EXPLANATORY NOTE

Eldorado Gold Corporation (the Company or the Registrant) is a Canadian issuer eligible to file its annual report pursuant to Section 13 of the Securities Exchange Act of 1934, as amended (the Exchange Act) on Form 40-F pursuant to the multi-jurisdictional disclosure system of the Exchange Act . The Company is a foreign private issuer as defined in Rule 3b-4 under the Exchange Act. Equity securities of the Company are accordingly exempt from Sections 14(a), 14(b), 14(c), 14(f) and 16 of the Exchange Act pursuant to Rule 3a12-3.

FORWARD-LOOKING STATEMENTS

This annual report on Form 40-F and the exhibits attached hereto contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such forward looking statements concern the Company s anticipated results and developments in the Company s operations in future periods, planned exploration and development of its properties, plans related to its business and other matters that may occur in the future. These statements relate to analyses and other information that are based on forecasts of future results, estimates of amounts not yet determinable and assumptions of management.

Statements concerning reserves and mineral resource estimates may also be deemed to constitute forward-looking statements to the extent that they involve estimates of the mineralization that will be encountered if the property is developed, and in the case of mineral reserves, such statements reflect the conclusion based on certain assumptions that the mineral deposit can be economically exploited. Any statements that express or involve discussions with respect to predictions, expectations, beliefs, plans, projections, objectives, assumptions or future events or performance (often, but not always, using words or phrases such as expects or does not expect , is expected , anticipat or does not anticipate , plans , estimates or intends , or stating that certain actions, events or results may , could might or will be taken, occur or be achieved) are not statements of historical fact and may be forward-looking statements. Forward-looking statements are subject to a variety of known and unknown risks, uncertainties and other factors which could cause actual events or results to differ from those expressed or implied by the forward-looking statements, including, without limitation:

-

risks related to differences between U.S. and Canadian practices for reporting resources and reserves;

-

uncertainty as to actual capital costs, operating costs, production and economic returns, and uncertainty that our development and exploration activities will result in profitable mining operations;

-

risks related to our reserves and resources figures being estimates based on interpretations and assumptions which may result less mineral production under actual conditions than is currently estimated;

- changes in the market price of gold which in the past has fluctuated widely and which could affect the profitability of our operations and financial condition;
 - risks related to currency fluctuations;
 - risks related to the inherently dangerous activity of mining, including conditions or events beyond our control;
 - risks related to governmental regulations;
 - risks related to our primary properties being located in Turkey, China, and Brazil, including political, economic, and regulatory instability;
 - risks related to our joint venture partners;
 - uncertainty in our ability to obtain and maintain certain permits necessary to our current and anticipated operations;
 - risks related to our business being subject to environmental laws and regulations which may increase our costs of doing business and restrict our operations;
-

- risks related to our land reclamation requirements for our properties which may be burdensome;
- uncertainty regarding our ability to achieve production estimates;
- uncertainty regarding future requirements that we fund additional reclamation work during the course of our mining activities at the Sao Bento Mine, Kisladag Mine, and Tanjianshan Mine;
- risks related to our mineral properties being subject to prior unregistered agreements, transfers, or claims and other defects in title;
- risks related to increased competition that could adversely affect our ability to acquire suitable producing properties for mineral exploration in the future; and
- risks related to our officers and directors becoming associated with other natural resource companies which may give rise to conflicts of interests.

This list is not exhaustive of the factors that may affect our forward-looking statements. Some of the important risks and uncertainties that could affect forward-looking statements are described further in the exhibits attached to this annual report. Should one or more of these risks and uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described in the forward-looking statements. Forward-looking statements are made based on management's beliefs, estimates and opinions on the date the statements are made, and the Company undertakes no obligation to update forward-looking statements if these beliefs, estimates and opinions or other circumstances should change. Investors are cautioned against attributing undue certainty to forward-looking statements.

NOTE TO UNITED STATES READERS-

DIFFERENCES IN UNITED STATES AND CANADIAN REPORTING PRACTICES

The Company is permitted, under a multi-jurisdictional disclosure system adopted by the United States, to prepare this annual report in accordance with Canadian disclosure requirements, which are different from those of the United States. The Company prepares its financial statements, which are filed with this report on Form 40-F, in accordance with Canadian generally accepted accounting practices (GAAP), and they may be subject to Canadian auditing and

auditor independence standards. They may not be comparable to financial statements of United States companies. Significant differences between Canadian GAAP and United States GAAP are described in Note 16 of the audited consolidated financial statements of the Company.

