PROXY STATEMENT
FARMERS & MERCHANTS BANCORP
111 WEST PINE STREET, LODI, CA 95240-2184

This proxy statement is furnished to the stockholders of Farmers & Merchants Bancorp (the "Company") in connection with the solicitation of proxies by the Board of Directors of the Company to be used in voting at the annual meeting of stockholders to be held on May 15, 2006 at the Lodi Grape Festival, Chardonnay Hall, 413 E. Lockeford Street, Lodi, CA at 4:00 p.m., and at any adjournment or postponement thereof. All expenses incidental to the preparation and mailing, or otherwise making available to all stockholders of the notice, proxy statement and form of proxy will be paid by the Company. This proxy statement and the enclosed proxy are being mailed to the Company's stockholders on or about April 14, 2006.

This proxy statement outlines the business to be conducted at the annual

Edgar Filing: FARMERS & MERCHANTS BANCORP - Form DEF 14A

meeting, which includes the election of Directors.

VOTING RIGHTS AND VOTE REQUIRED

Only stockholders of record at the close of business on April 3, 2006 (the "record date"), will be entitled to vote in person at the meeting or by proxy. On the record date, there were 821,550 shares of common stock outstanding and entitled to vote.

Holders of common stock of the Company are entitled to one vote for each share held, other than with respect to the election of Directors. Each stockholder may be eligible to exercise cumulative voting rights and may be entitled to as many votes as shall equal the number of shares of common stock held by such stockholder multiplied by the number of Directors to be elected, and such stockholder may cast all of such votes for a single nominee or may distribute them among two or more nominees. For example, if you own 10 shares of common stock of the Company and 11 Directors are being elected, you have 110 votes - you can cast all of them for one nominee, or two or more nominees if you so choose. No stockholder, however, shall be entitled to cumulate votes (i.e., cast for any one or more nominees a number of votes greater than the number of shares of common stock of the Company held by such stockholder) unless the name(s) of the nominee(s) has (have) been placed in nomination prior to the commencement of the voting in accordance with Article III, Section 3.4 of the Company's by-laws (which requires that nominations made other than by the Board of Directors be made by notification in writing delivered or mailed to the President of the Company not less than 30 days or more than 60 days prior to any meeting of stockholders) and, in accordance with Article II, Section 2.9 of the Company's by-laws, a stockholder has given at least two days written notice to the Secretary of the Company of an intention to cumulate votes prior to the vote. The Company's Annual Meeting of Stockholders is expected to be held on May 15, 2006. Accordingly, any stockholder nomination for election to the Board of Directors for the 2006 Annual Meeting of Stockholders, to be timely, must be received by the Company not later than April 15, 2006 and not earlier than March 16, 2006. If any stockholder has given such notice, all stockholders may cumulate their votes for nominees, in which event votes represented by proxies delivered pursuant to this proxy statement may be cumulated, at the discretion of the proxy holders, in accordance with the recommendation of the Board of Directors. Discretionary authority to cumulate votes in such event is, therefore, solicited in this proxy statement.

In the election of Directors, the 11 nominees receiving the highest number of votes will be elected. Approval of such other matters which properly come before the meeting, if any, will require the affirmative vote of a majority of the shares represented and voting at the meeting provided the quorum requirements of Article II, Section 2.7 of the by-laws are met (see "Voting of Proxies - Quorum" on page 2). Abstentions will not count as votes in favor of the election of Directors or any other proposals.

1

VOTING OF PROXIES - QUORUM

The shares represented by all properly executed proxies received in time for the meeting will be voted in accordance with the stockholders' choices specified therein; provided, however, that where no choices have been specified, the shares will be voted "FOR" the election of the 11 nominees for Director recommended by the Board of Directors and voted at the discretion of the proxy holders on such other matters, if any, which may properly come before the meeting (including any proposal to adjourn the meeting). A majority of the shares entitled to vote represented either in person or by properly executed proxies, will constitute a quorum at the meeting. Abstentions and broker

Edgar Filing: FARMERS & MERCHANTS BANCORP - Form DEF 14A

"non-votes" are each included in the determination of the number of shares present and voting for purposes of determining the presence of a quorum. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Abstentions will be included in tabulations of the votes cast on proposals presented to the stockholders and therefore will have the effect of a negative vote. Broker "non-votes" will not be counted for purposes of determining the number of votes cast for a proposal.

REVOCABILITY OF PROXY

A stockholder using the enclosed proxy may revoke the authority conferred by the proxy at any time before it is exercised (i.e., before the vote pursuant to that proxy) by delivering written notice of revocation or a duly executed proxy bearing a later date to the Secretary of the Company, or by appearing and voting by ballot in person at the meeting. In the event that signed proxies are returned without voting instructions, proxies will be voted in favor of election of the eleven (11) persons nominated for election as Directors as set forth in this Proxy Statement and such other matters, if any, which may properly come before the meeting (including any proposal to adjourn the meeting).

