**Prospectus supplement summary**

*This summary highlights information contained elsewhere in, or incorporated by reference into, this prospectus supplement. Because this is a summary, it may not contain all the information that may be important to you. Therefore, you should also read the more detailed information set forth in this prospectus supplement and the accompanying prospectus, our financial statements and documents incorporated by reference into this prospectus supplement and the accompanying prospectus, before making a decision to invest in our Class A common stock. You should carefully read the section titled Risk factors in this prospectus supplement and the documents identified in the sections Where you can find more information and Incorporation of certain information by reference. Unless we indicate otherwise, the words we, our, us, NMIH and the Company refer to NMI Holdings, Inc. or NMI Holdings, Inc. and its subsidiaries.*

**NMI Holdings, Inc.**

NMI Holdings, Inc. provides private mortgage insurance ( mortgage insurance or MI ) through our wholly owned insurance subsidiaries, National Mortgage Insurance Corporation ( NMIC ) and National Mortgage Reinsurance Inc One ( Re One ). NMIC and Re One are domiciled in Wisconsin and principally regulated by the Wisconsin Office of the Commissioner of Insurance (the Wisconsin OCI ). NMIC is our primary insurance subsidiary, and is approved as an MI provider by Fannie Mae and Freddie Mac (the GSEs ) and is licensed to write coverage in all 50 states and the District of Columbia ( D.C. ). Re One provides reinsurance to NMIC on insured loans with coverage levels in excess of 25%, after giving effect to third-party reinsurance. Our subsidiary, NMI Services, Inc., provides outsourced loan review services to mortgage loan originators. NMI Holdings, Inc. acts principally as a holding company for our insurance subsidiaries and does not have any significant operations of its own.

MI protects lenders and investors from default-related losses on a portion of the unpaid principal balance of a covered mortgage. MI plays a critical role in the U.S. housing market by mitigating mortgage credit risk and facilitating the secondary market sale of high loan-to-value ( LTV ) (i.e., above 80%) residential loans to the GSEs, which are otherwise restricted by their charters from purchasing or guaranteeing high-LTV mortgages that are not covered by certain credit protections. Such credit protection and secondary market sales allow lenders to increase their capacity for mortgage commitments and expand financing access to existing and prospective homeowners.

NMIH, a Delaware corporation, was incorporated in May 2011, and we began start-up operations in 2012 and wrote our first MI policy in 2013. Since formation, we have sought to establish customer relationships with a broad group of mortgage lenders and build a diversified, high-quality insured portfolio. As of December 31, 2017, we had master policies with 1,267 customers, including national and regional mortgage banks, money center banks, credit unions, community banks, builder-owned mortgage lenders, internet-sourced lenders and other non-bank lenders. As of December 31, 2017, we had $51.7 billion of total insurance-in-force ( IIF ), including primary IIF of $48.5 billion, and $11.9 billion of gross risk-in-force ( RIF ), including primary RIF of $11.8 billion. For the year ended December 31, 2017, we generated new insurance written of $21.6 billion. As of December 31, 2017, we had 299 full-time employees.

Our principal executive offices are located at 2100 Powell Street, Emeryville, California 94608, and our telephone number is (855) 530-6642. Our website is located at www.nationalmi.com. **Risk factors**

*Investing in shares of our Class A common stock involves risks, including the risks described below. You should carefully consider the following information about these risks, together with the other information contained in this prospectus supplement and the accompanying prospectus and the information incorporated by reference into this prospectus supplement and the accompanying prospectus before purchasing shares of our Class A common stock. The risks that we have highlighted here are not the only ones that we face. For example, additional risks presently unknown to us or that we currently consider immaterial or unlikely to occur could also impair our operations. In addition, there are risks beyond our control. These risks could have a material adverse effect on our business, results of operations or financial condition and cause the value of our securities to decline, and you could lose all or part of your investment. You should carefully consider the risks described below and the risk factors included in our Annual Report on Form 10-K for the year ended December 31, 2017, as well as the other information included or incorporated by reference in this prospectus supplement and the accompanying prospectus, before making an investment decision.*

**Risks related to this offering and ownership of our Class A common stock**

***Our holding company structure and certain regulatory and other constraints could affect our ability to satisfy our obligations and potentially require us to raise more capital.***

NMIH serves as the holding company for our operating subsidiaries and does not have any significant operations of its own. NMIH s principal source of operating cash is investment income, and could in the future include dividends from NMIC, if available and permitted under law or by state insurance regulators or the GSEs. In addition, NMIH currently receives cash from our insurance subsidiaries, consisting of payments made under our tax and expense-sharing arrangements. NMIH depends on these sources of liquidity to make principal and interest payments under our outstanding term loan credit agreement (as described further in our Annual Report on Form 10-K for the year ended December 31, 2017) and to pay certain corporate expenses and income taxes, among other things. If payments to NMIH were curtailed or limited, there is a risk that NMIH would be unable to satisfy its financial obligations.

NMIC is a monoline insurance company restricted to writing residential MI business only, and Re One solely provides reinsurance to NMIC to comply with Ohio s coverage limit. The expense-sharing arrangements between us and our subsidiaries, as amended, have been approved by the Wisconsin OCI, but such approval may be revoked at any time.

Our dividend income is limited to upstream dividend payments from our subsidiaries, and such dividends are restricted by Wisconsin law. In general, dividends in excess of prescribed limits are deemed extraordinary and require approval of the Wisconsin OCI. Further, it is possible that Wisconsin will adopt revised statutory provisions or interpretations of existing statutory provisions that could be more restrictive than those currently in effect or will otherwise take actions that may further restrict the ability of our insurance subsidiaries to pay dividends or make distributions or returns of capital. NMIC reported a statutory net loss for the twelve months ended December 31, 2017 and cannot pay any dividends to NMIH through December 31, 2018 without the prior approval of the Wisconsin OCI. As a result of these dividend limitations, we do not expect to receive dividend income from our subsidiaries for several years, if at all.

In addition, to support NMIC s future growth, we could be required to provide additional capital support for NMIC and Re One if additional capital is required by the GSEs or pursuant to insurance laws and regulations. If we were unable to meet our obligations, our insurance subsidiaries could lose GSE approval and/or be required to cease writing business in one or more states, which would adversely impact our business, financial condition and operating results.

To the extent that the funds generated from investment income or by our ongoing operations and capitalization are insufficient to fund future operating requirements, we may need to raise additional funds through future financing activities, reduce our RIF, including through additional

TABLE OF CONTENTS

reinsurance, or curtail our growth and reduce our expenses. NMIH s future capital requirements depend on many factors, including NMIC s ability to successfully write new business, establish premium rates at levels sufficient to cover claims and operating costs and meet minimum required asset thresholds under the GSEs Private Mortgage Insurance Eligibility Requirements (the PMIERs ). We may choose to generate additional liquidity through the issuance of additional debt, equity or a combination of both. We can give no assurance that our efforts to raise capital, obtain additional reinsurance or otherwise reduce our RIF would be successful. If we cannot obtain adequate capital, our business, financial condition and operating results could be adversely affected.

***Our current credit ratings may adversely affect our ability to access capital and the cost of such capital, which could have a material adverse effect on our business, financial condition and operating results.***

Our current issuer credit and debt ratings are below investment grade. Our current credit ratings, or any future negative actions the credit agencies may take, could affect our ability to access the reinsurance, credit and capital markets in the future and could lead to worsened trade terms and adversely affect the cost, increasing our liquidity needs. An inability to access reinsurance, capital and credit markets when needed to continue to grow our business, refinance our existing debt or raise new debt or equity could have a material adverse effect on our business, financial condition, operating results and liquidity.

***We do not anticipate paying any dividends on our Class A common stock in the near future, and payment of any declared dividends may be delayed.***

Our insurance subsidiaries are required to obtain prior approval from our state of domicile regulator, the Wisconsin OCI or any successor domestic regulator, for the payment of any extraordinary dividend. Without the payment of dividends from NMIC to us, it may be difficult for us to pay dividends to stockholders.

We have not declared or paid dividends in the past, and we do not expect to pay dividends in the near future. We currently intend to retain all of our earnings, if any, to fund our growth. As a result, only appreciation in the price of our Class A common stock, which may not occur, will provide a return to investors. Any future declaration and payment of dividends by our board of directors (our Board ) will depend on many factors, including general economic and business conditions, our strategic plans, our financial results and condition, legal requirements and other factors that our Board deems relevant. In addition, we may enter into additional credit agreements or other debt arrangements in the future that will restrict our ability to declare or pay cash dividends on our Class A common stock.