CURRENCY

Unless otherwise indicated, all dollar amounts in this annual report on Form 40-F are in United States dollars. The exchange rate of Canadian dollars into United States dollars, on December 29, 2006, based upon the noon buying rate in New York City for cable transfers payable in Canadian dollars as certified for customs purposes by the Federal Reserve Bank of New York, was U.S.\$1.00 = CDN\$1.1656.

RESOURCE AND RESERVE ESTIMATES

The Company's Annual Information Form filed as Exhibit 1 to this annual report on Form 40-F has been prepared in accordance with the requirements of the securities laws in effect in Canada, which differ from the requirements of United States securities laws. The terms mineral reserve, proven mineral reserve and probable mineral reserve are Canadian mining terms as defined in accordance with Canadian National Instrument 43-101 Standards of Disclosure for Mineral Projects (NI 43-101) and the Canadian Institute of Mining, Metallurgy and Petroleum (the CIM) - *CIM Definition Standards on Mineral Resources and Mineral Reserves*, adopted by the CIM Council, as amended. These definitions differ from the definitions in the United States Securities and Exchange Commission (SEC) Industry Guide 7 (SEC Industry Guide 7) under the United States *Securities Act of 1933*, as amended. Under

SEC Industry Guide 7 standards, a final or bankable feasibility study is required to report reserves, the three-year historical average price is used in any reserve or cash flow analysis to designate reserves and the primary environmental analysis or report must be filed with the appropriate governmental authority.

In addition, the terms mineral resource, measured mineral resource, indicated mineral resource and inferred mineral resource are defined in and required to be disclosed by NI 43-101; however, these terms are not defined terms under SEC Industry Guide 7 and are normally not permitted to be used in reports and registration statements filed with the SEC. Investors are cautioned not to assume that any part or all of mineral deposits in these categories will ever be converted into reserves. Inferred mineral resources have a great amount of uncertainty as to their existence, and great uncertainty as to their economic and legal feasibility. It cannot be assumed that all or any part of an inferred mineral resource will ever be upgraded to a higher category. Under Canadian rules, estimates of inferred mineral resources may not form the basis of feasibility or pre-feasibility studies, except in rare cases. Investors are cautioned not to assume that all or any part of an inferred mineral resource exists or is economically or legally mineable. Disclosure of contained ounces in a resource is permitted disclosure under Canadian regulations; however, the SEC normally only permits issuers to report mineralization that does not constitute reserves by SEC standards as in place tonnage and grade without reference to unit measures.

Accordingly, information contained in this report and the documents incorporated by reference herein containing descriptions of our mineral deposits may not be comparable to similar information made public by U.S. companies subject to the reporting and disclosure requirements under the United States federal securities laws and the rules and regulations thereunder.

ANNUAL INFORMATION FORM

The Company's Annual Information Form (AIF) for the fiscal year ended December 31, 2006 is filed as Exhibit 1 and incorporated by reference in this annual report on Form 40-F.

AUDITED ANNUAL FINANCIAL STATEMENTS AND MANAGEMENT'S DISCUSSION AND ANALYSIS

Audited Annual Financial Statements

The audited consolidated financial statements of the Company for the years ended December 31, 2006 and 2005, including the report of the independent auditor with respect thereto, are filed as Exhibit 2 and incorporated by reference in this annual report on Form 40-F. For a reconciliation of important differences between Canadian and United States generally accepted accounting principles, see Note 16 to the Company's audited consolidated financial statements.

Management's Discussion and Analysis

The Company's management's discussion and analysis (MD&A) is filed as Exhibit 3 and incorporated by reference in this annual report on Form 40-F.

Tax Matters

Purchasing, holding, or disposing of securities of the Registrant may have tax consequences under the laws of the United States and Canada that are not described in this annual report on Form 40-F.

DISCLOSURE CONTROLS AND PROCEDURES

At the end of the period covered by this report, an evaluation was carried out under the supervision of and with the participation of the Company's management, including the Chief Executive Officer (CEO) and Chief Financial Officer (CFO), of the effectiveness of the design and operations of the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) and Rule 15d-15(e) under the Exchange Act). Based on that evaluation the CEO and the CFO have concluded that as of the end of the period covered by this report, the Company's disclosure controls and procedures were adequately designed and effective in ensuring that: (i) information required to be disclosed by the Company in reports that it files or submits to the Securities and Exchange Commission under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in applicable rules and forms and (ii) material information required to be disclosed in our reports filed under the Exchange Act is accumulated and communicated to our management, including our CEO and CFO, as appropriate, to allow for accurate and timely decisions regarding required disclosure.

MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

The Company's management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. Our internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation and fair presentation of financial statements for external purposes in accordance with generally accepted accounting principles.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management conducted an evaluation of the design and operation of the Company's internal control over financial reporting as of December 31, 2006, based on the criteria set forth in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. This evaluation included review of the documentation of controls, evaluation of the design effectiveness of controls, testing of the operating effectiveness of controls and a conclusion on this evaluation. Based on this evaluation, management has concluded that the Company's internal control over financial reporting was effective as of December 31, 2006 and no material weaknesses were discovered.

Company's internal control over financial reporting has been audited by our independent registered public accounting firm PricewaterhouseCoopers LLP, and they have issued an attestation report on management's assessment. The auditor's attestation report is included with the auditor's report to the Company's audited consolidated financial statements for the year ended December 31, 2006, attached as [Exhibit 2](#).

CHANGES IN INTERNAL CONTROLS OVER FINANCIAL REPORTING

During the period covered by this annual report on Form 40-F, no changes occurred in the Company's internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

The Company's management, including the CEO and CFO, does not expect that its disclosure controls and procedures or internal controls and procedures will prevent all error and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected.

These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, control may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

CORPORATE GOVERNANCE

The Company's Board of Directors is responsible for the Company's Corporate Governance policies and has separately designated standing Compensation, Corporate Governance and Nominating, and Audit Committees. The Company's Board of Directors has determined that all the members of the Compensation, Nominating, and Audit Committees are independent, based on the criteria for independence and unrelatedness prescribed by the Sarbanes-Oxley Act of 2002, section 10A(m)(3) and the American Stock Exchange.

Compensation

Compensation of the Company's Chief Executive Officer and all other officers is recommended to the board for determination by the Compensation Committee. The Compensation Committee is composed of four independent directors. The Compensation Committee develops, reviews and monitors director and executive compensation and policies. The Compensation Committee is also responsible for annually reviewing the adequacy of compensation for directors and others and the composition of compensation packages. The Company's Chief Executive Officer cannot be present during the Committee's deliberations or vote.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee is currently composed of four independent directors. Nominees for the election to the Board of Directors are recommended by the Nominating Committee. The Company has adopted a formal written board resolution addressing the nomination process and such related matters as may be required under federal securities laws.

AUDIT COMMITTEE

The Company's Board of Directors has a separately designated standing Audit Committee established in accordance with section 3(a)(58)(A) of the Exchange Act. The Company's Audit Committee is comprised of:

-

Robert R. Gilmore

-

Hugh C. Morris

-

K. Ross Cory

-

Donald M. Shumka

In the opinion of the Company's Board of Directors, all of the members of the Audit Committee are independent (as determined under Rule 10A-3 of the Exchange Act and the rules of the American Stock Exchange) and are financially literate. For particulars on the experience and education of the members of the Audit Committee that is relevant to the performance of his responsibilities as an audit committee member, please refer to the "Directors and Officers" section with the Company's AIF.

The Audit Committee has adopted a Terms of Reference that reflects its responsibilities. The Audit Committee has adopted, as part of its Terms of Reference, policies that requires its pre-approval of audit, audit-related, tax and non-audit services to be provided by the Company's auditors. The Terms of

Reference for the Audit Committee, attached as Schedule A to the Company's AIF, were approved by the Board of Directors on March 22, 2007 and are available in the 2007 Management Information Circular or on our website www.eldoradogold.com or by contacting our Corporate Secretary.

The Board of Directors has determined that the experience of the members of the Audit Committee, as directors of publicly traded companies, is sufficient to ensure compliance with requisite regulatory requirements. The need to add an audit committee financial expert will be monitored as the Company grows and its financial reporting and internal control challenges increase.

Audit Committee Financial Expert

The Company's Board of Directors has determined that Robert Gilmore, a member of the Audit Committee, qualifies as an audit committee financial expert (as defined in Item 401 of Regulation S-K under the Exchange Act) and is independent as defined by the American Stock Exchange.

PRINCIPAL ACCOUNTING FEES AND SERVICES INDEPENDENT AUDITORS

The information regarding the aggregate fees billed for professional services rendered by our auditors, PricewaterhouseCoopers LLP, for the fiscal years ended December 31, 2006 and 2005, is disclosed in the Company's AIF under the section heading "Composition of and Education and Experience of the Audit Committee" and is incorporated herein by reference. The incorporated disclosure includes the categorization of fees as "Audit", "Audit Related", "Tax", and "Other Fees".