2

PROPOSAL 1

ELECTION OF DIRECTORS

At the meeting, it will be proposed to elect eleven (11) Directors of the Company, each to hold office until the next annual meeting and until their successors shall be elected and qualified. It is the intention of the proxy holders named in the enclosed proxy to vote such proxies (except those containing contrary instructions) for the eleven (11) nominees named below.

The following table sets forth the names of each of the nominees for election as a Director, their age, their principal occupation for the past five years and the period during which they have served as a Director of the Company (or the Bank).

There are no family relationships among the Directors and executive officers of the Company, and none of the Directors serves as a Director of any company which has a class of securities registered under, or subject to periodic reporting requirements of, the Securities Exchange Act of 1934, as amended, or any company registered as an investment company under the Investment Company Act of 1940.

The Board does not anticipate that any of the nominees will be unable to serve as a Director of the Company, but if that should occur before the meeting, the proxy holders, in their discretion, upon the recommendation of the Company's Board of Directors, reserve the right to substitute as nominee and vote for another person of their choice in the place and stead of any nominee unable so to serve. The proxy holders reserve the right to cumulate votes for the election of Directors and cast all of such votes for any one or more of the nominees, to the exclusion of the others, and in such order of preference as the proxy holders may determine in their discretion, based upon the recommendation of the Board of Directors.

REPORTS OF THE PERSONNEL AND AUDIT COMMITTEES

The reports of the Personnel Committee and the Audit Committee and additional descriptions of their functions are as follows:

REPORT OF THE PERSONNEL COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

The Personnel Committee reviews and establishes the general employment and compensation practices and policies and approves procedures for the administration thereof.

The Board of Directors of the Company and the Bank, operating through its Personnel Committee, establishes annual executive compensation for the Chief Executive Officer and the other executive officers of the Company based on their performance and comparative executive compensation levels at other banks of comparable size as determined through research performed by independent third party consultants and published in industry publications. This annual evaluation process is intended to establish a competitive compensation package that rewards each officer based on their contribution and performance, thereby serving to attract and retain talented individuals.

The Board has implemented a compensation program that includes two major components: (1) an annual base salary and bonus component; and (2) a longer term deferred compensation component.

Annual Base Salary and Bonus Program

Edgar Filing: FARMERS & MERCHANTS BANCORP - Form DEF 14A

Each executive officer receives a monthly base salary and is eligible to receive an annual discretionary cash bonus. Salaries are determined largely based upon comparative industry data and personal performance. Merit salary adjustments are evaluated periodically based on Bank and individual performance. Goals and objectives are established annually for each officer with performance measured and evaluated at least annually. Annual cash bonus compensation, if any, is awarded based on actual results against established goals.

Deferred Compensation Program

In developing the various components of a longer term compensation program, the Board has determined that at the present time it will not offer stock options or other stock-based compensation as part of the compensation package.

Accordingly, the Board has implemented a non-qualified deferred compensation program (see "Deferred Bonus Plan and Executive Retention Plan") for certain executive officers which provides incentive compensation based upon long term cumulative profitability and increases in the Company's total market capitalization. The cost of this program is expensed annually but is not paid-out until the individual executive officer leaves the Company or retires.

The Board has also implemented a supplemental non-qualified retirement program (see "Defined Contribution Plans - Indexed Retirement Plan") for certain executives whose compensation is in excess of the IRS limits placed on qualified retirement programs. The Board has structured the Indexed Retirement Plan as a defined contribution plan to avoid the uncertain future financial liabilities that can exist under a defined benefit plan. The cost of this program is expensed annually but is not paid-out until the individual executive officer leaves the Company or retires.

Performance Evaluation Measures

In evaluating the performance of each of the named executive officers, including the Chief Executive Officer, the Personnel Committee considers a combination of objective and subjective factors, including the following: (1) the Company's annual financial performance as measured by growth in market capitalization, return on

6

assets, return on equity and performance relative to the current year's budget; (2) progress towards achieving the Company's five year strategic plan; (3) results of the Company's and Bank's regulatory examinations; and (4) current economic conditions. Both the annual budget and strategic plan are approved in advance by the Board of Directors. The Personnel Committee assesses these factors and makes a recommendation to the full Board of Directors for approval. The Board also has contracted the services of an outside independent executive compensation consultant to survey similar size banking institutions in California and in similar markets nationally.

