PROXY STATEMENT

We, the Board of Directors of West Pharmaceutical Services, Inc. (the "Company"), invite you to submit the enclosed proxy for use at the Company's 2004 Annual Meeting of Shareholders. The meeting will be held on Tuesday, May 4, 2004, at 9:30 AM, at the Company's headquarters, 101 Gordon Drive, Lionville,

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

Pennsylvania 19341. The proxy and this proxy statement are being mailed on or about March 31, 2004.

GENERAL INFORMATION ABOUT THE MEETING

Purpose of the Meeting

At the Annual Meeting, shareholders will act on the matters outlined in the notice of meeting on the cover page of this proxy statement, including the election of directors, approval of the 2004 Stock-Based Compensation Plan and ratification of the Company's independent auditors. In addition, management will report on the performance of the Company and respond to questions from shareholders.

Shareholders Entitled to Vote

You may vote at the meeting only if you were a shareholder of record at the close of business on March 25, 2004. If you were a shareholder of record on that date, you will be entitled to vote all of the shares that you held on that date. Each outstanding share of the Company's common stock, par value \$.25 per share, will be entitled to one vote on each matter considered at the meeting.

Voting at the Meeting

A quorum is necessary to take action at the meeting. A quorum means that shareholders of record holding at least a majority of the outstanding shares of the Company's common stock are present, either in person or represented by proxy. As of the record date, 14,820,729 shares of common stock were outstanding. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting.

If you complete and properly sign the accompanying proxy card and return it to the Company, your shares will be voted as you direct. A pre-addressed envelope is enclosed for your convenience. If you return your signed proxy card without indicating any voting instructions, the proxy holders will vote your shares according to our recommendations, which are to vote "FOR" each of the three proposals listed in the accompanying notice of meeting.

If you are a shareholder of record and attend the meeting, you may deliver your completed proxy card in person. If you have shares held in "street name" (that is, through a broker or other nominee) and you wish to vote those shares at the meeting, you will need to follow the procedures of the institution that holds those shares. Even after you have submitted your proxy, you may revoke or change your vote at any time before the proxy is exercised by filing with the Company's Secretary either a notice of revocation or a duly executed proxy bearing a later date. You may also vote in person at the meeting, although attendance at the meeting will not by itself revoke a previously granted proxy.

Required Vote

Directors will be elected by plurality vote. Other matters to be voted on at the meeting will be determined by a majority of the votes cast at the meeting. Votes withheld from director nominees, abstentions and broker non-votes (that is, shares held in street name that cannot be voted by a broker on specific matters without instructions from the beneficial owner) are not considered to be "votes," and therefore will have no effect on the outcome of the vote.

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

Voting on Other Matters

If other matters are properly presented at the Annual Meeting for consideration, the persons named in the proxy will have the discretion to vote on those matters for you. At the date this proxy statement was printed, we did not know of any other matters to be raised at the Annual Meeting.

Cost of Proxy Solicitation

We will pay the cost of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees in person or by telephone, facsimile or other electronic means.

Section 16(a) Beneficial Ownership Reporting Compliance

Based on a review of filings with the Securities and Exchange Commission and written representations that no other reports were required, we believe that all of our directors and executive officers complied during 2003 with the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934, with the exception of Robert C. Young, who filed a late report relating to the crediting of stock-equivalents to his account, and Robert J. Keating, who filed a late report relating to the award of bonus shares. Both of the late

the other independent directors, determining and approving the Chief Executive Officer's compensation level based on this evaluation. The Committee also makes recommendations to us with respect to other executive compensation and incentive and equity-based compensation plans. In overseeing the administration of those plans, the Compensation Committee approves all grants and awards to executive officers, establishes performance goals and determines whether or not such goals have been attained. Each year, the Committee produces a report on executive compensation, which is contained in this proxy statement under the heading "Executive Compensation - Report of the Compensation Committee." In carrying out its responsibilities, the Committee is authorized to engage, and has engaged, outside advisors to consult with it as the Committee deems appropriate.

This Committee also monitors the performance of the Company's savings and retirement plan investment committee. The Finance Committee met four times during 2003.

Board Meetings

The Board met seven times during 2003. The independent directors held five executive sessions without management. Each director attended more than 75% of the total number of meetings of the Board and the committees on which he or she served. Under the Company's Corporate Governance Principles, each director is expected to attend the Annual Meeting of Shareholders unless prevented from doing so by illness or emergency. All directors attended the 2003 Annual Meeting of Shareholders.

Determination of Independence

We adopted our Corporate Governance Principles in October 2003. The Principles meet or exceed NYSE corporate governance listing requirements. The Principles can be found on the Company's website at www.westpharma.com. A copy may also be obtained upon request from the Company's Secretary.

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

We conducted our annual review of director independence at our March 6, 2004 board meeting, during which we considered transactions and relationships between each director or any member of his or her immediate family and the Company, its subsidiaries and affiliates and members of executive management and their affiliates. As a result of the review, we determined that all of the directors, with the exception of Dr. Morel, are independent of the Company and its management under the standards set forth in our Corporate Governance Principles.

The Chairman, Independent Directors

One independent director is designated as "Chairman, Independent Directors." The Chairman, Independent Directors confers with the Chief Executive Officer on the Board's agenda items and information requirements. He also calls meetings of the independent directors and presides at executive sessions of the independent directors. Mr. Longfield is the current Chairman, Independent Directors.

Recommending Candidates for the Board of Directors

The Nominating and Governance Committee serves as our Nominating Committee. To identify new, non-management director candidates, the Nominating Committee considers individuals suggested or recommended from a variety of sources, including members of the Nominating Committee, other members of the Board, members of management, customers, suppliers, advisors to the Board and the Company's security holders. The Nominating Committee has not in the past employed a third-party search firm, but it reserves the right to do so should it deem it appropriate. All persons recommended for nomination to the Board, regardless of the source of the recommendation, are evaluated in the same manner by the Nominating Committee.

Any recommendations for director candidates should be submitted in writing to the Chairman of the Nominating Committee at the address listed below. The written recommendation must contain or be accompanied by the following information:

- o the name and address of the nominating shareholder as they appear on the Company's books;
- o the number and class of shares of the Company that are beneficially owned by the nominating shareholder;
- o as to each recommended nominee: (1) his or her name, age, business address and, if known, residence address, (2) his or her principal occupation or employment, (3) the number and class of the Company's securities beneficially owned by him or her, (4) information necessary to determine if such recommended nominee is an "independent director" as outlined in the Company's Bylaws and (5) any other information regarding the recommended nominee that is required to be included in a proxy statement filed with the Securities and Exchange Commission;
- o a description of all arrangements or understandings among the shareholder and each recommended nominee and any other persons pursuant to which the recommended nomination is to be made by the nominating shareholder;
- o the consent of each recommended nominee to serve as a director of the Company if so elected; and
- o reasons that the person recommended would be a desirable member of the

Board.

6

We believe that diversity and a mix of backgrounds and expertise among members of the Board collectively enhances our ability to understand issues and challenges facing the Company. The particular background, experience or expertise required in this mix may vary from time to time.

Qualifications for Board membership are described in greater detail in our Corporate Governance Principles, which are posted on the Company's website at www.westpharma.com. At a minimum, the Nominating Committee requires candidates with high standards of integrity and independence of judgment who can devote sufficient time to their Board responsibilities and who are free of any conflict which, in the view of the Committee, would disqualify them from Board membership. The Nominating Committee also looks for candidates who have demonstrated significant achievement in areas such as business, academia, government or military service, public service or other professional endeavors. Other criteria include the ability to learn the Company's business and to master business concepts and issues.

Communicating with the Board

Shareholders can communicate directly with us by sending a letter addressed as follows:

The Board of Directors
c/o John R. Gailey III
Vice President, General Counsel and Secretary
West Pharmaceutical Services, Inc.
101 Gordon Drive
Lionville, PA 19341

Communications to a particular director should be addressed to that director at the address shown above. The Vice President, General Counsel and Secretary maintains a log of all communications received by us through this process. Communications to specific directors are forwarded to those directors. All other communications to us are transmitted directly to the Chairman, Independent Directors who makes the determination as to whether these messages should, in turn, be forwarded to a particular Board committee or to management for further handling.

Code of Business Conduct

We have approved a Code of Business Conduct. Every employee, officer and director of the Company is responsible for complying with the Code. The full text of the Code can be found on the Company's website at www.westpharma.com, along with all amendments to and waivers of the Code.

