 2001 and 2000, respectively.

Premiums earned are net of amounts ceded to reinsurers of \$8.8 million and \$8.4 million for the nine months ended September 30, 2001 and 2000, respectively. Losses and loss adjustment expenses are net of amounts ceded to reinsurers of \$4.5 million and \$2.9 million for the nine months ended September 30, 2001 and 2000, respectively.

Note 3 - Comprehensive Income (Loss)

Accumulated other comprehensive income (loss) of the Company consists solely of unrealized gains or losses on investment securities net of applicable income tax expense or benefit and reclassification adjustments. Comprehensive income was \$3.6 million for the three months ended September 30, 2001, compared with a comprehensive loss of \$3.1 million for the three months ended September 30, 2000. Comprehensive income was \$6.0 million for the nine months ended September 30, 2001 compared with a comprehensive loss of \$1.9 million for the nine months ended September 30, 2000.

Note 5- Segment Information

The Company has two reportable segments: non-standard personal automobile and commercial lines. The Company announced in April 1999 that it would run-off its remaining personal lines automobile business, which was underwritten through a single agent in California. This followed a decision earlier in 1999 to eliminate the Company's non-standard personal automobile business in nine other states. The Company will continue to report on this segment separately until the amounts relating to the non-standard personal automobile business become immaterial to the financial statements presented. These segments are managed separately because they have different customers, pricing and expense structures. The Company does not allocate assets between segments because assets are reviewed in total by management for decision-making

Edgar Filing: PENN AMERICA GROUP INC - Form 10-Q

purposes.

The accounting policies of the segments are the same as those more fully described in the summary of significant accounting policies in Note 1 of the Company's 2000 Annual Report, which was incorporated by reference into the Company's 2000 Form 10-K. The Company evaluates segment profit based on profit or loss from operating activities. Segment profits or losses from operations are pre-tax and do not include unallocated expenses but do include investment income attributable to insurance transactions. Segment profit or loss therefore excludes federal income taxes, unallocated expenses and investment income attributable to equity as opposed to investment income attributable to insurance transactions.

The following is a summary of the Company's segment revenues, expenses and profit:

#### Management's Discussion and Analysis of Financial Condition and Results of Operations

##### Results of Operations

##### Three Months Ended September 30, 2001 and 2000

Premiums earned decreased 10.4% to \$20.9 million for the three months ended September 30, 2001 from \$23.4 million for the three months ended September 30, 2000. The Company previously announced that it was exiting both commercial and non-standard personal automobile business. Earned premiums for these exited lines of business decreased \$1.8 million, or 69.1% for the three months ended September 30, 2001 compared to the three months ended September 30, 2000. In addition, the Company's core commercial lines earned premiums (excluding exited lines of business) decreased \$0.6 million, or 2.9%, due to the withdrawal from writing certain classes of residential contractors.

Gross written premiums decreased 17.4% for the three months ended September 30, 2001 to \$23.6 million compared to \$28.5 million for the three months ended September 30, 2000. Of this decline, \$3.4 million resulted from the Company's decision in October 2000 to exit the commercial automobile line of business.

Net written premiums decreased 16.6% for the three months ended September 30, 2001 to \$21.1 million compared to \$25.3 million for the three months ended September 30, 2000. This is primarily due to the Company's decision to exit the commercial automobile line of business which accounts for \$2.7 million of the decline.

Net investment income increased 3.6 % to \$2.9 million for the three months ended September 30, 2001, from \$2.8 million for the three months ended

## Edgar Filing: PENN AMERICA GROUP INC - Form 10-Q

September 30, 2000. This increase resulted principally from an increase in the investment yield of the fixed income investment portfolio and the growth in invested assets which were partially offset by a decline in interest rates on overnight cash balances.

Losses and loss adjustment expenses decreased 40.7% to \$14.6 million for the three months ended September 30, 2001, from \$24.5 million for the three months ended September 30, 2000. The three months ended September 30, 2000 included a strengthening of prior year loss reserves of \$7.6 million.

Amortization of deferred policy acquisition costs ("DAC") decreased 25.0% to \$5.0 million for the three months ended September 30, 2001, from \$6.6 million for the three months ended September 30, 2000 due to a reduction in overall commissions which are a function of the decline in earned premium.

Other underwriting expenses increased 33.4% to \$2.0 million for the three months ended September 30, 2001, from \$1.5 million for the three months ended September 30, 2000.

The overall statutory combined ratio for the Company decreased to 100.5 for the three months ended September 30, 2001, from 139.5 for the three months ended September 30, 2000, primarily due to the decrease in the loss ratio to 69.5 in 2001 compared to 105.1 in 2000. The ratios for the three months ended September 30, 2000 included a strengthening of prior year loss reserves of \$7.6 million which added 32.4 points to the ratio for that period. The expense ratio was 31.0 for the three months ended September 30, 2001 and 34.4 for the three months ended September 30, 2000.

Page 12

### PENN-AMERICA GROUP, INC. AND SUBSIDIARIES

#### Management's Discussion and Analysis of Financial Condition and Results of Operations (continued)

The factors described above resulted in net income for the three months ended September 30, 2001 of \$1.6 million or \$0.20 per share (basic and diluted), compared to net loss of \$5.1 million or \$0.67 per share (basic and diluted) for the three months ended September 30, 2000.

