PART III - NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Torch Offshore, Inc. (the "Company") is filing this Form 12b-25 in respect of its annual report on Form 10-K for the year ended December 31, 2003 because it needs additional time to complete its financial statements. In particular, the resolution of certain contractual claims and financing matters related to the conversion of the Midnight Express will materially affect the Notes to the financial statements and Management's Discussion and Analysis of Financial Condition and Results of Operations, including the Company's financial condition and liquidity, to be included in the Company's Annual Report on Form 10-K for the fiscal year ending December 31, 2003. Because the Company's financial statements have not been completed to reflect the impact of these material events in process, the examination by our independent auditors has not been completed. The Company anticipates that these matters will be resolved before the Company's Form 10-K must be filed pursuant to the extended filing date afforded by Rule 12b-25 under the Securities Exchange Act of 1934, as amended, and the financial statements to be included in the Company's 2003 Form 10-K are expected to include relevant disclosures concerning the status of these matters including the expected impact on the Company's future financial condition and liquidity. Due to the additional time required to complete these financial statements, the Company could not file its 2003 Form 10-K in a timely manner without unreasonable effort or expense. The Company expects to file its 2003 Form 10-K on or before April 14, 2004.

take additional charges of \$2.6 million (pre-tax) relating to claims and settlements for work completed in prior periods. The net loss for the fourth quarter of 2003 is also expected to be negatively impacted by approximately \$1.3 million in reduced deferred tax benefits as the Company plans to establish a valuation allowance limiting a portion of the tax benefits that would otherwise result from the Company's operating losses associated with fourth quarter operations.