Compensation of Directors

Each director who is not an employee of the Company or any of its subsidiaries receives an annual retainer of \$20,000. The chairman of each board committee and the Chairman, Independent Directors also receive an annual

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

retainer of \$3,500. Non-employee directors receive meeting fees of \$1,500 for each board and independent-director meeting and \$1,000 for each committee meeting attended.

The Company maintains the Director Deferred Compensation Plan under which each non-employee director may defer some or all of his or her director's fees. Deferred fees are deposited each calendar quarter into either an interest-bearing account or into a stock-equivalents account. Amounts in the interest-bearing account earn interest at the prime rate in effect on the last day of each quarter. Amounts deposited into the stock-equivalents account are converted into common stock-equivalent units based on the fair market value of one share of the Company's common stock on the last day of the quarter. Upon termination of board service, the director receives a cash payment equal to the balance in the interest-bearing account and the value of the stock-equivalents account, which is determined by multiplying the number of stock-equivalents in the account by the fair market value of one share of the Company's common stock on the date of termination.

7

Each non-employee director also receives an annual grant of 600 stock-equivalents units under the 1999 Stock-Equivalents Plan for Non-Employee Directors (the "Stock-Equivalents Plan"). These stock-equivalents are eligible for deferral and held in a separate account under the Director Deferred Compensation Plan. When dividends are paid on common stock, additional stock-equivalents are credited to each director's account as if those dividends were used to purchase additional shares.

William G. Little, the Company's former Chief Executive Officer, served as Chairman of the Board until his retirement on March 31, 2003. His annual base compensation was \$575,000, and he participated in the Company's 2002 annual incentive bonus plan. Mr. Little also has a non-competition agreement with the Company that restricts his activities with competitors of the Company in any market or territory through October 18, 2007. As compensation for his agreement to these restrictions, Mr. Little received enhanced retirement benefits, and will be entitled to continued medical and insurance coverage through October 18, 2007. Stock options awarded to Mr. Little under the Company's long-term incentive plan will continue to vest during that time.

AUDIT COMMITTEE REPORT

The following Audit Committee Report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

The current charter of the Audit Committee of the Board, which is set forth in Appendix A to this proxy statement, specifies that the purpose of the Committee is to assist the Board in its oversight of (1) the integrity of the Company's financial statements; (2) the independence and qualifications of the independent auditors; (3) the performance of the Company's internal audit function and of the Company's independent auditors; and (4) the compliance by the Company with legal and regulatory requirements.

In carrying out these responsibilities, the Audit Committee, among other things:

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

- o Reviews and discusses the Company's annual and quarterly financial statements with management and the independent auditors;
- o Manages the relationship between the Company and the independent auditors, including: having sole authority for their appointment, retention and compensation; reviewing the scope of their work; approving non-audit and audit services; and confirming the independence of the independent auditors; and
- o Oversees management's implementation and maintenance of effective systems of internal and disclosure controls and the Company's compliance with legal and regulatory requirements.

As part of its oversight function, the Committee has reviewed and discussed all annual and quarterly financial statements before their issuance with the Company's management and the independent auditors. The Company's management is responsible for the Company's financial-reporting process, including its system of internal control, and for the preparation of consolidated financial statements that are complete and accurate and in accordance with generally accepted accounting principles and with applicable laws and regulations. During 2003, management advised the Committee that each set of financial statements reviewed had been prepared in accordance with such principles, and reviewed with the Committee significant accounting and disclosure issues.

The Audit Committee also has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), including among other things, the quality of the Company's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Committee also discussed with PricewaterhouseCoopers LLP matters relating to its independence, including a review of audit and non-audit fees and the written disclosures and letter from PricewaterhouseCoopers LLP as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). As the Company's independent auditors, PricewaterhouseCoopers LLP is responsible for auditing the Company's annual financial statements in accordance with generally accepted auditing standards and for expressing an opinion based on its audit as to the conformity of those financial statements with generally accepted accounting principles.

8

In addition, the Audit Committee reviewed initiatives and programs designed to strengthen the effectiveness of the Company's internal and disclosure controls structure. As part of this process, the Committee continued to monitor the scope and adequacy of the Company's internal audit program, reviewing staffing and resource levels and actions taken to implement improvements in internal procedures and controls.

The Committee members are not employees of the Company and do not serve as accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, the Committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles and on the representations of the independent auditors included in their report on the Company's financial statements.

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

Taking all of these reviews and discussions into account, and subject to the limitations on the role and responsibilities of the Committee, certain of which are referred to above, the Committee recommended that the Board approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2003, for filing with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

Report of the Compensation Committee

The Compensation Committee of the Board of Directors has furnished the following report on executive compensation for 2003.

The overall goal of the Compensation Committee is to develop executive compensation policies and practices that attract and retain the highest caliber executives and align management and shareholder interests. This goal is accomplished by rewarding management for adding value to the business and contributing to the achievement of superior corporate performance.

The components of executive compensation are base salary, annual incentive bonus and long-term incentive compensation, including stock options and restricted shares.

Base Salaries

Base salaries are targeted to the median of comparable positions, as shown by compensation data from a group of six peer companies and general industry surveys provided by an outside compensation consulting firm. The peer-group companies, which are the same group used in the Shareholder Return Performance Graph on page 16, were selected based on the comparability of their size, markets served, technology base and operational complexity.

Annual Incentive Compensation

The purpose of annual incentives is to provide a significant portion of "at-risk" compensation that is contingent on achievement of annual business and strategic objectives. All executive officers participate in the Company's Management Incentive Bonus Plan (the "Bonus Plan"). Awards under the Bonus Plan for 2003 were based on earnings per share ("EPS") and cash flow performance targets at the corporate level, and a combination of net sales, operating profit and free cash flow goals at the divisional level. A portion of a division-level participant's bonus was tied to achievement of personal objectives relating to business and strategic priorities that are specific to that participant's division or region. The 2003 EPS performance target was weighted more heavily (65%) than the cash flow target (35%).

Each Bonus Plan participant has a target bonus opportunity measured as

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

a percentage of base salary. For executive officers other than the Dr. Morel this percentage ranges from 40% to 50%. Dr. Morel's target bonus opportunity is 75% of his base salary. A full payout is made if the Bonus Plan performance goals are met, with higher payouts for exceeding goals and lower payouts for falling short of targets. No payouts are made if actual performance falls below 85% of the targeted performance measures.

Long-Term Incentive Compensation

Long-term incentive programs are designed to provide management with the opportunity to create wealth by participating in the consistent improvement of shareholder value. When added to annual incentive compensation and base salary, long-term incentive compensation is intended to yield total compensation levels within the top quartile of comparable companies as measured by the peer group and general industry surveys. However, individual executive compensation levels may vary depending on experience level and performance appraisals.

The Committee uses stock options as the major component of long-term incentive compensation because stock options have value only to the extent that the share price of the Company's common stock exceeds the exercise price of the option. To encourage longer-term holding of stock, executives also have received bonus and restricted shares as part of the annual Bonus Plan. The restricted shares vest if the underlying bonus shares are held for at least four years.

Compensation of the Chairman and Chief Executive Officer

In April 2003, Dr. Morel's annual base salary was set at \$500,000, an increase of 11% from his prior base salary of \$450,000. The increase reflects Dr. Morel's assumption of the additional responsibilities of Chairman of the Board in 2003.

Dr. Morel received a bonus of \$545,510 under the Bonus Plan for 2003. The bonus amount was based on performance that exceeded 2003 Bonus Plan EPS objectives, as well as discretionary amounts that reflect superior Company performance and Dr. Morel's leadership in the aftermath of the fire and explosion that destroyed the Company's North Carolina manufacturing facility. If the 2004 Plan described under Proposal #2 of this proxy statement is approved by shareholders, 17% of Dr. Morel's bonus will be paid in the form of 2,591 bonus shares, and he will receive an additional 648 restricted shares. If the 2004 Plan is not approved, Dr. Morel's bonus will be paid entirely in cash and he will receive no restricted shares.

Dr. Morel was awarded a stock option covering 60,000 shares of the Company's common stock last year. The option vests fully one year from the date of grant. The size of the award is based on historical practice and took into consideration the number of remaining shares available for issuance under the Company's shareholder-approved 1998 Key Employee Incentive Compensation Plan.

Stock Ownership Goals. To further align management and shareholder interests, the Committee has developed share-ownership goals for senior management.