PRE-APPROVAL OF AUDIT AND NON-AUDIT SERVICES PROVIDED BY INDEPENDENT AUDITORS

The Audit Committee pre-approves all audit services to be provided to the Company by its independent auditors. The Audit Committee's policy regarding the pre-approval of non-audit services to be provided to the Company by its independent auditors is that all such services shall be pre-approved by the Audit Committee. Non-audit services that are prohibited to be provided to the Company by its independent auditors may not be pre-approved. In addition, prior to the granting of any pre-approval, the Audit Committee must be satisfied that the performance of the services in question will not compromise the independence of the independent auditors. Since the enactment of the Sarbanes-Oxley Act of 2002, all non-audit services performed by the Company's auditor for the fiscal year ended December 31, 2006 have been pre-approved by the Audit Committee of the Company. No non-audit services were approved pursuant to the *de minimis* exemption to the pre-approval requirement.

In 2005, our Audit Committee determined that non-audit services would no longer be performed by the Company's external auditors and management has established agreements with other service providers for such non-audit services.

OFF-BALANCE SHEET TRANSACTIONS

The Company does not have any off-balance sheet financing arrangements or relationships with unconsolidated special purpose entities.

CODE OF ETHICS

The Company has adopted a Code of Business Conduct and Ethics for all its directors, executive officers and employees, which is posted on the Company's website. All amendments to the code, and all waivers of the code with respect to any of the officers covered by it, will be posted on the Company's web site, submitted on Form 6-K and provided in print to any shareholder who requests them. The Company's website is located at www.eldoradogold.com.

CONTRACTUAL OBLIGATIONS

The information provided under the heading "Management's Discussion and Analysis - Liquidity" contained in Exhibit 3 as filed with this annual report on Form 40-F contains our disclosure of contractual obligations and is incorporated by reference herein.

NOTICES PURSUANT TO REGULATION BTR

There were no notices required by Rule 104 of Regulation BTR that the Registrant sent during the year ended December 31, 2006 concerning any equity security subject to a blackout period under Rule 101 of Regulation BTR.

AMEX CORPORATE GOVERNANCE

The Company's common shares are listed on the American Stock Exchange ("AMEX"). Section 110 of the AMEX Company Guide permits AMEX to consider the laws, customs and practices of foreign issuers in relaxing certain AMEX listing criteria, and to grant exemptions from AMEX listing criteria based on these considerations. A company seeking relief under these provisions is required to provide written certification from independent local counsel that the non-complying practice is not prohibited by home country law. A description of the significant ways in which the Company's governance practices differ from those followed by domestic companies pursuant to AMEX standards is as follows:

Shareholder Meeting Quorum Requirement: The AMEX minimum quorum requirement for a shareholder meeting is one-third of the outstanding shares of common stock. In addition, a company listed on AMEX is required to state its quorum requirement in its bylaws. The Company's quorum requirement is set forth in its Memorandum and Articles. A quorum for a meeting of members of the Company is two persons who are, or who represent by proxy, shareholders who, in the aggregate, hold at least 5% of the shares entitled to be voted at the meeting.

Proxy Delivery Requirement: AMEX requires the solicitation of proxies and delivery of proxy statements for all shareholder meetings, and requires that these proxies shall be solicited pursuant to a proxy statement that conforms to SEC proxy rules. The Company is a "foreign private issuer" as defined in Rule 3b-4 under the Exchange Act, and the equity securities of the Company are accordingly exempt from the proxy rules set forth in Sections 14(a), 14(b), 14(c) and 14(f) of the Exchange Act. The Company solicits proxies in accordance with applicable rules and regulations in Canada.

The foregoing are consistent with the laws, customs and practices in Canada.

In addition, we may from time-to-time seek relief from AMEX corporate governance requirements on specific transactions under Section 110 of the AMEX Company Guide by providing written certification from independent local counsel that the non-complying practice is not prohibited by our home country law, in which case, we shall make the disclosure of such transactions available on our website at www.eldoradogold.com. Information contained on our website is not part of this annual report.

UNDERTAKING

The Company undertakes to make available, in person or by telephone, representatives to respond to inquiries made by the Commission staff, and to furnish promptly, when requested to do so by the Commission staff, information relating to: the securities registered pursuant to Form 40-F; the securities in relation to which the obligation to file an annual report on Form 40-F arises; or transactions in said securities.

CONSENT TO SERVICE OF PROCESS

The Company filed an Appointment of Agent for Service of Process and Undertaking on Form F-X with respect to the class of securities in relation to which the obligation to file the Form 40-F arises.