Chief Executive Officer

Compensation for the Company's Chief Executive Officer is determined using the same process and philosophy as for other executive officers. Each of the performance measures mentioned in the previous paragraph was considered for purposes of determining the compensation of the Chief Executive Officer.

The summary compensation earned by the Chief Executive Officer and each of the other named executive officers during 2005 is set forth in the "Summary Compensation Table".

Respectfully submitted,

Stewart C. Adams, Jr., Chairman
Harry C. Schumacher
Kevin Sanguinetti
Edward Corum, Jr.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee oversees relevant accounting, risk assessment, risk management and regulatory matters. It meets with the Bank's and the Company's internal auditors and the independent auditors to review the scope of their work as well as to review quarterly and annual financial statements and regulatory and public disclosures with the officers in charge of financial reporting, control and disclosure functions. After reviewing the independent auditor's qualifications, partner rotation and independence, the Audit Committee also makes an annual decision regarding selection of the independent auditors. In addition, the Audit Committee reviews reports of examination conducted by regulatory agencies and follows up with management concerning recommendations and required corrective action.

The Audit Committee reports regularly to the Boards of Directors of the Bank and the Company and has the authority to select, retain, terminate and approve the fees and other retention terms of special counsel or other experts or consultants as it deems appropriate and necessary to perform its duties.

In performing its functions, the Audit Committee acts in an oversight capacity and necessarily relies on the work and assurances of management, which has the primary responsibility for financial statements and reports, and of the independent auditors, who, in their report, express an opinion on the conformity of the Company's annual financial statements to generally accepted accounting principles.

In connection with the December 31, 2005 financial statements of the Company, the audit committee: (1) reviewed and discussed the audited financial statements with management and the independent auditors; (2) discussed with the independent auditors the matters required by Statement on Auditing Standards No. 61; and (3) received and discussed with the independent auditors the matters

7

required by Independence Standards Board Statement No. 1. The Audit Committee has also considered whether the independent auditors' provision of non-audit services to the Company is compatible with maintaining the auditors' independence. Based upon these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K filed with the Securities and Exchange Commission for the year ended December 31, 2005.

The Board of Directors has approved a written charter of the Audit Committee which is attached to this proxy statement as Exhibit A hereto.

Respectfully submitted,

Harry C. Schumacher, Chairman
Edward Corum, Jr.

DEFINED CONTRIBUTION PLANS

Profit Sharing Plan

Substantially all full-time employees of the Company with one or more years of service participate in a Profit Sharing Plan. Two levels of contributions are made to the Profit Sharing Plan: (1) mandatory contributions calculated according to a predetermined set of criteria set forth in the Plan; and (2) discretionary contributions authorized by the Board of Directors. The Board can terminate the plan at any time. The Bank contributed \$1,418,000 (\$725,000 was discretionary) for the year ended December 31, 2005 and \$1,305,000 (\$660,000 was discretionary) for the year ended December 31, 2004. Benefits pursuant to the Profit Sharing Plan vest 0% during the first year of participation, 25% per full year thereafter and after five years such benefits are fully vested.

Indexed Retirement Plan and Life Insurance Arrangements

During 2003, the Company implemented an Indexed Retirement Plan for the benefit of each Executive Officer as well as certain other senior officers of the Company. The Indexed Retirement Plan is a defined contribution supplemental executive retirement plan and was developed to supplement the Company's Profit Sharing Plan which, as a qualified plan, has a ceiling on benefits as set by the Internal Revenue Service. Individuals whose compensation exceeded this ceiling did not receive a retirement benefit on these earnings. The Indexed Retirement Plan was designed to adjust for these limits and provide levels of total compensation that are competitive in the banking industry.

The Company has also purchased single premium life insurance policies on the lives of the Executive Officers as well as certain other senior officers of the Company. These policies provide: (1) financial protection to the Company in the event of the death of an officer and; (2) since the interest earned on the cash surrender value of the policies is tax free as long as the policies are used to finance employee benefits, significant income to the Company to offset the expense associated with the Indexed Retirement Plan.

The Board has structured the Indexed Retirement Plan as a defined CONTRIBUTION plan to avoid the uncertain future financial liabilities that can exist under a defined BENEFIT plan. An account is established for each participant that is credited annually with an amount based on the taxable equivalent earnings on the cash surrender value balances of the single premium life insurance policies purchased, net of: (1) the mortality charges associated with the policies; and (2) a minimum required return (defined under the Plan as the return on five year treasuries) to the Company on these cash surrender value

Edgar Filing: FARMERS & MERCHANTS BANCORP - Form DEF 14A

balances. The initial cash surrender value of the life insurance policies purchased for each participant was determined based upon the individual's compensation at the time they became a participant in the plan and the number of years of service remaining to age 65 so as to provide a supplemental retirement benefit equal to a portion of the participant's projected final pay with the Company. Benefits become payable to participants after either: (1) the participant has become vested and his or her employment at the Company terminates (including retirement); or (2) there has been a "Change in Control" as defined in the Plan. The balance in each participant's account is 0% vested during the first five years of employment and becomes fully vested after five years of employment.

As compensation to each participant for agreeing to allow the Company to purchase an insurance policy on his or her life, split dollar agreements have been entered into with each participant. These agreements provide for a division of the life insurance death proceeds between the Company and each participant's designated beneficiary or beneficiaries. The dollar value of premiums relating to that portion of the death proceeds that would be payable to the participant's beneficiary or beneficiaries in the event of his or her death, is included in the participant's Salary in the Summary Compensation Table. As of December 31, 2005 a total of 18 employees had agreed to allow the Company to purchase an insurance policy on their life.

12

As of December 31, 2005 the total cash surrender value balances of the insurance policies was \$36.8 million. Since the purchase of the first insurance policies in late 2001, the Company has earned taxable equivalent income (assuming a 42% tax rate) on these policies of \$10.5 million, and recorded an expense of \$1.94 million for the Indexed Retirement Plan. The Company's total accrued liability under the Indexed Retirement Plan was \$1.94 million as of December 31, 2005.

DEFERRED BONUS PLAN AND EXECUTIVE RETENTION PLAN

Each of the CEO and the other Executive Officers are participants under the Deferred Bonus and Executive Retention Plans and are entitled to receive cash payments based on the long-term cumulative profitability and increase in market value of the Company using a bonus factor determined for each participant. Amounts become payable to eligible participants after either the participant has become vested and his or her employment at the Company terminates or there has been a "Change in Control" as defined in the Plan. Benefits pursuant to the Deferred Bonus Plan vest 0% during the first year of participation, 25% per full year thereafter and after five years such benefits are fully vested. Benefits pursuant to the Executive Retention Plan vest 10% per full year beginning in 2005 and after ten years are fully vested.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Edgar Filing: FARMERS & MERCHANTS BANCORP - Form DEF 14A

Certain Directors and Executive Officers of the Bank and the Company and corporations and other organizations associated with them and members of their immediate families were customers of and engaged in banking transactions, including loans, with the Bank in the ordinary course of business in 2005. Such loans were made on substantially the same terms, including interest rates and collateral, as those available at the time for similar transactions with other persons. These loans did not involve more than the normal risk of collection or have other unfavorable features.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. Schumacher, Sanguinetti, Corum and Adams served in 2005 as members of the Personnel Committee. With the exception of Mr. Schumacher, who retired as an employee in 1997, no member is or has been an officer or employee of the Company. During 2005, certain members of the Personnel Committee had loans or other extensions of credit outstanding from the Bank. These loans were made in the ordinary course of business and on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons. These loans are exempt from the loan prohibitions of the Sarbanes-Oxley Act of 2002 and did not involve more than the normal risk of collection or have other unfavorable features.

INDEMNIFICATION

The Company's Certificate of Incorporation and By-Laws provide for indemnification of officers, Directors, employees and agents to the fullest extent permitted by Delaware law. Delaware law generally provides for the payment of expenses, including attorneys' fees, judgments, fines and amounts paid in settlement reasonably incurred by the indemnitees provided such person acted in good faith and in a manner he or she reasonably believed not to be opposed to the best interests of the corporation and with respect to any criminal action or proceeding if he or she had no reasonable cause to believe his or her conduct was unlawful. However, in derivative suits, if the suit is lost, no indemnification is permitted in respect of any claim as to which the prospective indemnitee is adjudged to be liable for misconduct in the performance of his or her duty to the Company and then only if, and only to the extent that, a court of competent jurisdiction determines the prospective indemnitee is fairly and reasonably entitled to indemnity for such expenses as the court deems proper. Finally, no indemnification may be provided in

14

any action or suit in which the only liability asserted against a Director is pursuant to a statutory provision proscribing the making of loans, dividends, and distribution of assets under certain circumstances.

The provisions regarding indemnification may not be applicable under certain federal banking and securities laws and regulations.

COMPLIANCE WITH SECTION 16(a) OF THE EXCHANGE ACT

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's Executive Officers and Directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission. Executive Officers, Directors and greater than ten percent stockholders are required by regulation to furnish the Company with copies of all Forms 3, 4 and 5 they file. Based solely on the Company's review of the copies of such forms it has received, the Company believes that all of its Executive Officers and Directors complied with all filing requirements applicable to them with respect to transactions during 2005. The Company has no