Deductible Compensation Under the Tax Laws. Under section 162(m) of the Internal Revenue Code, a publicly held corporation such as the Company is denied

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

a federal tax deduction for compensation in excess of \$1,000,000, which is paid to its chief executive officer and its four most-highly compensated executive officers other than the chief executive officer. "Qualified performance-based compensation" and certain other compensation are not subject to the deduction limitation.

The Board of Directors has taken action to ensure that awards of stock options, bonus and incentive shares under the Company's incentive plans will be treated as qualified performance-based compensation and, therefore, remain tax deductible by the Company. While there is no firm policy on whether to permit executive compensation to exceed the \$1,000,000 limit, the Committee periodically monitors the compensation of Company executives and believes that no tax deductions for executive compensation will be lost in the near future.

Employment and Other Agreements

Employment Agreement

Dr. Morel serves as Chief Executive Officer pursuant to an employment agreement entered into on April 30, 2002. Under the agreement, his annual base salary is \$500,000, subject to review according to the Company's compensation-review policies. The agreement entitles him to participate in the Company's annual and long-term incentive compensation plans. The Company may terminate his employment by giving two years' prior notice, or earlier upon his death, due to a disability that prevents him from performing his duties for a 90-day period within any 360-day period, or is likely to persist for 90 consecutive days, or for "cause," which is defined as a conviction of a felony, willful failure to perform the duties of his position, gross negligence or willful misconduct. The Company may terminate his employment other than for cause, or due to death or disability, but if it does so, he will be entitled to receive a lump sum equal to two years' salary and bonus. In addition, if his employment is terminated following a change in control, Dr. Morel will be entitled to receive the severance compensation described below.

Severance Agreements

The Company has entered into agreements with each of the named executive officers that provide benefits if their employment is terminated following a change in control of the Company. These agreements are designed to assist the Company in attracting and retaining highly qualified executives and to help ensure that, if the Company is faced with an unsolicited tender offer proposal, our executives will continue to manage the Company without being unduly distracted by the uncertainties of their personal affairs and thereby will be better able to assist in evaluating such a proposal in an objective manner.

Each executive is entitled to receive severance compensation under his or her agreement if, within two years following a change in control of the Company, he or she resigns following a constructive termination of his or her employment or his or her employment is terminated by the Company other than by reason of death, disability, willful misconduct or normal retirement. The agreement also permits the executive to receive severance upon a voluntary resignation taken during a one-time, 30-day period beginning 12 months following the change in control. The severance compensation includes the immediate vesting of the executive's interest, if any, in the Company's employee-benefit plans, continuing salary and bonus payments at the level prior to termination and continuation of certain health and welfare benefits for up to three years

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

following termination. Each agreement prohibits the executive from being employed by any competitor of the Company or competing with the Company in any part of the United States (any market or territory, in the case of Dr. Morel) for up to one year (two years, in the case of Dr. Morel) following employment termination for any reason. The payment of severance compensation is not conditioned upon the executive seeking other employment and is not subject to reduction if the executive secures other employment consistent with the agreement.

11

A "change in control" under the agreements is defined generally as any such event that requires a report to the Securities and Exchange Commission, but includes any acquisition or other transaction that results in a change in ownership of more than 50% of the Company's stock or a change in the majority of the Board over a two-year period that is not approved by at least two-thirds of the directors.

Retirement Plan

The Company maintains a tax-qualified, noncontributory retirement plan, called the West Pharmaceutical Services, Inc. Salaried Employees Retirement Plan, for salaried employees who have completed one year of service. Benefits are based primarily on the participant's credited years of service and average compensation (including base salary, cash or stock bonuses and other cash remuneration) for the highest five consecutive calendar years of compensation during the ten years prior to retirement or termination, whichever is earlier. Retirement benefits are non-forfeitable after five years of vesting service. Although age 65 is the normal retirement age, participants with 10 years of service who retire on or after age 55 are eligible for an actuarially reduced benefit.

In 2003, the maximum compensation limit under a tax-qualified plan was \$200,000 and the maximum annual benefit that may be accrued under a tax-qualified defined benefit plan was \$160,000. To provide additional retirement benefits to key salaried employees, the Company maintains the Supplemental Employee Retirement Plan, a supplemental, non-qualified, unfunded plan, which provides benefits in excess of the compensation and maximum annual accrued benefit limits for tax-qualified plans.

The following table shows estimated annual retirement benefits payable under these retirement plans to eligible participants for various years of service assuming normal retirement (at age 65). The estimated benefits are computed as straight-line annuity amounts.

SHAREHOLDER RETURN PERFORMANCE GRAPH

The following graph compares the cumulative total return to holders of the Company's common stock with the cumulative total return of the Standard & Poor's Small Cap 600 Index and of a Company-selected peer group for the five years ended December 31, 2003. Cumulative total-return-to-shareholders is measured by dividing total dividends (assuming dividend reinvestment) plus the per-share price change for the period by the share price at the beginning of the period. The Company's cumulative shareholder return is based on an investment of \$100 on December 31, 1998 and is compared to the cumulative total return of the Small Cap 600 Index and peer group over the period with a like amount invested.

The peer-group companies were selected by the Company based principally on nature of business, revenues, market complexity, products and manufacturing, employee base, technology base, market share, type of customer and customer relationship. The peer-group is composed of Cambrex Corp., AptarGroup, Inc., Alaris Medical Systems, Inc., Viasys Healthcare Inc., Andrx Corp. and Nektar Therapeutics, Inc. (formerly Inhale Therapeutic Systems, Inc.).

PROPOSAL #2 - APPROVAL OF THE 2004 STOCK-BASED COMPENSATION PLAN

The Company has two plans that provide for the awarding of equity-based compensation to officers and directors: the 1998 Employee Incentive Plan and the Director Option Plan. In addition, non-employee directors are eligible to receive stock-equivalent units under the Company's Stock-Equivalents Plan. These units track the value of the Company's stock and are settled only in cash upon the termination of a director's board service. The 1998 Employee Incentive Plan provides for eligible key employees to receive a variety of incentive compensation awards involving or related to the Company's common stock, such as the grant of non-qualified and incentive stock options and stock appreciation rights and the award of restricted and non-restricted shares. Under the Director Option Plan, each non-employee director in office on April 1998 received two 4,500-share stock options during the five-year plan term. Directors who joined the Board after that date were eligible to receive up to three grants of stock options covering a total of between 8,250 and 750 shares, depending on the date of his or her first election. The 1998 Employee Incentive Plan originally authorized the issuance of up to 1,500,000 shares of the Company's common stock. The 1998 Employee Incentive Plan was later amended to authorize an additional 400,000 shares. The Director Option Plan authorized the issuance of up to 125,000 shares upon the exercise of stock options. Both plans and the incentive-plan amendment were approved by our shareholders.

No more stock options are expected to be granted under Director Option Plan and the shares authorized for issuance under the 1998 Employee Incentive Plan are almost depleted. In order to continue providing equity-based compensation, we adopted the 2004 Stock-Based Compensation Plan (the "2004 Plan") that will provide for such compensation to both key employees and directors. We are seeking shareholder approval of the 2004 Plan as required by NYSE rules.

If the 2004 Plan is approved by our shareholders, the 1998 Employee Incentive Plan, the Director Option Plan and the Stock-Equivalents Plan will be terminated and no further options or awards will be granted under those plans.

Summary Description of the 2004 Plan

The following is a summary of the 2004 Plan and is qualified in its entirety by the plan document, which is attached to this proxy statement as Appendix B.

Purpose

The purpose of the 2004 Plan is to align the interests of the eligible individuals with the interests of the Company's shareholders, provide incentives for eligible individuals to exert maximum efforts for the success of the Company and its subsidiaries, and motivate key personnel, by means of appropriate incentives, to achieve long-term goals.

Administration

The plan is administered by the Compensation Committee of the Board. Our Nominating and Governance Committee has authority to make recommendations to us regarding awards for non-employee directors of the Company. The Compensation Committee cannot make awards to non-employee directors, but will administer those awards as provided below once that they have been made by the full Board upon the recommendation of the Nominating Committee.

The Compensation Committee has authority to interpret the plan and may amend the plan as provided below. With respect to participants other than non-employee directors, the Compensation Committee may:

- o select the employees and consultants who are to receive awards under the 2004 Plan;
- o determine the type and amount of awards to be granted to participants and their terms and conditions;
- o determine the times at which awards will be granted; and
- o condition any awards upon the achievement of performance goals or after the lapse of any period of deferral (as described more fully below).

The Compensation Committee may delegate all or a portion of its responsibility to a person selected by it (to the extent permissible by applicable law).