***The market price of our Class A common stock may be volatile, which could cause the value of an investment in our Class A common stock to decline.***

The market price of our Class A common stock may fluctuate substantially and be highly volatile, which may make it difficult for stockholders to sell their shares of our Class A common stock at the volume, prices and times desired. There are many factors that impact the market price of our Class A common stock, including, without limitation:

- general market conditions, including price levels and volume and changes in interest rates;
- national, regional and local economic or business conditions;
- the effects of, and changes in, trade, tax, monetary and fiscal policies, including the interest rate policies of the Federal Reserve;
- changes in U.S. housing and housing finance policy, including changes to the GSEs;
- our actual or projected financial condition, liquidity, operating results, cash flows and capital levels;
- changes in, or failure to meet, our publicly disclosed expectations as to our future financial and operating performance;

S-4

TABLE OF CONTENTS

- publication of research reports about us, our competitors or the financial services industry generally, or changes in, or failure to meet, securities analysts' estimates of our financial and operating performance, or lack of research reports by industry analysts or ceasing of coverage;
- market valuations, as well as the financial and operating performance and prospects, of similar companies;
- future issuances or sales, or anticipated issuances or sales, of our Class A common stock or other securities convertible into or exchangeable or exercisable for our Class A common stock;
- additional indebtedness we may incur in the future;
- expenses incurred in connection with changes in our stock price, such as changes in the value of the liability reflected on our financial statements associated with outstanding warrants;
- the potential failure to establish and maintain effective internal controls over financial reporting;
- additions or departures of key personnel;
- our failure to satisfy the continued listing requirements of Nasdaq;
- our failure to comply with the Sarbanes-Oxley Act of 2002; and
- our treatment as an emerging growth company ( EGC ) under the federal securities laws.

The stock markets in general have experienced substantial volatility that has often been unrelated to the operating performance of particular companies. These types of broad market fluctuations may adversely affect the trading price of our Class A common stock. In the past, stockholders have sometimes instituted securities class action litigation against companies following periods of volatility in the market price of their securities. Any similar litigation against us could result in substantial costs, divert management's attention and resources and harm our business or operating results.

***The market price of our Class A common stock could decline due to the large number of outstanding shares of our Class A common stock eligible for future sale.***

As of December 31, 2017, we had 60,517,512 shares of our Class A common stock issued and outstanding. Of the outstanding shares of our Class A common stock, the 52,085,775 held by a person (or persons whose shares are aggregated) who is not deemed to be an affiliate of ours at any time during the three months preceding a sale, and who has beneficially owned restricted securities within the meaning of Rule 144 of the Securities Act of 1933, as amended (the Securities Act ), are eligible for resale in the public market. Sales of substantial amounts of our Class A common stock in the public market in the future, or the perception that these sales could occur, could cause the market price of our Class A common stock to decline. These sales could also make it more difficult for us to sell equity or equity-related securities in the future, at a time and place that we deem appropriate.

In addition, we have filed registration statements on Form S-8 under the Securities Act to register an aggregate of 5.5 million shares of our Class A common stock for issuance under our 2012 Stock Incentive Plan and an aggregate of 6 million shares of our Class A common stock for issuance under our Amended and Restated 2014 Omnibus Incentive Plan. Any shares issued in connection with acquisitions, the exercise of stock options or warrants or otherwise would dilute the percentage ownership held by investors who purchase our shares prior to such issuance.

***Future issuances of shares of our Class A common stock may depress our share price and might dilute the book value of our Class A common stock and reduce your influence over matters on which stockholders vote.***

We have the authority, without action or vote of our stockholders except as required under Nasdaq rules, to issue all or any part of our authorized but unissued shares of Class A common stock, including shares that may be issued to satisfy our obligations under our incentive plans, and securities and instruments that are convertible into shares of our Class A common stock. Although

TABLE OF CONTENTS

we are currently in compliance with state regulatory capital and PMIERs financial requirements, there can be no assurance we would not seek to raise additional equity capital to manage our capital position under PMIERs or state insurance law, to grow our book of business and for other purposes, including to pay off our outstanding term loan. Such stock issuances could be made at a price that reflects a discount or a premium from the then-current trading price of our Class A common stock and might dilute the book value of our Class A common stock or result in a decrease in the per share price of our Class A common stock.

***Our Class A common stock is subordinate to our existing and future indebtedness.***

Shares of our Class A common stock are equity interests and do not constitute indebtedness of NMIH. This means that shares of our Class A common stock rank junior to all our existing and future indebtedness and our other non-equity claims with respect to assets available to satisfy claims against us, including claims in the event of our liquidation.

***Future issuance of debt or preferred stock, which would rank senior to our Class A common stock upon our liquidation, may adversely affect the market value of our Class A common stock.***

In the future, we may attempt to increase our capital resources by issuing additional debt, including bank debt, commercial paper, medium-term notes, senior or subordinated notes or classes of shares of preferred stock. Our preferred stock, if issued, could have a preference on liquidating distributions or a preference on dividend payments that would limit amounts available for distribution to holders of shares of our Class A common stock. Accordingly, in the event of our liquidation, holders of our debt securities and preferred stock and lenders with respect to our outstanding term loan or other future borrowings, if any, would receive a distribution of our available assets prior to the holders of shares of our Class A common stock. Any decision to issue debt or preferred stock in the future will depend on market conditions and other factors, some of which will be beyond our control. We cannot predict or estimate the amount, timing or nature of such future issuances. Holders of our Class A common stock bear the risk of such future issuances of debt or preferred stock reducing the market value of our Class A common stock.

***The benefit of our net operating loss carryforwards could be substantially limited if we experience an ownership change as defined in Section 382 of the Internal Revenue Code, as amended ( Section 382 ).***

At December 31, 2017, we had approximately $93.3 million of federal net operating loss carryforwards ( NOLs ) that we can use in certain circumstances to offset future taxable income and thus reduce our federal income tax liability. Our ability to fully utilize our existing NOLs could be limited or eliminated in various ways, including (i) if we experience an ownership change within the meaning of Section 382; (ii) due to changes in federal laws and regulations that could negatively impact our ability to recognize benefits from our NOLs; or (iii) should we not attain sufficient profitability prior to the expiration of the NOLs. There can be no assurance that we will have sufficient taxable income to be able to fully utilize our NOLs prior to their expiration.

An ownership change, under Section 382, is generally defined as greater than a 50% change in equity ownership by value over a rolling three-year period. These rules generally operate by focusing on changes in the ownership among stockholders owning, directly or indirectly, 5% or more of a company s common stock (including changes involving a stockholder becoming a 5% stockholder) or any change in ownership arising from a new issuance of stock or share repurchases by the company. We could experience an ownership change in the future as a result of changes in our Class A common stock ownership that may or may not be within our control. If an ownership change were to occur, Section 382 would impose an annual limit on the amount of NOLs we could use to reduce our taxable income. The annual limit under Section 382 is primarily driven by the fair market value of the company multiplied by the federal long-term tax exempt rate. A number of complex rules apply in calculating this annual limit, which could be material and could significantly impair the value of our net deferred tax assets and, as a result, have a material negative impact on our consolidated financial statements.

S-6

TABLE OF CONTENTS

***We will retain our status as an EGC until December 31, 2018, and the reduced disclosure requirements applicable to EGCs may make our Class A common stock less attractive to investors.***

As an EGC, we are relieved from certain significant requirements, including, among other things, the requirement to comply with certain provisions of the Sarbanes-Oxley Act of 2002 ( Sarbanes-Oxley ) and the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and certain provisions and reporting requirements of or under the Securities Act and the Exchange Act, which has the effect of reducing the amount of information that we are currently required to provide. For example, as an EGC, we are exempt from complying with Section 404(b) of Sarbanes-Oxley, which otherwise would have required our auditors to attest to and report on our internal control over financial reporting. These reduced disclosure requirements may make our Class A common stock less attractive to investors. To the extent that other companies do not, or cannot, take advantage of the benefits under the JOBS Act, this distinction may make our Class A common stock less attractive to investors.

***Provisions contained in our organizational documents, as well as provisions of Delaware law and Wisconsin insurance law, could delay or prevent a change of control of us, which could adversely affect the price of shares of our Class A common stock.***

Our certificate of incorporation and bylaws and Delaware law contain provisions that could have the effect of rendering more difficult or discouraging an acquisition deemed undesirable by our Board. Our corporate governance documents include provisions that:

- provide that special meetings of our stockholders generally can only be called by the chairman of our Board or the president or by resolution of our Board;
- provide our Board the ability to issue undesignated preferred stock, the terms of which may be established and the shares of which may be issued without stockholder approval, and which may grant preferred holders voting, special approval, dividend or other rights or preferences superior to the rights of the holder of Class A common stock;
- provide our Board the ability to issue Class A common stock and warrants within the amount of authorized capital;
- provide that, subject to the rights of the holders of any series of preferred stock with respect to such series of preferred stock, any action required or permitted to be taken by our stockholders must be effected at a duly called annual or special meeting of our stockholders and may not be effected by any consent in writing by such stockholders; and
- provide that stockholders seeking to bring business before our annual meeting of stockholders, or to nominate candidates for election as directors at our annual meeting of stockholders, generally must provide timely advance notice of their intent in writing and certain other information not less than 90 days nor more than 120 days prior to the meeting.

These provisions, alone or together, could delay hostile takeovers and changes of control of the Company or changes in our management.

As a Delaware corporation, we are also subject to anti-takeover provisions of Delaware law. The Delaware General Corporation Law (the DGCL ) provides that stockholders are not entitled the right to cumulate votes in the election of directors unless a corporation s certificate of incorporation provides otherwise. Our certificate of incorporation does not provide for cumulative voting in the election of directors.

We are subject to Section 203 of the DGCL, which, subject to certain exceptions, prohibits a public Delaware corporation from engaging in a business combination (as defined in such section) with an interested stockholder (defined generally as any person who beneficially owns 15% or more of the outstanding voting stock of such corporation or any person affiliated with such person) for a period of three years following the time that such stockholder became an interested stockholder, unless (i) prior to such time, the board of directors of such corporation approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder; (ii) upon consummation of the transaction that resulted in the stockholder becoming

S-7

TABLE OF CONTENTS

an interested stockholder, the interested stockholder owned at least 85% of the voting stock of such corporation at the time the transaction commenced (excluding for purposes of determining the voting stock outstanding (but not the outstanding voting stock owned by the interested stockholder) the voting stock owned by directors who are also officers or held in employee benefit plans in which the employees do not have a confidential right to tender or vote stock held by the plan); or (iii) on or subsequent to such time the business combination is approved by the board of directors of such corporation and authorized at a meeting of stockholders by the affirmative vote of at least two-thirds of the outstanding voting stock of such corporation not owned by the interested stockholder.

In addition, Wisconsin s insurance laws and regulations generally provide that no person may acquire control of us unless the transaction in which control is acquired has been approved by the Wisconsin OCI. The regulations provide for a rebuttable presumption of control when a person owns or has the right to vote more than 10% of our voting securities. In addition, the insurance laws and regulations of other states in which NMIC and/or Re One are licensed insurers require notification to the state s insurance department a specified period before a person acquires control of us. If regulators in these states disapprove the change of control, our licenses to conduct business in the disapproving states could be terminated.

Any provision of our certificate of incorporation or bylaws or Delaware law or under the Wisconsin insurance regulations that has the effect of delaying or deterring a change in control could limit the opportunity for our stockholders to receive a premium for their shares of Class A common stock, and could also affect the price that some investors are willing to pay for shares of our Class A common stock.

***Our management has broad discretion over the use of proceeds from this offering.***

Our management has significant flexibility in applying the proceeds that we receive from this offering. Although we have indicated that we intend to use the net proceeds of this offering of Class A common stock for general corporate purposes, including, but not limited to, making capital contributions to support the growth of our subsidiaries, our management retains significant discretion with respect to the use of proceeds, which use of proceeds may not generate a favorable return for us.

TABLE OF CONTENTS

**Certain United States federal income tax considerations for non-U.S. holders**

The following is a general discussion of certain United States federal income tax considerations with respect to the ownership and disposition of our Class A common stock applicable to non-U.S. holders who acquire such Class A common stock in this offering and hold such Class A common stock as a capital asset within the meaning of Section 1221 of the Code (generally, property held for investment). For purposes of this discussion, a non-U.S. holder means a beneficial owner of our Class A common stock (other than an entity or arrangement that is treated as a partnership for U.S. federal income tax purposes) that is not, for U.S. federal income tax purposes, any of the following:

- an individual who is a citizen of the United States or who is a resident of the United States;
- a corporation, or other entity taxable as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of United States, any state thereof or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust (a) if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (b) that has a valid election in effect under applicable Treasury regulations to be treated as a U.S. person.

This summary is for general information purposes only and does not purport to address all aspects of the United States federal income tax consequences that may be important to a particular non-U.S. holder in light of that non-U.S. holder's individual circumstances. This discussion does not address the effect of any special rules applicable to certain types of holders, including, for example:

- dealers in securities or currencies;
- banks or other financial institutions;
- thrifts;
- regulated investment companies;
- real estate investment trusts;
- insurance companies;
- tax-exempt entities;
- grantor trusts;
- former citizens and residents of the United States;
- persons holding Class A common stock as part of a hedging, integrated or conversion transaction, a constructive sale, a straddle or other risk reduction transaction;
- traders in securities that elect the mark-to-market method of tax accounting for their securities;
- persons subject to the alternative minimum tax;
- corporations treated as personal holding companies, controlled foreign corporations, or passive foreign investment companies ;
- individual retirement accounts, qualified pension plans and other tax-deferred accounts; or
- partnerships or other entities or arrangements treated as partnerships for United States federal income tax purposes and other pass-through entities (or investors therein).

This discussion does not address any tax consequences arising under the unearned income Medicare contribution tax, any considerations in respect of any withholding required pursuant to the provisions of the Code commonly referred to as FATCA (including the Treasury Regulations

TABLE OF CONTENTS

promulgated thereunder and intergovernmental agreements entered into pursuant thereto), and any state, local or foreign tax consequences, nor does it address any United States federal tax considerations other than those pertaining to the income tax. This discussion does not address the effect of any United States state or local income or other tax laws, any United States federal estate and gift tax laws, any foreign tax laws, or any tax treaties.

The discussion below is based upon current provisions of the Code, and U.S. Treasury regulations promulgated thereunder, rulings, pronouncements, administrative interpretations of the Internal Revenue Service (the IRS ) and judicial decisions as of the date hereof, and such authorities may be replaced, revoked or modified, possibly with retroactive effect, so as to result in United States federal tax consequences different from those discussed below.

If an entity or arrangement treated as a partnership for U.S. federal income tax purposes holds Class A common stock, the tax treatment of a person treated as a partner in such partnership will generally depend upon the status of the partner and the activities of the partnership. Entities or arrangements treated as partners of a partnership for United States federal income tax purposes holding Class A common stock should consult their tax advisors as to the particular U.S. federal income tax consequences applicable to them.

This summary does not contain a detailed description of all the United States federal tax consequences to non-U.S. holders in light of their particular circumstances and is not intended to constitute a complete description of all tax consequences for non-U.S. holders relating to the ownership and disposition of our Class A common stock. **Non-U.S. holders who are considering the purchase, ownership or disposition of Class A common stock should consult their own tax advisors concerning the tax consequences to them in light of their particular situation as well as any consequences arising under the laws of any other taxing jurisdiction or any laws other than those pertaining to United States federal income tax.**

***Taxation of Dividends***

In general, any distribution we make to a non-U.S. holder with respect to its shares of our Class A common stock that constitutes a dividend for U.S. federal income tax purposes generally will be subject to withholding of United States federal income tax at a 30% rate or such lower rate as may be specified by an applicable income tax treaty if the non-U.S. holder provides proper certification of his, her or its eligibility for such reduced rate. A distribution will constitute a dividend for United States federal income tax purposes to the extent of our current or accumulated earnings and profits as determined for United States federal income tax purposes. Any distribution in excess of our current or accumulated earnings and profits will be treated first as reducing the adjusted basis in the non-U.S. holder's shares of our Class A common stock and, to the extent it exceeds the adjusted basis in the non-U.S. holder's shares of our Class A common stock, as gain from the sale or exchange of such stock, as described below under –Taxation of Dispositions .

Dividends we pay to a non-U.S. holder that are effectively connected with the conduct of a trade or business by a non-U.S. holder within the United States (and, if required by an applicable income tax treaty, are attributable to a United States permanent establishment or fixed base of the non-U.S. holder) will not be subject to the withholding tax described above, provided certain certification and disclosure requirements (generally on an IRS Form W-8ECI) are satisfied. Instead, such dividends are subject to United States federal income tax on a net-income basis in the same manner as if the non-U.S. holder were a United States person as defined under the Code. Any such effectively connected dividends received by a foreign corporation may be subject to an additional "branch profits tax" at a 30% rate or such lower rate as may be specified by an applicable income tax treaty.

A non-U.S. holder of Class A common stock who wishes to claim the benefits of an applicable income tax treaty and avoid backup withholding, as discussed below, for dividends will be required (a) to complete IRS Form W-8BEN or Form W-8BEN-E (or other applicable form) and certify under penalties of perjury that it is not a United States person

as defined under the Code and is eligible for treaty benefits or (b) if Class A common stock is held through certain foreign intermediaries, to

TABLE OF CONTENTS

satisfy the relevant certification requirements of applicable United States Treasury regulations. Special certification and other requirements apply to certain non-U.S. holders that are entities rather than individuals. Non-U.S. holders should consult their own advisors regarding the certification requirements applicable to them.

A non-U.S. holder of Class A common stock eligible for a reduced rate of United States withholding tax pursuant to an income tax treaty may obtain a refund of any excess amounts withheld by filing an appropriate claim for refund with the IRS.

***Taxation of Dispositions***

Any gain realized on the sale or other disposition of Class A common stock generally will not be subject to United States federal income tax unless:

- the gain is effectively connected with the conduct of a trade or business carried on by the non-U.S. holder within the United States (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment or fixed base of such non-U.S. holder);
- such gain is recognized by an individual who is present in the United States for 183 days or more in the taxable year of that disposition and certain other conditions are met; or
- we are or have been a "United States real property holding corporation" for United States federal income tax purposes at any time within the shorter of the five-year period preceding such disposition or such non-U.S. holder's holding period of our Class A common stock.

An individual non-U.S. holder described in the first bullet point immediately above generally will be subject to tax on the net gain derived from the sale or other disposition under regular graduated United States federal income tax rates. If the non-U.S. holder is a foreign corporation, it may be subject to the branch profits tax equal to 30% of its effectively connected earnings and profits or at such lower rate as may be specified by an applicable income tax treaty. An individual non-U.S. holder described in the second bullet point immediately above will be subject to a flat 30% (or such lower rate as may be specified by an applicable income tax treaty) tax on the gain derived from the sale or other disposition, which may be offset by United States source capital losses realized in such year.

We believe we are not, and we do not anticipate becoming, a "United States real property holding corporation" for United States federal income tax purposes.

***Information Reporting and Backup Withholding***

Information reporting generally will apply to the amount of dividends paid to a non-U.S. holder and any tax withheld with respect to such non-U.S. holder. These reporting requirements apply regardless of whether withholding was reduced or eliminated by an applicable tax treaty. Copies of this information reporting may also be made available to the tax authorities in the country in which the non-U.S. holder resides or is established under the provisions of an applicable income tax treaty or agreement.

A non-U.S. holder will be subject to backup withholding (currently at a 24% rate) for dividends paid to such holder unless it certifies under penalties of perjury that it is a non-U.S. person (and the payor does not have actual knowledge or reason to know that it is a United States person as defined under the Code) and otherwise complies with all applicable requirements of the backup withholding rules, or it otherwise establishes an exemption.

Information reporting and backup withholding will apply to the proceeds of a sale or other disposition of Class A common stock within the United States or conducted through certain United States-related financial intermediaries, unless the beneficial owner certifies under penalty of perjury that it is a non-U.S. holder (and the payor does not have actual knowledge or reason to know that the beneficial owner is a United States person as defined under the Code), or

such owner otherwise establishes an exemption.

Information reporting will also apply if a non-U.S. holder sells its shares of our Class A common stock through a foreign broker deriving more than a specified percentage of its income from U.S.

TABLE OF CONTENTS

sources or having certain other connections to the United States, unless such broker has documentary evidence in its records that such non-U.S. holder is a non-U.S. person and certain other conditions are met or such non-U.S. holder otherwise establishes an exemption.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or as a credit against a non-U.S. holder's United States federal income tax liability, if any, or refunded, provided the required information is timely furnished to the IRS.

Non-U.S. holders should consult their tax advisors regarding the application of the information reporting and backup withholding rules to them.

The underwriters propose to offer the shares of Class A common stock directly to the public at the initial public offering price set forth on the cover page of this prospectus supplement and to certain dealers at that price less a concession not in excess of $ per share. Any such dealers may resell shares to certain other brokers or dealers at a discount of up to $ per share from the initial public offering price. After the initial offering of the shares to the public, if not all of the shares have been sold, the offering price and other selling terms may be changed by the underwriters. Sales of shares made outside of the United States may be made by affiliates of the underwriters.

The underwriters have an option to buy up to 555,000 additional shares of Class A common stock from us to cover sales of shares by the underwriters which exceed the number of shares specified in the table above. The underwriting fee is equal to the public offering price per share of Class A common stock less the amount paid by the underwriters to us per share of Class A common stock. We have agreed that for a period of 60 days after the date of this prospectus supplement, we will not (i) offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, or otherwise transfer or dispose of, directly or indirectly, or file with the Securities and Exchange Commission (the SEC ) a registration statement under the Securities Act relating to, any shares of our Class A common stock or any securities convertible into or exercisable or exchangeable for any shares of our Class A common stock, or publicly disclose the intention to make any such offer, sale, pledge, disposition or filing or (ii) enter into any swap or other agreement that transfers, in whole or in part, any of the economic consequences of ownership of any shares of our Class A common stock or any such other securities (regardless of whether any of these transactions are to be settled by the delivery of shares of our Class A common stock or such other securities, in cash or otherwise), in each case without the prior written consent of J.P. Morgan Securities LLC, other than (A) the shares of our common stock to be sold hereunder, (B) issuances of options to purchase our Class A common stock or other equity-based awards pursuant to the Company s existing benefit and equity incentive plans described in the registration statement of which this prospectus supplement is a part, and the accompanying prospectus, (C) any shares of our Class A common stock issued upon the exercise of an option or warrant or the vesting or settlement of any restricted stock units or other equity awards outstanding as of the date hereof or issued after the date hereof in accordance with clause (B) above or (D) the registration under the Securities Act of the Company s warrants outstanding as of the date hereof or the Class A common stock or other securities of the Company described in clause (B) or (C) above.

Our directors and executive officers have entered into lock up agreements with the underwriters prior to the commencement of this offering pursuant to which each of them, for a period of 60 days after the date of this prospectus supplement, may not, without the prior written consent of J.P. Morgan Securities LLC, (1) offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, or otherwise transfer or dispose of, directly or indirectly, any shares of our Class A common stock or any securities convertible into or exercisable or exchangeable for our Class A common stock (including, without limitation, Class A common stock or such other securities which may be deemed to be beneficially owned by such directors and executive officers in accordance with the rules and regulations of the SEC and securities which may be issued upon exercise of a stock option or warrant), or publicly disclose the intention to make any such offer, sale, pledge or disposition, (2) enter into any swap or other agreement that transfers, in whole or in part, any of the economic consequences of ownership of the Class A common stock or such other securities, whether any such transaction described in clause (1) or (2) above is to be settled by delivery of Class A common stock or such other securities, in cash or otherwise or (3) make any demand for or exercise any right with respect to the registration of any shares of our Class A common stock or any security convertible into or exercisable or exchangeable for our Class A common stock, subject to certain exceptions, including (A) the exercise of options or warrants (including, for the avoidance of doubt, dispositions in connection with the net exercise or settlement of options or warrants), provided that the underlying shares of our Class A common stock shall continue to be subject to the restrictions on transfer set forth in this paragraph, (B) as a bona fide gift or gifts or as a result of testate or intestate succession, (C) to any trust for the direct or indirect benefit of such director or executive officer or the immediate family of such director or executive officer, (D) to us as required or permitted by our equity plans in order to reimburse or pay federal income tax and withholding obligations in connection with vesting or settlement of restricted stock grants, restricted stock units or options, (E) as collateral for any loan, (F) with respect to sales of securities acquired after the closing of this offering in the open market and (G) pursuant to a bona fide third-party tender offer,

merger, consolidation, business combination, stock purchase or other similar transaction or series of related transactions approved by our Board of Directors and made to all holders of our Class A common stock and that would result in a Change in Control, provided, that in the event that such tender offer, merger, consolidation, business combination, stock purchase or transaction or series of related transactions is not completed, such director s or executive officer s shares of our Class A common stock will remain subject to the restrictions set forth herein; provided that in the case of any transfer or distribution pursuant to clause (B), (C) or (E) each transferee, donee or distributee shall execute and deliver to the Representatives a lock-up letter substantially on the terms described in this paragraph; and provided, further, that in the case of any transfer or distribution pursuant to clause (C) or (E), no filing by any party (donor, donee, transferor or transferee) under Section 16(b) of the Exchange Act, or other public announcement shall be required or shall be made voluntarily in connection with such transfer or distribution during such 60-day period. For purposes of this paragraph, immediate family means any relationship by blood, marriage or adoption, not more remote than first cousin, and Change in Control means the transfer (whether by tender offer, merger, consolidation or other similar transaction), in one transaction or a series of related transactions, to a person or group of affiliated persons (other than an Underwriter pursuant to this offering), of our voting securities if, after such transfer, such person or group of affiliated persons would hold more than 50% of our outstanding voting securities (or of the surviving entity).

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act.

In connection with this offering, the underwriters may engage in stabilizing transactions, which involves making bids for, purchasing and selling shares of Class A common stock in the open market for the purpose of preventing or retarding a decline in the market price of our Class A common stock while this offering is in progress. These stabilizing transactions may include making short sales of our Class A common stock, which involves the sale by the underwriters of a greater number of shares of Class A common stock than they are required to purchase in this offering, and purchasing shares of Class A common stock on the open market to cover positions created by short sales. Short sales may be covered shorts, which are short positions in an amount not greater than the underwriters option to purchase additional shares referred to above, or may be naked shorts, which are short positions in excess of that amount. The underwriters may close out any covered short position either by exercising their option to purchase additional shares, in whole or in part, or by purchasing shares in the open market. In making this determination, the underwriters will consider, among other things, the price of shares available for purchase in the open market compared to the price at which the underwriters may purchase shares through the option to purchase additional shares. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of our Class A common stock in the open market that could adversely affect investors who purchase in this offering. To the extent that the underwriters create a naked short position, they will purchase shares in the open market to cover the position.

The underwriters have advised us that, pursuant to Regulation M of the Securities Act, they may also engage in other activities that stabilize, maintain or otherwise affect the price of our Class A common stock, including the imposition of penalty bids. This means that if the representatives of the underwriters purchase Class A common stock in the open market in stabilizing transactions or to cover short sales, the representatives can require the underwriters that sold those shares as part of this offering to repay the underwriting discount received by them.

These activities may have the effect of raising or maintaining the market price of our Class A common stock or preventing or retarding a decline in the market price of our Class A common stock, and, as a result, the price of our Class A common stock may be higher than the price that otherwise might exist in the open market. If the underwriters commence these activities, they may discontinue them at any time. The underwriters may carry out these transactions on Nasdaq, in the over the counter market or otherwise.

In addition, in connection with this offering certain of the underwriters (and selling group members) may engage in passive market making transactions in our Class A common stock on

TABLE OF CONTENTS

Nasdaq prior to the pricing and completion of this offering. Passive market making consists of displaying bids on Nasdaq no higher than the bid prices of independent market makers and making purchases at prices no higher than these independent bids and effected in response to order flow. Net purchases by a passive market maker on each day are generally limited to a specified percentage of the passive market maker s average daily trading volume in our Class A common stock during a specified period and must be discontinued when such limit is reached. Passive market making may cause the price of our Class A common stock to be higher than the price that otherwise would exist in the open market in the absence of these transactions. If passive market making is commenced, it may be discontinued at any time.

TABLE OF CONTENTS

**NMI HOLDINGS, INC.**

NMI Holdings, Inc. provides private mortgage insurance ( mortgage insurance or MI ) through our wholly owned insurance subsidiaries, National Mortgage Insurance Corporation ( NMIC ) and National Mortgage Reinsurance Inc One ( Re One ). NMIC and Re One are domiciled in Wisconsin and principally regulated by the Wisconsin Office of the Commissioner of Insurance. NMIC is our primary insurance subsidiary, and is approved as an MI provider by Fannie Mae and Freddie Mac (the GSEs ) and is licensed to write coverage in all 50 states and the District of Columbia ( D.C. ). Re One provides reinsurance to NMIC on insured loans with coverage levels in excess of 25%, after giving effect to third-party reinsurance. Our subsidiary, NMI Services, Inc., provides outsourced loan review services to mortgage loan originators. NMI Holdings, Inc. acts principally as a holding company for our insurance subsidiaries and does not have any significant operations of its own.

MI protects lenders and investors from default-related losses on a portion of the unpaid principal balance of a covered mortgage. MI plays a critical role in the U.S. housing market by mitigating mortgage credit risk and facilitating the secondary market sale of high loan-to-value ( LTV ) (i.e. above 80%) residential loans to the GSEs, who are otherwise restricted by their charters from purchasing or guaranteeing high-LTV mortgages that are not covered by certain credit protections. Such credit protection and secondary market sales allow lenders to increase their capacity for mortgage commitments and expand financing access to existing and prospective homeowners.

NMIH, a Delaware corporation, was incorporated in May 2011, and we began start-up operations in 2012 and wrote our first MI policy in 2013. Since formation, we have sought to establish customer relationships with a broad group of mortgage lenders and build a diversified, high-quality insured portfolio. As of December 31, 2017, we had master policies with 1,267 customers, including national and regional mortgage banks, money center banks, credit unions, community banks, builder-owned mortgage lenders, internet-sourced lenders and other non-bank lenders. As of December 31, 2017, we had $51.7 billion of total insurance-in-force ( IIF ), including primary IIF of $48.5 billion, and $11.9 billion of gross risk-in-force ( RIF ), including primary RIF of $11.8 billion. For the year ended December 31, 2017, we generated new insurance written of $21.6 billion. As of December 31, 2017, we had 299 full-time employees.

Our principal executive offices are located at 2100 Powell Street, Emeryville, California 94608, and our telephone number is (855) 530-6642. Our website is located at www.nationalmi.com. The information contained on our website is not part of this prospectus or any accompanying prospectus supplement.

## DESCRIPTION OF OUR CAPITAL STOCK

The following is a general description of our capital stock. The terms of our amended and restated certificate of incorporation and by-laws are more detailed than the general information provided below. You should read our amended and restated certificate of incorporation and by-laws, which are incorporated by reference as exhibits to the registration statement of which this prospectus forms a part.

### *Authorized and Outstanding Capital Stock*

Our certificate of incorporation authorizes us to issue 250,000,000 shares of Class A common stock, $0.01 par value per share (which we refer to herein as our Class A common stock or our common stock ), 250,000 shares of Class B non-voting common stock, $0.01 par value per share, and 10,000,000 shares of preferred stock, $0.01 per share.

In 2012, we sold all 250,000 authorized shares of our Class B non-voting common stock to Messrs. Shuster and another of our founders for nominal consideration. Since that time, each share of Class B non-voting common stock issued and outstanding was automatically converted into, and became entitled to the rights set forth herein, or that otherwise may exist at law, associated with, one fully paid and non-assessable share of Class A common stock without any action by the holder or by us. Pursuant to our amended and restated certificate of incorporation, the shares of Class B non-voting common stock that have been converted have been retired and may not be reissued.

As of February 21, 2018, 60,627,736 shares of our common stock were outstanding, no shares of Class B non-voting common stock were outstanding, and no shares of preferred stock were outstanding.

### *Description of Common Stock*

*Voting Power*. Except as otherwise required by law or as otherwise provided in any certificate of designation for any series of preferred stock, the holders of our common stock possess all voting power for the election of our directors and all other matters requiring stockholder action. Each holder of our common stock is entitled to one vote for each share on all matters to be voted upon by the stockholders, and there are no cumulative voting rights. Except as otherwise provided by law, our amended and restated certificate of incorporation or our amended and restated by-laws or in respect of the election of directors, all matters to be voted on by our stockholders must be approved by a majority of the shares present in person or by proxy at the meeting and entitled to vote on the subject matter. In the case of an election of directors, where a quorum is present a plurality of the votes cast shall be sufficient to elect each director.

*Dividends*. Holders of common shares are entitled to receive ratably the dividends, if any, as may be declared from time to time by the board of directors out of funds legally available therefor. In no event will any stock dividends or stock splits or combinations of stock be declared or made on our common stock unless all shares of common stock at the time outstanding are treated equally and identically.

*Liquidation*. If we liquidate, dissolve or wind up, (i) the rights of the holders of any outstanding shares of preferred stock will first be satisfied; and (ii) thereafter, the holders of our common stock will be entitled to receive all of our remaining assets of whatever kind available for distributions to such holders.

*Preemptive or Other Rights*. Holders of our common stock have no preemptive or conversion rights or other subscription rights, and there are no redemption or sinking fund provisions applicable to the common stock. The rights, preferences and privileges of the holders of our common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock which we may designate in the future.

### *Description of Preferred Stock*

*General*. The preferred stock authorized under our amended and restated certificate of incorporation may be issued from time to time in one or more series. Our board of directors has the full authority permitted by law to establish, without further stockholder approval, one or more series and the number of shares constituting each such series and to fix or alter from time to time the designation, powers, preferences and rights of the shares of each such series and the qualifications, limitations or restrictions of any wholly unissued series of preferred stock, and to establish from time to time the number of shares constituting any such series or any of them, and

TABLE OF CONTENTS

subject to the limitation on the total number of shares of preferred stock which we have authority to issue under our amended and restated certificate of incorporation, to increase or decrease the number of shares of any series subsequent to the issuance of shares of that series, but not below the number of shares of such series then outstanding. In case the number of shares of any series is so decreased, the shares constituting such decrease will resume the status which they had prior to the adoption of the resolution originally fixing the number of shares of such series. Subject to applicable law and our amended and restated certificate of incorporation and by-laws, we may amend from time to time our amended and restated certificate of incorporation and by-laws to increase the number of authorized shares of preferred stock or common stock or to make other changes or additions.

Any preferred stock that we issue under this prospectus will have the voting, dividend, liquidation, redemption and conversion rights described below, unless otherwise provided in the prospectus supplement relating to a particular series of preferred stock. You should read the prospectus supplement relating to the particular series of preferred stock for specific terms of the series, including:

- the title and liquidation preference per share and the number of shares offered;
- the price at which shares of the series will be sold;
- the form of dividend and dividend rate, if any, or method of calculation of dividends, the dates on which dividends will be payable, whether such dividends shall be cumulative or noncumulative and, if cumulative, the dates from which dividends will commence to accumulate;
- any redemption or sinking fund provisions;
- any conversion provisions; and
- any additional dividend, liquidation, redemption or sinking fund provisions and other rights, preferences, privileges, limitations and restrictions of such preferred stock.