#### Nine Months Ended September 30, 2001 and 2000

Premiums earned decreased 1.8% to \$66.2 million for the nine months ended September 30, 2001 from \$67.4 million for the nine months ended September 30, 2000. Premiums earned for the Company's core commercial lines (excluding exited lines of business) increased \$3.1 million, or 5.3%. This was offset by a decrease in premiums earned on the exited commercial and non-standard personal automobile lines of business of \$4.3 million, or 49.4%.

Gross written premiums decreased 14.6% for the nine months ended September 30, 2001 to \$71.0 million compared to \$83.1 million for the nine months ended September 30, 2000. Of this decline, \$10.4 million is attributable to the Company's decision to exit the commercial and non-standard personal automobile lines of business.

Net written premiums decreased 14.5% for the nine months ended September 30, 2001 to \$63.0 million compared to \$73.7 million for the nine months ended September 30, 2000. This is due primarily to the Company's decision

## Edgar Filing: PENN AMERICA GROUP INC - Form 10-Q

to exit the commercial and non-standard personal automobile lines of business.

Net investment income increased 11.9% to \$8.5 million for the nine months ended September 30, 2001, from \$7.6 million for the nine months ended September 30, 2000. This increase resulted principally from an increase in the investment yield of the fixed income investment portfolio and the growth in invested assets, partially offset by a decline in interest rates on overnight cash balances.

Losses and loss adjustment expenses decreased 17.2% to \$46.7 million for the nine months ended September 30, 2001, from \$56.4 million for the nine months ended September 30, 2000. The nine months ended September 30, 2000 included a strengthening of prior year loss reserves of \$9.4 million.

Amortization of deferred policy acquisition costs ("DAC") decreased 11.0% to \$17.2 million for the nine months ended September 30, 2001 compared to \$19.3 million for the nine months ended September 30, 2000. This is due to a reduction in overall commissions which are a function of the decline in earned premiums.

Other underwriting expenses increased 18.2% to \$5.2 million for the nine months ended September 30, 2001, from \$4.4 million for the nine months ended September 30, 2000.

The overall statutory combined ratio for the Company decreased to 103.9 for the nine months ended September 30, 2001, from 118.6 for the nine months ended September 30, 2000, primarily due to the decrease in the loss ratio to 70.6 in 2001 compared to 83.8 in 2000. The loss ratio for the nine months ended September 30, 2000 included the effect of a prior year loss reserve strengthening of \$9.4 million that added 13.9 points to the ratios for that period. The expense ratio decreased to 33.3 for the nine months ended September 30, 2001, compared to 34.8 for the nine months ended September 30, 2000.

Page 13

### PENN-AMERICA GROUP, INC. AND SUBSIDIARIES

#### Management's Discussion and Analysis of Financial Condition and Results of Operations (continued)

The factors described above resulted in net income for the nine months ended September 30, 2001 of \$3.5 million or \$0.46 per share (basic and diluted), compared to net loss of \$4.2 million or \$0.54 per share (basic and diluted) for the nine months ended September 30, 2000.

#### Liquidity and Capital Resources

PAGI is a holding company, the principal asset of which is the common stock of Penn-America. The principal source of cash for the payment of dividends to PAGI's stockholders, PAGI operating expenses and repurchase of PAGI stock is dividends from Penn-America and Penn-Star. Penn-America's principal sources of funds are operations, investment income and proceeds from sales and redemptions of investments. Funds are used by Penn-America and Penn-Star principally to pay claims and operating expenses, to purchase investments and to make dividend and other payments to PAGI.

Penn-America is required by law to maintain a certain minimum surplus on a statutory basis and is subject to risk-based capital requirements and regulations under which payment of dividends from statutory surplus may require

## Edgar Filing: PENN AMERICA GROUP INC - Form 10-Q

prior approval from the Pennsylvania Insurance Department. Penn-America may pay dividends to PAGI without advance regulatory approval only from unassigned surplus and only to the extent that all dividends in the past twelve months do not exceed the greater of 10% of total statutory surplus, or statutory net income for the prior year. Using this criteria, the available ordinary dividend for 2001 is \$5.5 million. No ordinary dividends were paid to PAGI in 2000. In 2000, Penn-America paid a \$6.4 million return of capital to PAGI, after receiving approval from the Pennsylvania Insurance Department, which PAGI used to repurchase stock and to pay dividends and PAGI operating expenses. Penn-America paid ordinary dividends of \$1.1 million to PAGI in 2001 through September 18, 2001.

Net cash provided by operating activities was \$2.8 million for the nine months ended September 30, 2001, compared to \$10.8 million provided by operating activities for the nine months ended September 30, 2000.

Net cash used by investing activities was \$5.4 million for the nine months ended September 30, 2001, compared to \$2.5 million for the nine months ended September 30, 2000.

Net cash used by financing activities was \$1.0 million for the nine months ended September 30, 2001, compared to \$6.0 million for the nine months ended September 30, 2000. In 2000, \$4.7 million was used to purchase treasury stock, and no such purchases were made in 2001.

Statutory surplus as of September 30, 2001 increased to \$61.9 million from \$55.5 million as of December 31, 2000. This increase is due to statutory net income of \$5.0 million and a \$3.3 million net positive impact from adopting the standard set of statutory accounting principles known as "codification."

The Company believes it has sufficient liquidity to meet its anticipated insurance obligations and operating and capital expenditure needs. The Company's investment strategy emphasizes quality, liquidity and diversification, as well as total return. With respect to liquidity, the Company considers liability durations, specifically related to loss reserves, when