Participation

All consultants, directors and key salaried employees of the Company are eligible to participate in the 2004 Plan. Approximately ten non-employee directors and 150 key salaried employees will be eligible to participate in the plan.

Unless otherwise determined by the Committee, certain awards (options, deferred stock units, stock appreciation rights (SARs)) are exercisable only by the recipient, and no awards will be transferable other than by will or the laws of descent and distribution. Restricted stock and deferred stock awards are transferable by the recipient once the period of restriction or deferral with respect to such stock lapses; prior to the lapse of the restrictions or the deferral period, the stock is not transferable.

Shares of Stock Available for Grant

If shareholder approval is obtained, a total of up to 1,500,000 shares of common stock will be available for issuance under the 2004 Plan. Of this total, a maximum limit of 500,000 shares may be issued pursuant to awards other than stock options. The shares may be treasury shares or authorized but unissued shares. The maximum number of shares subject to options or SARs that may be granted to any one individual shall not exceed 200,000 shares during any calendar year, and the maximum payment that can be made to one individual in any one calendar year with respect to deferred stock, restricted stock, stock bonus and stock units will be \$500,000 as measured on the date of grant.

In the event of a reorganization, recapitalization, stock split, spin-off, split-off, split-up, stock dividend, issuance of stock rights, combination of shares, merger, consolidation or any other change in the Company's corporate structure affecting its common stock, or any distribution to shareholders other than a cash dividend, an appropriate adjustment in the number and kind of shares authorized by the 2004 Plan and other adjustments to outstanding awards will be made as the Compensation Committee deems appropriate.

Change in Control

Unless otherwise provided by the Compensation Committee, any award granted under the 2004 Plan that was not vested on the date of a change in control, will become fully exercisable and vest immediately. Any awards deferred will be paid prior to or as soon as practicable following a change in control, as determined by the Compensation Committee. A "change in control" is defined generally as any such event that requires a report to the Securities and Exchange Commission, but includes any acquisition or other transaction that results in a change in ownership of more than 50% of the Company's stock or a change in the majority of the Board over a two-year period that is not approved by at least two-thirds of the directors.

Effective Date and Termination; Amendments

Subject to approval by our shareholders, the 2004 Plan will be effective as of May 5, 2004. The 2004 Plan will terminate on May 4, 2014, unless earlier terminated by the Board. Termination will not affect awards outstanding at the time of plan termination. The Compensation Committee may amend, suspend or terminate the 2004 Plan, provided shareholder approval of any amendment is

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

obtained as required by applicable laws or regulations. The Compensation Committee may amend any outstanding award without a participant's consent, provided the amendment does not adversely impact the participant unless it is necessary to ensure deductibility of the payments under section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code").

Types of Awards under the 2004 Plan

Options. Options granted under the 2004 Plan may be either non-qualified stock options or incentive stock options qualifying under Section 422 of the Code. The price of any option granted may not be less than the fair market value of the stock on the date of grant.

20

The option price is payable in cash or, if the grant allows, shares of common stock held by the option holder for at least six months. The Compensation Committee may impose additional restrictions on the exercise of any option. The term of a non-qualified stock option may not exceed ten years.

Stock Appreciation Rights. SARs may, but need not, relate to options. The Compensation Committee determines the terms of each SAR at the time of grant. Any freestanding SAR may not be granted for less than the fair market value of the underlying stock at the time of grant and cannot have a term longer than 10 years. Distribution may be made in common stock, in cash or a combination of cash and stock, as determined by the Committee.

Stock Awards. The 2004 Plan provides for the granting of stock awards and performance awards. It is expected that any executive performance award will be based on consolidate and/or business unit financial performance criteria, such as: the price of the common stock; market share; sales; earnings per share; return on shareholder equity; cash flow; return on total assets; return on invested capital; return on net assets; operating income; or net income. The Compensation Committee may also grant restricted stock awards tied to the completion of a specified period of service.

Stock Units. In a stock unit award, the Company will deliver, subject to certain conditions, cash equal to the fair market value of a share of common stock at the end of a vesting or deferral period, which may be determined based on the achievement of one or more performance goals. The term of a stock unit may not exceed 10 years. If approved by our shareholders, the 2004 Plan will replace the current Stock-Equivalents Plan and no new stock-equivalent units will be awarded to directors under that plan. Unless otherwise determined by the Committee, settlement of a stock unit will occur upon termination of employment or service. Unvested stock units will be forfeited.

Deferral Election

With the Compensation Committee's consent, a recipient may defer receipt of unrestricted common stock or a cash payment to a specified date. If the Compensation Committee determines that continued deferral of any common stock or cash awarded under the 2004 Plan is not in the best interest of the Company or that the amount would be taxable to the recipient immediately, the Committee may provide for earlier distribution.

U.S. Tax Treatment of Options and Awards

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

Incentive Stock Options. In general, neither the grant nor the exercise of an incentive stock option results in taxable income to an option holder or a deduction to the Company. If the option holder holds the stock received upon exercise for at least two years from date of grant and one year after the date of exercise, then the gain realized on disposition of the stock is treated as a long-term capital gain. If the shares are disposed of during this period (a "disqualifying disposition"), then the option holder will include as compensation income for the year of the disposition, in the amount equal to the excess of the fair market value of the shares upon exercise over the option price, or if less, the excess of the amount realized upon disposition over the option price. The Company will be entitled to a corresponding deduction at that time. Any proceeds in excess of the fair market value of the shares on the date of exercise will be treated as short-term or long-term capital gain, depending upon whether the shares have been held for more than one year. If the sales price is less than the exercise price of the option, this amount will be treated as a short-term or long-term capital loss, depending on whether the shares have been held for more than one year. The Company will not be entitled to any deduction for amounts the recipient treats as capital gain or loss.

Non-Qualified Stock Options. A non-qualified stock option results in no taxable income to the option holder or deduction to the Company at the time it is granted. An option holder will recognize ordinary income at the time a non-qualified stock option is exercised in an amount equal to the excess of the fair market value of the underlying common stock on the exercise date over the exercise price. The Company will generally be entitled to a deduction for federal income tax purposes in the same amount as the amount included in ordinary income by the option holder. Gain or loss on a subsequent sale or other disposition of the shares acquired upon the exercise of a non-qualified stock option will be measured by the difference between the amount realized on the disposition and the tax basis of such shares, and will generally be long-term capital gain depending on the holding period involved. The tax basis of the shares acquired upon the exercise of any non-qualified stock option will be equal to the sum of its exercise price and the amount included in income with respect to such option.

Stock Appreciation Rights. A recipient realizes no taxable income when an SAR is granted. Upon exercising an SAR, a recipient will realize ordinary income in an amount equal to the cash received. Generally, there will be no federal income tax deduction allowed to the Company upon the grant or termination of SARs. However, upon exercise of a SAR, the Company will be entitled to a deduction equal to the amount of ordinary income the recipient is required to recognize as a result of the exercise.

Restricted Stock; Performance Shares. Generally, no income will be recognized at the time of grant of a stock award or performance award if such award is subject to a substantial risk of forfeiture. The recipient will realize ordinary income equal to the fair market value of the shares at the time the restrictions lapse. A recipient's tax basis in shares of restricted stock will be equal to their fair market value when the forfeiture restrictions lapse, and the recipient's holding period for the shares will begin at that time. Upon sale of the shares, the recipient will realize short-term or long-term gain or loss, depending upon whether the shares have been held for more than one year at the time of sale. Such gain or loss will be equal to the difference between the amount realized upon the sale of the shares and the tax basis of the shares in the recipient's hands.

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

Stock Bonus. Stock bonuses are unsecured, unfunded promises to distribute stock at a designated time. Stock bonuses will not be taxable until the stock is actually distributed to the recipients. The fair market value of the stock will be immediately includible in the recipient's income and will be deductible to the Company at that time.

Deferred Stock. A recipient realizes no taxable income when a deferred stock award is made. When the deferral period for the award ends and the recipient receives shares of common stock, the recipient will realize ordinary income equal to the fair market value of the shares at that time, as applicable. A recipient's tax basis in shares of common stock received at the end of a deferral period will be equal to the fair market value of such shares when received. Upon sale of the shares, the recipient will realize short-term or long-term capital gain or loss, depending upon whether the shares have been held for more than one year at the time of sale. Such gain or loss will be equal to the difference between the amount realized upon the sale of the shares and the tax basis of the shares in the recipient's hands.

Stock Units. A recipient realizes no taxable income when a stock unit award is made. When the deferral period for the award ends and the recipient receives cash, the recipient will realize ordinary income equal to amount of the cash.

Deferral Elections. Generally, awards deferred by recipients and any applicable non-qualified deferred compensation plan are not taxable until the awards are paid to the recipient. At that time, the amounts will be includible in income and the Company will be entitled to a deduction.

PROPOSAL #3 - RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee reappointed PricewaterhouseCoopers LLP as independent auditors for the Company in 2004, subject to ratification by shareholders. If the appointment is not ratified, the Audit Committee will consider the appointment of other auditors. A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting and will have the opportunity to make a statement and to respond to appropriate questions from shareholders.

We recommend that you vote "FOR" ratification of the appointment of PricewaterhouseCoopers LLP as independent auditors for 2004.

Audit Committee Policy on Approval of Audit and Non-Audit Services

The Audit Committee pre-approves all audit and non-prohibited, non-audit services provided by the Company's independent auditors. These services may include audit services, audit-related services, tax services and other services. The Committee has adopted a policy for the pre-approval of services provided by the independent auditors. Unless a type of service to be provided by the independent auditors has received general pre-approval, it will require specific pre-approval by the Committee. The term of any pre-approval is 12 months from the date of pre-approval, unless the Committee specifically provides for a different period. Pre-approval fee levels for all services to be provided by the independent auditors are established periodically by the Audit Committee and are set forth in the policy. Any proposed services exceeding pre-approved cost levels will require specific pre-approval by the Committee

24

Audit Services. The annual audit services engagement terms and fees are subject to the specific pre-approval of the Committee. The Committee will approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope, Company structure or other matters. In addition, the Committee has pre-approved the following services: statutory audits or financial audits for subsidiaries or affiliates of the Company; services associated with Securities and Exchange Commission registration statements; periodic reports and other documents filed with the Securities and Exchange Commission or other documents issued in connection with securities offerings (e.g., comfort letters, consents) and assistance in responding to Securities and Exchange Commission comment letters.

Audit-Related Services. Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and that are traditionally performed by the independent auditors. The Committee has pre-approved the following audit-related services: due-diligence services pertaining to potential business acquisitions/dispositions; financial statement audits of employee benefit plans; agreed-upon or expanded audit procedures related to accounting and/or billing records required to respond to or comply with financial, accounting or regulatory reporting matters; internal control reviews and assistance with internal control reporting requirements; consultations by the Company's management as to the accounting or disclosure treatment of transactions or events and/or the actual or potential impact of final or proposed rules, standards or interpretations by the Securities and Exchange Commission, FASB, or other regulatory or standard-setting bodies; and attest services not required by statute or regulation. All other audit-related services not listed above must be separately pre-approved by the Committee.

Tax Services. The Committee will not permit the retention of the

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

independent auditors in connection with a transaction initially recommended by the independent auditors, the purpose of which may be tax avoidance and the tax treatment of which may not be supported in the Code and related regulations. The Committee has pre-approved the following tax services: U.S. federal, state and local tax planning and advice and compliance; international tax planning and advice and compliance; review of federal, state, local and international income, franchise and other tax returns; and licensing of income tax preparation software from the independent auditors, provided the functionality is limited to preparation of tax returns. All tax services involving large and complex transactions not listed above must be separately pre-approved by the Committee.

All Other Services. The Committee may grant pre-approval to those permissible non-audit services classified as "all other services" that it believes are routine and recurring services and would not impair the independence of the auditor. At this time, the Committee has not granted pre-approval of any other services. Therefore, any other services are subject to the separate pre-approval of the Committee.

The Audit Committee will periodically revise the pre-approved services and may delegate pre-approval authority to one or more of its members. Such member will report any pre-approval decisions to the Committee at its next scheduled meeting. With respect to each proposed pre-approved service, the independent auditors must provide detailed back-up documentation to the Committee regarding the specific services to be provided.

3. Eligibility

Any Employee, non-Employee director of the Company or key consultant to the Company who is designated by the Committee as eligible to participate in the Plan shall be eligible to receive an Award under the Plan, provided that an Incentive Stock Option may only be granted to an Employee of the Company.

4. Administration and Implementation of the Plan

- (a) Subject to Section 4(b), the Plan shall be administered by the Committee, which shall have full power to interpret and administer the Plan and full authority to act in selecting the Participants to whom Awards will be granted, in determining the times at which Awards will be granted, in determining the type and amount of Awards to be granted to each such Participant, the terms and conditions of Awards granted under the Plan (including whether Awards may be exchanged for cash, made on a tandem basis, or deferrable or transferable by a Participant) and the terms of agreements which will be entered into with Participants. The Committee shall have the power to establish different terms and conditions with respect to (i) the various types of Awards granted under the Plan, (ii) the granting of the same type of Award to different Participants (regardless of whether the Awards are granted at the same time or at different times), and (iii) the establishment of different Performance Goals for different Participants.
- (b) The Committee shall not have the power to make or grant Awards to non-Employee directors of the Company. The Company's Nominating and Corporate Governance Committee shall have the authority to make recommendations to the full Board regarding Awards that should be made to non-Employee directors of the Company. The full Board shall have sole and absolute authority to make Awards to non-Employee directors hereunder, upon the Nominating and Corporate Governance Committee's recommendation. Awards made to non-Employee directors shall be subject to the other provisions of the Plan and shall be administered by the Committee, unless the full Board provides otherwise.
- (c) The Committee shall have the power to adopt regulations for carrying out the Plan (including regulations regarding the form and timing of elections and notices under the Plan) and to make changes in such regulations as it shall, from time to time, deem advisable. Any interpretation by the Committee of the terms and provisions of the Plan (including determinations of existence Cause and Disability hereunder) and the administration thereof, and all action taken by the Committee shall be final, binding and conclusive for all purposes and upon all Participants.
- (d) The Committee may condition the grant of any Award or the lapses of any Deferral or Restriction Period (or any combination thereof) upon the Participant's achievement of a Performance Goal that is established by the Committee before the grant of the Award. The Committee shall have the

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

discretion to determine the specific targets with respect to each of these categories of Performance Goals. Before granting an Award or permitting the lapse of any Deferral or Restriction Period, the Committee shall certify that an individual has satisfied the applicable Performance Goal.

- (e) Except to the extent prohibited by applicable law or the applicable rules of a stock exchange, the Committee may allocate all or any portion of its responsibilities and powers to any one or more of its members and may delegate all or any part of its responsibilities and powers to any person or persons selected by it. Any such allocation or delegation may be revoked by the Committee at any time.
- (f) The Committee may employ attorneys, consultants, accountants and other service providers. The Committee, the Board, the Company and the Company's officers shall be entitled to rely upon the advice and opinions of any such person. 5. Shares Subject to the Plan

- (a) Subject to the following provisions of this Section, the maximum number of shares that may be delivered to Participants (or, if applicable, their heirs, legatees or permitted transferees) under the Plan shall not exceed 1,500,000 shares of Common Stock of which no more than 500,000 shares of Common Stock shall be issued in awards of types other than options. Any shares issued under the Plan may consist, in whole or in part, of authorized and unissued shares or treasury shares.
- (b) Any shares of Common Stock issued under the Plan that are forfeited because of the failure to meet an Award contingency or condition shall again be available for delivery pursuant to new Awards granted under the Plan. To the extent any shares of Common Stock covered by an Award are not delivered to a Participant (or, if applicable, his heir, legatee or permitted transferee) because the Award is forfeited or canceled, or the shares are not delivered because the Award is settled in cash, such shares shall not be deemed to have been delivered for purposes of determining the maximum number of shares of Common Stock available for delivery under the Plan.
- (c) If the Exercise Price of any Option granted under the Plan is satisfied by tendering shares of Common Stock to the Sponsor (by either actual delivery or by attestation), only the number of shares issued net of the shares of Common Stock tendered shall be deemed delivered for purposes of determining the maximum number of shares of Common Stock available for delivery under the Plan.

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

- (d) Shares of Common Stock delivered under the Plan in settlement, assumption or substitution of outstanding awards (or obligations to grant future awards) under the plans or arrangements of another entity shall not reduce the maximum number of shares of Common Stock available for delivery under the Plan, to the extent that such settlement, assumption or substitution is a result of the Company acquiring another entity (or an interest in another entity).
- (e) Subject to the other provisions of this Section, the following additional maximums are imposed under the Plan.
 - (1) The maximum number of shares of Common Stock that may be covered by Awards granted to any one individual under Sections 2 and 10 (relating to Options and SARs) shall be 200,000 shares during any calendar year.
 - (2) The maximum payment that can be made for Awards granted to any one individual under Sections 7, 8, and 9 (relating to Deferred Stock, Restricted Stock, Stock Bonus and Stock Units) shall be \$500,000 for any single or combined performance goals established for any performance period, as determined by reference to the Fair Market Value on the date of grant of the Award.

6. Options

The Committee may grant Options under the Plan. Options shall be evidenced by a written Award Agreement. Such Award Agreements shall conform to the requirements of the Plan, and may contain such other provisions as the Committee shall deem advisable. The grant of Options shall comply with and be subject to the following terms and conditions:

- (a) Identification of Options. Each Option granted under the Plan shall be clearly identified in the applicable Award Agreement as either an Incentive Stock Option or as a Non-Qualified Stock Option. In the absence of such identification, an Option shall be deemed to be a Non-Qualified Stock Option.
- (b) Number of Options. Subject to Section 5(e), the Award Agreement for each Option award shall specify the number of shares of Common Stock that a Participant may receive with respect to the Participant's option.
- (c) Exercise Price. The price per share at which Common Stock may be purchased upon exercise of an Option shall be determined by the Committee, but shall be not less than the Fair Market Value of a share of Common Stock on the date of grant. In the case of any Incentive Stock Option granted to a Ten Percent Shareholder, the option price per share shall not be less than 110% of the Fair Market Value of a share of Common Stock on the date of grant.
- (d) Term and Exercise of Options
 - (1) An Award Agreement shall specify when an Option may be exercisable and the terms and conditions applicable thereto. The term of an Option shall in no event be greater than ten years.

B-6

- (2) An Option may be exercised only for a whole number of shares of Common Stock. The Committee shall establish the time and the manner in which an Option may be exercised. The option price of the shares of Common Stock received upon the exercise of an Option shall be paid within three days of the date of exercise: (i) in cash or, (ii) in cash received from a broker-dealer whom the Participant has authorized to sell all or a portion of the Common Stock covered by the Option, or (iii) with the consent of the Committee, in whole or in part in shares of Common Stock held by the Participant for at least six months and valued at their Fair Market Value on the date of exercise. With the consent of the Committee, payment upon the exercise of a Non-Qualified Option may be made in whole or in part by Restricted Stock which has been held by the Participant for at least six months (based on the Fair Market Value of the Restricted Stock on the date the Option is exercised, as determined by the Committee). In such case the Common Stock to which the Option relates shall be subject to the same forfeiture restrictions originally imposed on the Restricted Stock exchanged therefor.
- (e) Limitations on Grants of Incentive Stock Options.
- (1) Each provision of the Plan and each Award Agreement relating to an Incentive Stock Option shall be construed so that each Incentive Stock Option shall be an incentive stock option as defined in section 422 of the Code, and any provisions of the Option Agreement thereof that cannot be so construed shall be disregarded. Only an Employee may be granted an Incentive Stock Option. In no event may a Participant be granted an Incentive Stock Option which does not comply with such grant and vesting limitations as may be prescribed by section 422(b) of the Code. Without limiting the foregoing, the aggregate Fair Market Value (determined as of the time the Option is granted) of the Common Stock with respect to which an Incentive Stock Option may first become exercisable by a Participant in any one calendar year under the Plan shall not exceed \$100,000.
- (2) No Incentive Stock Option shall be transferable otherwise than by will or the laws of descent and distribution and, during the lifetime of the Participant, shall be exercisable only by the Participant. Upon the death of a Participant, the person to whom the rights have passed by will or by the laws of descent and distribution may exercise an Incentive Stock Option only in accordance with this Section.

7. Deferred Stock

The Committee may award Deferred Stock under the Plan, which shall be evidenced by an Award Agreement in such form as the Committee shall from time to time approve. Deferred Stock Awards shall comply with and be subject to the following terms and conditions:

- (a) Crediting of Deferred Stock. Upon determination of the number of shares of Deferred Stock to be awarded to a Participant, the Committee shall direct that the same be credited to the Participant's account on the books of the Company but that issuance and delivery of the same shall be deferred until the date or dates provided in Section 7(e).
- (b) Deferral Period and Performance Goals.
 - (1) The Committee may condition the grant of an Award of Deferred Stock or the expiration of the Deferral Period upon the Participant's achievement of one or more Performance Goal(s) specified in the Award Agreement. If the Participant fails to achieve the specified Performance Goal(s), the Committee shall not grant the Deferred Stock Award to the Participant, or the Participant shall forfeit the Award and no Common Stock shall be transferred to him pursuant to the Deferred Stock Award.
 - (2) The Award Agreement shall specify the duration of the Deferral Period taking into account termination of employment or service on account of death, Disability, Retirement or Cause. The Deferral Period may consist of one or more installments. At the end of the Deferral Period or any installment thereof the shares of Deferred Stock applicable to such installment credited to the account of a Participant shall be issued and delivered to the Participant (or, if applicable, his heir, legatee or permitted transferee) in accordance with the terms of the Award Agreement. Notwithstanding the Deferral Period provided in an Award Agreement, the Committee may accelerate the delivery of all or any part of a Deferred Stock Award or waive the deferral limitations for all or any part of a Deferred Stock Award.
- (c) Voting Rights and Dividends.
 - (1) Prior to issuance and delivery, the Participant shall have no rights as a shareholder with respect to any shares of Deferred Stock credited to the Participant's account.
 - (2) Amounts equal to any dividends declared during the Deferral Period with respect to the number of shares

B-7

covered by a Deferred Stock Award will be paid to the Participant currently, or deferred and deemed to be reinvested in additional Deferred Stock, or otherwise reinvested on such terms as are determined at the time of the Award and specified in the Award Agreement.

8. Restricted Stock

The Committee may award shares of Restricted Stock. Each grant of shares of Restricted Stock shall be evidenced by Award Agreements in such form and containing such terms and conditions and subject to such agreements or understandings as the Committee shall from time to time approve. Each grant of shares of Restricted Stock shall comply with and be subject to the following terms and conditions:

- (a) Terms of Restricted Stock. The Award Agreement for a grant of Restricted Stock shall conform to the requirements of the Plan, and shall specify (i) the number of shares of Common Stock subject to the Award, (ii) the Restriction Period applicable to the Award, (iii) the events that will give rise to a forfeiture of the Award, and (iv) the Performance Goals, if any, that must be achieved in order for the restriction to be removed from the Award. The agreement may contain such other provisions not inconsistent with the terms of the Plan as the Committee shall deem advisable.
- (b) Issuance of Certificates. The Committee shall direct that a certificate or certificates representing the number of shares of Common Stock be issued to the Participant with the Participant designated as the registered owner. The certificate(s) representing such shares shall be legended as to restrictions on the sale, transfer, assignment, pledge or other encumbrances during the Restriction Period and deposited by the Participant, together with a stock power endorsed in blank, with the Company.
- (c) Satisfaction of the Restriction Period. At the end of the Restriction Period, the Committee shall determine, in light of the terms and conditions set forth in the Award Agreement, the number of shares of Restricted Stock with respect to which the restrictions imposed hereunder have lapsed. The Restricted Stock with respect to which the restrictions shall lapse shall be converted to unrestricted Common Stock by the removal of the restrictive legends from the Restricted Stock. Thereafter, Common Stock equal to the number of shares of the Restricted Stock with respect to which the restrictions hereunder shall lapse shall be delivered to the Participant (or, where appropriate, the Participant's legal representative).
- (d) Voting Rights and Dividends.
 - (1) Unless otherwise determined by the Committee, during the Restriction Period the Participant shall have the right to vote all shares of Restricted Stock.

B-8

- (2) Dividends will be authorized by the Sponsor to be paid to the Participant during the period the restriction is enforced, subject to the same restrictions as the underlying shares upon which the restriction is declared.

9. Stock Bonus

The Committee may grant Stock Bonuses in such amounts as it shall determine from time to time. A Stock Bonus shall be paid at such time (including a future date selected by the Committee at the time of grant) and subject to such conditions as the Committee shall determine at the time of the grant of such Stock Bonus, including, if applicable, Section 14. By way of example and not by way of limitation, the Committee may require, as a condition to the payment of a Stock Bonus, that the Participant or the Company achieve such performance criteria as the Committee may specify at the time of the grant. Prior to the date on which a Stock Bonus awarded hereunder is required to be paid, such Award shall constitute an unfunded, unsecured promise by the Company to distribute Common Stock in the future.

10. Stock Appreciation Rights

The Committee may grant SARs under the Plan, which shall be evidenced by Award Agreements in such form as the Committee shall from time to time approve. SARs shall comply with and be subject to the following terms and conditions:

(a) Benefits Upon Exercise.

- (1) An SAR shall entitle the recipient to receive a payment equal to the excess of the Fair Market Value of the shares of Common Stock covered by the SAR on the date of exercise over the base price of the SAR. Such payment may be in cash, in shares of Common Stock, in shares of Deferred Stock, in shares of Restricted Stock or any combination, as the Committee shall determine. An SAR may be granted in tandem with all or a portion of a related Option under the Plan ("Tandem SAR"), or may be granted separately ("Freestanding SAR"). A Tandem SAR may be granted either at the time of the grant of the Option or at any time thereafter during the term of the Option and shall be exercisable only to the extent that the related Option is exercisable.
- (2) Upon exercise of a Tandem SAR as to some or all of the shares of Common Stock covered by the grant, the related Option shall be canceled automatically to the extent of the number of shares of Common Stock covered by such exercise, and such shares shall no longer be available for purchase under the Option. Conversely, if the related Option is exercised as to some or all of the shares of Common Stock covered by the grant, the related Tandem SAR, if any, shall be canceled automatically to the extent of the number of shares of Common Stock covered by the Option exercise.

- (b) Exercise Price. The base price of a Tandem SAR shall be the option price under the related Option. The base price of a Freestanding SAR shall be determined by the Committee at the time of the grant of such SAR but shall be not less than 100% of the Fair Market Value of the Common Stock on the date of grant of the Freestanding SAR.
- (c) Other Restrictions. SARs shall generally be subject to the same terms, conditions and limitations applicable to Options granted under Section 6.

11. Stock Units

- (a) Grant of Stock Units. Subject to the other terms of the Plan, the Committee shall, in its discretion as reflected by the terms of the applicable Award Agreement: (i) authorize the granting of Stock Units to Participants and (ii) determine or impose other conditions to the grant of Stock Units under the Plan as it may deem appropriate.
- (b) Term. The Committee may provide in an Award Agreement that any particular Stock Unit shall expire at the end of a specified term not to exceed 10 years.
- (c) Vesting.
 - (1) Stock Units shall vest and first become exercisable according to the terms and conditions set forth in the Award Agreement, as determined by the Committee at the time of grant. Stock Units may be payable upon termination of employment or service or upon other future event (including attainment of a Performance Goal).
 - (2) Unless otherwise provided in the Award Agreement (except due to a termination for Cause), if a Participant terminates employment or service with the Company, any and all of the Participant's Stock Units which have not vested prior to or as of such termination shall thereupon, and with no further action, be forfeited and cease to be outstanding.
 - (3) If a Participant terminates employment or service with the Company for Cause, any and all of the Participant's Stock Units which have not vested prior to or as of such termination shall thereupon, and with no further action, be forfeited and cease to be outstanding.
- (d) Settlement of Stock Units.
 - (1) Each vested and outstanding Stock Unit shall be settled by the payment to the Participant of cash equal to the Fair Market Value of the Common Stock times the number of Stock Units to be settled. The Fair Market Value shall be determined by reference to the date of termination or other future event as specified in the Award Agreement.

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

- (2) Unless otherwise provided in an Award Agreement, each Stock Unit shall be settled with a single-sum payment by the Company.
- (3) Unless otherwise provided in an Award Agreement and subject to Section 14, if applicable, the settlement date with respect to a Participant is the first day of the month to follow the Participant's termination of employment or service.

B-10

- (e) Nature of Stock Units. Stock Units are solely a device for the measurement and determination of the amounts to be paid to a Participant under the Plan. Each Participant's right in the Stock Units is limited to the right to receive payment, if any, as may herein be provided. The Stock Units do not constitute Common Stock and shall not be treated as (or as giving rise to) property or as a trust fund of any kind; provided, however, that the Company may establish a mere bookkeeping reserve to meet its obligations hereunder or a trust or other funding vehicle that would not cause the Plan to be deemed to be funded for tax purposes or for purposes of Title I of the Employee Retirement Income Security Act of 1974, as amended. The right of any Participant of Stock Units to receive payments by virtue of participation in the Plan shall be no greater than the right of any unsecured general creditor of the Company. Nothing contained in the Plan shall be construed to give any Participant any rights with respect to Shares or any ownership interest in the Company. Without limiting Section 8, no provision of the Plan shall be interpreted to confer any voting, dividend or derivative or other similar rights with respect to any Stock Units.

12. Other Equity-Based Awards

The Committee may grant other types of equity-based Awards in such amounts and subject to such terms and conditions, as the Committee shall in its sole discretion determine, subject to the provisions of the Plan. Awards may entail the transfer of actual shares of Common Stock to Participants, or payment in cash or otherwise of amounts based on the value of shares of Common Stock.

13. Effect of Termination of Employment or Service on Awards

- (a) Options and SARs.
 - (1) Unless otherwise provided in an applicable Award Agreement and subject to Section 6(e), in the event that the employment or service of a Participant with the Company shall terminate for any reason other than Retirement, Cause, Disability or death (i) Options or SARs or SARs granted to such Participant, to the extent that they were exercisable on the Participant's termination date, shall remain exercisable until the expiration of 90 days after such termination date, on which date they shall expire, and (ii) Options or SARs or SARs granted to

such Participant, to the extent that they were not exercisable on his termination date, shall expire at the close of business on such date; provided, however, that no Option or SAR shall be exercisable after the expiration of its term.

- (2) Unless otherwise provided in an applicable Award Agreement and subject to Section 6(e), in the event that the employment or service of a Participant with the Company shall terminate on account of the death of the Participant, all Options or SARs or SARs granted to such Participant, to the extent that they were exercisable on the Participant's termination date, shall remain exercisable until the expiration of one year after such date, on which date they shall expire.
- (3) Unless otherwise provided in an applicable Award Agreement and subject to Section 6(e), in the event that the employment or service of a Participant with the Company shall terminate on account of the Disability or Retirement of the Participant, all Options or SARs or SARs granted to such Participant, to the extent that they were exercisable on the Participant's termination date (or, in the case of Retirement such later date determined by the Committee), shall remain exercisable until the expiration of the term specified in their applicable Award Agreement, on which date they shall expire.

B-11

- (4) In the event of the termination of a Participant's employment or service for Cause, all outstanding Options or SARs or SARs granted to such Participant shall expire at the commencement of business on the Participant's termination date (or deemed termination under Section 2(e)).
- (b) Restricted Stock and Deferred Stock.
- (1) In the event that the employment or service of a Participant with the Company shall terminate for any reason (other than a termination that is for Cause) prior to the expiration of the Restriction Period or Deferral Period with respect to such shares of Restricted Stock or Deferred Stock, unless otherwise provided by the Committee in its sole discretion, such termination shall cause the immediate forfeiture of all shares of Restricted Stock, Deferred Stock or Stock Bonus that have not vested as of the Participant's termination date.
 - (2) In the event a Participant's employment or service is or is deemed to have been terminated for Cause, all shares of Restricted Stock still subject to a Restriction Period and all shares of Deferred Stock still subject to a Deferral Period as of his

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

termination date immediately shall be forfeited.

14. Deferral Election

Notwithstanding any provision of the Plan to the contrary, any Participant may elect, with the concurrence of the Committee and consistent with any rules and regulations established by the Committee, to defer to a specified date the receipt of unrestricted Common Stock (or a cash payment hereunder) that the Participant would otherwise be entitled to receive pursuant to an Award. Such deferral may be, at the Committee's sole discretion, be made in accordance with the terms of a non-qualified deferred compensation plan maintained by the Company. Notwithstanding such an election, the Committee may distribute the unrestricted Common Stock (or cash payment, if applicable) deferred by any Participant under this Section if the Committee determines, in its discretion, that the continued deferral of Common Stock hereunder is no longer in the best interest of the Company or that such deferred Award would be immediately taxable to the Participant.

15. Adjustments upon Changes in Capitalization

In the event of a reorganization, recapitalization, stock split, spin-off, split-off, split-up, stock dividend, issuance of stock rights, combination of shares, merger, consolidation or any other change in the corporate structure of the Sponsor affecting Common Stock, any distribution to shareholders other than a cash dividend, or any change in the corporate structure of the Company (or any sub-unit of the Company), the Committee, in its discretion, shall make appropriate adjustment in the number and kind of shares authorized by the Plan and any other adjustments to outstanding Awards as it determines appropriate. No fractional shares of Common Stock shall be issued pursuant to such an adjustment. The Fair Market Value of any fractional shares resulting from adjustments under this Section shall, where appropriate, be paid in cash to the Participant. The determinations and adjustments made by the Committee under this Section shall be conclusive.

16. Effect of a Change in Control

Unless otherwise provided by the Committee in an Award Agreement, any Award granted hereunder that has not been vested hereunder, or been canceled or forfeited under any provision of the Plan, shall become fully exercisable and vest immediately. Any Awards deferred under Section 14 shall be paid prior to or as soon as practicable following a Change in Control, as determined by the Committee in its sole discretion.

B-12

17. Tax Withholding

Whenever the Company proposes or is required to issue or transfer shares of Common Stock under the Plan, the Company shall have the right to require the recipient to remit to the Company an amount sufficient to satisfy any Federal, state or local withholding tax requirements prior to the delivery of any certificate for such shares, or in the discretion of the Committee, the Company may withhold from the shares to be delivered shares sufficient to satisfy all or a portion of such tax withholding requirements. Whenever under the Plan payments are to be made in cash, such payments may be net of an amount sufficient to satisfy any Federal, state and local tax withholding requirements.

18. Award Forfeiture Provision

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

Notwithstanding any other provision of this Plan to the contrary, the Committee may provide for the forfeiture of Awards under the Plan and the benefits derived therefrom, in the event a Participant (or, if applicable, his heir, legatee or permitted transferee) engages in conduct deemed to be harmful to, or not in the best interests of, the Company or if the Participant (or, if applicable, his heir, legatee or permitted transferee) fails to comply with any of the terms and conditions of the Plan or the agreement executed by such Participant (or, if applicable, his heir, legatee or permitted transferee) evidencing an Award, unless such failure is remedied by within ten days after having been notified of such failure by the Committee. Such provisions shall be included in the Award Agreements approved from time to time by the Committee and may be waived by the Committee, or its duly appointed agent, as determined in the Committee's sole discretion.

19. Transferability

- (a) Except as specifically provided in Section 19(b), no Awards may be transferred by the Participant otherwise than by will, by the laws of descent and distribution, and during the Participant's lifetime an Option may be exercised only by him. During the Restriction Period or Deferral Period, if applicable, immediately upon any attempt to transfer any rights under or to a share of Restricted Stock or Deferred Stock, such share, and all of the rights related thereto, shall be forfeited by the Participant and the transfer shall be of no force or effect. Upon the death of a Participant, outstanding Awards granted to such Participant may be exercised (if applicable) only by those person or persons who shall have acquired such right to exercise by will or the laws of descent and distribution. Such Awards shall be subject to the restrictions, conditions and limitations that were applicable to such Award at the time of the Participant's death and such other restrictions, conditions and limitations that the Committee shall determine in its sole discretion upon the death of the Participant.
- (b) The Committee, in its discretion, may allow for transferability of Non-Qualified Options by the Participant to children, grandchildren, spouse or common law spouse, siblings or parents of the Participant or to bona fide trusts, partnerships or other entities controlled by and of which the beneficiaries are Immediate Family Members of the Participant ("Immediate Family Members"). Any Awards that are transferable are further conditioned on the Participant and Immediate Family Members agreeing to abide by the Company's then current transfer guidelines applicable to such types of Award.

20. Effective Date, Termination and Amendment

- (a) Subject to the approval of the shareholders of the Sponsor at the Sponsor's 2004 annual meeting of shareholders, the Plan shall be effective as of May 5, 2004 (the "Effective Date"). The Plan shall remain in full force and effect until the earlier of ten years from the date of shareholder approval, or the date it is terminated by the Board. The Board shall have the power to amend, suspend or terminate the Plan at any time, provided that no such amendment shall be made without shareholder approval to the extent such approval is required under section 422 of the Code, section 162(m) of the Code, the rules of a stock exchange or any other applicable law. Termination of the Plan under this Section shall not affect

Awards outstanding under the Plan at the time of termination.

B-13

- (b) The Committee shall have the power unilaterally and without approval of a Participant to amend an existing Award in order to carry out the purposes of the Plan so long as such an amendment does not take away any benefit granted to a Participant by the Award and as long as the amended Award comports with the terms of the Plan; provided, however, that prior to a Change in Control, if and to the extent that the Committee determines the Sponsor's federal tax deduction in respect of an Award may be limited as a result of section 162(m) of the Code, the Committee may take any and all actions it deems necessary, in its sole and absolute discretion with respect to any Award (including the amendment, delay or cancellation of an Award to the detriment of a Participant) hereunder to eliminate or minimize the non-deductible portion of any Award. Nothing herein shall restrict the Committee's ability to exercise its discretionary authority pursuant to Section 4, which discretion may be exercised without amendment to the Plan or an Award.

21. Limitation of Implied Rights

- (a) Neither a Participant nor any other person shall, by reason of the Plan, acquire any right in or title to any assets, funds or property of the Company whatsoever, including, without limitation, any specific funds, assets, or other property which the Company, in their sole discretion, may set aside in anticipation of a liability under the Plan. A Participant shall have only a contractual right to the stock or amounts, if any, payable under the Plan, unsecured by any assets of the Company. Nothing contained in the Plan shall constitute a guarantee that the assets of such companies shall be sufficient to pay any benefits to any person.
- (b) Nothing contained in the Plan or any Award shall confer upon any Participant any right with respect to the continuation of his employment or service by the Company or interfere in any way with the right of the Company, subject to the terms of any separate agreement to the contrary, at any time to terminate such employment or service or to increase or decrease the compensation of the Participant from the rate in existence at the time of the grant of an Award.
- (c) No person shall have any claim or right to receive an Award hereunder. The Committee's granting of an Award to a Participant at any time shall neither require the Committee to grant an Award to such Participant or any other Participant or other person at any time nor preclude the Committee from making subsequent grants to such Participant or any other Participant or other person.
- (d) No person shall have any rights as a shareholder with respect to any shares of Common Stock covered by or relating to any Award granted under this Plan until the date that the

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

Participant becomes the registered owner of such shares. Except as otherwise expressly provided in an Award Agreement, no adjustment to any Award shall be made for dividends or other rights for which the record date occurs prior to the date such stock certificate is issued.

22. Securities Law Matters

The Company shall be under no obligation to effect the registration pursuant to the Securities Act of 1933, as amended, of any interests in the Plan or any shares of Common Stock to be issued hereunder or to effect similar compliance under any state laws. Notwithstanding anything herein to the contrary, the Sponsor shall not be obligated to cause to be issued or delivered any certificates evidencing shares of Common Stock under the Plan unless and until the Sponsor is advised by its counsel that the issuance and delivery of such certificates is in compliance with all applicable laws, regulations of governmental authority and the requirements of any securities exchange on which shares of Common Stock are traded. The Committee may require, as a condition of the issuance and delivery of certificates evidencing shares of Common Stock under the terms hereof, that the recipient of such shares make such covenants, agreements and representations, and that such certificates bear such legends, as the Committee, in its sole discretion, deems necessary or desirable.

B-14

- (a) The exercise of any Option granted hereunder shall be effective only at such time as counsel to the Sponsor shall have determined that the issuance and delivery of shares of Common Stock pursuant to such exercise is in compliance with all applicable laws, regulations of governmental authority and the requirements of any securities exchange on which shares of Common Stock are traded. The Committee may, in its sole discretion, and in accordance with procedures established by the Committee, defer the effectiveness of any exercise of an Option granted hereunder in order to allow the issuance of shares of Common Stock pursuant thereto to be made pursuant to registration or an exemption from registration or other methods for compliance available under federal or state securities laws.
- (b) It is intended that the Plan be applied and administered in compliance with Rule 16b-3 of the Exchange Act, as amended from time to time. If any provision of the Plan would be in violation of Rule 16b-3 if applied as written, such provision shall not have effect as written and shall be given effect so as to comply with Rule 16b-3, as determined by the Committee and such provision may be amended or Award modified as determined in the sole discretion of the Committee.

23. Severability of Provisions

If any provision of this Plan is held to be invalid or unenforceable, the other provisions of the Plan shall not be affected but shall be applied as if the invalid or unenforceable provision had not been included in the Plan.

24. Applicable Law

Edgar Filing: WEST PHARMACEUTICAL SERVICES INC - Form DEF 14A

Except to the extent preempted by any applicable federal law, the Plan will be construed and administered in accordance with the laws of the Commonwealth of Pennsylvania, without reference to the principles of conflicts of law.