When issued, the preferred stock will be fully paid and nonassessable. Unless otherwise specified in the prospectus supplement relating to a series of preferred stock, in the event of a liquidation, each series of preferred stock will rank on a parity as to dividends and distributions with all other outstanding preferred stock, if any. The following is a discussion of terms we expect to be generally applicable to the preferred stock that we may issue from time to time. The particular terms relating to a series of preferred stock that we offer pursuant to this prospectus, which may be different from or in addition to the terms described below, will be set forth in a prospectus supplement relating to such series of preferred stock.

*Voting Rights*. If we issue shares of any series of preferred stock, holders of such shares will be entitled to one vote for each share held on matters on which holders of such series are entitled to vote, as set forth in the prospectus supplement with respect to such series or as expressly required by applicable law.

The affirmative vote or consent of the holders of a majority of the outstanding shares of each series of preferred stock, unless our board of directors establishes a higher amount, voting as a separate class, will be required for any amendment of our amended and restated certificate of incorporation that adversely changes any rights or preferences of such series of preferred stock.

*Dividend Rights*. Holders of the preferred stock of a particular series will be entitled to receive, when, as and if declared by our board of directors, out of our assets legally available therefor, cash dividends at such rates and on such dates as are set forth in the prospectus supplement relating to such series. The rate may be fixed or variable or both. Dividends will be payable to the holders of record as they appear on our stock books on the record dates and dividend dates fixed by our board of directors or a duly authorized committee thereof. Dividends on any series of preferred stock may be cumulative or noncumulative, as provided in the prospectus supplement relating to such series of preferred stock. If our board of directors fails to declare a dividend payable on a dividend payment date on any series of preferred stock for which dividends are noncumulative, then the right to receive a dividend in respect of the

dividend period ending on such dividend payment day will be lost, and we will have no obligation to pay the dividend accrued for that period, whether or not dividends are declared for any subsequent period.

If the prospectus supplement relating to a series of preferred stock so provides, when dividends are not paid in full upon any series of preferred stock and any other preferred stock ranking on a parity as to dividends with such series of preferred stock, all dividends declared upon such series of preferred stock and any other preferred

TABLE OF CONTENTS

stock ranking on a parity as to dividends will be declared pro rata so that the amount of dividends declared per share on such series and such other preferred stock will in all cases bear to each other the same ratio that accrued dividends per share on such series of preferred stock and such other preferred stock bear to each other. Unless full dividends, including, in the case of cumulative preferred stock, accumulations, if any, in respect of prior dividend payment periods, on all outstanding shares of any series of preferred stock have been paid, no dividends, other than in shares of common stock or another stock ranking junior to such series of preferred stock as to dividends and upon liquidation, will be declared or paid or set aside for payment or other distributions made upon our common stock or any of our other stock ranking junior to such preferred stock (including other series of preferred stock ranking junior to such series of preferred stock) as to dividends. If the prospectus supplement relating to a series of preferred stock so provides, no common stock or any other stock (including other series of preferred stock) ranking junior to or on a parity with such series of preferred stock as to dividends or upon liquidation may be redeemed, purchased or otherwise acquired for any consideration, or any monies paid to or made available for a sinking fund for the redemption of any shares of any such stock, by us, while such preferred stock remains outstanding, except by conversion into or exchange for our stock ranking junior to such series of preferred stock as to dividends and upon liquidation.

The amount of dividends payable for each dividend period will be computed by annualizing the applicable dividend rate and dividing by the number of dividend periods in a year, except that the amount of dividends payable for the initial dividend period or any period shorter than a full dividend period will be computed on the basis of 30-day months, a 360-day year and the actual number of days elapsed in the period.

*Liquidation and Distribution*. In the event of any voluntary or involuntary liquidation, dissolution or winding up of our business, the holders of each series of preferred stock will be entitled to receive out of our assets available for distribution to stockholders, before any distribution of assets is made to holders of common stock or any other class of stock ranking junior to such series of preferred stock upon liquidation (including other series of preferred stock ranking junior to such series of preferred stock upon liquidation), liquidating distributions in the amount set forth in the prospectus supplement relating to such series of preferred stock. If, upon any voluntary or involuntary liquidation, dissolution or winding up of our business, the amounts payable with respect to the preferred stock of any series and any other shares of our stock ranking as to any such distribution on a parity with such series of preferred stock are not paid in full, the holders of the preferred stock of such series and of such other shares will share ratably in any such distribution of our assets in proportion to the full respective preferential amounts to which they are entitled.

*Redemption*. A series of preferred stock may be redeemable, in whole or in part, at our option, and may be subject to mandatory redemption pursuant to a sinking fund or otherwise, in each case upon the terms, at the times and the redemption prices and for the types of consideration set forth in the prospectus supplement relating to such series.

*Conversion or Exchange Rights*. The prospectus supplement relating to a series of preferred stock will state the terms, if any, on which shares of that series are convertible or exchangeable into shares of our common stock, debt securities or another series of our preferred stock. These provisions may allow or require the number of our shares of common stock or other securities to be received by holders of shares of preferred stock to be adjusted upon the occurrence of events described in the applicable prospectus supplement, and may include: the issuance of a stock dividend to common stockholders or a combination, subdivision or reclassification of common stock; the issuance of rights, warrants or options to all common and/or preferred stockholders entitling them to purchase common stock for an aggregate purchase price per share less than the current market price per share of common stock; and any other events described in the prospectus supplement. Unless the prospectus supplement relating to a series of preferred stock so provides, our preferred stock will have no preemptive rights.

***Certain Anti-Takeover Provisions***

*Special Meetings of Stockholders*. Our amended and restated by-laws generally provide that special meetings of our stockholders may be called only by the Chairman of the board, the president or by resolution of our board of directors. Stockholders are not permitted to call a special meeting or require our board of directors to call a special meeting. At any special meeting of our stockholders, only such business will be conducted as has been specified in the notice of meeting given by or at the direction of our board of directors or otherwise properly brought before the special meeting by or at the direction of our board of directors.

TABLE OF CONTENTS

*No Cumulative Voting*. The Delaware General Corporation Law ( DGCL ) provides that stockholders are not entitled to the right to cumulative voting in the election of directors unless a corporation s certificate of incorporation provides otherwise. Our amended and restated certificate of incorporation does not provide for cumulative voting in the election of directors.

*Advance Notice Requirements for Stockholder Proposals and Director Nominations*. Our amended and restated by-laws provide that stockholders seeking to bring business before a meeting of stockholders, or to nominate candidates for election as directors at a meeting of stockholders, must provide timely notice of their intent in writing. To be timely, a stockholder s notice must be delivered to our principal executive offices, in the case of an annual meeting, no fewer than 90 days nor more than 120 days prior to the anniversary date of our annual meeting in the preceding year, subject to changes if the annual meeting date is advanced more than 30 days before or delayed more than 60 days after the anniversary date of the preceding year s annual meeting, or, in the case of a special meeting, no fewer than 90 days nor more than 120 days prior to the special meeting, subject to changes if the first public announcement of the date of such special meeting is less than 100 days prior to the date of such special meeting. Our amended and restated by-laws also specify certain requirements as to the form and content of a stockholder s notice, including the stockholder s ownership of the Company, synthetic equity transactions engaged in by the stockholder related to the Company, any proxies or voting agreements pursuant to which such stockholder has a right to vote shares of the Company, any stock borrowing agreements entered into by the stockholder related to the Company, any performance related fees the stockholder is entitled to based upon changes in the value of the stock of the Company and any other information that would be required to be made in connection with a solicitation of proxies by such stockholder pursuant to Section 14(a) of the Exchange Act. Our amended and restated by-laws also provide that such stockholder must provide information concerning each item of business proposed by the stockholder and individuals nominated for election as a director, as applicable. These provisions may preclude our stockholders from bringing matters before our annual meeting of stockholders or from making nominations for directors at our annual meeting of stockholders.

*No Stockholder Action by Written Consent*. Our amended and restated certificate of incorporation provides that, subject to the rights of the holders of any series of preferred stock with respect to such series of preferred stock, any action required or permitted to be taken by our stockholders must be effected at a duly called annual or special meeting of our stockholders and may not be effected by any consent in writing by such stockholders.

*By-law Amendments*. Our amended and restated by-laws may be adopted, amended, altered or repealed by stockholders only upon approval of at least two-thirds of the voting power of all the then outstanding shares of our common stock. Additionally, our amended and restated by-laws may be amended, altered or repealed by our board of directors by a majority vote.

*Authorized but Unissued Shares*. Our authorized but unissued shares of common stock (other than shares of Class B non-voting common stock that have been converted to shares of Class A common stock) are available for future issuances without stockholder approval, subject to applicable stock exchange rules, and could be utilized for a variety of corporate purposes, including future offerings to raise additional capital, acquisitions and employee benefit plans. The existence of authorized but unissued and unreserved common stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

*Section 203 of the DGCL*. We are subject to Section 203 of the DGCL. Subject to certain exceptions, Section 203 of the DGCL prohibits a public Delaware corporation from engaging in a business combination (as defined in such section) with an interested stockholder (defined generally as any person who beneficially owns 15% or more of the outstanding voting stock of such corporation or any person affiliated with such person) for a period of three years following the time that such stockholder became an interested stockholder, unless: (a) prior to such time the board of directors of such corporation approved either the business combination or the transaction that resulted in the

stockholder becoming an interested stockholder; (b) upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of such corporation at the time the transaction commenced (excluding for purposes of determining the voting stock of such corporation outstanding (but not the outstanding voting stock owned by the interested stockholder) those shares owned (i) by persons who are directors and also officers of such corporation and (ii) by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer;

TABLE OF CONTENTS

or (c) on or subsequent to such time, the business combination is approved by the board of directors of such corporation and authorized at a meeting of stockholders by the affirmative vote of at least two-thirds of the outstanding voting stock of such corporation not owned by the interested stockholder.

*Restrictions on Ownership Under Insurance Laws.* The application of various state insurance laws could be a significant deterrent to any person or persons acting in concert interested in acquiring control of us. The insurance and insurance holding company laws of each of the jurisdictions in which our insurance subsidiaries are incorporated or commercially domiciled govern any acquisition of control of our insurance subsidiaries or of us. In general, these laws provide that no person or entity (or persons acting in concert) may directly or indirectly acquire control of an insurance company unless that person or entity has received the prior approval of the insurance regulatory authorities. An acquisition of control would be presumed in the case of any person or entity who purchases or controls 10% or more of our outstanding common stock or the outstanding common stock of such insurance company, unless a request for an exemption from the acquisition of control is filed by the acquirer and subsequently approved by all of the applicable insurance regulatory authorities.

**Transfer Agent and Registrar**

The transfer agent and registrar for the common stock is American Stock Transfer & Trust Company.

## DESCRIPTION OF DEPOSITARY SHARES

We describe in this section the general terms of depositary shares. We will describe the specific terms of any depositary shares issued in a prospectus supplement. The following description of the deposit agreement, the depositary shares and the depositary receipts is only a summary and you should refer to the forms of the deposit agreement and depositary receipt that will be filed with the SEC in connection with any particular offering of depositary shares.

### *General*

We may offer fractional interests in preferred stock, rather than full shares of preferred stock. In that case, we will provide for the issuance by a depositary to investors of receipts for depositary shares, each representing a fractional interest in a share of a particular series of preferred stock. The depositary shares will be evidenced by depositary receipts issued under the depositary agreement. For a description of our preferred stock, see Description of Our Capital Stock – Description of Preferred Stock.

The shares of any series of preferred stock underlying the depositary shares will be deposited under a deposit agreement between us and the depositary, which must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least $500,000,000. The depositary will be identified in the applicable prospectus supplement. Subject to the terms of the deposit agreement, each owner of a depositary share will have a fractional interest in all the rights and preferences of the preferred stock underlying such depositary share. Those rights include any dividend, voting, redemption, conversion and liquidation rights.

### *Dividends and Other Distributions*

The depositary will distribute all cash dividends, if any, and other cash distributions, if any, received in respect of the preferred stock to the record holders of depositary shares representing the preferred stock in proportion to the number of depositary shares owned by such holders on the relevant record date.

If there is a distribution other than in cash, the depositary will distribute property received by it to the record holders of depositary shares entitled thereto in proportion to the number of depositary shares owned by such holders on the relevant record date, unless the depositary determines that it is not feasible to make such distribution, in which case the depositary may, with our approval, sell such property and distribute the net proceeds from such sale to such holders.

### *Withdrawal*

Unless otherwise indicated in the applicable prospectus supplement and unless the related depositary shares have been called for redemption, if you surrender depositary receipts at the principal office of the depositary, then you will be entitled to receive the number of shares of preferred stock and any money or other property represented by such depositary shares. We will not issue partial shares of preferred stock. If you deliver depositary receipts evidencing a number of depositary shares that represent other than a whole number of shares of preferred stock by surrender for redemption or exchange, the depositary will issue to you a new depositary receipt evidencing the remainder of depositary shares at the same time that the preferred stock is withdrawn. Holders of shares of preferred stock received in exchange for depositary shares will no longer be entitled to deposit those shares under the deposit agreement or to receive depositary shares in exchange for those shares of preferred stock.

### *Redemption of Depositary Shares*

Unless otherwise specified in the applicable prospectus supplement, neither the depositary shares nor the series of preferred stock underlying the depositary shares will be convertible or exchangeable into any other class or series of our capital stock.

If the series of the preferred stock underlying the depositary shares is subject to redemption, the depositary shares will be redeemed from the redemption proceeds, in whole or in part, of the series of the preferred stock held by the depositary. The redemption price per depositary share will bear the same relationship to the redemption price per share of preferred stock that the depositary share bears to the underlying preferred stock.

TABLE OF CONTENTS

Whenever we redeem preferred stock held by the depositary, the depositary will redeem, as of the same date, the number of depositary shares representing the preferred stock redeemed. If less than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or pro rata as determined by the depositary.

***Voting the Preferred Stock***

Upon receipt of notice of any meeting at which the holders of the preferred stock are entitled to vote, the depositary will mail information about the meeting contained in the notice to the record holders of the depositary shares relating to the preferred stock. Each record holder of the depositary shares on the record date (which will be the same date as the record date for the preferred stock) will be entitled to instruct the depositary as to how the preferred stock underlying the holder s depositary shares should be voted. The depositary will be required to vote, insofar as practicable, the number of shares of the preferred stock represented by such depositary shares in accordance with such instructions, and we will agree to take all action that the depositary deems necessary in order to enable the depositary to do so. The depositary will abstain from voting shares of preferred stock to the extent it does not receive specific instructions from the holders of depositary shares representing such shares of preferred stock.

***Amendment and Termination of the Deposit Agreement***

We may amend the form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement by agreement with the depositary at any time. However, any amendment that materially and adversely alters the rights of the holders of depositary receipts of a particular series or class will not be effective unless such amendment has been approved by the holders of depositary receipts representing at least a majority of the depositary shares of such series or class then outstanding. Additionally, in the case of amendments relating to or affecting rights to receive dividends or distributions or voting or redemption rights, approval is also required by the holders of depositary receipts representing not less than a specified percentage or all of the depositary shares of such series or class then outstanding, as provided in the applicable prospectus supplement. Every holder of an outstanding depositary receipt at the time any such amendment becomes effective will be deemed, by continuing to hold the depositary receipt, to consent and agree to the amendment and to be bound by the deposit agreement, as amended. The deposit agreement may be terminated by us or the depositary only if:

- all outstanding depositary shares relating to the deposit agreement have been redeemed or converted into or exchanged for other securities;
- there has been a final distribution on the preferred stock underlying the depositary shares relating to the deposit agreement in connection with our liquidation, dissolution or winding up and the distribution has been made to the holders of the related depositary shares evidenced by depositary receipts; or
- the holders of depositary receipts representing not less than a specified majority of the outstanding depositary shares relating to the deposit agreement have consented to such termination.

***Charges of Depositary***

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We also will pay charges of the depositary in connection with the initial deposit of the related class or series of shares of preferred stock and any redemption of such shares of preferred stock. Holders of depositary receipts will pay all other transfer and other taxes and governmental charges and such other charges as are expressly provided in the deposit agreement for their accounts.

The depositary may refuse to effect any transfer of a depositary receipt or any withdrawal of shares of a class or series of shares of preferred stock evidenced thereby until all such taxes and charges with respect to such depositary receipt or such shares of preferred stock are paid by the holders thereof.

***Miscellaneous***

The depositary will forward to the holders of depositary receipts all reports and communications that we must furnish to the holders of the preferred stock.

Neither we nor the depositary will be liable for any damages if, by law or any circumstance beyond our control, either of us is prevented or delayed in performing our respective obligations under the deposit agreement. Our obligations and the depositary s obligations under the deposit agreement will be limited to performance in good faith of the duties set forth in the deposit agreement. Neither we nor the depositary will be obligated to prosecute or defend any legal proceeding connected with any depositary shares or preferred stock unless satisfactory indemnity is furnished. We and the depositary may rely upon written advice of counsel or accountants, or information provided by persons presenting preferred stock for deposit, holders of depositary shares or other persons believed to be competent and on documents believed to be genuine.

The particular terms of any series of stock purchase contracts, which may be different from or in addition to the terms described below, will be described in a prospectus supplement relating to the stock purchase contracts.

