**CERTIFICATIONS AND DISCLOSURE REGARDING
CONTROLS AND PROCEDURES**

- (a) ***Certifications.*** See Exhibits 99.1 and 99.2.
- (b) ***Evaluation of disclosure controls and procedures.*** As of the end of the period covered by this report, an evaluation of the effectiveness of Cameco Corporation's disclosure controls and procedures (as such term is defined in Rules 13a-14(c) and 15d-14(c) of the United States Securities Exchange Act of 1934 (the Exchange Act)) was carried out by Cameco Corporation's Chief Executive Officer (CEO) and Chief Financial Officer (CFO). Based on that evaluation, the CEO and CFO have concluded that as of such date Cameco Corporation's disclosure controls and procedures are effective to ensure that information required to be disclosed by Cameco Corporation in reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in United States Securities and Exchange Commission rules and forms.

It should be noted that while the CEO and CFO believe that Cameco Corporation's disclosure controls and procedures provide a reasonable level of assurance that they are effective, they do not expect that the disclosure controls and procedures or internal controls over financial reporting will prevent all errors and fraud. A control system, no matter how well conceived or operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met.

- (c) ***Changes in Internal Control Over Financial Reporting.*** During the fiscal year ended December 31, 2004, there were no changes in Cameco Corporation's internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, Cameco Corporation's internal control over financial reporting.
- (d) ***Additional Disclosure Regarding Disclosure Controls and Procedures and Internal Control over Financial Reporting.*** Cameco Corporation revised the accounting for the non-routine and complex restructuring transactions that helped create Centerra Gold Inc., resulting in a restatement of the previously issued interim financial statements for the periods ended June 30, 2004 and September 30, 2004. The original accounting for these transactions had been carefully analyzed and assessed by management and reviewed by Cameco Corporation's independent public accountants.

The change to the accounting for the restructuring transactions resulted from a final review in the course of preparing the year-end audited financial statements, when a decision was reached by management and Cameco Corporation's independent public accountants that a more appropriate basis of accounting for the transactions existed. Cameco Corporation has concluded that the use of a less appropriate method of accounting could be deemed to be the result of a significant deficiency in the design or operation of its internal controls regarding the application of generally accepted accounting principles and the review process of the implementation of accounting guidance.

In reassessing the practice that ultimately led to the change in accounting with respect to the restructuring transactions for Centerra Gold Inc., Cameco Corporation has determined that a corporate policy is required to formalize the current practice with respect to the review, assessment and conclusion on the accounting treatment for non-routine or complex transactions, changes in accounting policy and accounting decisions that involve significant application of professional judgment. This policy will include:
