For Immediate Release

**E-DEBIT GLOBAL CORPORATION LAUNCHES
NATIONAL AND INTERNATIONAL MARKETING PROGRAM**

Calgary, Alberta E-Debit Global Corporation (E-Debit / the Company) announces that the Company has launched a major National and International Marketing and Advertisement Program.

Management s Commentary:

Over the past 12 years, E-Debit Global Corporation has established an unparalleled end-to-end payment delivery and processing solution built on the foundation of its ATM and POS networks experience. In partnership with the Canadian Interac Association, (a debit transaction world leader which developed and operates a Canadian national network of two shared electronic financial services: ATM transactions and Debit transactions) and ACI Worldwide Solutions Inc s. BASE24® On Demand hosted Switching Platform, E-Debit s payment and processing services and capabilities are best of breed and second to none in this business segment not only in North America but world-wide.

Now is the appropriate time for the Company to ensure that we get our message out and make the public aware of our capabilities and our move into the Prepaid, Debit and Credit marketplace stated Doug Mac Donald, E-Debit s President and CEO.

With the competitive advantage of 10 years of Personal Identification Number (PIN) based card transactions and with full implementation of our Interac EMV chip card security throughout its transaction processing and equipment placements, E-Debit is launching its card product entry into the prepaid, debit and credit business space originating in North America and expanding worldwide. With the state of Visa, MasterCard and AMEX brand fatigue and the destruction of the conventional credit card business E-Debit intends to establish its presence into both the Debit and Credit space commencing with E-Debits current ATM and POS estates and rolling out through ISO partnership North American wide.

In order to announce our move into the marketplace, we will be utilizing all of the new information dissemination vehicles available to us, through a social media presence, electronic media and conventional advertising the Company is initiating its product roll out through all channels. We are quite excited about our opportunities and look forward to the competition of the marketplace which will result from our E-Debit brand roll out. Mr. Mac Donald further stated.

About E-Debit Global Corporation

E-Debit Global Corporation (WSHE) is a financial holding company in Canada at the forefront of debit, credit and online computer banking. Currently, the Company has established a strong presence in the privately owned Canadian banking sector including Automated Banking Machines (ABM), Point of Sale Machines (POS), Online Computer Banking (OCB) and E-Commerce Transaction security and payment. E-Debit maintains and services a national ABM network across Canada and is a full participating member of the Canadian INTERAC Banking System.