The applicable prospectus supplement will describe the terms of any stock purchase contracts and the related offering in respect of which this prospectus is being delivered. Unless otherwise specified in the prospectus supplement, we may issue stock purchase contracts, including contracts obligating holders to purchase from us and obligating us to sell to the holders, a specified number of shares of our common stock or our preferred stock or depositary shares at a future date or dates. Alternatively, the stock purchase contracts may obligate us to purchase from holders, and obligate holders to sell to us, a specified or varying number of shares of our common stock or our preferred stock or depositary shares. The consideration per share of common stock or preferred stock or per depositary share may be fixed at the time the stock purchase contracts are issued or may be determined by a specific reference to a formula set forth in the stock purchase contracts. The stock purchase contracts may provide for settlement by delivery by us, or on our behalf, of shares of common stock or preferred stock or depositary shares, or they may provide for cash value settlement by reference or linkage to the value, performance or trading price of our common stock, preferred stock or depositary shares, all as set forth in the applicable prospectus supplement. The stock purchase contracts may be issued separately or as part of stock purchase units consisting of a stock purchase contract and preferred stock or debt obligations of third parties, including U.S. treasury securities, other stock purchase contracts or common stock, securing the holders obligations to purchase or sell, as the case may be, the securities under the stock purchase contracts. The stock purchase contracts may require us to make periodic payments to the holders of the stock purchase units or vice versa, and such payments may be unsecured or prefunded on some basis and may be paid on a current or on a deferred basis. The stock purchase contracts may require holders to secure their obligations thereunder in a specified manner and may provide for the prepayment of all or part of the consideration payable by holders in connection with the purchase of common stock or preferred stock or depositary shares pursuant to the stock purchase contracts.

The securities related to the stock purchase contracts may be pledged to a collateral agent for our benefit pursuant to a pledge agreement to secure the obligations of holders of stock purchase contracts to purchase common stock, preferred stock or depositary shares under the related stock purchase contracts. The rights of holders of stock purchase contracts to the related pledged securities will be subject to our security interest therein created by the pledge agreement. No holder of stock purchase contracts will be permitted to withdraw the pledged securities related to such stock purchase contracts from the pledge arrangement except upon the termination or early settlement of the related stock purchase contracts or in the event other securities, cash or property is made subject to the pledge agreement in lieu of the pledged securities, if permitted by the pledge agreement, or as otherwise provided in the pledge agreement. Subject to such security interest and the terms of the purchase contract agreement and the pledge agreement, each holder of a stock purchase contract will retain full beneficial ownership of the related pledged securities. Except as described in the prospectus supplement, the collateral agent will, upon receipt of distributions on the pledged securities, distribute such payments to us or the purchase contract agent, as provided in the pledge agreement. The purchase agent will in turn distribute payments it receives as provided in the purchase contract agreement.

## PLAN OF DISTRIBUTION

We or any selling securityholder may sell the securities in any one or more of the following ways:

- directly to investors, including through a specific bidding, auction or other process;
- to investors through agents;
- directly to agents;
- to or through brokers or dealers;
- to the public through underwriting syndicates led by one or more managing underwriters;
- in at the market offerings, within the meaning of Rule 415(a)(4) of the Securities Act, to or through a market maker or into an existing trading market on an exchange or otherwise;
- to one or more underwriters acting alone for resale to investors or to the public; and
- through a combination of any such methods of sale.

If we or any of the selling securityholders sell securities to a dealer acting as principal, the dealer may resell such securities at varying prices to be determined by such dealer in its discretion at the time of resale without consulting with us or the selling securityholder, as applicable, and such resale prices may not be disclosed in the applicable prospectus supplement.

Any underwritten offering may be on a best efforts or a firm commitment basis. We may also offer securities through subscription rights distributed to our stockholders on a pro rata basis, which may or may not be transferable. In any distribution of subscription rights to stockholders, if all of the underlying securities are not subscribed for, we may then sell the unsubscribed securities directly to third parties or may engage the services of one or more underwriters, dealers or agents, including standby underwriters, to sell the unsubscribed securities to third parties.

Sales of the securities may be effected from time to time in one or more transactions, including negotiated transactions:

- at a fixed price or prices, which may be changed;
- at market prices prevailing at the time of sale;
- at prices related to prevailing market prices; or
- at negotiated prices.

Any of the prices may represent a discount from the then-prevailing market prices.

In connection with the sale of any of the securities, underwriters or agents may receive compensation from us and/or the selling securityholders, as applicable, in the form of underwriting discounts or commissions and may also receive compensation from purchasers of the securities, for whom they may act as agents, in the form of discounts, concessions or commissions. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Discounts, concessions and commissions may be changed from time to time. Dealers and agents that participate in the distribution of the securities may be deemed to be underwriters under the Securities Act, and any discounts, concessions or commissions they receive from us and/or the selling securityholders, as applicable, and any profit on the resale of securities they realize may be deemed to be underwriting compensation under applicable federal and state securities laws.

The applicable prospectus supplement will, where applicable:

- identify any such underwriter, dealer or agent;
-

describe any compensation in the form of discounts, concessions, commissions or otherwise received from us and/or the selling securityholders, as applicable, by each such underwriter or agent and in the aggregate by all underwriters and agents;

- describe any discounts, concessions or commissions allowed by underwriters to participating dealers;

TABLE OF CONTENTS

- identify the amounts underwritten; and
- identify the nature of the underwriter's or underwriters' obligation to take the securities.

Unless otherwise specified in the related prospectus supplement, each series of securities will be a new issue with no established trading market, other than our common stock, which is listed on the Nasdaq. We expect that any common stock sold pursuant to a prospectus supplement will be listed on the Nasdaq, subject to official notice of issuance. We may elect to list any series of preferred stock on an exchange, but we are not obligated to do so. It is possible that one or more underwriters may make a market in the securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of, or the trading market for, any offered securities.

We and/or any selling securityholder, as applicable, may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If disclosed in the applicable prospectus supplement, in connection with those derivative transactions, third parties may sell securities covered by this prospectus and such prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by us or the selling securityholders, as applicable, or borrowed from us or the selling securityholders, as applicable, or from others to settle those short sales or to close out any related open borrowings of securities, and may use securities received from us or the selling securityholders, as applicable, in settlement of those derivative transactions to close out any related open borrowings of securities. If the third party is or may be deemed to be an underwriter under the Securities Act, it will be identified in the applicable prospectus supplements.

Until the distribution of the securities is completed, rules of the SEC may limit the ability of any underwriters and selling group members to bid for and purchase the securities. As an exception to these rules, underwriters are permitted to engage in some transactions that stabilize the price of the securities. Such transactions consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of the securities.

Underwriters may engage in overallotment. If any underwriters create a short position in the securities in an offering in which they sell more securities than are set forth on the cover page of the applicable prospectus supplement, the underwriters may reduce that short position by purchasing the securities in the open market.

The lead underwriters may also impose a penalty bid on other underwriters and selling group members participating in an offering. This means that if the lead underwriters purchase securities in the open market to reduce the underwriters short position or to stabilize the price of the securities, they may reclaim the amount of any selling concession from the underwriters and selling group members who sold those securities as part of the offering.

In general, purchases of a security for the purpose of stabilization or to reduce a short position could cause the price of the security to be higher than it might be in the absence of such purchases. The imposition of a penalty bid might also have an effect on the price of a security to the extent that it were to discourage resales of the security before the distribution is completed.

We and any selling securityholder, as applicable, do not make any representation or prediction as to the direction or magnitude of any effect that the transactions described above might have on the price of the securities. In addition, we and any selling securityholder, as applicable, do not make any representation that underwriters will engage in such transactions or that such transactions, once commenced, will not be discontinued without notice.

Under agreements into which we and/or any selling securityholder, as applicable, may enter, underwriters, dealers and agents who participate in the distribution of the securities may be entitled to indemnification by us and/or the selling securityholders, as applicable, against or contribution by us and/or the selling securityholders, as applicable, towards certain civil liabilities, including liabilities under the applicable securities laws.

If we offer securities in a subscription rights offering to our existing securityholders, we may enter into a standby underwriting agreement with dealers, acting as standby underwriters. We may pay the standby underwriters a commitment fee for the securities they commit to purchase on a standby basis. If we do not enter into a standby underwriting arrangement, we may retain a dealer-manager to manage a subscription rights offering for us.

TABLE OF CONTENTS

Underwriters, dealers and agents may engage in transactions with us or perform services for us and/or the selling securityholders, as applicable, in the ordinary course of business.

Institutions with which such contracts, when authorized, may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others. The underwriters and such other agents will not have any responsibility in respect of the validity or performance of such contracts.

To comply with applicable state securities laws, the securities offered by this prospectus will be sold, if necessary, in such jurisdictions only through registered or licensed brokers or dealers.
